GENERAL INFORMATION

WHAT ARE STOCKHOLDERS BEING ASKED TO APPROVE?

Stockholders are not being asked to approve anything. To the extent required, stockholder approval of the actions discussed herein has already been obtained. This Information Statement is being provided to you only for purposes of informing you of what has already been approved.

Edgar Filing: FINDEX COM INC - Form DEF 14C

WHAT ACTION HAS ALREADY BEEN APPROVED?

Each of the following:

- o The ratification of the designation of our incumbent directors among the three classes of directors; and
- o Adoption of amendments to our Articles of Incorporation increasing the number of our authorized shares of Common Stock from 50,000,000 to 120,000,000.

HOW CAN STOCKHOLDER APPROVAL ALREADY HAVE BEEN OBTAINED IF STOCKHOLDERS WERE NOT YET INVITED TO VOTE AND NO STOCKHOLDERS MEETING HAS BEEN HELD?

Section 78.320 of the Nevada Statutes provides that, unless prohibited under a company's articles of incorporation or bylaws, any action which may be taken at any annual or special meeting of stockholders may be taken without a meeting and without prior notice if a written consent thereto is obtained by the holders of outstanding shares having not less than the minimum number of votes that would be necessary to authorize or take the action at a meeting at which all shares entitled to vote thereon were present and voted. In accordance with Article VIII of our Articles of Incorporation, any action to be taken by way of written consent of our stockholders, however, requires that it first be approved by our Board of Directors.

In accordance with the Nevada Statutes and our Articles of Incorporation and Bylaws, all of the corporate action discussed herein requires the affirmative vote of the holders of a majority of our voting power. Each share of our Common Stock entitles the holder to one vote on all matters submitted to the stockholders. We currently have no class of voting stock outstanding other than the Common Stock, and neither our Articles of Incorporation or our Bylaws prohibit stockholder action by way of written consent.

In order to eliminate the costs and management time involved in holding a special meeting and in order to effect the action described herein as early as possible in order to accomplish the purposes as hereafter described, our Board of Directors voted to utilize, and did in fact obtain, the written consent of the holders of a majority in interest of the Company's voting stock, which voting stock is comprised solely of the Common Stock. As of September 9, 2004 (the Record Date), there were 46,153,189 shares of our Common Stock outstanding and no shares of preferred stock outstanding. Also as of September 9, 2004, the written consent of certain of our principal stockholders holding 32,307,090 shares of our common stock, representing 70% of our then total issued and outstanding Common Stock, (51.97% after adjustment for certain voting restrictions), to each of the above actions has been obtained. Our Board of Directors approved all of the foregoing actions by unanimous written consent (in accordance with Section 78.315 of the Nevada Statutes) on September 8, 2004 and recommended that such resolutions be submitted as required under Article VIII of our Articles of Incorporation for stockholder approval.

As a result of the foregoing, no stockholder vote or meeting is required to approve the action and no proxies will be solicited.

ARE STOCKHOLDER'S ENTITLED TO DISSENTER'S RIGHTS IN CONNECTION WITH THIS ACTION?

No. The Nevada Statutes do not provide for dissenter's rights in connection with any of the action taken.

IS THE COMPANY DISTRIBUTING THIS INFORMATION STATEMENT VOLUNTARILY?

No. Although the Nevada Statutes do not require that notice of action taken by way of written consent of stockholders be provided to non-consenting stockholders, federal securities laws impose very specific requirements for reporting companies. Pursuant to Rule 14c-2 promulgated under the Exchange Act, any stockholder approval of a reporting company which is obtained by written consent cannot take effect until 20 days after an Information Statement conforming to the requirements of Schedule 14C is mailed to stockholders.

**INFORMATION RELATING TO ACTIONS TAKEN BY OUR BOARD OF DIRECTORS
AND THE CONSENTING STOCKHOLDERS**

- (1) **THE RATIFICATION OF THE DESIGNATION OF OUR INCUMBENT DIRECTORS AMONG THE THREE CLASSES OF DIRECTORS**

WHAT IS THE PURPOSE OF RATIFYING THE DESIGNATION OF INCUMBENT DIRECTORS AMONG THE THREE CLASSES OF DIRECTORS?

Our Articles of Incorporation and Bylaws provide for a board of directors consisting of three separate classes of directors, Class I, Class II and Class III, the individual members of which are each to serve three year terms. The terms of each class are to begin one after another over successive three year periods. Although provision is made in our Articles of Incorporation for designating our initial directors among the three classes, no provision is made for designating directors at any time thereafter when an election takes place at which all new directors are nominated and elected.

