Notes to the Financial Statements

March 31, 2011 (Unaudited)

Note 1 – Basis of Financial Statement Presentation

The accompanying unaudited financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted in accordance with such rules and regulations. The information furnished in the interim financial statements include normal recurring adjustments and reflects all adjustments, which in the opinion of management, are necessary for a fair presentation of such financial statements. Although management believes the disclosures and information presented are adequate to make the information not misleading, it is suggested that these interim financial statements be read in conjunction with the Company's audited financial statements and notes thereto included in its September 30, 2010 Form 10K filing. Operating results for the six months ended March 31, 2011 are not necessarily indicative of the results that may be expected for the fiscal year ending September 30, 2011.

Note 2 – Significant Transactions

Collaboration agreement

On March 10, 2011 the Company entered into an NDA (Non-disclosure Agreement) with a large Farm and Fleet distributor to enter into discussions concerning certain Company technologies, technology development, and other potential collaborative efforts relating to business matters and or technologies of mutual interest. The sole purpose of these discussions is for the evaluation of these Company technologies for use in commercial and companion retail markets preliminary to possible subsequent proposals and or agreements of mutual interest under terms to be established. As of the time of this document, no purchase orders have been placed.

Equity Transactions

On May 1, 2010 the Company commenced a private stock offering, whereby it authorized the issuance of 5,000,000 shares of its common stock for total proceeds of \$500,000. As of March 31, 2011 \$107,005 of the \$500,000 was raised and 1,070,050 shares of common stock were issued.

Note 3 – Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company is poorly capitalized and has had recurring operating losses, negative cash flows from operations and recurring negative working capital for the past several years and is dependent upon financing to continue operations. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. It is management's plan to continue to implement their strategy of acquiring new customers and accepting reorders from existing customers. As the Company's revenues become more established, management expects to report net income. With the expansion of sales, management believes that the Company will eventually generate positive cash flow from operations. In the interim, management believes that shortfalls in cash flow will be satisfied with funds raised from bridge loans, convertible debt and additional private stock offerings that are in compliance with Securities and Exchange Commission rules and regulations governing the same.

Note 4 – Subsequent Events

On May 3, 2011 the Company filed a Form 8-K with the SEC Item 4.01, Changes in Registrant's Certifying Accountant. The Registrant, as of May 3, 2011 has engaged the services of Stowe & Degon LLC, 95A Turnpike Road, Westborough, MA, to act as the Registrant's independent auditor to perform the audit for fiscal year 9/30/2011 (see exhibit).

Organic Sales and Marketing, Inc. has evaluated subsequent events for the period March 31, 2011 through the date that the financial statements were issued and concluded there were no other events or transactions occurring during this period that required recognition of disclosure in its financial statements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Liquidity and Capital Resources

Cash was \$142,877 at March 31, 2011 compared to \$46,237 as of FYE September 30, 2010 or an increase of \$96,640. Net cash flows from operating activities increased by \$339,038 from the prior fiscal year end. The net loss of the Company of \$294,672 during the six months ended March 31, 2011 is offset, in part, by stock based compensation recognized during the period in the amount of \$136,142. Net Cash Provided by Financing Activities was \$30,090 during the six months ended March 31, 2011 compared to \$277,751 during the same period in the prior year or a decrease of \$247,661 or 89%. This is mainly due to a significant decrease in borrowings from related parties.

Results of Operations

Three and Six Months Ended March 31, 2011 Compared to the Three and Six Months Ended March 31, 2010

Products sales for the quarter totaled \$135,549 compared to \$43,613 for the same period in the prior year, with a year to date increase of 87.6%. This increase in sales is mainly due to the increase in the natural fertilizer sales as part of the joint venture with Land O'Lakes / Purina. These sales of Bradfield Organics and private label fertilizers are at lower margins than our other lines, which is why the gross profit margin decreased between periods.

Operating expenses decreased by 29.5% during the quarter and 17.6% year to date compared to the same periods in the prior year, primarily due to ongoing cost cutting measures in both selling expenses and general and administrative costs.

Other Income has increased by \$21,088 in the current quarter and \$36,088 year to date vs the same periods in the prior year. This is due to a sales and marketing agreement with a major vendor as discussed in the Company's 8-K filing dated February 8th 2011.

Interest expense decreased 10.1% for the quarter and 14.5% year to date, in primarily due to the Notes Payable - Related Party decreases as discussed in the footnotes to the Financial Statements included in this filing.

Forward Looking Statements

Please refer to Part II, Item 7 of Form 10K for the year ended September 30, 2010, which is incorporated by reference herein.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We believe that there have been no significant changes in our market risk exposures for the three months ended March 31, 2011.

Item 4. Controls and Procedures

We maintain disclosure controls and procedures, as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that are designed to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required financial disclosures. Because of inherent limitations, our disclosure controls and procedures, no matter how well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of such disclosure controls and procedures are met.

As of the end of the period covered by this Report we conducted an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rules 13a-15(b) and 15d-15(b). Based on this evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were ineffective as of March 31, 2011.

There was no change in our internal control over financial reporting during the three months ended March 31, 2011, that materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Part II – Other Information

Item 1. Legal Proceedings

The Company is the defendant in a lawsuit commenced by Entercom Boston LLC in Superior Court, Suffolk, MA. (CA 10-1652E) on May 17, 2010. Plaintiff alleges that Registrant owes approximately \$64,000 for advertising and air time. OSM has asserted a counterclaim, asserting breach of contract and other defenses.

The Company and Saga Communications of New England, LLC. d/b/a WZAN-AM Radio settled in an out of court settlement for the sum of \$3175.00 on Monday April 25, 2011.

Item 1A. Risk Factors.

- Reliance on Investment Funds

We just recently started to receive meaningful cash flow from customer sales. We expect that for the short term future, we will still rely on external funding sources, primarily equity capital, to finance our operations. While we believe that increasing cash flow from customer sales will ultimately provide adequate funds to permit us to become self-sufficient, possibly, by the end of 2010; until then, we will continue to require additional capital from investors. If we were unable to obtain such funding from outside sources, we would likely be forced to reduce the level of our operations and business failure could become a real possibility.

- Trading Market

Our stock officially began trading on Monday, May 5, 2008 on the Over The Counter Electronic Bulletin Board under the trading symbol; OGSM. The Company is now listed on the Pink Sheets under the trading symbol; OGSM.PK. Even with our shares being traded publicly, there is a substantial “overhang” of outstanding shares that would be eligible for sale under Rule 144. Such sales, if they were to occur, could tend to suppress the market value of our shares for some time.

- Provisions of our Certificate of Incorporation, By-laws and Delaware Law

Provisions of our Certificate of Incorporation, By-laws and Delaware law may make it more difficult for someone to acquire control of us or for our stockholders to remove existing management, and might discourage a third party from offering to acquire us, even if a change in control or in management would be beneficial to our stockholders. For example, our Certificate of Incorporation allows us to issue different series of shares of common stock without any vote or further action by our stockholders and our Board of Directors has the authority to fix and determine the relative rights and preferences of such series of common stock. As a result, our Board of Directors could authorize the issuance of a series of common stock that would grant to holders the preferred right to our assets upon liquidation, the right to receive dividend payments before dividends are distributed to the holders of other common stock and the right to the redemption of the shares, together with a premium, prior to the redemption of other series of our common stock.

Item 6. Exhibits

- 31.1 Certification pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 from the Company's Chief Executive Officer.
- 31.2 Certification pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 from the Company's Chief Financial Officer.
- 32.1 Certification pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 from the Company's Chief Executive Officer.
- 32.2 Certification pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 from the Company's Chief Financial Officer.
