2011 ANNUAL MEETING OF SHAREHOLDERS

PROXY STATEMENT

PennyMac Mortgage Investment Trust (we, our, us or the Company) is furnishing this Proxy Statement in connection with our solicitation of proxies to be voted at our 2011 Annual Meeting of Shareholders (the Meeting). We will hold the Meeting at our principal executive offices, located at 27001 Agoura Road, Third Floor, Calabasas, California 91301, on Tuesday, May 17, 2011 at 9:00 a.m. Pacific time, and any postponements or adjournments thereof. We are sending this Proxy Statement and the enclosed proxy to our shareholders commencing on or about April 15, 2011.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What am I voting on?

You will be entitled to vote on the following proposals at the Meeting:

The election of three (3) Trustees, Joel S. Marcus, Stacey D. Stewart and Mark Wiedman, each for a term expiring at the 2014 annual meeting of shareholders;

The ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2011;

The approval, by non-binding vote, of our executive compensation program; and

The recommendation, by non-binding vote, of the frequency of the vote on our executive compensation program.

How does our Board of Trustees recommend that I vote on these proposals?

Our Board of Trustees (the Board) recommends you vote **FOR** the election of each of the nominees as Trustees, **FOR** the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the current fiscal year, **FOR** the approval, by non-binding vote, of our executive compensation program, and **FOR** the

recommendation, by non-binding vote, of holding the vote on our executive compensation program every three years.

Who can attend the Meeting?

If you were the record owner of our common shares as of the close of business on the record date, you are entitled to attend the Meeting, although seating is limited. Our Board has set April 11, 2011 as the record date for the Meeting. If you plan to attend, please check the box on your proxy card and return it as directed on the proxy card.

If you hold your common shares through a broker and you would like to attend, please either (1) write us at Investor Relations, PennyMac Mortgage Investment Trust, 27001 Agoura Road, Third Floor, Calabasas, California 91301, (2) email us at *investorrelations@pnmac.com*, or (3) bring to the Meeting a copy of your brokerage account statement or an omnibus proxy (which you can get from your broker).

TABLE OF CONTENTS

In addition, you must bring valid, government-issued photo identification, such as a driver's license or a passport. No cameras or recording devices of any kind, or signs, placards, banners or similar materials, may be brought into the Meeting. Anyone who refuses to comply with these requirements will not be admitted.

Who is entitled to vote at the Meeting?

If you were the record owner of our common shares as of the close of business on the record date, you are entitled to vote at the Meeting. Each shareholder of record on the record date is entitled to notice of, and to vote at, the Meeting and any adjournments thereof. As of the record date, 27,763,243 common shares were issued and outstanding. If you were the record owner of our common shares at the close of business on the record date, you may vote at the Meeting. You are entitled to one vote on each proposal for each common share you held on the record date.

How many shares must be present to hold the Meeting?

The presence of a majority of the shares entitled to vote constitutes a quorum, which is required in order to hold the Meeting and conduct business. Since there were 27,763,243 eligible votes as of the record date, we will need at least 13,881,622 votes present in person or by proxy at the Meeting for a quorum to exist. If a quorum is not present at the Meeting, we expect that the Meeting will be adjourned to solicit additional proxies.

What shareholder approvals are required to approve the proposals?

Trustees will be elected by a plurality of the votes cast by the holders of the common shares voting in person or by proxy at the Meeting. Ratification of the appointment of our independent registered public accounting firm and approval, by non-binding vote, of our executive compensation program will require the affirmative vote of a majority of the votes cast by the holders of the common shares voting in person or by proxy at the Meeting. The frequency of the non-binding vote on our executive compensation program (i.e. every one, two or three years) that receives the highest number of votes cast will be treated as the option recommended by shareholders.

How will voting on any other business be conducted?

Other than the four proposals described in this Proxy Statement, we know of no other business to be considered at the Meeting. If any other matters are properly presented at the Meeting, your signed proxy card authorizes Stanford L. Kurland, our Chairman of the Board and Chief Executive Officer, and Jeffrey P. Grogin, our Secretary, to vote on those matters according to their best judgment.

How do I vote my shares as a shareholder of record?

If you are a shareholder of record, you may vote by using one of the following methods:

by mail, or
in person at the Meeting,
as instructed on the enclosed proxy card.

If you vote now, it will assure that your vote is counted. Whether you vote by mail or in person at the Meeting, the proxies identified on the back of the enclosed proxy card will vote the shares as to which you are the shareholder of record in accordance with your instructions. If the proxy card is signed and returned and no instructions are marked, the shares will be voted as recommended by our Board in this Proxy Statement.

What is the difference between a shareholder of record and a street name holder?

If your shares are registered directly in your name, you are considered the shareholder of record with respect to those shares. If your shares are held in a stock brokerage account or by a bank, trust or other nominee, then the broker, bank, trust or other nominee is considered to be the shareholder of record with respect to those shares. However, you still are considered the beneficial owner of those shares, and your shares are said to be held in street name. Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares.

TABLE OF CONTENTS

If my broker holds my shares in street name, how do I vote my shares?

