It is anticipated that this proxy statement and the accompanying notice and form of proxy will be mailed on or about April 15, 2013 to shareholders eligible to receive notice of, and to vote at, the meeting. This Proxy Statement and the 2012 Annual Report to Stockholders are also available at <http://unitedsecuritybancshares.investorroom.com>.

General Information

Voting By Proxy. Whether or not you plan to attend the annual meeting, you may submit a proxy to vote the shares registered in your name via Internet, telephone or mail as more fully described below:

- By Internet: Go to www.eproxy.com/ubfo and follow the instructions. You will need information from your proxy card or electronic delivery notice to submit your proxy.
- By Telephone: Call 1.800.560.1965 and follow the voice prompts. You will need information from your proxy card or electronic delivery notice to submit your proxy.
- By Mail: Mark your vote, sign your name exactly as it appears on your proxy card, date your proxy card and return it in the envelope provided.

If a bank, broker or other nominee holds your shares, you will receive voting instructions directly from the holder of record. All shares represented by valid proxies that we receive through this solicitation, and that are not revoked, will be voted in accordance with your instructions on the proxy card or as instructed via Internet or telephone. If you properly submit a proxy without giving specific voting instructions, your shares will be voted in accordance with the Board’s recommendations “FOR”:

- Proposal 1: Election of ten persons named in this proxy statement to the board of directors of the Company to serve until the 2014 Annual Meeting of Shareholders and until their successors are elected and have been qualified;

- Proposal 2: Ratification of Moss Adams LLP as the Company's registered independent public accounting firm for 2013;
- Proposal 3: Approval of a non-binding advisory vote on executive compensation; and

and voted in favor of a frequency of every "3 years" on Proposal 4, the selection of the frequency for the non-binding advisory vote on executive compensation for the Company's named executive officers.

If other matters properly come before the annual meeting, the persons appointed to vote the proxies will vote on such matters in accordance with their best judgment. Such persons also have discretionary authority to vote to adjourn the annual meeting, including for the purpose of soliciting proxies to vote in accordance with the Board's recommendations on any of the above items.

Revocability of Proxies

You may revoke your proxy at any time before it is exercised by:

- written notice of revocation delivered to the Corporate Secretary;
- a properly executed proxy of a later date mailed to the Company;
- casting a new vote by telephone or Internet; or
- voting in person at the annual meeting if you are the record holder.

If you are a street name shareholder and you voted by proxy, you may revoke your proxy by informing the holder of record in accordance with that entity's procedures. In addition, the powers of the proxy holders will be revoked if the person executing the proxy is present at the meeting and elects to vote in person. Subject to such revocation or suspension, the proxy holders will vote all shares represented by a properly executed proxy received in time for the meeting in accordance with the instructions on the proxy.

Persons Making the Solicitation

This solicitation of proxies is made by the board of directors of United Security Bancshares. The expense of preparing, assembling, printing and mailing this proxy statement and the materials used in the solicitation of proxies for the meeting will be borne by United Security Bancshares. It is contemplated that proxies will be solicited principally through the use of the mail, but directors, officers and employees of United Security Bancshares may solicit proxies personally or by telephone, without receiving special compensation.

Voting Securities

There were issued and outstanding 14,217,303 shares of United Security Bancshares' common stock on March 27, 2013, which has been fixed as the record date for the purpose of determining shareholders entitled to notice of, and to vote at, the meeting. On any matter submitted to the vote of the shareholders, each holder of United Security Bancshares' common stock will be entitled to one vote, in person or by proxy, for each share of common stock he or she held of record on the books of United Security Bancshares as of the record date. In connection with the election of directors, shares may be voted cumulatively if a shareholder present at the meeting gives notice at the meeting, prior to the voting for election of directors, of his or her intention to vote cumulatively. If any shareholder of United Security Bancshares gives such notice, then all shareholders eligible to vote will be entitled to cumulate their shares in voting for election of directors. Cumulative voting allows a shareholder to cast a number of votes equal to the number of shares held in his or her name as of the record date, multiplied by the number of directors to be elected. These votes may be cast for any one nominee, or may be distributed among as many nominees as the shareholder sees fit. If cumulative voting is declared at the meeting, votes represented by proxies delivered pursuant to this proxy statement may be cumulated in the discretion of the proxyholders, in accordance with management's recommendation. The effect of broker non-votes is that such votes are not counted as being voted; however such votes are counted for purposes of determining a quorum. The effect of a vote of abstention on any matter is that such vote is not counted as a vote for or against the matter, but is counted as an abstention.

