QUESTIONS AND ANSWERS FOR ANNUAL MEETING

Q: Who is asking for my vote and why am I receiving this document?

A: The Board of Directors asks that you vote on the matters listed in the Notice of Annual Meeting of shareholders that, are more fully described in this Proxy Statement.

We are providing this Proxy Statement and related proxy card to our shareholders in connection with the solicitation by the Board of Directors of proxies to be voted at the Meeting. A proxy, if duly executed and not revoked, will be voted in accordance with the specific instructions noted on the proxy and, if it does not contain specific instructions, will be voted in accordance with the recommendations of the Board of Directors set forth in this Proxy Statement.

Q: Who is entitled to vote?

A: You may vote if you owned shares of our common stock (Common Stock) or shares of our convertible preferred stock (Preferred Stock) on April 17, 2013, the date established by the Board of Directors under Nevada law and our by-laws for determining shareholders entitled to notice of and to vote at the Meeting. On the record date, there were outstanding 57,236,265 shares of Common Stock and 54,849 shares of Preferred Stock. Each share of Common Stock outstanding on the record date is entitled to one vote. Each share of Preferred Stock outstanding on the record date is entitled to one vote for each share of Common Stock into which such Preferred Stock may be converted into on the record date, except with respect to Series A-1 Convertible Preferred Stock held by Mr. John V. Winfield, the Chairman of our Board of Directors, and entities that he controls (the Winfield Group), which entitles Winfield Group to five votes for each share of Common Stock into which such Preferred Stock may be converted on the record date.

Q: What is a proxy?

A: A proxy is your legal designation of another person to vote your stock. If you designate someone in writing as your proxy or proxy holder, that document is also called a proxy or a proxy card. Messrs. William J. Nance and Robert A. Reseigh have been designated as proxies or proxy holders for the Meeting. 1

Q: What is a voting instruction?

A: A voting instruction is the instruction form you receive from your bank, broker or its nominee if you hold your shares of Common Stock in street name. The form instructs you on how to direct your bank, broker or its nominee, as record holder, to vote your shares of Common Stock.

Q: What am I voting on at the Meeting?

A: You will be voting on the following matters at the Meeting:

Election of the five named nominees to the Board of Directors;

Ratification of Deloitte & Touche LLP as the Company's independent registered public accounting firm;

Approval of a non-binding advisory resolution relating to the compensation of our named executive officers; Approve a non-binding advisory proposal on the frequency of the shareholder votes (every one, two, or three years) relating to the compensation of our named executive officers; and

Any other business that may properly come before the Meeting or any adjournments or postponements thereof.

Q: How many votes must be present to hold the Meeting?

A: In order for the Meeting to be conducted, one-third of the outstanding shares of Common Stock as of the record date must be represented in person or by proxy at the Meeting. This is referred to as a quorum. Abstentions, withheld votes and shares held of record by a bank, broker or its nominee (broker shares) that are voted on any matter (including an abstention or withheld vote by broker shares) are included in determining the number of votes present. Broker shares that are not voted on any matter will not be included in determining whether a quorum is present.

Q: What vote is needed to elect directors?

A: The election of each nominee for director requires the affirmative vote of the holders of a plurality of the shares of Common Stock and Preferred Stock voted in the election of directors.

Q: What vote is needed to ratify the appointment of Deloitte & Touche LLP?

A: The ratification of the appointment of Deloitte & Touche LLP requires that votes cast in favor of the ratification exceed the number of votes cast in opposition to the ratification.

Q: What vote is needed to approve the non-binding advisory resolution relating to the compensation of our named executive officers?

The approval of the non-binding advisory resolution relating to the compensation of our named executive officers requires that votes cast in favor of the proposal exceed the number of votes cast in opposition to the proposal.

A: Because your vote is advisory in nature, it will not be binding on the Company or the Board of Directors. However, the Board of Directors will review the results of the voting on this resolution and consider them when making future decisions on executive compensation.

Q: What vote is needed to approve the non-binding advisory proposal on the frequency of the shareholder votes (every one, two or three years) relating to the compensation of our named executive officers?

A: The non-binding advisory vote on the frequency of shareholder votes related to the compensation of our named executive officers will require you to choose between a frequency of every one, two or three years or to abstain from voting on that proposal. Note that shareholders are not voting to approve or disapprove the recommendation of the Board of Directors with respect to this proposal. Because your vote is advisory, it will not be binding on the Company or the Board of Directors. However, the Board of Directors will review the results of the voting on this resolution and take them into consideration when making future decisions regarding the frequency of the advisory vote on executive compensation.

Q: What are the voting recommendations of the Board of Directors?

A: The Board of Directors recommends that shareholders vote **FOR** all of the proposed nominees for director, **FOR** the ratification of the appointment of Deloitte & Touche LLP, **FOR** a non-binding resolution approving the compensation of our named executive officers, and **FOR** a three-year frequency for the non-binding shareholder vote on the compensation of our named executive officers.

Q: How do I vote?

