**RECKSON ASSOCIATES REALTY CORP.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
SEPTEMBER 30, 2005  
(Unaudited)**

**1. ORGANIZATION AND FORMATION OF THE COMPANY**

Reckson Associates Realty Corp. (the Company) is a self-administered and self managed real estate investment trust ( REIT ) engaged in the ownership, management, operation, acquisition, leasing, financing and development of commercial real estate properties, principally office and to a lesser extent industrial / R&D properties and also owns land for future development (collectively, the Properties ) located in the New York City tri-state area (the Tri-State Area ).

The Company was incorporated in Maryland in September 1994. In June 1995, the Company completed an initial public offering (the IPO ) and commenced operations.

The Company became the sole general partner of Reckson Operating Partnership, L.P. (the Operating Partnership ) by contributing substantially all of the net proceeds of the IPO in exchange for an approximate 73% interest in the Operating Partnership. All Properties acquired by the Company are held by or through the Operating Partnership. In conjunction with the IPO, the Operating Partnership executed various option and purchase agreements whereby it issued common units of limited partnership interest in the Operating Partnership ( OP Units ) to certain continuing investors and assumed certain indebtedness in exchange for (i) interests in certain property partnerships, (ii) fee simple and leasehold interests in properties and development land, (iii) certain other business assets and (iv) 100% of the non-voting preferred stock of the management and construction companies. The Company's ownership percentage in the Operating Partnership was approximately 96.8% and 95.7% at September 30, 2005 and 2004, respectively.

**2. BASIS OF PRESENTATION**

The accompanying interim unaudited financial statements have been prepared by the Company's management pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosure normally included in the financial statements prepared in accordance with U.S. generally accepted accounting principles ( GAAP ) may have been condensed or omitted pursuant to such rules and regulations, although management believes that the disclosures are adequate so as not to make the information presented misleading. The unaudited financial statements at September 30, 2005 and for the three and nine month periods ended September 30, 2005 and 2004 include, in the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary to present fairly the financial information set forth herein. The results of operations for the interim periods are not necessarily indicative of the results that may be expected for the year ending December 31, 2005. These financial statements should be read in conjunction with the Company's audited financial statements and the notes thereto included in the Company's Form 10-K for the year ended December 31, 2004.

The accompanying consolidated financial statements include the consolidated financial position of the Company, the Operating Partnership and the Service Companies (as defined below) at September 30, 2005 and December 31, 2004 and the consolidated results of their operations for the three and nine month periods ended September 30, 2005 and 2004, respectively, and their cash flows for the nine months ended September 30, 2005 and 2004, respectively. The Operating Partnership's investments in majority owned and controlled real estate joint ventures are reflected in the accompanying financial statements on a consolidated basis with a reduction for the minority partners' interest. The Operating Partnership's investments in real estate joint ventures, where it owns less than a controlling interest, are reflected in the accompanying financial statements on the equity method of accounting. The Service Companies, which provide management, development and construction services to the Company, the Operating Partnership and to third parties include Reckson Management Group, Inc., RANY Management Group, Inc., Reckson Construction & Development LLC and Reckson Construction Group New York, Inc. (collectively, the Service Companies ). All significant intercompany balances and transactions have been eliminated in the consolidated financial statements.

Minority partners' interests in consolidated partnerships represent a 49% non-affiliated interest in RT Tri-State LLC, owner of a six property suburban office portfolio located within the Tri-State Area, a 40% non-affiliated interest in Omni Partners, L.P., owner of a 579,000 square foot suburban office property, and a 49% non-affiliated interest in Metropolitan 919 3rd Avenue, LLC, owner of the property located at 919 Third Avenue, New York, NY. Limited partners' minority interests in the Operating Partnership was approximately 3.2% and 4.3% at September 30, 2005 and 2004, respectively.

[Back to Contents](#)

### *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and footnotes thereto. Actual results could differ from those estimates.

### *Real Estate*

Land, buildings and improvements, furniture, fixtures and equipment are recorded at cost. Tenant improvements, which are included in buildings and improvements, are also stated at cost. Expenditures for ordinary maintenance and repairs are expensed to operations as they are incurred. Renovations and / or replacements, which improve or extend the life of the asset, are capitalized and depreciated over their estimated useful lives.

Depreciation is computed utilizing the straight-line method over the estimated useful lives of ten to thirty years for buildings and improvements and five to ten years for furniture, fixtures and equipment. Tenant improvements, which are included in buildings and improvements, are amortized on a straight-line basis over the term of the related leases. Depreciation expense for each of the three and nine month periods ended September 30, 2005 and 2004 amounted to approximately \$24.4 million and \$67.7 million and \$19.8 million and \$59.5 million, respectively.

We are required to make subjective assessments as to the useful lives of our properties for purposes of determining the amount of depreciation to reflect on an annual basis with respect to those properties. These assessments have a direct impact on our net income. Should we lengthen the expected useful life of a particular asset, it would be depreciated over more years, and result in less depreciation expense and higher annual net income.

On July 1, 2001 and January 1, 2002, we adopted Financial Accounting Standards Board ( FASB ) Statement No.141, Business Combinations and FASB Statement No. 142, Goodwill and Other Intangibles, respectively. As part of the acquisition of real estate assets, the fair value of the real estate acquired is allocated to the acquired tangible assets, consisting of land, building and building improvements, and identified intangible assets and liabilities, consisting of the value of above-market and below-market leases, other value of in-place leases, and value of tenant relationships, based in each case on their fair values.

We allocate a portion of a property's purchase price to tangible assets including the fair value of the building and building improvements on an as-if-vacant basis and to land determined either by real estate tax assessments, independent appraisals or other relevant data. Additionally, we assess fair value of identified intangible assets and liabilities based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information.

Estimates of future cash flows are based on a number of factors including the historical operating results, known trends, and market/economic conditions that may affect the property. If we incorrectly estimate the values at acquisition or the undiscounted cash flows, initial allocation of purchase price and future impairment charges may be different.

### *Long Lived Assets*

We are required to make subjective assessments as to whether there are impairments in the value of our real estate properties and other investments. An investment's value is impaired only if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the investment are less than the carrying value of the investment. Such assessments consider factors such as cash flows, expected future operating income, trends and prospects, as well as the effects of demand, competition and other factors. To the extent impairment has occurred it will be measured as the excess of the carrying amount of the property over the fair value of the property. These assessments have a direct impact on our net income, as a recognition of an impairment results in an immediate negative adjustment to net income. In determining impairment, if any, we have followed FASB Statement No. 144, Accounting for the Impairment or Disposal of Long Lived Assets ( Statement No. 144 ). Statement No. 144 did not have an impact on net income allocable to common shareholders. Statement No. 144 only impacts the presentation of the results of operations and gains on sales of real estate assets for those properties sold during the period within the consolidated statements of income.

### *Cash Equivalents*

We consider highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

Tenants' lease security deposits aggregating approximately \$5.2 million and \$4.5 million at September 30, 2005 and December 31, 2004, respectively, have been included in cash and cash equivalents on the accompanying balance sheets.

[Back to Contents](#)

#### *Deferred Costs*

Tenant leasing commissions and related costs incurred in connection with leasing tenant space are capitalized and amortized over the life of the related lease. In addition, loan costs incurred in obtaining financing are capitalized and amortized over the term of the related loan.

Costs incurred in connection with equity offerings are charged to stockholders' equity when incurred.

#### *Income Taxes*

Commencing with its taxable year ended December 31, 1995, the Company elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the "Code"). To qualify as a REIT, the Company must meet a number of organizational and operational requirements, including a requirement that it currently distribute at least 90% of its adjusted taxable income to its stockholders. It is management's current intention to adhere to these requirements and maintain the Company's REIT status. As a REIT, the Company generally will not be subject to corporate level income tax on taxable income it distributes currently to its stockholders. If the Company fails to qualify as a REIT in any taxable year, it will be subject to income taxes at regular corporate rates (including any applicable alternative minimum tax) and may not be able to qualify as a REIT for the subsequent four taxable years. Even if the Company qualifies as a REIT, the Company may be subject to certain state and local taxes, including tax on its income and property, and to federal income and excise taxes on its undistributed taxable income. In addition, taxable income from non-REIT activities managed through the Company's taxable REIT subsidiaries are subject to federal, state and local income taxes.

#### *Revenue Recognition & Accounts Receivable*

Minimum rental revenue is recognized on a straight-line basis, which averages minimum rents over the terms of the leases. The excess of rents recognized over amounts contractually due are included in deferred rents receivable on the accompanying balance sheets. Contractually due but unpaid rents are included in tenant receivables on the accompanying balance sheets. Certain lease agreements also provide for reimbursement of real estate taxes, insurance, common area maintenance costs and indexed rental increases, which are recorded on an accrual basis. Ancillary and other property related income is recognized in the period earned.

We make estimates of the collectibility of our accounts receivables related to base rents, tenant escalations and reimbursements and other revenue or income. We specifically analyze tenant receivables and historical bad debts, customer credit worthiness, current economic trends and changes in customer payment terms when evaluating the adequacy of our allowance for doubtful accounts. In addition, when tenants are in bankruptcy, we make estimates of the expected recovery of pre-petition administrative and damage claims. In some cases, the ultimate resolution of those claims can exceed a year. These estimates have a direct impact on our net income because a higher bad debt reserve results in less net income.

We incurred approximately \$635,000 and \$1.7 million and \$1.3 million and \$3.1 million of bad debt expense related to tenant receivables during the three and nine month periods ended September 30, 2005 and 2004, respectively, which accordingly reduced our total revenues and reported net income during those periods.

We record interest income on our investments in notes receivable on the accrual basis of accounting. We do not accrue interest on impaired loans where, in the judgment of management, collection of interest according to the contractual terms is considered doubtful. Among the factors we consider in making an evaluation of the collectibility of interest are: (i) the status of the loan, (ii) the value of the underlying collateral, (iii) the financial condition of the borrower and (iv) anticipated future events.

Reckson Construction & Development LLC (the successor to Reckson Construction Group, Inc.) and Reckson Construction Group New York, Inc. use the percentage-of-completion method for recording amounts earned on their contracts. This method records amounts earned as revenue in the proportion that actual costs incurred to date bear to the estimate of total costs at contract completion.

Gains on sales of real estate are recorded when title is conveyed to the buyer, subject to the buyer's financial commitment being sufficient to provide economic substance to the sale and us having no substantial continuing involvement with the buyer. Additionally, in connection with a sale of real estate, if the Company retains certain risks in the form of guarantees, the profit recognized on that sale shall be reduced and deferred by the maximum exposure to loss, until such exposure is relieved.

We follow the guidance provided for under FASB Statement No. 66 Accounting for Sales of Real Estate (Statement No. 66), which provides guidance on sales contracts that are accompanied by agreements which require the seller to develop the property in the

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

future. Under Statement No. 66, profit is recognized and allocated to the sale of the land and the later development or construction work on the basis of estimated costs of each activity; the same rate of profit is attributed to each activity. As a result, profits are recognized and reflected over the improvement period on the basis of costs incurred (including land) as a percentage of total costs estimated to be incurred. We use the percentage of completion method, as future costs of development and profit are reliably estimated.

[Back to Contents](#)*Earnings Per Share*

In 1997, the FASB issued Statement No. 128, *Earnings per Share* ( Statement No. 128 ) which replaced the calculation of primary and fully diluted earnings per share with basic and diluted earnings per share. Unlike primary earnings per share, basic earnings per share excludes any dilutive effects of options, warrants and convertible securities. Diluted earnings per share are very similar to the previously reported fully diluted earnings per share. The conversion of OP Units into common stock would not have a significant effect on per share amounts as the OP Units share proportionately with the common stock in the results of the Operating Partnership's operations.

*Stock Options*

In December 2002, the FASB issued Statement No. 148, *Accounting for Stock-Based Compensation Transition and Disclosure* ( Statement No. 148 ). Statement No. 148 amends FASB Statement No. 123, *Accounting for Stock-Based Compensation* ( Statement No. 123 ), to provide alternative methods of transition for an entity that voluntarily adopts the fair value recognition method of recording stock option expense. Statement No. 148 also amends the disclosure provisions of Statement No. 123 and Accounting Principles Board Opinion No. 28, *Interim Financial Reporting* to require disclosure in the summary of significant accounting policies of the effects of an entity's accounting policy with respect to stock options on reported net income and earnings per share in annual and interim financial statements.

The following table sets forth our pro forma information for common shareholders (in thousands except earnings per share data):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2005	2004	2005	2004
Net income allocable to common shareholders as reported	\$ 113,555	\$ 8,840	\$ 148,672	\$ 37,849
Add: Stock option expense included above		1		4
Deduct: Stock option expense determined under fair value recognition method for all awards		(94)		(290)
Pro forma net income allocable to common shareholders	\$ 113,555	\$ 8,747	\$ 148,672	\$ 37,563
Net income per share as reported:				
Basic	\$ 1.38	\$ .13	\$ 1.82	\$ .57
Diluted	\$ 1.37	\$ .13	\$ 1.81	\$ .57
Pro forma net income per share:				
Basic	\$ 1.38	\$ .12	\$ 1.82	\$ .57
Diluted	\$ 1.37	\$ .12	\$ 1.81	\$ .56

The fair value for those options was estimated at the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2005 (a)	2004	2005 (a)	2004
Risk free interest rate	N/A	3.00%	N/A	3.00%
Dividend yield	N/A	6.96%	N/A	6.96%

## Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

Volatility factor of the expected market price of our common stock	N/A	.199	N/A	.199
Weighted average expected option life (in years)	N/A	5.0	N/A	5.0

---

(a) No options were granted or vested during the nine months ended September 30, 2005. As a result, no weighted-average assumptions or calculations were required.

For purposes of pro forma disclosures, the estimated fair value of the options is amortized to expense over the options vesting period.

On December 16, 2004, the FASB issued Statement No. 123 (revised 2004), Share-Based Payment ( Statement No. 123R ), which is a revision of Statement No. 123. Statement No. 123R supersedes Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees , and amends FASB Statement No. 95, Statement of Cash Flows. Generally, the approach in Statement No. 123R is similar to the approach described in Statement No. 123. However, Statement No. 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. Statement No. 123R must be adopted no later than January 1, 2006. Early adoption will be permitted in periods in which financial statements have not yet been issued. We expect to adopt Statement No. 123R on January 1, 2006. Once adopted, pro forma disclosure is no longer an alternative.

[Back to Contents](#)

Effective January 1, 2002, we elected to follow Statement No. 123 and use the Black-Scholes option pricing model to estimate the value of stock options granted to employees and expect to continue to use this acceptable option valuation model upon the required adoption of Statement No. 123R on January 1, 2006. Because Statement No. 123R must be applied not only to new awards but to previously granted awards that are not fully vested on the effective date, and because we adopted Statement No. 123 using the prospective transition method (which applied only to awards granted, modified or settled after the adoption date), compensation cost for previously granted awards that were not recognized under Statement No. 123 would be recognized under Statement No. 123R. However, on January 1, 2006, the date we expect to adopt Statement No. 123R, all of the unexercised options outstanding under our stock option plans will be fully vested. As a result, no additional expense will be recognized. In addition, had we adopted Statement No. 123R in prior periods, the impact of that standard would have approximated the impact of Statement No. 123 as described above.

*Derivative Instruments*

FASB Statement No. 133, *Accounting for Derivative Instruments and Hedging Activities* ( Statement No. 133 ), as amended, establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities.

The accounting for changes in the fair value of derivatives depends on the intended use of the derivative and the resulting designation. Derivatives used to hedge the exposure to changes in the fair value of an asset, liability, or firm commitment attributable to a particular risk, such as interest rate risk, are considered fair value hedges. Derivatives used to hedge the exposure to variability in expected future cash flows, or other types of forecasted transactions, are considered cash flow hedges.

As required by Statement No. 133, we record all derivatives on our balance sheet at fair value. For effective hedges, depending on the nature of the hedge, changes in the fair value of the derivative will be offset against the corresponding change in fair value of the hedged asset, liability, or firm commitment through earnings or recognized in accumulated other comprehensive income or loss ( OCI ) on our balance sheet until the hedged item is recognized in earnings.

For derivatives designated as cash flow hedges, the effective portion of changes in the fair value of the derivative is initially reported in OCI and subsequently reclassified to earnings when the hedged transaction affects earnings, and the ineffective portion of changes in the fair value of the derivative is recognized directly in earnings. We assess the effectiveness of each hedging relationship by comparing the changes in fair value or cash flows of the derivative hedging instrument with the changes in fair value or cash flows of the designated hedged item or transaction. For derivatives not designated as hedges, changes in fair value are recognized in earnings.

We do not enter into derivative financial instruments for trading or speculative purposes. However, in the normal course of our business and to help us manage our debt issuances and maturities, we do use derivative financial instruments in the form of cash flow hedges to protect ourselves against potentially rising interest rates.

*Variable Interest Entities*

In January 2003, the FASB issued Interpretation No. 46, *Consolidation of Variable Interest Entities* ( FIN 46 ), which explains how to identify variable interest entities ( VIEs ) and how to assess whether to consolidate such entities. VIEs are primarily entities that lack sufficient equity to finance their activities without additional financial support from other parties or whose equity holders lack adequate decision making ability. All VIEs which we are involved with must be evaluated to determine the primary beneficiary of the risks and rewards of the VIE. The primary beneficiary is required to consolidate the VIE for financial reporting purposes. The initial determination of whether an entity qualifies as a VIE shall be made as of the date at which a primary beneficiary becomes involved with the entity and reconsidered as of the date of a triggering event, as defined. The provisions of this interpretation are immediately effective for VIEs formed after January 31, 2003. In December 2003 the FASB issued FIN 46R, deferring the effective date until the period ended March 31, 2004 for interests held by public companies in VIEs created before February 1, 2003, which were non-special purpose entities. We adopted FIN 46R during the period ended March 31, 2004 and have determined that our unconsolidated subsidiaries do not represent VIEs pursuant to such interpretation. We will continue to monitor any changes in circumstances relating to certain of our consolidated and unconsolidated joint ventures which could result in a change in our consolidation policy.

*Current pronouncements*

In June 2005, the FASB ratified the consensus in EITF Issue No. 04-5, *Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights* ( Issue 04-5 ),

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

which provides guidance in determining whether a general partner controls a limited partnership. Issue 04-5 states that the general partner in a limited partnership is presumed to control that limited partnership. The presumption may be overcome if the limited partners have either (1) the substantive ability to dissolve the limited partnership or otherwise remove the general partner without cause or (2) substantive participating rights, which provide the limited partners with the ability to effectively participate in significant decisions that would be expected to be made in the ordinary course of the limited partnership's business and thereby preclude the general partner from exercising unilateral control over the partnership. The adoption of Issue 04-5 by the Company for new or modified limited partnership arrangements is effective June 30, 2005 and for existing limited partnership arrangements effective January 1, 2006. We do not expect that we will be required to consolidate our current unconsolidated joint venture investment nor do we expect Issue 04-05 to have a material effect on our consolidated financial statements.

### *Reclassifications*

Certain prior year amounts have been reclassified to conform to the current year presentation.

### **3. MORTGAGE NOTES PAYABLE**

On August 3, 2005, we placed a first mortgage in the amount of \$315.0 million on the property located at One Court Square, Long Island City, a sub-market of New York City. The mortgage note bears interest at a fixed rate of 4.905% per annum, requires monthly payments of interest only through September 1, 2015, the anticipated repayment date ( ARD ). In the event the mortgage is not satisfied on the ARD, all excess cash flow, as defined, shall be applied to amortize the loan and the interest rate shall be reset to 2% plus the greater of 4.905% and the then-current ten-year U.S. Treasury yield. The final maturity date of the loan is May 1, 2020. The mortgage note is secured by the property and is otherwise non-recourse except in limited circumstances regarding breaches of material representations. As additional collateral for the loan, we may be required to post letters of credit for the benefit of the lender, in the amount of \$10.0 million each, during September 2013, March 2014 and September 2014 if Citibank, N.A., the property's current sole tenant, exercises its second cancellation option for up to 20% of its leased space during 2014 and 2015. Proceeds received from this financing, net of mortgage recording tax and other costs, of approximately \$303.5 million were used to re-pay a portion of our unsecured bridge facility as discussed in Note 5.

On August 26, 2005 we encumbered a pool of nine of our suburban office properties with interest only mortgages in the aggregate amount of approximately \$196.1 million. Proceeds received, net of costs and required escrows, of approximately \$188.3 million were used to repay borrowings under our unsecured credit facility, the remaining balance outstanding under our unsecured bridge facility and for the repayment of the secured property debt on 520 White Plains Road, Tarrytown, NY. On September 21, 2005, in connection with the transfer of these properties to a newly formed joint venture, Reckson Australia Operating Company LLC (the RAOC JV ), these mortgages were assumed by the RAOC JV (see Note 6). The mortgage notes bear interest at a fixed interest rate of 5.20% per annum and mature in September 2010. These mortgage notes are cross-collateralized by the nine properties in the pool.

On June 20, 2005, in connection with the acquisition of our joint venture partner's 40% interest in the property located at 520 White Plains Road, Tarrytown, NY, we assumed approximately \$4.1 million of secured mortgage indebtedness of the joint venture. As a result, our total secured debt related to this property was approximately \$11.1 million. On September 1, 2005, the mortgage note's scheduled maturity date, we repaid the then outstanding balance of approximately \$10.9 million with proceeds received from the aforementioned August 26, 2005 mortgage financings, resulting in the satisfaction of this note.

On September 12, 2005 we encumbered a pool of three of our suburban office properties with interest only mortgages in the aggregate amount of approximately \$51.5 million. Proceeds received, net of costs and required escrows, of approximately \$50.2 million were used to repay borrowings under our unsecured credit facility and for general corporate purposes. The mortgage notes bear interest at a fixed interest rate of 5.20% per annum and mature in October 2010. We have contracted to sell these properties to the RAOC JV, subject to the mortgage notes, in October 2006. These mortgage notes are cross-collateralized by the three properties in the pool.

Pursuant to the terms of the mortgage note encumbering the property located at 200 Summit Lake Drive in Valhalla, NY, the note was prepayable, without penalty, subsequent to September 1, 2005. On September 30, 2005, we repaid the outstanding balance of approximately \$18.1 million with proceeds received from the joint venture formed on September 21, 2005 (as further discussed in Note 6) which resulted in the satisfaction of this note.

The mortgage debt on the property located at 395 North Service Road in Melville, NY was scheduled to mature on October 28, 2005. Pursuant to the terms of the note, we prepaid the mortgage debt on September 30, 2005, at which time the outstanding balance was approximately \$18.6 million. We made this prepayment with a borrowing under our unsecured credit facility and proceeds received from the joint venture formed on September 21, 2005 which resulted in the satisfaction of this note.

At September 30, 2005, there were 14 fixed rate mortgage notes payable with an aggregate outstanding principal amount of approximately \$930.4 million. These mortgage notes are secured by properties with an aggregate carrying value at September 30, 2005 of approximately \$1.6 billion and which are pledged as collateral against the mortgage notes payable. In addition, approximately \$42.0 million of the \$930.4 million is recourse to us. The mortgage notes bear interest at rates ranging from 4.91% to 8.50%, and mature between 2006 and 2015. The weighted average interest rate on the outstanding mortgage notes payable at September 30, 2005 was approximately 6.35% .

## Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

[Back to Contents](#)

Certain of the mortgage notes payable are guaranteed by the Company and/or certain limited partners in the Operating Partnership. In addition, consistent with customary practices in non-recourse lending, certain non-recourse mortgages may be recourse to the Company under certain limited circumstances including environmental issues and breaches of material representations.

The following table sets forth our mortgage notes payable at September 30, 2005, by scheduled maturity date (dollars in thousands):

Property	Principal Outstanding	Interest Rate	Maturity Date	Amortization Term (Years)
1350 Avenue of the Americas, NY, NY	\$ 72,342	6.52%	June, 2006	30
Landmark Square, Stamford, CT (a)	41,955	8.02%	October, 2006	25
100 Summit Lake Drive, Valhalla, NY	14,995	8.50%	April, 2007	15
333 Earle Ovington Blvd., Mitchel Field, NY (b)	50,933	7.72%	August, 2007	25
810 Seventh Avenue, NY, NY (c)	78,316	7.73%	August, 2009	25
100 Wall Street, NY, NY (c)	33,937	7.73%	August, 2009	25
6900 Jericho Turnpike, Syosset, NY (d)	6,995	8.07%	July, 2010	25
6800 Jericho Turnpike, Syosset, NY (d)	13,253	8.07%	July, 2010	25
580 White Plains Road, Tarrytown, NY (d)	12,069	7.86%	September, 2010	25
520 Broadhollow Road, Melville, NY (g)	11,869	5.20%	October, 2010	Interest Only
50 Marcus Avenue, Melville, NY (g)	28,277	5.20%	October, 2010	Interest Only
1660 Walt Whitman Road, Melville, NY (g)	11,386	5.20%	October, 2010	Interest Only
919 Third Avenue, NY, NY (e)	239,049	6.87%	August, 2011	30
One Court Square, Long Island City, NY	315,000	4.91%	September, 2015 (f)	Interest Only
<b>Total / Weighted average</b>	<b>\$ 930,376</b>	<b>6.35%</b>		

(a) Encompasses six Class A office properties.

