PROXY STATEMENT

The Board of Directors of Primo Water Corporation (“Primo” or the “Company”) is providing these materials to you in connection with Primo’s annual meeting of stockholders. The annual meeting will take place on Thursday, April 28, 2016, at 1:00 p.m. Eastern Time. The annual meeting will be held at our corporate headquarters at 101 North Cherry Street, Suite 501, Winston-Salem, North Carolina 27101. The annual meeting notice, proxy statement and form of proxy are expected to be first sent to stockholders on or about March 29, 2016.

General Information

Why am I receiving these materials?

You are receiving these proxy materials because our Board of Directors is soliciting your proxy to vote your shares at the annual meeting. The proxy statement includes information that we are required to provide you under Securities and Exchange Commission (“SEC”) rules and is designed to assist you in voting your shares.

What is a proxy?

Our Board of Directors is asking for your proxy. This means you authorize persons selected by us to vote your shares at the annual meeting in the way that you instruct. All shares represented by valid proxies received before the annual meeting will be voted in accordance with the stockholder’s specific voting instructions.

What is included in these materials?

These materials include:

- the Proxy Statement for the annual meeting;
- a proxy card for the annual meeting; and
- our Annual Report on Form 10-K for the year ended December 31, 2015.

What items will be voted on at the annual meeting?

There are three proposals scheduled to be voted on at the annual meeting:

·the election of the two directors nominated by our Board of Directors as Class III directors to serve until the 2019 annual meeting of stockholders; and

·the ratification of the Audit Committee’s appointment of BDO USA, LLP (“BDO”) as our independent registered public accounting firm for 2016.

The Board of Directors is not aware of any other matters to be brought before the meeting. If other matters are properly raised at the meeting, the proxy holders may vote any shares represented by proxy in their discretion.

Table of Contents

What are the board's voting recommendations?

Our Board of Directors recommends that you vote your shares:

“FOR” the two directors nominated by our Board of Directors as Class III directors to serve until the 2019 annual meeting of stockholders; and

“FOR” the ratification of the Audit Committee's appointment of BDO as our independent registered public accounting firm for 2016.

Who can attend the annual meeting?

Admission to the annual meeting is limited to:

- stockholders as of the close of business on March 4, 2016;
- holders of valid proxies for the annual meeting; and
- our invited guests.

Each stockholder may be asked to present valid picture identification such as a driver's license or passport and proof of stock ownership as of the record date.

When is the record date and who is entitled to vote?

The Board of Directors set March 4, 2016 as the record date. All record holders of Primo common stock as of the close of business on that date are entitled to vote. Each share of common stock is entitled to one vote. As of the record date, there were 25,815,586 shares of common stock outstanding.

What is a stockholder of record?

A stockholder of record or registered stockholder is a stockholder whose ownership of Primo stock is reflected directly on the books and records of our transfer agent, Wells Fargo Bank, N.A. If you hold stock through an account with a bank, broker or similar organization, you are considered the beneficial owner of shares held in “street name” and are not a stockholder of record. For shares held in street name, the stockholder of record is your bank, broker or similar organization. We only have access to ownership records for the registered shares. If you are not a stockholder of record, we will require additional documentation to evidence your stock ownership as of the record date, such as a copy of your brokerage account statement, a letter from your broker, bank or other nominee or a copy of your notice or voting instruction card. As described below, if you are not a stockholder of record, you will not be able to vote your shares unless you have a proxy from the stockholder of record authorizing you to vote your shares.

How do I vote?

You may vote by any of the following methods:

Table of Contents

In person. You may vote in person at the meeting. If you hold shares in street name, you must also obtain a proxy from the stockholder of record authorizing you to vote your shares.

By mail. You may vote by signing and returning the proxy card or voting instruction card provided.

Via the Internet. You may vote via the Internet by following the instructions provided in the accompanying proxy card or the voting instruction card provided.

Beneficial owners of shares held in “street name.” You may vote by following the instructions provided by your bank or broker.

How can I change or revoke my vote?

You may change or revoke your vote as follows:

Stockholders of record. You may change or revoke your vote by submitting a written notice of revocation to Primo Water Corporation, Attention: Corporate Secretary at 101 North Cherry Street, Suite 501, Winston-Salem, North Carolina 27101 or by submitting another vote on or before April 28, 2016. For all methods of voting, the last vote cast will supersede all previous votes.

Beneficial owners of shares held in “street name.” You may change or revoke your voting instructions by following the specific directions provided to you by your bank or broker.

What happens if I do not give specific voting instructions?

Stockholders of record. If you are a stockholder of record and you sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board of Directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion for any other matters properly presented for a vote at the meeting.

Beneficial owners of shares held in “street name.” If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is referred to as a “broker non-vote.”

Which ballot measures are considered “routine” or “non-routine”?

The election of directors (“Proposal 1”) is considered to be a non-routine matter under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposal 1.

The ratification of the appointment of BDO as our independent registered public accounting firm for 2016 (“Proposal 2”) is considered to be a routine matter under applicable rules. A broker or other nominee may generally vote on routine matters, and we do not expect there to be any broker non-votes with respect to Proposal 2.

Table of Contents

What is the quorum for the annual meeting?

The presence, in person or by proxy, of the holders of a majority of the shares entitled to vote is necessary for the transaction of business at the annual meeting. This is called a quorum.

What is the voting requirement to approve each of the proposals?

The following are the voting requirements for each proposal:

Proposal 1, Election of Directors. The two nominees receiving the highest number of votes will be elected as the Class III directors to serve until the 2019 annual meeting of stockholders.

Proposal 2, Ratification of Independent Registered Public Accounting Firm. The ratification of the Audit Committee's appointment of BDO as our independent registered public accounting firm for 2016 will be approved if a majority of the votes of stockholders present in person or by proxy with respect to this matter are cast in favor of the proposal.

How are abstentions and broker non-votes treated?

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. Broker non-votes and abstentions are not counted as votes cast on any proposal considered at the annual meeting and, therefore, will have no effect on the proposal regarding the election of directors. We expect no broker non-votes on the proposal regarding the ratification of the appointment of BDO as our independent registered public accounting firm for 2016, and abstentions will have no effect on this proposal.

Who pays for solicitation of proxies?

We are paying the cost of soliciting proxies. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for sending proxy materials to stockholders and obtaining their votes. In addition to soliciting the proxies by mail, certain of our directors, officers and regular employees, without compensation, may solicit proxies personally or by telephone, facsimile and email.

Where can I find the voting results of the annual meeting?

Primo will announce preliminary or final voting results at the annual meeting and publish final results in a Form 8-K filed with the SEC within four business days of the completion of the meeting.