A: Registered shareholders (shareholders who hold Common Stock or Preferred Stock in certificated form as opposed to through a bank, broker, or other nominee) may vote in person at the Meeting or by proxy. Registered shareholders may submit their proxies by completing, signing and dating the enclosed proxy card and returning it in the enclosed postage-paid envelope.

Shareholders who hold Common Stock through banks, brokers or other nominees (street name shareholders) who wish to vote at the Meeting should be provided voting instructions on the instruction form provided to them from the institution that holds their shares. If this has not occurred, please contact the institution that holds your shares. Street

name shareholders may also be eligible to vote their shares electronically by following the voting instructions provided by the bank, broker or other nominee that holds the shares, using either the toll-free telephone number or the Internet address provided on the voting instruction form, or otherwise complete, date and sign the voting instruction form and return it promptly in the enclosed postage-paid envelope.

Q: Can I attend the Meeting?

A: The Meeting is open to all holders of our Common Stock and Preferred Stock as of the record date, April 17, 2013. However, space is limited and seating at the meeting will be available on a first-come, first-served basis. You may vote by attending the Meeting and voting in person. Even if you plan to attend the Meeting, however, we encourage you to vote your shares by proxy. We will not permit cameras, recording devices or other electronic devices at the Meeting.

Q: Can I change or revoke my vote?

A: Any shareholder giving a proxy may change or revoke it at any time before it is voted at the Meeting. A proxy can be changed or revoked by; delivering a later dated proxy, or written notice of revocation, to our Secretary at the address listed under Shareholder Proposals, or

appearing at the Meeting and voting in person.

If you decide to vote by completing, signing, dating and returning the enclosed proxy card, you should retain a copy of the proxy card in the event that you decide later to change or revoke your proxy at the Meeting. Your attendance at the Meeting will not itself revoke a proxy.

If you are a shareholder whose stock is held in street name with a bank, broker or other nominee, you must follow the instructions found on the voting instruction form provided by the bank, broker or other nominee, or contact your bank, broker or other nominee in order to change or revoke your previously given proxy.

Q: How will my shares be voted if I sign, date and return my proxy card or voting instruction form, but do not provide complete voting instructions with respect to each proposal?

A: Shareholders should specify their choice for each matter on the enclosed proxy. If no specific instructions are given, it is intended that all proxies that are signed and returned will be voted **FOR** the election of all nominees for director, **FOR** the ratification of the appointment of Deloitte & Touche LLP, **FOR** a non-binding advisory resolution relating to the compensation of our named executive officers, and **FOR** a three-year frequency for the non-binding advisory proposal on the frequency of the shareholder votes on the compensation of our named executive officers. As to any other business that may properly

come before the Meeting, the persons named in the enclosed proxy card or voting instruction will vote the shares of Common Stock or Preferred Stock represented by the proxy in the manner as the Board of Directors may recommend, or otherwise in the proxy holders' discretion. The Board of Directors does not presently know of any other such business.

Q: How will my shares be voted if I do not return my proxy card or my voting instruction form?

A: It will depend on how your ownership of shares is registered. If you own your shares as a registered holder, which means that your shares are registered in your name with Corporate Stock Transfer, our transfer agent, your shares will only be voted if Corporate Stock Transfer receives specific voting instructions from you. Otherwise, your unvoted shares will not be represented at the Meeting and will not count toward the quorum requirement, which is explained under "Questions and Answers - How many votes must be present to hold the Meeting?" above, unless you attend the Meeting to vote them in person.

If you are a shareholder whose shares of Common Stock are held in street name, meaning that your shares are registered in the name of your bank, broker or other nominee, your bank, broker or other nominee may not vote your shares in its discretion (with certain limited exceptions) unless you have provided voting instructions to the bank, broker or its nominee.

Under the rules of the NYSE MKT, LLC ("NYSE MKT"), your broker may vote your shares in its discretion on routine matters. Based on the rules of the NYSE, we believe that the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm is a routine matter for which brokerage firms may vote in their discretion on behalf of their clients if no voting instructions are provided. Therefore, if you are a shareholder whose shares of Common Stock are held in street name with a bank, broker or other nominee and you do not return your voting instruction form, your bank, broker or other nominee may vote your shares on the ratification of the appointment by the Audit and Finance Committee of Deloitte & Touche LLP as our independent registered public accounting firm.

Q: Where can I find the results of the Meeting?

A: We intend to announce preliminary voting results at the Meeting and publish final results through a Current Report on Form 8-K that we will file with the Securities and Exchange Commission (the "SEC") within four business days of the Meeting.

Q: Who pays for the solicitation of proxies?

A: We will pay for the cost of the solicitation of proxies.

Q: Could other matters be decided at the Meeting?

A: As of the date of the mailing of this Proxy Statement, the Board of Directors did not know of any other business that might be brought before the Meeting. However, if any other matters should properly come before the Meeting or any adjournment or postponement thereof, it is the intention of the persons named in the accompanying proxy to vote on such matters as they, in their discretion, may determine.

Q: Where can I find the corporate governance materials?