(b) We have a 60% general partnership interest in this property and our proportionate share of the aggregate principal amount is approximately \$30.6 million.

(c) These properties are cross-collateralized.

(d) It is anticipated that the properties secured by these mortgages, along with the mortgages, will be contributed to a joint venture in January 2006.

(e) We have a 51% membership interest in this property and our proportionate share of the aggregate principal amount is approximately \$121.9 million.

(f) Anticipated repayment date ( ARD ). Final maturity date is May 1, 2020.

(g) These properties are cross-collateralized and are contracted to be sold to the RAOC JV in October 2006.

On October 20, 2005, in connection with our acquisition of 711 Westchester Avenue in White Plains, NY we assumed the existing first mortgage debt on the property of approximately \$12.5 million. The mortgage bears interest at approximately 5.4% per annum, requires monthly payments of interest only through January 2007 and monthly payments of interest and principal based on a 30 year amortization schedule commencing in February 2007. The mortgage matures on January 1, 2015.

During the quarterly period ended June 30, 2005 we entered into anticipatory interest rate hedge instruments totaling \$250.0 million to protect ourselves against potentially rising interest rates. These instruments were settled prior to their maturity in exchange for a mortgage rate lock agreement in connection with a 15-year permanent financing on the property located at One Court Square, Long Island City, NY which closed on August 3, 2005. Costs related to the terminated instruments of approximately \$1.4 million were incorporated into the final fixed mortgage rate of 4.905% per annum. The other comprehensive loss is being amortized as a yield adjustment of the fixed-rate mortgage.

We also entered into an additional \$200.0 million of anticipatory interest rate hedge instruments during the quarterly period ended June 30, 2005, which were scheduled to coincide with our August 26, 2005 and September 12, 2005 financings on 12 of our office properties. These hedge instruments were settled on August 1, 2005 realizing proceeds of approximately \$1.1 million. The proceeds received from settlement of the instruments were used to buy-down the final fixed mortgage rates to 5.20% per annum.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

The gain resulting from this settlement has been recorded to OCI and is being amortized as a yield adjustment of the fixed-rate mortgage. Nine of these properties were sold to the RAOC JV, subject to their mortgage notes, on September 21, 2005 at which time we reclassified the proportionate share of the gain from OCI to earnings. The remaining three office properties are under contract to be sold to the RAOC JV, subject to the mortgage notes, in October 2006, at which time we will reclassify the proportionate share of the gain from OCI to earnings.

[Back to Contents](#)**4. SENIOR UNSECURED NOTES**

During June 2005, the Operating Partnership issued \$287.5 million aggregate principal amount of 4.00% exchangeable senior debentures due June 15, 2025. Interest on the debentures will be payable semi-annually on June 15 and December 15, commencing December 15, 2005. The debentures are callable after June 17, 2010 at 100% of par. In addition, the debentures can be put to us, at the option of the holder at par, on June 15, 2010, 2015 and 2020. The net proceeds from the offering, after the underwriter's discounts and expenses, were approximately \$281.6 million and were used for the repayment of amounts outstanding under our unsecured credit facility. (See Note 7, Stockholders' Equity, regarding the terms of the debentures' exchange into our common stock).

At September 30, 2005, the Operating Partnership had outstanding approximately \$980.0 million (net of unamortized issuance discounts) of senior unsecured notes (the Senior Unsecured Notes). The following table sets forth the Operating Partnership's Senior Unsecured Notes and other related disclosures by scheduled maturity date (dollars in thousands):

Issuance	Face Amount	Coupon Rate	Term (in Years)	Maturity
June 17, 2002	\$ 50,000	6.00%	5	June 15, 2007
August 27, 1997	150,000	7.20%	10	August 28, 2007
March 26, 1999	200,000	7.75%	10	March 15, 2009
January 22, 2004	150,000	5.15%	7	January 15, 2011
August 13, 2004	150,000	5.875%	10	August 15, 2014
June 27, 2005	287,500	4.00%	20	June 15, 2025
	<u>\$ 987,500</u>			

Interest on the Senior Unsecured Notes is payable semiannually with principal and unpaid interest due on the scheduled maturity dates. In addition, certain of the Senior Unsecured Notes were issued at discounts aggregating approximately \$8.3 million. Such discounts are being amortized to interest expense over the term of the Senior Unsecured Notes to which they relate.

**5. UNSECURED CREDIT FACILITY AND BRIDGE FACILITY**

On May 13, 2005, we obtained a \$470.0 million unsecured bridge facility (the Bridge Facility) from Citibank, N.A. The Bridge Facility was for an initial term of six months and we had the option for a six-month extension upon paying a one-time fee of 7.5 basis points on the amount then outstanding. During August 2005, we repaid \$303.5 million of outstanding borrowings under the Bridge Facility with net proceeds received from the secured debt financing of the property located at One Court Square, Long Island City, NY. In addition, in September 2005, we repaid the remaining balance outstanding under the Bridge Facility of \$166.5 million with proceeds received from the secured debt financing of a pool of nine of our suburban office properties. As a result of the foregoing, the Bridge Facility has been retired and is no longer available for borrowings thereunder.

We currently maintain a \$500 million unsecured credit facility (the Credit Facility) from JPMorgan Chase Bank, as administrative agent, Wells Fargo Bank, National Association as syndication agent and Citicorp, North America, Inc. and Wachovia Bank, National Association as co-documentation agents. The Credit Facility matures in August 2008, contains options for a one-year extension subject to a fee of 25 basis points and, upon receiving additional lender commitments, increasing the maximum revolving credit amount to \$750 million. In addition, borrowings under the Credit Facility are currently priced off LIBOR plus 80 basis points and the Credit Facility carries a facility fee of 20 basis points per annum. In the event of a change in the Operating Partnership's senior unsecured credit ratings, the interest rates and facility fee are subject to change. At September 30, 2005, the outstanding borrowings under the Credit Facility aggregated \$231.0 million and carried a weighted average interest rate of 4.86% per annum.

We utilize the Credit Facility primarily to finance real estate investments, fund our real estate development activities and for working capital purposes. At September 30, 2005, we had availability under the Credit Facility to borrow approximately an additional \$243.8 million, subject to compliance with certain financial covenants. Such amount is net of approximately \$25.2 million in outstanding undrawn standby letters of credit, which are issued under the Credit Facility.

In connection with the acquisition of certain properties, contributing partners of such properties have provided guarantees on certain of our indebtedness. As a result, we maintain certain outstanding balances on our Credit Facility.

**6. COMMERCIAL REAL ESTATE INVESTMENTS**

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

During January 2005, we acquired, in two separate transactions, two Class A office properties located at One and Seven Giralda Farms in Madison, New Jersey for total consideration of approximately \$78.0 million. One Giralda Farms encompasses approximately 150,000 rentable square feet and Seven Giralda Farms encompasses approximately 203,000 rentable square feet. We made these acquisitions through borrowings under our Credit Facility.

[Back to Contents](#)

In May 2005, we acquired a 1.4 million square foot, 50-story, Class A office tower located at One Court Square, Long Island City, NY, for approximately \$471.0 million, inclusive of transfer taxes and transactional costs. One Court Square is 100% leased to the seller, Citibank N.A., under a 15-year net lease. The lease contains partial cancellation options effective during 2011 and 2012 for up to 20% of the leased space and in 2014 and 2015 for up to an additional 20% of the leased space, subject to notice and the payment of early termination penalties. On October 28, 2005, we entered into a contract to sell between a 65% and 70% joint venture interest in One Court Square to certain funds advised by JPMorgan Investment Management. The contract is subject to certain conditions and is expected to close during the fourth quarter of 2005. In accordance with FASB Statement No. 144, the assets and liabilities of One Court Square are classified as held for sale on our consolidated balance sheet at September 30, 2005.

In May 2005, we completed mandatory arbitration proceedings relating to the re-setting of the rent under the ground lease pursuant to which we own an approximately 1.1 million square foot Class A office tower located at 1185 Avenue of the Americas, New York, NY. The rent was re-set, and is not subject to further increase, for the remaining 37 years of the ground lease (inclusive of a 20-year extension at our option) to approximately \$6.9 million per annum. Such re-set is retroactive to June 2004.

On May 26, 2005, we entered into a contract to sell approximately 60 acres of vacant land located in Chatham Township, NJ for up to approximately \$30.0 million, which is based upon a final approved site plan. The closing is anticipated to occur upon receiving final re-zoning approvals and other customary due diligence and approvals. The sale is contingent upon due diligence, environmental assessment, re-zoning and other customary approvals. There can be no assurances that any of the aforementioned contingencies will be achieved and the sale ultimately completed.

On June 8, 2005, we sold a three-acre vacant land parcel located on Long Island for approximately \$1.4 million which resulted in a net gain of approximately \$175,000, net of limited partner's minority interest. Such gain is reflected as a component of discontinued operations on our consolidated statements of income.

On June 20, 2005, we acquired our joint venture partner's 40% interest in a 172,000 square foot office property located at 520 White Plains Road, Tarrytown, NY for approximately \$8.1 million which consisted of the issuance of 127,510 OP Units valued at \$31.37 per OP Unit and the assumption of approximately \$4.1 million of secured mortgage indebtedness of the joint venture. Prior to us acquiring this interest, we accounted for the joint venture under the equity method of accounting. In accordance with the equity method of accounting, our proportionate share of the joint venture's income was approximately \$176,000 for the period January 1, 2005 through June 19, 2005 and \$112,000 and \$520,000 for the three and nine month periods ended September 30, 2004.

On July 14, 2005, we acquired two adjacent Class A suburban office properties aggregating approximately 228,000 square feet located at 225 High Ridge Road in Stamford, CT for approximately \$76.3 million. This acquisition was made through a borrowing under our Credit Facility. The buildings are approximately 100% leased. On August 26, 2005 this property was encumbered, along with eight other properties, with an interest only mortgage in the amount of approximately \$55.3 million and on September 21, 2005 was sold to the joint venture discussed below for approximately \$76.5 million which included the assignment of the property's mortgage debt.

On August 18, 2005, we entered into (i) an underwriting agreement relating to the public offering in Australia of approximately A\$263.0 million (approximately US\$202.0 million) of units ( LPT Units ) in a newly-formed Reckson-sponsored Australian listed property trust, Reckson New York Property Trust ( Reckson LPT ), a newly-formed listed property trust which is traded on the Australian Stock Exchange and (ii) contribution and sale agreements pursuant to which, among other things, we agreed to transfer 25 of our properties for an aggregate purchase price of approximately \$563.0 million and containing an aggregate of 3.4 million square feet, in three separate tranches, to the RAOC JV in exchange for a 25% interest in the RAOC JV and approximately \$502.0 million in cash (inclusive of proceeds from mortgage debt to be assumed by the RAOC JV). On September 21, 2005, Reckson LPT completed its public offering and the closing of the first tranche ( Tranche I ) of this transaction.

In the Tranche I closing, the RAOC JV acquired from us 17 of our suburban office properties containing approximately 2.0 million square feet for consideration of approximately \$367.0 million (including the assumption of approximately \$196.1 million in mortgage debt which had been incurred by us in August 2005 - see Note 2). In return, we received a 25% interest in the RAOC JV and approximately \$128.1 million in cash resulting in an aggregate gain of approximately \$103.6 million. As discussed below relating to certain guarantees we have made, approximately \$18 million of the aggregate gain has been deferred to future periods pursuant to Statement No. 66 to coincide with the release of the guarantees. As a result, gains on sales of real estate, related to Tranche I reported in the current period is approximately \$82.7 million, net of limited partners' minority interest. Approximately \$22.0 million of the cash received was used to repay certain of our secured mortgage indebtedness on September 30, 2005 and approximately \$105.7 million of the cash received was used to establish an escrow account with a qualified intermediary for a future exchange of real property pursuant to Section 1031 of the Code (a Section 1031 Exchange ). A Section 1031 Exchange allows for the deferral of

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

taxes related to the gain attributable to the sale of property if qualified replacement property is identified within 45 days and such qualified replacement property is acquired within 180 days from the initial sale. As described below, on October 7, 2005 we acquired a qualified replacement property for purposes of this Section 1031 Exchange and thereby deferred a portion of the gain from the Tranche I sale.

[Back to Contents](#)

In connection with the foregoing, on September 21, 2005, Reckson Australia Holdings LLC ( Reckson Holdings ), a wholly-owned subsidiary of the Operating Partnership, and Reckson Australia LPT Corporation ( LPT REIT ), a U.S. real estate investment trust which is wholly-owned by Reckson LPT, entered into the Amended and Restated Limited Liability Company Agreement governing the RAOC JV (the Operating Agreement ). Pursuant to the Operating Agreement, LPT REIT holds a 75% interest in, and acts as the managing member for the RAOC JV, and Reckson Holdings holds a 25% non-managing member interest therein. The Operating Agreement provides that, if at any time additional capital contributions are made to the RAOC JV, Reckson Holdings will have a right to make additional capital contributions up to an amount necessary to maintain its 25% interest therein on the same terms and conditions as such other capital contributions.

As the managing member of the RAOC JV, LPT REIT has the sole responsibility for managing its business and affairs on a day-to-day basis, other than with respect to certain identified major decisions, including but not limited to a merger or consolidation involving the RAOC JV, a disposition of all or substantially all of its assets, or the liquidation or dissolution of the RAOC JV. Such major decisions require the prior written consent of a majority of the non-managing members. As a result of the foregoing, we are accounting for our 25% non-managing member interest in the RAOC JV under the equity method of accounting. In accordance with the equity method of accounting, our proportionate share of the RAOC JV s income was approximately \$308,000 for the period September 21, 2005 through September 30, 2005.

The Tranche II closing consisting of three of our properties, valued at approximately \$71.7 million, is expected to be funded entirely from the proceeds of mortgage debt and is scheduled to close in January 2006. The Tranche III closing consisting of five of our properties, valued at approximately \$124.7 million, is scheduled to close in October 2006 and will include the assumption of approximately \$51.5 million of existing mortgage debt. The Tranche II and Tranche III closings are subject to customary closing conditions.

Our Service Companies provide asset management, property management, leasing, construction and other services to the RAOC JV and affiliates of ours are entitled to transaction fees and ongoing fees for providing services to the RAOC JV. As of September 30, 2005, we earned and received approximately \$3.6 million in transaction related fees from the RAOC JV. Such amount is included in investment income and other on our consolidated statements of income. In addition, we also formed Reckson Australia Management Limited ( RAML ), a wholly owned subsidiary, that will manage Reckson LPT and serve as its Responsible Entity . The Responsible Entity will be managed by a six member board that includes three independent directors domiciled in Australia. To address and mitigate any potential conflicts of interest with Reckson LPT or its affiliates the Company has adopted the following policies: (i) all transactions between the Company and Reckson LPT or its affiliates shall require the approval of a majority of the independent directors of both the Company and Reckson LPT, (ii) Executive Officers and Directors of the Company are prohibited from owning equity in the Reckson LPT, and (iii) the adoption of an express policy which mandates that leasing decisions shall be made without regard to the Company s percentage ownership of any property.

Under the Operating Agreement, Reckson Holdings will have the right, beginning September 21, 2007, to require LPT REIT to redeem all or a portion of Reckson Holdings membership interest in the RAOC JV for cash or, at LPT REIT s option, shares of LPT REIT s common stock (which may be exchanged for LPT Units) on a one-for-one basis. Reckson Holdings also has the right to cause the liquidation of the RAOC JV in the event that RAML is replaced as Reckson LPT s Responsible Entity. In addition, the Operating Agreement contains a right of first refusal granting Reckson Holdings the right to acquire any asset of the RAOC JV, at fair market value, in the event of an attempted sale of such asset or the exercise of Reckson Holdings right to liquidate the RAOC JV.

In connection with the Tranche I closing, on September 21, 2005 the Company, RAOC JV and LPT REIT entered into an Option Agreement (the Option Agreement ) pursuant to which we granted RAOC JV options to acquire ten additional properties from the Operating Partnership over a two year period, beginning January 1, 2006 containing an aggregate of approximately 1.2 million square feet at a price based on the fair market value at the time of transfer to RAOC JV. The Option Agreement contains a right of first refusal granting RAOC JV the right to acquire any option property in the event we receive, and are amenable to, an offer from a third party to purchase such option property. The Option Agreement will terminate under certain circumstances, including if (i) RAOC JV sends notice of its intent to exercise its option but fails to close as obligated, (ii) RAOC JV is in default under the Option Agreement, the contribution agreement or the sale agreement or (iii) RAML or an affiliate of ours is no longer the Responsible Entity of Reckson LPT.

In connection with the mortgage indebtedness securing nine of the Tranche I properties, which were transferred to the RAOC JV on September 21, 2005, and three of the Tranche III properties scheduled to be transferred to the RAOC JV during October 2006, we have guaranteed to the lender certain customary non-recourse carve-outs, as well as certain obligations relating to the potential termination of a number of leases at four of these properties. We have also guaranteed to the lender certain capital requirements related to these properties. We will be relieved of the customary non-recourse carve-outs and capital requirements upon transfer of the respective properties to the RAOC JV and the RAOC JV meeting a net worth test of at least \$100.0 million. We will be relieved

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

of all but two of the lease related obligations upon transfer of the respective properties to the RAOC JV and the RAOC JV meeting a net worth test of at least \$200.0 million. The RAOC JV has agreed to indemnify us for any loss, cost or damage it may incur pursuant to our guaranty of these obligations. As of September 30, 2005, the RAOC JV met the \$100.0 million net worth threshold and there remain approximately \$18 million of aggregate guarantees outstanding.

In accordance with FASB Statement No. 144, the assets and liabilities of the properties transferred and to be transferred, excluding the option properties, to the RAOC JV are classified as held for sale on our consolidated balance sheets, for all periods presented.

[Back to Contents](#)

On September 22, 2005, we sold two suburban office properties, aggregating approximately 69,000 square feet, located at 310 and 333 East Shore Road in Great Neck, Long Island for aggregate consideration of approximately \$17.3 million. As a result, we recorded an aggregate gain, net of limited partners' minority interest, of approximately \$13.6 million. Net proceeds received from the sale of approximately \$17.1 million were used to establish an escrow account with a qualified intermediary for a Section 1031 Exchange. There can be no assurances that we will meet the requirements of a Section 1031 Exchange by identifying and acquiring a qualified replacement property in the required time frame, in which case we would recognize a tax gain of approximately \$12.9 million, which could potentially affect our REIT distribution requirements. Pursuant to FASB Statement No. 144, the operating results of these properties are classified within discontinued operations, for all periods presented, on our consolidated statements of income.

As of September 30, 2005, we owned and operated 81 office properties (inclusive of twenty-five office properties owned through joint ventures) comprising approximately 17.0 million square feet and eight industrial / R&D properties comprising approximately 863,000 square feet located in the Tri-State Area.

At September 30, 2005, we owned approximately 341 acres of land in 12 separate parcels of which we can, based on current estimates, develop approximately 3.1 million square feet of office space (the Development Parcels). During July 2004, we commenced the ground-up development on one of the Development Parcels of a 305,000 square foot Class A office building with a total anticipated investment of approximately \$61.3 million. This development is located within our existing three building executive office park in Melville, NY and is nearing completion. During July 2005, we commenced the ground-up development on one of the Development Parcels of a 37,000 square foot Class A retail property with a total anticipated investment of approximately \$10.1 million. This development is located within our existing six building office park in Stamford, Connecticut. In August 2005, we recommenced the ground-up development of one of the Development Parcels of a 316,000 square foot Class A office building with an anticipated incremental investment of approximately \$47.0 million. This development is located in our existing three building office park located in Princeton, NJ. There can be no assurances that the actual cost of these ground-up development projects will not exceed their anticipated amounts. Further, one of the Development Parcels, aggregating approximately 4.1 acres is classified as held for sale on our balance sheets and is expected to close during 2006 for aggregate consideration of \$2.0 million. In addition, as previously discussed, in May 2005, we entered into a contract to sell approximately 60 acres of vacant land in Chatham Township, NJ, subject to a change in zoning. As of September 30, 2005, we had invested approximately \$183.4 million in the Development Parcels.

Management has made subjective assessments as to the value and recoverability of our investments in the Development Parcels based on current and proposed development plans, market comparable land values and alternative use values. We are currently evaluating alternative land uses for certain of the remaining Development Parcels to realize their highest economic value. These alternatives may include rezoning certain Development Parcels from commercial to residential for potential disposition.

We also own a 354,000 square foot office building in Orlando, Florida. This non-core real estate holding was acquired in May 1999 in connection with our initial New York City portfolio acquisition.

During September 2005, we entered into a contract to sell our property located at 48 Harbor Park Drive, located in Port Washington, Long Island, for approximately \$6.4 million and anticipate recording a gain on sales of real estate of approximately \$3.0 million upon sale. The closing is scheduled to occur within three months. However, there can be no assurances that this sale will occur under the terms contemplated or at all. Pursuant to FASB Statement No. 144, this property has been reflected as held for sale on our balance sheets and its operating results are classified within discontinued operations, for all periods presented, on our consolidated statements of income.

During September 2005 we entered into a letter of intent with an entity owned by the owner of the New York Islanders to enter into a 50 / 50 joint venture to potentially develop over five million square feet of office, residential, retail and hotel space in the Mitchel Field, Long Island sub-market in and around Nassau County's Veterans Memorial Coliseum where we are currently the largest owner of office properties. The development, which has other competing proposals, is subject to numerous governmental approvals, compliance, zoning and other customary approvals. In addition, if selected we would serve as the master developer of the development. There can be no assurances that we will enter into the aforementioned joint venture, that the joint venture will be selected as the developer or that all required approvals, zoning and compliance can be obtained.

On July 8, 2005, we entered into a contract to purchase a 1.1 million square foot Class A office complex located at 204 EAB Plaza in Uniondale, NY, commonly referred to as EAB Plaza, for approximately \$240 million. The property is encumbered by a long-term ground lease which has a remaining term in excess of 75 years, including renewal options. Pursuant to the terms of the contract, we provided the seller with a down payment in the form of a \$24.0 million standby letter of credit which was issued under our Credit Facility. On October 7, 2005 we acquired this office complex for consideration of approximately \$240.0 million and changed the

## Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

name of the complex to Reckson Plaza. The acquisition of Reckson Plaza was financed, in part, (i) from sales proceeds being held by the previously referenced qualified intermediary as the property was an identified, qualified replacement property, (ii) a borrowing under our Credit Facility, (iii) the satisfaction of our \$27.6 million junior participating mezzanine loan which was secured by a pledge of an indirect interest of an entity which owned the ground leasehold estate and (iv) cash on hand. In connection with this acquisition we also acquired an adjoining 8.2 acre development site for approximately \$19.0 million which was financed through a borrowing under our Credit Facility. As a result of this acquisition, the aforementioned standby letter of credit was cancelled.

[Back to Contents](#)

On October 11, 2005 we entered into a contract to sell our property located at 100 Wall Street, New York, NY for approximately \$134.0 million and anticipate recording a gain on sales of real estate of approximately \$50.5 million upon sale. The property is currently secured by a first mortgage and is cross collateralized with another one of our New York City properties. In order to effectuate the sale and not incur prepayment penalties which would be due under a prepayment of the mortgage, we intend to provide the lender with replacement collateral and assign this mortgage debt to the replacement collateral properties. We have agreed to pay a substitution of collateral fee anticipated to be approximately \$1.7 million. In addition, we have agreed to provide the purchaser with a mezzanine loan in the amount of \$30.0 million which will bear interest at 15.0% per annum, require payments of interest only and have a term of two years. The closing is scheduled to occur during the fourth quarter of 2005. The contract is subject to customary conditions, including the assignment of the existing mortgage to the replacement collateral. Pursuant to FASB Statement No. 144, this property has been reflected as held for sale on our balance sheets and its operating results are classified within discontinued operations, for all periods presented, on our consolidated statements of net income.

On October 20, 2005, we acquired a 118,000 square foot suburban office property situated on ten acres of land located at 711 Westchester Avenue in White Plains, NY for approximately \$24.8 million. This acquisition was financed through the assumption of approximately \$12.5 million of existing debt on the property and a borrowing under our Credit Facility.