Proposal 1 – Election of Directors

Our Board of Directors consists of three classes of directors, each serving staggered three-year terms. Richard A. Brenner and Susan E. Cates are both nominated as Class III directors to serve three-year terms until the annual meeting of stockholders in 2019 and until their successors are elected and qualified. Mr. Brenner and Ms. Cates both currently serve as directors and both have agreed to be named in this proxy statement and serve if elected.

Although we know of no reason why either nominee would not be able to serve, if either such nominee is unavailable for election, the proxies intend to vote your shares for any substitute nominee proposed by the Board of Directors.

The two nominees receiving the highest number of affirmative votes will be elected as directors to serve until the 2019 annual meeting of stockholders. Votes withheld by stockholders, broker non-votes and abstentions will have no effect on the outcome of the director elections.

The Board of Directors recommends a vote “FOR” the election of Richard A. Brenner and Susan E. Cates to our Board of Directors.

Corporate Governance

The Board of Directors

Primo is governed by a Board of Directors and various committees of the board that meet throughout the year. The Board of Directors and its committees have general oversight responsibility for the affairs of Primo.

Our certificate of incorporation provides that our Board of Directors will consist of between three and 12 members with the precise number to be determined by the Board of Directors. Our Board of Directors currently consists of six directors. Our certificate of incorporation also provides that any vacancies or newly-created directorships may be filled only by the remaining members of our Board of Directors.

Board Committees

Our Board of Directors has established an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Each committee is currently comprised entirely of non-employee directors. Our Board of Directors may establish other committees from time to time to facilitate our corporate governance.

The current members of the board's committees are identified in the following table:

Director	Audit	Compensation	Nominating and Governance
Richard A. Brenner	X	X	
Susan E. Cates	Chair		X
Jack C. Kilgore	X	Chair	
Malcolm McQuilkin		X	X
David L. Warnock		X	Chair

Each committee operates under a written charter adopted by the Board of Directors. These charters are available on our corporate website (www.primowater.com) in the "Investor Relations" section under "Corporate Governance."

Audit Committee. The principal responsibilities and functions of our Audit Committee are to assist the Board of Directors in fulfilling its oversight of (i) the integrity of our financial statements, (ii) the effectiveness of our internal controls over financial reporting, (iii) our compliance with legal and regulatory requirements, (iv) the qualifications and independence of our registered public accounting firm, and (v) the performance of our registered public accounting firm. In carrying out its oversight responsibilities and functions, our Audit Committee, among other things, oversees and interacts with our independent auditors regarding the auditors' engagement and/or dismissal, duties, compensation, qualifications and performance; reviews and discusses with our independent auditors the scope of audits and our accounting principles, policies and practices; reviews and discusses our audited annual financial statements with our independent auditors and management; and reviews and approves or ratifies (if appropriate) related party transactions. In addition, the Audit Committee oversees management's efforts in managing our key financial and other risk exposures and developing our enterprise risk management policies and procedures. Our Audit Committee met ten times in 2015.

Table of Contents

Our Board of Directors has determined that Ms. Cates is an audit committee financial expert, as defined under the applicable rules of the SEC, and that all members of the Audit Committee are “independent” within the meaning of the applicable listing standards of The NASDAQ Stock Market, LLC (“Nasdaq”) and the independence standards of rule 10A-3 of the Securities Exchange Act of 1934. Each of the members of the Audit Committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and The Nasdaq Stock Market.

Compensation Committee. The principal functions of our Compensation Committee include (i) reviewing our compensation practices and policies, (ii) reviewing and approving the compensation for our senior executives, (iii) evaluating the performance of our Chief Executive Officer, and (iv) assisting in Primo’s compliance with the regulations of the SEC regarding executive compensation disclosure. Our Board of Directors has determined that all members of the Compensation Committee are “independent” within the meaning of the applicable Nasdaq listing standards. Our Compensation Committee met five times in 2015.

Nominating and Governance Committee. The principal functions of our Nominating and Governance committee are to (i) establish membership criteria for our Board of Directors, (ii) establish and communicate to stockholders a method of recommending potential director nominees for the Nominating and Governance Committee’s consideration, (iii) identify individuals qualified to become directors consistent with such criteria and select the director nominees, (iv) plan for continuity on our Board of Directors, (v) recommend action to our Board of Directors upon any vacancies on our Board of Directors, (vi) facilitate the annual evaluation of the performance of our Board of Directors and its committees, (vii) periodically review management succession plans, and (viii) consider and recommend to our Board of Directors other actions relating to our Board of Directors, its members and its committees. Our Board of Directors has determined that all members of the Nominating and Governance Committee are “independent” within the meaning of the applicable Nasdaq listing standards. Our Nominating and Governance Committee met one time in 2015.

Board Leadership Structure

Mr. Prim serves as both the Chairman of the Board of Directors and the Chief Executive Officer of Primo. Primo does not have a lead independent director. The Board of Directors does not have a general policy regarding the separation of the roles of Chairman and Chief Executive Officer. Our bylaws permit these positions to be held by the same person, and the Board of Directors believes that it is in the best interests of Primo to retain flexibility in determining whether to separate or combine the roles of Chairman and Chief Executive Officer based on our circumstances. Similarly, our bylaws do not require our Board of Directors to appoint a lead independent director and it has not otherwise determined to do so.

The board has determined that it is appropriate for Mr. Prim to serve as both Chairman and Chief Executive Officer because combining the roles of Chairman and Chief Executive Officer (1) enhances the alignment between the Board of Directors and management in strategic planning and execution as well as operational matters, (2) avoids the confusion over roles, responsibilities and authority that can result from separating the positions, and (3) streamlines board process in order to conserve time for the consideration of the important matters the Board of Directors needs to address, particularly in light of the small size of our Board of Directors.

Table of Contents

Director Meeting Attendance

The Board of Directors held four meetings during 2015. No director attended less than 75 percent of the board and applicable committee meetings during 2015. Each director is encouraged to attend the annual meeting of stockholders in person. Of our current directors then in office, only David Warnock was unable to attend our 2015 annual meeting of stockholders.

