IVEDA SOLUTIONS, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2011 AND 2010

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

These statements should be read in conjunction with our consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2010. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) have been condensed or omitted. The operating results and cash flows for the three-month period ended March 31, 2011, are not necessarily indicative of the results that will be achieved for the full fiscal year ending December 31, 2011 or for future periods.

The accompanying condensed consolidated financial statements have been prepared without audit and reflect all adjustments, consisting of normal recurring adjustments, which are, in the opinion of management, necessary for a fair statement of financial position and the results of operations for the interim periods. Preparing financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. Estimates are used for, but not limited to, the accounting for the allowance for doubtful accounts, impairment costs, depreciation and amortization, sales returns and discounts, warranty costs, uncertain tax positions and the recoverability of deferred tax assets, stock compensation, contingencies and the fair value of assets and liabilities disclosed. Actual results and outcomes may differ from management's estimates and assumptions. The statements have been prepared in accordance with GAAP and pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). Certain information and footnote disclosures, normally included in financial statements prepared in accordance with GAAP, have been condensed or omitted pursuant to such SEC rules and regulations.

The balance sheet at December 31, 2010 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by GAAP for complete financial statements.

Going Concern

The accompanying financial statements have been prepared assuming that the Iveda Solutions, Inc. (the “Company”) will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. The Company has generated an accumulated deficit from operations of approximately \$7.1 million at March 31, 2011 and has used approximately \$120,000 in cash from operations through the current three months ended March 31, 2011. As a result, a risk exists regarding our ability to continue as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might result from this uncertainty.

A multi-step plan was adopted by management to enable the company to continue to operate and begin to report operating profits. The highlights of that plan are:

- The Company plans to seek additional equity and/or debt financing.

- The Company plans to establish distributor networks with existing companies to create a reseller network to increase the scope of the Company's marketing activities with low cost to the Company.
 - The Company may evaluate and consider merger and/or acquisition activities.

Concentrations

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist principally of cash and cash equivalents and trade accounts receivable.

Substantially all cash is deposited in one financial institution. At times, amounts on deposit may be in excess of the FDIC insurance limit.

Accounts receivable are unsecured and the Company is at risk to the extent such amount becomes uncollectible. The Company performs periodic credit evaluations of its customers' financial condition and generally does not require collateral. Revenue from three customers represented approximately 63% (24%, 15%, 13% and 11%) of total revenues for the three months ended March 31, 2011 and approximately 81% of total accounts receivable at March 31, 2011.

Fair Value of Financial Instruments

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of December 31, 2010. The respective carrying value of certain on-balance-sheet financial instruments, approximate their fair values. These financial instruments include cash, accounts receivable, accounts payable, accrued expenses, convertible notes and amounts due to related parties. Fair values were assumed to approximate carrying values for these financial instruments because they are short term in nature and their carrying amounts approximate fair values or they are receivable or payable on demand.

Reclassification

Certain amounts in 2010 have been reclassified to conform to the 2011 presentation.

NOTE 2EQUITY

Preferred Stock

The Company has 100,000,000 shares of \$0.00001 par value preferred stock authorized to issue. No shares have been issued and the rights and privileges of this class of stock have not been defined.

Common Stock

During the three month period ended March 31, 2011, the Company issued 30,000 shares of Common Stock in five private placement transactions.

During the three month period ended March 31, 2011, the Company issued and had outstanding additional warrants to purchase 45,000 shares of Common Stock at \$1.10. These warrants were issued as a cost of capital.

NOTE 3 STOCK OPTION PLAN

The Company has also granted non-qualified stock options to employees and contractors. All non-qualified options are generally issued with an exercise price that may be less than 100 percent of the fair value of the Common Stock on the date of the grant as determined by the Company's Board of Directors. Options may be exercised up to ten years following the date of the grant, with vesting schedules determined by the Company upon grant. Vesting periods range from 100% fully vested upon grant to a range of four to five years. Vested options may be exercised up to three months following date of termination of the relationship. The fair values of options are determined using the Black-Scholes option-pricing model. The estimated fair value of options is recognized as expense on the straight-line basis over the options' vesting periods.

