**PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 23, 2018**

The Board of Directors (our Board) of HANMI FINANCIAL CORPORATION is soliciting your proxy for use at the 2018 Annual Meeting of Stockholders to be held at the Oxford Palace Hotel, located at 745 South Oxford Avenue, Los Angeles, California, on Wednesday, May 23, 2018, at 10:30 a.m., Pacific Time, and at any adjournments or postponements thereof.

PROXY STATEMENT SUMMARY

MATTERS TO BE CONSIDERED AND VOTE RECOMMENDATION

We are asking stockholders to vote on the following matters at the 2018 Annual Meeting of Stockholders:

Proposal	Our Board's Recommendation
Item 1. Election of Directors (page 12)	
The Board believes that the ten (10) director nominees possess the necessary qualifications to provide effective oversight of the Company's business and quality advice and counsel to our management.	FOR each Director Nominee
Item 2. Advisory Vote to Approve Executive Compensation (Say-on-Pay Vote) (page 36)	
The Company seeks a non-binding advisory vote from its stockholders to approve the compensation of its Named Executive Officers (NEOs) for 2018 as described in the <i>Executive Compensation—Compensation Discussion and Analysis</i> section beginning on page 17. Because your vote is advisory, it will not be binding upon our Board and may not be construed as overruling any decision by our Board. However, the Compensation and Human Resources Committee may, in its sole discretion, take into account the outcome of the vote when considering future executive compensation arrangements.	FOR
Item 3. Ratification of Auditors (page 37)	
The Audit Committee and the Board believe that the continued retention of KPMG LLP to serve as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2018 is in the best interests of the Company and its stockholders. As a matter of good corporate governance, stockholders are being asked to ratify the Audit Committee's selection of the independent registered public accounting firm. If the stockholders do not ratify the selection by a majority vote of the present and voting shares, we will reconsider whether or not to retain KPMG. Even if the selection is ratified, we may, in our discretion, appoint a different independent registered public accounting firm at any time during the year if we determine that such a change would be in our and our stockholders' best interests. QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND THE ANNUAL MEETING

Why did I receive this Proxy Statement?

You received this Proxy Statement and the enclosed proxy card because we are soliciting your vote at the Annual Meeting. As a stockholder of record of our common stock, you are invited to attend the Annual Meeting, and are entitled and requested to vote on the proposals described in this Proxy Statement. This Proxy Statement summarizes the information you need to know to cast an informed vote at the Annual Meeting. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card by mail. You may also vote by telephone or Internet.

We will begin posting this Proxy Statement, notice of the Annual Meeting, and the enclosed proxy card on or about April 13, 2018 to all stockholders entitled to vote.

Who is entitled to vote and how many votes do I have?

All stockholders who were stockholders of record of our common stock as of the close of business on April 3, 2018, and only those stockholders will be entitled to vote at the Annual Meeting. You have one vote for each share of our common stock you owned as of the close of business on the record date.

How many shares are eligible to be voted?

As of April 3, 2018, 32,467,811 shares of our common stock were outstanding. Each outstanding share of our common stock will entitle its holder to one vote on each matter to be voted on at the Annual Meeting.

What is the difference between holding shares as a record holder and in street name ?

Record Holders. If your shares of common stock are registered directly in your name on our stock records, you are considered the stockholder of record, or the record holder of those shares. As the record holder, you have the right to vote your shares in person or by proxy at the Annual Meeting.

Street Name Holders. If your shares of common stock are held in an account at a brokerage firm, bank, or other similar entity, then you are the beneficial owner of shares held in street name. The entity holding your account is considered the record holder for purposes of voting at the Annual Meeting. As the beneficial owner you have the right to direct this entity on how to vote the shares held in your account. However, as described below, you may not vote these shares in person at the Annual Meeting unless you obtain a legal proxy from the entity that holds your shares giving you the right to vote the shares at the Annual Meeting.

What is the required quorum at the Annual Meeting?

Quorum for the transaction of business at the Annual Meeting requires the presence, in person or by proxy, of the holders of a majority of all shares entitled to vote at a meeting of stockholders. Abstentions and broker non-votes are treated as being present for purposes of establishing a quorum.

What vote is required to approve each proposal at the Annual Meeting?

- Election of Directors. Directors are elected by a majority of votes cast in uncontested elections. In order to be elected to the Board, the votes cast for the nominee must exceed the number of votes cast against the nominee. Abstentions and broker non-votes will have no effect on the election of a director.
- Advisory Vote on the Compensation of our NEOs. Approval, on an advisory basis, of the compensation of our NEOs requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to

vote.

Ratification of Selection of Auditors. Ratification of the selection of KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2018 requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote.

What is the effect of broker non-votes and abstentions?

Abstentions and broker non-votes will be counted for determining a quorum. Your broker, however, will not be entitled to vote without your instruction on Proposals 1 and 2 on the election of Directors and the advisory (non-binding) proposal to approve the compensation of our NEOs.

2

TABLE OF CONTENTS

Your broker will be authorized to vote your shares on the ratification of our independent registered public accounting firm even if it does not receive instructions from you, and accordingly, broker non-votes will have no effect on this proposal.

Abstentions will have no effect on the election of Directors in Proposal 1, but will have the effect of a vote AGAINST Proposals 2 and 3 for the advisory (non-binding) vote to approve the compensation of NEOs and the ratification of our independent registered public accounting firm, respectively.

How can I vote my shares?

If you hold your shares of common stock in your own name and not through a broker or another nominee, you may vote your shares of common stock by the following methods, subject to compliance with the applicable cutoff times and deadlines described below:

By Telephone. You can vote by dialing the toll-free telephone number printed on your proxy card. Telephone voting is available 24 hours a day until 11:59 p.m., Pacific Time, on May 22, 2018. If you vote by telephone, you do not need to return your proxy card.

By Internet. You can vote on the website printed on your proxy card. Internet voting is available 24 hours a day until 11:59 p.m., Pacific Time, on May 22, 2018. If you vote via the Internet, you do not need to return your proxy card.

- **In Person.** By attending the Annual Meeting and voting in person.

Whichever of these methods you select to transmit your instructions, the proxy holders will vote your shares of common stock in accordance with your instructions. If you give a proxy without specific voting instructions, your proxy will be voted by the proxy holders FOR each of the Director nominees named in this Proxy Statement, FOR the approval, on an advisory basis, of the compensation of our NEOs, FOR the ratification of our independent registered public accounting firm, and at the proxy holders' discretion on such other matters, if any, as may properly come before the Annual Meeting (including any proposal to adjourn the Annual Meeting).

Can I change or revoke my vote after I return my proxy card?

You may revoke a proxy at any time before the vote is taken at the Annual Meeting by advising our Corporate Secretary before the vote at the Annual Meeting is taken or by filing with our Corporate Secretary a properly executed proxy of a later date by mail, telephone or Internet, or by attending the Annual Meeting and voting in person. Any such filing should be made to the attention of Corporate Secretary, Hanmi Financial Corporation, 3660 Wilshire Boulevard, Penthouse Suite A, Los Angeles, California 90010. Attendance at the Annual Meeting will not by itself constitute revocation of a proxy.

How do I vote in person?

If you plan to attend the Annual Meeting and vote in person, we will give you a ballot form when you arrive. However, if your shares of common stock are held in the name of your broker, bank or other nominee, you must bring a legal proxy from your broker, bank or other nominee to vote your shares of common stock at the Annual Meeting.

How will proxies be solicited?

In addition to soliciting proxies by mail, our officers, directors, and employees, without receiving any additional compensation, may solicit proxies by telephone, fax, in person, or by other means. Arrangements may also be made

with brokerage firms and other custodians, nominees, and fiduciaries to forward proxy solicitation materials to the beneficial owners of our common stock held of record by such persons, and we will reimburse such brokerage firms, custodians, nominees, and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

Will any other matters be considered at the Annual Meeting?