At our last annual stockholders meeting, which took place in December of 2000, five directors were elected, but no designations were made as to which class each of the respective directors were to be assigned. Since then, three of such directors have either resigned or otherwise become disqualified, and each of the vacancies created as a result were filled by action on the part of the remaining directors in accordance with powers granted to them under our charter. Since 2002, our Board of Directors has consisted of four members. Because of a failure to assign designations

WHAT IS THE PURPOSE OF RATIFYING THE DESIGNATION OF INCUMBENT DIRECTORS AMONG THE TH

Edgar Filing: FINDEX COM INC - Form DEF 14C

among the three classes, however, there has been uncertainty as to which, if any, directors are Class I, which, if any, directors are Class II, and which, if any, directors, are Class III. And because directors generally assume and maintain their seats as a result of stockholder action, it was determined that stockholder ratification was appropriate.

WHAT ARE THE DIFFERENCES AMONG THE THREE CLASSES OF DIRECTORS?

The only difference among our three classes of directors is the beginning and the end of their respective terms. Although the length of the terms are the same for each (three years), they do not run concurrently. They are staggered such that the term of the Class I directors starts one year before the term of the Class II directors and two years before the term of the Class III directors.

WHAT ARE THE ASSIGNED DESIGNATIONS THAT WERE RATIFIED?

Of the current four members of our Board of Directors, two, John A. Kuehne and Henry M. Washington, have been designated by our Board of Directors as Class I with a current term deemed to have begun in 2001, another, Kirk R. Rowland, has been designated by our Board of Directors as Class II with a current term deemed to have begun in 2002, and another, Steven Malone, our Chairman, has been designated by our Board of Directors as Class III with a current term deemed to have begun in 2003. Although both of our Class II and Class III directors joined our Board of Directors in 2002 (as a result of Board action), they have been assigned by our Board of Directors to Class II and Class III respectively.

On September 9, 2004, a majority of our stockholders ratified the following assigned designations:

<u>Director</u>	<u>Designated Class</u>	<u>Assigned Term</u>
John A. Kuehne	Class I	2001 - 2004
Henry M. Washington	Class I	2001 - 2004
Kirk R. Rowland	Class II	2002 - 2005
Steven Malone	Class III	2003 - 2006

Certain information regarding our Class I directors is as follows:

Certain information regarding our sole Class II director is as follows:

Kirk R. Rowland, 44, Director since April, 2002.

- o Vice President of Finance, Treasurer, Secretary, and Chief Financial Officer of FindEx.com, Inc. since March 2001.
- o Director of Finance of FindEx.com, Inc. from 1999 to 2001.
- o Partner (shareholder) in Manning & Associates, P.C., a public accounting firm based in Nebraska from 1991 to 1999.
- o Associate with KMG Main Hurdman (now KPMG Peat Marwick), an international accounting firm, from 1984 to 1986.

Certain information regarding our sole Class III director is as follows:

Steven Malone, 37, Chairman of the Board since February, 2002.

- o President and Chief Executive Officer of Findex.com, Inc. since 2001.
- o Senior Vice President of FindEx.com, Inc. from 2000 to 2001.
- o Vice President of Findex.com, Inc. from 1999 to 2000.
- o Director of Sales for InfoUSA, a publicly-held software and database development, production and distribution company, from 1998 to 1999.
- o Director of Corporate Sales for Software Publishing Corporation (SPC), a publicly-held software development, production and distribution company, from 1997 to 1998.
- o National Account Manager for Grolier Interactive (now Scholastic, Inc.), a publicly-held software and database development, production and distribution company, from 1992 to 1996.

HOW HAVE THESE DESIGNATIONS BEEN DETERMINED?

An effort has been made by our Board of Directors to conform as near as possible to the mandate of our Articles of Incorporation and Bylaws, and, in particular, to the stated three year term of directorships. Insofar as it is used as a deterrent to potential hostile takeover attempts, our Board of Directors reasoned that the term length was the single most important aspect of the establishment of a classified board. In general, therefore, assigned designations to our directors among the respective classifications have been based on the relative duration of their incumbency. Our Class I directors have held their positions since December of 2000. It was determined that, logically, they ought to be among the directors to be up for re-election earliest as among the three classes. Each of our Class II and III directors have held their positions since 2002. Since there are three classes, and the idea of the classified board involves classification among each of the three classes to the extent possible, the designations for the remaining directors among Class II and Class III was made. The decision to designate Kirk R. Rowland as

Edgar Filing: FINDEX COM INC - Form DEF 14C

Class II and Steven Malone as Class III was essentially arbitrary.

ARE ANY DIRECTORS STANDING FOR RE-ELECTION?

