PROXY STATEMENT

This statement is furnished on behalf of the Board of Directors of South Jersey Industries, Inc. to solicit proxies for use at its 2011 Annual Meeting of Shareholders. The meeting is scheduled for Thursday, April 28, 2011, at 10:00 a.m. at The Mansion on Main Street, 3000 Main Street, Voorhees, New Jersey. The approximate date proxy materials will be sent to shareholders is March 25, 2011. On the mailing date, a copy of the proxy and Annual Report will be available on our website at www.sjindustries.com under the heading "Investors".

Proxy Solicitation

The Company bears the cost of this solicitation, which is primarily made by mail. However, the Corporate Secretary or employees of the Company may solicit proxies by phone, fax, e-mail or in person, but such persons will not be separately compensated for such services. The Company may also use a proxy-soliciting firm at a cost not expected to exceed \$6,000, plus expenses, to distribute to brokerage houses and other custodians, nominees, and fiduciaries additional copies of the proxy materials and Annual Report to Shareholders for beneficial owners of our stock.

Record Date

Only shareholders of record at the close of business on February 28, 2011 may vote at the meeting. On that date, the Company had 29,883,823 shares of Common Stock outstanding. Shareholders are entitled to one vote per share on each matter to be acted upon.

Quorum and Vote Required

A quorum is necessary to conduct the business of the meeting. This means holders of at least a majority of the outstanding shares of Common Stock must be present at the meeting, either by proxy or in person. Directors are elected by a plurality vote of all votes cast at the meeting. All other matters that come before the meeting require the affirmative vote of a majority of the votes cast at the meeting. Abstentions and broker non-votes will be treated as present to determine a quorum but will not be deemed to be cast and, therefore, will not affect the outcome of any of the shareholder questions. A broker non-vote occurs when a nominee holding shares for a beneficial owner

does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Voting of Proxies and Revocation

Properly signed proxies received by the Company will be voted at the meeting. If a proxy contains a specific instruction as to any matter to be acted on, the shares represented by the proxy will be voted in accordance with those instructions. If you sign and return your proxy but do not indicate how to vote for a particular matter, your shares will be voted as the Board of Directors recommends. A shareholder who returns a proxy may revoke it at any time before it is voted by submitting a later-dated proxy or by voting by ballot at the meeting. If you attend the meeting and wish to revoke your proxy, you must notify the meeting's secretary in writing prior to the voting of the proxy. If any other matters or motions properly come before the meeting, including any matters dealing with the conduct of the meeting, it is the intention of the persons named in the accompanying proxy card to vote such proxy in accordance with their judgment. The Board of Directors is not aware of any such matters other than those described in this proxy statement.

PROPOSAL 2

NONBINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company's executive compensation policies and procedures are designed to attract and retain highly qualified named executive officers while linking Company performance to named executive officer compensation which creates shareholder value. The Compensation Committee has a strong pay for performance philosophy; and, as a result, the compensation paid to our named executive officers is generally aligned with the Company's performance on both a short-term and a long-term basis. Our performance over the last five years provides evidence that our executive compensation policies and procedures have been effective in furthering these objectives. We have outperformed the S&P 500 index in four of the last five years and compare favorably to the S&P Utility index. We have also outperformed our peer group in terms of total shareholder return in seven of the last nine years.

For 2010, the executive compensation policies and procedures for our named executive officers consisted of three parts, two of which were again directly linked to the achievement of predefined short-term and long-term performance as follows:

- Annual cash awards paid to our named executive officers were tied to Company performance, based on earnings per share targets and an individual balanced scorecard approach that measured both financial and non-financial goals.
- Long-term incentive compensation consisted of restricted stock grants that are earned based on the Company's relative shareholder return measured against our peer group over a three-year period.