A: Our Corporate Governance Guidelines, including our independence standards for members of the Board of Directors, our Code of Conduct and Ethics and the charters of our Audit and Finance Committee, Compensation Committee and Nominating and Governance Committee, are available on our Internet website at <http://www.comstockmining.com/corporate/corporate-governance> and are available in print to any shareholder upon request by contacting our investor relations department as described below.

Box 1118, Virginia City, Nevada 89440, Attention: Chairman of the Nominating and Governance Committee. The Chairman of the Nominating

Absent a conflict of interest, the Chairman of the Nominating and Governance Committee is responsible for evaluating the materiality of each shareholder communication and determining whether further distribution is appropriate, and, if so, whether to (1) the full Board of Directors, (2) one or more committee members, (3) one or more Board members and/or (4) other individuals or entities.

Corporate Governance

We are managed under the direction of the Board of Directors, which has adopted Corporate Governance Guidelines to set forth certain corporate governance practices. The Corporate Governance Guidelines are available on our website at http://www.comstockmining.com/files/corporate-governance/ComstockMining_CorporateGovernanceGuidelines_20101231.pdf. The information contained on our website is not part of this Proxy Statement.

These guidelines cover such matters as purpose and powers, composition, meetings, procedures, required responsibilities and discretionary activities which our Board or the appropriate committee should periodically consider undertaking. Each committee is authorized to exercise all power of our Board with respect to matters within the scope of its charter.

The Corporate Governance Guidelines require, among other things, that:

a majority of the directors shall be independent within the NYSE MKT listing standards; if a member of the Audit and Finance Committee simultaneously serves on an audit committee of more than three public companies, our Board must determine that such service would not impair the ability of such member to effectively serve on the Audit and Finance Committee; our Board shall meet in regular sessions at least four times annually (including telephonic meetings and the annual retreat described below); and our Board may have an annual retreat with executive officers where there will be a full review of financial statements and financial disclosures, long-term strategies, plans and risks, and current developments in corporate governance. Our Corporate Governance Guidelines and committee charters are not intended to, and do not, expand or increase the duties, liabilities or responsibilities of any director under any circumstance beyond those that a director would otherwise have under applicable laws, rules and regulations in the absence of such Governance Guidelines or charters.

Independence of Directors

The Board of Directors has determined that Messrs. Kappes, Nance, Reseigh and Winfield are independent directors within the listing standards of the NYSE MKT and the independence standards of our Corporate Governance Guidelines.

In order for a director to be considered independent by the Board of Directors, he or she must (1) be free of any relationship that, applying the rules of the NYSE MKT, would preclude a finding of independence and (2) not have any material relationship (either directly or as a partner, shareholder or officer of an organization) with us or any of our affiliates or any executive officer of us or any of our affiliates (exclusive of relationships based solely upon investment). In evaluating the materiality of any such relationship, the Board of Directors takes into consideration whether disclosure of the relationship would be required by the proxy rules under the Exchange Act. If disclosure of the relationship is required, the Board of Directors must make a determination that the relationship is not material as a prerequisite to finding that the director is independent.

Board of Directors Meetings

The Board of Directors meets on a regularly scheduled basis during the year to review significant developments affecting us and to act on matters requiring Board of Directors approval, and may hold special meetings between scheduled meetings when appropriate. During 2012, the Board of Directors and its committees held twelve meetings. Each of the directors attended over 75% of the aggregate of (1) the total number of meetings of all committees of the

Board of Directors on which the director then served and (2) the total number of meetings of the Board of Directors, with the exception of Mr. Reseigh with regard to the audit committee.

8

Board of Directors Leadership Structure and Role in Risk Oversight

Our Company is led by John Winfield, who has served as our Chairman of the Board since 2011.

The Board is responsible for overseeing risk management, and receives periodic reports from management. We believe that having a separate Chairman and Chief Executive Officer is the correct form of leadership for our Company. We have two leaders for our Company focused on the vision for the Company, and enhancing shareholder value, management and strategic planning, respectively, and oversight of Company operations by experienced directors. We believe that our directors provide effective oversight of the risk management function, especially through dialogue between the Board and our management.

Executive Officers

The Company had two executive officers in 2012, Mr. De Gasperis, the President and Chief Executive Officer of the Company, who also serves as the Company's principal financial officer, and Mark Jewett, who serves as the Chief Accounting Officer of the Company. See page 6 for Mr. De Gasperis' biographical information. Mr. Jewett's biographical information appears below.

Mark A. Jewett joined the Company in September 2011 and has been Chief Accounting Officer of the Company since December 2011. Mr. Jewett has over 25 years of accounting and financial experience. Mr. Jewett has held senior financial positions with various public and private companies including; Chief Financial Officer of Epiphany Management Solutions, MercuryMD, Inc. and Horizon Medical Products, Inc. Chief Accounting Officer of eTrials Worldwide, Inc. He was also employed by the international accounting firm Arthur Andersen & Company. Mr. Jewett holds Bachelors of Science degrees in Accounting and Computer Science from Milligan College and a Masters of Accountancy degree from East Tennessee State University. He is a Certified Public Accountant and Certified Internal Auditor. Mr. Jewett resigned from the Company effective as of April 26, 2013.

