VICOM, INCORPORATED AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)
MARCH 31, 2004 and 2003

NOTE 1 - UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

The information furnished in this report is unaudited and reflects all adjustments which are normal recurring adjustments and, which in the opinion of management, are necessary to fairly present the operating results for the interim periods. The operating results for the interim periods presented are not necessarily indicative of the operating results to be expected for the full fiscal year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenues and Cost Recognition

Vicom, Inc. and subsidiaries (the Company) earns revenues from five sources: 1) Video and computer technology products which are sold but not installed, 2) Voice, video and data communication products which are sold and installed, 3) Service revenues related to communication products which are sold and both installed and not installed, 4) MultiBand user charges to multiple dwelling units, and 5) MB USA user charges to timeshares.

Revenues from video and computer technology products, which are sold but not installed, are recognized when delivered and the customer has accepted the terms and has the ability to fulfill the terms. Product returns and customer discounts are netted against revenues.

Customer contracts for both the purchase and installation of voice and data networking technology products and certain video technologies products on one

Edgar Filing: VICOM INC - Form 10-Q

sales agreement, as installation of the product is essential to the functionality of the product. Revenues are recognized when the products are delivered and installed, and the customer has accepted the terms and has the ability to fulfill the terms.

Service revenues related to technology products including consulting, training and support are recognized when the services are provided. Service revenues are expected to account for less than 10% of total revenues for the year ending December 31, 2004. Service revenues were less than 10% of total revenues for the year ended December 31, 2003. The Company, if the customer elects, enters into equipment maintenance agreements for products sold once the original manufacturer's warranty has expired. Revenues from all equipment maintenance agreements are recognized on a straight-line basis over the terms of each contract. Costs for services are expensed as incurred.

MultiBand and MBUSA user charges are recognized as revenues in the period the related services are provided.

Warranty costs incurred on new product sales are substantially reimbursed by the equipment suppliers.

Intangible Assets

The Company amortizes a domain name acquired during the year ended December 31, 2001 over its estimated useful life of five years using the straight-line method. The Company amortizes access contracts over the estimate useful of three years using the straight-line method. The Company began amortizing the customer cable lists over two to five years effective January 1, 2004.

Amortization of intangible assets was \$91,454 and \$8,732 for the three months ended March 31, 2004 and 2003, respectively. Estimated amortization expense of intangible assets for the years ending December 31, 2004, 2005, 2006, 2007, and 2008 is \$302,473, \$359,216, \$91,314, \$57,000 and \$57,000, respectively.

Goodwill

Goodwill represents the excess of acquisition costs over the fair value of identifiable net assets acquired and was originally amortized using the straight-line method over ten years. Due to changes in accounting standards, the

5

carrying value of goodwill is now reviewed annually to see if the facts and circumstances suggest that it may be impaired. If the review indicates that goodwill will not be recoverable, as determined based on the undiscounted cash flows of the assets acquired over the remaining amortization period, the Company's carrying value of goodwill is reduced by the estimated shortfall of cash flows. The Company did not record any impairment charges related to goodwill during the three months ended March 31, 2004 and 2003.

Stock-Based Compensation

In accordance with Accounting Principles Board (APB) Opinion No. 25 and related interpretations, the Company uses the intrinsic value-based method for measuring stock-based compensation cost which measures compensation cost as the excess, if any, of the quoted market price of the Company's common stock at the grant date over the amount the employee must pay for the stock. The Company's general policy is to grant stock options at fair value at the date of grant.

Pursuant to APB No. 25 and related interpretations, \$112,641 and \$120,190 of compensation cost has been recognized in the accompanying consolidated statements of operations for the three months ended March 31, 2004 and 2003, respectively. Had compensation cost been recognized based on the fair values of

Edgar Filing: VICOM INC - Form 10-Q

options at the grant dates consistent with the provisions of Statements of Financial Accounting Standards (SFAS) No. 123 "Accounting for Stock-Based Compensation", the Company's net loss and loss attributable to common stockholders and basic and diluted loss per common share would have been increased to the pro forma amounts:

	Three Months Ended March 31	
	2004	2003
Loss attributable to common stockholders	\$ (1,579,517)	\$ (1,022,590)
Pro forma loss attributable to common shares	\$ (1,708,825)	\$ (1,433,587)
Basic and diluted net loss per share:		
As reported	\$ (0.08)	\$ (0.08)
Pro forma loss attributable to common shares	\$ (0.09)	\$ (0.11)
Stock-based compensation:		
As reported	\$ 112,641	\$ 120,190
Proforma	\$ 129,308	\$ 410,997