We believe these components of compensation for our named executive officers provide the proper incentives to align compensation with the Company's performance while enhancing shareholder value. Our performance over the last several years confirms that our pay for performance philosophy is successful. Specifically, if the Company's performance results meet or exceed pre-established performance targets or if our relative shareholder return over a three-year period exceeds our peer group, named executive officers have an opportunity to realize significant additional compensation through annual cash awards and long-term equity awards. In addition, the Company's stock ownership guidelines require our named executive officers to own shares of Company stock which align with shareholder interests. We believe this pay for performance philosophy is integral to the Company's performance and shareholder value over the long term.

Please see the "Compensation Discussion and Analysis" beginning on page 18 of this Proxy statement for a more detailed discussion of executive compensation policies and procedures for our named executive officers.

Pursuant to the proxy rules under the Exchange Act and as required by the recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), we are required to provide shareholders with a separate non-binding shareholder vote to approve the compensation of our named executive officers, including the "Compensation Discussion and Analysis", the compensation tables, and any other narrative disclosure in this Proxy statement. Such a proposal, commonly known as a "say-on-pay" proposal, gives shareholders the opportunity to endorse or not endorse our executive compensation policies and procedures as described in this Proxy statement. Shareholders may also abstain from voting. Accordingly, shareholders are being asked to approve the following resolution:

RESOLVED, that the shareholders approve the overall executive compensation policies and procedures employed by the Company, as described in the "Compensation Discussion & Analysis" and the tabular

disclosure regarding compensation paid to the executives named in the Summary Compensation Table (together with the accompanying narrative disclosure) in this Proxy statement for its 2011 annual meeting.

Because your vote is advisory, it will not be binding on the Board and may not be construed as overruling any decision by the Board. However, the Compensation Committee values the opinions expressed by shareholders and expects to take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors recommends a vote “FOR” approval of the overall executive compensation policies and procedures employed by the Company, as described in the “Compensation Discussion & Analysis” and the tabular disclosure regarding compensation paid to the executives named in the Summary Compensation Table (together with the accompanying narrative disclosure) in this Proxy statement for its 2011 annual meeting.

PROPOSAL 3

NONBINDING ADVISORY VOTE ON THE FREQUENCY OF NONBINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

This proposal gives you as a shareholder the opportunity to indicate your preference as to whether, in the future, the Company holds an advisory vote on executive compensation every one, two or three years. You may also abstain from voting on this matter.

RESOLVED, that the shareholders approve that the nonbinding advisory vote to approve executive compensation be held:

- | | |
|-----------------------|------------------------------------|
| <input type="radio"/> | every year |
| <input type="radio"/> | every two years |
| <input type="radio"/> | every three years |
| <input type="radio"/> | abstain from voting on this matter |

Because your vote is advisory, it will not be binding on the Board and may not be construed as overruling any decision by the Board. However, the Compensation Committee values the opinions expressed by shareholders and expects to take into account the outcome of the vote when considering the frequency with which future votes will be held regarding the Company’s executive compensation. Because we make compensation decisions on an annual basis, we think that our shareholders should have an annual opportunity to approve these decisions.

The Board of Directors recommends a vote “FOR” approval of an annual advisory vote to approve the compensation paid to the executives named in the Summary Compensation Table.

Stock Ownership Requirements

The Board of Directors believes significant ownership of Company Common Stock better aligns the interests of management of the Company and its principal subsidiaries with that of the Company's shareholders. Therefore, in 2001 the Board of Directors enacted the following stock ownership requirements for officers and directors:

The Chief Executive Officer is required to own shares of Company Common Stock with a market value equal to a minimum of three times his or her annual base salary;

Current officers will have a period of six years from the original date of adoption and newly elected or promoted officers will have a period of six years following their election or promotion to a new position to meet these minimum stock ownership requirements; and

Members of the Board of Directors are required, within six years of becoming a director of the Company or any of its principal subsidiaries, to own shares of Company Common Stock with a market value equal to a minimum of five times the current value of a Director's annual cash retainer. Shares owned outright will be combined with restricted shares awarded as part of the annual stock retainer for the purpose of meeting these requirements.