No, not at this time. The company expects to hold an annual meeting of stockholders by the end of this year at which our current Class I directors will stand for re-election. This is because the three year term of the Class I directors will expire during 2004 and because the three year term of the Class II and Class III directors will not expire until 2005 and 2006 respectively.

WHAT IS THE REQUIRED VOTE FOR THIS ACTION?

This corporate action has already been approved by the holders of a majority of the voting power of our outstanding Common Stock pursuant to written consent. No further vote is required or will be taken.

WHEN WILL THE ASSIGNED DESIGNATIONS BECOME EFFECTIVE?

Under applicable federal securities laws, the assigned designations will not become effective before the day which is 20 calendar days after the mailing of this Information Statement to such record stockholders.

(2) ADOPTION OF AMENDMENT TO OUR ARTICLES OF INCORPORATION INCREASING THE NUMBER OF OUR AUTHORIZED SHARES OF COMMON STOCK FROM 50,000,000 TO 120,000,000.

WHAT IS MEANT BY AUTHORIZED SHARES ?

Authorized Shares are those shares that the Company has been granted authority to issue pursuant to its articles of incorporation, the total amount of which is specifically set forth in its articles of incorporation. Authorized shares include both issued and outstanding shares as well as unissued shares and treasury shares.

HOW MANY SHARES DOES THE COMPANY CURRENTLY HAVE AUTHORIZED?

Pursuant to Article V of our Articles of Incorporation, we are currently authorized to issue up to a total of 55,000,000 shares of capital stock, 50,000,000 of which are shares of Common Stock and 5,000,000 of which are serial preferred stock (the rights, preferences and privileges of which shall be set by our Board of Directors from time to time).

HOW MANY ADDITIONAL SHARES HAVE BEEN AUTHORIZED BY THE CONSENTING SHAREHOLDERS?

70,000,000 shares of Common Stock. Upon effectiveness of the amendment to our Articles of Incorporation, we will be authorized to issue up to a total of 120,000,000 shares of Common Stock, as opposed to the current 50,000,000 shares. No additional shares of preferred stock have been authorized.

WHY IS THERE A NEED FOR ADDITIONAL AUTHORIZED SHARES OF COMMON STOCK?

Of the 50,000,000 shares of Common Stock currently authorized, as of the Record Date (September 9, 2004), 46,153,189 shares of Common Stock were issued and outstanding, and 3,740,000 additional shares of Common Stock were reserved for issuance either (i) upon the exercise of outstanding warrants and stock options, or (ii) under our employee stock option plan. As a result, approximately 106,811 shares of Common Stock remain available for future issuance.

As we disclosed in a current report filing on Form 8-K on July 28, 2004, on July 19, 2004, we entered into a certain Stock Purchase Agreement pursuant to which we agreed to issue and sell 21,875,000 restricted shares of our Common Stock to Barron Partners, LP, a New York based institutional investor. The Regulation D Rule 506 private placement transaction, which closed on July 26, 2004, resulted in gross equity financing proceeds to the Company Findex in the amount of \$1,750,000. We believe that this private financing was a critical step in our development plan. The net proceeds of this offering either have been or will be used for (i) repayment of debt and other liabilities, and (ii) working capital, including product development and marketing. As of the date hereof, Barron Partners, LP owns 47.4% of our outstanding Common Stock and, subject to the restrictions contained in Article VII, subsection B of our Articles of Incorporation, controls the vote associated with such shares.

Under the terms of transaction, and subject to the Company's first increasing the number of its authorized shares of Common Stock as required to fulfill its obligations, Barron Partners LP is also entitled to receive two Company Common Stock purchase warrants. The first warrant would

entitle the holder, for a period of up to five years from the date of its issuance, to purchase up to 10,937,500 shares of Common Stock. The second warrant would entitle the holder, also for a period of up to five years from the date of its issuance, to purchase up to 10,937,500 additional shares of Common Shares. In accordance with the terms of the Stock Purchase Agreement, any delay in the Company's ability to effectuate the requisite increase in its authorized number of shares of Common Shares and deliver the warrants as of December 31, 2004 will result in the Company being liable to Barron Partners, LP in an amount equal to \$630,000 per year, pro-rated as appropriate for the duration of any such delay.

