Indenture

On August 30, 2016, Wolverine World Wide, Inc. (the Company), certain domestic subsidiaries of the Company named therein (the Guarantors) and Wells Fargo Bank, National Association, as trustee, entered into the Senior Notes Indenture dated as of August 30, 2016 (the Indenture), pursuant to which the Company issued \$250 million aggregate principal amount of 5.000% Senior Notes due 2026 (the Notes, and the offering thereof, the 144A Offering). The Notes will bear interest at the rate of 5.000% per year. Interest on the Notes is payable on March 1 and September 1 of each year, beginning on March 1, 2017. The Notes will mature on September 1, 2026.

At any time prior to September 1, 2019, the Company may redeem the Notes, in whole or in part, at a redemption price equal to 100% of the aggregate principal amount of the Notes, plus a make-whole premium as set forth in Indenture, plus accrued and unpaid interest. In addition, before September 1, 2019, the Company may redeem up to 35% of the Notes at a redemption price equal to 105.000% of their principal amount, plus accrued and unpaid interest, using the proceeds of certain equity offerings. Further, on and after September 1, 2021, the Company may redeem the Notes, in whole or in part, at a redemption price equal to 102.500% of the principal amount, if redeemed during the twelve-month period beginning on September 1, 2021, 101.667% of the principal amount, if redeemed during the twelve-month period beginning on September 1, 2022, 100.833% of the principal amount, if redeemed during the twelve-month period beginning on September 1, 2023 and 100.000% of the principal amount, if redeemed during the twelve-month period beginning on September 1, 2024 and thereafter, in each case plus accrued and unpaid interest.

The Indenture requires that, upon the occurrence of a Change of Control (as defined in the Indenture), unless the Company has exercised its right to redeem all of the Notes pursuant to the Indenture, the Company shall offer to purchase all of the Notes at a purchase price in cash equal to 101% of the outstanding principal amount of such Notes, plus accrued and unpaid interest. If the Company or its restricted subsidiaries dispose of assets, under certain circumstances, the Company will be required to use the net proceeds from such disposals to make an offer to purchase Notes at an offer price in cash in an amount equal to 100% of the outstanding principal amount of such Notes, plus accrued and unpaid interest.

The Company intends to use the net proceeds from the 144A Offering, together with borrowings under the Company's senior credit facility and cash on hand, to fund the redemption of the Company's outstanding 6.125% Senior Notes due 2020, and pay related fees and expenses.

The Indenture contains covenants that, among other things, restrict the ability of the Company and its restricted subsidiaries to incur additional indebtedness and guarantee indebtedness; pay dividends or make other distributions in respect of, or repurchase or redeem, the Company's capital stock; prepay, redeem or repurchase certain debt; issue certain preferred stock or similar equity securities; make loans and investments; sell or otherwise dispose of assets; consolidate, merge or sell substantially all of the Company's assets; incur liens; enter into transactions with affiliates; and enter into agreements restricting the ability of the Company's restricted subsidiaries to pay dividends and make other distributions. Certain of the covenants will be suspended upon the Notes achieving an investment grade rating from specified rating agencies. The terms of the Indenture include

customary events of default, including, but not limited to, failure to make payment, failure to comply with the obligations set forth in the Indenture, certain defaults on certain other indebtedness, and invalidity of the guarantees under the notes issued pursuant to the Indenture.

The Notes are guaranteed on a senior unsecured basis, by each of the Company's existing and future domestic subsidiaries that is a borrower under or that guarantees obligations under the Company's existing senior credit facility, or that guarantees the Company's other indebtedness or indebtedness of any Guarantor, which indebtedness in either case is in an aggregate principal amount of \$50.0 million or greater. The Notes and the related guarantees are the Company's and the Guarantors' senior unsecured obligations, and will rank senior in right of payment to all of the Company's and the Guarantors' existing and future subordinated indebtedness; rank equally in right of payment with all of the Company's and the Guarantors' existing and future senior indebtedness; be effectively subordinated to any of the Company's and the Guarantors' existing and future secured debt, including indebtedness under the Company's existing senior credit facility, to the extent of the value of the assets securing such debt; and be structurally subordinated to all of the existing and future liabilities (including debt and trade payables) of each of the Company's subsidiaries that do not guarantee the Notes. The Notes are not registered under the Securities Act of 1933, as amended (the Securities Act), and the Notes are subject to restrictions on transferability and resale.

The Indenture is filed as Exhibit 4.1 to this Current Report on Form 8-K and the description of the material terms of the Indenture is qualified in its entirety by reference to such exhibit, which is incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The disclosure set forth under Item 1.01 above is incorporated herein by reference.
