PROXY STATEMENT -----

2004 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD AT HOTEL NOVOTEL, 1180 RUE DE LA MONTAGNE, MONTREAL, H3G 1Z1
ON AUGUST 24, 2004

This Proxy Statement is furnished in connection with a solicitation of proxies by the Board of Directors of Dectron Internationale Inc. (the "Company") for use at the 2004 Annual Meeting of Stockholders of the Company (the "Meeting") to be held at 2:30 p.m. at HOTEL NOVOTEL, 1180 rue de la Montagne, Montreal, H3G 1Z1 on August 24, 2004, and at any adjournments thereof. Anyone giving a proxy may revoke it at any time before it is exercised by giving the Chairman of the Board of Directors of the Company written notice of the revocation, by submitting a proxy bearing a later date, or by attending the Meeting and voting. This Proxy Statement, the accompanying Notice of Meeting and form of proxy have been first sent to the stockholders on or about August 4, 2004.

All properly executed, unrevoked proxies on the enclosed form, if returned prior to the Meeting, will be voted in the manner specified by the Stockholder. If no specific instruction is given, the shares represented by the proxy will be voted in accordance with the Board of Directors' recommendations.

In addition, please note that abstentions and broker non-votes are each included in the determination of the number of shares present and voting, for purposes of determining the presence or absence of a quorum for the transaction of business. Neither abstentions nor broker non-votes are counted as voted either for or against a proposal.

1

QUESTION AND ANSWER SUMMARY: ABOUT THE MEETING

WHAT IS BEING VOTED ON AT THE MEETING?

Our board of directors is asking shareholders to consider two items at this Annual Meeting of Shareholders:

To elect our board of directors to hold office for a term of one year;

To ratify the appointment of Schwartz Levitsky Feldman, LLP as our independent auditors for the ensuing year; and

To act on any other matter that may properly be submitted for approval.

WHO CAN VOTE AT THE MEETING?

Our board of directors has set August 3, 2004 as the record date for the

Edgar Filing: DECTRON INTERNATIONALE INC - Form DEF 14A

Meeting. Only persons holding shares of our common stock of record at the close of business on the record date will be entitled to receive notice of and to vote at the Meeting. Each share of our common stock will be entitled to one vote per share on each matter properly submitted for vote to our shareholders at the Meeting. On the record date there were 3,155,000 shares of our common stock outstanding held by a total of approximately 58 shareholders of record.

WHAT CONSTITUTES A QUORUM FOR THE MEETING?

To have a quorum, we need one-third of the votes entitled to be cast to be present, in person or by proxy, including votes as to which authority to vote on any proposal is withheld, shares of stock abstaining as to any proposal, and broker non-votes (where a broker submits a proxy but does not have authority to vote a customer's shares of stock on one or more matters) on any proposal, will be considered present at the Meeting for purposes of establishing a quorum for the transaction of business at the Meeting. Each will be tabulated separately. The shares held by Ness Lakwadala, our controlling shareholder, suffice for a quorum to be met, and we have been informed by Mr. Lakwadala that he will be present at the Meeting.

HOW DO I VOTE?

If you complete and properly sign the accompanying proxy card and return it to us, it will be voted as you direct, unless you later revoke the proxy. Unless instructions to the contrary are marked, or if no instructions are specified, shares of stock represented by a proxy will be voted for the proposals set forth on the proxy, and in the discretion of the persons named as proxies on such other matters as may properly come before the Meeting. If you are a registered shareholder, that is, if you hold your shares of stock in certificate form, and you attend the Meeting, you may deliver your completed proxy card in person. If you hold your shares of stock in "street name," that is, if you hold your shares of stock through a broker or other nominee, and you wish to vote in person at the Meeting, you will need to obtain a proxy form from the institution that holds your shares of stock.

CAN I CHANGE MY VOTE AFTER I RETURN MY PROXY CARD?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with our Secretary, at the address indicated above, either a written notice of revocation, a duly executed proxy bearing a later date, or if you vote in person at the Meeting. The powers of the proxy holders will be suspended if you attend the Meeting in person and so request. However, attendance at the Meeting will not by itself revoke a previously granted proxy.

Any written notice of revocation sent to us must include the shareholder's name and must be received prior to the Meeting to be effective.

2

WHAT VOTE IS REQUIRED TO APPROVE EACH ITEM?