Code of Conduct and Ethics

The Code of Conduct and Ethics applies to all employees, including senior executives, and all directors. It is intended, at a minimum, to comply with the listing standards of the NYSE MKT, the Sarbanes-Oxley Act of 2002 and the SEC rules adopted thereunder. Only our Board or the Audit and Finance Committee may waive the provisions of our Code of Conduct and Ethics for executive officers and directors.

Board Committees

The Board has established three standing committees, the Audit and Finance Committee, the Compensation Committee and the Nominating and Governance Committee, and periodically establishes other committees, in each case so that certain important matters can be addressed in greater depth than may be possible in a meeting of the entire Board. Under the committee charters described below, members of the three standing committees must be independent directors within the meaning of the listing standards of the NYSE MKT. Further, members of the Audit and Finance Committee must be independent directors within the meaning of the Sarbanes-Oxley Act of 2002, must satisfy the expertise requirements of the listing standards of the NYSE MKT and must include an audit committee financial expert within the meaning of the SEC rules. Our Board has determined that the three standing committees currently consist of members who satisfy such requirements.

Audit and Finance Committee

The Audit and Finance Committee assists our Board in discharging and performing its duties and responsibilities with respect to the financial affairs of the Company.

Without limiting the scope of such activities, the Audit and Finance Committee has responsibility to, among other things:

select, retain, determine appropriate compensation of (and provide for payment of such compensation), evaluate and, as appropriate, terminate and replace the independent registered public accounting firm;
review and, as appropriate, approve, prior to commencement, all audit and non-audit services to be provided by the independent registered public accounting firm;
review regularly with management and the independent registered public accounting firm any audit problems or difficulties and management's responses thereto;
resolve or direct the resolution of all material disagreements between management and the independent registered public accounting firm regarding accounting and financial reporting;
review with management and the independent registered public accounting firm, among other things, all reports delivered by the independent registered public accounting firm with respect to critical accounting policies and practices used, alternative treatments of financial information available under generally accepted accounting principles and other written communications between the independent registered public accounting firm and management, together with their ramifications and the preferred treatment by the independent registered public accounting firm;
meet at least once annually with management and the independent registered public accounting firm in separate sessions;
assess the adequacy of codes of conduct, including codes relating to ethics, integrity, conflicts of interest, confidentiality, public disclosure and insider trading and, as appropriate, adopt changes thereto;
direct the establishment and maintenance of procedures for the receipt and retention of, and the treatment of, complaints received regarding accounting, internal control or auditing matters; and
direct the establishment and maintenance of procedures for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

Members of the Audit and Finance Committee are William Nance, Daniel Kappes and Robert Reseigh. The Board has determined that each member of the Audit and Finance Committee meets the financial literacy requirements of the NYSE MKT and SEC. William Nance qualifies as an audit committee financial expert as that term is defined in the rules and regulations of the SEC. The designation of William Nance as an audit committee financial expert does not impose on him any duties, obligations or liability that are greater than those that are generally imposed on him as a member of our Audit and Finance Committee and the Board, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of our Audit and Finance Committee or the Board.

Compensation Committee

The Compensation Committee assists our Board in discharging and performing its duties with respect to management compensation, succession planning, employee benefits and director compensation.

Without limiting the scope of such activities, the Compensation Committee shall, among other things:

annually determine the compensation of the Chief Executive Officer, review and approve the corresponding goals and objectives and evaluate the performance of the Chief Executive Officer in light of such goals and objectives;

review and approve, as appropriate, annually compensation of the other executive officers and directors and review compensation of other members of senior management;

10

assess organizational systems and plans, including those relating to management development and succession planning;

administer stock-based compensation plans; and
review the Compensation Discussion and Analysis for inclusion in our proxy statement.

Members of the Compensation Committee are William Nance and Robert Reseigh, each of whom satisfies the independence requirements of NYSE MKT and SEC rules and regulations. Each member of our Compensation Committee is a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code).

The Nominating and Governance Committee

The Nominating and Governance Committee assists our Board in discharging and performing its duties and responsibilities with respect to nomination of directors, selection of committee members, assessment of performance of our Board and other corporate governance matters. Without limiting the scope of such activities, the Nominating and Governance Committee shall, among other things:

review candidates for nomination for election as directors submitted by directors, officers, employees and stockholders; and

review at least annually the current directors of our Board to determine whether such individuals are independent under the listing standards of the NYSE MKT and the SEC rules under the Sarbanes-Oxley Act of 2002.

Members of the Nominating and Governance Committee are William Nance and Robert Reseigh, each of whom satisfies the independence requirements of NYSE MKT and SEC rules and regulations.

There have been no material changes to the procedures by which our shareholders may recommend nominees to the Company's Board of Directors. Shareholders may recommend nominees to the Company's Board of Directors by following the instructions set forth in this Proxy Statement under the caption "How do I communicate with the Board of Directors?" Please note that, pursuant to the terms of the Series A-1 Preferred Stock, the Winfield Group is granted the right to nominate one director for the Board and to name John V. Winfield as a director and pursuant to the terms of the employment agreement of Mr. De Gasperis, the Company agreed to take all actions as may be necessary to elect Mr. De Gasperis as a director of the Company.