We are not aware of any matter to be presented at the Annual Meeting other than the proposals discussed in this Proxy Statement. If other matters are properly presented at the Annual Meeting, then the persons named as proxies will have the authority to vote all properly executed proxies in accordance with the direction of our Board, or, if no such direction is given, in accordance with the judgment of the persons holding such proxies on any such matter, including any proposal to adjourn or postpone the Annual Meeting.

TABLE OF CONTENTS

CORPORATE GOVERNANCE

Hanmi is committed to sound corporate governance principles and adopted formal Corporate Governance Guidelines. Hanmi has also adopted a Code of Business Conduct and Ethics for employees, executive officers and Directors. These Corporate Governance Guidelines, as well as Hanmi's Code of Business Conduct and Ethics and other governance matters of interest to investors, are available through Hanmi's website at www.hanmi.com on the Investor Relations page. Any amendments or waivers applicable to an executive officer or Director to the Code of Business and Ethics will also be posted on Hanmi's website.

DIRECTOR INDEPENDENCE

Our common stock is listed on the Nasdaq Global Select Market (Nasdaq). Under Nasdaq rules, independent directors must comprise a majority of a listed company's board of directors. In addition, Nasdaq requires that, subject to specified exceptions, each member of a listed company's audit, compensation, and nominating and corporate governance committees must be independent. Under these rules, a director is independent only if the board of directors of a company makes an affirmative determination that the director has no material relationship with the company that would impair his or her independence.

Our Board has undertaken a review of the independence of each director in accordance with Nasdaq rules and requirements of the SEC. Based on this review, our Board has determined that all of its Directors are independent under the applicable listing standards of Nasdaq, except for C. G. Kum, who also serves as the President and Chief Executive Officer of

TABLE OF CONTENTS

Hanmi. In making this determination, our Board considered the relationships that each non-employee director has with us and all other facts and circumstances that the Board deemed relevant in determining their independence. See *Board Meetings and Committees* below for additional information regarding the Board's independence determinations applicable to each of the committees.

BOARD MEETINGS AND COMMITTEES

During the fiscal year ended December 31, 2017, our Board held eleven (11) joint board meetings with the Board of Hanmi Bank (the Bank), the wholly-owned subsidiary of Hanmi, and four (4) special board meetings, for a total of fifteen (15) board meetings. All Board members were present for more than 75% of the aggregate number of meetings of our Board and the committees on which he or she served. Hanmi's policy is to encourage all Directors to attend all Annual and Special Meetings of Stockholders. Hanmi's 2017 Annual Meeting of Stockholders was attended by all Directors, other than Christie K. Chu.

Our Board has four (4) standing committees: the Audit Committee, the Compensation and Human Resources Committee (the CHR Committee), the Nominating and Corporate Governance Committee (the NCG Committee), and the Risk, Compliance and Planning Committee (the RCP Committee). Each committee is governed by a charter, each of which is available through Hanmi's website at www.hanmi.com on the Investor Relations page.

The current members of Hanmi's Audit Committee are Kiho Choi, Christie K. Chu, Harry H. Chung, Joseph K. Rho, and David L. Rosenblum, with Mr. Chung serving as its Chairperson. Each member meets the independence requirements of the SEC, the Federal Deposit Insurance Corporation (the FDIC) and Nasdaq. Based on its review, the Board determined that Mr. Rosenblum and Mr. Chung qualify as an audit committee financial expert as defined under the applicable SEC rules. The Audit Committee held ten (10) meetings during the fiscal year ended December 31, 2017. The Audit Committee operates under a charter adopted by the Board and is available on our website at www.hanmi.com on the Investor Relations page. Through its oversight of the audit function, the Audit Committee ensures compliance with laws and regulations.

As outlined in its charter, the Audit Committee has the following responsibilities, among others:

Assist the Board in fulfilling its oversight responsibilities for the financial reporting process, the system of internal control, the audit process, and Hanmi's process for monitoring compliance with laws and regulations and the code of conduct;

Review the unaudited quarterly and audited annual financial statements;

Each member is an outside director (as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code)) and a non-employee director (as defined in Section 16 of the Securities Exchange Act of 1934 (the Exchange Act)) and meets the independence requirements of

the SEC and Nasdaq. The CHR Committee held eight (8) meetings during the fiscal year ended December 31, 2017.

The CHR Committee assists the Board by overseeing the compensation of all of Hanmi's executive officers, including Hanmi's Chief Executive Officer, as well as administering Hanmi's compensation plans. As outlined in its charter, the CHR Committee has the following responsibilities, among others:

- Lead the Board in its annual review of executive management's performance as it relates to bonus metrics for bonus payouts.

The CHR Committee also sets the compensation policy of the Company as more fully described below under *Executive Compensation – Compensation Discussion and Analysis*. To evaluate and administer the compensation programs of our NEOs, the CHR Committee meets at least four times a year. In addition, the CHR Committee also holds special meetings to discuss extraordinary items. At the end of a meeting, the CHR Committee may choose to meet in executive session, when necessary. The CHR Committee is also authorized to retain outside consultants to assist it in determining executive officer compensation.

Nominating and Corporate Governance Committee

The members of the NCG Committee are John J. Ahn, Harry H. Chung, Joseph K. Rho, David L. Rosenblum and Michael M. Yang, with Mr. Ahn serving as its Chairperson. Each member meets the independence requirements of the SEC and Nasdaq. The NCG Committee held four (4) meetings during the fiscal year ended December 31, 2017.

As described in its charter, the NCG Committee assists the Board as follows:

- Identify individuals qualified to become directors;
 - Recommend to the Board nominees for the Board and its committees;
 - Develop, recommend, and implement a set of corporate governance principles applicable to Hanmi; and
 - Monitor the process to determine the effectiveness of the Board and its committees.
- See *Consideration of Director Nominees* below for additional information regarding the director nomination process. The NCG Committee is also authorized to retain outside consultants to assist it in fulfilling any of its duties, including Board and Director assessment and Board evaluation.

Risk, Compliance and Planning Committee

The current members of the RCP Committee are John J. Ahn, Scott Diehl, C. G. Kum, David L. Rosenblum, and Thomas J. Williams, with Mr. Rosenblum serving as its Chairperson. Except for Mr. Kum, each member is an outside (or non-employee) director and meets the independence requirements of the SEC and Nasdaq. The RCP Committee held five (5) meetings during the fiscal year ended December 31, 2017.

As outlined in its charter, the RCP Committee is responsible for providing oversight of the Enterprise Risk Management framework, including the strategies, policies, procedures and systems established by management to identify, assess, measure and manage the significant risks facing the Company. It also oversees strategic planning generally and recommends new lines of business and the budget to our Board.

BOARD LEADERSHIP STRUCTURE

The Board is committed to having a sound governance structure that promotes the best interest of all Hanmi stockholders. Our leadership structure includes the following principles:

- We believe that yearly elections hold the Directors of the Board accountable to our stockholders, as each director is subject to re-nomination and re-election each year.
- All of the Directors are independent, except for C. G. Kum, our President and Chief Executive Officer. The Board has affirmatively determined that the other nine (9) Directors nominated are independent under the SEC and Nasdaq

corporate governance rules, as applicable.

We have separated the positions of the Chairman of the Board and Chief Executive Officer in the Company's Bylaws to ensure the independence of the Chairman. The Chairman focuses on board oversight responsibilities, strategic planning and mentoring company officers. The Chairman also periodically represents the Bank at public functions. The Chief Executive Officer focuses on the development and execution of Company strategies.

TABLE OF CONTENTS

We have created the position of Vice Chairman of the Board on September 27, 2017. The Vice Chairman, if one is appointed by the Board, will be an independent director exercising all the powers and discharging all of the duties of the Chairman of the Board in such circumstances before a Chairman is appointed or a sitting Chairman becomes absent or disabled. Director John J. Ahn was appointed as Vice Chairman based on his distinguished service to the Board.