#### **Note Receivable Investments**

On March 16, 2005, a wholly owned subsidiary of the Operating Partnership advanced under separate mezzanine loan agreements, each of which bears interest at 9% per annum, (i) approximately \$8.0 million which matures in April 2010 and is secured, in part, by indirect ownership interests in ten suburban office properties located in adjacent office parks in Long Island, NY and (ii) approximately \$20.4 million which matures in April 2012 and is secured, in part, by indirect ownership interests in twenty-two suburban office properties located in adjacent office parks in Long Island, NY. Each mezzanine loan is additionally secured by other guaranties, pledges and assurances and is pre-payable without penalty after 18 months from the initial funding. We made these investments through a borrowing under our Credit Facility.

In May 2005, we acquired a 65% interest in an \$85 million, 15-year loan secured by an indirect interest in a 550,000 square foot condominium in a Class A office tower located at 1166 Avenue of the Americas, New York, NY for approximately \$55.3 million. The loan accrues interest compounded at 9.0% and pays interest at an annual rate of 6.0% through March 2010, 8.5% thereafter through March 2015 and 11.0% thereafter through maturity in 2020. The loan is pre-payable only under certain circumstances and, in any case, not before 2009. Upon a capital event related to the indirect interest in the property which secures the loan, we are entitled to participate in 30% of the net proceeds derived from such capital event. This investment replaced our \$34.0 million mezzanine loan, including accrued and unpaid interest, to one of the partners owning such condominium interest. We also acquired an approximately 5% indirect ownership interest in the property for a purchase price of approximately \$6.2 million. The property is currently 100% leased. The balance of these investments was funded through a borrowing under our Credit Facility and cash on hand.

On September 30, 2005, we advanced \$20.0 million to entities that are each controlled by Cappelli Enterprises under a junior mezzanine loan. This mezzanine loan bears interest at 15.0% per annum, subject to reduction in certain circumstances after December 31, 2005, is secured by a pledge of an indirect ownership interest in a 550,000 square foot office condominium in a Class A office tower located at 1166 Avenue of the Americas, New York City and has a scheduled maturity date of March 31, 2006. As described above, during May 2005 we made a \$55.3 million participating loan investment secured by interests in this property (including the interests securing this new mezzanine loan). We have also advanced a \$10.0 million bridge loan to Louis Cappelli, an affiliate, under a promissory note (the Promissory Note ) in anticipation of closing a longer-term structured finance transaction. The Promissory Note bears interest at 4.86% per annum, matures on November 30, 2005, is secured by a security interest in a reserve account owned by the borrower and is pre-payable in whole or in part without penalty. It is anticipated that both this junior mezzanine loan and the Promissory Note will be refinanced by a new junior mezzanine loan to be advanced by us secured by interests in the 1166 Avenue of the Americas condominium and interests in certain development properties controlled by Mr. Cappelli to be made by one or more of our subsidiaries. We funded these investments through a borrowing under our Credit Facility.

At September 30, 2005, we had invested approximately \$76.0 million in mezzanine loans and approximately \$55.3 million in a participating loan investment. In general these investments are secured by a pledge of either a direct or indirect ownership interest in the underlying real estate or leasehold, other guaranties, pledges and assurances.

[Back to Contents](#)

The following table sets forth the terms of the mezzanine loans at September 30, 2005 (in thousands):

Property	Amount	Interest Rate	Funding	Maturity
EAB Plaza	\$ 27,592	14.87%(a)	Sep., 2003	Sep., 2005(b)
Long Island office portfolio	8,031	9.00%	Mar., 2005	Apr., 2010(c)
Long Island office portfolio	20,356	9.00%	Mar., 2005	Apr., 2012(c)
1166 Avenue of the Americas (d)	20,000	15.00%	Sep., 2005	Mar., 2006
	<u>\$ 75,979</u>			

(a) Weighted average interest rate which is based on a spread over LIBOR, with a LIBOR floor of 1.63% per annum.

(b) This mezzanine loan was satisfied on October 7, 2005 in connection with our acquisition of Reckson Plaza.

(c) Prepayable without penalty after 18 months from initial funding.

(d) Junior mezzanine interest secured by an indirect interest in a 550,000 square foot condominium interest.

We hold a \$17.0 million note receivable, which bears interest at 12% per annum and is secured by a minority partnership interest in Omni Partners, L.P., owner of the Omni, a 579,000 square foot Class A office property located in Uniondale, NY (the Omni Note). We currently own a 60% majority partnership interest in Omni Partners, L.P. and on March 14, 2007 may exercise an option to acquire the remaining 40% interest for a price based on 90% of the fair market value of the property.

As of September 30, 2005, we held two other notes receivable, which aggregated approximately \$1.5 million and carried a weighted average interest rate of 10.97% per annum (the Other Notes) and collectively with the Omni Note, our mezzanine loans and preferred loan investments (the Note Receivable Investments). The Other Notes are secured in part by a minority partner's preferred unit interest in the Operating Partnership, an interest in real property and a personal guarantee. \$450,000 of the Other Notes matures on December 1, 2005 and the remaining \$1.0 million matures on January 31, 2010.

As of September 30, 2005, management has made subjective assessments as to the underlying security value on the Note Receivable Investments. These assessments indicate an excess of market value over the carrying value and, based on these assessments, we believe there is no impairment to their carrying value.

On October 7, 2005, a wholly owned subsidiary of the Operating Partnership advanced under a second mortgage loan agreement \$10.0 million to an entity which owns a 60,000 square foot office property located on Madison Avenue in New York City which is currently slated for residential conversion. The borrower is an affiliate of the seller of EAB Plaza which we acquired on October 7, 2005. This mortgage loan bears interest at 20.0% per annum, requires monthly payments of interest only, matures on October 7, 2007 and is secured by the underlying property. The mortgage loan is not pre-payable until the earlier of January 10, 2007 or the sale of the underlying property and upon notice. In addition to this mortgage loan Reckson Construction and Development, LLC (RCD) entered into a development agreement with the owner of the property to perform certain predevelopment, development and/or other services with respect to the property. In exchange for its services, RCD will receive a development fee of \$2.0 million which is payable in equal monthly installments over a two-year period. Interest due under the mortgage note during its term and the entire development fee are currently being held in a segregated account under our control.

## 7. STOCKHOLDERS EQUITY

Basic net income per share on the Company's common stock was calculated using the weighted average number of shares outstanding of 82,544,645 and 70,236,721 for the three months ended September 30, 2005 and 2004, respectively, and 81,847,595 and 66,178,835 for the nine months ended September 30, 2005 and 2004, respectively.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

[Back to Contents](#)

The following table sets forth our reconciliation of numerators and denominators of the basic and diluted net income per weighted average common share and the computation of basic and diluted net income per weighted average share for the Company's common stock (in thousands except for earnings per share data):

	Three Months Ended September 30,		Nine Months Ended, September 30,	
	2005	2004	2005	2004
Numerator:				
Income before discontinued operations and dividends to preferred stockholders	\$ 98,507	\$ 14,760	\$ 130,211	\$ 39,922
Discontinued operations (net of share applicable to limited partners and minority interests)	15,048	4,234	18,461	16,512
Dividends to preferred shareholders	—	(3,437)	—	(11,868)
Redemption charges on Series A preferred stock	—	(6,717)	—	(6,717)
Numerator for basic and diluted earnings per common share	\$ 113,555	\$ 8,840	\$ 148,672	\$ 37,849
Denominator:				
Denominator for basic earnings per share weighted average common shares	82,545	70,237	81,848	66,179
Effect of dilutive securities:				
Common stock equivalents	481	273	436	354
Denominator for diluted earnings per common share adjusted weighted average shares and assumed conversions	83,026	70,510	82,284	66,533
Basic earnings per weighted average common share:				
Income from continuing operations	\$ .16	\$ .07	\$ .55	\$ .32
Gains on sales of real estate	1.04	—	1.04	—
Discontinued operations	.18	.06	.23	.25
Net income per common share	\$ 1.38	\$ .13	\$ 1.82	\$ .57
Diluted earnings per weighted average common share:				
Income from continuing operations	\$ .16	\$ .07	\$ .54	\$ .32
Gains on sales of real estate	1.03	—	1.04	—
Discontinued operations	.18	.06	.23	.25
Diluted net income per common share	\$ 1.37	\$ .13	\$ 1.81	\$ .57

In calculating diluted net income per weighted average common share, the Company takes into consideration any security that may be potentially dilutive with respect to its common stock. For all periods presented, securities considered to be potentially dilutive include, to the extent outstanding, stock option grants, Series A preferred stock and Series B preferred stock. OP Units have a distribution rate equivalent to a share of common stock and are convertible into common stock on a one for one basis. As such, OP Units are not dilutive with respect to the common stock.

A Class A OP Unit and a share of common stock have similar economic characteristics as they effectively share equally in the net income or loss and distributions of the Operating Partnership. As of September 30, 2005, the Operating Partnership had issued and outstanding 1,617,675 Class A OP Units and 465,845 Class C OP Units. The Class A OP Units and the Company's common stock currently receive a quarterly distribution of \$0.4246 per unit/share. The Class C OP Units were issued in August 2003 in connection

## Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

with the contribution of real property to the Operating Partnership and currently receive a quarterly distribution of \$0.4664 per unit. Subject to certain holding periods, OP Units may either be redeemed for cash or, at the election of the Company, exchanged for shares of common stock on a one-for-one basis.

On June 20, 2005, as part of the consideration to acquire our joint venture partner's 40% interest in the property located at 520 White Plains Road, Tarrytown, NY, we issued 127,510 OP Units valued at \$31.37 per OP Unit.

During June 2005, the Operating Partnership issued \$287.5 million aggregate principal amount of 4.00% exchangeable senior debentures due June 15, 2025. The debentures were issued at 98% of par and are exchangeable for shares of common stock of the Company on or after June 15, 2024, and also under certain circumstances, at an initial exchange rate of 24.6124 common shares per \$1,000 of principal amount of debentures. The initial exchange price of \$40.63 represents a premium of approximately 25% to the closing price of the Company's common stock on the issuance date of \$32.50 per share. If exchanged in accordance with their terms, the debentures will be settled in cash up to their principal amount and any remaining exchange value will be settled, at our option, in cash, the Company's common stock or a combination thereof. In accordance with the exchange rate terms of the debentures the Company has reserved approximately 8.8 million shares of its authorized common stock, \$.01 par value, for potential future issuance upon the exchange of the debentures. Such amount is based on an exchange rate of 30.7692 common shares per \$1,000 of principal amount of debentures.

[Back to Contents](#)

Although we have reserved these shares pursuant to the terms of the exchange rate terms, we believe the issuance of our shares, if any, would be significantly less than 8.8 million shares. The debentures are guaranteed by the Company. We have the option to redeem the debentures beginning June 18, 2010 for the principal amount plus accrued and unpaid interest. Holders of the debentures have the right to require us to repurchase their debentures at 100% of the principal amount thereof plus accrued and unpaid interest on June 15, 2010, June 15, 2015 and June 15, 2020 or, in the event of certain change in control transactions, prior to June 15, 2010.

The limited partners' minority interest in the Operating Partnership ( Limited Partner Equity ), which is reflected on the accompanying balance sheets, is reported at an amount equal to the limited partners' ownership percentage of the net equity of the Operating Partnership at the end of the reporting period. The Limited Partner Equity is adjusted at the end of the period to reflect the ownership percentages at that time. The Limited Partner Equity was approximately 3.2% and 4.3% at September 30, 2005 and 2004, respectively.

During the three month period ended September 30, 2005, 22,500 shares of the Company's common stock were issued in connection with the exercise of outstanding options to purchase stock under its stock option plans resulting in proceeds to us of approximately \$600,000. In addition, during June 2005, a limited partner in the Operating Partnership exchanged 841,992 OP Units for an equal number of shares of the Company's common stock.

The Board of Directors of the Company initially authorized the purchase of up to 5.0 million shares of the Company's common stock. Transactions conducted on the New York Stock Exchange have been, and will continue to be, effectuated in accordance with the safe harbor provisions of the Securities Exchange Act of 1934 and may be terminated by the Company at any time. Since the Board's initial authorization, the Company has purchased 3,318,600 shares of its common stock for an aggregate purchase price of approximately \$71.3 million. In June 2004, the Board of Directors re-set the Company's common stock repurchase program back to 5.0 million shares. No purchases have been made since March 2003.

The Operating Partnership has issued and outstanding 1,200 preferred units of limited partnership interest with a liquidation preference value of \$1,000 per unit and a stated distribution rate of 7.0%, which is subject to reduction based upon terms of their initial issuance (the Preferred Units ). The terms of the Preferred Units provide for this reduction in distribution rate in order to address the effect of certain mortgages with above market interest rates which were assumed by the Operating Partnership in connection with properties contributed to the Operating Partnership in 1998. As a result of the aforementioned reduction, there are currently no distributions being made on the Preferred Units.

In July 2002, as a result of certain provisions of the Sarbanes-Oxley Act of 2002, we discontinued the use of stock loans in our Long Term Incentive Programs ( LTIP ). In connection with LTIP grants made prior to the enactment of the Sarbanes-Oxley Act of 2002, we currently have stock loans outstanding to certain executive officers which were used to purchase 385,000 shares of our common stock. The stock loans were priced at the market prices of our common stock at the time of issuance, bear interest at the mid-term Applicable Federal Rate and are secured by the shares purchased. Such stock loans (including accrued interest) are scheduled to vest and be ratably forgiven each year on the anniversary of the grant date based upon initial vesting periods ranging from seven to ten years. Such forgiveness is based on continued service and in part on the Company attaining certain annual performance measures. These stock loans had an initial aggregate weighted average vesting period of approximately nine years. As of September 30, 2005, there remains 180,714 shares of common stock subject to the original stock loans which are anticipated to vest between 2006 and 2011. Approximately \$285,000 and \$792,000 and \$290,000 and \$846,000 of compensation expense was recorded for the three and nine month periods ended September 30, 2005 and 2004, respectively, related to these loans. Such amounts have been included in marketing, general and administrative expenses on the accompanying consolidated statements of income.

The outstanding stock loan balances due from executive officers aggregated approximately \$3.8 million and \$4.7 million at September 30, 2005 and December 31, 2004, respectively, and have been included as a reduction of additional paid in capital on the accompanying consolidated balance sheets. Other outstanding loans to executive and senior officers at September 30, 2005 and December 31, 2004 amounted to approximately \$1.5 million and \$2.7 million, respectively, and are included in investments in affiliate loans and joint ventures on the accompanying consolidated balance sheets and are primarily related to tax payment advances on stock compensation awards and life insurance contracts made to certain executive and non-executive officers.

In November 2002 and March 2003, an award of rights was granted to certain executive officers of the Company (the 2002 Rights and 2003 Rights ), respectively, and collectively, the Rights ). Each Right represents the right to receive, upon vesting, one share of common stock if shares are then available for grant under one of the Company's stock option plans or, if shares are not so available, an amount of cash equivalent to the value of such stock on the vesting date. The 2002 Rights vest in four equal annual installments beginning on November 14, 2003 (and shall be fully vested on November 14, 2006). The 2003 Rights were earned on

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

March 13, 2005 and vest in three equal annual installments beginning on March 13, 2005 (and shall be fully vested on March 13, 2007). Dividends on the shares will be held by the Company until such shares become vested, and will be distributed thereafter to the applicable officer. The 2002 Rights also entitle the holder thereof to cash payments in respect of taxes payable by the holder resulting from the 2002 Rights. The 2002 Rights aggregate 62,835 shares of the Company's common stock and the 2003 Rights aggregate 26,040 shares of common stock. As of September 30, 2005, there remains 31,417 shares of common stock reserved related to the 2002 Rights and 17,360 shares of common stock reserved related to the 2003 Rights. Approximately \$121,000 and \$345,000 and \$101,000 and \$302,000 of compensation expense was recorded for the three and nine month periods ended September 30, 2005 and 2004, respectively, related to the Rights. Such amounts have been included in marketing, general and administrative expenses on the accompanying consolidated statements of income.

[Back to Contents](#)

In March 2003, the Company established a new LTIP for its executive and senior officers (the 2003 LTIP). The four-year plan has a core award, which provides for annual stock based compensation based upon continued service and in part based on the Company attaining certain annual performance measures. The plan also has a special outperformance component in the form of a bonus pool equal to 10% of the total return in excess of a 9% cumulative and compounded annual total return on the Company's common equity for the period through the four-year anniversary after the date of grant (the Special Outperformance Pool). The aggregate amount payable to such officers from the Special Outperformance Pool is capped at an amount calculated based upon a total cumulative and compounded annual return on the common equity of 15%. An officer's special outperformance award represents an allocation of the Special Outperformance Pool and will become vested on the fourth anniversary of the date of grant, provided that the officer remains in continuous employment with the Company or any of its affiliates until such date, and the Company has achieved on a cumulative and compounded basis, during the four fiscal years completed on the applicable anniversary date, a total return to holders of the common equity that (i) is at or above the 60<sup>th</sup> percentile of the total return to stockholders achieved by members of the peer group during the same period and (ii) equals at least 9% per annum. Special outperformance awards will be paid in cash; however, the Compensation Committee, in its sole discretion, may elect to pay such an award in shares of common stock, valued at the date of vesting, if shares are available at such time under any of the Company's existing stock option plans. The LTIP provides that no dividends or dividend equivalent payments will accrue with respect to the special outperformance awards. On March 13, 2003, the Company made available 827,776 shares of its common stock under its existing stock option plans in connection with the core award of the 2003 LTIP for certain of its executive and senior officers. During May 2003, the special outperformance awards of the 2003 LTIP were amended to increase the per share base price above which the four year cumulative return is measured from \$18.00 to \$22.40.

The Board of Directors approved an amendment to the 2003 LTIP to revise the peer group used to measure relative performance. The amendment eliminated the mixed office and industrial companies and added certain other pure office companies in order to revise the peer group to office sector companies. The Board has also approved the revision of the performance measurement dates for future vesting under the core component of the 2003 LTIP from the anniversary of the date of grant to December 31 of each year. This was done in order to have the performance measurement coincide with the performance period that the Company believes many investors use to judge the performance of the Company.

On December 27, 2004, the Operating Partnership entered into definitive agreements with certain executive and senior officers of the Company to revise their incentive awards under the 2003 LTIP. The revised agreements provide for (i) the rescission of the unvested portion of their core awards and (ii) an award in exchange for the rescinded core awards of an equal number of units of a new class of limited partnership interests (LTIP Units) of the Operating Partnership.

Each executive and senior officer participating in the 2003 LTIP was offered the option to retain all or a portion of his core awards or to rescind them in exchange for new awards of LTIP Units. On December 27, 2004, certain executive and senior officers accepted such offer and thereby amended their Amended and Restated Long-Term Incentive Award Agreement to cancel, in the aggregate, 362,500 shares of restricted stock of the Company representing all or a portion of their unvested core award, and received an equal number of LTIP Units.

The revised awards under the 2003 LTIP were designed to provide the potential for executives to retain a greater equity interest in the Company by eliminating the need for executives to sell a portion of the core awards immediately upon vesting in order to satisfy personal income taxes which are due upon vesting under the original core awards.

On March 13, 2005 and March 13, 2004, with respect to the 2003 LTIP, the Company met its annual performance measure with respect to the 2004 and 2003 annual measurement periods, respectively. As a result, the Company issued to the participants of the 2003 LTIP 102,779 and 206,944 shares of its common stock, respectively, related to the core component of the 2003 LTIP.

The terms of each award of LTIP Units are substantially similar to those of the core awards under the 2003 LTIP. The vesting, performance hurdles and timing for vesting remain unchanged. However, an LTIP Unit represents an equity interest in the Operating Partnership, rather than the Company. At issuance, the LTIP Unit has no value but may over time accrete to a value equal to (but never greater than) the value of one share of common stock of the Company (a REIT Share). Initially, LTIP Units will not have full parity with OP Units with respect to liquidating distributions. Upon the occurrence of certain triggering events, the Operating Partnership will revalue its assets for the purpose of the capital accounts of its partners and any increase in valuation of the Operating Partnership's assets from the date of the issuance of the LTIP Units through the triggering event will be allocated to the capital accounts of holders of LTIP Units until their capital accounts are equivalent to the capital accounts of holders of OP Units. If such equivalence is reached, LTIP Units would achieve full parity with OP Units for all purposes, and therefore accrete to an economic value equivalent to REIT Shares on a one-for-one basis. After two years from the date of grant, if such parity is reached, vested LTIP Units may be redeemed for cash in an amount equal to the then fair market value of an equal number of REIT Shares or converted into an equal number of OP Units, as determined by the Company's Compensation Committee.

## Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

However, there are circumstances under which such economic equivalence would not be reached. Until and unless such economic equivalence is reached, the value that the officers will realize for vested LTIP Units will be less than the value of an equal number of REIT Shares. In addition, unlike core awards under the 2003 LTIP (wherein dividends that accumulate are paid upon vesting), LTIP Units will receive the same quarterly distributions as OP Units on a current basis, thus providing full dividend equivalence with REIT Shares. At the scheduled March 2005 vesting date, the specified performance hurdles were met, and officers that received LTIP Units received a one-time cash payment that represented payment of the full vested amount of the accrued unpaid dividends under the core award of the 2003 LTIP through December 27, 2004, the issuance date of the LTIP Units. In addition, the officers, in the aggregate, vested in 104,167 LTIP Units. In order to more closely replicate the terms of the core awards being rescinded, the Company also entered into agreements with three executive officers, which provide that in the event of a change of control the executive shall receive the equivalent value of one REIT Share for each LTIP Unit.

[Back to Contents](#)

In March 2005, following the recommendation of the Compensation Committee of the Board of Directors, eight senior and executive officers of the Company were awarded, in the aggregate, 272,100 LTIP Units to continue to incentivize them for the long-term (the 2005 LTIP Unit Grants). Each such LTIP Unit awarded is deemed equivalent to an award of one share of common stock reserved under one of the Company's stock option plans, reducing availability for other equity awards on a one-for-one basis. The terms of the 2005 LTIP Unit Grants are generally consistent with the terms of the 2003 LTIP, including with respect to the impact upon vesting in the event of a change of control.

As of September 30, 2005, and as a result of the foregoing, there remains 155,553 shares of common stock reserved for future issuance under the core award of the 2003 LTIP and 530,433 shares of common stock reserved for issuance with respect to the issuance of LTIP Units. With respect to the core award of the 2003 LTIP, the Company recorded approximately \$305,000 and \$915,000 and \$699,000 and \$2.1 million of compensation expense for the three and nine month periods ended September 30, 2005 and 2004, respectively. In addition, with respect to the LTIP Units and the 2005 LTIP Unit Grants, the Company recorded compensation expense of approximately \$822,000 and \$2.1 million for the three and nine month periods ended September 30, 2005, respectively. Such amounts have been included in marketing, general and administrative expenses on the accompanying consolidated statements of income. Based on the terms of the 2003 LTIP plan, potential outcomes of the Special Outperformance Pool are estimated to range from \$0, assuming the requisite four year cumulative performance measures are not met, to a maximum of approximately \$34.0 million, assuming relative peer group performance measures are met and a 15% cumulative and compounded return on common equity. No accrual has been made with respect to the Special Outperformance Pool, due to the uncertainty of the outcome of achieving the requisite performance measures at the December 31, 2006 measurement date.

Compensation expense with respect to the core component of the 2003 LTIP, which relates to the Company attaining certain annual performance measures, is recognized in accordance with paragraph 26 of Statement No. 123 as a target stock price plan. Under this type of plan, compensation expense is recognized for the target stock price awards whether or not the targeted stock price condition is achieved as long as the underlying service conditions are achieved. Accordingly, we obtained an independent third party valuation of the 2003 LTIP awards and recognize compensation expense on a straight-line basis through the vesting period for awards to employees who remain in service over the requisite period regardless of whether the target stock price has been reached.

Compensation expense with respect to the core component of the 2003 LTIP, which relates to the continued service of the grantee, is recognized in accordance with Statement No. 123 in which compensation expense is recognized on a straight-line basis through the vesting period based on the fair market value of the stock on the date of grant.

As a result of the election of certain executive and senior officers to exchange all or a portion of their 2003 LTIP into an equal number of LTIP Units we again obtained an independent third party valuation of the newly granted LTIP Units and determined that the fair value of the LTIP Units was not greater than the exchanged 2003 LTIP awards on the date of the exchange. As such, compensation expense to be recognized, on a straight-lined basis, over the vesting period of the LTIP Units equals the amount of unamortized compensation expense cost for the 2003 LTIP awards as of the exchange date.

We expect to adopt Statement No. 123R on January 1, 2006; however, at this time we are not able to determine the impact of Statement No. 123R on our consolidated financial statements.

We own all of the interests in our real estate properties directly or indirectly through the Operating Partnership. Our portfolio consists of Class A office properties located within the New York City metropolitan area and Class A suburban office and industrial / R&D properties located and operated within the Tri-State Area (the Core Portfolio). Our portfolio also includes one office property located in Orlando, Florida. We have formed an Operating Committee that reports directly to our President and Chief Financial Officer who have been identified as the Chief Operating Decision Makers due to their final authority over resource allocation, decisions and performance assessment.