If you own your shares in street name, you must vote your shares in the manner prescribed by your broker or other nominee. Your broker or other nominee has provided a voting instruction form for you to use in directing the broker or nominee how to vote your shares. Please follow the instructions provided on such voting instruction form.

If you do not provide your broker with instructions on how to vote your street name shares, your broker will be able to vote them only on the proposal to ratify the appointment of our independent registered public accounting firm. Your broker will not be able to vote them on the proposals relating to the election of Trustees, our executive compensation program, or the frequency of the vote on our executive compensation program. You should, therefore, be sure to provide your broker with instructions on how to vote your shares. See your voting instruction form for instructions.

How do I vote my shares in person at the Meeting?

If you are a shareholder of record, to vote your shares at the Meeting you should bring the enclosed proxy card and proof of identification. If you own your shares in street name, to vote your shares at the Meeting you must obtain a proxy from your broker or nominee and bring that proxy to the Meeting.

Even if you plan to attend the Meeting, we encourage you to vote by proxy card in advance of the Meeting, so your vote will be counted if you later decide not to attend the Meeting.

What if I do not specify how I want my shares voted?

If you submit a signed proxy card and do not specify how you want to vote your shares, we will vote your shares as follows:

FOR the election of three (3) Class II Trustees, Joel S. Marcus, Stacey D. Stewart and Mark Wiedman, each for a term expiring at the 2014 annual meeting of shareholders;

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the current fiscal year;

FOR the approval, by non-binding vote, of our executive compensation program; and

FOR the recommendation, by non-binding vote, of holding the vote on our executive compensation program every three years.

May I revoke my proxy and change my vote after submitting my proxy?

Yes. You may revoke your proxy and change your vote before it is taken at the Meeting by (1) delivering a written notice of revocation to the attention of the Secretary of the Company at 27001 Agoura Road, Third Floor, Calabasas, California 91301, (2) delivering a duly executed proxy bearing a later date, or (3) attending the Meeting and voting in person. As noted above, if you own your shares through a brokerage account or in another nominee form, you cannot vote in person at the Meeting unless you obtain a proxy from your broker or nominee and bring that proxy to the Meeting.

What does it mean if I receive more than one proxy card?

It probably means your shares are registered differently and are in more than one account. Sign and return all proxy cards to ensure that all your shares are voted.

How are votes counted?

You may either vote **FOR** or **WITHHOLD** authority to vote for each nominee for the Board. You may vote **FOR**, **AGAINST** or **ABSTAIN** on the proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the current fiscal year and the proposal to approve, by non-binding vote, our executive compensation program. You may vote **ONE YEAR**, **TWO YEARS**, or **THREE YEARS** on the proposal to recommend, by non-binding vote, the frequency of the vote on our executive compensation program and you may also **ABSTAIN**. An abstention is the voluntary act of not voting by a shareholder who is present at a meeting and entitled to vote.

TABLE OF CONTENTS

If you submit your proxy but abstain from voting or withhold authority to vote on one or more matters, your shares will be counted as present at the Meeting for the purpose of determining a quorum. Your shares also will be counted as present at the Meeting for the purpose of calculating the vote on the particular matter with respect to which you abstained from voting or withheld authority to vote. However, because an abstention is not counted as a vote cast, if you abstain from voting on a proposal, your abstention will have no effect on the proposal in question.

If you hold your shares in street name and do not provide voting instructions to your broker or other nominee, your shares will be considered to be broker non-votes and will not be voted on any proposal on which your broker or other nominee does not have discretionary authority to vote under the rules of the New York Stock Exchange (NYSE). Under NYSE rules, brokers that hold our common shares in street name for customers that are the beneficial owners of those shares may not give a proxy to vote those shares on certain matters, including the election of Trustees, our executive compensation program and the frequency of the vote on our executive compensation program, without specific instructions from those customers. Shares that constitute broker non-votes will be counted as present at the Meeting for the purpose of determining a quorum, but will not be considered entitled to vote on the proposal in question.

Who will count the vote?

Representatives of Broadridge Financial Solutions, Inc. will count the votes for shares held in street name and BNY Mellon Shareholder Services (BNY) will count the votes of shareholders of record. Representatives of BNY will also serve as the independent Inspector of Elections.

How will we solicit proxies for the Meeting?

We are soliciting proxies by mailing this Proxy Statement and proxy card to our shareholders. In addition to solicitation by mail, some of our Trustees and officers and some employees of PNMAC Capital Management, LLC, which we refer to as our Manager or PCM, may make additional solicitations by telephone or in person. In addition, we may retain BNY to assist in the solicitation of proxies.

What does it cost the Company to solicit proxy materials?

We will pay the cost of the solicitation of proxies, including preparing and mailing the Notice of 2011 Annual Meeting of Shareholders, this Proxy Statement and the proxy card or voting instruction form. To the extent any of our Trustees or officers, or any employees of our Manager, solicit proxies by telephone, facsimile transmission or other personal contact, such persons will receive no additional compensation. Brokerage houses and other nominees, fiduciaries and custodians who are holders of record of common shares will be requested to forward proxy soliciting materials to the beneficial owners of such shares and will be reimbursed by us for their charges and expenses in connection therewith at customary and reasonable rates. In addition, we may retain BNY to assist in the solicitation of proxies, in which case we will pay BNY a total solicitation fee of \$7,500 per six-month period, plus reimbursement of expenses.