Stock option transactions during the three months ended March 31, 2011 were as follows:

	Three months ended March 31, 2011	
	Shares	Weighted - Average Exercise Price
Outstanding at Beginning of Year	1,959,979	\$ 0.73
Granted	207,000	1.02
Exercised	-	-
Forfeited or Canceled	(20,875)	1.09
Outstanding at End of Period	2,146,104	0.69
Options Exercisable at Period-End	1,831,200	0.64
Weighted-Average Fair Value of Options Granted During the Period	\$ 0.32	

Information with respect to stock options outstanding and exercisable as of March 31, 2011 is as follows:

Range of Exercise Prices	Number Outstanding at March 31, 2011	Options Outstanding		Options Exercisable	
		Weighted - Average Remaining Contractual Life	Weighted - Average Exercise Price	Number Exercisable At March 31, 2011	Weighted - Average Exercise Price
\$0.10 - \$1.30	2,146,104	8.3 Years	\$ 0.69	1,831,200	\$ 0.64

The fair value of each option granted is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions used for options granted.

2011

Expected Life	4.8 yr
Dividend Yield	0 %
Expected Volatility	40.00 %
Risk-Free Interest Rate	2.06 %

Expected volatility was estimated by using the average volatility of three public companies offering services similar to the Company. The risk-free rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the grant date. The expected life of options is based on the average of three public companies offering services similar to the Company.

NOTE 4 RELATED PARTY TRANSACTIONS

The Company has provided surveillance services since 2005 at a pre-established rate to entities owned by Ross Farnsworth, either through a family partnership or through his majority-owned LLC, and subsequently Ross Farnsworth became a shareholder of the Company in 2006. Mr. Farnsworth's holdings are less than 5% of the Company, but the revenue for the period ending March 31, 2011 was \$16,718 and there was a trade accounts receivable balance of \$5,859 at March 31, 2011.

On September 15, 2010, the Company entered into a Line of Credit Promissory Note with one of its Board of Directors that provides for borrowings of up to \$350,000 to be used for the sole purpose of purchasing equipment, software and other infrastructure-related items for one of its contracts. The advances bear interest at a rate of 18% annually and are secured by receivables from the contract. Total borrowings under the line of credit as of March 31, 2011 were \$197,000. The note balance plus accrued interest was repaid in full, in April 2011.

NOTE 5 EARNINGS (LOSS) PER SHARE

The following table provides a reconciliation of the numerators and denominators reflected in the basic and diluted earnings per share computations.

Basic EPS is computed by dividing reported earnings available to stockholders by the weighted average shares outstanding. The Company had net losses for the three months ended March 31, 2011 and 2010 and the effect of including dilutive securities in the earnings per common share would have been anti-dilutive. Accordingly, all options and warrants to purchase common shares (totaling 2,928,478 potential shares) were excluded from the calculation of diluted earnings per share for the three months ended March 31, 2011 and 2010.

	3 Months Ending March 31, 2011	3 Months Ending March 31, 2010
Basic EPS		
Net Loss	\$ (440,517)	\$ (537,915)
Weighted Average Shares	13,666,813	13,722,655
Basic and Diluted Loss Per Share	\$ (0.03)	\$ (0.04)

NOTE 6SUBSEQUENT EVENTS

On April 30, 2011, the Company closed its acquisition of Sole-Vision Technologies, Inc. (doing business as MegaSys), a corporation organized under the laws of the Republic of China (“MegaSys”) pursuant to (a) an amended share exchange agreement (the “Share Exchange Agreement”), and (b) a side agreement (the “Side Agreement”), each by and among the Company, MegaSys and the shareholders of MegaSys (the “MegaSys Shareholders”), pursuant to which, among other things, (i) the Company acquired 100% of the issued and outstanding shares of MegaSys common stock (the “MegaSys Common Stock”) in exchange for the issuance of common stock of the Company (“Iveda Common Stock”) to the MegaSys Shareholders, and (ii) MegaSys became a wholly owned subsidiary of Iveda. The Agreement and Side Agreement, both dated March 21, 2011, together replace and supersede a share exchange agreement among the parties previously entered into on January 31, 2011.

Under the terms of the Agreement, which was approved by the boards of directors of both companies, the MegaSys Shareholders will deliver all of the issued and outstanding shares of MegaSys Common Stock in exchange for 1,700,000 shares of Iveda Common Stock. The Side Agreement provides that the MegaSys Shareholders will be entitled up to an additional 2,000,000 shares upon achievement of certain agreed financial milestones.

In five private placement transactions during the period beginning on April 1, 2011 and ending on May 6, 2011, the Company raised approximately \$590,000 in exchange for an aggregate of 725,000 shares of the Company’s common stock.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following discussion should be read in conjunction with the Company's unaudited financial statements and associated notes appearing elsewhere in this Form 10-Q.