In determining the compensation cost of the options granted during the three months ended March 31, 2004 and 2003, as specified by SFAS No. 123, the fair value of each option grant has been estimated on the date of grant using the Black-Scholes option pricing model and the weighted average assumptions used in these calculations are summarized as follows for March 31:

	2004	2003
Risk-free interest rate	3.50%	3.00%
Expected life of options granted	10 years	10 years
Expected volatility range	184%	170%
Expected dividend yield	0%	0%

Net Loss per Share

Basic net loss per common share is computed by dividing the loss attributable to common stockholders by the weighted average number of common shares outstanding

6

for the reporting period. Diluted net loss per common share is computed by dividing loss attributable to common stockholders by the sum of the weighted average number of common shares outstanding plus all additional common stock that would have been outstanding if potentially dilutive common shares related to common share equivalents (stock options, stock warrants, convertible preferred shares, and issued but not outstanding restricted stock) had been issued. All options, warrants, convertible preferred shares, and issued but not outstanding restricted stock during the three months ended March 31, 2004 and 2003 were anti-dilutive.

NOTE 3 - LIQUIDITY

The accompanying consolidated financial statements have been prepared assuming the Company will continue as a going concern that contemplates the realization of assets and satisfaction of liabilities in the normal course of business. For the three months ended March 31, 2004 and 2003, the Company incurred net losses of \$1,516,864 and \$966,119, respectively. At March 31, 2004, the Company had an accumulated deficit of \$35,909,709. The Company's ability to continue as a going concern is dependent on it ultimately achieving profitability and/or raising additional capital. Management intends to obtain additional debt or equity

Edgar Filing: VICOM INC - Form 10-Q

capital to meet all of its existing cash obligations and fund commitments on planned MultiBand projects however, there can be no assurance that the sources will be available or available on terms favorable to the Company. Management anticipates that the impact of the actions listed below, will generate sufficient cash flows to pay current liabilities, long-term debt and capital lease obligations and fund the Company's future operations:

1. Continued reduction of operating expenses by controlling payroll, professional fees and other general and administrative expenses.
2. Solicit additional equity investment in the Company by either issuing preferred or common stock.
3. Continue to market MultiBand services and acquire additional multi-dwelling unit customers.
4. Control capital expenditures by contracting MultiBand services and equipment through a landlord-owned equipment program.
5. Establish market for wireless internet services.

NOTE 4 - STOCK WARRANTS

Stock warrants activity is as follows for the three months ended March 31, 2004:

	NUMBER OF WARRANTS	WEIGHTED AVERAGE EXERCISE PRICE
	-----	-----
WARRANTS OUTSTANDING - DECEMBER 31, 2003	7,421,874	1.87
GRANTED	0	0
CANCELED OR EXPIRED	0	0
EXERCISED	0	0
	-----	-----
WARRANTS OUTSTANDING - MARCH 31, 2004	7,421,874	1.87
	=====	=====

There were no warrants granted during the three months ended March 31, 2004.

NOTE 5 - BUSINESS SEGMENTS

Following is Company business segment information for the three months ended March 31, 2004 and 2003

7

	Vicom	Multiband Business Services	Multiband Consumer Services	Total
	-----	-----	-----	-----

Depreciation and amortization	11,725	106,944	95,463	214,13
Capital expenditures	0	36,645	55,640	92,28

NOTE 6 - RELATED PARTIES

The Company had revenues from companies that are associated with a director, who was elected to the board of directors during 2003, of approximately \$0 and \$17,000 for the months ended March 31, 2004 and 2003, respectively. In addition, the Company had accounts receivable outstanding from these companies of approximately \$139,000 and \$142,000 at March 31, 2004 and 2003, respectively.

NOTE 7- ACQUISITIONS

In January 2004, the Company purchased the remaining 50% ownership in its Multiband USA, Inc, subsidiary, previously owned by Pace Telecommunications (Pace) for 30,000 shares of Vicom, Inc. common stock valued at \$39,000.