Can I access the Company's proxy materials and Annual Report to Security Holders electronically?

This Proxy Statement and our 2010 Annual Report to Security Holders, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 (Fiscal 2010), are available in the Investor Relations section of our website, www.pennymacmortgageinvestmenttrust.com.

Will our External Manager be present at the Meeting?

Officers of our Manager will be present at the Meeting.

When are shareholder proposals due for the 2012 Annual Meeting of Shareholders?

If you are submitting a proposal for possible inclusion in next year's Proxy Statement pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the Exchange Act), we must receive the proposal no later than December 17, 2011. If you are submitting a proposal for possible inclusion in next year's Proxy Statement other than pursuant to Rule 14a-8 of the Exchange Act, we must receive the proposal no earlier than November 17, 2011 and no later than December 17, 2011.

CORPORATE GOVERNANCE, TRUSTEE INDEPENDENCE, BOARD MEETINGS AND COMMITTEES

Corporate Governance

We believe that we have implemented effective corporate governance policies and observe good corporate governance procedures and practices. We have adopted a number of written policies, including our Corporate Governance Guidelines, our Code of Business Conduct and Ethics, and charters for the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee.

Independence of Our Trustees

The NYSE rules require that at least a majority of our Trustees be independent of our company and management. The rules also require that our Board affirmatively determine that there are no material relationships between a Trustee and us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) before such Trustee can be deemed independent. We have adopted independence standards consistent with NYSE rules and the rules of the Securities and Exchange Commission (SEC). Our Board has reviewed both direct and indirect transactions and relationships that each of our Trustees had or maintained with us and our management.

As a result of this review, our Board, based upon the fact that certain of our non-employee Trustees do not have any material relationships with us other than as Trustees and holders of our common shares, affirmatively determined that six of our Trustees are independent Trustees under NYSE rules. Our independent Trustees are Messrs. Carnahan, Hadley, Halvorsen, Marcus and Willey and Ms. Stewart.

Board Leadership Structure and Independent Lead Trustee

The positions of Chairman of the Board and Chief Executive Officer are currently held by Stanford L. Kurland, and we have determined not to separate the positions at this time. This determination is based, in part, on our belief that independent Trustees and management have different perspectives and roles in strategy development. Our independent Trustees bring experience, oversight and expertise from outside the Company and industry, while the Chief Executive Officer brings company-specific experience and expertise. We believe our Chief Executive Officer is thus better situated to serve as Chairman of the Board because he is able to utilize the in-depth focus and perspective gained in running the Company to effectively and efficiently guide our Board. As the Trustee most familiar with our business

and industry, he is most capable of identifying new initiatives, strategic priorities and other critical and/or topical agenda items for discussion by our Board and then leading the discussion to ensure proper oversight of these issues by our Board. Our Board believes that the combined role of Chairman of the Board and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and our Board, which are essential to effective governance.

This determination is also based on what we consider to be a strong governance structure already in place, including the appointment of an influential Independent Lead Trustee with a strong voice. The Independent Lead Trustee works with our Chairman of the Board and other Board members to provide strong, independent oversight of our management and affairs. Among other things, the Independent Lead Trustee reviews and provides input on Board meeting agendas as well as the quality, quantity and timeliness of information sent to our Board, coordinates with committee chairs to ensure the committees are fulfilling the

TABLE OF CONTENTS

responsibilities set forth in their respective charters, serves as the principal liaison between our Chairman of the Board and the independent Trustees, and chairs an executive session of the independent Trustees at each regularly scheduled Board meeting. Our Board has appointed Randall D. Hadley as Independent Lead Trustee.

Together, our Chairman of the Board and the Independent Lead Trustee provide leadership to our Board and work with our Board to define its structure and activities in the fulfillment of its responsibilities.

Risk Oversight

Our Board and its committees oversee our risk management process, while supporting organizational objectives, improving long-term organizational performance and creating shareholder value. A fundamental part of risk management oversight is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The involvement of the full Board in our business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company. While the Board has the ultimate oversight responsibility for the risk management process, particularly with respect to credit risk, interest rate risk, market risk and other risks specific to the mortgage and REIT industries, the committees of our Board also share responsibility for overseeing risk management. For example, the Audit Committee focuses on financial risk, including internal controls, and receives an annual risk assessment report from our internal auditors. The Nominating and Corporate Governance Committee focuses on risks associated with the independence of our Trustees and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through committee reports about the nature of all such risks.

Board Committees and Charters

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics, which sets forth the basic principles and guidelines for resolving various legal and ethical questions that may arise in the workplace and in the conduct of our business. This code is applicable to all of our officers and Trustees, as well as to the employees, officers and directors of our Manager and Servicer when such individuals are acting for or on our behalf.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines which, in conjunction with the charters and key practices of our board committees, provide the framework for the governance of our company.

