The information contained in Item 2.03 of this report, which includes a description of the material terms and conditions of the Note Purchase Agreement, is incorporated by reference into this Item 1.01.

Item 1.02 Termination of Material Definitive Agreement.

On June 20, 2014, concurrently with the closing under the Note Purchase Agreement, the Company repaid all outstanding amounts owed under and terminated (a) the Loan and Security Agreement dated April 30, 2012, as previously amended from time to time (the “Loan and Security Agreement”), by and among the Company, certain subsidiaries of the Company party thereto, the lenders party thereto and TD Bank, N.A., as arranger and syndication agent and bookrunner for the lenders thereunder, and (b) the Credit and Security Agreement dated as of April 30, 2012, as previously amended from time to time (the “Credit and Security Agreement”), by and among the Company, certain subsidiaries of the Company party thereto and Comvest Capital II, L.P. (together in each case with all promissory notes and security documents related to such indebtedness but excluding, with respect to Comvest Capital II, L.P., the outstanding warrants to purchase common stock of the Company).

The material terms and conditions of the Loan and Security Agreement with TD Bank, N.A. and the Credit and Security Agreement with Comvest Capital II, L.P. are described in the Company’s Annual Report on Form 10-K for the year ended December 31, 2013. Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On June 20, 2014, the Company entered into the Note Purchase Agreement with The Prudential Insurance Company of America and PICA Hartford Life Insurance Comfort Trust that provides up to \$35.0 million in borrowing availability and consists of up to \$15.0 million in revolving credit notes that mature in June 2019 and \$20.0 million in term notes. Principal on the term notes is payable in \$4.0 million installments on each of June 20, 2017, 2018, 2019, 2020 and 2021. Borrowings under the revolving portion of the credit facility bear interest at either adjusted LIBOR plus 4.25% or a base rate plus 3.25%, and the term notes bear interest at a fixed rate of 7.8%.

The \$25.5 million of initial borrowings under the Note Purchase Agreement were used for the following purposes: (i) repay the Company’s indebtedness owed to Comvest Capital II, L.P. under the Credit and Security Agreement (approximately \$23.7 million), (ii) pay a prepayment penalty to Comvest Capital II, L.P. in connection with the repayment of such indebtedness (approximately \$.7 million), (iii) pay structuring, commitment, administration, legal and other fees and expenses in connection with the termination of the existing credit facilities and entering into the Note Purchase Agreement (approximately \$.5 million) and (iv) general working capital purposes (approximately \$.6 million). As of the closing date, the Company had \$9.5 million of availability under the revolving portion of the new credit facility. In addition, in connection with repayment of the Company’s indebtedness owed to TD Bank, N.A. and Comvest Capital II, L.P., the Company will incur a non-cash charge of approximately \$2.2 million in the second quarter of its 2014 fiscal year related to the write-off of debt issuance costs and the original issue discount associated with such debt.