Note Regarding Forward-Looking Information

This Quarterly Report on Form 10-Q, including the following "Management's Discussion and Analysis of Financial Condition and Results of Operations," contains forward-looking statements, which involve risks and uncertainties, including statements regarding our capital needs, business strategy, and expectations. Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may," "should," "will," "expect," "plan," "intend," "anticipate," "estimate," "predict," "potential," "forecast," "project" or "continue," the negative of such terms or other comparable terminology.

You should not rely on forward-looking statements as predictions of future events or results. Any or all of our forward-looking statements may turn out to be wrong. They can be affected by inaccurate assumptions, risks and uncertainties, and other factors, which could cause actual events or results to be materially different from those expressed or implied in the forward-looking statements. These factors may cause our actual results to differ materially from any forward-looking statement. In addition, new factors emerge from time to time and it is not possible for us to predict all factors that may cause actual results to differ materially from those contained in any forward-looking statements. We disclaim any obligation to publicly update any forward-looking statements to reflect events or circumstances after the date of this report, except as required by applicable law.

Except as otherwise indicated by the context, references in this Quarterly Report on Form 10-Q to "we," "our," "us," "Iveda," and "the Company" refer to the business of Iveda Solutions, Inc.

Critical Accounting Policies and Estimates

Management's Discussion and Analysis of Financial Conditions and Results of Operations is based upon our financial statements, which have been prepared in accordance with GAAP. The preparation of these financial statements requires the Company's management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ from these estimates under different assumptions or conditions. A description of our critical accounting policies and related judgments and estimates that affect the preparation of our financial statements is set forth in Item 7, "Management's Discussion and Analysis of Financial Conditions and Results of Operations," of our Annual Report on Form 10-K for the year ended December 31, 2010. Such policies are unchanged.

Overview

Iveda Solutions, Inc. began operations on January 24, 2005 under the name IntelaSight, Inc., a Washington corporation doing business as Iveda Solutions (“IntelASight”). On October 15, 2009, IntelASight became a wholly-owned operating subsidiary of Iveda Corporation (formerly known as Charmed Homes, Inc.), a Nevada corporation, through a merger. All Company operations were conducted through IntelASight until December 31, 2010, at which time IntelASight merged with and into Iveda Corporation, which changed its name to Iveda Solutions, Inc. On April 30, 2011, the Company completed its acquisition of Sole-Vision Technologies, Inc. (doing business as MegaSys), a corporation organized under the laws of the Republic of China (“MegaSys”). As of April 30, 2011, MegaSys is a wholly owned subsidiary of the Company.

The Company installs video surveillance equipment, primarily for security purposes, and provides video hosting, archiving, and real-time remote surveillance services with a proprietary reporting system, DSR™ (Daily Surveillance Report), to a variety of businesses and organizations. By consolidating computer power into a single location at the server level, Iveda Solutions creates efficiencies due to economies of scale leveraging cloud computing, which offers more features and flexibility compared to traditional box systems. The Company has a SAFETY Act Designation by the Department of Homeland Security as an anti-terrorism technology provider. The Company’s principal sources of revenue are derived from our video hosting real-time surveillance and equipment sales and installation.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. Since our inception, we have accumulated net losses in the approximate amount of \$7.1 million. As of March 31, 2011, we had shareholder equity of approximately \$163,000, which significantly limits our ability to absorb continuing operating losses in the future. As a result, our ability to continue as a going concern is uncertain.

Results of Operations

Revenue. We recorded revenue of \$283,903 for the three months ended March 31, 2011, compared to \$112,682 for the three months ended March 31, 2010, an increase of \$171,682 or 152%. In the first quarter of 2011, our recurring revenue was \$119,589 or 42% of revenue and our equipment sales and installation revenue was \$164,314 or 58% of revenue, compared to recurring service revenue of \$100,444 or 89% of revenue, and equipment sales and installation revenue of \$12,238 or 11% of revenue for the same period in 2010. The increase in revenue was due to an increase in recurring revenue derived from video hosting and real-time surveillance services over the past year as well as an increase in equipment sales and installation revenue.

Cost of Revenue. Total cost of revenue was \$172,506 (61% of revenues; gross margin of 39%) for the three months ended March 31, 2011, compared to \$99,025 (88% of revenues; gross margin of 12%) for the three months ended March 31, 2010, an increase in gross margin of \$97,740 or 716%. The increase in gross margin to 39% in the first quarter of 2011 from 12% in the first quarter of 2010 was primarily due to the increase in recurring revenue with higher gross margin, equipment sales and installation. In addition, the increase in revenue resulted in increased margins and better utilization of our infrastructure fixed costs.

