The Herzfeld Caribbean Basin Fund's investment objective is long-term capital appreciation. To achieve its objective, the Fund invests in issuers that are likely, in the Advisor's view, to benefit from economic, political, structural and technological developments in the countries in the Caribbean Basin, which include, among others, Cuba, Jamaica, Trinidad and Tobago, the Bahamas, the Dominican Republic, Barbados, Aruba, Haiti, the Netherlands Antilles, the Commonwealth of Puerto Rico, Mexico, Honduras, Guatemala, Belize, Costa Rica, Panama, Colombia, the United States and Venezuela. The fund invests at least 80% of its total assets in a broad range of securities of issuers including U.S.-based companies, which engage in substantial trade with and derive substantial revenue from operations in the Caribbean Basin Countries.

Thomas J. Herzfeld
Chairman and President

Dear Fellow Shareholders:

I'm pleased to report that our Fund's investments have been doing very well. As of June 30, 2007 the end of our fiscal year, the Fund's net asset value was \$9.77 per share, which represents a gain of 31.08% for the one year period then ended (adjusted for distributions). The Fund's share price closed the fiscal year at \$13.59 per share, up from \$7.57 per share on June 30, 2006 and representing a 94.61% gain for the year (adjusted for distributions). A long-term capital gains distribution of \$1.00 per share was paid in January, 2007 to shareholders of record December 15, 2006.

The Fund traded at a premium to net asset value most of the fiscal year, reflecting strong interest by investors. At the same time, events in the Caribbean, and especially in Cuba, have sparked interest in future investment opportunities in the region.

It is now a little over a year since Fidel Castro went into the hospital and turned over power to his brother Raul. Speculation, both publicly and privately, about Fidel's health as well as the future of Cuba's foreign policy towards the U.S., continues to vary greatly. In my view, any consideration of a change in U.S. policy is likely to take place toward the end of this year, especially if Cuba were to make the first gesture, i.e., release the political prisoners and/or announce plans for free elections.

We continue to position the Fund's portfolio in companies we believe will benefit from resumption of trade with Cuba and we have a very good working list of companies we would add to the portfolio once it appears the embargo will be lifted. In this regard, we believe it would be in the shareholders' best interest to have a larger pool of capital available for investment whenever these opportunities present themselves, rather than be forced to liquidate existing holdings. For this and other reasons, the Board of Directors has approved a rights offering.

=====

Rights Offering

Very shortly you will be receiving information from the Fund regarding a rights offering. A rights offering allows current shareholders to buy additional shares of the Fund at a discount to the average market price of the shares on the expiration date of the offer. The rights will be non-transferable, meaning they cannot be sold and can only be used by shareholders of record to subscribe for new shares. It is expected that one right will be required to subscribe for each new share, and any shares not subscribed for will be made available to other shareholders through an over-subscription privilege. If the subscription price is higher than the Fund's net asset value on the pricing date, the Fund will also have the option of issuing additional new shares to fulfill over-subscription requests.

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSR

Please watch for mailings from the Fund as your response will be required before the expiration of the rights offer in order to participate. The shares issued in connection with the rights offering will be sold by prospectus only. The prospectus contains important information about the Fund including information about its investment objectives, risks, and charges and expenses.

Please read the prospectus carefully before you make your decision. A registration statement relating to the rights offering has been filed with the Securities and Exchange Commission, but has not yet become effective. The statements herein regarding the rights offering shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the securities to be offered in any state in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such state. We are available at 305-271-1900 if you have questions about the offer or how to participate.

Appointment of New Independent Director

I am pleased to announce that Kay W. Tatum, Ph.D., CPA has joined the Fund's Board of Directors as an independent director. Dr. Tatum replaces Albert L. Weintraub who retired from the Board in July at the age of 77. We thank Mr. Weintraub for his dedication to the Fund over the eight years he served on the board.