Shareholdings of Certain
Beneficial Owners and Management

Management of United Security Bancshares knows of no person who owns, beneficially or of record, either individually or together with associates, five percent (5%) or more of the outstanding shares of United Security Bancshares' common stock, except as set forth in the table below. The following table sets forth, as of March 1, 2013, the number and percentage of shares of United Security Bancshares' outstanding common stock beneficially owned, directly or indirectly, by each of United Security Bancshares' directors, named executive officers and principal shareholders and by the directors and executive officers of United Security Bancshares as a group. The shares "beneficially owned" are determined under Securities and Exchange Commission Rules, and do not necessarily indicate ownership for any other purpose. In general, beneficial ownership includes shares over which the director, named executive officer or principal shareholder has sole or shared voting or investment power and shares which such person has the right to acquire within 60 days of March 1, 2013. Unless otherwise indicated, the persons listed below have sole voting and investment powers of the shares beneficially owned. Section 16(a) Beneficial Ownership Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires United Security Bancshares' directors and certain executive officers and persons who own more than ten percent of a registered class of United Security Bancshares' equity securities (collectively, the "Reporting Persons"), to file reports of ownership and changes in ownership with the Securities and Exchange Commission. The Reporting Persons are required by Securities and Exchange Commission regulation to furnish United Security Bancshares with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from the Reporting Persons that no Forms 4 or 5 were required for those persons, United Security Bancshares believes that, during 2012 the Reporting Persons complied with all filing requirements applicable to them, except Mr. Ronnie Miller, who inadvertently filed one Form 4 late, and Dr. Mochizuki, who inadvertently filed two Form 4's late.

The Board of Directors and Committees

United Security Bancshares' board of directors met 12 times in 2012. None of United Security Bancshares' directors attended less than 75 percent of all board of directors' meetings and committee meetings of which they were a member, with the exception of Mr. Todd Henry, who was unable to attend several meetings due to medical restrictions. United Security Bancshares has a standing Audit Committee, Compensation Committee and Corporate Governance Committee/Nominating Committee.

Corporate Governance Principles and Board Matters

United Security Bancshares is committed to having sound corporate governance principles that are important to the way United Security Bancshares manages its business and to maintaining United Security Bancshares' integrity in the marketplace. The United Security Bancshares' Corporate Governance Principles are available at <http://www.unitedsecuritybank.com>. Click "About Us" and then "Governance."

Board and Audit Committee Independence

The Board has determined that, with the exception of Mr. Dennis Woods, all of the directors standing for reelection are "independent" within the meaning of the listing standards set by the Nasdaq Stock Market, Inc. ("NASDAQ") and the Securities and Exchange Commission ("SEC"), as currently in effect and as they may be changed from time to time. Furthermore, the Board has determined that each of the current members of the Audit Committee is "independent" within such director independence standards and that each member of the Audit Committee satisfies the financial literacy requirements set forth under Rule 4350(d)(2) of the NASDAQ Rules.

Leadership Structure of Board

The Bylaws of United Security Bancshares permit the roles of Chairman and Chief Executive Officer to be filled by the same or different individuals. This allows the Board flexibility to determine whether the two roles should be combined or separated based upon our needs and the Board's assessment of its leadership from time to time. The Corporate Governance Committee/Nominating Committee reviews the structure of Board and United Security Bancshares' leadership as part of the succession planning process.

The Board believes that United Security Bancshares and its shareholders are best served at this time by having Mr. Dennis Woods serve as our Chairman and CEO. Combining the roles of Chairman and CEO makes clear that we have a single leader who is directly accountable to the Board and, through the Board, to our shareholders. It establishes one voice who speaks for United Security Bancshares to customers, employees, shareholders and other stakeholders. This structure reinforces Mr. Wood's overall responsibility for United Security Bancshares' business and strategy, under the oversight and subject to the review of the Board. This structure also enables Mr. Woods to act as the key link between the Board and other members of management and facilitates an efficient management process.

Financial Expert

The Board has determined that Todd Henry meets all of the attributes of an “audit committee financial expert” and “independence” as defined by the applicable rules and regulations of the SEC and NASDAQ.