We do not consider (i) interest incurred on our Credit Facility, Bridge Facility and Senior Unsecured Notes, (ii) the operating performance of the office property located in Orlando, Florida, (iii) the operating performance of those properties reflected as discontinued operations on our consolidated statements of income and (iv) the operating results of the Service Companies as part of our Core Portfolio's property operating performance for purposes of our component disclosure set forth below.

The accounting policies of the reportable segments are the same as those described in the summary of significant accounting policies. In addition, historical amounts have been adjusted to give effect to our discontinued operations in accordance with FASB Statement No. 144.

The following table sets forth the components of our revenues and expenses and other related disclosures (in thousands):

**10. NON-CASH INVESTING AND FINANCING ACTIVITIES**

In May 2005, we acquired an approximate \$55.3 million interest in a 15-year loan secured by an indirect interest in a 550,000 square foot condominium in a Class A office tower located at 1166 Avenue of the Americas, New York, NY. This investment replaced our \$34.0 million mezzanine loan, including accrued and unpaid interest, to one of the partners owning such condominium interest.

During June 2005, a limited partner exchanged 841,992 OP Units for an equal number of shares of the Company's common stock, which were priced at \$31.60 per share.

## Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

On June 20, 2005, as part of the consideration to acquire our joint venture partner's 40% interest in the property located at 520 White Plains Road, Tarrytown, NY, we issued 127,510 OP Units valued at \$31.37 per OP Unit and assumed approximately \$4.1 million of secured mortgage indebtedness of the joint venture.

On September 21, 2005, in connection with the Tranche I closing of the RAOC JV, we received non-cash consideration, in the form of (i) LPT Units valued at approximately \$42.7 million and (ii) the assignment of approximately \$196.1 million of secured mortgage debt.

On September 30, 2005, in connection with a \$20.0 million junior mezzanine loan investment, we withheld from the funding approximately \$1.6 million to establish an interest reserve which remains under our control.

[Back to Contents](#)

## 11. RELATED PARTY TRANSACTIONS

In connection with our IPO, we were granted ten-year options to acquire ten properties (the Option Properties ) which were either owned by certain Rechler family members who were also executive officers of the Company, or in which the Rechler family members owned a non-controlling minority interest, at prices based upon an agreed upon formula. In years prior to 2001, one Option Property was sold by the Rechler family members to a third party and four of the Option Properties were acquired by us for an aggregate purchase price of approximately \$35.0 million, which included the issuance of approximately 475,000 Class A OP Units valued at approximately \$8.8 million. During November 2003, in connection with the sale of all but three of our 95 property, 5.9 million square foot, Long Island industrial building portfolio to members of the Rechler family, four of the five remaining options (the Remaining Option Properties ) were terminated along with management contracts relating to three of the properties.

As part of the Company's REIT structure it is provided management, leasing and construction related services through taxable REIT subsidiaries as defined by the Code. These services are currently provided by the Service Companies. During the three and nine months ended September 30, 2005 and 2004, RCD billed approximately \$6,000 and \$32,000 and \$170,000 and \$848,000, respectively, of market rate services and Reckson Management Group, Inc. ( RMG ) billed approximately \$75,000 and \$217,000 and \$68,000 and \$206,000, respectively, of market rate management fees to the Remaining Option Properties.

RMG leases approximately 26,000 square feet of office space at a Remaining Option Property located at 225 Broadhollow Road, Melville, NY for its corporate offices at an annual base rent of approximately \$809,000. RMG also leases 10,722 square feet of warehouse space used for equipment, materials and inventory storage at a property owned by certain members of the Rechler family at an annual base rent of approximately \$79,000. In addition, commencing April 1, 2004, RCD has been leasing approximately 17,000 square feet of space at a Remaining Option Property, located at 225 Broadhollow Road, Melville, NY, which is scheduled to terminate on September 30, 2006. Base rent of approximately \$124,000 and \$368,000 was paid by RCD during the three and nine months ended September 30, 2005, respectively, and \$287,000 was paid for the six months ended September 30, 2004. Commencing in April 2005, RCD sub-let the entire 17,000 square feet to a third party for approximately \$35,000 per month through RCD's September 2006 lease termination date.

On March 28, 2005, an entity ( REP ) owned by members of the Rechler family (excluding Scott Rechler, but including his father, Roger, and brother, Gregg) exercised a Right of First Refusal (which was granted in connection with the 2003 sale of the industrial portfolio by us) to acquire a vacant parcel of land for a purchase price of \$2.0 million. We have agreed to provide REP with the option to defer the closing on the purchase until September 2006, for a non-refundable deposit of \$400,000 and a fee of \$10,666 per month for each month that the closing is deferred. In connection therewith, REP agreed to settle a dispute concerning an easement on a separate parcel of land owned by us adjacent to one of the properties transferred to REP in the 2003 industrial transaction.

A company affiliated with an independent director of the Company leases 15,566 square feet in a property owned by us at an annual base rent of approximately \$430,000.

During 1997, the Company formed FrontLine Capital Group ( FrontLine ), and Reckson Strategic Venture Partners, LLC ( RSVP ), a real estate venture capital fund whose common equity is held indirectly by FrontLine. In connection with the formation and subsequent spin-off of FrontLine, the Operating Partnership established an unsecured credit facility with FrontLine (the FrontLine Facility ) in the amount of \$100.0 million. The Operating Partnership also approved the funding of investments of up to \$110.0 million relating to REIT-qualified investments through RSVP-controlled joint ventures or advances made to FrontLine under an additional unsecured loan facility (the RSVP Facility ) having terms similar to the FrontLine Facility (advances made under the RSVP Facility and the FrontLine Facility hereafter, the FrontLine Loans ). To date, approximately \$59.8 million has been funded to RSVP-controlled joint ventures and \$142.7 million through the FrontLine Loans (collectively, the RSVP / FLCG Investments ) on which we accrued interest (net of reserves) of approximately \$19.6 million.

A committee of the Board of Directors, comprised solely of independent directors, considers any actions to be taken by the Company in connection with the RSVP / FLCG Investments and during 2001, based on our assessment of value and recoverability of the RSVP / FLCG Investments and considering the findings and recommendations of the committee and its financial advisor, we recorded a \$163.0 million valuation reserve charge, inclusive of anticipated costs against the carrying cost of the RSVP / FLCG Investments. In addition, we have discontinued the accrual of interest income with respect to the FrontLine Loans and have also reserved against our share of GAAP equity in earnings, if any, from the RSVP-controlled joint ventures until such income is realized through cash distributions.

FrontLine is in default under the FrontLine Loans and on June 12, 2002, filed a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code.

[Back to Contents](#)

In September 2003, RSVP completed the restructuring of its capital structure and management arrangements whereby a management company formed by its former managing directors, whose contracts as managing directors were terminated, has been retained to manage RSVP pursuant to a management agreement. The management agreement, which has a term of three years and is subject to early termination in the event of the disposition of all of the assets of RSVP, provides for an annual base management fee and disposition fees equal to 2% of the net proceeds received by RSVP on asset sales (the Fees). The Fees are subject to a maximum over the term of the agreement of \$7.5 million. In addition, the former managing directors of RSVP retained a one-third residual interest in RSVP's assets which is subordinated to the distribution of an aggregate amount of \$75.0 million to RSVP and/or us in respect of RSVP-controlled joint ventures.

In connection with RSVP's capital restructuring, RSVP and certain of its affiliates obtained a \$60.0 million secured loan (the RSVP Secured Loan). On November 3, 2005, the outstanding balance of the RSVP Secured Loan was repaid primarily with proceeds received from the sale of certain assisted living related assets.

The net carrying value of our investments in the RSVP / FCG Investments of approximately \$55.2 million was reassessed with no change by management as of September 30, 2005. Such amount is included in investments in affiliate loans and joint ventures on our consolidated balance sheet.

Scott H. Rechler, who serves as our Chief Executive Officer, President and Chairman of the Board, serves as CEO and Chairman of the Board of Directors of FrontLine and is its sole board member. Scott H. Rechler also serves as a member of the management committee of RSVP and serves as a member of the Board of Directors of American Campus Communities, a company formally owned by RSVP.

In November 2004, a joint venture in which RSVP owns approximately 47% executed a binding agreement to contribute its Catskills, NY resort properties (excluding residentially zoned land) to Empire Resorts Inc. (NASDAQ: NYNY) ( Empire ) for consideration of 18.0 million shares of Empire's common stock and the right to appoint five members of their Board of Directors. It is currently anticipated that Scott H. Rechler will be appointed to fill one such seat. On March 4, 2005, Empire announced that the agreement had been amended, whereby the parties agreed to waive the condition to closing which required final governmental approval of gaming in the Catskills. The transaction is subject to satisfaction of certain conditions and approvals, including the approval of Empire's shareholders. Since the execution of the agreement, certain events have occurred which may adversely affect the timing or potential for gaming to be approved at Empire's properties. Based on these events, we are closely monitoring the situation and the status of the transaction. There can be no assurances that gaming will be approved in the Catskills or that the transaction will be completed on its current terms or at all.

## 12. COMMITMENTS AND CONTINGENCIES

The Company has entered into amended and restated employment and noncompetition agreements with three executive officers. These agreements which were scheduled to expire on August 15, 2005 were extended in all respects through December 31, 2005. The Company has also entered into an employment agreement with one additional officer prior to his appointment as an executive officer. This agreement expires in December 2006.

We had undrawn letters of credit outstanding against our Credit Facility of approximately \$25.2 million at September 30, 2005, \$24.0 million of which was being used to secure a deposit obligation for the acquisition of Reckson Plaza which occurred in October 2005. As a result, this letter of credit was returned to us and subsequently cancelled.

In connection with the mortgage indebtedness securing nine of the Tranche I properties, which were transferred to the RAOC JV on September 21, 2005, and three of the Tranche III properties scheduled to be transferred to the RAOC JV during October 2006, we have guaranteed to the lender certain customary non-recourse carve-outs, as well as certain obligations relating to the potential termination of a number of leases at four of these properties. We have also guaranteed to the lender certain capital requirements related to these properties. We will be relieved of the customary non-recourse carve-outs and capital requirements upon transfer of the respective properties to the RAOC JV and the RAOC JV meeting a net worth test of at least \$100.0 million. We will be relieved of all but two of the lease related obligations upon transfer of the respective properties to the RAOC JV and the RAOC JV meeting a net worth test of at least \$200.0 million. The RAOC JV has agreed to indemnify us for any loss, cost or damage it may incur pursuant to our guaranty of these obligations. As of September 30, 2005, the RAOC JV met the \$100.0 million net worth threshold and there remain approximately \$18 million of aggregate guarantees outstanding.

[Back to Contents](#)

A number of shareholder derivative actions have been commenced purportedly on behalf of the Company against the Board of Directors relating to the disposition of our Long Island industrial portfolio. The complaints allege, among other things, that the process by which the directors agreed to the transaction was not sufficiently independent of the Rechler family and did not involve a market check or third party auction process and, as a result, was not for adequate consideration. The plaintiffs seek similar relief, including a declaration that the directors violated their fiduciary duties and damages. On May 25, 2004, the Circuit Court for Baltimore City granted the defendants' motions to dismiss the three consolidated Maryland actions on the ground that the plaintiffs in those actions had failed to make a pre-suit demand on the Board of Directors, or to allege facts showing that such a demand would have been futile. Final judgment was entered on June 8, 2004, and on June 30, 2004, the plaintiffs in the Maryland actions filed a notice of appeal from that judgment to the Maryland Court of Special Appeals. The Company's management believes that the complaints are without merit.

On April 4, 2005 the Company and the other parties to the shareholder derivative actions filed against the Company in connection with its disposition of its industrial portfolio agreed to settle such actions pursuant to the Stipulation of Settlement, dated as of March 14, 2005 and executed subsequent thereto. The settlement includes various changes to the Company's corporate governance policies to provide for an Affiliate Transaction Committee and to require that the Company's Board of Directors be comprised of at least two-thirds independent directors (as defined in the Company's Corporate Governance Guidelines), as well as certain other concessions and provides for the payment of plaintiffs' counsel's fees of \$2.15 million. Although we believe such payment is covered by insurance, subject to a \$500,000 deductible, we are currently in discussions with our carrier concerning such coverage. Pursuant to the terms of the Stipulation of Settlement, the parties to the shareholder derivative litigation intend to seek the dismissal of the actions filed in New York federal and state court. The settlement was approved by Judge Evelyn Omega Connor of the Circuit Court of Baltimore City on September 20, 2005.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the historical financial statements of Reckson Associates Realty Corp. (the "Company") and related notes thereto.

The Company considers certain statements set forth herein to be forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, with respect to the Company's expectations for future periods. Certain forward-looking statements, including, without limitation, statements relating to the timing and success of acquisitions and the completion of development or redevelopment of properties, the financing of the Company's operations, the ability to lease vacant space and the ability to renew or relet space under expiring leases, involve risks and uncertainties. Many of the forward-looking statements can be identified by the use of words such as believes, may, expects, anticipates, intends or similar expressions. Although the Company believes that the expectations reflected in such forward-looking statements are based on reasonable assumptions, the actual results may differ materially from those set forth in the forward-looking statements and the Company can give no assurance that its expectation will be achieved. Among those risks, trends and uncertainties are: the general economic climate, including the conditions affecting industries in which our principal tenants compete; changes in the supply of and demand for office in the New York Tri-State area; changes in interest rate levels; changes in the Company's credit ratings; changes in the Company's cost and access to capital; downturns in rental rate levels in our markets and our ability to lease or re-lease space in a timely manner at current or anticipated rental rate levels; the availability of financing to us or our tenants; the financial condition of our tenants; changes in operating costs, including utility, security, real estate tax and insurance costs; repayment of debt owed to the Company by third parties; risks associated with joint ventures; liability for uninsured losses or environmental matters; and other risks associated with the development and acquisition of properties, including risks that development may not be completed on schedule, that the tenants will not take occupancy or pay rent, or that development or operating costs may be greater than anticipated. Consequently, such forward-looking statements should be regarded solely as reflections of the Company's current operating and development plans and estimates. These plans and estimates are subject to revisions from time to time as additional information becomes available, and actual results may differ from those indicated in the referenced statements.

### Critical Accounting Policies

The consolidated financial statements of the Company include accounts of the Company and all majority-owned and controlled subsidiaries. The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions in certain circumstances that affect amounts reported in the Company's consolidated financial statements and related notes. In preparing these financial statements, management has utilized information available including its past history, industry standards and the current economic environment, among other factors, in forming its estimates and judgments of certain amounts included in the consolidated financial statements, giving due consideration to materiality. It is possible that the ultimate outcome as anticipated by management in formulating its estimates inherent in these financial statements may not materialize. However, application of the critical accounting policies below involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. In addition, other companies may utilize different estimates, which may impact comparability of the Company's results of operations to those of companies in similar businesses.

#### *Revenue Recognition and Accounts Receivable*

Minimum rental revenue is recognized on a straight-line basis, which averages minimum rents over the terms of the leases. The excess of rents recognized over amounts contractually due are included in deferred rents receivable on our balance sheets. Contractually due but unpaid rents are included in tenant receivables on our balance sheets. Certain lease agreements also provide for reimbursement of real estate taxes, insurance, common area maintenance costs and indexed rental increases, which are recorded on an accrual basis. Ancillary and other property related income is recognized in the period earned.

We make estimates of the collectibility of our accounts receivables related to base rents, tenant escalations and reimbursements and other revenue or income. We specifically analyze tenant receivables and historical bad debts, customer credit worthiness, current economic trends and changes in customer payment terms when evaluating the adequacy of our allowance for doubtful accounts. In addition, when tenants are in bankruptcy, we make estimates of the expected recovery of pre-petition administrative and damage claims. In some cases, the ultimate resolution of those claims can exceed a year. These estimates have a direct impact on our net income because a higher bad debt reserve results in less net income.

We incurred approximately \$635,000 and \$1.7 million and \$1.3 million and \$3.1 million of bad debt expense, related to tenant receivables during the three and nine month periods ended September 30, 2005 and 2004, respectively, which accordingly reduced

our total revenues and reported net income during the period.

[Back to Contents](#)

We record interest income on our investments in notes receivable on the accrual basis of accounting. We do not accrue interest on impaired loans where, in the judgment of management, collection of interest according to the contractual terms is considered doubtful. Among the factors we consider in making an evaluation of the collectibility of interest are: (i) the status of the loan, (ii) the value of the underlying collateral, (iii) the financial condition of the borrower and (iv) anticipated future events.

Reckson Construction & Development LLC (the successor to Reckson Construction Group, Inc.) and Reckson Construction Group New York, Inc. use the percentage-of-completion method for recording amounts earned on their contracts. This method records amounts earned as revenue in the proportion that actual costs incurred to date bear to the estimate of total costs at contract completion.

Gains on sales of real estate are recorded when title is conveyed to the buyer, subject to the buyer's financial commitment being sufficient to provide economic substance to the sale and us having no substantial continuing involvement with the buyer. Additionally, in connection with a sale of real estate, if the Company retains certain risks in the form of guarantees, the profit recognized on that sale shall be reduced and deferred by the maximum exposure to loss, until such exposure is relieved.

We follow the guidance provided for under the Financing Accounting Standards Board ( FASB ) Statement No. 66 Accounting for Sales of Real Estate ( Statement No. 66 ), which provides guidance on sales contracts that are accompanied by agreements which require the seller to develop the property in the future. Under Statement No. 66, profit is recognized and allocated to the sale of the land and the later development or construction work on the basis of estimated costs of each activity; the same rate of profit is attributed to each activity. As a result, profits are recognized and reflected over the improvement period on the basis of costs incurred (including land) as a percentage of total costs estimated to be incurred. We use the percentage of completion method, as future costs of development and profit are reliably estimated.

*Real Estate*

Land, buildings and improvements, furniture, fixtures and equipment are recorded at cost. Tenant improvements, which are included in buildings and improvements, are also stated at cost. Expenditures for ordinary maintenance and repairs are expensed to operations as they are incurred. Renovations and / or replacements, which improve or extend the life of the asset, are capitalized and depreciated over their estimated useful lives.

Depreciation is computed utilizing the straight-line method over the estimated useful lives of ten to thirty years for buildings and improvements and five to ten years for furniture, fixtures and equipment. Tenant improvements, which are included in buildings and improvements, are amortized on a straight-line basis over the term of the related leases.

We are required to make subjective assessments as to the useful lives of our properties for purposes of determining the amount of depreciation to reflect on an annual basis with respect to those properties. These assessments have a direct impact on our net income. Should we lengthen the expected useful life of a particular asset, it would be depreciated over more years, and result in less depreciation expense and higher annual net income.

On July 1, 2001 and January 1, 2002, we adopted FASB Statement No.141, Business Combinations and FASB Statement No. 142, Goodwill and Other Intangibles, respectively. As part of the acquisition of real estate assets, the fair value of the real estate acquired is allocated to the acquired tangible assets, consisting of land, building and building improvements, and identified intangible assets and liabilities, consisting of the value of above-market and below-market leases, other value of in-place leases, and value of tenant relationships, based in each case on their fair values.

We allocate a portion of a property's purchase price to tangible assets including the fair value of the building and building improvements on an as-if-vacant basis and to land determined either by real estate tax assessments, independent appraisals or other relevant data. Additionally, we assess fair value of identified intangible assets and liabilities based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information.

Estimates of future cash flows are based on a number of factors including the historical operating results, known trends, and market/economic conditions that may affect the property. If we incorrectly estimate the values at acquisition or the undiscounted cash flows, initial allocation of purchase price and future impairment charges may be different.

*Long Lived Assets*

We are required to make subjective assessments as to whether there are impairments in the value of our real estate properties and other investments. An investment's value is impaired only if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the investment are less than the carrying value of the investment. Such assessments consider factors such as cash flows, expected future operating income, trends and prospects, as well as the effects of demand, competition and other factors. To the extent impairment has occurred it will be measured as the excess of the carrying amount of the property over the fair value of the property. These assessments have a direct impact on our net income, as the recognition of an impairment results in an immediate negative adjustment to net income. In determining impairment, if any, we have followed FASB Statement No. 144, *Accounting for the Impairment or Disposal of Long Lived Assets* (Statement No. 144). Statement No. 144 did not have an impact on net income allocable to common shareholders. Statement No. 144 only impacts the presentation of the results of operations and gains on sales of real estate assets for those properties sold during the period within the consolidated statements of income.

[Back to Contents](#)

*Stock-Based Compensation*

In December 2002, the FASB issued Statement No. 148, *Accounting for Stock-Based Compensation Transition and Disclosure* ( Statement No. 148 ). Statement No. 148 amends FASB Statement No. 123, *Accounting for Stock-Based Compensation* ( Statement No. 123 ) to provide alternative methods of transition for an entity that voluntarily adopts the fair value recognition method of recording stock option expense. Statement No. 148 also amends the disclosure provisions of Statement No. 123 and Accounting Principles Board Opinion No. 28, *Interim Financial Reporting* to require disclosure in the summary of significant accounting policies of the effects of an entity's accounting policy with respect to stock options on reported net income and earnings per share in annual and interim financial statements.

On December 16, 2004, the FASB issued Statement No. 123 (revised 2004), *Share-Based Payment* ( Statement No. 123R ), which is a revision of Statement No. 123. Statement No. 123R supersedes Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*, and amends FASB Statement No. 95, *Statement of Cash Flows*. Generally, the approach in Statement No. 123R is similar to the approach described in Statement No. 123. However, Statement No. 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. Statement No. 123R must be adopted no later than January 1, 2006. Early adoption will be permitted in periods in which financial statements have not yet been issued. We expect to adopt Statement No. 123R on January 1, 2006. Once adopted, pro forma disclosure is no longer an alternative.

Effective January 1, 2002, we elected to follow Statement No. 123 and use the Black-Scholes option pricing model to estimate the value of stock options granted to employees and expect to continue to use this acceptable option valuation model upon the required adoption of Statement No. 123R on January 1, 2006. Because Statement No. 123R must be applied not only to new awards but to previously granted awards that are not fully vested on the effective date, and because we adopted Statement No. 123 using the prospective transition method (which applied only to awards granted, modified or settled after the adoption date), compensation cost for previously granted awards that were not recognized under Statement No. 123 would be recognized under Statement No. 123R. However, on January 1, 2006, the date we expect to adopt Statement No. 123R, all of the unexercised options outstanding under our stock option plans will be fully vested. As a result, no additional expense will be recognized. In addition, had we adopted Statement No. 123R in prior periods, the impact of that standard would have approximated the impact of Statement No. 123 as described in the disclosure of pro forma net income and earnings per share in Note 1 to our consolidated financial statements.

*Variable Interest Entities*

In January 2003, the FASB issued Interpretation No. 46, *Consolidation of Variable Interest Entities* ( FIN 46 ), which explains how to identify variable interest entities ( VIEs ) and how to assess whether to consolidate such entities. VIEs are primarily entities that lack sufficient equity to finance their activities without additional financial support from other parties or whose equity holders lack adequate decision making ability. All VIEs which we are involved with must be evaluated to determine the primary beneficiary of the risks and rewards of the VIE. The primary beneficiary is required to consolidate the VIE for financial reporting purposes. The initial determination of whether an entity qualifies as a VIE shall be made as of the date at which a primary beneficiary becomes involved with the entity and reconsidered as of the date of a triggering event, as defined. The provisions of this interpretation are immediately effective for VIEs formed after January 31, 2003. In December 2003 the FASB issued FIN 46R, deferring the effective date until the period ended March 31, 2004 for interests held by public companies in VIEs created before February 1, 2003, which were non-special purpose entities. We adopted FIN 46R during the period ended March 31, 2004 and have determined that our unconsolidated subsidiaries do not represent VIEs pursuant to such interpretation. We will continue to monitor any changes in circumstances relating to certain of our consolidated and unconsolidated joint ventures which could result in a change in our consolidation policy.

*Current pronouncements*

In June 2005, the FASB ratified the consensus in EITF Issue No. 04-5, *Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights* ( Issue 04-5 ), which provides guidance in determining whether a general partner controls a limited partnership. Issue 04-5 states that the general partner in a limited partnership is presumed to control that limited partnership. The presumption may be overcome if the limited partners have either (1) the substantive ability to dissolve the limited partnership or otherwise remove the general partner without cause or (2) substantive participating rights, which provide the limited partners with the ability to effectively participate in significant decisions that would be expected to be made in the ordinary course of the limited partnership's business and thereby preclude the general partner from exercising unilateral control over the partnership. The adoption of Issue 04-5 by the Company for new or modified limited partnership arrangements is effective June 30, 2005 and for existing limited partnership arrangements effective

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

January 1, 2006. We do not expect that we will be required to consolidate our current unconsolidated joint venture investment nor do we expect Issue 04-05 to have a material effect on our consolidated financial statements.