Attendance at Annual Meeting

We expect all directors to attend the annual meeting of shareholders each year.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board of Directors has adopted a written related person transaction policy that governs the review, approval or ratification of covered related person transactions. The Audit and Finance Committee manages this policy. The policy generally provides that we may enter into a related person transaction only if: the Audit and Finance Committee approves or ratifies such transaction in accordance with the guidelines set forth in the policy and if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party; or the transaction is approved by the disinterested members of the Board of Directors; or the transaction involves compensation approved by our Compensation Committee. For information about certain relationships between our director nominees and the Company, please see below:

Northern Comstock LLC

On October 20, 2010, the Company entered into an operating agreement (the Operating Agreement) to form Northern Comstock LLC (Northern Comstock) with Mr. Winfield, and an entity controlled by Mr. Winfield, DWC Resources, Inc. (DWC). As part of the Operating Agreement, the Company obtained the exclusive rights of production and exploration on certain property formerly owned by DWC in Storey County, Nevada (the DWC Property) and two parcels leased by Mr. John Winfield in Storey County, Nevada from the Sutro Tunnel Company (the Sutro Property) and Virginia City Ventures (the VCV Property).

Pursuant to the terms of the Operating Agreement, DWC contributed the DWC Property to Northern Comstock and John Winfield contributed his rights under the Sutro Property and the VCV Property leases to Northern Comstock. The Company contributed 862.5 shares of Series A-1 Preferred Stock and contributes its services in the area of mine exploration, development and production to Northern Comstock. The terms of the Operating Agreement provide that on each anniversary of the Operating Agreement, up to and including the thirty-ninth (39th) anniversary, the Company will make additional capital contributions in the amount of \$862,500, in the form of Series A-1 Preferred Stock or cash (upon request of Northern Comstock, which request for cash can be denied by the Company in certain circumstances). In addition, the Operating Agreement provides that each time more than 200,000 additional gold equivalent ounces of measured and indicated resources are validated, the capital contributions for such year will be accelerated to \$5 million or 5,000 shares of Series A-1 Preferred Stock. Based on the Company's latest validated resource report, issued in January 2013, a capital contribution in the form of 5,000 shares of Series A-1 Preferred Stock is expected in the second quarter of 2013.

The Operating Agreement further provides the Company with the exclusive rights of development, production, mining and exploration on the respective properties and requires the Company to make certain expenditures toward that end. Under the terms of the Operating Agreement, all cash flows from the bullion or other minerals recovered from the ore mined out of the ground but untreated and minerals produced from the milling or reduction of ore to a higher grade produced from the DWC Property, Sutro Property or VCV Property, as applicable, or finished products produced from any such property, will be distributed to the Company after the payment of royalties associated with such properties.

Mineral production from the DWC Property is subject to a royalty on a sliding scale. At market gold prices over \$750 per ounce, production of the first 500,000 ounces is subject to a 3% NSR. Production over 500,000 ounces is subject to a 6% NSR. Mineral production from the DWC Property is also subject to a 1% NSR payable to Mr. Art Wilson.

Mineral production on the Sutro Property is subject to a royalty on a sliding scale to John Winfield. At gold prices over \$250 per ounce, production of the first 500,000 ounces is subject to a 1% NSR. Production over 500,000 ounces is subject to a 2% NSR. A separate royalty of 5% NSR is also payable to the Sutro Tunnel Company on all production from the Sutro Property. Mineral production from the VCV Property is subject to a 5% NSR. The Company will make advance minimum royalty payments of \$6,000 per year on each of the Sutro Property and the VCV Property leases.

Each lease is for an initial term of five years. We have the option, if we believe the property warrants further development, to extend an additional five years and then continuously thereafter as long as exploration, development, mining, or processing operations are conducted on a continuous basis.

Tax Indemnification

On October 20, 2010, the Company exchanged all of its senior secured convertible and senior indebtedness owed to members of the Winfield Group for newly created Series A-1 Preferred Stock. As part of the exchange, the Company agreed to indemnify the Winfield Group for any amounts as part of the exchange that are determined to be taxable as ordinary income to each member of the Winfield Group. Such indemnification amounts (the Indemnity Amount) would include (i) any federal, state and local income tax, penalties and interest such member is actually obligated to pay out-of-pocket as a result of such determination, after taking into account (a) all increases in federal, state and local income taxes actually payable as a result of the receipt of any such indemnity payment and (b) the deduction to which such member would be entitled for federal income tax purposes for state and local income taxes paid. The Company may at its option, pay the Indemnity Amount either in cash or in a number of common shares equal to the Indemnity Amount divided by the average of the volume weighted average closing prices of common shares for the five consecutive trading days ending on the trading day that is immediately prior to the date of such payment.