Consideration of Director Nominees

Selection and Evaluation of Director Candidates

The Corporate Governance Committee/Nominating Committee is responsible for identifying and presenting candidates for membership on the Board by the following process:

- The Corporate Governance/Nominating Committee identifies nominees by first evaluating the current members of the Board of Directors qualified and willing to continue in service
- The Corporate Governance/Nominating Committee identifies the need to add new members to the Board with specific criteria or to fill a vacancy on the Board.
- The Corporate Governance/Nominating Committee initiates a search, working with staff support and seeking input from the members of the Board and senior management of candidates including existing Board members that are willing to continue to serve as directors. The Corporate Governance/Nominating Committee also considers any candidates recommended by shareholders.
- The Corporate Governance/Nominating Committee identifies a potential slate of candidates, after taking account of the criteria discussed in the next section below.
- The Corporate Governance/Nominating Committee determines if any Board members have contacts with the potential candidates.
- The Corporate Governance/Nominating Committee interviews prospective candidate(s) other than existing board members.
- The Corporate Governance/Nominating Committee keeps the Board informed of the selection progress.
- The Corporate Governance/Nominating Committee meets to consider and approve its slate of recommended candidates also using the criteria discussed in the next section below. The Corporate Governance/Nominating Committee, in evaluating existing directors as nominees and nondirectors as nominees, balances the value of continuity of service by existing members of the Board with that of obtaining a new perspective.
- The Corporate Governance/Nominating Committee presents its slate of recommended candidates to the Board and seeks the Board’s endorsement of such candidate(s).
- There is no third party that we currently pay to assist in identifying or evaluating potential director nominees, although the Corporate Governance/Nominating Committee has sole authority to retain or terminate the services of a third-party search firm to identify director candidates.. The Corporate Governance/Nominating Committee’s process for identifying and evaluating nominees for directors will not materially differ based on whether or not the nominee is recommended by a security holder.

Criteria for Recommendation and Selection of Director Nominee Candidates

The main criteria used by the Corporate Governance/Nominating Committee for identifying candidates for membership on the Board are the character, judgment, leadership ability and business experience, as well as the ability of such candidate to add to the Board’s existing strengths. This assessment typically includes issues of expertise in industries important to United Security Bancshares, functional expertise in areas such as marketing, human resources, operations, finance and information technology and an assessment of an individual’s abilities to work constructively with the existing Board and management, all in the context of an assessment of the perceived needs of the Board at that point in time. The Corporate Governance/Nominating Committee does not have any written specific minimum qualifications or skill requirements that must be met by either their candidates or shareholder-recommended

candidates in order to serve on the Board. While no specific diversity policy exists, when identifying and evaluating new directors, the Corporate Governance/Nominating Committee considers the diversity and mix of the existing Board, including, but not limited to, such factors as: the age of the current directors, their geographic location (being a community bank, there is a strong preference for local directors), their background, skills, employment experience and community representation, the minority and female representation on the Board, public interest considerations and the implementation of United Security Bancshares' strategic plan.

Among other things, when examining a specific candidate's qualifications, the Corporate Governance Committee/Nominating Committee considers: the ability to represent the best interest of United Security Bancshares, existing relationships with United Security Bancshares, interest in the affairs of United Security Bancshares and its purpose, the ability to fulfill director responsibilities, leadership skills, reputation within United Security Bancshares' community, community service, integrity, business judgment, the ability to develop business for United Security Bancshares and the ability to work as a member of a team. All nominees to be considered at the Meeting were recommended by the Corporate Governance Committee/Nominating Committee.

Board Oversight of Enterprise Risk

The Board has delegated responsibility for overseeing risk management for the Company to the Risk Management Committee. On an annual basis, the Company's risk manager provides a comprehensive risk report to the Risk Management Committee. The Company's risk manager reports directly to Risk Management Committee. The Risk Management Committee has primary responsibility for overseeing risk management for the Company. The Risk Management Committee also engages in periodic discussions with the risk manager, CEO, CFO, COO, CCO and CAO other Company officers as the board may deem appropriate related to risk management. In addition, each board committee has been assigned oversight responsibility for specific areas of risk and risk management to be included as an agenda topic at all regular committee meetings. The committees consider risks within their areas of responsibility, for instance the Compensation Committee considers risks that may result from changes in compensation programs, and the Loan Committee of the Bank focuses on risk related to credit and interest rates, among others.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditor

The Audit Committee’s policy is to pre-approve all audit and non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to particular service or category of services and is generally subject to a specific budget. The Audit Committee has delegated pre-approval authority to its Chairman when expedition of services is necessary. The independent auditors and management are required to periodically report to the full Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The tax fees and other fees paid in 2011 and 2012 were approved per the Audit Committee’s pre-approval policies.