Section 16(a) Beneficial Ownership Reporting Compliance

Pursuant to Section 16(a) of the Securities Exchange Act of 1934, the Company's directors and executive officers are required to file reports with the Securities and Exchange Commission relating to their ownership of, and transactions in, the Company's Common Stock. Based on our records and other information, the Company believes that all Section 16(a) filing requirements were met for 2010.

THE BOARD OF DIRECTORS

Corporate Governance

Leadership Structure

The Chairman of the Board, Edward J. Graham, also serves as the Company's CEO. The Company has determined that this leadership structure is appropriate based on Mr. Graham's tenure with the Company, his knowledge of the Company and the energy and utility industries, and his excellent relationship with the Board.

Mr. Graham joined the Company as an Internal Auditor in 1981 and since that time has held various significant positions, including positions in accounting and gas management. He has also served as Vice President and President of the Company and its subsidiaries. As a result of his tenure and broad base of expertise, Mr. Graham successfully directs the Board as it advises management and monitors performance.

To ensure sustained leadership when it is inappropriate for Mr. Graham to act as Chairman, the Board has elected a Lead Independent Director. W. Cary Edwards served as Lead Independent Director from 2005 until his passing in October 2010. Director Higgins was elected to serve as Lead Independent Director in November 2010 to fill the unexpired 2010-2011 term.

The Lead Independent Director is an independent member of the Board elected annually by a majority of the independent directors. The Lead Independent Director presides over all meetings of the Board's independent directors and non-management directors. The Board convenes an executive session of the independent directors at each meeting. The Lead Independent Director consults with the Chairman on agenda matters for the Board, and aids and assists the Chair and the remainder of the Board in assuring effective corporate governance in managing the affairs of the Board and the Company. The Lead Independent Director functions in an advisory capacity to, and works closely with, the Chair on issues related to the Board.

Independence of Directors

The Board has adopted Corporate Governance Guidelines that require the Board to be composed of a majority of directors who are "independent directors" as defined by the rules of the New York Stock Exchange. No director will be considered "independent" unless the Board of Directors affirmatively determines that the director has no material relationship with the Company. When making "independence" determinations, the Board considers all relevant facts and circumstances, as well as any other facts and considerations specified by the New York Stock Exchange, by law or by any rule or regulation of any other regulatory body or self-regulatory body applicable to the Company. As a part of its Corporate Governance Guidelines, the Board established a policy that Board members may not serve on more than four other boards of publicly traded companies. SJI's Corporate Governance Guidelines are available on our website at www.sjindustries.com under the heading "Investors".

The Board has determined that directors Billings, Bosley, Bracken, Campbell, Fortkiewicz, Hartnett-Devlin, Higgins, Hughes, Malik and Petrowski, constituting all of the non-employee directors, meet the New York Stock Exchange standards and our own standards set forth above for independence and are, therefore, considered to be independent directors. Accordingly, during 2010, all but one of the directors of the Company were considered to be "independent." Mr. Graham is not considered independent by virtue of his employment with the Company.

Codes of Conduct

The Company has adopted codes of conduct for all employees, officers and directors, which include the code of ethics for our principal executive, our principal financial officer and principal accounting officer within the meaning of the SEC regulations adopted pursuant to the Sarbanes-Oxley Act of 2002. Additionally, the Company has established a hotline and website for employees to anonymously report suspected violations.

A copy of the codes of ethics are available on the Company's website at www.sjindustries.com/108/corporate_governance.html. Copies of our codes of conduct are also available at no cost to any shareholder who requests them in writing at South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, New Jersey 08037, Attention: Corporate Secretary.

Communication with Directors

The independent directors met four times during 2010. Topics of these independent sessions included CEO performance and compensation and discussions of corporate governance. Meetings of the independent directors were chaired by Mr. Edwards, the Lead Independent Director through October 2010 and Director Higgins, the Lead Independent Director for the remainder of 2010. You may communicate with the Lead Independent Director and chairmen of the Audit, Compensation, Corporate Responsibility and Governance Committees by sending an e-mail to leadindependentdirector@sjindustries.com, auditchair@sjindustries.com, compchair@sjindustries.com, govchair@sjindustries.com, or corpresp@sjindustries.com, respectively, or you may communicate with our outside independent directors as a group by sending an e-mail to sjdirectors@sjindustries.com. The charters and scope of responsibility for each of the Company's committees can be found on the Company's website at www.sjindustries.com. You may also address any correspondence to the chairmen of the committees or to the independent directors at South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, New Jersey 08037.