## Overview and Background

The Reckson Group, the predecessor to the Company, was engaged in the ownership, management, operation, leasing and development of commercial real estate properties, principally office and industrial / R&D buildings, and also owned undeveloped land located primarily on Long Island, NY. In June 1995, the Company completed an initial public offering (the IPO), succeeded to the Reckson Group's real estate business and commenced operations.

The Company is a self-administered and self managed real estate investment trust ( REIT ) engaged in the ownership, operation, acquisition, leasing, financing, management and development of commercial real estate properties, principally office and to a lesser extent industrial / R&D properties and also owns land for future development. The Company's growth strategy is focused on the commercial real estate markets in and around the New York City tri-state area (the Tri-State Area). All of the Company's interests in its real properties, land held for development and investments in notes receivable are held directly or indirectly by, and all of its operations are conducted through, Reckson Operating Partnership, L.P. (the Operating Partnership).

In connection with our IPO, we were granted ten-year options to acquire ten properties (the Option Properties) which were either owned by certain Rechler family members who were also executive officers of the Company, or in which the Rechler family members owned a non-controlling minority interest, at prices based upon an agreed upon formula. In years prior to 2001, one Option Property was sold by the Rechler family members to a third party and four of the Option Properties were acquired by us for an aggregate purchase price of approximately \$35.0 million, which included the issuance of approximately 475,000 common units of limited partnership interest in the Operating Partnership ( OP Units ) valued at approximately \$8.8 million. During November 2003, in connection with the sale of our Long Island industrial building portfolio to members of the Rechler family, four of the five remaining options (the Remaining Option Properties) were terminated, along with management contracts relating to three of the properties.

As part of the Company's REIT structure it is provided management, leasing and construction related services through taxable REIT subsidiaries as defined by the Internal Revenue Code of 1986, as amended (the Code). These services are currently provided by Reckson Management Group, Inc. ( RMG ), RANY Management Group, Inc., Reckson Construction and Development LLC ( RCD ) and Reckson Construction Group New York, Inc. (collectively, the Service Companies). During the three and nine months ended September 30, 2005 and 2004, RCD billed approximately \$6,000 and \$32,000 and \$170,000 and \$848,000 of market rate services and RMG billed approximately \$75,000 and \$217,000 and \$68,000 and \$206,000 of market rate management fees to the Remaining Option Properties.

RMG leases approximately 26,000 square feet of office space at a Remaining Option Property located at 225 Broadhollow Road, Melville, NY for its corporate offices at an annual base rent of approximately \$809,000. RMG also leases 10,722 square feet of warehouse space used for equipment, materials and inventory storage at a property owned by certain members of the Rechler family at an annual base rent of approximately \$79,000. In addition, commencing April 1, 2004, RCD has been leasing approximately 17,000 square feet of space at a Remaining Option Property, located at 225 Broadhollow Road, Melville, NY, which is scheduled to terminate on September 30, 2006. Base rent of approximately \$124,000 and \$368,000 was paid by RCD during the three and nine months ended September 30, 2005, respectively, and \$287,000 was paid for the six months ended September 30, 2004. Commencing in April 2005, RCD sub-let the entire 17,000 square feet to a third party for approximately \$35,000 per month through RCD's September 2006 lease termination date.

On March 28, 2005, an entity ( REP ) owned by members of the Rechler family (excluding Scott Rechler, but including his father, Roger, and brother, Gregg) exercised a Right of First Refusal (which was granted in connection with the 2003 sale of the industrial portfolio by us) to acquire a vacant parcel of land for a purchase price of \$2.0 million. We have agreed to provide REP with the option to defer the closing on the purchase until September 2006, for a non-refundable deposit of \$400,000 and a fee of \$10,666 per month for each month that the closing is deferred. In connection therewith, REP agreed to settle a dispute concerning an easement on a separate parcel of land owned by us adjacent to one of the properties transferred to REP in the 2003 industrial transaction.

A company affiliated with an independent director of the Company leases 15,566 square feet in a property owned by us at an annual base rent of approximately \$430,000.

During January 2005, we acquired, in two separate transactions, two Class A office properties located at One and Seven Giralda Farms in Madison, New Jersey for total consideration of approximately \$78.0 million. One Giralda Farms encompasses approximately 150,000 rentable square feet and Seven Giralda Farms encompasses approximately 203,000 rentable square feet. We made these acquisitions through borrowings under our unsecured credit facility.

## Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

In May 2005, we acquired a 1.4 million square foot, 50-story, Class A office tower located at One Court Square, Long Island City, a sub-market of New York City, for approximately \$471.0 million, inclusive of transfer taxes and transactional costs. One Court Square is 100% leased to the seller, Citibank N.A., under a 15-year net lease. The lease contains partial cancellation options effective during 2011 and 2012 for up to 20% of the leased space and in 2014 and 2015 for up to an additional 20% of the leased space, subject to notice and the payment of early termination penalties. On October 28, 2005, we entered into a contract to sell between a 65% and 70% joint venture interest in One Court Square to certain funds advised by JPMorgan Investment Management . The contract is subject to certain conditions and is expected to close during the fourth quarter of 2005.

## Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

### [Back to Contents](#)

In May 2005, we completed mandatory arbitration proceedings relating to the re-setting of the rent under the ground lease pursuant to which we own an approximately 1.1 million square foot Class A office tower located at 1185 Avenue of the Americas, New York, NY. The rent was re-set, and is not subject to further increase, for the remaining 37 years of the ground lease (inclusive of a 20-year extension at our option) to approximately \$6.9 million per annum. Such re-set is retroactive to June 2004.

On May 26, 2005, we entered into a contract to sell approximately 60 acres of vacant land located in Chatham Township, NJ for up to approximately \$30.0 million, which is based upon a final approved site plan. The closing is anticipated to occur upon receiving final re-zoning approvals and other customary due diligence and approvals. The sale is contingent upon due diligence, environmental assessment, re-zoning and other customary approvals. There can be no assurances that any of the aforementioned contingences will be achieved and the sale ultimately completed.

On June 8, 2005, we sold a three-acre vacant land parcel located on Long Island for approximately \$1.4 million which resulted in a net gain of approximately \$175,000, net of limited partner's minority interest. Such gain is reflected as a component of discontinued operations on our consolidated statements of income.

On June 20, 2005, we acquired our joint venture partner's 40% interest in a 172,000 square foot office property located at 520 White Plains Road, Tarrytown, NY for approximately \$8.1 million which consisted of the issuance of 127,510 OP Units valued at \$31.37 per OP Unit and the assumption of approximately \$4.1 million of secured mortgage indebtedness of the joint venture. Prior to us acquiring this interest, we accounted for the joint venture under the equity method of accounting. In accordance with the equity method of accounting, our proportionate share of the joint venture's income was approximately \$176,000 for the period January 1, 2005 through June 19, 2005 and \$112,000 and \$520,000 for the three and nine month periods ended September 30, 2004.

On July 14, 2005, we acquired two adjacent Class A suburban office properties aggregating approximately 228,000 square feet located at 225 High Ridge Road in Stamford, CT for approximately \$76.3 million. This acquisition was made through a borrowing under our unsecured credit facility. The buildings are approximately 100% leased. On August 26, 2005 this property was encumbered, along with eight other properties, with an interest only mortgage in the amount of approximately \$55.3 million and on September 21, 2005 was sold to the joint venture discussed below for approximately \$76.5 million which included the assignment of the property's mortgage debt.

On August 18, 2005, we entered into (i) an underwriting agreement relating to the public offering in Australia of approximately A\$263.0 million (approximately US\$202.0 million) of units ( LPT Units ) in a newly-formed Reckson-sponsored Australian listed property trust, Reckson New York Property Trust ( Reckson LPT ), a newly-formed listed property trust which is traded on the Australian Stock Exchange and (ii) contribution and sale agreements pursuant to which, among other things, we agreed to transfer 25 of our properties for an aggregate purchase price of approximately \$563.0 million and containing an aggregate of 3.4 million square feet, in three separate tranches, to a newly formed joint venture, Reckson Australia Operating Company, LLC (the RAOC JV ) in exchange for a 25% interest in the RAOC JV and approximately \$502.0 million in cash (inclusive of proceeds from mortgage debt to be assumed by the RAOC JV). On September 21, 2005, Reckson LPT completed its public offering and the closing of the first tranche ( Tranche I ) of this transaction.

In the Tranche I closing, the RAOC JV acquired from us 17 of our suburban office properties containing approximately 2.0 million square feet for consideration of approximately \$367.0 million (including the assumption of approximately \$196.1 million in mortgage debt which had been incurred by us in August 2005 - see Note 2). In return, we received a 25% interest in the RAOC JV and approximately \$128.1 million in cash resulting in an aggregate gain of approximately \$103.6 million. As discussed below relating to certain guarantees we have made, approximately \$18 million of the aggregate gain has been deferred to future periods pursuant to Statement No. 66 to coincide with the release of the guarantees. As a result, gains on sales of real estate, related to Tranche I reported in the current period is approximately \$82.7 million, net of limited partners' minority interest. Approximately \$22.0 million of the cash received was used to repay certain of our secured mortgage indebtedness on September 30, 2005 and approximately \$105.7 million of the cash received was used to establish an escrow account with a qualified intermediary for a future exchange of real property pursuant to Section 1031 of the Code (a Section 1031 Exchange ). A Section 1031 Exchange allows for the deferral of taxes related to the gain attributable to the sale of property if qualified replacement property is identified within 45 days and such qualified replacement property is acquired within 180 days from the initial sale. As described below, on October 7, 2005 we acquired a qualified replacement property for purposes of this Section 1031 Exchange and thereby deferred a portion of the gain from the Tranche I sale.

In connection with the foregoing, on September 21, 2005, Reckson Australia Holdings LLC ( Reckson Holdings ), a wholly-owned subsidiary of the Operating Partnership, and Reckson Australia LPT Corporation ( LPT REIT ), a U.S. real estate investment trust which is wholly-owned by Reckson LPT, entered into the Amended and Restated Limited Liability Company Agreement governing

the RAOC JV (the Operating Agreement ). Pursuant to the Operating Agreement, LPT REIT holds a 75% interest in, and acts as the managing member for the RAOC JV, and Reckson Holdings holds a 25% non-managing member interest therein. The Operating Agreement provides that, if at any time additional capital contributions are made to the RAOC JV, Reckson Holdings will have a right to make additional capital contributions up to an amount necessary to maintain its 25% interest therein on the same terms and conditions as such other capital contributions.

As the managing member of the RAOC JV, LPT REIT has the sole responsibility for managing its business and affairs on a day-to-day basis, other than with respect to certain identified major decisions, including but not limited to a merger or consolidation involving the RAOC JV, a disposition of all or substantially all of its assets, or the liquidation or dissolution of the RAOC JV. Such major decisions require the prior written consent of a majority of the non-managing members. As a result of the foregoing, we are accounting for our 25% non-managing member interest in the RAOC JV under the equity method of accounting. In accordance with the equity method of accounting, our proportionate share of the RAOC JV s income was approximately \$308,000 for the period September 21, 2005 through September 30, 2005.

[Back to Contents](#)

The Tranche II closing consisting of three of our properties, valued at approximately \$71.7 million, is expected to be funded entirely from the proceeds of mortgage debt and is scheduled to close in January 2006. The Tranche III closing consisting of five of our properties, valued at approximately \$124.7 million, is scheduled to close in October 2006 and will include the assumption of approximately \$51.5 million of existing mortgage debt. The Tranche II and Tranche III closings are subject to customary closing conditions.

Our Service Companies provide asset management, property management, leasing, construction and other services to the RAOC JV and affiliates of ours are entitled to transaction fees and ongoing fees for providing services to the RAOC JV. As of September 30, 2005, we earned and received approximately \$3.6 million in transaction related fees from the RAOC JV. Such amount is included in investment income and other on our consolidated statements of income. In addition, we also formed Reckson Australia Management Limited ( RAML ), a wholly owned subsidiary, that will manage Reckson LPT and serve as its Responsible Entity . The Responsible Entity will be managed by a six member board that includes three independent directors domiciled in Australia. To address and mitigate any potential conflicts of interest with Reckson LPT or its affiliates the Company has adopted the following policies: (i) all transactions between the Company and Reckson LPT or its affiliates shall require the approval of a majority of the independent directors of both the Company and Reckson LPT, (ii) Executive Officers and Directors of the Company are prohibited from owning equity in the Reckson LPT, and (iii) the adoption of an express policy which mandates that leasing decisions shall be made without regard to the Company's percentage ownership of any property.

Under the Operating Agreement, Reckson Holdings will have the right, beginning September 21, 2007, to require LPT REIT to redeem all or a portion of Reckson Holdings' membership interest in the RAOC JV for cash or, at LPT REIT's option, shares of LPT REIT's common stock (which may be exchanged for LPT Units) on a one-for-one basis. Reckson Holdings also has the right to cause the liquidation of the RAOC JV in the event that RAML is replaced as Reckson LPT's Responsible Entity. In addition, the Operating Agreement contains a right of first refusal granting Reckson Holdings the right to acquire any asset of the RAOC JV, at fair market value, in the event of an attempted sale of such asset or the exercise of Reckson Holdings' right to liquidate the RAOC JV.

In connection with the Tranche I closing, on September 21, 2005 the Company, RAOC JV and LPT REIT entered into an Option Agreement (the Option Agreement ) pursuant to which we granted RAOC JV options to acquire ten additional properties from the Operating Partnership over a two year period, beginning January 1, 2006 containing an aggregate of approximately 1.2 million square feet at a price based on the fair market value at the time of transfer to RAOC JV. The Option Agreement contains a right of first refusal granting RAOC JV the right to acquire any option property in the event we receive, and are amenable to, an offer from a third party to purchase such option property. The Option Agreement will terminate under certain circumstances, including if (i) RAOC JV sends notice of its intent to exercise its option but fails to close as obligated, (ii) RAOC JV is in default under the Option Agreement, the contribution agreement or the sale agreement or (iii) RAML or an affiliate of ours is no longer the Responsible Entity of Reckson LPT.

In connection with the mortgage indebtedness securing nine of the Tranche I properties, which were transferred to the RAOC JV on September 21, 2005, and three of the Tranche III properties scheduled to be transferred to the RAOC JV during October 2006, we have guaranteed to the lender certain customary non-recourse carve-outs, as well as certain obligations relating to the potential termination of a number of leases at four of these properties. We have also guaranteed to the lender certain capital requirements related to these properties. We will be relieved of the customary non-recourse carve-outs and capital requirements upon transfer of the respective properties to the RAOC JV and the RAOC JV meeting a net worth test of at least \$100.0 million. We will be relieved of all but two of the lease related obligations upon transfer of the respective properties to the RAOC JV and the RAOC JV meeting a net worth test of at least \$200.0 million. The RAOC JV has agreed to indemnify us for any loss, cost or damage it may incur pursuant to our guaranty of these obligations. As of September 30, 2005, the RAOC JV met the \$100.0 million net worth threshold and there remain approximately \$18 million of aggregate guarantees outstanding.

On September 22, 2005, we sold two suburban office properties, aggregating approximately 69,000 square feet, located at 310 and 333 East Shore Road in Great Neck, Long Island for aggregate consideration of approximately \$17.3 million. As a result, we recorded an aggregate gain, net of limited partners' minority interest, of approximately \$13.6 million. Net proceeds received from the sale of approximately \$17.1 million were used to establish an escrow account with a qualified intermediary for a Section 1031 Exchange. There can be no assurances that we will meet the requirements of a Section 1031 Exchange by identifying and acquiring a qualified replacement property in the required time frame, in which case we would recognize a tax gain of approximately \$12.9 million, which could potentially affect our REIT distribution requirements.

As of September 30, 2005 we owned and operated 81 office properties (inclusive of twenty-five office properties owned through joint ventures), encompassing approximately 17.0 million rentable square feet and eight industrial / R&D properties encompassing approximately 863,000 rentable square feet located in the Tri-State Area.

[Back to Contents](#)

At September 30, 2005, we owned approximately 341 acres of land in 12 separate parcels of which we can, based on current estimates, develop approximately 3.1 million square feet of office space (the Development Parcels). During July 2004, we commenced the ground-up development on one of the Development Parcels of a 305,000 square foot Class A office building with a total anticipated investment of approximately \$61.3 million. This development is located within our existing three building executive office park in Melville, NY and is nearing completion. During July 2005, we commenced the ground-up development on one of the Development Parcels of a 37,000 square foot Class A retail property with a total anticipated investment of approximately \$10.1 million. This development is located within our existing six building office park in Stamford, Connecticut. In August 2005, we recommenced the ground-up development of one of the Development Parcels of a 316,000 square foot Class A office building with an anticipated incremental investment of approximately \$47.0 million. This development is located in our existing three building office park located in Princeton, NJ. There can be no assurances that the actual cost of these ground-up development projects will not exceed their anticipated amounts. Further, one of the Development Parcels, aggregating approximately 4.1 acres is classified as held for sale on our balance sheets and is expected to close during 2006 for aggregate consideration of \$2.0 million. In addition, as previously discussed, in May 2005, we entered into a contract to sell approximately 60 acres of vacant land in Chatham Township, NJ, subject to a change in zoning. As of September 30, 2005, we had invested approximately \$183.4 million in the Development Parcels.

Management has made subjective assessments as to the value and recoverability of our investments in the Development Parcels based on current and proposed development plans, market comparable land values and alternative use values. We are currently evaluating alternative land uses for certain of the remaining Development Parcels to realize their highest economic value. These alternatives may include rezoning certain Development Parcels from commercial to residential for potential disposition.

We also own a 354,000 square foot office building located in Orlando, Florida. This non-core real estate holding was acquired in May 1999 in connection with our initial New York City portfolio acquisition.

During September 2005, we entered into a contract to sell our property located at 48 Harbor Park Drive, located in Port Washington, Long Island, for approximately \$6.4 million and anticipate recording a gain on sales of real estate of approximately \$3.0 million upon sale. The closing is scheduled to occur within three months. However, there can be no assurances that this sale will occur under the terms contemplated or at all.

During September 2005 we entered into a letter of intent with an entity owned by the owner of the New York Islanders to enter into a 50 / 50 joint venture to potentially develop over five million square feet of office, residential, retail and hotel space in the Mitchel Field, Long Island sub-market in and around Nassau County's Veterans Memorial Coliseum where we are currently the largest owner of office properties. The development, which has other competing proposals, is subject to numerous governmental approvals, compliance, zoning and other customary approvals. In addition, if selected we would serve as the master developer of the development. There can be no assurances that we will enter into the aforementioned joint venture, that the joint venture will be selected as the developer or that all required approvals, zoning and compliance can be obtained.

On July 8, 2005, we entered into a contract to purchase a 1.1 million square foot Class A office complex located at 204 EAB Plaza in Uniondale, NY, commonly referred to as EAB Plaza, for approximately \$240 million. The property is encumbered by a long-term ground lease which has a remaining term in excess of 75 years, including renewal options. Pursuant to the terms of the contract, we provided the seller with a down payment in the form of a \$24.0 million standby letter of credit which was issued under our unsecured credit facility. On October 7, 2005 we acquired this office complex for consideration of approximately \$240.0 million and changed the name of the complex to Reckson Plaza. The acquisition of Reckson Plaza was financed, in part, (i) from sales proceeds being held by the previously referenced qualified intermediary as the property was an identified, qualified replacement property, (ii) a borrowing under our unsecured credit facility, (iii) the satisfaction of our \$27.6 million junior participating mezzanine loan which was secured by a pledge of an indirect interest of an entity which owned the ground leasehold estate and (iv) cash on hand. In connection with this acquisition we also acquired an adjoining 8.2 acre development site for approximately \$19.0 million which was financed through a borrowing under our unsecured credit facility. As a result of this acquisition, the aforementioned standby letter of credit was cancelled.

On October 11, 2005 we entered into a contract to sell our property located at 100 Wall Street, New York, NY for approximately \$134.0 million and anticipate recognizing a gain on sales of real estate of approximately \$50.5 million upon sale. The property is currently secured by a first mortgage and is cross collateralized with another one of our New York City properties. In order to effectuate the sale and not incur prepayment penalties which would be due under a prepayment of the mortgage, we intend to provide the lender with replacement collateral and assign this mortgage debt to the replacement collateral properties. We have agreed to pay a substitution of collateral fee anticipated to be approximately \$1.7 million. In addition, we have agreed to provide the purchaser with a mezzanine loan in the amount of \$30.0 million which will bear interest at 15.0% per annum, require payments of interest only and have a term of two years. The closing is scheduled to occur during the fourth quarter of 2005. The contract is subject to customary conditions, including the assignment of the existing mortgage to the replacement collateral.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

On October 20, 2005, we acquired a 118,000 square foot suburban office property situated on ten acres of land located at 711 Westchester Avenue in White Plains, NY for approximately \$24.8 million. This acquisition was financed through the assumption of approximately \$12.5 million of existing debt on the property and a borrowing under our unsecured credit facility.

[Back to Contents](#)

On March 16, 2005, a wholly owned subsidiary of the Operating Partnership advanced under separate mezzanine loan agreements, each of which bears interest at 9% per annum, (i) approximately \$8.0 million which matures in April 2010 and is secured, in part, by indirect ownership interests in ten suburban office properties located in adjacent office parks in Long Island, NY and (ii) approximately \$20.4 million which matures in April 2012 and is secured, in part, by indirect ownership interests in twenty-two suburban office properties located in adjacent office parks in Long Island, NY. Each mezzanine loan is additionally secured by other guaranties, pledges and assurances and is pre-payable without penalty after 18 months from the initial funding. We made these investments through a borrowing under our unsecured credit facility.

In May 2005, we acquired a 65% interest in an \$85 million, 15-year loan secured by an indirect interest in a 550,000 square foot condominium in a Class A office tower located at 1166 Avenue of the Americas, New York, NY for approximately \$55.3 million. The loan accrues interest compounded at 9.0% and pays interest at an annual rate of 6.0% through March 2010, 8.5% thereafter through March 2015 and 11.0% thereafter through maturity in 2020. The loan is pre-payable only under certain circumstances and, in any case, not before 2009. Upon a capital event related to the indirect interest in the property which secures the loan, we are entitled to participate in 30% of the net proceeds derived from such capital event. This investment replaced our \$34.0 million mezzanine loan, including accrued and unpaid interest, to one of the partners owning such condominium interest. We also acquired an approximately 5% indirect ownership interest in the property for a purchase price of approximately \$6.2 million. The property is currently 100% leased. The balance of these investments was funded through a borrowing under our unsecured credit facility and cash on hand.

On September 30, 2005, we advanced \$20.0 million to entities that are each controlled by Cappelli Enterprises under a junior mezzanine loan. This mezzanine loan bears interest at 15.0% per annum, subject to reduction in certain circumstances after December 31, 2005, is secured by a pledge of an indirect ownership interest in a 550,000 square foot office condominium in a Class A office tower located at 1166 Avenue of the Americas, New York City and has a scheduled maturity date of March 31, 2006. As described above, during May 2005 we made a \$55.3 million participating loan investment secured by interests in this property (including the interests securing this new mezzanine loan). We have also advanced a \$10.0 million bridge loan to Louis Cappelli, an affiliate, under a promissory note (the Promissory Note ) in anticipation of closing a longer-term structured finance transaction. The Promissory Note bears interest at 4.86% per annum, matures on November 30, 2005, is secured by a security interest in a reserve account owned by the borrower and is pre-payable in whole or in part without penalty. It is anticipated that both this junior mezzanine loan and the Promissory Note will be refinanced by a new junior mezzanine loan to be advanced by us secured by interests in the 1166 Avenue of the Americas condominium and interests in certain development properties controlled by Mr. Cappelli to be made by one or more of our subsidiaries. We funded these investments through a borrowing under our unsecured credit facility.

At September 30, 2005, we had invested approximately \$76.0 million in mezzanine loans and approximately \$55.3 million in a participating loan investment. In general these investments are secured by a pledge of either a direct or indirect ownership interest in the underlying real estate or leasehold, other guaranties, pledges and assurances.

The following table sets forth the terms of the mezzanine loans at September 30, 2005 (in thousands):

Property	Amount	Interest Rate	Funding	Maturity
EAB Plaza	\$ 27,592	14.87% (a)	Sep, 2003	Sep, 2005 (b)
Long Island office portfolio	8,031	9.00%	Mar, 2005	Apr, 2010 (c)
Long Island office portfolio	20,356	9.00%	Mar, 2005	Apr, 2012 (c)
1166 Avenue of the Americas (d)	20,000	15.00%	Sep, 2005	Mar, 2006
	<u>\$ 75,979</u>			

(a) Weighted average interest rate which is based on a spread over LIBOR, with a LIBOR floor of 1.63% per annum.