The Audit Committee meets annually to discuss and review the overall audit plan. The Board has adopted a written charter for the Audit Committee which is available on United Security Bancshares’ website at www.unitedsecuritybank.com. Click “About Us” and then “Governance.”

Audit Committee Report

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that United Security Bancshares specifically incorporates this information by reference, and shall not otherwise be deemed filed under the Acts.

The Audit Committee has reviewed United Security Bancshares' audited financial statements and discussed such statements with management. The Audit Committee has discussed with Moss Adams LLP, United Security Bancshares' independent auditors during the year 2012, the matters required by Statement of Auditing Standards No. 61 (Communication with Audit and Finance Committees, as amended).

The Audit Committee received written disclosures and a letter from Moss Adams LLP, required by Independence Standards Board Standard No. 1 and has discussed with them their independence from management. The Audit Committee has also considered whether the independent auditors' provision of other non-audit services is compatible with the auditors' independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board that United Security Bancshares' audited financial statements be included in United Security Bancshares' Annual Report on Form 10-K for the year ended December 31, 2012, for filing with the Securities and Exchange Commission.

The Audit Committee has also confirmed that there have been no new circumstances or developments since their respective appointments to the Audit Committee that would impair any member's ability to act independently.

Elements of Compensation

Salaries

The Committee determines the levels of the components of executive compensation after reviewing the peer and other data. Outside consultants may be utilized to assist the Committee in the effort though no such consultants were used in 2012. Executive salaries are reviewed annually, but once established, are typically left unchanged for a period of years. Salaries were increased in 2011 to align the compensation of USB executive officers with those of industry peers as well as to assist in retaining experienced and competent individuals in these positions. No adjustments to executive compensation were made during 2012.

Incentive Compensation

No incentive compensation was paid in 2012.

Stock Options

The ownership of Company equity aligns the interests of executive officers with the long-term interests of shareholders. The policy of the Company is to provide executive officers with stock options to achieve the objective of aligning the interests of executive officers with the long-term interests of shareholders. The executive officers, by having a significant ownership interest of the Company, will be better aligned with the interests of the Company's shareholders. The stock option program may be utilized annually for executives. Historically, options granted at the time of employment as part of an initial compensation package and additional options added years later.

The Committee, in making a determination to grant additional options, shall consider the total options already held by an executive officer, the date of last grant and the amount of stock options last granted, the number of shares of Company stock acquired through exercise of stock options sold by the executive officer and the percentage of Company stock ownership level held by the executive officer. Under the Company's compensation policy the Committee shall not make an annual option grant to an executive officer who had a new hire stock option grant within three (3) years of the hire date of such executive officer, and the Committee shall not make an annual option grant to an executive officer who owns less than three (3) times his or her annual base salary in Company stock (as measured by market value) as of the date of the expected grant. In conjunction with his appointment as Chief Credit Officer, Karl Miller was granted 25,757 shares in 2012.

Supplemental Executive Retirement Plan

The SERP's have historically been awarded as part of the initial compensation package except with the original SERP awards, which were awarded after the executives had been employed for two or more years. The SERP of the CEO was awarded in June 1996 and was fully earned by June 2007 and can be drawn on by the CEO, when he retires. The CEO is entitled to compensation for 15 years at \$100,000 per year under his SERP. The SERP's of the CAO, CCO and COO were awarded in January 1997 and were fully earned after January 1, 2008 and can be drawn on when they reach retirement age. They are entitled to compensation for 15 years at \$50,000 per year under their SERP's. The SERP of the CFO (formerly the Controller) was awarded in January 2006 and is fully earned after January 2017 and can be drawn on by CFO, if he retires, beginning January 2018. The CFO is entitled to compensation for 15 years at \$50,000 per year under the SERP.