Election of Nominees to the Board of Directors

Pursuant to our bylaws, the affirmative vote of a majority of the votes cast at the Meeting is required for the election of the individuals nominated to serve on our board of directors. The shares of stock held by Mr. Lakwadala represent enough votes to approve this proposal and he has informed us that he intends to

Edgar Filing: DECTRON INTERNATIONALE INC - Form DEF 14A

approve proposal to elect our nominees to our board of directors.

Ratification of Independent Auditors.

An affirmative vote of a majority of the votes cast at the Meeting is required for ratification of the appointment of Schwartz Levitsky Feldman, LLP as our independent auditors. The shares of stock held by Mr. Lakwadala represent enough votes to approve this proposal and he has informed us that he intends to approve the appointment of Schwartz Levitsky Feldman, LLP as our independent auditors.

Other Matters.

If you hold your shares of stock in "street name," your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares of stock may not be voted on those matters and will not be counted in determining the number of shares of stock necessary for approval. Shares of stock represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

Votes cast by proxy will be tabulated by an automated system administered by Continental Stock Transfer & Trust Company, our transfer agent. Votes cast by proxy or in person at the Meeting will be counted by the independent person that we will appoint to act as election inspector for the Meeting.

The employment agreement is for a term of two years, renewable for additional one-year periods. The employment agreement entitled Mr. Lakdawala to an annual salary of \$200,000, adjusted annually for increases in the Consumer Price Index. AUDIT COMMITTEE

Our board of directors has an audit committee comprised of Gilles Richard. The audit committee makes recommendations to our board of directors regarding the independent auditors for our company, approves the scope of the annual audit activities of our independent auditors, review audit results and will have general responsibility for all of our auditing related matters. Mr. Cheung, formerly a member of the audit committee, resigned as a director and member of the audit committee on February 11, 2004.

The purpose of the Audit Committee is to assist our board of directors in the oversight of the integrity of the consolidated financial statements of our company, our company's compliance with legal and regulatory matters, the independent auditor's qualifications and independence, and the performance of our company's independent auditors. The primary responsibilities of the Audit Committee are set forth in its charter, and include various matters with respect to the oversight of our company's accounting and financial reporting process and audits of the consolidated financial statements of our company on behalf of our board of directors. The Audit Committee also selects the independent certified public accountants to conduct the annual audit of the consolidated financial statements of our company; reviews the proposed scope of such audit; reviews accounting and financial controls of our company with the independent public accountants and our financial accounting staff; and reviews and approves transactions between us and our directors, officers, and their affiliates.

Accordingly, the Audit Committee discusses with Schwartz Levitsky Feldman, our auditors, our audited financial statements, including among other things the quality of our accounting principles, the methodologies and accounting principles applied to significant transactions, the underlying processes and estimates used by our management in our financial statements and the basis for the auditor's conclusions regarding the reasonableness of those estimates, in addition to the auditor's independence.

AUDIT COMMITTEE FINANCIAL EXPERT

We do not have an audit committee financial expert. It is anticipated that upon his election as a director Mr. Ghadiali will join the Audit Committee and serve thereon as the "audit committee financial expert."

Board Audit Committee Report

The Audit Committee has reviewed and discussed the Company's audited financial statements for the fiscal year ended January 31, 2004 with management and has received the written disclosures and the letter from Schwartz Levitsky Feldman, the Company's independent auditors, required by Independence Standards Board Standard No. 1 (Independent Discussions with Audit Committee). The Audit Committee has also discussed with Schwartz Levitsky Feldman the Company's audited financial statements for the fiscal year ended January 31, 2004, including among other things the quality of the Company's accounting principles, the methodologies and accounting principles applied to significant transactions, the underlying processes and estimates used by management in its financial statements and the basis for the auditor's conclusions regarding the reasonableness of those estimates, and the auditor's independence, as well as the other matters required by Statement on Auditing Standards No. 61 of the Auditing Standards Board of the American Institute of Certified Public Accountants.

Based on these discussions with Schwartz Levitsky Feldman and the results of the audit of the Company's financial statements, the Audit Committee members recommended unanimously to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2004.

Board Compensation Report

EXECUTIVE COMPENSATION POLICY

Dectron's executive compensation policy is designed to attract, motivate, reward and retain the key executive talent necessary to achieve our business objectives and contribute to our long-term success. In order to meet these goals, Dectron's compensation policy for our executive officers focuses primarily on determining appropriate salary levels and providing long-term stock-based incentives. To a lesser extent, Dectron's compensation policy also contemplates performance-based cash bonuses. Dectron's compensation principles for the Chief Executive Officer are identical to those of Dectron's other executive officers.