(b) This mezzanine loan was satisfied on October 7, 2005 in connection with our acquisition of Reckson Plaza.

(c) Prepayable without penalty after 18 months from initial funding.

(d) Junior mezzanine interest secured by an indirect interest in a 550,000 square foot condominium interest.

We hold a \$17.0 million note receivable, which bears interest at 12% per annum and is secured by a minority partnership interest in Omni Partners, L.P., owner of the Omni, a 579,000 square foot Class A office property located in Uniondale, NY (the Omni Note ). We currently own a 60% majority partnership interest in Omni Partners, L.P. and on March 14, 2007 may exercise an option to acquire the remaining 40% interest for a price based on 90% of the fair market value of the property.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

As of September 30, 2005, we held two other notes receivable, which aggregated approximately \$1.5 million and carried a weighted average interest rate of 10.97% per annum (the Other Notes ) and collectively with the Omni Note, our mezzanine loans and preferred loan investments (the Note Receivable Investments ). The Other Notes are secured in part by a minority partner's preferred unit interest in the Operating Partnership, an interest in real property and a personal guarantee. \$450,000 of the Other Notes matures on December 1, 2005 and the remaining \$1.0 million matures on January 31, 2010.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

[Back to Contents](#)

As of September 30, 2005, management has made subjective assessments as to the underlying security value on the Note Receivable Investments. These assessments indicate an excess of market value over the carrying value and, based on these assessments, we believe there is no impairment to their carrying value.

On October 7, 2005, a wholly owned subsidiary of the Operating Partnership advanced under a second mortgage loan agreement \$10.0 million to an entity which owns a 60,000 square foot office property located on Madison Avenue in New York City which is currently slated for residential conversion. The borrower is an affiliate of the seller of EAB Plaza which we acquired on October 7, 2005. This mortgage loan bears interest at 20.0% per annum, requires monthly payments of interest only, matures on October 7, 2007 and is secured by the underlying property. The mortgage loan is not pre-payable until the earlier of January 10, 2007 or the sale of the underlying property and upon notice. In addition to this mortgage loan RCD entered into a development agreement with the owner of the property to perform certain predevelopment, development and / or other services with respect to the property. In exchange for its services, RCD will receive a development fee of \$2.0 million which is payable in equal monthly installments over a two-year period. Interest due under the mortgage note during its term and the entire development fee are currently being held in a segregated account under our control.

Our market capitalization at September 30, 2005 was approximately \$5.0 billion. Our market capitalization is based on the sum of (i) the market value of the Company's common stock and OP Units (assuming conversion) of \$34.55 per share / unit (based on the closing price of the Company's common stock on September 30, 2005), (ii) the liquidation preference value of the Operating Partnership's preferred units of \$1,000 per unit and (iii) approximately \$2.1 billion (net of minority partners' interests' share of consolidated joint venture debt and including our share of unconsolidated joint venture debt) of debt outstanding at September 30, 2005. As a result, our total debt to total market capitalization ratio at September 30, 2005 equaled approximately 41.3% .

### Results of Operations

The following table is a comparison of the results of operations for the three month period ended September 30, 2005 to the three month period ended September 30, 2004 (dollars in thousands):

	Three months ended September 30,			
	2005	2004	Change	
			Dollars	Percent
<b>Property Operating Revenues:</b>				
Base rents	\$ 124,130	\$ 106,605	\$ 17,525	16.4%
Tenant escalations and reimbursements	21,163	18,865	2,298	12.2%
<b>Total property operating revenues</b>	<b>\$ 145,293</b>	<b>\$ 125,470</b>	<b>\$ 19,823</b>	<b>15.8%</b>
<b>Property Operating Expenses:</b>				
Operating expenses	\$ 36,157	\$ 31,421	\$ 4,736	15.1%
Real estate taxes	22,881	20,907	1,974	9.4%
<b>Total property operating expenses</b>	<b>\$ 59,038</b>	<b>\$ 52,328</b>	<b>\$ 6,710</b>	<b>12.8%</b>
<b>Interest and Investment Income and Other</b>	<b>\$ 10,342</b>	<b>\$ 7,242</b>	<b>\$ 3,100</b>	<b>42.8%</b>
<b>Other Expenses:</b>				
Interest expense incurred	\$ 31,985	\$ 24,120	\$ 7,865	32.6%
Amortization of deferred financing costs	1,118	1,005	113	11.2%
Marketing, general and administrative	8,224	7,503	721	9.6%

<b>Total other expenses</b>	<b>\$</b>	<b>41,327</b>	<b>\$</b>	<b>32,628</b>	<b>\$</b>	<b>8,699</b>	<b>26.7%</b>
-----------------------------	-----------	---------------	-----------	---------------	-----------	--------------	--------------

Our property operating revenues, which include base rents and tenant escalations and reimbursements ( Property Operating Revenues ), increased by \$19.8 million or 15.8% for the three months ended September 30, 2005 as compared to the 2004 period. Property Operating Revenues increased by \$12.9 million attributable to newly acquired properties during 2005 and \$8.9 million weighted average occupancy increases and straight line rental revenue increases in our same store properties. These increases were offset by a \$2.0 million decrease in termination fees.

Our property operating expenses, real estate taxes and ground rents ( Property Expenses ) increased by \$6.7 million or 12.8% for the three months ended September 30, 2005 as compared to the 2004 period. The increase is due to a \$3.4 million increase in real estate taxes and operating expenses related to our same store properties. Properties acquired in 2005 increased property expenses by \$2.3 million. The increase in real estate taxes is attributable to the increases levied by certain municipalities, particularly in New York City and Westchester County, New York. The increase in utilities was the effect of rising fuel prices throughout the United States as a result of Hurricane Katrina.

[Back to Contents](#)

Interest and Investment income and other increased by \$3.1 million or 42.8% for the three months ended September 30, 2005 as compared to the 2004 period. This increase is primarily a result of an increase in interest income of \$1.9 million due to a weighted average increase in our Note Receivable Investments of approximately \$66.5 million from the 2004 period, \$3.6 million in transaction fees earned during the 2005 period related to the RAOC JV, an increase of \$1.3 million earned through our Service Companies and an increase of \$1.0 million related to tenant-related services and other interest income. These aggregate increases of \$7.8 million were off-set by a decrease of \$1.0 million related to real estate tax and other non-tenant related recoveries, a decrease in income tax refunds of \$1.0 million recorded in the 2004 period through a Service Company and a decrease of \$2.8 million received in the 2004 period in consideration for the assignment of certain mortgage indebtedness.

In connection with the Tranche I closing of the RAOC JV during September 2005 we recorded gains on sales of real estate in the amount of \$85.5 million. This amount is net of approximately \$18 million of deferred gain related to certain guarantees we have made on mortgage indebtedness securing the Tranche I properties. In the future, as we are released from the guarantees, the deferred gain will be recognized. These gains have been reported as a component of income from continuing operations as a result of the Company retaining a 25% continuing interest in the RAOC JV. No such gains on sales of real estate were recorded in the 2004 period.

Interest expense incurred increased by \$7.9 million or 32.6% for the three months ended September 30, 2005 as compared to the 2004 period. Approximately \$3.9 million of the increase is attributable to the Operating Partnership's senior unsecured notes issued in August 2004 and the issuance of \$287.5 million of senior unsecured debentures in June 2005. Interest expense also increased by \$2.3 million incurred under our unsecured bridge facility, which was funded in May 2005, approximately \$1.0 million incurred from our financing of twelve properties during the 2005 period related to the RAOC JV, and \$1.5 million incurred under our unsecured credit facility. The increase in interest expense incurred under our unsecured credit facility is a result of an increase in the weighted average balance outstanding and an increase in the weighted average interest rate from 4.95% to 5.0%. The weighted average balance outstanding under our unsecured credit facility was \$213.0 million for the three months ended September 30, 2005 as compared to \$90.0 million for the three months ended September 30, 2004. During the 2005 period we also incurred approximately \$3.0 million of interest expense related to the permanent financing of One Court Square and the assumption of mortgage debt related to the 520 White Plains Road acquisition in June 2005. These aggregate increases of \$11.7 million were off-set by decreases in interest expense of approximately \$255,000 incurred under our same store mortgage portfolio, a decrease in interest expense of approximately \$3.1 million incurred during the 2004 period from two mortgage notes which were subsequently satisfied and an increase of approximately \$600,000 in capitalized interest expense due to an increase in development activities.

Marketing, general and administrative expenses increased by \$721,000 for the three months ended September 30, 2005 as compared to the 2004 period. This overall net increase is attributable to increased costs of maintaining offices and infrastructure in each of our five divisional markets and higher compensation costs including amortization expense related to restricted stock awards to executive and non-executive officers. Marketing, general and administrative costs represented 5.3% of total revenues from continuing operations (excluding gains on sales of depreciable real estate assets) in the 2005 period as compared to 5.6% in the 2004 period.

Discontinued operations net of minority interests increased by approximately \$10.8 million for the three months ended September 30, 2005 as compared to the 2004 period. This increase is attributable to an increase in the gains on sales related to those properties sold, including their income from discontinued operations during the 2005 period as compared to the 2004 period.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

The following table is a comparison of the results of operations for the nine month period ended September 30, 2005 to the nine month period ended September 30, 2004 (dollars in thousands):

	Nine months ended September 30,			
	2005	2004	Change	
			Dollars	Percent
<b>Property Operating Revenues:</b>				
Base rents	\$ 358,181	\$ 318,877	\$ 39,304	12.3%
Tenant escalations and reimbursements	56,370	53,105	3,265	6.1%
<b>Total property operating revenues</b>	<b>\$ 414,551</b>	<b>\$ 371,982</b>	<b>\$ 42,569</b>	<b>11.4%</b>
<b>Property Operating Expenses:</b>				
Operating expenses	\$ 98,273	\$ 90,180	\$ 8,093	9.0%
Real estate taxes	66,177	59,783	6,394	10.7%
<b>Total property operating expenses</b>	<b>\$ 164,450</b>	<b>\$ 149,963</b>	<b>\$ 14,487</b>	<b>9.7%</b>
<b>Interest and Investment Income and Other</b>	<b>\$ 17,260</b>	<b>\$ 16,126</b>	<b>\$ 1,134</b>	<b>7.0%</b>
<b>Other Expenses:</b>				
Interest expense incurred	\$ 82,810	\$ 74,388	\$ 8,422	11.3%
Amortization of deferred financing costs	3,177	2,831	346	12.2%
Marketing, general and administrative	24,597	21,586	3,011	13.9%
<b>Total other expenses</b>	<b>\$ 110,584</b>	<b>\$ 98,805</b>	<b>\$ 11,779</b>	<b>11.9%</b>

Property Operating Revenues increased by \$42.6 million or 11.4% for the nine months ended September 30, 2005 as compared to the 2004 period. Property Operating Revenues increased by \$31.0 million attributable to properties acquired during 2005 and \$19.1 million in weighted average occupancy increases and straight line rental revenue increases in our same store properties. These increases were offset by a \$7.5 million decrease in termination fees.

Property Expenses increased by \$14.5 million or 9.7% for the nine months ended September 30, 2005 as compared to the 2004 period. The increase is due to a \$6.7 million increase in real estate taxes and operating expenses related to our same store properties. Properties acquired during 2005 increased property expenses by \$6.7 million. The increase in real estate taxes is attributable to the increases levied by certain municipalities, particularly in New York City and Westchester County, New York. The increase in utilities was the effect of rising fuel prices throughout the United States as a result of Hurricane Katrina.

Interest and Investment income and other increased by \$1.1 million or 7.0% for the nine months ended September 30, 2005 as compared to the 2004 period. This increase is primarily attributable to an increase of \$4.2 million in interest income due to a weighted average increase in our Note Receivable Investments of approximately \$60.8 million from the 2004 period, \$3.6 million in transaction fees earned during the 2005 period related to the RAOC JV, an increase of \$3.3 million earned through our Service Companies and an increase of \$1.5 million related to tenant-related services and other interest income. These aggregate increases of \$12.6 million were off-set by a decrease of \$5.0 million to the gain recognized and related tenant work on a land sale and build-to-suit transaction earned in 2004 with no such gain recognized in the 2005 period, a \$2.7 million decrease related to real estate tax and other non-tenant related recoveries, a decrease in income tax refunds of \$1.0 million recorded in the 2004 period through a Service Company and a decrease of \$2.8 million received in the 2004 period in consideration for the assignment of certain mortgage indebtedness.

## Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

In connection with the Tranche I closing of the RAOC JV during September 2005 we recorded gains on sales of real estate in the amount of \$85.5 million. This amount is net of approximately \$18 million of deferred gain related to certain guarantees we have made on mortgage indebtedness securing the Tranche I properties. In the future, as we are released from the guarantees, the deferred gain will be recognized. These gains have been reported as a component of income from continuing operations as a result of the Company retaining a 25% continuing interest in the RAOC JV. No such gains on sales of real estate were recorded in the 2004 period.

Interest expense incurred increased by \$8.4 million for the nine months ended September 30, 2005 as compared to the 2004 period. This increase is attributable to a net increase in interest expense of \$7.3 million attributable to a net increase of \$50.0 million in the Operating Partnership's senior unsecured notes and its issuance of \$287.5 million of senior unsecured debentures during the 2005 period. Interest expense also increased by \$5.1 million incurred under our unsecured bridge facility, which was funded in May 2005, approximately \$1.0 million incurred from our financing of twelve properties during the 2005 period related to the RAOC JV and \$6.9 million incurred under our

[Back to Contents](#)

unsecured credit facility. The increase in interest expense incurred under our unsecured credit facility is a result of an increase in the weighted average balance outstanding and an increase in the weighted average interest rate from 3.8% to 4.3%. The weighted average balance outstanding under our unsecured credit facility was \$304.5 million for the nine months ended September 30, 2005 as compared to \$99.9 million for the nine months ended September 30, 2004. During the 2005 period we also incurred approximately \$3.0 million of interest expense related to the permanent financing of One Court Square. These aggregate increases of \$23.3 million were off-set by decreases in interest expense of approximately \$905,000 incurred under our same store mortgage portfolio, by decreases in interest expense of approximately \$13.0 million incurred during the 2004 period from two mortgage notes which were subsequently satisfied and an increase of approximately \$1.0 million in capitalized interest expense due to an increase in development activities.

Marketing, general and administrative expenses increased by \$3.0 million for the nine months ended September 30, 2005 as compared to the 2004 period. This overall net increase is attributable to increased costs of maintaining offices and infrastructure in each of our five divisional markets, higher compensation costs including amortization expense related to restricted stock awards to executive and non-executive officers, increases in charitable contributions to organizations that operate within our market places and higher accounting fees related to maintaining compliance with the requirements of the Sarbanes-Oxley Act of 2002. Marketing, general and administrative costs represented 5.7% of total revenues from continuing operations (excluding gains on sales of depreciable real estate assets) in the 2005 period as compared to 5.6% in the 2004 period. Discontinued operations net of minority interests increased by approximately \$1.9 million for the nine months ended September 30, 2005 as compared to the 2004 period. This increase is attributable to an increase in the gains on sales related to those properties sold, including their income from discontinued operations during the 2005 as compared to the 2004 period.

### **Liquidity and Capital Resources**

Historically, rental revenue has been the principal source of funds to pay operating expenses, debt service and non-incremental capital expenditures, excluding incremental capital expenditures. We expect to meet our short-term liquidity requirements generally through our net cash provided by operating activities along with our \$500 million unsecured credit facility (the Credit Facility ) described below. The Credit Facility contains several financial covenants with which we must be in compliance in order to borrow funds thereunder. During recent quarterly periods, we have incurred significant leasing costs, in the form of tenant improvement costs, leasing costs, leasing commissions and free rent, as a result of market demands from tenants and high levels of leasing transactions that result from the re-tenanting of scheduled expirations or space vacated as a result of early terminations of leases. We are also expending costs on tenants that are renewing or extending their leases earlier than scheduled. For the three month period ended September 30, 2005, we paid or accrued approximately \$31.1 million for tenanting costs including tenant improvement costs and leasing commissions. As a result of these and / or other operating factors, our cash available for distribution from operating activities was not sufficient to pay 100% of the dividends paid on our common equity. However, we are beginning to see a moderation in the cost of re-tenanting our properties, primarily in terms of free rent concessions and costs to renew existing tenants. We are not yet experiencing significant reductions in the cost of re-leasing vacant or vacated space. To meet the short-term funding requirements relating to the higher leasing costs, we have used proceeds from property sales or borrowings under our Credit Facility. Based on our forecasted leasing, we anticipate that we will continue to incur shortfalls during 2005 and 2006. We currently intend to fund any shortfalls with proceeds from non-income producing asset sales or borrowings under our Credit Facility. We periodically review our dividend policy to determine the appropriateness of our dividend rate relative to our cash flows. We adjust our distribution rate based on such factors as leasing activity, market conditions and forecasted increases and decreases in our cash flow as well as required distributions of taxable income to maintain REIT status. There can be no assurance that we will maintain the current quarterly distribution level on our common equity.

We expect to meet most of our financing requirements through long-term unsecured borrowings and the issuance of debt and equity securities of the Company. In certain situations, primarily in joint venture transactions, we use secured debt in connection with the acquisition of properties. During the year ended December 31, 2004, the Company issued approximately \$436.2 million of common stock and the Operating Partnership issued \$300 million of senior unsecured debt securities. In addition, during June 2005, the Operating Partnership issued \$287.5 million of exchangeable senior debentures. There can be no assurance that there will be adequate demand for the Company's equity at the time or at the price in which the Company desires to raise capital through the sale of additional equity. Similarly, there can be no assurance that the Operating Partnership will be able to access the unsecured debt markets at the time when the Operating Partnership desires to sell its unsecured notes. In addition, when valuations for commercial real estate properties are high, we will seek to sell certain land inventory to realize value and profit created. We will then seek opportunities to reinvest the capital realized from these dispositions back into value-added assets in our core Tri-State Area markets. However, there can be no assurances that we will be able to identify such opportunities that meet our underwriting criteria. Additionally, we have been actively seeking joint venture relationships to access new sources of equity capital. In September 2005 we completed a series of transactions whereby we sponsored the IPO of Reckson LPT, a newly-formed Australian listed property trust which is traded on the Australian Stock Exchange. Proceeds received from the IPO were used to form a joint venture with us, the RAOC JV, and purchase 17 of our properties. In addition, we are under contract to sell an

additional 8 of our properties to the RAOC JV during 2006. It is our intention to purchase additional assets, within our markets, with Reckson LPT through the RAOC JV. Joint Ventures often involve relinquishing sole decision making authority relating to material events such as sale and financing. Loss of control of these decisions may adversely affect our financial flexibility. There can be no assurances that we will be able to successfully execute this strategy.

[Back to Contents](#)

We will refinance existing mortgage indebtedness, senior unsecured notes or indebtedness under our Credit Facility at maturity or retire such debt through the issuance of additional unsecured debt securities or additional equity securities. We anticipate that the current balance of cash and cash equivalents and cash flows from operating activities, together with cash available from borrowings, equity offerings and proceeds from sales of land and non-income producing assets, will be adequate to meet our capital and liquidity requirements in both the short and long-term. Our senior unsecured debt is currently investment grade rated BBB- by Fitch Ratings, BBB- by Standard & Poor's and Baa3 by Moody's Investors Service. The rating agencies review the ratings assigned to an issuer such as us on an ongoing basis. Negative changes in our ratings may result in increases in our borrowing costs, including borrowings under our Credit Facility.

Our markets are currently in the recovery stage in the economic cycle. As a result of current economic conditions, we have experienced higher renewal rates and a lower number of lease terminations. Our results reflect improving vacancy rates in our markets and our asking rents in our markets have stabilized and in some instances have begun to trend higher. Landlords are still required to grant concessions such as free rent and tenant improvements but generally at a more moderate rate than had been experienced in the prior year, particularly on renewal space. Our markets continue to experience higher real estate taxes and utility rates. The recent weather-related events in the Gulf States will have a substantial impact on cost of utilities during the winter months particularly in the northeast where we own our properties. In certain of our markets, the increase in real estate taxes and utility costs will be included as part of expenses subject to escalation above a base year and billed to tenants consistent with the terms of their underlying leases. We are also experiencing a similar increase in cost of building materials to fit out tenant space, maintain our buildings and in new development costs. We believe that trends are moving positively from a landlord's perspective and that the above average tenant costs relating to leasing are moderating. This trend is supported by increased occupancy and reduced vacancy rates in most of our markets, the general economic recovery in the market resulting in job growth, and the scarcity of available land in which to develop a new supply of office space.

We carry comprehensive liability, fire, extended coverage and rental loss insurance on all of our properties. Six of our properties are located in New York City. As a result of the events of September 11, 2001, insurance companies were limiting coverage for acts of terrorism in all risk policies. In November 2002, the Terrorism Risk Insurance Act (TRIA) of 2002 was signed into law, which, among other things, requires insurance companies to offer coverage for losses resulting from defined acts of terrorism through 2005. Our current property insurance coverage, which expires on June 2, 2006, provides for full replacement cost of our properties, including for acts of terrorism up to \$540.0 million on a per occurrence basis. TRIA is set to expire at the end of 2005 and real estate industry groups have been active with Congressional leaders in discussing the importance of extending this law. At this time, it is unknown whether the federal government will enact legislation extending TRIA past its scheduled expiration. In the event TRIA is not extended, terrorism insurance which covers full replacement cost may be more expensive or unavailable at commercially reasonable rates.

The potential impact of terrorist attacks in the New York City and Tri-State Area may adversely affect the value of our properties and our ability to generate cash flow. As a result, there may be a decrease in demand for office space in metropolitan areas that are considered at risk for future terrorist attacks, and this decrease may reduce our revenues from property rentals.

In order to qualify as a REIT for federal income tax purposes, the Company is required to make distributions to its stockholders of at least 90% of REIT taxable income. We expect to use our cash flow from operating activities for distributions to stockholders and for payment of recurring, non-incremental revenue-generating expenditures. We intend to invest amounts accumulated for distribution in short-term investments.

On May 13, 2005, we obtained a \$470.0 million unsecured bridge facility (the Bridge Facility) from Citibank, N.A. The Bridge Facility was for an initial term of six months and we had the option for a six-month extension upon paying a one-time fee of 7.5 basis points on the amount then outstanding. During August 2005, we repaid \$303.5 million of outstanding borrowings under the Bridge Facility with net proceeds received from the secured debt financing of the property located at One Court Square, Long Island City, NY. In addition, in September 2005, we repaid the remaining balance outstanding under the Bridge Facility of \$166.5 million with proceeds received from the secured debt financing of a pool of nine of our suburban office properties. As a result of the foregoing, the Bridge Facility has been retired and is no longer available for borrowings thereunder.

We currently maintain our Credit Facility with JPMorgan Chase Bank, as administrative agent, Wells Fargo Bank, National Association as syndication agent and Citicorp, North America, Inc. and Wachovia Bank, National Association as co-documentation agents. The Credit Facility matures in August 2008, contains options for a one-year extension subject to a fee of 25 basis points and, upon receiving additional lender commitments, increasing the maximum revolving credit amount to \$750 million. In addition, borrowings under the Credit Facility are currently priced off LIBOR plus 80 basis points and the Credit Facility carries a facility fee of 20 basis points per annum. In the event of a change in the Operating Partnership's senior unsecured credit ratings, the interest rates and facility fee are subject to change. At September 30, 2005, the outstanding borrowings under the Credit Facility aggregated \$231.0 million and carried a weighted average interest rate of 4.86% per annum.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

We utilize the Credit Facility primarily to finance real estate investments, fund our real estate development activities and for working capital purposes. At September 30, 2005, we had availability under the Credit Facility to borrow approximately an additional \$243.8 million, subject to compliance with certain financial covenants. Such amount is net of approximately \$25.2 million in outstanding undrawn standby letters of credit, which are issued under the Credit Facility.

[Back to Contents](#)

In connection with the acquisition of certain properties, contributing partners of such properties have provided guarantees on certain of our indebtedness. As a result, we maintain certain outstanding balances on our Credit Facility.

We continue to seek opportunities to acquire real estate assets in our markets. We have historically sought to acquire properties where we could use our real estate expertise to create additional value subsequent to acquisition. As a result of increased market values for our commercial real estate assets, we have sold certain non-core assets or interests in assets where significant value has been created. During 2003, we sold assets or interests in assets with aggregate sales prices of approximately \$350.6 million. In addition, during 2004, we sold assets or interests in assets with aggregate sales prices of approximately \$51.4 million, net of minority partners' joint venture interests. We used the proceeds from these sales primarily to pay down borrowings under the Credit Facility, for general corporate purposes and to invest in short-term liquid investments until such time as alternative real estate investments could be made. During 2005 we sold, have under contract to sell or are negotiating to sell approximately \$909.8 million of our real estate assets including disposition of interests to joint ventures.