Loss contingency provisions are recorded for probable losses at management's best estimate of a loss, or when a best

estimate cannot be made, a minimum loss contingency amount is recorded. At December 31, 2012 and 2011, the Company had a liability of \$4,007,024 and \$3,861,340, respectively, for this tax indemnification at the estimated amount that is probable of being indemnified by the Company. While management believes that the assumptions and estimates used to determine this liability is reasonable, the

ultimate outcome of those matters cannot presently be determined. Revisions in estimates of the potential liability could materially affect our operations in the period of adjustment.

Special Voting Rights

Provided that at least 25% of the preferred shares of the Company issued on or prior to October 20, 2010, including the Series A-1 Preferred Stock (the Preferred Shares), are still outstanding, and as long as the Winfield Group still holds at least 25% of the Preferred Shares, the Company is not permitted to, without the affirmative vote of the Winfield Group, enter into any transaction for the acquisition of any business, property or asset pursuant to which the Company will incur indebtedness to finance such acquisition in principal amount in excess of \$500,000, pay any dividends to holders of Preferred Shares in cash in an amount to exceed \$500,000, engage in a private placement or public offering of any common stock or common stock equivalents of the Company, enter into a Change of Control Transaction, as defined in each certificate of designation of the Company or enter into any transaction that would constitute a Fundamental Transaction, as defined in each certificate of designation of the Company.

Further, provided that the Winfield Group holds 25% or more of the Preferred Shares, (i) Mr. Winfield will be a member of the Company's board of directors and (ii) the Winfield Group shall have the right, upon written request to the Company, to nominate a member of the Company's board of directors (Board Nominee) and the Company shall take or cause to be taken all actions so that Mr. Winfield and the Board Nominee are each nominated and recommended for re-election to the Board. The Board Nominee shall meet the requirements for an independent director under the listing rules of the principal exchange or market on which the common stock of the Company is then listed, satisfy the requirements set forth in the Company's Corporate Governance Guidelines and Nominating and Governance Committee Charter as reasonably determined by the Nominating and Governance Committee of the board, and not be prohibited from serving as a director of the Company under Section 8 of the Clayton Antitrust Act or any other applicable law. Alternatively, the Winfield Group can designate as the Board Nominee a member of the then existing board of directors.

THE AUDIT AND FINANCE COMMITTEE REPORT

The Audit and Finance Committee of the Board of Directors is composed of two independent directors and operates under a written charter adopted by the Board of Directors. The Audit and Finance Committee approves the selection of our independent registered public accounting firm.

Management is responsible for our disclosure controls, internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of our consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for issuing a report thereon. The Audit and Finance Committee's primary responsibility is to monitor and oversee these processes and to report thereon to the Board of Directors. In this context, the Audit and Finance Committee has met privately with management and Deloitte & Touche LLP, our independent registered public accounting firm. Deloitte & Touche LLP has had unrestricted access to the Audit and Finance Committee.

The Audit and Finance Committee has discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, including the scope of the auditor's responsibilities and whether there are any significant accounting adjustments or any disagreements with management.

The Audit and Finance Committee also has received the written disclosures and the letter from Deloitte & Touche LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit and Finance Committee concerning independence, and has discussed with Deloitte & Touche LLP that firm's independence from the Company.

The Audit and Finance Committee has reviewed and discussed the consolidated financial statements with management and Deloitte & Touche LLP. Based on this review and these discussions, the representation of management that the consolidated financial statements were prepared in accordance with generally accepted

accounting principles, and the report of Deloitte & Touche LLP to the Audit and Finance Committee, the Audit and Finance Committee recommended that the Board of Directors include the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2012 filed with the SEC.

The Audit and Finance Committee also reviews with management and the independent registered public accounting firm the results of that firm's review of the unaudited financial statements that are included in our quarterly reports on Form 10-Q.

Audit and Finance Committee Pre-Approval Policy

The charter of our Audit and Finance Committee provides that the duties and responsibilities of our Audit and Finance Committee include the pre-approval of all audits, audit-related, tax, and other services permitted by law or applicable SEC regulations (including fee and cost ranges) to be performed by our independent auditor. Any pre-approved services that will involve fees or costs exceeding pre-approved levels will also require specific pre-approval by the Audit and Finance Committee. Unless otherwise specified by the Audit and Finance Committee in pre-approving a service, the pre-approval will be effective for the 12-month period following pre-approval. The Audit and Finance Committee will not approve any non-audit services prohibited by applicable SEC regulations or any services in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which may not be supported by the Internal Revenue Code and related regulations.

To the extent deemed appropriate, the Audit and Finance Committee may delegate pre-approval authority to the Chairman of the Audit and Finance Committee or any one or more other members of the Audit and Finance Committee provided that any member of the Audit and Finance Committee who has exercised any such delegation must report any such pre-approval decision to the Audit and Finance Committee at its next scheduled meeting. The Audit and Finance Committee will not delegate to management the pre-approval of services to be performed by the independent auditor.