Director Independence

The Board of Directors determines the independence of its members based on the standards specified by Nasdaq. Under the applicable Nasdaq listing standards, independent directors must comprise a majority of a listed company's board of directors. In addition, Nasdaq's rules require that, subject to specific exceptions, each member of a listed company's audit committee and those members of the board of directors determining executive compensation and director nominations be independent. Audit Committee members also must satisfy the independence criteria set forth in rule 10A-3 under the Securities Exchange Act of 1934. Under Nasdaq rules, a director will only qualify as an "independent director" if, in the opinion of the company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In order to be considered independent for purposes of Rule 10A-3 under the Securities Exchange Act of 1934, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors or any other board committee: (1) accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

Our Board of Directors has reviewed the relationships between Primo and each director to determine compliance with the Nasdaq listing standards and has determined that none of Mr. Brenner, Ms. Cates, Mr. Kilgore, Mr. McQuilkin and Mr. Warnock has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under Nasdaq rules. Our Board of Directors also determined that Ms. Cates and Messrs. Brenner and Kilgore, who comprise our Audit Committee, Messrs. Kilgore, Brenner, McQuilkin and Warnock, who comprise our Compensation Committee, and Messrs. Warnock and McQuilkin and Ms. Cates, who comprise our Nominating and Governance Committee, satisfy the independence standards for those committees established by applicable SEC and Nasdaq rules. In making these determinations, our Board of Directors considered the relationships that each non-employee director has with Primo and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director. There is no family relationship between any director, executive officer or person nominated to become a director or executive officer.

Director Nomination Process

The Board of Directors has a standing Nominating and Governance Committee comprised solely of independent directors. The Board of Directors has delegated to its Nominating and Governance Committee the responsibility for establishing membership criteria for the Board of Directors, identifying individuals qualified to become directors consistent with such criteria and recommending the director nominees.

Table of Contents

In identifying potential director candidates, the Nominating and Governance Committee seeks input from its Committee members, other directors and management. The Nominating and Governance Committee may engage the services of search firms and advisors to help identify and screen potential director nominees. The Nominating and Governance Committee will also consider director candidates appropriately recommended by stockholders.

In identifying and assessing director candidates, the Nominating and Governance Committee considers, among other things:

- roles and contributions valuable to the business community;
- personal qualities of leadership, character and judgment, and whether the candidate possesses and maintains throughout service on the Board a reputation in the community at large of integrity, trust, respect, competence and adherence to the highest ethical standards;
- relevant knowledge and diversity of background, viewpoints and experience;
- whether the candidate is free of conflicts and has the time required for preparation, participation and attendance at all meetings; and
- applicable listing standards of Nasdaq.

Diversity of background, viewpoints and experience is one of the various factors the Nominating and Governance Committee may consider in identifying director nominees, but the Nominating and Governance Committee does not have a formal policy regarding board diversity.

All director candidates, including candidates appropriately recommended by stockholders, are evaluated in accordance with the process described above.

Stockholder Recommendations of Director Candidates

Stockholders who wish to recommend director candidates for consideration by the Nominating and Governance Committee may do so by submitting a written recommendation to our Corporate Secretary at 101 North Cherry Street, Suite 501, Winston-Salem, North Carolina 27101. Such recommendation must include a detailed background of the suggested candidate that demonstrates how the individual meets the criteria set forth above. If a candidate proposed by a stockholder or other source meets such criteria, the individual will be considered on the same basis as other candidates.

Recommendations by stockholders for director candidates to be considered for the 2017 annual meeting of stockholders must be delivered to Primo's Corporate Secretary not earlier than the close of business on December 29, 2016 and not later than the close of business on January 28, 2017. Recommendations by stockholders for director candidates to be considered for inclusion in the proxy statement and form of proxy relating to the 2017 annual meeting of stockholders must be received no later than November 29, 2016. Notice of a director nomination must be submitted in accordance with the requirements set forth in our bylaws which include requirements to provide the name and address of the stockholder making the recommendation, a representation that the recommending stockholder is a record holder of our common stock, all information regarding the nominee that would be required to be set forth in a proxy statement and the consent of the nominee to serve as a director. Appropriate submission of a recommendation by a stockholder does not guarantee the selection of the stockholder's candidate or the inclusion of the candidate in our proxy statement; however, the Nominating and Governance Committee will consider any such candidate in accordance with the director nomination process described above.

The Board's Role in Risk Oversight

Management is responsible for managing the risks that Primo faces. The Board of Directors is responsible for overseeing management's approach to risk management. The involvement of the full Board of Directors in reviewing our strategic objectives and plans is a key part of the board's assessment of management's approach and tolerance to risk. While the Board of Directors has ultimate oversight responsibility for overseeing management's risk management process, various committees of the board assist it in fulfilling that responsibility.

In particular, the Audit Committee assists management in its review of the policies and procedures regarding identifying, monitoring, evaluating and managing Primo's key financial and other risk exposures. The Audit Committee also oversees the development of our enterprise risk management policies and procedures and reports regularly to the Board of Directors regarding Primo's risk management process.

In addition, the Compensation Committee reviews our compensation practices and policies to ensure they do not create inappropriate or unintended significant risks to Primo as a whole, and provides oversight and direction regarding these practices, policies and compensation-related risk management.

Code of Conduct

Our Board of Directors has adopted a Code of Business Conduct and Ethics. This code applies to all of the directors, officers and employees of Primo and its subsidiaries. A copy of our Code of Business Conduct and Ethics is available on our corporate website (www.primowater.com). We expect that any amendments to the code, or any waivers of its requirements, will be disclosed on our website.

Policy for Review of Related Person Transactions

Our Audit Committee reviews and approves any transaction between Primo and a related person which would be required to be disclosed by the rules of the SEC.

Communications with the Board of Directors

Stockholders may communicate with any of our directors by sending a written communication to a director c/o our Corporate Secretary at 101 North Cherry Street, Suite 501, Winston-Salem, North Carolina 27101. All communications received in accordance with these procedures will be reviewed by the Corporate Secretary and forwarded to the appropriate director or directors unless such communications are considered, in the reasonable judgment of the Corporate Secretary, to be improper for submission to the intended recipient, such as communications unrelated to our business, advertisements or frivolous communications.

In advance of each annual meeting of the stockholders, each non-employee director may choose to receive his or her annual retainer and attendance fees for the following year in one the three following forms: (Option 1) 100% in cash, (Option 2) 100% in equity, or (Option 3) 50% in cash and 50% in equity. Executive Compensation

Compensation Discussion and Analysis

The following discussion and analysis relates to our compensation arrangements for the following named executive officers (“NEOs”), whose compensation information is presented in the following tables and discussion in accordance with the SEC’s rules:

- (1) our principal executive officer (Billy D. Prim);
- (2) our principal financial officer (Mark Castaneda); and
- (3) our only other executive officer (Matthew T. Sheehan).

This discussion and analysis should be read together with the compensation tables and related disclosures set forth below. This discussion and analysis includes statements regarding financial and operating performance targets in the limited context of our executive compensation programs, and investors should not evaluate these statements in any other context. This discussion and analysis also contains forward-looking statements that are based on our current considerations, expectations and determinations regarding future compensation programs. The actual amount and form of compensation and the compensation programs that we adopt in the future may differ materially from current or planned programs as summarized in this discussion.

