CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Some of the statements in this quarterly report on Form 10-Q are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. You can sometimes identify forward-looking statements by our use of forward-looking words like “may,” “should,” “expects,” “intends,” “plans,” “anticipates,” “believes,” “estimates,” “seeks,” “predicts,” “potential,” or “continue” or other similar expressions. Our forward-looking statements relate to future events or our future performance and include, but are not limited to, plans, objectives, expectations and intentions. Other statements contained in this report that are not historical facts are also forward-looking statements.

We claim the protection of the safe harbor contained in the Private Securities Litigation Reform Act of 1995. Although we believe that the plans, objectives, expectations and intentions reflected in or suggested by our forward-looking statements are reasonable, those statements are based only on the current beliefs and assumptions of our management and on information currently available to us and, therefore, they involve uncertainties and risks as to what may happen in the future. Accordingly, we cannot guarantee that our plans, objectives, expectations or intentions will be achieved. Our actual results, performance (financial or operating) or achievements could differ from those expressed in or implied by any forward-looking statement in this report as a result of many known and unknown factors, many of which are beyond our ability to predict or control. These factors include, but are not limited to, those described under the caption “Risk Factors” in our annual report on Form 10-K for the year ended December 31, 2009 filed on March 31, 2010 and amended on April 30, 2010, including without limitation the following:

- our need for additional financing to support our business;
- the early stage of adoption of our Safety-Sponge® System and the need to expand adoption of our Safety-Sponge® System;
 - any failure of our new management team and Board of Directors to operate effectively;
- our reliance on third-party manufacturers, some of whom are sole-source suppliers, and on our exclusive distributor; and
 - any inability to successfully protect our intellectual property portfolio.

The risks included in our filings are not exhaustive, and additional factors could adversely affect our business and financial performance. We operate in a competitive and rapidly changing environment. New risk factors emerge from time to time, and it is not possible for management to predict all such risk factors, nor can it assess the impact of all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

All written and oral forward-looking statements attributable to us are expressly qualified in their entirety by these cautionary statements.

Our forward-looking statements speak only as of the date they are made and should not be relied upon as representing our plans, objectives, expectations and intentions as of any subsequent date. Although we may elect to update or revise forward-looking statements at some time in the future, we specifically disclaim any obligation to do so, even if our plans, objectives, expectations or intentions change.