Other Charters

The Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee have also adopted written charters that govern their conduct.

Where You Can Find These Documents

Our Code of Business Conduct and Ethics, Corporate Governance Guidelines, Audit Committee Charter, Compensation Committee Charter and Nominating and Corporate Governance Committee Charter are available on our website (www.pennymacmortgageinvestmenttrust.com). We will provide copies of these documents free of charge to any shareholder who sends a written request to Investor Relations, PennyMac Mortgage Investment Trust, 27001 Agoura Road, Third Floor, Calabasas, California 91301.

Audit Committee

Our Board has established an Audit Committee, which is comprised of three independent Trustees, Messrs. Carnahan, Hadley and Willey. Mr. Hadley chairs the Audit Committee, and he and Mr. Carnahan each serve as an audit committee financial expert, as that term is defined by the SEC. Each of the members of the Audit Committee is financially literate under the rules of the NYSE. The Audit Committee assists our Board in overseeing:

- our accounting and financial reporting processes;

TABLE OF CONTENTS

- the integrity and audits of our financial statements;
- our compliance with legal and regulatory requirements;
- the qualifications and independence of our independent registered public accounting firm; and
- the performance of our independent registered public accounting firm and any internal auditors.

The Audit Committee is also responsible for engaging our independent registered public accounting firm, reviewing with our independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by our independent registered public accounting firm, considering the range of audit and non-audit fees, and reviewing the adequacy of our internal accounting controls.

Our Board has determined that all of the Trustees serving on the Audit Committee are independent members of the Audit Committee under the current NYSE independence requirements and SEC rules. The activities of the Audit Committee are described in greater detail below under the caption Report of the Audit Committee.

Compensation Committee

Our Board has established a Compensation Committee, which is comprised of three independent Trustees, Messrs. Halvorsen and Marcus and Ms. Stewart. Mr. Marcus chairs the Compensation Committee, the principal functions of which are to:

- evaluate the performance of our officers;
- evaluate the performance of our Manager;
- review the compensation and fees payable to our Manager under our management agreement (the management agreement);
- recommend to the Board the compensation for our independent Trustees; and
- administer the issuance of any securities under our equity incentive plan.

Our Board has determined that all of the Trustees serving on the Compensation Committee are independent members of the Compensation Committee under the current NYSE independence requirements and SEC rules. For additional information on the Compensation Committee, please see the section below entitled Compensation Committee Report.

Nominating and Corporate Governance Committee

Our Board has established a Nominating and Corporate Governance Committee, which is comprised of three independent Trustees, Messrs. Halvorsen and Marcus and Ms. Stewart. Ms. Stewart chairs the Nominating and Corporate Governance Committee, which is responsible for seeking, considering and recommending to the full Board qualified candidates for election as Trustees and then recommending nominees for election as Trustees at the annual meeting of shareholders. It also periodically prepares and submits to our Board for adoption the Nominating and Corporate Governance Committee's selection criteria for Trustee nominees. It reviews and makes recommendations on matters involving general operation of our Board and our corporate governance, and annually recommends to our Board nominees for each of its committees. In addition, the Nominating and Corporate Governance Committee annually facilitates the assessment of the performance of the individual committees and our Board as a whole and reports thereon to our Board.

The Nominating and Corporate Governance Committee is responsible for developing the general criteria, subject to approval by the full Board, for use in identifying, evaluating and selecting qualified candidates for election or re-election to our Board. The Nominating and Corporate Governance Committee periodically reviews with our Board the appropriate skills and characteristics required of Board members in the context of the current make up of our Board. Final approval of trustee candidates is determined by the full Board, and invitations to join our Board are

extended by our Chairman of the Board on behalf of the entire Board.

The Nominating and Corporate Governance Committee, in accordance with our Corporate Governance Guidelines, seeks to create a board that is strong in its collective knowledge and has skills and experience

TABLE OF CONTENTS

with respect to accounting and finance, management and leadership, vision and strategy, business operations, business judgment, risk management, corporate governance, and knowledge of the mortgage industry and the global markets.

The Nominating and Corporate Governance Committee also focuses on issues of diversity, such as diversity of gender, race and national origin, education, professional experience, and differences in viewpoints and skills. We do not have a formal policy with respect to diversity; however, our Board and Nominating and Corporate Governance Committee believe that it is essential that our Trustees represent diverse viewpoints and backgrounds. In considering candidates for our Board, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials in the context of these standards and in light of the needs of our Board and the Company at that time, given the then current mix of Trustee attributes. The Nominating and Corporate Governance Committee also considers a candidate's accessibility and availability to serve effectively on our Board, and it conducts inquiries into the background and qualifications of potential candidates. With respect to the nomination of continuing Trustees for re-election, the individual's past contributions to our Board are also considered.

The Nominating and Corporate Governance Committee uses a variety of methods for identifying and evaluating nominees for Trustee. The Nominating and Corporate Governance Committee assesses the appropriate size of our Board and whether any vacancies on our Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers various potential candidates for Trustee. These candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. In evaluating such nominations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on our Board.