We believe the Board structure serves the interests of the stockholders by balancing the practicalities of running the Company with the need for director accountability.

BOARD'S ROLE IN RISK OVERSIGHT

The Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organization objectives in the areas of strategy, operations, reporting, and compliance. The Board recognizes that these objectives are important to improve and sustain long-term organizational performance and stockholder value. A fundamental part of risk management is not only identifying the risks the Company faces and the steps management is taking to manage those risks, but also determining what constitutes the appropriate level of risk based upon the Company's activities and risk appetite.

The RCP Committee goes through an extensive review of the enterprise risk assessment on a quarterly basis with the guidance of the RCP Committee Chairperson and the Bank's Chief Risk Officer. The quarterly risk assessment is also reviewed at the Board quarterly. In this process, risk is assessed throughout the Company by focusing on the following six (6) areas of risk: credit, liquidity, market, operations, compliance / legal, and reputational. Risks that simultaneously affect different parts of the Company are identified, and an interrelated response is made.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the RCP Committee assists the Board in fulfilling its oversight responsibility with respect to regulatory, compliance, operational risk and enterprise risk management issues that affect the Company and works closely with the Company's legal and risk departments. The RCP Committee also oversees risks associated with the short- and long-term direction of the Company and ensures ongoing Board involvement and oversight of the Company's strategic plan. The Audit Committee helps the Board monitor financial risk and internal controls from a risk-based perspective, oversees compliance and the annual audit plan. Reports from the Company's internal audit department are also reviewed.

In overseeing compensation, the CHR Committee advocates for incentives that encourage a conservative level of risk-taking behavior consistent with the Company's business strategy and in compliance with all laws and the Interagency Guidance on Incentive Compensation. The NCG Committee oversees the Code of Conduct and Business Ethics policy relating to employees and directors and conducts an annual assessment of corporate governance policies and any potential risk associated with governance and related party matters.

The Bank also has two board committees that oversee risk. The Loan and Credit Policy Committee oversees credit risk by identifying, monitoring, and controlling repayment risk associated with the Bank's lending activities. The Asset Liability Committee oversees the implementation of an effective process for managing the Bank's interest rate, liquidity, and similar market risks relating to the Bank's balance sheet and associated activities.

CONSIDERATION OF DIRECTOR NOMINEES

The NCG Committee believes that the Board should encompass a range of talent, skill, diversity, and expertise enabling it to provide sound guidance with respect to Hanmi's operations and interests. In addition to considering a candidate's background and accomplishments, candidates are reviewed in the context of the current composition of the Board and the evolving needs of Hanmi's business. Our Board has identified certain core competencies that its Directors should possess, including: broad experience in business, finance, accounting, risk management, strategic

planning, marketing or administration; familiarity with national and international business matters; familiarity with the Company's industry; and the ability to understand the Company's business. In addition to possessing one or more of these core competencies, the members of our Board should have and demonstrate personal qualities such as integrity, leadership, community prominence and a strong reputation. The experience, skills and qualifications contributed by each of our Directors should diversify and complement the core competencies of our collective Board.

The NCG Committee seeks directors with strong reputations and experience in areas relevant to the strategy and operations of Hanmi's business, particularly industries and growth segments that Hanmi operates in, such as the banking and financial services industry, as well as key geographic markets and customer segments where Hanmi operates. The NCG Committee

TABLE OF CONTENTS

annually reviews the individual skills and characteristics of the Directors, as well as the composition of the Board as a whole. This assessment includes a consideration of independence, diversity, age, skills, expertise and industry background in the context of the needs of the Board and Hanmi.

The Board conducts an annual evaluation to determine whether the Board and its committees are functioning effectively. The NCG Committee oversees the evaluation method and criteria for the Board's annual evaluation of the composition, competence and performance of the Board and its committees. The Board then takes appropriate action based on the Board's assessment and performance evaluations. The Board and Director evaluation process considers the best interests of Hanmi, its Board, its employees, its customers and stockholders. The assessment includes director succession planning and expected future needs of the Board and the Company, so as to ensure that Board effectiveness is not diminished during periods of transition.

Pay Program and 2017 Compensation Overview

The CHR Committee establishes and oversees the compensation practices, including base salary, annual and long-term incentives. Compensation plans are designed to encourage the achievement of strategic objectives and the creation of shareholder value, recognize individual performance, and allow the Company to effectively compete for, retain, and motivate talented executives critical to its success.

Base Salary	Fixed	<p>When setting base salaries, the CHR Committee considers factors, such as experience, responsibilities, job performance, and market compensation information.</p> <ul style="list-style-type: none"> • The Company's CEO, Mr. Kum, received a salary increase of 10.7% in 2017 after a review of his performance and his total compensation compared to the market. • Increases for the other NEOs ranged from 3.0% to 13.8%. 						
Short-Term Cash Incentive Compensation	Variable	<p>The Company maintains a performance-based annual cash incentive plan for the NEOs which is payable only if pre-established Company and individual performance objectives are achieved. For 2017, the CHR Committee established target incentive award opportunities for each NEO and assessed performance relative to established Company and individual goals to determine final awards. Resulting incentive payouts for each NEO are summarized in the table below, which reflect the Company's strong performance for 2017.</p>

Long-Term Incentive
Awards (Equity)

The CHR Committee, in its discretion, determines equity grants for the NEOs after considering each executive's performance, previous grant history, ownership level, comparison to our peer group, and retention needs. Three NEOs were granted equity in 2017 beyond the 35 shares of restricted stock which were granted to all full-time employees related to Hanmi Bank's 35th anniversary.

- Mr. Santarosa and Mr. Fuhr each received a grant of 10,000 restricted shares and Ms. Lim received an award of 1,500 restricted shares in 2017. Shares vest in equal annual installments over three years.

TABLE OF CONTENTS**Element Type 2017 Highlights**

- Ms. Lim received an additional 2,000 restricted shares in recognition of the significant progress made in the Bank's Bank Secrecy Act program in 2016. The shares vest one year after grant.
- Mr. Kum and Ms. Lee did not receive additional equity awards in 2017, but received a performance-based restricted stock grant in 2016 with annual vesting of up to 25% in each of 2016, 2017, 2018 and 2019, subject to the Company's Total Shareholder Return performance relative to companies in the KBW Regional Banking Index for each respective year. No shares can be earned in any given year unless the Company's TSR is positioned at or above the 50th percentile. Hanmi's 2016 TSR performance was at the 76th percentile. As a result, 25% of the total shares became earned and vested. For 2017, the threshold level of performance (50th percentile) was not achieved and 25% of the shares were forfeited.

The Company is committed to pay for performance and sound compensation and governance practices, including the following:

• A focus on variable compensation, evidenced by the fact that variable, performance-based compensation comprises a majority of our CEO's potential pay.

• Clawback policy applicable to all executive officers adopted in 2018.

• Stock ownership guidelines established for the CEO, COO and CFO.

• No excise tax gross-up payments.

• Dividends on unvested shares of Performance Restricted Stock will be withheld and will be distributed, if at all, when the underlying shares vest.

• No hedging or pledging transactions.

Compensation Objective and Philosophy

The CHR Committee has instituted a compensation program for the Company's NEOs which aims to align pay with performance. While the Company does not exclusively focus on market compensation data when designing its compensation program, market pay practices are considered alongside other factors, such as personal performance and experience. As pay varies with performance, we expect to pay near the 50th percentile of the peer group when performance is near the 50th percentile, near the 75th percentile compensation when performance is near the 75th percentile and below median when performance fails to meet minimum expectations or thresholds. As an example, the target award level associated with our most recent grant of performance-based restricted stock in 2016 is earned when the Company's TSR equals or exceeds the 75th percentile of the KBW Regional Banking Index.