We are honored to have Dr. Tatum as part of the Board. She is currently Chair and Associate Professor of Accounting at the University of Miami's School of Business Administration. In addition, Dr. Tatum has served on the Public Company Accounting Oversight Board's initial Standing Advisory Group, and was a member of the American Institute of Public Accountant's International Auditing Standards Subcommittee. Her articles on audit-related topics have appeared in the Journal of Accountancy and The CPA Journal. Dr. Tatum is also a contributing author to the book Audit Committees: A Guide for Directors, Management and Consultants.

Notes to Financial Statements

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Related Matters

The Herzfeld Caribbean Basin Fund, Inc. (the "Fund") is a non-diversified,

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSR

closed-end management investment company incorporated under the laws of the State of Maryland on March 10, 1992, and registered under the Investment Company Act of 1940. The Fund commenced investing activities in January 1994. The Fund is listed on the NASDAQ capital market and trades under the symbol "CUBA".

The Fund's investment policy is to invest at least 80% of its assets in investments that are economically tied to Caribbean Basin Countries. The Fund's investment objective is to obtain long-term capital appreciation. The Fund pursues its objective by investing primarily in equity and equity-linked securities of public and private companies, including U.S.-based companies, (i) whose securities are traded principally on a stock exchange in a Caribbean Basin Country or (ii) that have at least 50% of the value of their assets in a Caribbean Basin Country or (iii) that derive at least 50% of their total revenue from operations in a Caribbean Basin Country. The Fund's investment objective is fundamental and may not be changed without the approval of a majority of the Fund's outstanding voting securities.

At June 30, 2007, the Fund had foreign investments in companies operating principally in Mexico and the Cayman Islands representing approximately 21% and 8% of the Fund's net assets, respectively.

The Fund's custodian and transfer agent is State Street Bank & Trust Company ("SSBT"), based in Boston, Massachusetts.

Security Valuation

Investments in securities traded on a national securities exchange (or reported on the NASDAQ national market or capital market) are stated at the last reported sales price on the day of valuation (or at the NASDAQ official closing price); other securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are stated at the last quoted bid price. Restricted securities and other securities for which quotations are not readily available are valued at fair value as determined by the Board of Directors.

In September, 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" (SFAS No. 157). SFAS No. 157 defines fair value, establishes a framework for measuring fair value in

accordance with generally accepted accounting principals and expands disclosure about fair value measurements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007. Management is currently evaluating the impact the adoption of SFAS No. 157 will have on the Fund's financial statement disclosures.

In February, 2007, FASB issued Statement of Financial Accounting Standards No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities - including an amendment of FASB Statement No. 115" (SFAS No. 159). SFAS No. 159 permits entities to elect to measure certain financial assets and liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected will be reported in earnings at each subsequent reporting date. SFAS No. 159 is effective as of the beginning of the first fiscal year that begins after November 15, 2007. Management is currently evaluating the impact the adoption of SFAS No. 159 will have on the Fund's financial statements.

Income Recognition

Security transactions are recorded on the trade date. Gains and losses on securities sold are determined on the basis of identified cost. Dividend income is recognized on the ex-dividend date, or in the case of certain foreign securities, as soon as the Fund is notified, and interest income is recognized on an accrual basis. Pursuant to a custodian agreement, SSBT receives a fee reduced by credits which are determined based on the average daily cash balance the Fund maintains with SSBT. Credit balances used to reduce the Fund's custodian fees for the year ended June 30, 2007, were approximately \$8,927. Discounts and premiums on debt securities purchased are amortized over the life of the respective securities. It is the Fund's practice to include the portion of realized and unrealized gains and losses on investments denominated in foreign currencies as components of realized and unrealized gains and losses on investments and foreign currency.

Deposits with Financial Institutions

The Fund may, during the course of its operations, maintain account balances with financial institutions in excess of federally insured limits.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported

amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The Fund's policy is to continue to comply with the provisions of the Internal Revenue Code that are applicable to regulated investment companies and to distribute all its taxable income to its stockholders. Under these provisions, the Fund is not subject to federal income tax on its taxable income and no federal tax provision is required.

The Fund has adopted a June 30 year-end for federal income tax purposes.