We also seek to make structured finance investments at risk adjusted returns into mixed use and residential projects located within our markets. Although we believe we have an in-depth understanding and expertise of our markets relating to the zoning, development and underwriting of various product types, such investments expose us to risks concerning property types and development which may be outside our core portfolio.

A Class A OP Unit and a share of common stock have similar economic characteristics as they effectively share equally in the net income or loss and distributions of the Operating Partnership. As of September 30, 2005, the Operating Partnership had issued and outstanding 1,617,675 Class A OP Units and 465,845 Class C OP Units. The Class A OP Units and the Company's common stock currently receive a quarterly distribution of \$.4246 per unit/share. The Class C OP Units were issued in August 2003 in connection with the contribution of real property to the Operating Partnership and currently receive a quarterly distribution of \$.4664 per unit. Subject to certain holding periods, OP Units may either be redeemed for cash or, at the election of the Company, exchanged for shares of common stock on a one-for-one basis.

On June 20, 2005, as part of the consideration to acquire our joint venture partner's 40% interest in the property located at 520 White Plains Road, Tarrytown, NY, we issued 127,510 OP Units valued at \$31.37 per OP Unit.

During June 2005 the Operating Partnership issued \$287.5 million aggregate principal amount of 4.00% exchangeable senior debentures due June 15, 2025. The debentures were issued at 98% of par and are exchangeable for shares of common stock of the Company on or after June 15, 2024, and also under certain circumstances, at an initial exchange rate of 24.6124 common shares per \$1,000 of principal amount of debentures. The initial exchange price of \$40.63 represents a premium of approximately 25% to the closing price of the Company's common stock on the issuance date of \$32.50 per share. If exchanged in accordance with their terms, the debentures will be settled in cash up to their principal amount and any remaining exchange value will be settled, at our option, in cash, the Company's common stock or a combination thereof. In accordance with the exchange rate terms of the debentures the Company has reserved approximately 8.8 million shares of its authorized common stock, \$.01 par value, for potential future issuance upon the exchange of the debentures. Such amount is based on an exchange rate of 30.7692 common shares per \$1,000 of principal amount of debentures. Although we have reserved these shares pursuant to the terms of the exchange rate terms, we believe the issuance of our shares, if any, would be significantly less than 8.8 million shares. The debentures are guaranteed by the Company. We have the option to redeem the debentures beginning June 18, 2010 for the principal amount plus accrued and unpaid interest. Holders of the debentures have the right to require us to repurchase their debentures at 100% of the principal amount thereof plus accrued and unpaid interest on June 15, 2010, June 15, 2015 and June 15, 2020 or, in the event of certain change in control transactions, prior to June 15, 2010.

During the three month period ended September 30, 2005, 22,500 shares of the Company's common stock were issued in connection with the exercise of outstanding options to purchase stock under its stock option plans resulting in proceeds to us of approximately \$600,000. In addition, during June 2005, a limited partner in the Operating Partnership exchanged 841,992 OP Units for an equal number of shares of the Company's common stock.

The Board of Directors of the Company initially authorized the purchase of up to 5.0 million shares of the Company's common stock. Transactions conducted on the New York Stock Exchange have been, and will continue to be, effectuated in accordance with the safe harbor provisions of the Securities Exchange Act of 1934 and may be terminated by the Company at any time. Since the Board's initial authorization, the Company has purchased 3,318,600 shares of its common stock for an aggregate purchase price of approximately \$71.3 million. In June 2004, the Board of Directors re-set the Company's common stock repurchase program back to 5.0 million shares. No purchases have been made since March 2003.

## Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

The Operating Partnership has issued and outstanding 1,200 preferred units of limited partnership interest with a liquidation preference value of \$1,000 per unit and a stated distribution rate of 7.0%, which is subject to reduction based upon terms of their initial issuance (the Preferred Units ). The terms of the Preferred Units provide for this reduction in distribution rate in order to address the effect of certain mortgages with above market interest rates, which were assumed by the Operating Partnership in connection with properties contributed to the Operating Partnership in 1998. As a result of the aforementioned reduction, there are currently no distributions being made on the Preferred Units.

[Back to Contents](#)*Capitalization*

Our indebtedness at September 30, 2005 totaled approximately \$2.1 billion (net of minority partners' interests' share of consolidated joint venture debt and including our share of unconsolidated joint venture debt) and was comprised of approximately \$233.6 million of floating rate unsecured debt, approximately \$980.0 million of senior unsecured notes and approximately \$841.9 million of fixed rate mortgage indebtedness with a weighted average interest rate of approximately 6.18% and a weighted average maturity of approximately 6.0 years. Based on our total market capitalization of approximately \$5.0 billion at September 30, 2005 (calculated based on the sum of (i) the market value of the Company's common stock and OP Units, assuming conversion, (ii) the liquidation preference value of the Preferred Units and (iii) the \$2.1 billion of debt), our debt represented approximately 41.3% of our total market capitalization.

*CONTRACTUAL OBLIGATIONS AND COMMERCIAL COMMITMENTS*

The following table sets forth our significant consolidated debt obligations by scheduled principal cash flow payments and maturity date and our commercial commitments by scheduled maturity at September 30, 2005 (in thousands):

	<b>MATURITY DATE</b>						<b>Total</b>
	<b>2005</b>	<b>2006</b>	<b>2007</b>	<b>2008</b>	<b>2009</b>	<i>Thereafter</i>	
Mortgage notes payable <sup>(1)</sup>	\$ 2,839	\$ 11,439	\$ 8,835	\$ 7,705	\$ 7,143	\$ 7,049	\$ 45,010
Mortgage notes payable <sup>(2)</sup>	—	112,030	60,535	—	100,254	612,546	885,365
Senior unsecured notes	—	—	200,000	—	200,000	587,500	987,500
Credit Facility	—	—	—	231,000	—	—	231,000
Land lease obligations <sup>(3)</sup>	1,544	11,557	11,574	11,601	11,686	283,304	331,266
Air rights lease obligations	90	362	362	362	362	3,618	5,156
Operating leases	376	1,389	1,038	555	14	—	3,372
	<u>\$ 4,849</u>	<u>\$ 136,777</u>	<u>\$ 282,344</u>	<u>\$ 251,223</u>	<u>\$ 319,459</u>	<u>\$ 1,494,017</u>	<u>\$ 2,488,669</u>

(1) Scheduled principal amortization payments.

(2) Principal payments due at maturity.

(3) We lease, pursuant to noncancellable operating leases, the land on which nine of our buildings were constructed. The leases, certain of which contain renewal options at our direction, expire between 2043 and 2090. The leases either contain provisions for scheduled increases in the minimum rent at specified intervals or for adjustments to rent based upon the fair market value of the underlying land or other indices at specified intervals. Minimum ground rent is recognized on a straight-line basis over the terms of the leases and includes lease renewals if reasonably assured that we will exercise that option.

Certain of the mortgage notes payable are guaranteed by the Company and/or certain limited partners in the Operating Partnership. In addition, consistent with customary practices in non-recourse lending, certain non-recourse mortgages may be recourse to the Company under certain limited circumstances including environmental issues and breaches of material representations.

As indicated above, on September 30, 2005, we had approximately \$2.1 billion of debt outstanding (net of minority partners' interests' share of consolidated joint venture debt and including our share of unconsolidated joint venture debt). During the three month period ended September 30, 2005, we incurred interest costs related to our debt, including capitalized interest and amortization of deferred finance costs, of approximately \$35.7 million. Our rental revenues are our principal source of funds along with our net cash provided by operating activities to meet these and future interest obligations.

At September 30, 2005, we had approximately \$25.2 million in outstanding undrawn standby letters of credit issued under our Credit Facility, of which \$24.0 million was being used to secure a deposit obligation for the acquisition of Reckson Plaza which occurred in October 2005. As a result, this letter of credit was returned to us and subsequently cancelled. In addition, approximately \$42.0 million, or 4.5%, of our consolidated mortgage debt is recourse to us.

During the quarterly period ended June 30, 2005 we entered into anticipatory interest rate hedge instruments totaling \$250.0 million to protect ourselves against potentially rising interest rates. These instruments were settled prior to their maturity in exchange for a

mortgage rate lock agreement in connection with a 15-year permanent financing on the property located at One Court Square, Long Island City, NY which closed on August 3, 2005. Costs related to the terminated instruments of approximately \$1.4 million were incorporated into the final fixed mortgage rate of 4.905% per annum. The other comprehensive loss is being amortized as a yield adjustment of the fixed rate mortgage.

We also entered into an additional \$200.0 million of anticipatory interest rate hedge instruments during the quarterly period ended June 30, 2005, which were scheduled to coincide with our August 26, 2005 and September 12, 2005 financings on 12 of our office properties. These hedge instruments were settled on August 1, 2005 realizing proceeds of approximately \$1.1 million. The proceeds received from settlement of the instruments were used to buy-down the final fixed mortgage rates to 5.20% per annum. The gain resulting from this settlement has been recorded to accumulated other comprehensive income ( OCI ) and is being amortized as a yield adjustment of the fixed-rate mortgage. Nine of these properties were sold to the RAOC JV, subject to their mortgage notes, on September 21, 2005 at which time we reclassified the proportionate share of the gain from OCI to earnings. The remaining three office properties are under contract to be sold to the RAOC JV, subject to the mortgage notes, in October 2006, at which time we will reclassify the proportionate share of the gain from OCI to earnings.

[Back to Contents](#)

During June 2005, the Operating Partnership issued \$287.5 million aggregate principal amount of 4.00% exchangeable senior debentures due June 15, 2025. Interest on the debentures will be payable semi-annually on June 15 and December 15, commencing December 15, 2005. The debentures are callable after June 17, 2010 at 100% of par. In addition, the debentures can be put to us, at the option of the holder at par, on June 15, 2010, 2015 and 2020. The net proceeds from the offering, after the underwriter's discounts and expenses, were approximately \$281.6 million and were used for the repayment of amounts outstanding under our Credit Facility. (See Liquidity and Capital Resources for information regarding the terms of the debentures exchange into our common stock).

On August 3, 2005, we placed a first mortgage in the amount of \$315.0 million on the property located at One Court Square, Long Island City, NY. The mortgage note bears interest at a fixed rate of 4.905% per annum, requires monthly payments of interest only through September 1, 2015, the anticipated repayment date (ARD). In the event the mortgage is not satisfied on the ARD, all excess cash flow, as defined, shall be applied to amortize the loan and the interest rate shall be reset to 2% plus the greater of 4.905% and the then-current ten-year U.S. Treasury yield. The final maturity date of the loan is May 1, 2020. The mortgage note is secured by the property and is otherwise non-recourse except in limited circumstances regarding breaches of material representations. As additional collateral for the loan, we may be required to post letters of credit for the benefit of the lender, in the amount of \$10.0 million each, during September 2013, March 2014 and September 2014 if Citibank, N.A., the property's current sole tenant, exercises its second cancellation option for up to 20% of its leased space during 2014 and 2015. Proceeds received from this financing, net of mortgage recording tax and other costs, of approximately \$303.5 million were used to re-pay a portion of our Bridge Facility.

On August 26, 2005 we encumbered a pool of nine of our suburban office properties with interest only mortgages in the aggregate amount of approximately \$196.1 million. Proceeds received, net of costs and required escrows, of approximately \$188.3 million were used to repay borrowings under our unsecured credit facility, the remaining balance outstanding under our unsecured bridge facility and for the repayment of the secured property debt on 520 White Plains Road, Tarrytown, NY. On September 21, 2005, in connection with the transfer of these properties to the RAOC JV, these mortgages were assumed by the RAOC JV. The mortgage notes bear interest at a fixed interest rate of 5.20% per annum and mature in September 2010. These mortgage notes are cross-collateralized by the nine properties in the pool.

On June 20, 2005, in connection with the acquisition of our joint venture partner's 40% interest in the property located at 520 White Plains Road, Tarrytown, NY, we assumed approximately \$4.1 million of secured mortgage indebtedness of the joint venture. As a result, our total secured debt related to this property was approximately \$11.1 million. On September 1, 2005, the mortgage note's scheduled maturity date, we repaid the then outstanding balance of approximately \$10.9 million with proceeds received from the aforementioned August 26, 2005 mortgage financings, resulting in the satisfaction of this note.

On September 12, 2005 we encumbered a pool of three of our suburban office properties with interest only mortgages in the aggregate amount of approximately \$51.5 million. Proceeds received, net of costs and required escrows, of approximately \$50.2 million were used to repay borrowings under our unsecured credit facility and for general corporate purposes. The mortgage notes bear interest at a fixed interest rate of 5.20% per annum and mature in October 2010. We have contracted to sell these properties to the RAOC JV, subject to the mortgages notes, in October 2006. These mortgage notes are cross-collateralized by the three properties in the pool.

In connection with the mortgage indebtedness securing nine of the Tranche I properties, which were transferred to the RAOC JV on September 21, 2005, and three of the Tranche III properties scheduled to be transferred to the RAOC JV during October 2006, we have guaranteed to the lender certain customary non-recourse carve-outs, as well as certain obligations relating to the potential termination of a number of leases at four of these properties. We have also guaranteed to the lender certain capital requirements related to these properties. We will be relieved of the customary non-recourse carve-outs and capital requirements upon transfer of the respective properties to the RAOC JV and the RAOC JV meeting a net worth test of at least \$100.0 million. We will be relieved of all but two of the lease related obligations upon transfer of the respective properties to the RAOC JV and the RAOC JV meeting a net worth test of at least \$200.0 million. The RAOC JV has agreed to indemnify us for any loss, cost or damage it may incur pursuant to our guaranty of these obligations. As of September 30, 2005, the RAOC JV met the \$100.0 million net worth threshold and there remain approximately \$18 million of aggregate guarantees outstanding.

Pursuant to the terms of the mortgage note encumbering the property located at 200 Summit Lake Drive in Valhalla, NY, the note was prepayable, without penalty, subsequent to September 1, 2005. On September 30, 2005, we repaid the outstanding balance of approximately \$18.1 million with proceeds received from the RAOC JV which resulted in the satisfaction of this note.

The mortgage debt on the property located at 395 North Service Road in Melville, NY was scheduled to mature on October 28, 2005. Pursuant to the terms of the note, we prepaid the mortgage debt on September 30, 2005, at which time the outstanding

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

balance was approximately \$18.6 million. We made this prepayment with a borrowing under our unsecured credit facility and proceeds received from the joint venture formed on September 21, 2005 which resulted in the satisfaction of this note.

On October 20, 2005, in connection with our acquisition of 711 Westchester Avenue in White Plains, NY we assumed the existing first mortgage debt on the property of approximately \$12.5 million. The mortgage bears interest at approximately 5.4% per annum, requires monthly payments of interest only through January 2007 and monthly payments of interest and principal based on a 30 year amortization schedule commencing in February 2007. The mortgage matures on January 1, 2015.

### *Corporate Governance*

A number of shareholder derivative actions have been commenced purportedly on behalf of the Company against the Board of Directors relating to the disposition of our Long Island industrial portfolio. The complaints allege, among other things, that the process by which the directors agreed to the transaction was not sufficiently independent of the Rechler family and did not involve a market check or third party auction process and, as a result, was not for adequate consideration. The plaintiffs seek similar relief, including a declaration that the directors violated their fiduciary duties and damages. On May 25, 2004, the Circuit Court for Baltimore City granted the defendants' motions to dismiss the three consolidated Maryland actions on the ground that the plaintiffs in those actions had failed to make a pre-suit demand on the Board of Directors, or to allege facts showing that such a demand would have been futile. Final judgment was entered on June 8, 2004, and on June 30, 2004, the plaintiffs in the Maryland actions filed a notice of appeal from that judgment to the Maryland Court of Special Appeals. The Company's management believes that the complaints are without merit.

On April 4, 2005 the Company and the other parties to the shareholder derivative actions filed against the Company in connection with its disposition of its industrial portfolio agreed to settle such actions pursuant to the Stipulation of Settlement, dated as of March 14, 2005 and executed subsequent thereto. The settlement includes various changes to the Company's corporate governance policies to provide for an Affiliate Transaction Committee and to require that the Company's Board of Directors be comprised of at least two-thirds independent directors (as defined in the Company's Corporate Governance Guidelines), as well as certain other concessions and provides for the payment of plaintiffs' counsels' fees of \$2.15 million. Although we believe such payment is covered by insurance, subject to a \$500,000 deductible, we are currently in discussions with our carrier concerning such coverage. Pursuant to the terms of the Stipulation of Settlement, the parties to the shareholder derivative litigation intend to seek the dismissal of the actions filed in New York federal and state court. The settlement was approved by Judge Evelyn Omega Connor of the Circuit Court of Baltimore City on September 20, 2005.

### *Other Matters*

In July 2002, as a result of certain provisions of the Sarbanes-Oxley Act of 2002, we discontinued the use of stock loans in our Long Term Incentive Programs (LTIP). In connection with LTIP grants made prior to the enactment of the Sarbanes-Oxley Act of 2002, we currently have stock loans outstanding to certain executive officers which were used to purchase 385,000 shares of our common stock. The stock loans were priced at the market prices of our common stock at the time of issuance, bear interest at the mid-term Applicable Federal Rate and are secured by the shares purchased. Such stock loans (including accrued interest) are scheduled to vest and be ratably forgiven each year on the anniversary of the grant date based upon initial vesting periods ranging from seven to ten years. Such forgiveness is based on continued service and in part on the Company attaining certain annual performance measures. These stock loans had an initial aggregate weighted average vesting period of approximately nine years. As of September 30, 2005, there remains 180,714 shares of common stock subject to the original stock loans which are anticipated to vest between 2006 and 2011. Approximately \$285,000 and \$792,000 and \$290,000 and \$846,000 of compensation expense was recorded for the three and nine month periods ended September 30, 2005 and 2004, respectively, related to these loans. Such amounts have been included in marketing, general and administrative expenses on our consolidated statements of income.

The outstanding stock loan balances due from executive officers aggregated approximately \$3.8 million and \$4.7 million at September 30, 2005 and December 31, 2004, respectively, and have been included as a reduction of additional paid in capital on our consolidated balance sheets. Other outstanding loans to executive and senior officers at September 30, 2005 and December 31, 2004 amounted to approximately \$1.5 million and \$2.7 million, respectively, and are included in investments in affiliate loans and joint ventures on the accompanying consolidated balance sheets and are primarily related to tax payment advances on stock compensation awards and life insurance contracts made to certain executive and non-executive officers.

In November 2002 and March 2003, an award of rights was granted to certain executive officers of the Company (the 2002 Rights and 2003 Rights, respectively and collectively, the Rights). Each Right represents the right to receive, upon vesting, one share of common stock if shares are then available for grant under one of the Company's stock option plans or, if shares are not so available, an amount of cash equivalent to the value of such stock on the vesting date. The 2002 Rights vest in four equal annual installments beginning on November 14, 2003 (and shall be fully vested on November 14, 2006). The 2003 Rights were earned on March 13, 2005 and vest in three equal annual installments beginning on March 13, 2005 (and shall be fully vested on March 13, 2007). Dividends on the shares will be held by the Company until such shares become vested, and will be distributed thereafter to the applicable officer. The 2002 Rights also entitle the holder thereof to cash payments in respect of taxes payable by the holder resulting from the 2002 Rights. The 2002 Rights aggregate 62,835 shares of the Company's common stock and the 2003 Rights aggregate 26,040 shares of common stock. As of September 30, 2005, there remains 31,417 shares of common stock reserved related to the 2002 Rights and 17,360 shares of common stock reserved related to the 2003 Rights. Approximately \$121,000 and \$345,000 and \$101,000 and \$302,000 of compensation expense was recorded for the three and nine month periods ended September 30, 2005 and 2004, respectively, related to the Rights. Such amounts have been included in marketing, general and

administrative expenses on our consolidated statements of income.

[Back to Contents](#)

In March 2003, the Company established a new LTIP for its executive and senior officers (the 2003 LTIP). The four-year plan has a core award, which provides for annual stock based compensation based upon continued service and in part based on the Company attaining certain annual performance measures. The plan also has a special outperformance component in the form of a bonus pool equal to 10% of the total return in excess of a 9% cumulative and compounded annual total return on the Company's common equity for the period through the four-year anniversary after the date of grant (the Special Outperformance Pool). The aggregate amount payable to such officers from the Special Outperformance Pool is capped at an amount calculated based upon a total cumulative and compounded annual return on the common equity of 15%. An officer's special outperformance award represents an allocation of the Special Outperformance Pool and will become vested on the fourth anniversary of the date of grant, provided that the officer remains in continuous employment with the Company or any of its affiliates until such date, and the Company has achieved on a cumulative and compounded basis, during the four fiscal years completed on the applicable anniversary date, a total return to holders of the common equity that (i) is at or above the 60th percentile of the total return to stockholders achieved by members of the peer group during the same period and (ii) equals at least 9% per annum. Special outperformance awards will be paid in cash; however, the Compensation Committee, in its sole discretion, may elect to pay such an award in shares of common stock, valued at the date of vesting, if shares are available at such time under any of the Company's existing stock option plans. The LTIP provides that no dividends or dividend equivalent payments will accrue with respect to the special outperformance awards. On March 13, 2003, the Company made available 827,776 shares of its common stock under its existing stock option plans in connection with the core award of the 2003 LTIP for certain of its executive and senior officers. During May 2003, the special outperformance awards of the 2003 LTIP were amended to increase the per share base price above which the four year cumulative return is measured from \$18.00 to \$22.40.

The Board of Directors approved an amendment to the 2003 LTIP to revise the peer group used to measure relative performance. The amendment eliminated the mixed office and industrial companies and added certain other pure office companies in order to revise the peer group to office sector companies. The Board has also approved the revision of the performance measurement dates for future vesting under the core component of the 2003 LTIP from the anniversary of the date of grant to December 31 of each year. This was done in order to have the performance measurement coincide with the performance period that the Company believes many investors use to judge the performance of the Company.

On December 27, 2004, the Operating Partnership entered into definitive agreements with certain executive and senior officers of the Company to revise their incentive awards under the 2003 LTIP. The revised agreements provide for (i) the rescission of the unvested portion of their core awards and (ii) an award in exchange for the rescinded core awards of an equal number of units of a new class of limited partnership interests ( LTIP Units ) of the Operating Partnership.

Each executive and senior officer participating in the 2003 LTIP was offered the option to retain all or a portion of his core awards or to rescind them in exchange for new awards of LTIP Units. On December 27, 2004, certain executive and senior officers accepted such offer and thereby amended their Amended and Restated Long-Term Incentive Award Agreement to cancel, in the aggregate, 362,500 shares of restricted stock of the Company representing all or a portion of their unvested core award, and received an equal number of LTIP Units.

The revised awards under the 2003 LTIP were designed to provide the potential for executives to retain a greater equity interest in the Company by eliminating the need for executives to sell a portion of the core awards immediately upon vesting in order to satisfy personal income taxes which are due upon vesting under the original core awards.

On March 13, 2005 and March 13, 2004, with respect to the 2003 LTIP, the Company met its annual performance measure with respect to the 2004 and 2003 annual measurement periods, respectively. As a result, the Company has issued to the participants of the 2003 LTIP 102,779 and 206,944 shares of its common stock, respectively, related to the core component of the 2003 LTIP.

The terms of each award of LTIP Units are substantially similar to those of the core awards under the 2003 LTIP. The vesting, performance hurdles and timing for vesting remain unchanged. However, an LTIP Unit represents an equity interest in the Operating Partnership, rather than the Company. At issuance, the LTIP Unit has no value but may over time accrete to a value equal to (but never greater than) the value of one share of common stock of the Company (a REIT Share). Initially, LTIP Units will not have full parity with OP Units with respect to liquidating distributions. Upon the occurrence of certain triggering events, the Operating Partnership will revalue its assets for the purpose of the capital accounts of its partners and any increase in valuation of the Operating Partnership's assets from the date of the issuance of the LTIP Units through the triggering event will be allocated to the capital accounts of holders of LTIP Units until their capital accounts are equivalent to the capital accounts of holders of OP Units. If such equivalence is reached, LTIP Units would achieve full parity with OP Units for all purposes, and therefore accrete to an economic value equivalent to REIT Shares on a one-for-one basis. After two years from the date of grant, if such parity is reached, vested LTIP Units may be redeemed for cash in an amount equal to the then fair market value of an equal number of REIT Shares or converted into an equal number of OP Units, as determined by the Company's Compensation Committee. However, there are circumstances under which such economic equivalence would not be reached. Until and unless such economic

equivalence is reached, the value that the officers will realize for vested LTIP Units will be less than the value of an equal number of REIT Shares. In addition, unlike core awards under the 2003 LTIP (wherein dividends that accumulate are paid upon vesting), LTIP Units will receive the same quarterly distributions as OP Units on a current basis, thus providing full dividend equivalence with REIT Shares. At the scheduled March 2005 vesting date, the specified performance hurdles were met, and officers that received LTIP Units received a one-time cash payment that represented payment of the full vested amount of the accrued unpaid dividends under the core award of the 2003 LTIP through December 27, 2004, the issuance date of the LTIP Units. In addition, the officers, in the aggregate, vested in 104,167 LTIP Units. In order to more closely replicate the terms of the core awards being rescinded, the Company also entered into agreements with three executive officers, which provide that in the event of a change of control the executive shall receive the equivalent value of one REIT Share for each LTIP Unit.