On January 1, 2004, the Company entered into a stock purchase agreement with URON, Inc. (URON) to purchase all of the outstanding capital stock of URON for a total purchase price of 350,000 shares of the Company's common stock to be issued in installments as follows: a) 180,000 shares issued at closing, b) 170,000 shares held in escrow. The common shares were valued at fair market value on the date of agreement which was \$1.31 per share for a purchase price of \$458,500. The terms of the escrow are as follows: 50,000 shares to be released upon URON providing the Company with documentation satisfactory to the Company of a release from a certain vendor or any related entity of all liabilities incurred to a certain vendor by URON; 120 shares to be released in 40,000 share increments upon the Company's receipt of distributable gross profits, generated by certain customers, in increments of \$75,000 cash. The escrow shall be terminated 24 months after the date of the agreement and any shares not released will be rescinded to the Company. The Company must register all shares issued within one year from the date of issuance. The reason for the purchase of URON is to continue to expand the Company's services related to voice, data, and video services. The Company is acquiring the customer lists of URON and is amortizing them over their estimated useful lives of two years.

The following unaudited pro forma condensed results of operations for the three months ended March 31, 2004 and 2003 give effect to the acquisition of URON as if such transactions had occurred on January 31, 2003.

8

The unaudited pro forma information does not purport to represent what the Company's results of operations would actually have been if such transactions in fact had occurred at such date or to project the Company's results of future operations.

PROFORMA

	For the three months ended 3/31/04	Proforma For the three months ended 3/31/2003

Weighted Average Shares Outstanding - Basic and diluted		19,280,632		13,768,333

NOTE 8 - SUBSEQUENT EVENTS

In April 2004, the Company purchased certain assets consisting of data and video subscribers and systems from Satellite Broadcasting Corporation and affiliates. The total purchase price for said assets was approximately \$645,000.

In April 2004, the Company purchased Minnesota Digital Universe, Inc (MDU) for approximately \$7.7 million, half of which was paid in 2,000,000 Vicom, Inc., common stock, valued at \$3,500,000, \$1 million in cash and the balance in notes payable due quarterly in three quarterly payments starting in July 2004 with the total liability due by January 2005. With this acquisition, the Company purchased an agency agreement which the Company intends to amortize over a period of 73 months. MDU is a nationwide agent for DirecTV. MDU services nearly 40,000 video subscribers through a network of private cable operators spread across the United States. The Company believes this purchase will strengthen its overall position in the multi-dwelling unit marketplace by forming a direct relationship with DirecTV and by allowing the Company to develop new alliances and potential sales and marketing relationships with the aforementioned network of operators. The purchase also permits the Company to receive ongoing residual payments from DirecTV during the term of the master system operator agreement with DirecTV, which initially had approximately twenty five months remaining at the time of purchase. Proforma information with regards to this transaction was not available as of March 31, 2004.

FORWARD-LOOKING STATEMENTS

From time to time, the Company may publish forward-looking statements relating to such matters as anticipated financial performance, business prospects, product pricing, management for growth, integration of acquisitions, technological developments, new products, and similar matters. The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements including those made in this statement. In order to comply with the terms of the Private Securities Litigation Reform Act, the Company notes that a variety of factors could cause the Company's actual results and experience to differ materially from the anticipated results or Company's forward-looking statements.

9

The risks and uncertainties that may affect the operations, performance, developments and results of the Company's business include the following: national and regional economic conditions; pending and future legislation affecting IT and telecommunications industries; market acceptance of the Company's products and services; the Company's products and services; the Company's continued ability to provide integrated communication solutions for customers in a dynamic industry; and other competitive factors.

Because these and other factors could affect the Company's operating results, past financial performance should not necessarily be considered as a reliable indicator of future performance and anticipated future period results.

Edgar Filing: VICOM INC - Form 10-Q

10

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION

GENERAL

Vicom, Incorporated (Vicom) is a Minnesota corporation formed in September 1975. Vicom has two operating divisions: 1) Multiband Business Services (MBS, legally known as Corporate Technologies, USA, Inc dba Multiband), And Multiband Consumer Services (MCS), which encompasses the wholly owned subsidiary corporations, Multiband USA, Inc., URON, Inc. and Minnesota Digital Universe, Inc.

Vicom completed an initial public offering in June 1984. In November 1992, Vicom became a non-reporting company under the Securities Exchange Act of 1934. In July 2000, Vicom regained its reporting company status. In December, 2000, Vicom stock began trading on the NASDAQ stock exchange under the symbol VICM.

Vicom's website is located at: www.vicominc.net .