Distributions to Stockholders

Distributions to stockholders are recorded on the ex-dividend date. Income and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America.

FIN 48 clarifies the accounting for uncertainty in income taxes recognized in accordance with FASB Statement No. 109, "Accounting for Income Taxes." This interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Fund is currently evaluating the impact of applying the various provisions of FIN 48.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockbrokers of The Herzfeld Caribbean Basin Fund,
Inc.

We have audited the accompanying statement of assets and liabilities, including
the schedule of investments, of The Herzfeld Caribbean Basin Fund, Inc. (the
"Fund") as of June 30, 2007, and the related statement of operations for the
years then ended, and the statement of changes in net assets and financial
highlights are the responsibility of the Fund's management. Our responsibility
is to express an opinion on these financial statements and financial highlights
based on our audits. The financial highlights for each of the years in the three
year period ended June 30, 2005 were audited by an independent registered
accounting firm whose reports dated July 14, 2005 expressed an unqualified
opinion on those financial highlights.

We conducted our audits in accordance with the standards of the Public Company
Accounting Oversight Board (United States). Those standards require that we plan
and perform the audit to obtain reasonable assurance about whether the financial
statements and financial highlights are free of material misstatements. The Fund
is not required to have, nor were we engaged to perform, an audit of its
internal control over financial reporting. Our audits included consideration of
the internal control over financial reporting as a basis for designing audit
procedures that are appropriate in the circumstances, but not for the purpose of

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSR

expressing opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. Our procedures included confirmation of securities owned as of June 30, 2007, by correspondence with the custodian. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of The Herzfeld Caribbean Basin Fund, Inc. as of June 30, 2007, the results of the operations for the year then ended, the changes in net assets for each of the two years in the period ended, and the financial highlights for each of the two years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

APPENDIX A
THE HERZFELD CARIBBEAN BASIN FUND, INC.
Proxy Voting Policy and Procedures

The Board of Directors of The Herzfeld Caribbean Basin Fund, Inc. (the "Fund") hereby adopts the following policy and procedures with respect to voting proxies relating to portfolio securities held by the Fund:

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSR

Policy

It is the policy of the Board of Directors of the Fund (the "Board") to delegate the responsibility for voting proxies relating to portfolio securities held by the Fund to the Fund's investment adviser (the "Adviser") as a part of the Adviser's general management of the Fund, subject to the Board's continuing oversight.' The voting of proxies is an integral part of the investment management services that the Adviser provides pursuant to the advisory contract.

The Adviser may, but is not required to, delegate the responsibility for voting proxies relating to portfolio securities held by the Fund to a sub-adviser ("Sub-Adviser") retained to provide investment advisory services, if applicable. If such responsibility is delegated to a Sub-Adviser, then the Sub-Adviser shall assume the fiduciary duty and reporting responsibilities of the Adviser under these policy guidelines.

Fiduciary Duty

The right to vote a proxy with respect to portfolio securities held by the Fund is an asset of the Fund. The Adviser, to which authority to vote on behalf of the Fund is delegated, acts as a fiduciary of the Fund and must vote proxies in a manner consistent with the best interest of the Fund and its shareholders.

Procedures

The following are the procedures adopted by the Board for the administration of this policy:

A. Review of Adviser Proxy Voting Procedures. The Adviser with authority to vote proxies on behalf of the Fund shall present to the Board its policies, procedures and other guidelines for voting proxies at least annually, and must notify the Board promptly of material changes to any of these documents.

B. Voting Record Reporting. No less than annually, the Adviser shall report to the Board a record of each proxy voted with respect to portfolio securities of the Fund during the year. With respect to those proxies that the Adviser has identified as involving a conflict of interest(2), the Adviser shall submit a separate report indicating the nature of the conflict of interest and how that conflict was resolved with respect to the voting of the proxy.

Revocation

The delegation by the Board of the authority to vote proxies relating to portfolio securities of the Fund is entirely voluntary and may be revoked by the Board, in whole or in part, at any time.