Operating Expenses. Operating expenses were \$537,606 for the three months ended March 31, 2011, compared to \$545,337 for the three months ended March 31, 2010, a decrease of \$7,731 or 1.5%. The \$7,731 decrease in operating expenses was primarily related to a combination of a decrease in wages and stock compensation, offset by an increase in merger and acquisition costs.

Loss from Operations. Notwithstanding the increases in revenues and related gross profit, as well as a decrease in operating expenses, the Company had a loss from operations. The loss from operations decreased to \$426,209 for the three months ended March 31, 2011, compared to \$531,680 for the three months ended March 31, 2010, a decrease in

loss of \$105,471 or 20%.

13

Other Expense-Net. Other expense-net was \$14,308 for the three months ended March 31, 2011, compared to \$6,235 for the three months ended March 31, 2010, an increase of \$8,073 or 129%. This was due to the Line of Credit Promissory Note which increased our interest expense.

Net Loss. Our net loss decreased to \$440,517 for the three months ended March 31, 2011 from \$537,915 for the three months ended March 31, 2010, which was a decrease of \$97,398 or 18%. This decrease was primarily due to an increase in revenues.

Liquidity and Capital Resources

We had cash and cash equivalents of \$250,455 on March 31, 2011. The decrease in cash from \$355,343 as of December 31, 2010 was due to continued net losses and less capital raised during the period.

Net cash used in operating activities during the three months ended March 31, 2011 and for the three months ended March 31, 2010 was \$119,563 and \$722,688, respectively. Cash used in operating activities for the three months ended March 31, 2011 and 2010, respectively, consisted primarily of the net loss from operations.

Net cash provided by financing activities for the three months ended March 31, 2011, was \$14,675, related primarily to the sale of common stock.

At December 31, 2010, we had approximately \$4.4 million in net operating loss carry forwards available for federal and state income tax purposes. We did not recognize any benefit from these operating loss carry forwards for the year ended 2010 or through the first quarter of 2011. Our operating loss carry forwards expire starting in 2010 and continuing through 2028.

We have experienced significant operating losses since our inception. We entered into a new lease agreement in 2008 and increased our occupancy costs as we increased our lease commitment from 1,411 square feet to 3,667 square feet. Our capital expenditures and working capital requirements could increase depending on our operating results and other adjustments to our operating plan as may be needed to respond to competition or unexpected events.

We believe that our cash on hand as of March 31, 2011 is insufficient to meet our anticipated cash needs for working capital and capital expenditures for the short term. We continually evaluate our working capital needs, and we are seeking to obtain additional working capital through debt and equity offerings. There can be no assurance that additional funds will be available on acceptable terms. In the event that additional funds are not available on acceptable terms, we may be required to reduce the scope of, or cease, operations.

If we are unable to quickly increase our sales, we will need to raise additional capital during the year and may be required to reduce labor expenses to maintain our existing operations.

On September 15, 2010, the Company, as borrower, issued a Line of Credit Promissory Note (the "Note") to Gregory Omi, a director of the Company, as lender, in the principal sum of up to Three Hundred Fifty Thousand Dollars (\$350,000). The line of credit will be used for the sole purpose of purchasing equipment, software, and other infrastructure-related items to fulfill commitments to a government agency in Mexico. The unpaid principal of the line of credit shall bear simple interest at the rate of 1.5% per month or 18% per annum. The principal balance of the Note shall be due and payable no later than six months after each disbursement. The Note was secured by receivables from the government agency in Mexico. As of March 31, 2011, the balance of the Note was \$197,000. The balance was repaid in full in April 2011.

Four customers each represented greater than 10% (24%, 15%, 13% and 11%) of total revenue for the three months ended March 31, 2011. In related party transactions, entities owned by Ross Farnsworth, either through a family partnership or through his majority owned limited liability company (6% of total revenues), have been customers since 2005 and are no longer under long-term service contracts with the Company. As a result, the Farnsworth entities could terminate their service with the Company without penalty. No other customers represented greater than 10% of total revenues in the three months ended March 31, 2011.

Substantially all cash is deposited in one financial institution. At times, amounts on deposit may be in excess of the FDIC insurance limit.