Candidates may come to the attention of the Nominating and Corporate Governance Committee through current members of our Board, professional search firms or other persons. The Nominating and Corporate Governance Committee will also consider properly submitted nominations for nominees recommended by our shareholders. These recommendations should be submitted in writing to our Secretary at our principal executive offices, located at 27001 Agoura Road, Third Floor, Calabasas, California 91301. If any materials are provided by a shareholder in connection with the nomination of a Trustee candidate, such materials are forwarded to the Nominating and Corporate Governance Committee. Following verification of the shareholder status of persons proposing candidates, recommendations are aggregated and considered by the Nominating and Corporate Governance Committee at a regularly scheduled or special meeting.

Our Board has determined that all of the Trustees serving on the Nominating and Corporate Governance Committee are independent members of the Nominating and Corporate Governance Committee under the current NYSE independence requirements.

Equity-Based Compensation

The Compensation Committee may, from time to time pursuant to our equity incentive plan, grant our named executive officers certain equity-based awards, including options, restricted shares, restricted share units, unrestricted shares, LTIP units (a special class of partnership interests in our operating partnership) and other awards based on our shares. These awards are designed to align the interests of our named executive officers with those of our shareholders, by allowing our named executive officers to share in the creation of value for our shareholders through capital appreciation and dividends. These equity awards are generally subject to vesting requirements over a number of years, and are designed to promote the retention of management and to achieve strong performance for the Company. These awards provide a further benefit to us by enabling our Manager and Servicer to attract, motivate and retain talented individuals.

We believe our compensation policies are particularly appropriate since we are an externally managed REIT. REIT regulations require us to pay at least 90% of our earnings to shareholders as dividends. As a result, we believe that our shareholders are principally interested in receiving attractive risk-adjusted dividends and growth in dividends and book value. Accordingly, we want to provide an incentive to our named executive officers that rewards success in achieving these goals. Since we generally do not have the ability to retain earnings, we believe that equity-based awards serve to align the interests of named executive officers with the interests of our shareholders in receiving attractive risk-adjusted dividends and growth. Additionally, we believe that equity-based awards are consistent with our shareholders' interest in book value growth as these individuals will be incentivized to grow book value for shareholders over time. We believe that this alignment of interests provides an incentive to our named executive officers to implement strategies that will enhance our long-term performance and promote growth in dividends and growth in book value.

Our equity incentive plan permits the granting of options to purchase common shares intended to qualify as incentive stock options under the Internal Revenue Code, or the Code, as well as options that do not qualify as incentive stock options under the Code. The exercise price of each option may not be less than 100% of the fair market value of our common shares on the date of grant. The Compensation Committee will determine the terms of each option, including when each option may be exercised and the period of time, if any, after retirement, death, disability or termination of employment during which options may be exercised. Options become vested and exercisable in installments and the exercisability of options may be accelerated by the Compensation Committee.

The Compensation Committee does not use a specific formula to calculate the number of equity awards and other rights awarded to named executive officers under our equity incentive plan. The Compensation Committee does not explicitly set future award levels/opportunities on the basis of what the named executive officers earned from prior awards. While the Compensation Committee will take past awards into account, it

TABLE OF CONTENTS

will not solely base future awards in view of those past awards. Generally, in determining the specific amounts to be granted to an individual, the Compensation Committee will take into account factors such as our performance, the individual's position, his or her contribution to our performance, and general market practices, as well as the recommendations of our Manager.

2010 Restricted Share Unit Grants

We granted our named executive officers restricted share units under our equity incentive plan on August 4, 2009 upon the completion of our initial public offering, in the following amounts: Mr. Kurland, 80,000 restricted share units; Ms. McCallion, 20,000 restricted share units; and Mr. Fartaj 2,400 restricted share units. On March 2, 2010, we granted Mr. Fartaj an additional 17,600 restricted share units at the time of his promotion to the position of Chief Investment Officer. We did not grant restricted share units to any other executive officers during Fiscal 2010. The restricted share units granted to our named executive officers vest ratably over a four-year period beginning on the one-year anniversary of the grant date. Once vested, the restricted share units will be settled in our common shares.

In determining the number of restricted share units granted to Mr. Fartaj in Fiscal 2010, we considered, among other factors, the recommendations of our Manager and the forfeiture of restricted share units by Mr. Fartaj's predecessor, and we based the grant on an amount that, when taken together with the restricted share units granted to Mr. Fartaj upon the completion of our initial public offering, resulted in an aggregate number of restricted share units equal to that of certain of our other executive officers. The number and terms of the restricted share units granted to our executive officers at the time of the initial public offering were based on a review of precedent transactions that included initial public offerings of externally managed REITs, as well as our consideration of various other factors, such as the size of our initial public offering, the experience and positions of our named executive officers, and the recommendations of our underwriters in connection with our initial public offering.

Compensation Committee Report

Our Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

control of us. However, all unvested restricted share units we have granted under our equity incentive plan will vest immediately upon our change of control (as defined in our equity incentive plan) or upon the termination of the management agreement between us and our Manager other than for cause (as defined in the management agreement). Assuming that the triggering event took place on December 31, 2010, the value of the vested restricted share units for each named executive officer would be the same as the respective values set forth in the second column of the table presented in the section entitled 2010 Outstanding Equity Awards at Fiscal Year-End.