Our Audit and Finance Committee requires that our independent auditor, in conjunction with our Chief Executive Officer (who is also our Chief Financial Officer), be responsible for seeking pre-approval for providing services to us and that any request for pre-approval must inform the Audit and Finance Committee about each service to be provided and must provide detail as to the particular service to be provided. Our Audit and Finance Committee Chair and Audit and Finance Committee financial expert is William Nance.

PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit and Finance Committee has appointed Deloitte & Touche LLP, an independent registered public accounting firm, as our independent registered public accounting firm for the fiscal year ending December 31, 2013. A representative of Deloitte & Touche LLP is expected to be present at the Meeting with an opportunity to make a statement and to be available to respond to appropriate questions.

Deloitte & Touche LLP's principal function is to audit the consolidated financial statements of the Company and its subsidiaries and, in connection with that audit, to review certain related filings with the SEC and to conduct limited reviews of the financial statements included in our quarterly reports.

The Board of Directors and Audit and Finance Committee recommend that shareholders vote FOR ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013.

Appointment of our independent registered public accounting firm is not required to be submitted to a vote of the shareholders of the Company for ratification by our by-laws or otherwise. However, the Board of Directors is submitting the appointment of Deloitte & Touche LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders do not ratify the appointment, the Audit and Finance Committee will reconsider whether to retain the firm. In such event, the Audit and Finance Committee may retain Deloitte & Touche LLP, notwithstanding the fact that the shareholders did not ratify the appointment or may select another nationally recognized accounting firm without resubmitting the matter to shareholders. Even if the appointment is ratified, the Audit and Finance Committee reserves the right, in its discretion, to select a different nationally recognized accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders. Under the Sarbanes-Oxley Act of 2002 and the rules of the SEC promulgated thereunder, the Audit and Finance Committee is solely responsible for the appointment, compensation and oversight of the work of our independent registered public accounting firm.

COMPENSATION DISCUSSION AND ANALYSIS

This compensation discussion and analysis explains the material elements of the compensation for our named executive officers.

The Company's philosophy is to align total compensation of its employees, including the named executive officers, with the achievement of the Company's goals, most importantly, creating sustainable wealth. The adoption and implementation of compensation programs is intended to support that philosophy and the interest of the Company and its stockholders by providing appropriate forms of cash and stock-based compensation alternatives that strengthen the ability of the Company to attract, motivate and retain employees and others who focus their efforts and abilities on realizing the Company's objectives, and are in a position to impact the financial and operational performance of the Company.

What are our compensation principles?

The Compensation Committee (for purposes of this Compensation Discussion and Analysis section, the Committee) designs and oversees the Company's compensation policies and approves compensation for our named executive officers. Our goal is to create compensation plans linked to enhancing shareholder value. We strive to align the interests of shareholders with those of employees at all levels of the organization. Our focus is on achieving sustainable results through the systematic and methodical implementation of our strategic plan. These principles are inherently long-term in nature. To accomplish this, our plans are designed to:

Support our business strategy We align our programs with business strategies focused on long-term growth and enhanced shareholder value. Our compensation plans allow our executives to share in that wealth creation and support an environment that promotes improvement and breakthrough performance.

Pay for Performance A substantial majority of our executive pay is dependent upon the achievement of specific corporate performance goals. As a result, individual performance as it relates to compensation is only relevant insofar as it advances the goals of the Company. Our plans will result in realizing higher compensation when goals are met and lower compensation when goals are not met.

Pay Competitively We establish compensation levels that are designed to meet or exceed the needs of our employees. We also assess them against companies that we believe compete with us for human capital. In this context, we believe we are more than competitive with those competing companies.

What are our compensation objectives?

Central to the Company's goal of wealth creation is the achievement of predictable, sustainable growth of throughput (that is, the rate at which our system generates cash as determined by the constraint in the system (i.e., the system's weakest link) identified by management). Accordingly, it is important to the Company that non-throughput based measurements are eliminated from decision-making or minimized (for example, when required by law). Additionally, we seek to use Statistical Process Control (SPC) on the most critical, interdependent processes to promote stability and predictability in our operations.

In designing our compensation plans, our overarching objectives are to:

Drive superior throughput-based financial performance we design programs that encourage our executives to achieve or exceed goals and share in that value creation.

Attract, retain and motivate the right people in the right role, within the broader system design we require independent and interdependent performance and allow our executives to share in the value created based on the system's performance.

Align our executives with shareholders' long-term interests by building the opportunity for significant ownership of Company stock through our compensation programs, vesting only on the systems achievement of value enhancing performance objectives.

Focus on full alignment to the goal of the system, our executives vest only when the systems objectives and goals are achieved. The objectives and the vesting do not vary from the rest of program participants.

Our compensation plans are intended to serve both named executive officers and employees generally. Accordingly, we currently offer two components of compensation as explained below:

Base Compensation. Base compensation should both reflect the company's appreciation of the employee's competencies (with some but not absolute consideration to the market's valuation of those competencies) and meet the needs of the employee for stability. The objective should be that base compensation is not only enough to meet the basic needs for employees and their families, but is also enough to take the issue of money-as-a-motivator off the table.