The policies and underlying philosophy governing the Company's executive compensation program, as endorsed by the CHR Committee and the Board of Directors, are designed to accomplish the following:

• Maintain a compensation program that is equitable in a competitive marketplace.

• Provide opportunities that integrate pay with the Company's annual and long-term performance goals.

• Manage the risk profile of the Company by aligning risk mitigation within the performance of individual and Company-wide goals.

• Encourage achievement of strategic objectives and creation of shareholder value.

• Recognize and reward individual initiative and achievements while managing risk.

• Maintain an appropriate balance between base salary and short- and long-term incentive opportunities.

• Allow the Company to compete for, retain, and motivate talented executives critical to its success consistent with its compensation philosophy.

TABLE OF CONTENTS

Allow the Company to effectively engage institutional shareholders. Hanmi values our shareholders and works to have open two-way communication on all matters of importance. We proactively seek out our shareholders' opinions, as appropriate.

Establish bonus structures subject to clawback in the event of material inaccurate financial statements or materially inaccurate performance metric criteria resulting in the payment of excess incentive compensation.

Foster an ownership culture among senior executives and the directors through minimum stock ownership guidelines.

Management Say-On-Pay Results

The CHR Committee evaluates the Company's executive compensation programs in light of market conditions, shareholder views, and governance considerations, and makes changes as appropriate. As required by the Dodd-Frank Act, the Company is required to permit a separate non-binding advisory shareholder vote to approve the compensation of its executives. At the 2017 annual meeting, shareholders approved the compensation of executives, with 98.4% of the shareholder vote cast in favor of the advisory say-on-pay proposal. The CHR Committee considered this result to be a positive endorsement of the Company's pay programs and practices. The Company will continue to monitor the level of support for each say-on-pay proposal.

Compensation Determination Process

Role of CHR Committee

The CHR Committee is responsible for the creation, implementation, and administration of the overall compensation program for the CEO and other senior executive officers. The CHR Committee takes into consideration the recommendations of the CEO for executives other than the CEO, as well as considering and making recommendations concerning compensation, benefit plans, and implementation of sound personnel policies and practices Company wide. The CHR Committee has the following responsibilities:

Review the overall human resource development and compensation strategy for directors, the CEO, and senior officers.

- Lead the Board in its annual review of executive management's performance.

Evaluate CEO performance, set annual goals, and evaluate total compensation.

Evaluate compensation recommendations from the CEO for other NEOs.

Evaluate the annual executive incentive compensation plan regarding participation, goals, and budgetary considerations.

Review broad-based incentive compensation plans to ensure compliance with regulations and laws.

Administer the Company's long-term incentive program.

The CHR Committee approves compensation for all NEOs other than the CEO. The CHR Committee discloses all compensation decisions related to the CEO to the full Board of Directors. The full Board has ultimate responsibility for determining the compensation of our CEO after considering the recommendation from the CHR Committee.

Role of Compensation Consultant

The CHR Committee retained the services of McLagan in 2017 to assist in performing its various duties within industry practice. McLagan helped facilitate the executive officer compensation process, including the creation of a compensation peer group for comparing our NEOs' compensation to the market. McLagan reported directly to the CHR Committee, who has the authority, in its sole discretion, to retain and terminate any adviser to assist in the performance of its duties. The CHR Committee determined that McLagan is independent and that there is no conflict of interest resulting from retaining McLagan during 2017 after taking into account the factors set forth in the SEC rules.

Role of Management

Management assists the CHR Committee in recommending agenda items for its meetings and by gathering and producing information for these meetings. The CEO and other executives may participate in CHR Committee meetings to provide background information and other requested items, but are not present during the voting or discussions of their own

compensation. The CEO provides recommendations to the CHR Committee for the other NEOs regarding compensation, performance goals, and other employment-related matters, such as hiring, promotions, terminations or severance payments. The CHR Committee considers the CEO's recommendations, but retains authority to approve or recommend to the Board of Directors compensation decisions to be approved.

Peer Group

In May 2017, the CHR Committee worked in coordination with McLagan to construct a peer group of banking companies with assets at the time of selection generally between \$2.4 and \$9.7 billion that have similar business models and that are likely to compete with Hanmi for executive talent. Although the decisions regarding the compensation levels are guided by the information provided from the peer group and market survey data, the CHR Committee also takes into account the prevailing economic environment and the current financial condition of Hanmi. The 2017 peer group was as follows:

BoFI Holding Inc.	Lakeland Bancorp, Inc.
Central Pacific Financial Corp.	LegacyTexas Financial Group, Inc
CoBiz Financial Inc.	Meridian Bancorp, Inc.
CVB Financial Corp.	National Bank Holdings Corp.
First Financial Bankshares	Opus Bank
First Foundation Inc.	Pacific Premier Bancorp, Inc.
Heritage Commerce Corp.	Preferred Bank
Heritage Financial Corporation	Southside Bancshares Inc.
Hope Bancorp, Inc.	TriCo Bancshares
Independent Bank Group Inc.	Westamerica Bancorporation

2017 Pay Components and Compensation Decisions**Base Salary**

Annual base salaries are the fixed portion of our NEOs' cash compensation and are intended to reward the day-to-day aspects of their roles and responsibilities and to reflect the value that they bring to the Company. Our NEOs' annual salaries are established after taking into account several factors including, the executive's experience, responsibilities, management abilities, job performance, and market compensation information. The CHR Committee believes that 2017 base salaries of Hanmi's NEOs are competitive with companies of similar size, including those in the peer group. Pay adjustments, if any, are generally made annually, after reviewing overall company performance, individual performance and the affordability of the increases.

The CHR Committee reviewed Mr. Kum's salary for 2017 in the context of total compensation and alongside compensation information from the peer group. After considering Mr. Kum's performance and leadership of the Company, the CHR Committee approved a salary increase to \$675,000 effective July 2017, which was positioned near the 50th percentile of the peer group.

For 2017, Mr. Kum presented his recommendations to the CHR Committee for annual merit increases for the remaining NEOs. The recommended increases for Ms. Lee and Ms. Lim were each in line with the merit increases generally given to other employees at the Company and were developed in light of individual performance and responsibilities. Mr. Kum recommended that the CHR Committee consider an increase of 13.8% to Mr. Santarosa's salary for 2017 and noted his current salary was positioned significantly below the 50th percentile due to the fact that

he was promoted to CFO in January 2015 after joining the Company as Corporate Finance & Strategy and his salary was never fully adjusted to reflect his promotion to a Sr. EVP and new level of responsibility. Mr. Fuhr's salary was increased in conjunction with his promotion to an executive vice president. In coordination with McLagan, the CHR Committee conducted a market compensation analysis covering each of the NEOs using information from the peer group and banking industry survey data. The approved 2017 salaries were within a competitive range of the market 50th percentile.

TABLE OF CONTENTS**Short-Term Cash Incentives**

In accordance with Hanmi's compensation philosophy, a significant portion of the compensation of our NEOs is performance-based and payable only if pre-established Company and individual performance objectives are achieved. For each NEO, target bonuses are stated as a percentage of annual base salary and are capped at the target level. The target annual bonus payable to Mr. Kum, our CEO, is capped at 100% of his annual base salary. The annual bonuses payable to the other NEOs for 2017 performance are capped at the following levels, as a percentage of their respective annual base salary, Ms. Lee – 50%, Mr. Santarosa – 50%, Ms. Lim – 30%, and Mr. Fuhr – 30%.

Generally, the CHR Committee reviews performance against pre-established financial and non-financial goals on an annual basis to determine the short-term cash incentive compensation of our NEOs. The 2017 Annual Incentive Plan (AIP) includes the concept of a minimal acceptable return (MAR). In other words if the requirements of the MAR are not met then no cash bonuses will be paid to the NEOs including the CEO. In 2017, the MAR had two requirements: (1) the Company must meet 85% of the 2017 budgeted net income, which is established and approved by the Board, and (2) the Company must attain certain regulatory threshold results for 2017. The MAR requirements were met in 2017.