Compensation Committee Interlocks and Insider Participation

Our Compensation Committee is comprised solely of the following independent Trustees: Joel S. Marcus, Chairman, Clay A. Halvorsen and Stacey D. Stewart. None of them has ever served as an officer or employee of the Company or any of our affiliates or has any other business relationship or affiliation with the Company, except his or her service as a Trustee. During Fiscal 2010, none of our executive officers served as a director or a member of the compensation committee of another entity, one of whose executive officers was a Trustee or a member of our Compensation Committee.

Compensation Risks

We believe that any risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. Because we have no employees, and our executive officers and other personnel who conduct our regular business are employees of our Manager or Servicer, we do not pay cash compensation to any of these officers or other personnel. Rather, we use long-term incentive compensation in the form of equity-based awards, which we issue under our equity incentive plan. The long-term incentive compensation awards are designed to align the interests of our officers and service providers with those of our shareholders, all of whom will share together in the creation of value through capital appreciation and dividends. We believe that equity-based awards are consistent with our shareholders' interest in book value growth as these individuals will be less incentivized to take short-term risk and more incentivized to grow book value for shareholders over time.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

This section discusses certain direct and indirect relationships and transactions involving us and certain persons related to us.

Management Agreement

We are externally managed and advised by our Manager pursuant a management agreement executed in connection with our initial public offering. The management agreement requires our Manager to oversee our business affairs in conformity with the investment policies that are approved and monitored by our Board. Our Manager is responsible for our day-to-day management and will perform such services and activities related to our assets and operations as may be appropriate.

Pursuant to the management agreement, our Manager is entitled to a base management fee equal to 1.50% per annum, calculated and payable quarterly in arrears, of our shareholders' equity. For purposes of calculating the base

management fee, our shareholders' equity means the sum of the net proceeds from any issuances of our equity securities since formation (allocated on a *pro rata* daily basis for such issuances during the fiscal quarter of any such issuance), plus our retained earnings at the end of such quarter (without taking into account any non-cash equity compensation expense incurred in current or prior periods), less any amount that we pay for repurchases of our common shares (allocated on a *pro rata* daily basis for such repurchases during the fiscal quarter of any such repurchase), and less any unrealized gains, losses or other non-cash items that have impacted shareholders' equity as reported in our financial statements prepared in accordance with accounting principles generally accepted in the United States (GAAP), regardless of whether such items are included in other comprehensive income or loss, or in net income. This amount excludes one-time events pursuant to changes in GAAP, and certain other non-cash charges after discussions between our Manager and our independent Trustees and after approval by a majority of our independent Trustees.

Our Manager is also entitled to an incentive fee that is payable quarterly in arrears in an amount equal to 20% per annum of the dollar amount by which core earnings, on a rolling four-quarter basis and before the

TABLE OF CONTENTS

incentive fee, exceeds an 8% incentive fee hurdle rate, which is calculated as the product of (1) the weighted average of the issue price per share of all of our public offerings multiplied by the weighted average number of common shares outstanding (including, for the avoidance of doubt, restricted share units) in the four-quarter period and (2) 8%. For the initial four quarters following our initial public offering, core earnings is calculated on the basis of each of the previously completed quarters on an annualized basis. Core earnings for the initial quarter were calculated from the settlement date of our initial public offering on an annualized basis. Core earnings is a non-GAAP measure and is defined as GAAP net income (loss) excluding non-cash equity compensation expense, and less any unrealized gains, losses or other non-cash items recorded in the period, regardless of whether such items are included in other comprehensive income or loss, or in net income. The amount will be adjusted to exclude one-time events pursuant to changes in GAAP and certain other non-cash charges after discussions between our Manager and our independent Trustees and after approval by a majority of our independent Trustees. In addition, any amounts that we pay to our Manager and the underwriters relating to the conditional payment of the underwriting discount in connection with our initial public offering will be excluded from the calculation of core earnings. For purposes of calculating the incentive fee, to the extent we have a net loss in core earnings from a period prior to the rolling four-quarter period that has not been offset by core earnings in a subsequent period, such loss will continue to be included in the rolling four-quarter calculation until it has been fully offset.

Our Manager earned approximately \$4.9 million in base management fees and \$0 in incentive fees in Fiscal 2010.

Servicing Agreement

We have also entered into a loan servicing agreement with our Servicer pursuant to which our Servicer will provide primary servicing and special servicing for our portfolio of residential mortgage loans. The loan servicing to be provided by our Servicer will include collecting principal, interest and escrow account payments, if any, with respect to mortgage loans, as well as managing loss mitigation, which may include, among other things, collection activities, loan workouts, modifications and refinancings, foreclosures, short sales and financings to facilitate sales of real estate owned properties, or REOs.