The Committee expects its executive officers to be long-term loyal leaders of the Company, and therefore should be provided with a supplemental executive retirement agreement (“SERP”) as part of their total compensation package. A major condition of the payment of benefits is their long-term service with the Company. Therefore, vesting is set pro-rata for each year over the term of the SERP. Prior service credit for any newly hired executive is not permitted, except in the discretion of the Committee. The expected annual payment under the SERP shall not exceed 50% of the annual base salary of the executive officer at the time of entering into the SERP and the duration of such benefit payments shall not exceed fifteen (15) years after retirement. The Committee may increase the annual payment amount of the SERP to 50% of the annual base salary averaged over the last five years of the executive officer’s employment with the Company. The Committee may also approve a split dollar agreement related to the SERP of an executive officer, and determine the terms of such split dollar agreement including the treatment of imputed income of such split dollar agreement to the executive officer and any gross up of taxes associated with the imputed income. Prior to providing any SERP to an executive officer, the Committee shall have prepared and analyzed the accounting and tax effects of any SERP.

The SERP’s provide that benefits be paid to the executive officers’ beneficiaries in the event of their deaths. The Company’s obligation to pay begins in the month following death. The Company purchases single-premium life insurance policies for each SERP issued to protect the Company for this eventuality. The life insurance policies accrue tax-free income to the Company. The policies can remain in effect until the executive is deceased, even after all benefits under the SERP have been paid or can be liquidated at the option of the Company at the cash surrender value. The death benefit is designed to return to the Company, the cost of the SERP expense and cash value of the insurance carried on its books as an asset.

Change in Control Agreements

The executive officers, except the CEO who has a change in control provision in his employment agreement, are covered by Change in Control Agreements (“CIC”) last renewed in February 2008, for a period of five years. Under these agreements, the executives are entitled to receive compensation within 10 days of a change in control in a lump sum amount in cash equal to the sum of 12 months of the executive’s then base salary and his or her bonus for the prior calendar year; provided however that such lump sum amount is reduced by the dollar amount necessary to allow the entire amount of such payment to be deductible for by the Company for purposes of Section 280G of the Internal Revenue Code.

In 2006, the CEO entered into a new employment agreement with the Company that contained new change in control provisions effective February 2007. Under the agreement the CEO, upon a change in control receives severance benefits in a lump sum amount in cash equal to three times the average of the last three (3) years of the CEO's total compensation, inclusive of the CEO's base annual salary and all incentive compensation immediately following the date of completion of the change of control. Such severance benefits to the CEO are reduced to such amount that results in the greatest amount of the change in control payment that is deductible by the Company for federal income tax purposes after taking into account all other compensation payments to or for the benefit of the CEO that are included in determining the deductibility of such payments under Section 280G of the Internal Revenue Code. In the event that all other compensation payments to or for the benefit of CEO results in the limitation of the deductibility by the Company of severance benefits under Section 280G, then no severance benefits shall be made to the CEO pursuant to his employment agreement. The Committee believes these severance benefits to the executive officers are similar to the severance benefits offered by its peers and are necessary for the retention of the named executive officers and for the recruitment of new executive officers.

Other Benefits and Perquisites

Group insurance premiums, including, medical, disability, dental and vision, are paid for by the Company for executive officers and their families. These benefits are common in most of the industry for similar positions. The Company pays these insurance benefits for all other employees and employees may elect to pay for the cost of insurance for their families. The 401(k) is provided to all employees of the Company on the same basis and similar programs are offered by most of the industry. The CEO is provided with a Company owned vehicle along with reimbursement for membership dues in a country club that he owns. The COO is provided with a Company owned vehicle due to his job duties requiring extensive business travel. The Company provides these perquisites to their named executive officers because these perquisites are offered by many of its peers, and therefore the Committee believes that providing these perquisites to the named executive officers is necessary for their retention and for the recruitment of new executive officers.

Perquisites

The CEO is permitted personal use of a Company owned automobile. Use of the automobile is provided for both business and personal use. The cost of a social membership in the Tehama Country Club is paid by the Company for the CEO. These memberships are primarily used for entertaining customers or potential customers but can be used for personal benefit at his discretion. These benefits are provided to the CEO primarily to ensure his total compensation package remains competitive with peers. The CEO also earns directors fees.

The COO is permitted personal use of a Company owned automobile. This benefit is provided to the COO primarily because his duties include frequent visits to 11 branches of the Company. The Committee believes it is more equitable to the COO to provide him with a vehicle due to his job duties and such arrangement being more cost effective for the Company than mileage reimbursement at the allowed IRS rate.

The named executive officers have health insurance coverage for their spouses and dependents with the premiums paid by the Company. The Company also pays the Medicare taxes on the benefits of SERP's that vest each year for each of the named executive officers.