Meetings of the Board of Directors and its Committees

The Board of Directors met eight times in 2010. With the exception of Director James, each director attended 75% or more of the total number of meetings of the Board of Directors and the meetings of the committees of the Board on which he or she served. Dr. James attended less than 75% of the meetings due to illness and ultimate passing in October 2010. All current Board members and all nominees for election to the Company's Board of Directors are required to attend the Company's annual meetings of stockholders. Attendance shall not be required if personal circumstances affecting the Board member or director nominee make his or her attendance impracticable or inappropriate. With the exception of Dr. Herman D. James, all of the directors attended the 2010 Annual Meeting of Shareholders. During 2010, each of the directors of the Company also served on the Boards or Executive Committees of one or more of South Jersey Gas Company, South Jersey Energy Company, South Jersey Energy Solutions, LLC, Marina Energy, LLC, South Jersey Resources Group, LLC, South Jersey Energy Service Plus, LLC, Energy & Minerals, Inc. and R&T Group, Inc., all of which are subsidiaries of the Company.

There are five standing committees of the Board: the Audit Committee; the Compensation Committee; the Corporate Responsibility Committee; the Executive Committee; and the Governance Committee. Director James served on the Corporate Responsibility and Governance Committees until his death in October 2010. Director Edwards served on the Compensation and Governance Committees until his death in October 2010.

Audit Committee

The Audit Committee of the Board of Directors, which met nine times during 2010, comprised five “independent” directors as that term is defined in the rules and regulations of the Securities and Exchange Commission and the listing standards of the New York Stock Exchange: Sheila Hartnett-Devlin, Chairman; Helen R. Bosley; Thomas A. Bracken; Walter M. Higgins III; and Joseph H. Petrowski. The Board has determined that no member of the Audit Committee has a material relationship that would jeopardize such member’s ability to exercise independent judgment. In September 2009, the Board of Directors designated each member of the Audit Committee as an “audit committee financial expert” as such term is defined by applicable rules and regulations of the Securities and Exchange Commission. The Audit Committee: (1) annually engages an independent registered public accounting firm for appointment, subject to Board and shareholder approval, as auditors of the Company and has the authority to unilaterally retain, compensate and terminate the Company’s independent registered public accounting firm; (2) reviews with the independent registered public accounting firm the scope and results of each annual audit; (3) reviews with the independent registered public accounting firm, the Company’s internal auditors and management, the quality and adequacy of the Company’s internal controls and the internal audit function’s organization, responsibilities, budget, and staffing; and (4) considers the possible effect on the objectivity and independence of the independent registered public accounting firm of any non-audit services to be rendered to the Company.

The Audit Committee is also responsible for overseeing the Company’s Risk Management process. At each meeting, the Committee analyzes the guidelines and policies that management uses to assess and manage exposure to risk, and analyzes major financial risk exposures and the steps management has taken to monitor and control such exposure. The Committee’s findings are presented to the full Board, which is charged with approving the Company’s risk appetite.

At each meeting of the Audit Committee, management presents an update of the Company’s risk management activities. The Company has two internal Risk Committees that report to the Audit Committee at least quarterly. The SJI Risk Management Committee (RMC) was established by the SJI Audit Committee in 1998 and is responsible for the oversight of the energy transactions and the related risks for all of the SJI companies. Annually, the Board approves the members of the RMC. Committee members include management from key Company areas such as finance, risk management, legal and business operations. The RMC establishes a general framework for measuring and monitoring business risks related to both financial and physical energy transactions, approves all methodologies used in risk measurement, ensures that objective and independent controls are in place, and presents reports to the Audit Committee reflecting risk management activity, including an annual evaluation of risk on an enterprise-wide basis.