As of March 31, 2004, MBS was providing telephone equipment and service to approximately 800 customers, with approximately 17,000 telephones in service. In addition, MBS provided computer products and services to approximately 1,800 customers. Telecommunications systems distributed by MBS are intended to provide users with flexible, cost-effective alternatives as compared to systems available from major telephone companies, including those formerly comprising the Bell System and from other interconnect telephone companies.

MBS provides a full range of voice, data and video communications systems and service, system integrations, training and related communication sales and support activities for commercial, professional and institutional customers, most of which are located in Minnesota and North Dakota. MBS purchases products and equipment from NEC America, Inc. (NEC), Cisco Systems, Inc. (Cisco), Nortel Networks Corp (Nortel), Tadiran Telecommunicaitons, Inc. (Tadiran), and other manufacturers of communications and electronic products and equipment. MBS uses these products to design telecommunications and computer systems to fit its customers' specific needs and demands.

Numbers of Units/Customers

At March 31, 2004, MCS had 10,384 subscribers using its services (1,144 using voice services, 5,735 using video services and 3,505 using internet services).

The following table sets forth, for the period indicated, the gross margin percentages for Corporate Technologies USA, Inc. and MultiBand, Inc.

GROSS MARGIN PERCENTAGES:	THREE MONTHS ENDED	
	MARCH 31, 2004	MARCH 31, 2003
MBS	19.0%	25.2%
MCS	5.3%	1.4%

RESULTS OF OPERATIONS

Revenues

Revenues decreased 2.1% to \$5,747,474 in the quarter ended March 31, 2004, as compared to \$5,871,762 for the quarter ended March 31, 2003.

Revenues for (MBS) decreased 10.1% in the first quarter of fiscal 2004 to \$5,066,929 as compared to \$5,636,642 in the first quarter of fiscal 2003 primarily as a result of reduced spending by a few larger MBS customers. The Company is diversifying its customer base to add medium and small businesses and as a result the Company expects revenues will stabilize in future quarters.

Revenues for MCS increased 189.4% to \$680,545 as compared to \$235,120 in the first quarter of fiscal 2003. This increase is due to expansion of MCS services to eight additional properties and the acquisition of URON cable services. Future expansion of MCS will be primarily through acquisitions financed with cash and equity which are expected to significantly increase quarterly revenues beginning in the second quarter.

Gross Margin

The Company's gross margin decreased 6% or \$162,435 to \$1,398,625 for the quarter ended March 31, 2004 as compared to \$1,561,060 for the similar quarter last year. For the quarter ended March 31, 2003, as a percent of total revenues, gross margin was 24.3% as compared to 26.6% for the similar period last year.

12

Gross margin for MBS decreased by 26.2% to \$1,092,476 for the quarter ended March 31, 2004, as compared to \$1,479,587 in the first quarter of fiscal 2003 due to lower MBS sales and lower profits on those sales.

Gross margin for MCS for the quarter ended March 31, 2004 increased 275.8% to \$306,149 as compared to \$81,473 in the first quarter of fiscal 2003 reflecting on the increase of revenue being billed. The Company expects a slight increase in its gross margin on a consolidated basis going forward due to an increased amount of subscriber revenues contained in the Company's overall revenue mix.

Selling, General and Administrative Expenses

Edgar Filing: VICOM INC - Form 10-Q

Selling, general and administrative expenses increased 16.1% to \$2,596,953 in the quarter ended March 31, 2004, compared to \$2,235,996 in the prior year quarter. This increase is primarily a result of increased expenses related to the addition of multiple properties in the MCS division. Selling, general and administrative expenses were, as a percentage of revenues, 45.2% for the quarter ended March 31, 2004 and 38.1% for the similar period a year ago.

Interest Expense

Interest expense was \$321,377 for the quarter ended March 31, 2004, versus \$225,687 for the similar period a year ago, reflecting an increase in the Company's long term debt. Amortization of original issue discount was \$188,979 and \$114,616 for the three months ended March 31, 2004 and 2003.

Net Loss

In the first quarter of fiscal 2004, the Company incurred a net loss of \$1,516,864 compared to a net loss of \$966,119 for the first fiscal quarter of 2003.

Liquidity and Capital Resources

Available working capital, for the three months ended March 31, 2004 decreased significantly over the similar period last year. Accounts receivable and current portion of long term debt increased, while cash, inventories, accounts payable and accrued liabilities all decreased.