401(k)

A component of Company's 401 (k) recognizes and rewards employee's contributions to its successful operation by enabling those employees to acquire a proprietary interest in United Security Bancshares' common stock. All employees of United Security Bank are eligible to participate in the 401(k) Plan upon the first day of the month after date of hire. Participants are automatically vested 100% in all employee contributions that they may invest in any of several authorized investment vehicles, including Company common stock. United Security Bank contributes funds to match the employee's 401(k) Plan contribution up to 5% of the employee's eligible annual compensation. These contributions are invested in Company stock and are subject to certain vesting requirements over a period of six years. During 2012, the Company reserved \$229,000 to match all employee contributions to the 401(k) plan up to 4%. Of this amount, \$34,615 was for executive officers and has been included as part of Other Compensation in the tables above.

Executive Change in Control Agreements

The Committee believes that change in control agreements are appropriate for its top executives because have contributed to the success of the Company, and therefore it is important to protect them in the event of a change in control.

During 2008, the United Security Bank revised the Change in Control Agreements with executive officers, except for the CEO who has a change of control provision in his employment agreement. Under these agreements, the executives are entitled to receive a Change in Control Payment (as defined) within 10 days of a change in control a lump sum amount in cash equal to the sum of 12 months of the executive's then base salary and his or her bonus for the prior calendar year; provided however that such lump sum amount is reduced by the dollar amount necessary to allow the entire amount of such payment to be deductible for by the Company for purposes of Section 280G of the Internal Revenue Code.

Effective January 1, 2007 and as revised in 2008, the CEO's current employment agreement contains the following change in control provisions.

(A) A change in ownership of the Company or the Bank occurs on the date that any person (or group of persons) acquires ownership of stock of the Company or the Bank that, together with stock held by such person or group, constitutes more than fifty percent (50%) of the total fair market value or total voting power of the stock of Company or the Bank, respectively.

(B) A change in effective control of Company or the Bank occurs on the date that: (i) any person (or group of persons) acquires (or has acquired during the twelve (12) month period ending on the date of the most recent acquisition by such person or persons) ownership of stock of the Company or the Bank possessing thirty-five percent (35%) or more of the total voting power of the stock of the Company or the Bank, respectively; or (ii) a majority of members of the Company' or Bank's Board is replaced during any twelve (12) month period by directors whose appointment or election is not endorsed by a majority of the members of the Company's or the Bank's Board, respectively prior to the date of the appointment or election.

(C) A change in the ownership of a substantial portion of The Company' or the Bank's assets occurs on the date that any person (or group of persons) acquires (or has acquired during the twelve (12) month period ending on the date of the most recent acquisition by such person or persons) assets from the Company or the Bank, respectively that have a total gross fair market value equal to, or more than, forty percent (40%) of the total gross fair market value of all of the assets of the Company or the Bank, respectively immediately prior to such acquisition or acquisitions. For the purposes of the Change in Control agreement, transfers of the outstanding voting securities of the Company or the Bank made on account of deaths or gifts, transfers between family members, former spouses or transfers to a qualified retirement plan maintained by the Company or the Bank shall not be considered in determining whether there has been a Change in Control.

In the event of a Change of Control, the CEO shall be paid a lump sum amount in cash equal to three times the average of the last three (3) years of the CEO's total compensation, inclusive of the CEO's base annual salary and all incentive compensation immediately following the date of completion of the Change of Control. The Change of Control payment is reduced to such amount that results in the greatest amount of the Change in Control payment that is deductible by the Company for federal income tax purposes after taking into account all other compensation payments to or for the benefit of the CEO that are included in determining the deductibility of such payments under Section 280G of the Code or any successor to Section 280G of the Code. In the event that all other compensation payments to or for the benefit of CEO results in the limitation of the deductibility by the Company of such payments under Section 280G or any successor to Section 280G of the Code, then no payment shall be made to the CEO pursuant to his Change in Control Agreement.

The table below shows the maximum amounts that would be paid to the named executive officers under their respective agreements based on the executive's salary at December 31, 2012; and assumes the triggering event was December 31, 2012.

