## SECTION 1 – REGISTRANT’S BUSINESS AND OPERATIONS

### Item 1.01 Entry into a Material Definitive Agreement.

As previously announced, on September 21, 2010, Gastar Exploration USA, Inc., a wholly-owned subsidiary of Gastar Exploration Ltd. (collectively, the “Company”), entered into a purchase and sale agreement (the “JV Agreement”) with Atinum Marcellus I LLC (“Atinum”), an affiliate of Atinum Partners Co., Ltd, a Korean investment firm (the “Atinum Joint Venture”). Pursuant to the JV Agreement, the Company agreed to assign to Atinum an initial 21.43% interest in all of its existing Marcellus Shale assets in West Virginia and Pennsylvania, which consists of approximately 34,200 net acres and a 50% working interest in 16 producing shallow conventional wells and one non-producing vertical Marcellus Shale well (the “Atinum Joint Venture Assets”).

On November 1, 2010, the Company completed the Atinum Joint Venture as contemplated by the JV Agreement (the “Closing”). At Closing, Atinum paid approximately \$30.0 million in cash to the Company in exchange for the interest in the Atinum Joint Venture Assets described above. Under the terms of the JV Agreement, Atinum is also obligated to fund its 50% share of drilling, completion and infrastructure costs, and will pay an additional \$40.0 million in the form of a drilling carry by funding 75% of the Company’s 50% share of those same costs. Upon the completion of the funding of the \$40.0 million drilling carry, Atinum will own a 50% interest in the Atinum Joint Venture Assets, making the transaction valued at approximately \$70.0 million. A post-closing title review period could result in certain purchase price adjustments.

The Company and Atinum have an initial three-year development program that calls for them to drill one horizontal Marcellus Shale well during the remainder of 2010, a minimum of 12 horizontal wells in 2011 and 24 horizontal wells in each of 2012 and 2013. The Company will continue to serve as operator of all of the Atinum Joint Venture Assets.

The JV Agreement also established an initial area of mutual interests (“AMI”) for potential additional acreage acquisitions in Ohio and New York, along with those counties in West Virginia and Pennsylvania in which the Atinum Joint Venture Assets are located, plus areas within 2 miles of those assets. Within the initial AMI, the Company will act as operator and will offer any future lease acquisitions to Atinum on a 50/50 basis. For acreage in which Atinum participates, in addition to paying 50% of the acquisition costs, Atinum has agreed to pay the Company on an annual basis an amount equal to 10% of lease bonuses and third party leasing costs up to \$20.0 million and 5% of such costs above \$20.0 million. Until June 30, 2011, Atinum will have the right to participate in any future leasehold acquisitions made by the Company outside of the initial AMI and within West Virginia or Pennsylvania on terms identical to those governing the existing Atinum Joint Venture.

A description of the material terms of the Atinum Joint Venture can be found in Item 1.01 of the Company’s Current Report on Form 8-K filed with the Securities Exchange Commission on September 24, 2010, which is incorporated herein by reference; the JV Agreement was filed as Exhibit 2.1 to such report and is incorporated herein by reference.