A South Jersey Gas Company RMC is responsible for gas supply risk management. Annually, the Board approves the members of the RMC. Committee members include management from key Company areas such as finance, risk management, legal and gas supply. This RMC meets at least quarterly.

The Audit Committee has established policies and procedures for the engagement of the independent registered public accounting firm to provide audit and permitted non-audit services. The Audit Committee evaluates itself on an annual basis. The Board of Directors has adopted a written charter for the Audit

Committee, which is available on our website at www.sjindustries.com, under the heading “Investors”. You may obtain a copy by writing to the Corporate Secretary, South Jersey Industries Board of Directors, South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, New Jersey 08037.

Compensation Committee

The Compensation Committee of the Board of Directors, which met four times during 2010, comprised five “independent” directors until October 2010, and four “independent” directors for the remainder of 2010: W. Cary Edwards, Chairman (January – October 2010); Dr. Shirli M. Billings; Keith S. Campbell; Walter M. Higgins III; and Joseph H. Petrowski. Director Campbell served as Chairman in November and December 2010. The Compensation Committee: (1) is responsible for making grants under and otherwise administering the Company’s Stock-Based Compensation Plan; (2) reviews and makes recommendations to the Board of Directors on the operation, performance and administration of the retirement plans, other employee benefit plans and employment policies; and (3) reviews and makes recommendations to the Board of Directors on forms of compensation, including the performance and levels of compensation of the officers of the Company.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee has ever been an officer or employee of the Company, or any of its subsidiaries or affiliates. During the last fiscal year, none of the Company’s executive officers has served on a compensation committee or as a director for any other company.

Corporate Responsibility Committee

The Corporate Responsibility Committee of the Board of Directors, which met two times during 2010, comprised five “independent” directors: William J. Hughes, Chairman; Helen R. Bosley; Thomas A. Bracken; Keith S. Campbell; Dr. Herman D. James (January – October 2010) and Victor A. Fortkiewicz (November – December 2010). The Committee provides oversight, monitoring and guidance of matters related to corporate and social citizenship, public and legal policy, environmental stewardship and compliance, political activities, sustainability, quality of work life, and economic and social vitality in the communities and markets in which the Company operates. The Committee’s charter is available on our website at www.sjindustries.com under the heading “Investors” or you may obtain a copy by writing to the Corporate Secretary, South Jersey Industries Board of Directors, South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, New Jersey 08037.

The Committee also oversees the production of the Company’s annual Corporate Sustainability Report, which conveys how the Company links the business with sustainable practices. The 2010 report is available on our website at www.sjindustries.com or you may obtain a copy by writing to the Corporate Secretary, South Jersey Industries Board of Directors, South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, New Jersey 08037.

Governance Committee

The Governance Committee of the Board of Directors, which met five times during 2010, comprised five “independent” directors until October 2010 and four independent directors in November – December 2010: Dr. Shirli M. Billings, Chairman; W. Cary Edwards (January – October 2010); Sheila Hartnett-Devlin; Victor A. Fortkiewicz (November – December 2010); William J. Hughes; and Dr. Herman D. James (January – October 2010). Each member of the Committee satisfies the independence requirements of the New York Stock Exchange. Among its functions, the Governance Committee: (1) maintains a list of prospective candidates for director, including those recommended by shareholders; (2) reviews the qualifications of candidates for director (minimum qualifications for director candidates are provided in the Company’s

Corporate Guidelines available on the Company's website at www.sjindustries.com under the heading "Investors" and include consideration of education, experience, judgment, diversity and other applicable and relevant skills as determined by an assessment of the needs of the Board at the time an opening exists); (3) makes recommendations to the Board of Directors to fill vacancies and for nominees for election to be voted on by the shareholders; and (4) is responsible for monitoring the implementation of the Company's Corporate Governance Policy.