Change in Control Payments

Richard B. Shupe, CFO	-	\$ 150,000	-	\$ 150,000

(1) The CEO's Change in Control ("CIC") agreement provides for a lump sum payment equal to the prior three years salary and incentive compensation subject to the deductibility under Section 280G of the Internal Revenue Code of 1986, as amended. All other executive officers CIC agreements provide for a lump sum payment equal to the last year of such executive's total compensation, inclusive of executive's base annual salary and bonus for such year and the amount necessary to cover any "golden parachute taxes" that may be assessed pursuant to Section 280G of the Internal Revenue Code of 1986, as amended from time to time on such lump sum payment to the executive.

(2) The calculations assume the event triggering payments occurred on December 31, 2012.

Director Compensation

Director compensation is evaluated and recommended by the Committee and approved by the Board of Directors. Non-employee directors receive cash compensation for committee attendance, premiums for serving as chairs of certain committees, and equity grants in the form of stock options.

During 2012, directors of United Security Bancshares and United Security Bank were compensated for monthly board meetings based on a performance rating structure ranging from a minimum of \$760 per meeting up to \$1,235 per meeting. In addition, the vice chairman received an additional \$200 per meeting and the secretary received an additional \$250 per meeting. Also, directors, other than Mr. Woods, were paid \$200 for their attendance at committee meetings, other than loan committee meetings, and were paid \$300 for their attendance at loan committee meetings, if such committee meeting was held on a day other than the regular board of directors' meeting. The chairman of the audit committee also received \$400 per audit meeting, and the chairman of the risk management committee received \$300 per risk management meeting. No changes have been made to director compensation in 2013.

Historically the non-employee Company directors have received equity compensation in the form of nonqualified stock options. The Committee selected this form of equity compensation because it aligned the interests of the Board of Directors to those of the shareholder and also because of accounting and tax treatments of such awards.

The following table shows compensation paid or accrued for the last fiscal year to the Company's non-employee directors. Mr. Woods does not receive committee fees and his director meeting fees are disclosed in the All Other Compensation Table for executives.

Director Emeritus Plan

In 1995, United Security Bank established a Directors Emeritus Plan, which was amended in May, 2000. Those directors who (i) retire as directors of United Security Bank or (ii) retired as directors of Golden Oak Bank and Legacy Bank and who signed a shareholder's agreement are eligible to participate in the Directors Emeritus Plan. Each Director Emeritus will be a lifetime position or until a Director Emeritus shall sell a majority of his or her ownership in United Security Bank. Directors Emeritus receive a monthly fee of \$400, and receive preferential deposit and customer service with free checking as long as they serve as a Director Emeritus. Director Emeritus benefits terminate upon (i) the ultimate sale of United Security Bank, (ii) the sale of a majority of the Director Emeritus' shares of United Security Bank's common stock, or (iii) the finding by United Security Bank's board of directors that the Director Emeritus is engaging in activities or making statements which are detrimental to United Security Bank or United Security Bank's public image. At December 31, 2012, there were twelve participants in the Directors Emeritus Plan. A total of \$57,600 was paid to Director Emeritus in 2012.

Independent Accountants

The firm of Moss Adams LLP served as the independent registered public accounting firm for United Security Bancshares with respect to the year 2012, and Moss Adams LLP has been appointed as United Security Bancshares' certified independent public accountants for 2013. United Security Bancshares' board has determined the firm of Moss Adams LLP to be fully independent of the operations of United Security Bancshares.

The Audit Committee approved 100% of all professional services rendered by Moss Adams LLP during the 2012 and 2011 fiscal years, respectively, including pre-approval of all audit and permissible non-audit services, and considered whether the provision of such services is compatible with Moss Adams LLP maintaining its independence.

Aggregate fees billed by Moss Adams LLP to United Security Bancshares for the years ended 2012 and 2011 are as follows:

	2012	2011
Audit Fees (a)	\$ 186,977	\$ 283,357
Tax Fees associated with consulting and tax return preparation (b)	\$ 107,230	\$ 77,115

(a) The decrease in audit fees is due to 2011 amended filings and timing differences in billings.

(b) Increase in tax fees associated with cost of IRS exam assistance.

The Audit Committee of United Security Bancshares has considered the provision of non-audit services provided by Moss Adams LLP to be compatible with maintaining the independence of Moss Adams LLP.

Moss Adams LLP audited United Security Bancshares' financial statements for the year ended December 31, 2012. It is anticipated that a representative of Moss Adams LLP will be present at the meeting and will be available to respond to appropriate questions from shareholders at the meeting.