Executive Summary

Our compensation discussion and analysis discusses the total compensation for our NEOs and describes our overall compensation philosophy, objectives and practices. The principal components of our compensation program consist of:

- base salary;
- annual cash and equity incentive arrangements;
- equity compensation; and
- long-term incentive compensation.

Our compensation philosophy and objectives generally apply to all of our employees and all of our employees are eligible to the first three components described above. Our long-term incentive compensation arrangements are generally available only for our executive officers and officers.

The relative amount and value of each of these components for individual employees varies based on job role and responsibility as well as our financial performance.

With respect to our 2015 compensation programs, we did not make any significant changes. Instead, generally consistent with past practice:

- Base salaries for each of our NEOs were adjusted in accordance with their existing employment agreements;

Table of Contents

We established an annual incentive plan for 2015 with target adjusted EBITDA of \$17.36 million and a target bonus pool of \$1.24 million;

We provided long-term equity incentive compensation for our NEOs, by granting Messrs. Prim, Castaneda and Sheehan options to purchase 30,000, 25,000 and 25,000 shares of our common stock, respectively; and

We monitored performance under our Amended and Restated Value Creation Plan and the Company's progress with respect to the \$15 million adjusted EBITDA target.

Compensation Philosophy and Objectives

Our compensation practices are designed to offer our executive officers compensation and benefits that are competitive and meet our goals of attracting, retaining and motivating highly skilled management, which is necessary to achieve our financial and strategic objectives and create long-term value for our stockholders. The principal elements of our executive compensation program have historically included:

- base salary;
- annual cash and equity incentive arrangements;
- equity compensation in the form of restricted stock, restricted stock units and stock options; and
- our Amended and Restated Value Creation Plan, a long-term incentive arrangement.

Accordingly, our executive officer compensation program is designed to link annual and long-term cash and stock incentives to the achievement of Company and individual performance goals and to align the interests of executive officers with the creation of stockholder value.

We believe compensation should be determined within a framework that is intended to reward individual contribution and the achievement of Company objectives. Within this overall philosophy, our objectives are to:

- attract, retain and motivate our executives by providing a total compensation program that takes into consideration competitive market requirements and strategic business needs;
- align the financial interests of executive officers with those of our stockholders, both in the short and long term;
- provide incentives for achieving and exceeding annual and long-term performance goals; and
- reward executive officers for creating long-term stockholder value.

Each of Messrs. Prim, Castaneda and Sheehan have entered into an employment agreement with the Company. The material terms of those employment agreements are described below under "Employment Agreements and Change of Control Agreements."

Determining Executive Compensation

We became a public company in November 2010 following our initial public offering. Prior to that time, we were a privately-held company and not subject to any stock exchange listing or SEC rules requiring a majority of our Board of Directors to be independent or relating to the formation and functioning of Board committees, including our Compensation Committee. Historically, we have informally considered the competitive market for corresponding positions within comparable geographic areas and with companies of similar sizes and stages of development, including other small, high-growth public companies, in structuring and setting our executive compensation. This consideration has been based on the general knowledge possessed by members of our Compensation Committee and also has included consultations with our Chief Executive Officer. As we continue to gain experience as a public company, we expect that the specific direction, emphasis and components of our executive compensation program will evolve.

Our Compensation Committee typically considers, but is not required to accept, our Chief Executive Officer's recommendations regarding proposed base salaries, bonus and incentive awards, and equity awards for our other NEOs. Our Compensation Committee may also request the assistance of our Chief Financial Officer in evaluating the financial, accounting and tax implications of various compensation awards paid to our NEOs. However, our Chief Financial Officer does not recommend or determine the amounts or types of compensation paid to our NEOs. Our Chief Executive Officer and our other NEOs may attend Compensation Committee meetings, as requested by the chairman of the Compensation Committee. Our NEOs, including our Chief Executive Officer, do not attend any portion of our Compensation Committee meetings during which their compensation is established and approved.

We believe the levels of compensation we provide should be competitive, reasonable and appropriate for our business needs and circumstances. To date, our Compensation Committee has not engaged a compensation consultant. Rather, our Compensation Committee and our Chief Executive Officer have applied discretion to make compensation decisions and have not used a specific formula or matrix to set compensation in relation to compensation paid by other companies. To date, our Compensation Committee has not established any percentile targets for the levels of compensation provided to our NEOs. Similarly, our Compensation Committee has not specifically compared our compensation programs to those of similarly-situated companies, nor has it engaged in benchmarking of compensation paid to our NEOs. Our historical approach has been to consider competitive compensation practices and other factors such as the level of compensation necessary to recruit and retain an executive and individual performance, rather than establishing compensation at specific benchmark percentiles. This approach has enabled us to respond to market dynamics and provided us with flexibility in maintaining and enhancing our NEOs' engagement, focus, motivation and enthusiasm for our future. As we continue to grow as a public company, we will continue to review, evaluate and refine our compensation policies and practices.

Our Compensation Committee is comprised of Messrs. Brenner, Kilgore, McQuilkin and Warnock, with Mr. Kilgore acting as chair. Each of the members of our Compensation Committee is "independent" within the meaning of applicable Nasdaq listing standards. Our Compensation Committee's charter provides, among other things, that our Compensation Committee's principal duties include (i) reviewing our compensation policies and practices, (ii) reviewing and approving the compensation for our senior executives, (iii) evaluating the performance of our senior executives and (iv) assisting in the Company's compliance with the regulations of the SEC regarding executive compensation disclosure.

The amount of past compensation, including annual bonus and incentive awards and amounts realized or realizable from prior restricted stock and stock option awards, is generally not a significant factor in our Compensation Committee's considerations because these awards would have been earned based on performance in prior years. Our Compensation Committee does, however, consider prior awards when considering the retention aspects of our compensation program.

Table of Contents

Our NEOs are not subject to mandated stock ownership or stock retention guidelines. Our Compensation Committee believes that the equity component of our executive compensation program ensures that our NEOs are also owners and those components work to align the NEOs' goals with the long-term best interests of our stockholders.

Elements of Our Executive Compensation Program

The principal elements of our executive compensation program have to date been (a) base salary, (b) annual cash and equity incentive arrangements, (c) equity compensation in the form of restricted stock, restricted stock units and stock options, and (d) our Amended and Restated Value Creation Plan, a long-term incentive arrangement. Each of those compensation elements satisfies one or more of our compensation objectives.

We have not adopted any policies with respect to long-term versus currently-paid compensation, but feel that both elements are necessary for achieving our compensation objectives. Compensation in the form of a base salary provides financial stability for each of our NEOs, and annual increases in base salary provide a reward for short-term Company and individual performance. Annual incentive awards likewise provide a reward for short-term Company and individual performance. Long-term equity compensation and our Amended and Restated Value Creation Plan reward achievement of strategic long-term objectives and contribute toward overall stockholder value.