It is anticipated that pursuant to this financing and the related equity issuance, as described above, that we need to reserve for issuance, and may need to issue, up to an aggregate of 21,875,000 shares of our Common Stock upon exercise of the Common Stock purchase warrants. Additionally, and as of September 30, 2004, we completed a convertible debt financing in the amount of \$240,000 which, at the election of the investors, and subject to our having a sufficient number of authorized shares of Common Stock, may require that we issue, and in any case requires that we reserve for issuance, up to 2,000,000 additional shares of Common Stock. Finally, although there are no current plans, proposals, or arrangements in place with respect to any more than the 21,875,000 shares to be reserved for issuance upon exercise of the Common Stock purchase warrants to be delivered to Barron Partners LP and the 2,000,000 shares reserved for issuance upon conversion of the convertible debt, it is also anticipated that we will need additional shares of Common Stock in an amount which cannot be specifically known at this time for (i) future equity compensation for employees and consultants, and (ii) future equity or convertible debt financings. Accordingly, we believe that an increase in the number of authorized shares of our Common Stock is not only prudent in order to assure that a sufficient number of shares of our Common Stock are available for commitments already made by the Company but also for issuance in the future if our Board of Directors deems it to be in our and our stockholders' best interests. A total of an additional 70,000,000 shares of Common Stock has been determined by our Board of Directors to be a reasonably conservative estimate of what might be required by the Company in this regard for the foreseeable future.

WHAT WILL BE THE EFFECT OF AN INCREASE IN THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK?

Upon the effectiveness of the amendment, the number of authorized shares of our Common Stock that are not issued or outstanding would increase. As of the Record Date, we had 50,000,000 shares of authorized Common Stock and 49,893,189 shares of Common Stock issued and outstanding (on a fully diluted basis).

The increase in authorized Common Stock will not have any immediate effect on the rights of existing stockholders. However, the Board of Directors will have the authority to issue authorized Common Stock without requiring future stockholder approval of such issuances, except as may be required under the Nevada Statutes or pursuant to our Articles of Incorporation. To the extent that additional authorized shares are issued in the future, they may decrease our existing stockholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to the existing stockholders.

The increase in the authorized number of shares of Common Stock and the subsequent issuance of such shares could have the effect of delaying or preventing a change in control of the Company without further action by its stockholders. Shares of authorized and unissued Common Stock could, within the limits imposed by applicable law, be issued in one or more transactions which would make a change in control of the Company more difficult, and therefore less likely. Any such issuance of additional stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of Common Stock and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company.

Our Board of Directors is not currently aware of any attempt to take over or acquire the Company. While it may be deemed to have potential anti-takeover effects, the amendment to our Articles of Incorporation is not prompted by any specific effort or takeover threat currently perceived by management.

HOW WILL THIS CHANGE AFFECT OUR ARTICLES OF INCORPORATION?

The amendment will result in a change in Article V of our Articles of Incorporation so that it reads in pertinent part as follows:

The aggregate number of shares of all classes of capital stock which the Corporation has authority to issue is 125,000,000 of which 120,000,000 are to be shares of common stock, \$.001 par value per share, and of which 5,000,000 are to be shares of serial preferred stock, \$.001 par value per share.

The text of the form of amendment to our Articles of Incorporation that will be filed with the Nevada Secretary of State to effect this action is set forth in Appendix A, subject, however, to such changes as may be required by the office of the Nevada Secretary of State, or as our Board of Directors deems necessary and advisable, to effect this action.

WHY DO STOCKHOLDERS NEED TO APPROVE AN INCREASE IN OUR AUTHORIZED COMMON STOCK?

Our capitalization is set forth in Article V of our Articles of Incorporation. Section 78.390 of the Nevada Statutes provides that every amendment to a company's articles of incorporation shall first be adopted by the resolution of the board of directors and then be subject to the approval of stockholders entitled to vote on any such amendment. Pursuant to that Section, as well as Article XVIII of our Articles of Incorporation, our Articles of Incorporation may only be amended upon the affirmative vote of at least a majority of the voting power of stockholders entitled to vote. While, pursuant to Article XVIII of our Articles of Incorporation, some of the provisions contained in our Articles of Incorporation require a 75% supermajority to amend, Article V is not one of those provisions.

WHAT IS THE REQUIRED VOTE FOR THIS ACTION?

This corporate action has already been approved by the holders of a majority of the voting power of our outstanding Common Stock pursuant to written consent. No further vote is required or will be taken.

WHEN WILL THE AMENDMENT BECOME EFFECTIVE?

Under applicable federal securities laws, the corporate action discussed herein cannot be effective until at least 20 calendar days after this Information Statement is sent or given to the Company's stockholders. The amendment to our Articles of Incorporation will become effective upon filing with the Nevada Secretary of State. It is anticipated that the foregoing will take place approximately 20 calendar days after this Information Statement is mailed to the Company's stockholders.

NO ADDITIONAL MATTERS

Except as set forth above, as of the date of this Information Statement, the Board of Directors knows of no other matters other than those described in this Information Statement, which have been approved or considered by the holders of a majority of the shares of our voting stock.

With respect to shares in excess of the 20% voting power, the record holder is entitled to cast a 1/100th vote on the remaining 80% of shares owned.