Our Servicer is entitled to base servicing fees that are competitive with those charged by specialty servicers. Base servicing fees are calculated as a percentage of the unpaid principal balance of the mortgage loans, with the actual percentage being based on the risk characteristics of the loans in a particular pool. Such risk characteristics include market value of the underlying properties, creditworthiness of the borrowers, seasoning of the loans, degree of current and expected loan defaults, current loan-to-value ratios, borrowers' payment history and debt-to-income levels. The base servicing fees range from 30 to 100 basis points per annum of the unpaid principal balance of such loans. The risk characteristics used in calculating the base servicing fee for a particular portfolio of loans are consistent with the assumptions used by our Manager in determining the bid for that portfolio.

Our Servicer is also entitled to certain customary market-based fees and charges, including boarding and de-boarding fees, disposition fees, assumption, modification and origination fees and late charges, as well as interest on funds on deposit in custodial or escrow accounts. In the event our Servicer effects a refinancing of a loan on our behalf and not through a third party lender and the resulting loan is readily saleable, our Servicer is entitled to receive from us an origination fee of 1.0% of the unpaid principal balance of the loan plus \$750. Similarly, when our Servicer originates a loan to facilitate the disposition of real estate that we have acquired through foreclosure, our Servicer is entitled to a fee in the same amount. In addition, to the extent we participate in the U.S. Treasury's Home Affordable Modification Program (or other similar mortgage loan modification programs), or HAMP, which establishes standard loan modification guidelines for at risk homeowners and provides incentive payments to certain participants, including loan servicers, for achieving modifications and successfully remaining in the program, our Servicer will retain any

incentive payments made to it and to which it is entitled in connection with our participation therein, provided, however, that with respect to any such incentive payments paid to our Servicer in connection with a mortgage loan modification for which we previously paid our Servicer a modification fee, our Servicer shall reimburse us an amount equal to the lesser of such modification fee and such incentive payments.

Our Servicer is also entitled to base servicing fees and other customary market-based fees and charges as described above in connection with our correspondent lending business. The base servicing fees range from 5

TABLE OF CONTENTS

to 20 basis points per annum of the unpaid principal balance of such loans and are competitive with those charged by other servicers for newly originated mortgage loans. In addition, our Servicer provides us with certain mortgage banking services related to the correspondent lending business, including fulfillment and disposition related services.

We pay our Servicer a fulfillment fee based on a percentage of the unpaid principal balance of the mortgage loans.

The fulfillment fee for such services is currently 50 basis points. Commencing November 1, 2010, we began collecting interest income and a sourcing fee of three basis points for each mortgage loan we purchase from a correspondent and sell to our Servicer for ultimate disposition to a third party where we are not approved or licensed to sell to such third party.

Our Servicer earned approximately \$1.7 million in base servicing fees and approximately \$1.3 million in other customary market-based fees in Fiscal 2010.

Approval of Related Person Transactions

Our Code of Business Conduct and Ethics requires all of our personnel to be scrupulous in avoiding a conflict of interest as it relates to our interests and the interests of our officers and Trustees or the interests of the employees, officers and directors of our Manager and Servicer when such individuals are acting for or on our behalf. The code prohibits us from, among other things, entering into a transaction or a business relationship with such a related person or an immediate family member of such related person or with a company in which such a related person or such immediate family member has a substantial financial interest, unless such transaction and relationship are disclosed to and approved in advance by our Board.

Each of our Trustees and executive officers is required to complete an annual disclosure questionnaire and report all transactions with us in which they and their immediate family members had or will have a direct or indirect material interest with respect to us. We review these questionnaires and, if we determine that it is necessary, discuss any reported transactions with the entire Board. We do not have a formal written policy for approval or ratification of such transactions, as all such transactions are evaluated on a case-by-case basis. If we believe a transaction is significant to us and raises particular conflict of interest issues, we will discuss it with our legal counsel, and if necessary, we will form an independent board committee which has the right to engage its own legal and financial counsel to evaluate and approve the transaction.

REPORT OF THE AUDIT COMMITTEE

Since the consummation of our initial public offering, the Audit Committee has been comprised entirely of independent Trustees. The Board has determined that all of the members of the Audit Committee meet the independence and experience requirements of the New York Stock Exchange (NYSE) and that Messrs. Hadley and Carnahan are Audit Committee financial experts within the meaning of the applicable rules of the Securities and Exchange Commission (SEC) and the NYSE. The Audit Committee met six times in 2010. The Audit Committee has adopted a written charter outlining the practices it follows. The full text of the Audit Committee Charter is available for viewing on our website at www.pennymacmortgageinvestmenttrust.com. Any changes in the charter or key practices will be reflected on our website.

During 2010, at each of our meetings, the Audit Committee met with the Chief Financial Officer and our independent registered public accounting firm. The Audit Committee s agenda is established by the Audit Committee s chairman. The Audit Committee engaged Deloitte & Touche LLP as our independent registered public accounting firm and reviewed with our Chief Financial Officer and our independent registered public accounting firm the overall audit scope and plans, the results of the external audit examination, evaluations by our independent registered public accounting firm of our internal controls and the quality of our financial reporting.

The Audit Committee has reviewed and discussed the audited financial statements with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. In addressing the quality of management s accounting judgments, members of the Audit Committee asked for and received management s representations that our audited financial statements have been prepared in conformity with GAAP.