Once the MAR requirements are met, each NEO has objective requirements that must be met in order to obtain part or all of their potential cash incentive.

Awards under the AIP are substantially based on formulaic scorecard results across weighted performance measure categories. The CHR Committee reviewed and approved scorecards for each NEO to be used for 2017 performance, which are summarized in the exhibits below. The measurements in the AIP for Mr. Kum are based on the approved 2017 budget in the strategic plan and represent a higher performance requirement compared to the target goal levels in the 2016 strategic plan. The 2017 budget in the strategic plan and approved AIP goals were below 2016 actual performance results as the Company experienced a record year of performance in 2016 and it was not expected to repeat these results again in 2017 due to economic and industry challenges. The measurements for other NEOs were customized to reflect each individual's specific area of control and responsibility, while retaining accountability for overall Company profitability, risk management, and regulatory compliance. The plan is designed to allow for objective goal measurement while also allowing for the exercise of judgment by the CHR Committee and the Board of Directors. If an NEO has met or exceeded the requirements for a specific goal, the NEO is given 100% credit for the weighting of a particular category. However, if a category is not met or partially met, a lesser percentage of the weighted credit, if any, is given based on an evaluation of the degree to which goals were achieved. This is most prevalent where there were multiple objectives within a particular category (i.e., one objective was met, but another objective was not met or only partially met). Under the AIP, there is no upside payout potential for performance above the target goal. In addition, the plan does not define explicit threshold levels of performance below target for each measure.

Long-Term Incentives

Long-term incentive awards, such as stock options and restricted stock, are the third key component of our NEOs' total compensation. The members of the CHR Committee believe that employee stock ownership is significant for our NEOs, thereby aligning the interests of employees and stockholders. The members of the CHR Committee also believe that equity-based compensation complements the short-term cash incentive compensation and helps balance short-term decisions with long-term outcomes. This compensation approach limits an executive's ability to reap short-term gains at the expense of Hanmi's long-term success. This is also an important tool in retaining NEOs.

On August 23, 2013, the stockholders approved the Hanmi Financial Corporation 2013 Equity Compensation Plan, (the 2013 Plan). The CHR Committee approves all stock option and restricted stock award grants and acts as an administrator of the 2013 Plan. The Company does not have a policy or an exact formula with regard to the allocation of compensation between cash and equity compensation; rather, the size, timing, and other material terms of the long-term incentive awards for our NEOs are made at the discretion of the CHR Committee. Factors considered by the CHR Committee include each executive's performance, previous grant history and ownership level, comparison to our peer group, and retention needs. In association with Hanmi Bank's 35th anniversary, substantially all full-time employees of Hanmi were each granted 35 shares of restricted stock in December 2017 in recognition of their dedication and service to Hanmi. These shares vest one year from the date of grant. Three NEOs received additional equity grants in 2017, as described below.

2016 and 2017 Results Associated with the 2016 Performance Restricted Stock Grant

On February 17, 2016, the CHR Committee granted each of Mr. Kum and Ms. Lee a performance-based restricted stock grant consisting of 99,010 and 49,505 shares, respectively, which were intended to cover a multi-year period. As such, Mr. Kum and Ms. Lee did not receive additional equity awards in 2017 beyond the 35 shares described previously as part of Hanmi Bank's 35th anniversary.

¶The grant provides for annual vesting of up to 25% in each of our 2016, 2017, 2018 and 2019 fiscal years, subject to the Company's TSR performance relative to companies in the KBW Regional Banking Index for each respective year.

To the extent that the performance requirements are not met for any given year, any unearned shares applicable to that year will be forfeited.

No shares can be earned for each performance period if the Company's TSR is below the 50th percentile. Assuming 50th percentile TSR achievement (threshold) for any given year, 50% of the shares scheduled to vest for such year will be earned. Assuming 75th percentile TSR achievement (target) for any given year, 100% of the shares scheduled to vest for such year will be earned. Shares earned for performance between the 50th and 75th percentile for any given year will be determined by linear interpolation.

There is no retesting of the performance-based restricted shares. Any portion of the shares that do not vest as a result of actual TSR performance for any given year shall be forfeited for such year.

Any shares held by the CEO and CFO are subject to potential cancellation, recoupment, rescission, payback or other action in accordance with the terms of the Company's clawback policy.

TABLE OF CONTENTS

2016 Results: In March 2017, the CHR Committee determined that the Company’s TSR during 2016 was 51.30%, which placed it at the 76th percentile when compared against the KBW Index. As a result, the CHR Committee certified the level of achievement of this award at target for 2016, resulting in 25% of the total number of shares subject to this award becoming earned and vested.

2017 Results: In March 2018, the CHR Committee determined that the Company’s TSR during 2017 did not meet or exceed the 50th percentile, which was the threshold level of performance. Accordingly, based on the CHR Committee’s certification of this result, 25% of the total number of shares subject to this award were forfeited.

Restricted Stock Grant

On March 14, 2017, the CHR Committee granted 2,000 restricted shares to Ms. Lim, at which time our closing price was \$31.75 per share. This grant was made in recognition of the significant progress made in the Bank’s BSA program in 2016. The shares vest one year after grant.

On March 22, 2017, the CHR Committee granted 10,000 and 1,500 restricted shares to Mr. Santarosa and Ms. Lim, respectively, at which time our closing price was \$28.90 per share. The shares vest in equal annual installments over three years. The CHR Committee approved the award based on a recommendation from Mr. Kum after reviewing contributions to Hanmi during 2016. The CHR Committee also noted that Mr. Santarosa had not received an equity award since 2015 and he did not receive an equity award comparable to the grant made to the other Sr. EVP at the Company. The award size for both NEOs in 2017 was determined based in part on existing equity ownership levels, a review of past grant sizes, competitive market practices, contributions to Hanmi’s 2016 performance results, retention concerns and ownership levels of similarly situated executives at the Company.

On March 27, 2017, Mr. Fuhr received a grant of 10,000 restricted shares, at which our closing price was \$29.55 per share. This grant was made in conjunction with his promotion to CCAO. This was in line with the awards granted to other senior executive officers.

2018 Performance Restricted Stock Grant to Mr. Santarosa

On February 28, 2018, the CHR Committee granted Mr. Santarosa a performance-based restricted stock grant consisting of 32,680 shares of Company common stock intended to cover a multi-year period.

Mr. Santarosa’s grant contained substantially the same terms as are applicable to the above grants to Mr. Kum and Ms. Lee, except that the performance period runs from fiscal year 2018 through fiscal year 2021.

Additional Compensation Elements

Employment Agreements

On April 27, 2017, Hanmi Financial Corporation and its wholly owned subsidiary, Hanmi Bank, (collectively, the Company), entered into a new employment agreement with Mr. Kum, (the Employment Agreement). The Employment Agreement supersedes and replaces the employment agreement between the Company and Mr. Kum, dated as of May 24, 2013. The terms of his employment agreement are described below.

TERM: The Employment Agreement provides for a term that commences on April 27, 2017 and ending on June 12, 2020 (unless earlier terminated by either party), subject to automatic renewal for successive one-year periods unless either party provides notice of non-renewal prior to the expiration of the then-current term.

