## Section 1 – Registrant’s Business and Operations

### Item 1.01 – Entry Into A Material Definitive Agreement

On August 12, 2011, Perma-Fix Environmental Services, Inc. (“PESI” or the “Company”) and its wholly-owned subsidiary, Perma-Fix of Orlando, Inc. (“PFO”), entered into an Asset Purchase Agreement to sell substantially all of PFO’s assets to Triumvirate Environmental, Inc. (“TEI”) for approximately \$2.0 million in cash, subject to certain working capital adjustments, and the assumption of certain liabilities by TEI. PFO is one of the Company’s Industrial Segment facilities, and during the fourth quarter of 2010, the Company determined that it would divest of the remaining operations within its Industrial Segment. As a result PFO has been classified as held for sale and included in discontinued operations in the Company’s December 31, 2010, March 31, 2011, and June 30, 2011 financial statements. TEI is a full service environmental management firm headquartered in eastern Massachusetts. The completion of this transaction is subject to the satisfaction of numerous conditions precedent. The Company expects to complete the sale of PFO facility during the fourth quarter of 2011. See below for the completion of the sale of PFFL on August 12, 2011.

## Section 2 – Financial Information

### Item 2.01 – Completion of Acquisition or Disposition of Assets

On August 12, 2011, the Company completed the sale of its wholly-owned subsidiary, Perma-Fix of Fort Lauderdale, Inc. (“PFFL”), pursuant to the terms of a Stock Purchase Agreement, dated June 13, 2011, by and between the Company and TEI as defined in Item 1.01 above. In consideration for the sale of PFFL, TEI paid \$5.5 million cash at the closing. The cash consideration is subject to certain working capital adjustments within one hundred twenty (120) days following August 12, 2011. PFFL is a waste management company and was in the Company’s Industrial Segment, which as stated above, PFFL was classified as held for sale and included in discontinued operations in the Company’s December 31, 2010, March 31, 2011, and June 30, 2011 financial statements.

## Section 9 – Financial Statements and Exhibits

### Item 9.01. Financial Statements and Exhibits

#### (b) Pro Forma Financial Information.

As stated above, during the fourth quarter of 2010, the Company determined that it would divest all of the remaining operations within its Industrial Segment, which included PFO and PFFL. These operations were classified as held for sale and included as discontinued operations in the Company’s December 31, 2010, March 31, 2011, and June 30, 2011 financial statements. Because the Company has already presented financial results for its continuing operations, which excluded these discontinued operations (including PFFL) in the Company’s December 31, 2010, March 31, 2011, and June 30, 2011 financial statements, we have not included pro-forma financials in this report as result of the sale of PFFL.