Annual Filing

THOMAS J. HERZFELD ADVISORS, INC.

PROXY VOTING

POLICIES AND PROCEDURES

I. POLICY

Thomas J. Herzfeld Advisors, Inc. (the "Adviser") acts as discretionary investment adviser for various clients, including The Herzfeld Caribbean Basin Fund, Inc. an investment company registered under the Investment Company Act of 1940, as amended, and clients governed by the Employee Retirement Income Security Act of 1974 ("ERISA").

Selected clients, including The Herzfeld Caribbean Basin Fund, Inc. have elected to have the Adviser vote proxies or act on the other shareholder actions on

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSR

their behalf, while other clients vote proxies themselves.

When voting proxies or acting on corporate actions for clients, the Adviser's utmost concern is that all decisions be made in the best interest of its clients (for ERISA accounts, plan beneficiaries and participants, in accordance with the letter and spirit of ERISA). The Adviser will act in a manner deemed prudent and diligent and which is intended to enhance the economic value of the assets of its clients' accounts.

II. PURPOSE

The purpose of these Policies and Procedures is to memorialize the procedures and policies adopted by the Adviser to enable it to comply with its responsibilities and the requirements of Rule 206(4)-6 under the Investment Advisers Act of 1940, as amended ("Advisers Act"). These Policies and Procedures also reflect the fiduciary standards and responsibilities set forth by the Department of Labor for ERISA accounts.

III. PROCEDURES

Cecilia Gondor, Executive Vice President of the Adviser, is ultimately responsible for ensuring that all proxies received by the Adviser are voted in a timely manner and voted consistently across all portfolios. Although many proxy proposals can be voted in accordance with the Adviser's established guidelines (see Section V. below) (the "Guidelines"), the Adviser recognizes that some proposals require special consideration, which may dictate that the Adviser makes an exception to the Guidelines.

Cecilia Gondor is also responsible for ensuring that all corporate actions received by the Adviser are addressed in a timely manner and consistent action is taken across all portfolios.

A. Conflicts of Interest. Where a proxy proposal raises a material conflict of interest between the Adviser's interests and that of one or more its clients, the Adviser shall resolve such conflict in the manner described below.

1. Vote in Accordance with the Guidelines. To the extent that the Adviser has little or no discretion to deviate from the Guidelines with respect to the proposal in question, the Adviser shall vote in accordance with such pre-determined voting policy.

2. Obtain Consent of Clients. To the extent that the Adviser has discretion to deviate from the Guidelines with respect to the proposal in question, the Adviser shall disclose the conflict to the relevant clients and obtain their consent to the proposed vote prior to voting the securities. The disclosure to the clients will include sufficient detail regarding the matter to be voted on and the nature of our conflict that the clients would be able to make an informed decision regarding the vote. When a client does not respond to such a conflict disclosure request or denies the request, the Adviser will abstain from voting the securities held by that client's account.

B. Limitations. In certain circumstances, in accordance with a client's investment advisory contract (or other written directive) or where the Adviser has determined that it is in the client's best interest, the Adviser will not vote proxies received. The following are some circumstances where the Adviser will limit its role in voting proxies received on client securities:

1. Client Maintains Proxy Voting Authority: Where a client has not specifically delegated the authority to vote proxies to the Adviser or that it has delegated the right to vote proxies to a third party, the Adviser will not

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSR

vote the securities and will direct the relevant custodian to send the proxy material directly to the client. If any proxy material is received by the Adviser, it will promptly be forwarded to the client.

2. **Terminated Account:** Once a client account has been terminated with the Adviser in accordance with its investment advisory agreement, the Adviser will not vote any proxies received after the termination. However, the client may specify in writing that proxies should be directed to the client for action.

3. **Limited Value:** If the Adviser concludes that the client's economic interest or the value of the portfolio holding is indeterminable or insignificant, the Adviser will abstain from voting a client's proxies. The Adviser does not vote proxies received for securities which are no longer held by the client's account. In addition, the Adviser generally does not vote securities where the economic value of the securities in the client's account is less than \$500.