COMPENSATION: Annual base salary of \$610,000, which may be increased, but not decreased, in the sole discretion of the Board, and under the terms of his employment agreement, Mr. Kum is eligible to receive an annual bonus capped at 100% of his annual base salary. Mr. Kum’s annual bonus, which is to be paid in cash and/or equity, is generally dependent on the attainment of certain financial goals set by the CHR Committee. See *Short-Term Cash Incentive Compensation* above for a description of the 2017 goals. Under the Employment Agreement, Mr. Kum is entitled to participate in employee benefit plans for which he may be eligible and will receive certain perquisites, including the use of a company car, payment of country club dues, Company-provided welfare benefits and personal life insurance, and 20 days of paid vacation annually. In addition, the Company provides for Mr. Kum’s term life

insurance coverage premium for \$1,000,000 during the term of the employment agreement.

TERMINATION WITHOUT CAUSE OR FOR GOOD REASON: The Employment Agreement provides that if Mr. Kum's employment is terminated either by the Company without cause or by him for good reason, in either case, other than within 18 months following a change in control, and subject to Mr. Kum's execution of a general release of claims, Mr. Kum will be entitled to receive the following severance payments and benefits: (i) continued

TABLE OF CONTENTS

payment of his then-current annual base salary for 12 months following the date of termination, (ii) a lump-sum payment of an amount equal to the pro-rated portion of his prior year's annual bonus based on the number of days worked during the year of termination, (iii) accelerated vesting of any then-unvested time-based equity awards held by Mr. Kum with respect to the portion that would have vested if Mr. Kum's employment had continued for one year following the date of termination, and (iv) continued health insurance benefits at the Company's expense under COBRA for up to 18 months or a monthly cash payment in lieu thereof.

TERMINATION IN CONNECTION WITH A CHANGE IN CONTROL: If, within 18 months following a change in control, Mr. Kum's employment with the Company is terminated either by the Company without cause or by him for good reason, and subject to Mr. Kum's execution of a general release of claims, Mr. Kum will be entitled to receive the following severance payments and benefits: (i) a lump sum payment of an amount equal to two and one-half times the sum of his then-current annual base salary and his then-maximum annual bonus (which is at target under the AIP), (ii) fully accelerated vesting of any then-unvested time-based equity awards held by Mr. Kum, and (iii) continued health insurance benefits at the Company's expense under COBRA for up to 18 months, or a monthly cash payment in lieu thereof.

TERMINATION DUE TO DEATH OR DISABILITY: If Mr. Kum's employment terminates due to his death or disability, then he or his estate, as applicable, will be entitled to receive a lump-sum payment of an amount equal to the pro-rated portion of his prior year's annual bonus based on the number of days worked during the year of termination and accelerated vesting of any then-unvested time-based equity awards held by Mr. Kum with respect to the portion that would have vested if Mr. Kum's employment had continued for one year following the date of termination.

CHANGE IN CONTROL: In the event of any change in control of the Company, all of Mr. Kum's time-vesting equity awards will fully vest and performance-vesting equity awards will be treated in accordance with the terms of the plan document and applicable award agreements.

Mr. Kum remains subject to the confidentiality, non-solicitation and other covenants included in his restrictive covenant agreements with the Company and the non-disparagement covenant set forth in the Employment Agreement. In addition, if any payments or benefits provided to Mr. Kum in connection with a change in control are subject to excise taxes as a result of the application of Sections 280G and 4999 of the Internal Revenue Code, such payments and benefits will be reduced so that no excise tax is payable, but only if this reduction results in a more favorable after-tax position for him.

Other Executives

In February 2018, Hanmi entered into employment agreements with Senior Executive Vice-Presidents Bonita I. Lee and Romolo C. Santarosa, under which each will report directly to the CEO of the Company. The material terms of these agreements are discussed below.

TERM: The agreements each provide for a three-year term commencing (retroactively) on November 1, 2017 and ending on October 31, 2020 (unless earlier terminated by either party), subject to automatic renewal.

COMPENSATION: The annual base salary of Ms. Lee and Mr. Santarosa is \$352,000 and \$320,000, respectively, and may be increased, but not decreased (except in limited circumstances set forth in the employment agreements) by the Board, based on the recommendation of the CHR Committee. Each executive is also entitled to participate in employee benefit plans for which she or he may be eligible and fringe benefits to which the Company's senior executives are entitled.

TERMINATION PAYMENTS: The terms of Ms. Lee's and Mr. Santarosa's employment agreements regarding severance payments are the same as the terms and payment formulas available to Mr. Kum's under his Employment Agreement under each of the termination events discussed above.

CHANGE IN CONTROL: In the event of a change in control of the Company, each executive's time-vested equity awards will fully vest and performance-vesting equity awards will be treated in accordance with the terms of the plan document and award agreements.

Ms. Lee and Mr. Santarosa also remain subject to the confidentiality, non-solicitation and other covenants included in their restrictive covenant agreements with the Company and the non-disparagement covenant set forth in their employment agreements. In addition, if any payments or benefits provided to either executive in connection with a

change in control are subject to excise taxes as a result of the application of Sections 280G and 4999 of the Internal Revenue Code, such payments and benefits will be reduced so that no excise tax is payable, but only if this reduction results in a more favorable after-tax position for the executive.

All other executives are employed at-will, and Hanmi does not provide any right to additional payments or benefits in the event of a termination of employment or a change in control of Hanmi, except that the stock awards, other than those held by Mr. Kum and Ms. Lee granted in February 2016, held by executives will automatically vest upon a change in control as defined in the grant agreement.

Executive Perquisites

Our NEOs receive the following benefits in addition to their other compensation: 401(k) matching contributions, cellular phone allowance, automobile allowance, gas allowance, bank-owned life insurance BOLI and gift cards for the holidays or graduation of a dependent. Mr. Santarosa receives a membership to an athletic club. Mr. Kum also receives a membership to a country club, company provided welfare benefits, the use of a company car and cell phone, in lieu of an automobile and cell phone allowance, and \$1,000,000 of additional term life insurance. These benefits are detailed in the *Summary Compensation Table*.

Broad-Based Benefits Programs

Our NEOs participate in the benefit programs that are available to all full-time employees. These benefits include health, dental, vision, life insurance, short-term and long-term disability insurance, healthcare reimbursement accounts, paid vacation, contributions to a 401(k) profit sharing retirement plan, and a year of service award consisting of a grant of fully vested shares of Company stock upon achieving certain years of service milestones with the Company.

Other Compensation Considerations

Pledging and Hedging Policies

Directors and NEOs are not allowed to enter into hedging and pledging transactions, including the use of margin accounts with the Company's common stock held individually or in a trust controlled by such individual.

Clawback Policy

We have implemented a clawback policy consistent with the requirements of Section 304 of the Sarbanes-Oxley Act which mandates the recovery of incentive awards that would not have otherwise been paid in the event we are required to restate our financial statements due to noncompliance with any financial reporting requirements as a result of misconduct. In that case, the CEO and CFO must reimburse us for: (1) any bonus or other incentive, or equity-based compensation received during the 12 months following the first public issuance or filing with the SEC (whichever first occurs) of the non-complying document; and (2) any profits realized from the sale of our securities during those 12 months. Section 954 of the Dodd-Frank Act requires the SEC to direct national securities exchanges to prohibit the listing of any security that fails to adopt a compliant clawback policy for any current or former executive officer if the Company is required to file a financial restatement as a result of material noncompliance with applicable securities laws. This clawback applies to incentive-based compensation during the three-year period preceding the date on which the issuer is required to prepare an accounting restatement, based on the erroneous data, in excess of what would have been paid to the executive officer under the accounting restatement. The NASDAQ Stock Market has not yet promulgated final rules implementing Section 954 of the Dodd-Frank Act.

In addition, on March 28, 2018, the CHR Committee adopted a more broad-based clawback policy that applies to all executive officers. Under the Company's clawback policy, the Company will clawback any cash or equity incentive compensation payments or awards to the extent such payments or awards were made or determined during the one-year period preceding the date on which the Company determines it has materially inaccurate financial statements or any other materially inaccurate performance metric criteria and the amount of incentive compensation, as calculated under the restated financial results, is less than the amount actually paid or awarded under the original financial results (i.e., the excess incentive compensation). The policy provides that the clawback could be effected through any of the following methods, reimbursement of the pre-tax amount of the excess incentive compensation, cancellation of outstanding equity awards that constitute excess incentive compensation or reimbursement of any gains realized in the exercise of stock options, vesting of or open market sales of restricted stock, restricted stock units or other equity awards granted that are attributable to the excess incentive compensation.