Cash Compensation. In determining its recommendations for adjustments to officers' base salaries for Fiscal 2003, we focused primarily on the scope of each officer's responsibilities, each officer's contributions to Dectron's success in moving toward its long-term goals during the fiscal year, the accomplishment of goals set by the officer and approved by the Board for that year, our assessment of the quality of services rendered by the officer,

Edgar Filing: DECTRON INTERNATIONALE INC - Form DEF 14A

comparison with compensation for officers of comparable companies and an appraisal of our financial position. In certain situations, relating primarily to the completion of important transactions or developments, we may also pay cash bonuses, the amount of which will be determined based on the contribution of the officer and the benefit to Dectron of the transaction or development.

Equity Compensation. The grant of stock options to executive officers constitutes an important element of long-term compensation for the executive officers. The grant of stock options increases management's equity ownership in us with the goal of ensuring that the interests of management remain closely aligned with those of our stockholders. The Board believes that stock options in Dectron provide a direct link between executive compensation and stockholder value. By attaching vesting requirements, stock options also create an incentive for executive officers to remain with us for the long term.

9

CHIEF EXECUTIVE OFFICER COMPENSATION

As indicated above, the factors and criteria upon which the compensation of Ness Lakdawala, our Chief Executive Officer, is based are identical to the criteria used in evaluating the compensation packages of the other executive officers of Dectron. The Chief Executive Officer's individual contributions to Dectron include his leadership role in establishing and retaining a strong management team, developing and implementing our business plans and attracting investment capital to Dectron. In addition, we have reviewed compensation levels of chief executive officers at comparable companies within our industry.

OTHER COMPENSATION

Outside directors may be paid an honorarium for attending meetings of the Board of Directors of Dectron, in an amount that management anticipates will not exceed \$500 per meeting.

STOCK OPTION PLANS

1999 Stock Option Plan

We have adopted a Stock Option Plan (the "1999 Plan") pursuant to which 340,000 shares of Common Stock are reserved for issuance, 3,000 options are currently issued and outstanding.

On September 2, 1999, the Board granted options under our 1999 Plan to certain members of our Board and certain employees. Leena Lakdawala, Roshan Katrak, and

Edgar Filing: DECTRON INTERNATIONALE INC - Form DEF 14A

Mauro Parissi were granted 60,000, 60,000, and 18,000, respectively. Subject to certain limitations, the options granted are exercisable one year after issuance. Subsequent to the one-year anniversary date of the grant, the option holders may exercise the option up to 25% per year of the total options granted for the following four years. Each of the options will be fully exercisable on November 4, 2003, and expire on November 4, 2004. The exercise price of the options is \$3.00

The 1999 Plan is administered by the Board of Directors, who will determine, among other things, those individuals who shall receive options, the time period during which the options may be partially or fully exercised, the number of shares of Common Stock issuable upon the exercise of the options and the option exercise price.

The 1999 Plan is effective for a period of five years, expiring in 2003. Options may be granted to officers, directors, consultants, key employees, advisors and similar parties who provide us with their skills and expertise. The 1999 Plan is designed to enable management to attract and retain qualified and competent directors, employees, consultants and independent contractors. Options granted under the 1999 Plan may be exercisable for up to five years, and shall be at an exercise price all as determined by the Board. Options are non-transferable except by the laws of descent and distribution or a change in control of Dectron, as defined in the 1999 Plan, and are exercisable only by the participant during his or her lifetime. Change in control includes (i) the sale of substantially all of the assets of Dectron and merger or consolidation with another company, or (ii) a majority of the Board changes other than by election by the stockholders pursuant to Board solicitation or by vacancies filled by the Board caused by death or resignation of such person.

10

If a participant ceases affiliation with Dectron by reason of death, permanent disability or retirement at or after age 70, the option remains exercisable for one year from such occurrence but not beyond the option's expiration date. Other types of termination allow the participant three months to exercise, except for termination for cause, which results in immediate termination of the option.

The exercise price of an option may not be less than the fair market value per share of Common Stock on the date that the option is granted in order to receive certain tax benefits under the Income Tax Act of Canada (the "ITA"). The ITA requires that the exercise price of all future options will be at least 85% of the fair market value of the Common Stock on the date of grant of the options. A benefit equal to the amount by which the fair market value of the shares at the time the employee acquires them exceeds the total of the amount paid for the shares or the amount paid for the right to acquire the shares shall be deemed to be received by the employee in the year the shares are acquired pursuant to paragraph 7(1) of the ITA. Where the exercise price of the option is equal to the fair market value of the shares at the time the option is granted, paragraph 110(1)(d) of the ITA allows a deduction from income equal to one quarter of the benefit as calculated above. If the exercise price of the option is less than the fair market value at the time it is granted, no deduction under paragraph 110(1)(d) is permitted. Options granted to any non-employees, whether directors or consultants or otherwise will confer a tax benefit in contemplation of the person becoming a stockholder pursuant to subsection 15(1) of the ITA.