[Back to Contents](#)

In March 2005, following the recommendation of the Compensation Committee of the Board of Directors, eight senior and executive officers of the Company were awarded, in the aggregate, 272,100 LTIP Units to continue to incentivize them for the long-term (the 2005 LTIP Unit Grants). Each such LTIP Unit awarded is deemed equivalent to an award of one share of common stock reserved under one of the Company's stock option plans, reducing availability for other equity awards on a one-for-one basis. The terms of the 2005 LTIP Unit Grants are generally consistent with the terms of the 2003 LTIP, including with respect to the impact upon vesting in the event of a change of control.

As of September 30, 2005, and as a result of the foregoing, there remains 155,553 shares of common stock reserved for future issuance under the core award of the 2003 LTIP and 530,443 shares of common stock reserved for issuance with respect to the issuance of LTIP Units. With respect to the core award of the 2003 LTIP, the Company recorded approximately \$305,000 and \$915,000 and \$699,000 and \$2.1 million of compensation expense for the three and nine month periods ended September 30, 2005 and 2004, respectively. In addition, with respect to the LTIP Units and the 2005 LTIP Unit Grants, the Company recorded compensation expense of approximately \$822,000 and \$2.1 million for the three and nine month periods ended September 30, 2005, respectively. Such amounts have been included in marketing, general and administrative expenses on our consolidated statements of income. Based on the terms of the 2003 LTIP plan, potential outcomes of the Special Outperformance Pool are estimated to range from \$0, assuming the requisite four year cumulative performance measures are not met, to a maximum of approximately \$34.0 million, assuming relative peer group performance measures are met and a 15% cumulative and compounded return on common equity. No accrual has been made with respect to the Special Outperformance Pool, due to the uncertainty of the outcome of achieving the requisite performance measures at the December 31, 2006 measurement date.

Compensation expense with respect to the core component of the 2003 LTIP, which relates to the Company attaining certain annual performance measures, is recognized in accordance with paragraph 26 of Statement No. 123 as a target stock price plan. Under this type of plan, compensation expense is recognized for the target stock price awards whether or not the targeted stock price condition is achieved as long as the underlying service conditions are achieved. Accordingly, we obtained an independent third party valuation of the 2003 LTIP awards and recognize compensation expense on a straight-line basis through the vesting period for awards to employees who remain in service over the requisite period regardless of whether the target stock price has been reached.

Compensation expense with respect to the core component of the 2003 LTIP, which relates to the continued service of the grantee, is recognized in accordance with Statement No. 123 in which compensation expense is recognized on a straight-line basis through the vesting period based on the fair market value of the stock on the date of grant.

As a result of the election of certain executive and senior officers to exchange all or a portion of their 2003 LTIP into an equal number of LTIP Units we again obtained an independent third party valuation of the newly granted LTIP Units and determined that the fair value of the LTIP Units was not greater than the exchanged 2003 LTIP awards on the date of the exchange. As such, compensation expense to be recognized, on a straight-lined basis, over the vesting period of the LTIP Units equals the amount of unamortized compensation expense cost for the 2003 LTIP awards as of the exchange date.

We expect to adopt Statement No. 123R on January 1, 2006; however at this time we are not able to determine the impact of Statement No. 123R on our consolidated financial statements.

Under various Federal, state and local laws, ordinances and regulations, an owner of real estate is liable for the costs of removal or remediation of certain hazardous or toxic substances on or in such property. These laws often impose such liability without regard to whether the owner knew of, or was responsible for, the presence of such hazardous or toxic substances. The cost of any required remediation and the owner's liability therefore as to any property is generally not limited under such enactments and could exceed the value of the property and/or the aggregate assets of the owner. The presence of such substances, or the failure to properly remediate such substances, may adversely affect the owner's ability to sell or rent such property or to borrow using such property as collateral. Persons who arrange for the disposal or treatment of hazardous or toxic substances may also be liable for the costs of removal or remediation of such substances at a disposal or treatment facility, whether or not such facility is owned or operated by such person. Certain environmental laws govern the removal, encapsulation or disturbance of asbestos-containing materials ("ACMs") when such materials are in poor condition, or in the event of renovation or demolition. Such laws impose liability for release of ACMs into the air and third parties may seek recovery from owners or operators of real properties for personal injury associated with ACMs. In connection with the ownership (direct or indirect), operation, management and development of real properties, we may be considered an owner or operator of such properties or as having arranged for the disposal or treatment of hazardous or toxic substances and, therefore, potentially liable for removal or remediation costs, as well as certain other related costs, including governmental fines and injuries to persons and property.

All of our properties have been subjected to a Phase I or similar environmental audit (which involved general inspections without soil sampling, ground water analysis or radon testing) completed by independent environmental consultant companies. These environmental audits have not revealed any environmental liability that would have a material adverse effect on our business.

Soil and groundwater contaminated with volatile organic compounds ( VOCs ) was discovered at industrial property owned by the Company, located at 32 Windsor Drive, Central Islip, New York. The contamination was attributed to the operations of the property's tenant, which subsequently vacated the premises and filed for bankruptcy. The Company reported the contamination to the New York State Department of Environmental Conservation ( NYSDEC ) as required by law. The Company also retained an environmental consulting firm to investigate and clean up the contamination and has voluntarily excavated and arranged for the lawful disposal from the property of all soils containing VOCs at concentrations that exceed cleanup levels established by NYSDEC. The Company also intends to install groundwater monitoring wells and, based on consultation with NYSDEC, determine whether any treatment or other form of active cleanup of groundwater is necessary as well as to pursue a claim for a portion of the costs in the bankruptcy proceeding involving the tenant. However, there can be no assurance that the cost of cleanup will not exceed our current expectations, particularly if unanticipated environmental conditions are encountered or if NYSDEC imposes additional requirements.

[Back to Contents](#)

Nine of our office properties, which were acquired by the issuance of OP Units, are subject to agreements limiting our ability to transfer them prior to agreed upon dates without the consent of the limited partner who transferred the respective property to us. In the event we transfer any of these properties prior to the expiration of these limitations, we may be required to make a payment relating to taxes incurred by the limited partner. These limitations expire between 2011 and 2015.

Two of our office properties that are held in joint ventures contain certain limitations on transfer. These limitations include requiring the consent of the joint venture partner to transfer a property prior to various specified dates, rights of first offer, and buy / sell provisions.

### **Off Balance Sheet Arrangements**

During 1997, the Company formed FrontLine Capital Group ( FrontLine ), and Reckson Strategic Venture Partners, LLC ( RSVP ), a real estate venture capital fund whose common equity is held indirectly by FrontLine. In connection with the formation and subsequent spin-off of FrontLine, the Operating Partnership established an unsecured credit facility with FrontLine (the FrontLine Facility ) in the amount of \$100.0 million. The Operating Partnership also approved the funding of investments of up to \$110.0 million relating to REIT qualified investments through RSVP-controlled joint ventures or advances made to FrontLine under an additional unsecured loan facility (the RSVP Facility ) having terms similar to the FrontLine Facility (advances made under the RSVP Facility and the FrontLine Facility hereafter, the FrontLine Loans ). To date, approximately \$59.8 million has been funded to RSVP-controlled joint ventures and \$142.7 million through the FrontLine Loans (collectively, the RSVP / FLCG Investments ) on which we accrued interest (net of reserves) of approximately \$19.6 million.

A committee of the Board of Directors, comprised solely of independent directors, considers any actions to be taken by the Company in connection with the RSVP / FLCG Investments and during 2001, based on our assessment of value and recoverability of the RSVP / FLCG Investments and considering the findings and recommendations of the committee and its financial advisor, we recorded a \$163.0 million valuation reserve charge, inclusive of anticipated costs against the carrying cost of the RSVP / FLCG Investments. In addition, we have discontinued the accrual of interest income with respect to the FrontLine Loans and have also reserved against our share of GAAP equity in earnings, if any, from the RSVP-controlled joint ventures funded until such income is realized through cash distributions.

FrontLine is in default under the FrontLine Loans and on June 12, 2002, filed a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code.

In September 2003, RSVP completed the restructuring of its capital structure and management arrangements whereby a management company formed by its former managing directors, whose contracts as managing directors were terminated, has been retained to manage RSVP pursuant to a management agreement. The management agreement, which has a term of three years and is subject to early termination in the event of the disposition of all of the assets of RSVP, provides for an annual base management fee and disposition fees equal to 2% of the net proceeds received by RSVP on asset sales (the Fees ). The Fees are subject to a maximum over the term of the agreement of \$7.5 million. In addition, the former managing directors of RSVP retained a one-third residual interest in RSVP s assets which is subordinated to the distribution of an aggregate amount of \$75.0 million to RSVP and/or us in respect of RSVP-controlled joint ventures.

In connection with RSVP s capital restructuring, RSVP and certain of its affiliates obtained a \$60.0 million secured loan (the RSVP Secured Loan ). On November 3, 2005, the outstanding balance of the RSVP Secured Loan was repaid primarily with proceeds received from the sale of certain assisted living related assets.

The net carrying value of our investments in the RSVP / FLCG Investments of approximately \$55.2 million was reassessed with no change by management as of September 30, 2005. Such amount is included in investments in affiliate loans and joint ventures on our consolidated balance sheet.

Scott H. Rechler, who serves as our Chief Executive Officer, President and Chairman of the Board, serves as CEO and Chairman of the Board of Directors of FrontLine and is its sole board member. Scott H. Rechler also serves as a member of the management committee of RSVP and serves as a member of the Board of Directors of American Campus Communities, a company formally owned by RSVP.

In November 2004, a joint venture in which RSVP owns approximately 47% executed a binding agreement to contribute its Catskills, NY resort properties (excluding residentially zoned land) to Empire Resorts Inc. (NASDAQ: NYNY) ( Empire ) for consideration of 18.0 million shares of Empire s common stock and the right to appoint five members of their Board of Directors.

## Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

[Back to Contents](#)

It is currently anticipated that Scott H. Rechler will be appointed to fill one such seat. On March 4, 2005, Empire announced that the agreement had been amended, whereby the parties agreed to waive the condition to closing which required final governmental approval of gaming in the Catskills. The transaction is subject to satisfaction of certain conditions and approvals, including the approval of Empire's shareholders. Since the execution of the agreement, certain events have occurred which may adversely affect the timing or potential for gaming to be approved at Empire's properties. Based on these events, we are closely monitoring the situation and the status of the transaction. There can be no assurances that gaming will be approved in the Catskills or that the transaction will be completed on its current terms or at all.

In addition to the foregoing, our off-balance sheet arrangements are our approximate 5% indirect ownership interest in a joint venture that owns an investment in a New York City Class A office tower and our 25% unconsolidated joint venture interest in the RAOC JV where our share of unconsolidated joint venture debt is approximately \$51.6 million with a weighted average interest rate of 5.18% and a weighted average term of 4.9 years. (For a more detailed description of these arrangements see Overview and Background of this Item.)

### Funds from Operations

Funds from Operations ( FFO ) is defined by the National Association of Real Estate Investment Trusts ( NAREIT ) as net income or loss, excluding gains or losses from sales of depreciable properties plus real estate depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. We present FFO because we consider it an important supplemental measure of our operating performance and believe it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, many of which present FFO when reporting their results. FFO is intended to exclude GAAP historical cost depreciation and amortization of real estate and related assets, which assumes that the value of real estate diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. As a result, FFO provides a performance measure that, when compared year over year, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, development activities, interest costs and other matters without the inclusion of depreciation and amortization, providing perspective that may not necessarily be apparent from net income.

We compute FFO in accordance with the standards established by NAREIT. FFO does not represent cash generated from operating activities in accordance with GAAP and is not indicative of cash available to fund cash needs. FFO should not be considered as an alternative to net income as an indicator of our operating performance or as an alternative to cash flow as a measure of liquidity. Since all companies and analysts do not calculate FFO in a similar fashion, our calculation of FFO presented herein may not be comparable to similarly titled measures as reported by other companies.

The following table presents our FFO calculations (in thousands):

	Three months ended September 30,		Nine months ended, September 30,	
	2005	2004	2005	2004
Net income allocable to common shareholders	\$ 113,555	\$ 8,840	\$ 148,672	\$ 37,849
Adjustments for basic Funds From Operations				
Add:				
Limited partners' minority interest in the Operating Partnership	2,930	453	4,197	2,090
Real estate depreciation and amortization	32,903	26,758	90,391	78,100
Minority partners' interests in consolidated partnerships	6,741	7,117	20,244	23,931
Deduct:				
Gains on sales of depreciable real estate	98,861	2,381	98,861	11,322
Amounts distributable to minority partners in consolidated partnerships	5,600	6,070	16,804	20,985
Basic Funds From Operations	51,668	34,717	147,839	109,663
Add:				

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

Dividends and distributions on dilutive shares and units	---	41	---	541
Diluted Funds From Operations	\$ 51,668	\$ 34,758	\$ 147,839	\$ 110,204
Weighted Average Shares/OP Units outstanding <sup>(1)</sup>	84,628	73,789	84,471	69,730
Diluted Weighted Average Shares/OP Units outstanding <sup>(1)</sup>	85,150	74,190	84,948	70,539

(1) Assumes conversion of limited partnership units of the Operating Partnership.

[Back to Contents](#)**Inflation**

The office leases generally provide for fixed base rent increases or indexed escalations. In addition, the office leases provide for separate escalations of real estate taxes, operating expenses and electric costs over a base amount. The industrial / R&D leases generally provide for fixed base rent increases, direct pass through of certain operating expenses and separate real estate tax escalations over a base amount. We believe that inflationary increases in expenses will be mitigated by contractual rent increases and expense escalations described above. As a result of the impact of the events of September 11, 2001, we have realized increased insurance costs, particularly relating to property and terrorism insurance, and security costs. We have included these costs as part of our escalatable expenses and have billed them to our tenants consistent with the terms of the underlying leases and believes they are collectible. To the extent our properties contain vacant space, we will bear such inflationary increases in expenses.

The Credit Facility and one of our Note Receivable Investments bear interest at variable rates, which will be influenced by changes in short-term interest rates, and are sensitive to inflation.

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

The primary market risk facing us is interest rate risk on our long-term debt and notes receivable. We do not enter into derivative financial instruments for trading or speculative purposes. However, in the normal course of our business and to help us manage our debt issuances and maturities, we do use derivative financial instruments in the form of cash flow hedges to protect ourselves against potentially rising interest rates. We are not subject to foreign currency risk.

The accounting for changes in the fair value of derivatives depends on the intended use of the derivative and the resulting designation. Derivatives used to hedge the exposure to changes in the fair value of an asset, liability, or firm commitment attributable to a particular risk, such as interest rate risk, are considered fair value hedges. Derivatives used to hedge the exposure to variability in expected future cash flows, or other types of forecasted transactions, are considered cash flow hedges.

As required by Statement No. 133, we record all derivatives on our balance sheet at fair value. For effective hedges, depending on the nature of the hedge, changes in the fair value of the derivative will be offset against the corresponding change in fair value of the hedged asset, liability, or firm commitment through earnings or recognized in OCI on our balance sheet until the hedged item is recognized in earnings.

For derivatives designated as cash flow hedges, the effective portion of changes in the fair value of the derivative is initially reported in OCI and subsequently reclassified to earnings when the hedged transaction affects earnings, and the ineffective portion of changes in the fair value of the derivative is recognized directly in earnings. We assess the effectiveness of each hedging relationship by comparing the changes in fair value or cash flows of the derivative hedging instrument with the changes in fair value or cash flows of the designated hedged item or transaction. For derivatives not designated as hedges, changes in fair value are recognized in earnings.

The fair market value ( FMV ) of our long term debt and Note Receivable Investments is estimated based on discounting future cash flows at interest rates that we believe reflects the risks associated with long term debt and notes receivable of similar risk and duration.

The following table sets forth our long-term debt obligations by scheduled principal cash flow payments and maturity date, weighted average interest rates and estimated FMV at September 30, 2005 (dollars in thousands):

	For the Year Ending December 31,							
	2005	2006	2007	2008	2009	Thereafter	Total (1)	FMV
Long term debt:								
Fixed rate	\$ 2,839	\$ 123,469	\$ 269,370	\$ 7,705	\$ 307,397	\$ 1,207,096	\$ 1,917,876	\$ 1,981,153
Weighted average interest rate	7.57%	7.11%	7.14%	7.35%	7.73%	5.29%	6.07%	
Variable rate	\$	\$	\$	\$ 231,000	\$	\$	\$ 231,000	\$ 231,000
Weighted average interest rate				4.86%			4.86%	

---

(1) Includes aggregate unamortized issuance discounts of approximately \$7.5 million on the senior unsecured notes which are due at maturity. In addition, we have assessed the market risk for our variable rate debt, which is based upon LIBOR, and believe that a one percent increase in the LIBOR rate would have an approximate \$2.0 million annual increase in interest expense based on \$231.0 million of variable rate debt outstanding at September 30, 2005.

[Back to Contents](#)

The following table sets forth our Note Receivable Investments by scheduled maturity date, weighted average interest rates and estimated FMV at September 30, 2005 (dollars in thousands):

	For the Year Ending December 31,							
	2005	2006	2007	2008	2009	Thereafter	Total (1)	FMV
Note Receivable Investments:								
Fixed rate	\$ 10,450	\$ 20,000	\$ 16,990	\$	\$	\$ 105,791 <sup>(2)</sup>	\$ 153,231	\$ 153,534 <sup>(2)</sup>
Weighted average interest rate	5.17%	15.00%	12.00%			9.01%	9.86%	
Variable rate	\$ 27,592	\$	\$	\$	\$ 500	\$	\$ 28,092	\$ 28,092
Weighted average interest rate	14.87%				3.41%		14.66%	

(1) Excludes interest receivables and unamortized acquisition costs aggregating approximately \$6.1 million.

(2) Our investment balance, with respect to a participating loan investment, includes approximately \$21.2 million of accretive interest which is due at maturity. The FMV calculation considers only accretive interest recorded through September 30, 2005.

In addition, we have assessed the market risk for our variable rate receivables, which are based upon LIBOR, and believe that a one percent increase in the LIBOR rate would have an approximate \$2.8 million annual increase in interest income based on \$28.1 million of variable rate receivables outstanding at September 30, 2005.

#### ITEM 4. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in our filings under the Securities Exchange Act of 1934 is reported within the time periods specified in the SEC's rules and forms. In this regard, we have formed a Disclosure Committee currently comprised of all of our executive officers as well as certain other members of our senior management with knowledge of information that may be considered in the SEC reporting process. The Committee has responsibility for the development and assessment of the financial and non-financial information to be included in the reports filed by us with the SEC and supports our Chief Executive Officer and Chief Financial Officer in connection with their certifications contained in our SEC reports. The Committee meets regularly and reports to the Audit Committee on a quarterly or more frequent basis. Our Chief Executive Officer and Chief Financial Officer have evaluated, with the participation of our senior management, our disclosure controls and procedures as of the end of the period covered by this Quarterly Report on Form 10-Q. Based upon the evaluation, our Chief Executive Officer and Chief Financial Officer concluded that such disclosure controls and procedures are effective.

There were no changes in our internal control over financial reporting that occurred during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

- (1) Excludes tenant improvements and leasing commissions related to a 163,880 square foot leasing transaction with Fuji Photo Film U.S.A. Leasing commissions on this transaction amounted to \$5.33 per square foot and tenant improvement allowance amounted to \$40.88 per square foot.
- (2) Excludes \$15.5 million of tenant improvements and \$2.2 million of leasing commissions related to a new 121,108 square foot lease to Debevoise and Plimpton that was signed during the third quarter of 2003 with a lease commencement date of May 2005.
- (3) 2003 numbers exclude tenant improvements of \$0.2 million for Sandler O Neil Partners (7,446 square feet) for expansion space with a lease commencement date in the second quarter of 2004. The tenant improvement allowance is reflected in the second quarter of 2004.
- (4) Excludes 86,800 square feet related to Westpoint Stevens early renewal. There were no tenant improvements or leasing costs associated with this transaction. Also excludes \$1.4 million of tenant improvements and \$1.2 million of leasing commissions related to a 74,293 square foot lease to Harper Collins Publishers with a lease commencement date in 2006. Also excludes Bank of America retail lease with \$0.6 million of tenant improvements and \$0.8 million of leasing commissions.
- (5) Including costs related to the 17 properties sold to the RAOC JV on September 21, 2005 for the full period.

[Back to Contents](#)

As noted, incremental revenue-generating tenant improvement costs and leasing commissions are excluded from the tables previously set forth. The historical capital expenditures, tenant improvement costs and leasing commissions previously set forth are not necessarily indicative of future non-incremental revenue-generating capital expenditures or non-incremental revenue-generating tenant improvement costs and leasing commissions that may be incurred to retain revenues on leased space.

The following table sets forth our components of paid or accrued non-incremental and incremental revenue-generating capital expenditures, tenant improvements and leasing costs for the periods presented as reported on our Statements of Cash Flows Investment Activities contained in our consolidated financial statements (in thousands):

	<b>Nine months ended September 30,</b>	
	<b>2005</b>	<b>2004</b>
Capital expenditures:		
Non-incremental	\$ 6,417	\$ 6,370
Incremental	7,805	2,690
Tenant improvements:		
Non-incremental	29,022	15,405
Incremental	11,881	3,549
Additions to commercial real estate properties	\$ 55,125	\$ 28,014
Leasing costs:		
Non-incremental	\$ 10,062	\$ 12,007
Incremental	5,528	1,944
Payment of deferred leasing costs	\$ 15,590	\$ 13,951
Acquisition and development costs	\$ 660,040	\$ 159,348

## **PART II - OTHER INFORMATION**

### **Item 1. Legal Proceedings**

On April 4, 2005 the Company and the other parties to the shareholder derivative actions filed against the Company in connection with its disposition of its industrial portfolio agreed to settle such actions pursuant to the Stipulation of Settlement, dated as of March 14, 2005 and executed subsequent thereto. The settlement includes various changes to the Company's corporate governance policies to provide for an Affiliate Transaction Committee and to require that the Company's Board of Directors be comprised of at least two-thirds independent directors (as defined in the Company's Corporate Governance Guidelines), as well as certain other concessions and provides for the payment of plaintiffs' counsel's fees of \$2.15 million. Although we believe such payment is covered by insurance, subject to a \$500,000 deductible, we are currently in discussions with our carrier concerning such coverage. Pursuant to the terms of the Stipulation of Settlement, the parties to the shareholder derivative litigation intend to seek the dismissal of the actions filed in New York federal and state court. The settlement was approved by Judge Evelyn Omega Connor of the Circuit Court of Baltimore City on September 20, 2005.

Except as provided above, the Company is not presently subject to any material litigation nor, to the Company's knowledge, is any litigation threatened against the Company, other than routine actions for negligence or other claims and administrative proceedings arising in the ordinary course of business, some of which are expected to be covered by liability insurance and all of which collectively are not expected to have a material adverse effect on the liquidity, results of operations or business or financial condition of the Company.

### **Item 2. Unregistered Sales of Equity Securities and Use of Proceeds   None**

### **Item 3. Defaults Upon Senior Securities   None**

### **Item 4. Submission of Matters to a Vote of Securities Holders   None**

### **Item 5. Other information**

- a) None
- b) There have been no material changes to the procedures by which stockholders may recommend nominees to the Company's Board of Directors.

### **Item 6. Exhibits**

#### **Exhibits**

- 31.1 Certification of Scott H. Rechler, Chairman of the Board, Chief Executive Officer, President and Director of the Registrant, pursuant to Rule 13a-14(a) or Rule 15(d)-14(a).
- 31.2 Certification of Michael Maturo, Executive Vice President, Treasurer and Chief Financial Officer of the Registrant, pursuant to Rule 13a-14(a) or Rule 15(d)-14(a).
- 32.1 Certification of Scott H. Rechler, Chairman of the Board, Chief Executive Officer, President and Director of the Registrant, pursuant to Section 1350 of Chapter 63 of Title 18 of the United States Code.
- 32.2 Certification of Michael Maturo, Executive Vice President, Treasurer and Chief Financial Officer of the Registrant, pursuant to Section 1350 of Chapter 63 of Title 18 of the United States Code.
