PART III  
NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Although the management of DGSE Companies, Inc., a Nevada corporation (the "Registrant"), has been working diligently to complete all the required information for its Annual Report on Form 10-K (the "Form 10-K") for the fiscal year ended December 31, 2011, and a substantial part of such information has been completed as of this date, the Registrant needs additional time to compile certain information required to be included in the Form 10-K, and the Registrant's management does not believe the Form 10-K can be completed by the March 30, 2012 prescribed due date without unreasonable effort and expense.

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the Registrant was required to file such report(s) been filed? Yes  No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

As described in Part III above, the management of the Registrant has been working diligently to complete all the required information for the Form 10-K for the fiscal year ended December 31, 2011, and a substantial part of such information has been completed as of this date, but the Registrant needs additional time to compile certain information required to be included in the Form 10-K. The acquisition of Southern Bullion Trading during September, 2011, changes in the Registrant's management, and ongoing review of the Registrant's accounting records precludes the Registrant from providing a reasonable estimate of the results of operation for the fiscal year ending December 31, 2011 at this time.

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.