4. **Securities Lending Programs:** When securities are out on loan, they are transferred into the borrower's name and are voted by the borrower, in its discretion. However, where the Adviser determines that a proxy vote (or shareholder action) is materially important to the client's account, the Adviser may recall the security.

5. **Unjustifiable Costs:** In certain circumstances, after doing a cost-benefit analysis, the Adviser may abstain from voting where the cost of voting a client's proxy would exceed any anticipated benefits of the proxy proposal.

IV. RECORD KEEPING

In accordance with Rule 204-2 under the Advisers Act, the Adviser will maintain for the time periods set forth in the Rule (i) these proxy voting procedures and policies, and amendments thereto; (ii) all proxy statements received regarding client securities (provided however, that the Adviser may rely on the proxy statement filed on EDGAR as its records)(1); (iii) a record of votes cast on behalf of clients; (iv) records of client requests for proxy voting information; (v) any documents prepared by the adviser that were material to making a decision how to vote or that memorialized the basis for the decision; and (vi) records relating to requests made to clients regarding conflicts of interest in voting the proxy.

The Adviser will describe in its Part II of Form ADV (or other brochure fulfilling the requirement of Rule 204-3) its proxy voting policies and procedures and advising clients how they may obtain information on how the Adviser voted their securities. Clients may obtain information on how their securities were voted or a copy of our Policies and Procedures by written request addressed to the Adviser.

V. GUIDELINES

Each proxy issue will be considered individually. The following guidelines are a partial list to be used in voting proposals contained in the proxy statements, but will not be used as rigid rules.

-
- (1) Issues regarding the issuer's Board entrenchment and anti-takeover measures such as the following: Oppose
- b. Proposals to limit the ability of shareholders

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSR

to call special meetings;

- c. Proposals to require super majority votes;
- d. Proposals requesting excessive increases in authorized common or preferred shares where management provides no explanation for the use or need for these additional shares;
- e. Proposals regarding "poison pill" provisions; and
- f. Permitting "green mail".

(1)	Providing cumulative voting rights.	Oppose
(2)	"Social issues," unless specific client guidelines supersede, e.g., restrictions regarding South Africa.	Oppose
(3)	Election of directors recommended by management, except if there is a proxy fight.	Approve
(4)	Election of auditors recommended by management, unless seeking to replace if there exists a dispute over policies.	Approve
(5)	Date and place of annual meeting.	Approve
(6)	Limitation on charitable contributions or fees paid to lawyers.	Approve
(7)	Ratification of directors' actions on routine matters since previous annual meeting.	Approve
(8)	Confidential voting	Approve

(1) Because the Adviser primarily invests its clients' assets in securities of foreign issuers, the Adviser generally has not been receiving proxy statements from such issuers because the laws of the countries in which these issuers are domiciled respecting delivery of proxy statements to shareholders are different than those of the U.S.

Confidential voting is most often proposed by shareholders as a means of eliminating undue management pressure on shareholders regarding their vote on proxy issues.

The Adviser will generally approve these proposals as shareholders can later divulge their votes to management on a selective basis if a legitimate reason arises.

(9)	Limiting directors' liability	Approve
(10)	Eliminate preemptive right	Approve

Preemptive rights give current shareholders the opportunity to maintain their current percentage ownership through any subsequent equity offerings. These provisions are no longer

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSR

common in the U.S., and can restrict management's ability to raise new capital.

The Adviser approves the elimination of preemptive rights, but will oppose the elimination of limited preemptive rights, e.g., on proposed issues representing more than an acceptable level of total dilution.

(11)	Employee Stock Purchase Plan	Approve
(12)	Establish 401(k) Plan	Approve
(13)	Rotate annual meeting location/date	Approve
(14)	Establish a staggered Board	Approve
(15)	Eliminate director mandatory retirement policy	Case-by-Case
(16)	Option and stock grants to management and directors	Case-by-Case
(17)	Allowing indemnification of directors and/or officers after reviewing the applicable laws and extent of protection requested.	Case-by-Case