While we have not adopted any policies with respect to cash versus non-cash compensation (or among different forms of non-cash compensation), we feel that it is important to encourage or provide for a meaningful amount of equity ownership by our NEOs to help align their interests with those of our stockholders, one of our compensation objectives. We have also in the past used equity compensation in order to preserve the Company's cash to the extent practicable in order to facilitate our growth and development. We combine the compensation elements for each NEO in a manner that our Compensation Committee believes, in its discretion and judgment, is consistent with the executive's contributions to our Company and our overall goals with respect to executive compensation.

Base Salary

We believe that a competitive base salary is an important component of compensation as it provides a degree of financial stability for our NEOs and is critical to recruiting and retaining our executives. Base salary is also designed to recognize the scope of responsibilities assigned to each NEO and reward each executive for his or her unique leadership skills, management experience and contributions. We make a subjective determination of base salary after considering such factors collectively.

Table of Contents

In June 2013, we entered into amended and restated employment agreements with Messrs. Prim and Castaneda and an employment agreement with Mr. Sheehan that provided base salaries at the amounts set forth below for 2015.

Name	Base Salary (\$)
Billy D. Prim	438,508
Mark Castaneda	273,510
Matthew T. Sheehan	308,459

Annual Cash and Equity Incentive Arrangements

We established an annual incentive plan for 2015, which created an annual bonus pool and set payout bands for our officers, including our NEOs, based on the Company's achievement of certain adjusted EBITDA goals. Our Compensation Committee structured and implemented this plan to motivate our executive officers to achieve our annual strategic and financial goals. Our Compensation Committee approved the following 2015 annual incentive plan bonus pool with a Target Adjusted EBITDA level of \$17.36 million:

Percentage of Target Adjusted EBITDA achieved:	Size of Annual Bonus Pool
90%	\$310,000
95%	\$620,000
100%	\$1,240,000
105%	\$1,327,000
110%	\$1,500,000
115%	\$1,761,000
120%	\$2,108,000

Our actual pre-bonus, adjusted EBITDA for 2015 was \$18.9 million, or 109% of the \$17.36 million adjusted EBITDA goal for 2015, which resulted in an annual bonus pool for 2015 of approximately \$1.465 million. Our Compensation Committee targeted annual payouts under the 2015 annual incentive plan for Mr. Prim, Mr. Castaneda and Mr. Sheehan at 100%, 50% and 75% of their base salaries, respectively, and adjusted such amounts downward based on the size of the annual bonus pool and the number of other employees that participated in the 2015 annual incentive plan. Additionally, our Compensation Committee adjusts the payouts to officers under the Company's annual incentive plans up or down based on the achievement of individual and team performance metrics. Our Compensation Committee has the discretion to make awards under the annual incentive in cash, stock or a combination of both. With respect to our NEOs, our Compensation Committee determined to pay the 2015 annual incentive awards 52.5% in cash and 47.5% in stock. The following table shows our NEOs' target annual incentive awards and the actual payout amounts made under the 2015 annual incentive plan:

Table of Contents

Named Executive Officer	Target	Actual
	Annual Incentive Payout	2015 Annual Incentive Payout
Billy Prim	\$ 438,508	\$ 286,680
Mark Castaneda	\$ 136,755	\$ 89,414
Matt Sheehan	\$ 231,344	\$ 151,259

Equity Compensation

Historically, we have provided long-term equity compensation primarily through grants of restricted stock units and stock options. We have in the past granted restricted stock, restricted stock units and stock options through annually-adopted executive incentive plans, initial grants to new employees and through annual grants approved by our Board of Directors or our Compensation Committee. We intend to continue these practices in the future as we believe such grants further our compensation objectives of aligning the interests of our NEOs with those of our stockholders, encouraging long-term performance, and providing a simple and easy-to-understand form of equity compensation that promotes executive retention. We view such grants both as incentives for future performance and as compensation for past accomplishments.

On March 3, 2015, our Compensation Committee approved grants of stock options awards to certain of our executive officers and key employees. The following table shows the number of stock options granted to our NEOs as a result of this action:

Named Executive Officer	Stock Options (#)
Billy Prim	30,000
Mark Castaneda	25,000
Matt Sheehan	25,000

The stock options granted to each of our executive officers vest in substantially equal annual installments on May 5 of each of 2016, 2017, and 2018. Each of the stock option awards have a maximum term of 10 years.

It is our current intention to issue all foreseeable equity compensation plan awards under our Amended and Restated 2010 Omnibus Long-Term Incentive Plan.

Value Creation Plan

We originally established our Value Creation Plan in May 2012 in order to create a long-term incentive arrangement for our executive officers and officers that is aligned with our stockholders' interests. The Value Creation Plan was amended and restated in May 2013, and further amended and restated on March 3, 2016. As in effect during 2015, the Value Creation Plan provided for up to three separate awards to be issued to participants based upon the Company's achieving adjusted EBITDA targets of \$15 million, \$20 million and \$25 million for any fiscal year through the end of 2018. The Compensation Committee set these targets at very aspirational levels as the Company's adjusted EBITDA for 2011 was \$3.4 million. On March 3, 2016, our Compensation Committee approved the (second) Amended and Restated Value Creation Plan that (a) increased the second adjusted EBITDA target from \$20 million to \$24 million, (b) increased the third adjusted EBITDA target from \$25 million to \$28 million, and (c) extended the performance period under the plan from the end of 2018 through the end of 2019. All references to the "Amended and Restated Value Creation Plan" are to the plan as in effect as of the date of this proxy statement.

Table of Contents

The Amended and Restated Value Creation Plan provides that once the Company achieves the \$15 million adjusted EBITDA target for a given fiscal year (which, as described below, it did for 2015), the adjusted EBITDA target increases to \$24 million for subsequent fiscal years. Similarly, once the Company achieves the \$24 million adjusted EBITDA target for a given fiscal year, the adjusted EBITDA target would increase to \$28 million for subsequent fiscal years.

The award pool payable to our executive officers and officers upon achievement of the adjusted EBITDA targets is tied to the increase in the Company's market capitalization and is calculated as follows:

Upon the Company's achievement of \$15 million in adjusted EBITDA, the award pool for the first issuance is equal to 15% of the appreciation in the market capitalization of the Company's common stock from May 11, 2012 to the closing price on the third trading day after public announcement of financial results for the year in which the \$15 million target is obtained (the "date of first issuance");

Upon the Company's achievement of \$24 million in adjusted EBITDA, the award pool for the second issuance would be equal to 17.5% of the appreciation in the market capitalization of the Company's common stock from the date of first issuance to the closing price on the third trading day after public announcement of financial results for the year in which the \$24 million target is obtained (the "date of second issuance");

Upon the Company's achievement of \$28 million in adjusted EBITDA, the award pool for the third issuance would be equal to 20% of the appreciation of the market capitalization of the Company's common stock from the date of second issuance to the closing price on the third trading day after public announcement of financial results for the year in which the \$28 million target is obtained.