The Audit Committee also discussed with our independent registered public accounting firm other matters required to be discussed by a registered public accounting firm with the Audit Committee under the standards of Public Company Accounting Oversight Board (United States) (required communication with the Audit Committee). The Audit Committee received and discussed with our independent registered public accounting firm their annual written report on their independence from us and our management, which is made pursuant to applicable requirements of the Public Company Accounting Oversight Board and considered with our independent registered public accounting firm whether the provision of non-audit services is compatible with our independent registered public accounting firm s independence.

In performing all of these functions, the Audit Committee acts only in an oversight capacity and, necessarily, in its oversight role, the Audit Committee relies on the work and assurances of our management, which has the primary responsibility for financial statements and reports, and of our independent registered public accounting firm, who, in their report, express an opinion on the conformity of our annual financial statements to generally accepted accounting principles and on the effectiveness of our internal control over financial reporting as of year-end.

In reliance on these reviews and discussions, and the report of our independent registered public accounting firm, the Audit Committee recommended to our Board, and our Board approved, the inclusion of our audited financial statements in our Annual Report on Form 10-K for Fiscal 2010, filed with the SEC on March 7, 2010.

The foregoing report has been furnished by the current members of the Audit Committee:

**PROPOSAL III
ADVISORY (NON-BINDING) VOTE ON
EXECUTIVE COMPENSATION**

We are presenting a proposal that gives shareholders the opportunity to endorse or not endorse our compensation program for named executive officers by voting for or against it. This proposal is required pursuant to Section 14A of the Exchange Act.

OUR BOARD OF TRUSTEES RECOMMENDS AN ADVISORY (NON-BINDING) VOTE FOR THE FOLLOWING RESOLUTION APPROVING OUR EXECUTIVE COMPENSATION PROGRAM:

RESOLVED, that the compensation paid to PennyMac Mortgage Investment Trust's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in this Proxy Statement, is hereby APPROVED.

Supporting Statement

We do not pay or accrue any salaries or bonuses to our named executive officers. Rather, in our discretion, we may grant equity-based awards, which are designed to align the interests of named executive officers with the interests of our shareholders in growing dividends and book value over time. We believe equity-based awards align these interests by allowing our named executive officers to share in the creation of value for our shareholders through capital appreciation and dividends.

These equity awards are generally subject to vesting requirements over a number of years, and they are designed to promote the retention of management and achieve strong performance for our company. These awards provide a further benefit to us by enabling our Manager and Servicer to attract, motivate and retain talented individuals who are incentivized to implement strategies that will enhance our long-term performance and promote growth in dividends and growth in book value.

We encourage our shareholders to read the section in our Proxy Statement entitled "Compensation Discussion and Analysis," in which we describe in greater detail our compensation program, objectives and policies for our named executive officers. For the reasons described above, we recommend that our shareholders endorse our compensation program for named executive officers. While our Board intends to carefully consider the shareholder vote resulting from this proposal, the final vote will not be binding on us and is advisory in nature.

TABLE OF CONTENTS

PROPOSAL IV ADVISORY (NON-BINDING) VOTE ON THE FREQUENCY OF THE EXECUTIVE COMPENSATION VOTE

We are presenting the following proposal, which gives shareholders the opportunity to advise us how often to include a proposal similar to Proposal III in our Proxy Statement. Specifically, we are providing shareholders the option of selecting a frequency of one, two or three years, or abstaining. This proposal is required pursuant to Section 14A of the Exchange Act.

OUR BOARD OF TRUSTEES RECOMMENDS AN ADVISORY (NON-BINDING) VOTE FOR HOLDING THE ADVISORY VOTE ON OUR EXECUTIVE COMPENSATION PROGRAM EVERY THREE YEARS.

Supporting Statement

An advisory vote on executive compensation is very important, as it will provide a clear, simple means for us to obtain information on shareholder sentiment about our executive compensation and our executive compensation philosophy. We believe that an advisory vote every three years will be the most effective timeframe for our shareholders to judge performance and for us to assess the voting results, engage with shareholders to understand their sentiment and implement any changes to our compensation practices that we consider necessary and appropriate.

In addition, we believe a triennial vote generally aligns more closely with our executive compensation program, which is limited in terms of the type of executive compensation we award and has been designed to support long-term value creation by rewarding long-term performance with equity-based awards that vest over time. As described in greater detail above in the section entitled Compensation Discussion and Analysis, we believe our executive compensation program serves to align the interests of named executive officers with the interests of our shareholders in receiving attractive risk-adjusted dividends and long-term book value growth. Accordingly, we grant equity-based awards that vest over time to encourage our proxy officers to focus on long-term performance. We, therefore, recommend a triennial vote, which we believe is appropriate because of the limited scope of our executive compensation program and that would allow our executive compensation program to be evaluated over a time-frame in relation to our long-term performance.

For the reasons described above, we recommend that our shareholders select a frequency of three years, or a triennial vote. While our Board intends to carefully consider the shareholder votes resulting from this proposal and take them into consideration when making future decisions regarding our executive compensation vote, the final vote will not be binding on us and is advisory in nature.