Options under the 1999 Plan must be issued within five years from the effective date of the 1999 Plan.

Any unexercised options that expire or that terminate upon an employee's ceasing

Edgar Filing: DECTRON INTERNATIONALE INC - Form DEF 14A

to be employed by Dectron become available again for issuance under the 1999 Plan.

The 1999 Plan may be terminated or amended at any time by the Board of Directors, except that the number of shares of Common Stock reserved for issuance upon the exercise of options granted under the 1999 Plan may not be increased without the consent of our stockholders.

2001 Stock Option Plan

We also adopted the 2001 Stock Option Plan (the "2001 Plan") pursuant to which 500,000 shares of Common Stock are reserved for issuance, 108,500 options are currently issued and outstanding.

On January 4, 2002, the Board granted options under our 2001 Stock Option Plan to certain members of our Board and certain employees. Leena Lakdawala, Roshan Katrak, Mauro Parissi and Gilles Richard were granted 15,000, 15,000, 5,000 and 3,000 options, respectively. Subject to certain limitations, the options granted are exercisable one year after issuance. Subsequent to the one-year anniversary date of the grant, the option holders may exercise the option up to 25% per year of the total options granted for the following four years. Each of the options will be fully exercisable on January 4, 2006, and expire on January 4, 2007. The exercise price of the options is \$4.20

The 2001 Plan is administered by the Board of Directors, who will determine, among other things, those individuals who shall receive options, the time period during which the options may be partially or fully exercised, the number of shares of Common Stock issuable upon the exercise of the options and the option exercise price.

The 2001 Plan is effective for a period of ten years, expiring in 2011. Options may be granted to officers, directors, consultants, key employees, advisors and similar parties who provide us with their skills and expertise. The 2001 Plan is designed to enable management to attract and retain qualified and competent directors, employees, consultants and independent contractors. Options granted under the 2001 Plan may be exercisable for up to ten years, and shall be at an exercise price all as determined by the Board. Options are non-transferable except by the laws of descent and distribution or a change in control of Dectron, as defined in the 2001 Plan, and are exercisable only by the participant during his or her lifetime. Change in control includes (i) the sale of substantially all of the assets of Dectron and merger or consolidation with another company, or (ii) a majority of the Board changes other than by election by the stockholders pursuant to Board solicitation or by vacancies filled by the Board caused by death or resignation of such person.

11

If a participant ceases affiliation with Dectron by reason of death, permanent disability or retirement at or after age 70, the option remains exercisable for one year from such occurrence but not beyond the option's expiration date. Other types of termination allow the participant three months to exercise, except for termination for cause, which results in immediate termination of the option.

The exercise price of an option may not be less than the fair market value per share of Common Stock on the day immediately preceding the date that the option is granted in order to receive certain tax benefits under the Income Tax Act of Canada (the "ITA"). The ITA requires that the exercise price of all future options will be at least 85% of the fair market value of the Common Stock on the day immediately preceding the date of grant of the options. A benefit equal to

Edgar Filing: DECTRON INTERNATIONALE INC - Form DEF 14A

the amount by which the fair market value of the shares at the time the employee acquires them exceeds the total of the amount paid for the shares or the amount paid for the right to acquire the shares shall be deemed to be received by the employee in the year the shares are acquired pursuant to paragraph 7(1) of the ITA. Where the exercise price of the option is equal to the fair market value of the shares at the time the option is granted, paragraph 110(1)(d) of the ITA allows a deduction from income equal to one quarter of the benefit as calculated above. If the exercise price of the option is less than the fair market value at the time it is granted, no deduction under paragraph 110(1)(d) is permitted. Options granted to any non-employees, whether directors or consultants or otherwise will confer a tax benefit in contemplation of the person becoming a stockholder pursuant to subsection 15(1) of the ITA.

Options under the 2001 Plan must be issued within ten years from the effective date of the 2001 Plan.

Any unexercised options that expire or that terminate upon an employee's ceasing to be employed by Dectron become available again for issuance under the 2001 Plan.

The 2001 Plan may be terminated or amended at any time by the Board of Directors, except that the number of shares of Common Stock reserved for issuance upon the exercise of options granted under the 2001 Plan may not be increased without the consent of our stockholders.