Recent Developments

On April 30, 2011, the Company closed its acquisition of Sole-Vision Technologies, Inc. (doing business as MegaSys), a corporation organized under the laws of the Republic of China (“MegaSys”) pursuant to (a) an amended share exchange agreement (the “Share Exchange Agreement”), and (b) a side agreement (the “Side Agreement”), each by and among the Company, MegaSys and the shareholders of MegaSys (the “MegaSys Shareholders”), pursuant to which, among other things, (i) the Company acquired 100% of the issued and outstanding shares of MegaSys common stock (the “MegaSys Common Stock”) in exchange for the issuance of common stock of the Company (“Iveda Common Stock”) to the MegaSys Shareholders, and (ii) MegaSys became a wholly owned subsidiary of Iveda. The Agreement and Side Agreement, both dated March 21, 2011, together replace and supersede a share exchange agreement among the parties previously entered into on January 31, 2011.

Under the terms of the Agreement, which was approved by the boards of directors of both companies, the MegaSys Shareholders will deliver all of the issued and outstanding shares of MegaSys Common Stock in exchange for 1,700,000 shares of Iveda Common Stock. The Side Agreement provides that the MegaSys Shareholders will be entitled up to an additional 2,000,000 shares upon achievement of certain agreed financial milestones.

In five private placement transactions during the period beginning on April 1, 2011 and ending on May 6, 2011, the Company raised approximately \$590,000 in exchange for an aggregate of 725,000 shares of the Company’s common stock.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

As a smaller reporting company, the Company is not required to provide Part I, Item 3 disclosures in this Quarterly Report.

ITEM 4. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of the design and operation of our disclosure controls and procedures, as such term is defined under Rules 13a-14(c) and 15d-14(c) promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), as of March 31, 2011. Based on our evaluation, our principal executive officer and our principal financial officer concluded that the design and operation of our disclosure controls and procedures were not effective as of March 31, 2011.

Changes in Internal Control over Financial Reporting

There have not been any changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(d) and 15d-15(d) under the Exchange Act) during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Limitations on the Effectiveness of Controls

Our management, including our principal executive officer and principal financial officer, does not expect that our disclosure controls and internal controls will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within Iveda have been detected. These inherent limitations include the realities that judgments in decision making can be faulty, and that breakdowns can occur because of a simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management or Board override of the control.

The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

Identified Material Weakness

Personnel and Segregation of Duties: As of March 31, 2011, the Company had only one employee knowledgeable in SEC accounting and reporting. As a result, there is a lack of proper segregation of duties necessary to insure that all transactions are accounted for accurately and in a timely manner.

Management's Remediation Initiatives

As our resources allow, we plan to add financial personnel to our management team in order to properly segregate the duties necessary for accurate and timely financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

On December 14, 2010, Iveda was named as a defendant in a lawsuit filed in United States District Court for the Central District of California. In addition, on April 11, 2011, Iveda was named as a defendant in a lawsuit filed in United States District Court for the District of Delaware. Both complaints suits allege that Iveda's Real Time Remote Video Surveillance System infringes patents licensed by the respective plaintiffs and seeks adjudications that the specified patents have been infringed, awards of unspecified damages and permanent injunctions enjoining further acts of infringement. See Joao Control & Monitoring Systems of California, LLC v. Acti Corporation Inc., et al., No. 10-CV-01909 (C.D. Cal.) (December 15, 2010) and Walker Digital, LLC v. Arrow Security, Inc., No. 10-CV-00310 (D. Del.) (April 11, 2011). While the Company is not in a position to assess the probability or likelihood of an unfavorable outcome in these matters at the current time, Iveda intends to vigorously defend against these allegations.

ITEM 1A. RISK FACTORS.

As a smaller reporting company, the Company is not required to provide Part II, Item 1A disclosures in this Quarterly Report.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

In addition to issuances of equity securities previously reported on Form 8-K, the Company made the following additional issuances of equity securities during the reporting period:

- On March 22, 2011, the Company received \$20,000 and will issue 5,000 shares of the Company's common stock to each of Shirley Call, Kathleen Connal, Hans Peyer and Charles Thomas.
- On March 24, 2011, the Company received \$10,000 and will issue 10,000 shares of the Company's common stock to the John L. Broan revocable trust.

These issuances were made pursuant to Section 4(2) of the Securities Act of 1933, as amended, Regulation D, and Rule 506 promulgated thereunder.

ITEM 3. DEFAULT ON SENIOR SECURITIES.

None.

ITEM 5. OTHER INFORMATION.

None.

ITEM 6.

EXHIBITS.

Exhibit Number	Description
2.1	Share Exchange Agreement, dated March 21, 2011, by and among Iveda Solutions, Inc., a Nevada corporation, Sole-Vision Technologies, Inc.