The Governance Committee reviews with the Board on an annual basis the appropriate skills and characteristics required of Board members in the context of the current make-up of the Board and the strategic forecast of the Company. This assessment includes issues of industry experience, education, general business and leadership experience, judgment, diversity, age, and other applicable and relevant skills as determined by an assessment of the needs of the Board. The assessment of diversity includes a review of Board composition with regard to race, gender, age and geography.

The Governance Committee will consider nominees for the Board of Directors recommended by shareholders and submitted in compliance with the Company's bylaws, in writing to the Corporate Secretary of the Company. Any shareholder wishing to propose a nominee should submit a recommendation in writing to the Company's Corporate Secretary at 1 South Jersey Plaza, Folsom, New Jersey 08037, indicating the nominee's qualifications and other relevant biographical information and providing confirmation of the nominee's consent to serve as a director.

Executive Committee

The Executive Committee of the Board of Directors comprises the Chairman of the Board, Committee Chairs and the Lead Independent Director, and is chaired by the Chairman of the Board. The Committee currently comprises six directors: Edward J. Graham, Chairman; Dr. Shirli M. Billings; Keith S. Campbell; Sheila Hartnett-Devlin, Walter M. Higgins, III and William J. Hughes. The Executive Committee may act on behalf of the Board of Directors during intervals between meetings of the Board in managing the business and affairs of the Company. The Executive Committee did not meet in 2010, as all Company business was managed by the full Board.

Compensation of Directors

In 2010, SJI's Director Compensation Program comprised the following components:

- 1) An annual cash retainer payable monthly;
- 2) Meeting fees;
- 3) Annual restricted stock grant and;
- 4) Additional retainers for the Lead Independent Director and Committee Chairs

In 2008, the Board engaged Towers Perrin (Towers) as its consultant to review the Company's Director Compensation Program to ensure that the Board attracts and retains highly qualified directors. For that study, the reference points were the director compensation of the Company's peer companies - AGL Resources Inc., Atmos Energy Corp., Black Hills Corp., CH Energy Group Inc., Chesapeake Utilities Corp., Energen Corp., Laclede Group Inc., New Jersey Resources Corp., Nicor Inc., Northwest Natural Gas Co., Piedmont Natural Gas Co., Southern Union Co., Southwest Gas Corp., Vectren Corp. and WGL Holdings Inc.

Towers focused on data from two peer groups of publicly traded companies – a utility industry peer group comprising the 15 companies named above, which are primarily gas utilities, and a general industry peer group. The general industry peer group was based on a sample of 153 companies in Towers' outside director compensation database. Based on this methodology, Towers determined that the directors' total

compensation fell between the 25th and 50th percentile of both the utility industry peer group and the general industry peer group.

Using the peer companies outlined above, Towers found that the Directors' total cash compensation (cash retainers plus meeting fees) were \$3,500 below the 50th percentile of the peer group. Towers also found that the Directors' total stock based compensation was below the 25th percentile of the peer group.

Towers substantiated their findings with regard to Director compensation with the following information:

Based on the study, in 2010, non-employee directors were paid an annual cash retainer of \$40,000. The Lead Independent Director received an additional annual retainer of \$12,500. The chairmen of the Company's Board committees were paid annual retainers as follows: Audit, \$10,000; Compensation, \$8,000; Corporate Responsibility, \$5,000; and, Governance, \$5,000. The Directors received \$1,500 for each meeting of the Board of the Company or its subsidiaries attended; however, the maximum fee paid to any person for attendance at one or more meetings of these boards held on the same day is \$1,500. Non-employee directors also received \$750 for each meeting of a committee of the Board of the Company or of a subsidiary that they attended if the meeting is held on the same day as a Board meeting, or \$1,500 if the meeting is held on any other day. Audit Committee members were paid \$1,500 per meeting if the meeting was telephonic and took place on a non-board meeting day. Directors who are also employees of the Company receive no separate compensation for serving on the Board.

The Directors also received shares of restricted stock with a market value of \$60,000. The Company has established a plan whereby directors may elect to defer the receipt of the restricted stock until a specified date or upon leaving the Board. The deferred amount, together with dividends, may be paid in a lump sum distribution or in equal annual installments as the director elects.