The Value Creation Plan was originally adopted in May 2012 and is designed to incent our executive officers to improve the Company's financial results and create stockholder value. The Company's adjusted EBITDA for 2011, the year prior to the adoption of the Value Creation Plan, was \$3.4 million, and the market price of the Company's common stock on May 11, 2012, the day prior to the adoption of the original Value Creation Plan, was \$1.39. The Value Creation Plan was designed to incent our executive officers and officers to improve the Company's adjusted EBITDA and to align the interests of our executive officers and officers with those of our stockholders generally as awards are payable following the achievement of the adjusted EBITDA targets only to the extent the market capitalization of the Company's common stock increases. The Value Creation Plan was amended in March 2016 after the Compensation Committee determined that the Company's strong performance in 2015 was expected to continue for several more years based on the improvements that the executive team implemented during the preceding three years. As such, the Compensation Committee determined that the remaining adjusted EBITDA targets should be increased to provide further stretch goals for the executive team. The Compensation Committee concluded that increasing the remaining adjusted EBITDA targets would serve to enhance the alignment of the Value Creation Plan with its purpose, which is to reward the participants for increasing overall stockholder value. In light of the Compensation Committee's decision to increase the remaining adjusted EBITDA targets, the Compensation Committee determined that it would be equitable to extend the term of the Value Creation Plan for one additional year.

Table of Contents

As more fully described below, the Company's actual adjusted EBITDA for 2015 was \$18.9 million, and an award pool of approximately \$28.5 million was established as a result of the appreciation in the Company's market capitalization following the increase in the Company's common stock price from \$1.39 per share to \$9.39 per share. For all awards, market capitalization is determined by reference to the 23,749,212 shares of our common stock outstanding on May 11, 2012.

Awards to our executive officers and officers under the Amended and Restated Value Creation Plan may be paid in the form of cash, our common stock or other equity securities. It is the Company's intention that all awards under the Amended and Restated Value Creation Plan will be in the form of shares of common stock issued under our Amended and Restated 2010 Omnibus Long-Term Incentive Plan.

On June 29, 2015, our Board and our Compensation Committee approved the Primo Water Corporation Executive Deferred Compensation Plan (the "Deferred Compensation Plan"). The Deferred Compensation Plan is an unfunded, nonqualified deferred compensation plan designed to allow our executive officers and officers to defer the payment of awards under the Amended and Restated Value Creation Plan.

The Deferred Compensation Plan permits a participating employee to elect to defer up to 100% of his or her award that may become payable under the Amended and Restated Value Creation Plan for a performance year. The Company establishes an account for each participant in the Deferred Compensation Plan, and a participant's account is then credited with a number of stock units equal to the number of shares of Company common stock that would have been payable to the participant under the Amended and Restated Value Creation Plan, but for the deferral election.

A participant's account will be distributed based on the participant's payment election made at the time of deferral. A participant can elect to have deferrals credited to a "post-service account," to be paid in a lump sum or installments (of up to 10 years) commencing the seventh month after a separation from service. Alternatively, a participant can elect to have deferrals credited to an "in-service account," to be paid in a lump sum or installments (of up to 10 years) commencing in a year specified by the participant at the time of the deferral election. With respect to a deferral to an "in-service account," a participant can also elect to have payment commence the seventh month after a separation from service that occurs prior to the specified payment year.

When due, payments under the Deferred Compensation Plan will be made in the form of a number of shares of the Company's common stock equal to the number of stock units payable to the participant, in the manner elected by the participant and provided for in the Deferred Compensation Plan, such that the value of the participant's account under the Deferred Compensation Plan will rise and fall with the value of our common stock, creating further alignment between the long-term interests of participants and our stockholders.

The Company achieved the \$15 million adjusted EBITDA target for the year ended December 31, 2015, and an award pool of approximately \$28.5 million was established. The amount of the award pool is calculated based on 15% of the appreciation in the Company's market capitalization resulting from the price of the Company's common stock increasing from \$1.39 on May 11, 2012 to \$9.39 on March 11, 2016. Pursuant to the terms of their employment agreements, Messrs. Prim, Sheehan and Castaneda are entitled to at least 30%, 25% and 20%, respectively, of the award pool under the Amended and Restated Value Creation Plan in any fiscal year.

Table of Contents

All of our NEOs deferred their awards under the Amended and Restated Value Creation Plan with respect to 2015 performance into the Deferred Compensation Plan. Our other officers also deferred substantially all of their awards with respect to 2015 performance into the Deferred Compensation Plan. After withholding shares with respect to Medicare and FICA taxes, awards to our NEOs were as follows:

Name	Total Deferred Award Value (1)	Net Stock Units Deferred (2) (3)
Billy D. Prim	\$8,549,708	872,642
Mark Castaneda	\$5,699,805	580,699
Matthew Sheehan	\$7,124,756	725,740

(1) In accordance with the terms of their employment agreements, represents 30%, 20% and 25% of the value of the total award pool for 2015 performance with respect to Messrs. Prim, Castaneda and Sheehan, respectively.

(2) Messrs. Prim, Castaneda and Sheehan each deferred 100% of their awards into the Deferred Compensation Plan and were credited with the indicated number of deferred stock units after net withholding for estimated FICA and Medicare taxes. Messrs. Prim, Castaneda and Sheehan were credited with 910,512, 607,008 and 758,760 total stock units, respectively, under the Deferred Compensation prior to such withholding.

(3) Subject to accelerated payment following termination of employment, each of Messrs. Prim, Castaneda and Sheehan elected to have his shares of common stock paid out pursuant to the Deferred Compensation Plan in five equal installments, commencing in January 2018 for Mr. Prim (174,528 shares per year) and in January 2017 for Messrs. Castaneda (116,140 shares per year) and Sheehan (145,148 shares per year).