TABLE OF CONTENTS

Stock Ownership Guidelines

The CHR Committee adopted the following stock ownership guidelines for the CEO, the COO and the CFO. The CEO is required to hold shares of the Company's common stock valued at five times (5x) his base salary and the COO and CFO are each required to hold shares of the Company's common stock valued at one and one-half times (1.5x) their base salary. This goal must be obtained within five years from March 28, 2018, the date the guidelines were approved by the CHR Committee. Once the guidelines are met, if the stock price decreases, the executive will not be required to acquire additional shares. Until the stock ownership guidelines are met, an executive will be required to retain at least 50% of the shares granted to him or her by the Company (50% of the shares granted may be used to satisfy tax withholding requirements).

Compensation Policy Risk Assessment

The CHR Committee reviews the compensation of our NEOs, as well as the overall compensation practices for the organization. Performance incentive programs and the budgeting for annual salary adjustments are reviewed and approved by the CHR Committee for all NEOs, with the exception of the CEO, whose compensation is reviewed and approved by the CHR Committee and subsequently presented to our full Board for ratification. An important aspect of the review is an assessment of whether the programs in any way encourage our NEOs or any other employee of Hanmi to take unacceptable risk, in the short or long term.

Upon due consideration of these items, the CHR Committee believes that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on its business or operations.

TAX DEDUCTIBILITY OF EXECUTIVE OFFICER COMPENSATION

Under Section 162(m) of the Code, deductible compensation is limited to \$1 million per year for each executive officer listed in the summary compensation table (a "covered employee"), other than the CFO. For tax years prior to January 1, 2018, compensation that was considered "qualified performance-based compensation" was exempt from this limit. The Tax Cuts and Jobs Act (the "Act") enacted on December 22, 2017 significantly modified 162(m) and eliminated the "qualified performance-based compensation" exception for tax years commencing after December 31, 2017. In addition, the Act expands the definition of covered employees subject to \$1 million deduction limit to include the CFO as well as any employee (or former employee) who has been designated a covered employee for any fiscal year beginning after December 31, 2016. Certain compensation payable pursuant to a written binding contract in effect as of November 2, 2017, if the binding contract is not modified in any material respect, is "grandfathered" and not subject to the revisions to 162(m).

Prior to January 1, 2018, the CHR Committee has considered the impact of Section 162(m) in determining the appropriate pay mix and compensation levels for our NEOs. Now that the qualified performance-based compensation exception is generally no longer available, the CHR Committee may determine to award compensation that exceeds the deductibility limit under 162(m) or otherwise pay non-deductible compensation when it believes that other considerations outweigh the tax deductibility of compensation.

The Company accounts for stock-based compensation in accordance with FASB ASC Topic 718, which requires the Company to recognize compensation expense for share-based payments (including restricted stock and stock options). The CHR Committee takes into account the impact of FASB ASC Topic 718 in connection with grants of long-term incentive awards.

accelerated vesting of certain equity awards for Mr. Kum upon a change in control during the taxable year ended December 31, 2017. During the 2017 calendar year, we had not entered into employment agreements or severance arrangements with any of the NEOs other than Mr. Kum. For additional information, see *Compensation Discussion and Analysis – Additional Compensation Elements – Employment Agreements* section above.

2016 Performance Restricted Stock Grants. In the event that a change in control of the Company occurs during Mr. Kum and Ms. Lee's service, the shares of restricted stock eligible to vest in that period based on actual achievement of performance measures measured through the date of the change in control will become fully vested, and any shares applicable to future periods not yet commenced will be forfeited. If the executive's employment is terminated by the Company without cause or by the executive for good reason (as those terms are defined under the terms of the awards), the shares of restricted stock eligible to vest in that period based on actual achievement of performance measures measured through the employment termination date will become fully vested, and any shares applicable to future periods not yet commenced will be forfeited.

TABLE OF CONTENTS

The amount shown is equal to the number of shares subject to unvested stock options that would experience (1) accelerated vesting upon a change in control, multiplied by the difference between the exercise price per share of the option and \$30.35, the closing price of our Common Stock on December 29, 2017.

The amount shown is equal to the number of shares of restricted stock that would experience accelerated vesting upon a change in control or termination of employment (as applicable), multiplied by \$30.35, the closing price of (2) our Common Stock on December 29, 2017. The value of accelerated vesting of Performance Restricted Stock awards held by Mr. Kum and Ms. Lee is calculated assuming that the performance measures are achieved at the target levels on outstanding awards.

(3) The performance-based restricted stock awards held by Mr. Kum and Ms. Lee are subject to accelerated vesting upon termination without cause or resignation for good reason.

(4) Mr. Kum's employment agreement provides for payment of certain benefits in the event of various termination scenarios.

Termination Without Cause or For Good Reason: Mr. Kum is entitled to payment of his then-current base salary for one year, the pro-rated portion of his prior year's bonus based on the number of days worked during the year of termination (which is \$675,000), accelerated vesting of any then-unvested time-based equity awards held by Mr. Kum with respect to the portion that would have vested if Mr. Kum's employment had continued for one year following the date of termination, with performance awards vesting subject to their award agreement terms, and reimbursement for COBRA payments for a period of 18 months.

Termination in Connection with a Change in Control: If Mr. Kum's employment is terminated by us without cause or by him for good reason, in either case, within 18 months of a change in control, he is entitled to receive a lump-sum payment in an amount equal to two and a half times the sum of (a) his then current base salary and (b) the then-maximum annual bonus amount, and reimbursement for COBRA payments for a period of 18 months and accelerated vesting of all time vested shares, with performance vested shares vesting subject to the terms of their award agreement.

Death or Disability: Mr. Kum or his estate, as applicable, is entitled to a pro-rated portion of the prior year's bonus based on the number days worked during the year of termination. Mr. Kum has \$1,000,000 in personal life insurance coverage provided by the Company, in addition to insurance coverage of \$150,000 which is provided to all employees. Additionally, accelerated vesting of any then-unvested time-based equity awards held by Mr. Kum with respect to the portion that would have vested if Mr. Kum's employment had continued for one year following the date of termination, with performance awards vesting subject to their award agreement terms.

In addition, Mr. Kum's employment agreement provides that in the event of a change in control, all of Mr. Kum's time-based equity awards will fully and automatically vest, while performance equity will vest subject to the terms of the award agreement.

(5) All full-time employees of the Company and the Bank are entitled to death benefits of \$150,000.

CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Act, and Item 402(u) of Regulation S-K, we are providing the following information:

For 2017:

The median of the annual total compensation of all employees of our company (other than our CEO), was \$61,305 and

The annual total compensation of Mr. Kum, our President and CEO was \$1,346,558

Based on this information, the ratio for 2017 of the annual total compensation of our President and CEO to the median of the annual total compensation of all employees is 22 to 1.

We completed the following steps to identify the median of the annual total compensation of all our employees and to determine the annual total compensation of our median employee and President and CEO:

- As of December 31, 2017, our employee population consisted of approximately 645 employees, including any full-time, part-time, temporary, or seasonal employees employed on that date.

To find the median of the annual total compensation of our employees (other than our CEO), we used wages from our payroll records as reported to the Internal Revenue Service on Form W-2 for fiscal 2017. In making this determination, we annualized compensation for full-time and part-time permanent employees who were employed on December 31, 2017, but did not work for us the entire year. No full-time equivalent adjustments were made for part-time employees.