Proposal 2:

Ratification of Selection of Independent Registered Public Accounting Firm

The firm of Moss Adams, LLP, California, served as the independent registered public accounting firm of United Security Bancshares through the year 2012. United Security Bancshares has selected Moss Adams LLP to serve as the independent registered public accounting firm of United Security Bancshares for the year 2013. All services rendered by Moss Adams LLP were approved by the Board, which has determined the firm of Moss Adams LLP to be independent.

In the event shareholders do not ratify the selection of Moss Adams LLP to serve as the independent registered public accounting firm of United Security Bancshares for the forthcoming fiscal year, such selection will be reconsidered by the Audit Committee and the Board of United Security Bancshares.

Moss Adams LLP will not be present at the annual meeting of shareholders.

Ratification of the selection of Moss Adams LLP to serve as the independent registered public accounting firm of United Security Bancshares for 2013 requires the affirmative vote of a majority of the outstanding shares of United Security Bancshares' voting stock represented and voting at the meeting.

Management recommends that the shareholders vote "FOR" ratification of the selection of Moss Adams LLP to serve as the independent registered public accounting firm of United Security Bancshares for 2013.

Proposal 3:
Non-binding Advisory Vote on Executive Compensation

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") requires that stockholders cast an advisory (non-binding) vote on the executive compensation paid to the executive officers listed in the Summary Compensation Table, as well as an advisory vote with respect to whether future Executive Compensation votes will be held every one, two or three years, which is the subject of Proposal No. 3.

This proposal, commonly known as a "Say-on-Pay" proposal, gives you as a shareholder the opportunity to provide an advisory vote on the Company's executive compensation as disclosed in this proxy statement through the following resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K is hereby APPROVED."

Because the vote is advisory, it will not be binding upon the Board of Directors, will not overrule any decision made by the Board of Directors, and will not create or imply any additional fiduciary duty on the Board of Directors. The Compensation Committee may, however, take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors believes that the Company's executive compensation program is reasonable in comparison both to similar sized companies in the industry and to the performance of the Company during 2012. We also believe that the Company's compensation program is effective in aligning the interests of the executives with the interests of the Company's stockholders on a long-term basis and is appropriate.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF A NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION AS DESCRIBED IN THIS PROXY STATEMENT.

Proposal 4:

Non-binding Advisory Vote on the Frequency of the Advisory Vote on the Frequency of the Advisory Vote on the Compensation of Our Named Executive Officers

The Dodd-Frank Act requires us to provide shareholders with an advisory shareholder vote to determine how often to present the advisory shareholder vote to approve the compensation of our named executive officers (the "say-on-pay vote"). We must solicit your advisory vote on whether to have the say-on-pay vote every 1, 2 or 3 years. Shareholders may vote as to whether the say-on-pay vote should occur every 1, 2 or 3 years, or may abstain from voting on the matter. The frequency (every 1, 2 or 3 years) that receives the highest number of votes will be deemed to be the choice of the shareholders. The following resolution is presented to shareholders.

“RESOLVED, that the frequency for shareholders to approve the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, shall be every year, every two years, every three years shall be determined by the shareholders, with shareholders also being able to abstain on voting on this matter”

The next time shareholders will have an opportunity to vote on the frequency of the advisory shareholder vote to approve the compensation of our named executive officers will be in 2019. We value the opinion of our shareholders and welcome communication regarding our executive compensation policies and practices. After taking into account various considerations described below, we believe that a triennial vote will provide shareholders with the ability to express their views on our executive compensation policies and practices while providing us with an appropriate amount of time to consult with our shareholders and to consider their input.

Our executive compensation program is administered by our Compensation Committee, as described in this proxy statement. Compensation decisions with respect to our named executive officers, are disclosed in our proxy statement. We believe that establishing a three-year time frame for holding shareholder advisory votes on executive compensation will both enhance shareholder communication and provide the Company time to consider, engage with and respond to shareholders, in terms of expressed concerns or other feedback. In addition, we believe a long term focus will decrease the likelihood of a detrimental change in the Company's executive compensation program made in response to short-term economic or market fluctuations

Although, as an advisory vote, this proposal is not binding upon the Company or the Board, the Board will carefully consider the shareholder vote on this matter, along with all other expressions of shareholder views it receives on this matter.

While you have the opportunity to vote for every 1, 2 or 3 years, or abstain from voting on the frequency of shareholders voting on “say-on-pay”, **THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR A FREQUENCY OF EVERY 3 YEARS.**