The Company continues to face a very competitive environment in its MBS division which in the first quarter of 2004 produced both declining revenues and margins. The Company's MCS division continues to experience significant growth, primarily due to increased subscriber related recurring revenues acquired via various transactions previously mentioned herein. The Company expects its second quarter operating results to be favorably impacted by acquisitions completed in the first four months of 2004.

The Company, between April 1, 2004 and January 1, 2005, is obligated to pay an additional \$2.85 million to retire the notes payable related to its MDU Inc. acquisition. The Company as of March 31, 2004 did not have available cash on hand sufficient to retire said notes payable. The Company also continued to experience operating losses in the first quarter. Nonetheless, management of Vicom believes that, for the near future, cash generated by sales of stock, and existing credit facilities, in aggregate, are adequate to meet the anticipated liquidity and capital resource requirements of its business. The Company believes the acquisitions completed in the first four months of 2004 will reduce Company operating losses due to anticipated operating income related to said acquisitions. The Company also believes, although it cannot guarantee, that it will, as it has done in prior periods, be able to continue to raise money for the purposes of financing acquisitions. However, significant continuation of the Company's subscriber build-out and subscriber acquisition

programs are highly dependent on securing additional financing for future projects.

Capital Expenditures

The Company used \$39,659 for capital expenditures during the three months ended March 31, 2004, as compared to \$92,285 in the similar period last year. Capital expenditures consisted of equipment acquired for internal use. The Company anticipates that for the current fiscal year capital purchases will

Edgar Filing: VICOM INC - Form 10-Q

remain somewhat consistent with first quarter capital expenditures.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Impairment of Long-Lived Assets

The Company's long-lived assets include property, equipment and leasehold improvements. The estimated fair value of these assets is dependent on the Company's future performance. In assessing for potential impairment for these assets, the Company considers future performance. If these forecasts are not met, the Company may have to record an impairment charge not previously recognized, which may be material. During the three months ended March 31, 2004 and 2003, the Company did not record any impairment losses related to long-lived assets.

Impairment of Goodwill

We periodically evaluate acquired businesses for potential impairment indicators. Our judgements regarding the existence of impairment indicators are based on legal factors, market conditions and operational performance of our acquired businesses. Future events could cause us to conclude that impairment indicators exist and that goodwill associated with our acquired businesses is impaired. Any resulting impairment loss could have a material adverse impact on our financial condition and results of operations. During the three months ended March 31, 2004 and 2003, the Company did not record any impairment losses related to goodwill.

Inventories

We value our inventory at the lower of the actual cost or the current estimated market value of the inventory. We regularly review inventory quantities on hand and record a provision for excess and obsolete inventory. Rapid technological change, frequent new product development, and rapid product obsolescence that could result in an increase in the amount of obsolete inventory quantities on hand characterize our industry.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

Vicom is not subject to any material interest rate risk as any current lending agreements are at a fixed rate of interest.

ITEM 4. CONTROLS AND PROCEDURES

The Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer, and its President and Chief Financial Officer, of the effectiveness of the Company's "disclosure controls and procedures" as of the end of the period covered by this report, pursuant to Rules 13a-15(b) and 15d-15(b) under the Exchange Act. Based upon that evaluation, the Company's Chief Executive Officer and its President and Chief Financial Officer have concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures were effective in timely alerting them to material information relating to the Company required to be included in the Company's periodic SEC filings. However, due to the limited number of Company employees engaged in the authorization, recording, processing and

reporting of transactions, there is inherently a lack of segregation of duties. The Company periodically assesses the cost versus benefit of adding the resources that would remedy or mitigate this situation and currently, does not consider the benefits to outweigh the costs of adding additional staff in light of the limited number of transactions related to the Company's operations.

Edgar Filing: VICOM INC - Form 10-Q

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The Company is involved in legal actions in the ordinary course of business. However, as of March 31, 2004, Vicom was not engaged in any pending legal proceedings where, in the opinion of the Company, the outcome is likely to have a material adverse effect upon the business, operating results and financial condition of the Company.

ITEM 2. ISSUANCE OF COMMON STOCK

In the first quarter of 2004, Vicom Inc. issued common stock in connection with the acquisition of URON and Multiband USA, Inc. as itemized in Note 7 in the condensed footnotes herein.

ITEM 6. EXHIBITS AND REPORTS ON FORM 8-K