We identified our median employee using this compensation measure and methodology, which was consistently applied to all our employees included in the calculation.

After identifying the median employee, we added together all of the elements of such employee's compensation for 2017 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$61,305.

With respect to the annual total compensation of our CEO, we used the amount reported in the Total column of our 2017 *Summary Compensation Table*, which is also in accordance with the requirements of Item 402(c)(2)(x).

PROPOSAL NO. 2

**NON-BINDING ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION
(SAY-ON-PAY VOTE)**

The Company believes that our overall executive compensation program, as described in this Proxy Statement, is designed to pay for performance and directly aligns the interest of our executive officers with the long-term interests of our stockholders. Our stockholders have the opportunity to vote to approve, on a non-binding advisory basis, the compensation of our NEO s as disclosed in this Proxy Statement in accordance with the SEC s rules

VOTING AND EFFECT OF VOTE

Because your vote is advisory, it will not be binding upon the Board. In the event this nonbinding proposal is not approved by our stockholders, then such a vote will neither be construed as overruling a decision by our Board or our CHR Committee, nor create or imply any additional fiduciary duty by our Board or our CHR Committee, nor further will such a vote be construed to restrict or limit the ability of our stockholders to make proposals for inclusion in proxy materials related to executive compensation. Notwithstanding the foregoing, the Board of Directors and the CHR Committee will consider the nonbinding vote of our stockholders on this proposal when reviewing compensation policies and practices in the future.

BOARD RECOMMENDATION

Our overall executive compensation policies and procedures are described in the *Compensation Discussion and Analysis* and the tabular disclosure regarding NEO compensation (together with the accompanying narrative disclosure) in this Proxy Statement. We believe that going forward, our compensation policies and procedures will be centered on a pay-for-performance culture and are aligned with the long-term interests of our stockholders, as described in the *Compensation Discussion and Analysis*. The CHR Committee, which is comprised entirely of independent directors, oversees our executive compensation program and continually monitors our policies to ensure they continue to emphasize programs that reward executives for results that are consistent with stockholder interests.

Stockholders are encouraged to carefully review the *Compensation Discussion and Analysis* section of this Proxy Statement for a detailed discussion of the Company s executive compensation program. Our Board and our CHR Committee believe that our commitment to these responsible compensation practices justifies a vote by stockholders FOR the following resolution approving the compensation of our executive:

Resolved, that the stockholders of Hanmi Financial Corporation (Hanmi) hereby approve the compensation of our Named Executive Officers pursuant to Item 402 of Regulation S-K, as described in the Compensation Discussion and Analysis, the executive compensation tables and narrative discussion contained in the Proxy Statement.

PROPOSAL NO. 3

RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We are asking our stockholders to ratify the appointment by the Audit Committee of KPMG LLP (KPMG) as our independent registered public accounting firm for the fiscal year ending December 31, 2018. KPMG served as our independent registered public accounting firm for the fiscal year ended December 31, 2017, and has served as our independent registered public accounting firm since 2001. KPMG has advised us that it has no direct or indirect financial interest in us. Representatives of KPMG are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. It is also expected that they will be available to respond to appropriate questions.

VOTING AND EFFECT OF VOTE

Under applicable SEC regulations, the selection of our independent registered public accounting firm is solely the responsibility of the Audit Committee. Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of KPMG as the Company's independent registered public accounting firm. However, we are submitting the selection of KPMG to our stockholders for ratification to obtain our stockholders' views. If our stockholders fail to ratify the selection of KPMG, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection of KPMG is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in our and our stockholders' best interests.

BOARD RECOMMENDATION

The Board considers the selection of KPMG as our independent registered public accounting firm to be in the best interests of Hanmi and our stockholders.

OUR BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2018

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee has established Pre-Approval Policies and Procedures for independent auditor services. Any proposed services not pre-approved or exceeding pre-approved cost levels require specific pre-approval by the Audit Committee. The Audit Committee may not delegate to management its responsibilities to pre-approve services performed by the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. In 2017 and 2016, the Audit Committee Chairperson was permitted to approve fees up to \$25,000 with the requirement that any pre-approved decisions be reported to the Audit Committee at its next scheduled meeting. All services provided by KPMG in 2017 and 2016 were pre-approved in accordance with the Audit Committee's pre-approval requirements.

AUDIT COMMITTEE REPORT

The following Audit Committee Report is not deemed to be soliciting material or to be filed with the SEC or subject to the SEC's proxy rules or the liabilities of Section 18 of the Exchange Act and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act or the Exchange Act, except to the extent the Company specifically incorporates this Audit Committee Report therein.

In performing its functions, the Audit Committee in 2017 met and held discussions with management and with KPMG, the independent auditor for the Company and its wholly-owned subsidiary, Hanmi Bank. Management represented to the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has:

- Reviewed and discussed the audited financial statements with management;
- Discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard 1301 of the Public Company Accounting Oversight Board (the PCAOB);
- Received a statement of the registered public accounting firm's independence required by the PCAOB. The Audit Committee discussed any relationships that may impact the objectivity and independence of KPMG, and satisfied itself as to their independence; and
- Reviewed and discussed KPMG's assistance related to loan review, alternative audit procedures and general audit support.

In performing these functions, the Audit Committee acts only in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm that, in its report, expresses an opinion on the conformity of the Company's financial statements with U.S. generally accepted accounting principles. The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal control over financial reporting designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions with management and the independent registered public accounting firm do not assure that the Company's financial statements are presented in accordance with U.S. generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (United States) or that the Company's independent registered public accounting firm is independent.

Based on these discussions and reviews, the Company's Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the SEC.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review, Approval or Ratification of Transactions with Related Persons

Hanmi has adopted a Code of Business Conduct and Ethics, which governs the review and approval of transactions with related persons. This policy requires that executive officers, Directors, five-percent (5%) stockholders, and their family members and entities for which any of those persons serve as officers or partners or in which they have a ten percent (10%) or greater interest, must notify Hanmi's Corporate Secretary before entering into transactions or other arrangements with Hanmi or any of its affiliates (other than loans subject to Regulation O promulgated by the Board of Governors of the Federal Reserve System such as loans exceeding \$25,000). Hanmi's Corporate Secretary will determine whether, under these guidelines, the transaction or arrangement should be submitted to the Audit Committee for review and approval. In determining whether to submit proposed transactions to the Audit Committee for consideration, Hanmi's Corporate Secretary will consider, among other things, the aggregate value of the proposed transaction and whether the related person has an indirect or direct material interest in the transaction. The Audit Committee will review all relevant material information and consider, among other things, the benefits to Hanmi of the proposed transaction, and whether the terms of the proposed transaction are comparable to the terms available to an unrelated third party and employees generally. These policies also include provisions for the review and possible ratification of transactions and arrangements that are entered into without prior review.

The Bank did not enter into any related-party transactions that required review, approval, or ratification under these policies in 2017.

Transactions with Related Persons

Some of Hanmi's Directors and executive officers and their immediate families, as well as the companies with which they are associated, are customers of, or have had banking transactions with, Hanmi or Hanmi Bank in the ordinary course of Hanmi's business, and Hanmi expects to have banking transactions with such persons in the future. There is no amount of indebtedness owed to Hanmi or Hanmi Bank by the principal officers (considered Regulation O Officers) and current Directors of Hanmi (including associated companies) as of December 31, 2017, other than an SBA loan made to Christie K. Chu and a family member in 2008 which was a term loan to business, made on arms-length terms before her 2015 appointment to our Boards. If credit was to be extended to a Regulation O Officer or a Director, in management's opinion, all loans and commitments to lend included in such transactions would be made in the ordinary course of business, in compliance with applicable laws on substantially the same terms, including interest rates and collateral, as those prevailing for comparable transactions with other persons of similar creditworthiness and would not involve more than a normal risk of repayment or present other unfavorable features.