A total of 3,035,038 stock units were originally creditable under the Deferred Compensation Plan to all eligible participants with respect to the Amended and Restated Value Creation Plan. A total of 2,875,838 stock units were actually credited under the Deferred Compensation Plan to eligible participants after withholding for estimated FICA and Medicare taxes. Participants in the Deferred Compensation Plan have generally elected for their stock units to be paid out over a five-year period. Subject to accelerated payment following termination of employment, these stock units are currently estimated to be paid in shares of common stock as follows:

Date	Number of Shares
January 2017	420,061
January 2018	594,591
January 2019	594,593
January 2020	546,031
January 2021	546,033
January 2022	174,529
TOTAL:	2,875,838

Table of Contents

The Amended and Restated Value Creation Plan was designed to incent our executive officers to improve the Company's adjusted EBITDA with the award pool based on any resultant increase in the Company's market capitalization. The Company's common stock price was \$1.39 per share the day prior to the initial adoption of the plan and increased to \$9.39 per share for purposes of calculating the payout with respect to the Company's achieving the \$15 million adjusted EBITDA target. If the Company were to achieve the \$24 million adjusted EBITDA target, the payout under the Amended and Restated Value Creation Plan would be calculated based on any further increase in the Company's market capitalization attributable to the Company's common stock price exceeding \$9.39 per share. Similarly, if the Company were to achieve the \$28 million adjusted EBITDA target, the payout under the Amended and Restated Valuation Creation Plan would be calculated based on any subsequent further increase in the Company's market capitalization attributable to the Company's common stock exceeding the price used to calculate the award pool associated with the \$24 million adjusted EBITDA target.

Restrictions on Hedging and Pledging of Company Securities

Our Insider Trading Policy prohibits short sales of our securities by our directors and executives. Our Insider Trading Policy also prohibits directors and executives from trading in derivatives of our securities and from holding our securities in a margin account or pledging such securities as collateral for a loan. An exception to the prohibition on pledging our securities may be permitted in certain limited circumstances with the advance written approval of the Chief Financial Officer.

Perquisites and Other Benefits

As a general matter, we do not offer perquisites or other benefits to any executive officer, including our NEOs, with an aggregate value in excess of \$10,000 annually, because we believe we can provide better incentives for desired performance with compensation in the forms described above. We recognize that, from time to time, it may be appropriate to provide some perquisites or other benefits in order to attract, motivate and retain our executives, with any such decision to be reviewed and approved by our Compensation Committee.

Our executive officers are eligible to participate in our customary employee benefit plans, including medical, dental, vision, life and other employee benefit and insurance plans made available to our employees generally. We maintain a 401(k) plan, which is intended to be a tax-qualified defined contribution plan under Section 401(k) of the Internal Revenue Code of 1986, as amended, or the Code. In general, all of our employees are eligible to participate in this plan.

Employment and Severance and Change of Control Benefits

We believe that a strong, experienced management team is essential to the best interests of the Company and our stockholders. We recognize that the possibility of a change of control could arise and that such a possibility could result in the departure or distraction of members of the management team to the detriment of our Company and our stockholders. We entered into amended and restated employment agreements with Messrs. Prim and Castaneda and an employment agreement with Mr. Sheehan in June 2013, all of which are intended to minimize employment security concerns arising in the course of negotiating and completing a change of control transaction. A more detailed description of the change of control provisions provided in these employment agreements is available under the section captioned "Employment Agreements and Change of Control Agreements" below, and the change of control benefits are quantified in the section captioned "Potential Payments Upon Termination or Change of Control."

Role of Stockholder Say-on-Pay Votes

We provide our stockholders with the opportunity to cast an advisory vote on executive compensation (a "say-on-pay proposal") every three years. At the Company's annual meeting of stockholders held in May of 2014, approximately 98% of the votes cast on the say-on-pay proposal at the meeting were voted in favor of the proposal. Our Compensation Committee believes this vote affirms our stockholders' support of the Company's approach to executive compensation and did not make specific changes to our executive compensation program in response to the vote. However, our Compensation Committee continues to review and refine the design and administration of our executive pay practices. Our Compensation Committee also will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our NEOs.

Risk Assessment

As a publicly-traded company, we are subject to the SEC's rules regarding risk assessment. Those rules require a publicly-traded company to determine whether any of its existing incentive compensation plans, programs or arrangements create risks that are reasonably likely to have a material adverse effect on the company. We do not believe that our incentive compensation plans, programs or arrangements create risks that are reasonably likely to have a material adverse effect on the Company.

Accounting and Tax Implications

Our Compensation Committee considers the accounting and tax impact reflected in our financial statements when establishing the amount and forms of long-term and equity compensation. The forms of long-term compensation selected are intended to be cost-efficient. We account for all awards settled in equity in accordance with FASB ASC Topic 718, pursuant to which the fair value of the grant, net of estimated forfeitures, is expensed over the service/vesting period based on the number of options, shares or units, as applicable, that vest. The estimated payout amount of performance awards, along with any changes in that estimate, is recognized over the performance period under "liability" accounting. Our ultimate expense for performance awards will equal the value earned by/paid to the executives.

Tax Deductibility of Compensation

We seek to maximize the tax deductibility of all elements of compensation. Section 162(m) of the Internal Revenue Code will generally disallow a corporate tax deduction for compensation paid to certain officers in excess of \$1 million, unless the compensation meets an exception as performance-based compensation. While we try to structure compensation plans and programs to ensure deductibility, we may approve compensation amounts that do not qualify for deductibility when we deem it to be in the best interest of the Company.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and Primo's Annual Report on Form 10-K for the year ended December 31, 2015.

Base salaries for Messrs. Prim, Castaneda and Sheehan are specified in their employment agreements, which are described in greater detail in “Employment Agreements and Change of Control Agreements” below.

Option Awards (Column (e))

The amounts shown in the “Option Awards” column represent the aggregate grant date fair value of the option awards computed in accordance with ASC 718. For additional information regarding the assumptions made in calculating these amounts, see the notes to our audited financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

Non-Equity Incentive Plan Compensation (Column (f))

Each of our NEOs was entitled in 2014 and 2015 to a target annual incentive award equal to a specified percentage of his base salary, which was 100% for Mr. Prim, 75% for Mr. Sheehan and 50% for Mr. Castaneda. The actual amounts of the annual incentive awards were determined by our Compensation Committee following the end of the calendar years based on the Company’s achievement of certain adjusted EBITDA targets after the Compensation Committee made adjustments based on the achievement of individual and team performance metrics. In 2014, the Compensation Committee determined that each NEO was entitled to receive 20.9% of his target annual incentive award, and that such awards would be paid 42.3% in cash and 57.7% in stock. In 2015, the Compensation Committee determined that each NEO was entitled to receive 63.0% of his target annual incentive award, and that such awards would be paid 52.5% in cash and 47.5% in stock. Our 2015 annual incentive plan is described in greater detail in the “Compensation Discussion and Analysis” above under “Annual Cash and Equity Incentive Arrangements.”

This column does not reflect continuing award opportunities for our NEOs under the VCP based upon the potential achievement in future years of the \$20 million adjusted EBITDA target under the VCP (which was raised to \$24 million on March 3, 2016) or the \$25 million adjusted EBITDA target under the VCP (which was raised to \$28 million on March 3, 2016), as no meaningful representative amounts for these opportunities were determinable as of December 31, 2015. Matthew T. Sheehan

The following summary of the employment agreement of Mr. Sheehan describes our employment agreement with Mr. Sheehan that was entered into in June 2013.

Our employment agreement with Mr. Sheehan has an initial term expiring on June 10, 2016 with automatic one-year renewals and provides for an annual base salary of \$300,000. Mr. Sheehan has a target bonus level under the Company's Annual Incentive Plan of 75% of his base salary. Mr. Sheehan's employment agreement also provides him the right to participate in the Company's Value Creation Plan and the right to receive at least 25% of the bonus pool awarded to all participants under the Value Creation Plan in any fiscal year. If Mr. Sheehan is terminated without Cause or resigns for Good Reason or his employment is otherwise terminated due to death, disability, or retirement from the Company in good standing, he will remain eligible for an award under the Value Creation Plan for the fiscal year in which such termination occurs and may receive a full current-year award based on the Company's progress towards the applicable Value Creation Plan target at the time of such termination

If the Company does not renew Mr. Sheehan's employment agreement at the end of the initial term or any renewal term or Mr. Sheehan is terminated without Cause or resigns for Good Reason, Mr. Sheehan will receive an amount equal to the sum of (A) one year's base salary plus (B) the average annual bonus (including amounts paid under the Value Creation Plan) earned by Mr. Sheehan for the most recent two fiscal years ending prior to the termination date. Additionally, if the Company does not renew Mr. Sheehan's employment agreement at the end of the initial term or any renewal term or Mr. Sheehan is terminated without Cause or resigns for Good Reason, Mr. Sheehan will receive continuation of health benefits or payment of COBRA health insurance premiums for up to 12 months following termination and any equity compensation awards granted by the Company (a) that were otherwise scheduled to vest within six months after the termination date for all options that have a monthly or quarterly vesting schedule and (b) that were otherwise scheduled to vest at the next vesting date for all options that have an annual vesting schedule shall vest immediately.

The employment agreement provides that if Mr. Sheehan is terminated without Cause or resigns for Good Reason in connection with or within two years of a Change of Control (as defined in Mr. Sheehan's employment agreement), Mr. Sheehan will receive in addition to any amounts otherwise payable under the employment agreement in connection with the termination of employment an amount equal to 0.5 times the sum of (A) one year's base salary plus (B) the average annual bonus earned by Mr. Sheehan for the most recent two fiscal years ending prior to the termination date. Primo's management is responsible for the preparation, presentation, and integrity of complete and accurate financial statements in accordance with generally accepted accounting principles in the United States and for maintaining appropriate accounting and financial reporting principles and policies and establishing and maintaining internal controls designed to assure compliance with accounting standards and applicable laws. Primo's registered public accounting firm is responsible for planning and conducting in accordance with generally accepted auditing standards in the United States an audit of Primo's annual financial statements and a review of Primo's quarterly financial statements.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management Primo's audited consolidated financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

During the past fiscal year, the Audit Committee discussed with Primo's registered public accounting firm the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board ("PCAOB"). The Audit Committee also received during the past year the written disclosures and the letter from Primo's registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the registered public accounting firm their independence.

Related Party Transactions

Our Audit Committee Charter requires our Audit Committee to review and approve or ratify any related party transaction that is required to be disclosed under Item 404 of Regulation S-K. In the course of its review or approval of a transaction, our Audit Committee will consider:

- the nature of the related person's interest in the transaction, including the actual or apparent conflict of interest of the related person;
- the material terms of the transaction and their commercial reasonableness;
- the significance of the transaction to the related person;
- the significance of the transaction to us and the benefit and perceived benefits, or lack thereof, to us;
- opportunity costs of alternate transactions;
- whether the transaction would impair the judgment of a director or executive officer to act in the best interest of Primo; and
- any other matters the Committee deems appropriate.

We will not enter a related person transaction without the approval or ratification of our Audit Committee, and directors interested in a related person transaction will recuse themselves from any vote relating to a related person transaction in which they have an interest.

Other than compensation agreements and other arrangements which are described in "Director Compensation" and "Executive Compensation" beginning on pages 18 and 20 respectively, since January 1, 2015 there has not been, and there is not currently proposed, any transaction or series of similar transactions to which we were or will be a party in which the amount involved exceeded or will exceed \$120,000 in which any director, executive officer, holder of five percent or more of any class of our capital stock or any member of their immediate family had or will have a direct or indirect material interest.

Proposal 2 – Ratification of Appointment of
Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors has selected BDO USA, LLP as our independent registered public accounting firm for 2016. We are presenting this selection to our stockholders for ratification at the annual meeting.

BDO audited our consolidated financial statements for 2015. A representative of BDO is expected to be present at the annual meeting. In addition to having the opportunity to make a statement, the BDO representative will be available to respond to any appropriate questions.

Stockholder ratification of the selection of BDO as our independent registered public accounting firm is not required. We are submitting the selection of BDO to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider its selection of BDO.

The Board of Directors recommends a vote “FOR” ratification of the appointment of BDO as our independent registered public accounting firm for 2016.

Change in Independent Registered Public Accounting Firms

On August 24, 2015, we dismissed RSM US LLP (formerly McGladrey LLP) as the independent registered public accounting firm of the Company. The dismissal of RSM US LLP was approved by the Company’s Audit Committee.

RSM US LLP’s audit reports on the Company’s financial statements for the years ended December 31, 2014 and 2013 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the Company’s two most recent fiscal years ended December 31, 2014 and 2013 and through August 24, 2015, the Company did not have any disagreement with RSM US LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreement, if not resolved to RSM US LLP’s satisfaction, would have caused RSM US LLP to make reference to the subject matter of the disagreement in their reports on the Company’s consolidated financial statements. In addition, during the Company’s two most recent fiscal years ended December 31, 2014 and 2013 and through August 24, 2015, there were no “reportable events” as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

On August 24, 2015, the Company’s Audit Committee engaged BDO as its new independent registered public accounting firm to audit the Company’s financial statements for the Company’s fiscal year ending December 31, 2015. The decision to engage BDO as the Company’s independent registered public accounting firm was the result of a competitive selection process.

During the Company’s two most recent fiscal years and the subsequent interim periods preceding BDO’s appointment, neither the Company nor anyone on its behalf consulted BDO regarding (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company’s consolidated financial statements, and no written report or oral advice was provided by BDO to the Company that BDO concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue, or (ii) any matter that was either the subject of a disagreement (as described in Item 304(a)(1)(iv) of Regulation S-K and the related instructions) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).