Stock-based Compensation. We acknowledge the risk that certain stock-based compensation programs could fail to completely satisfy the compensation principles previously described because the various instruments typically used (options, warrants, time-based grants, etc.) may present no real correlation to performance and, in particular, performance against a precisely defined goal and duration. However, we believe that stock-based compensation tied to the achievement of precise goals and the Company's strategic plan do provide meaningful rewards for stable, measureable progress. Accordingly, we adopted a shareholder approved, equity incentive plan based solely on performance-based vesting.

The following is a summary of the principal features of the 2011 Equity Incentive Plan (the 2011 Plan) and its operation and is qualified by reference to the full text of the 2011 Plan.

Any employee of Comstock or a subsidiary of Comstock providing services to Comstock or any of its subsidiaries who is specifically identified by the Committee, and any non-employee director of Comstock or any of its subsidiaries is eligible to receive awards under the 2011 Plan. While all of our employees and non-employee directors would be

eligible to participate in the 2011 Plan, most awards under the 2011 Plan have been made to our senior officers, managers, and technical and professional personnel.

The maximum number of shares of the Company's common stock that may be delivered pursuant to awards granted under the 2011 Plan is 6,000,000 shares of common stock. No more than 6,000,000 shares of common stock may be issued under the 2011 Plan or transferred upon exercise or settlement of incentive stock options. Any shares subject to an award under the 2011 Plan that are forfeited or terminated, expire

unexercised, lapse or are otherwise canceled in a manner such that the shares of common stock covered by such award are not issued may be used again for awards under the 2011 Plan.

As of December 31, 2012, 259,100 shares remained available for issuance under the 2011 Plan. All of the awards to date have been made in the form of restricted stocks. With the exception of Mr. De Gasperis as described below, each of the restricted stock awards granted under the 2011 Plan are subject to the following vesting schedule:

one-fifth (1/5) of the restricted shares shall vest on the date of certification by the compensation committee of the attainment of both (A) the validation through an independent external report (that is, a National Instrument 43-101 Report or its successor (a NI 43-101)) of qualified resources (at least measured and indicated) and reserves (proven and probable) of the Company aggregating 1,000,000 ounces of gold equivalent and (B) the completion of the first metal pour from the mining operations (that is, the mine and heap leach are operational by the Company);

one-fifth (1/5) of the restricted shares shall vest on the date of certification by the compensation committee of the attainment of both (A) the validation through a NI 43-101 of qualified resources (at least measured and indicated) and reserves (proven and probable) of the Company aggregating 1,500,000 ounces of gold equivalent and (B) the completion of three months (that is, ninety (90) days) of consecutive mining operations (that is, the mine and heap leach are operational) at an annual production rate of 15,000 ounces of gold equivalent;

one-fifth (1/5) of the restricted shares shall vest on the date of certification by the compensation committee of the attainment of both (A) the validation through a NI 43-101 of qualified resources (at least measured and indicated) and reserves (proven and probable), in each case including those previously validated, of the Company aggregating 2,000,000 ounces of gold equivalent and (B) the completion of three months (that is, ninety (90) days) of consecutive mining operations at an annual production rate of 17,500 ounces of gold equivalent; and

two-fifths (2/5) of the restricted shares shall vest on the date of certification by the compensation committee of the attainment of both (A) the validation through a NI 43-101 of qualified resources (at least measured and indicated) and reserves (proven and probable), in each case including those previously validated, of the Company aggregating 3,250,000 ounces of gold equivalent and (B) the completion of three months (that is, ninety (90) days) of consecutive mining operations at an annual production rate of 20,000 ounces of gold equivalent.

In addition, if a change in control of the Company (as defined in the 2011 Plan) occurs, then the shares would vest immediately and, following the date on which the participant's employment is terminated by the Company without cause or following the participant's disability, the portion of the award that would vest upon achieving the next objective shall vest at the time of termination. The unvested awards expire five years after the grant date.

On November 2, 2012, the Company and Mr. De Gasperis, entered into an amendment (the Amendment) to the employment agreement of Mr. De Gasperis, originally dated as of April 21, 2010 (the Employment Agreement). The Amendment extended the vesting schedule for equity awards contemplated by the Employment Agreement, so that initial vesting for such awards will not occur prior to January 1, 2014, except under limited circumstances such as a termination without cause, upon death or disability, or in connection with a change of control of the Company.

Who are our named executive officers?

The Company's named executive officers for 2012 were:

Name	Title
Corrado De Gasperis	President & CEO
Mark A. Jewett ⁽¹⁾	Chief Accounting Officer

(1) Mr. Jewett resigned from the Company effective as of April 26, 2013.

How do we assure that our compensation program keeps our named executive officers focused on long-term success?

We assure that our compensation programs keep our named executive officers focused on the long-term success of our Company by making a substantial portion of their long-term pay subject to the achievement of specific, longer-term, strategic, companywide performance objectives and by granting stock-based awards with vesting criteria fully linked with those, longer term, measureable strategic objectives. Moreover, the value of such stock-based awards will likely only increase based on the long-term performance of the Company as compared to other investment alternatives.

How is competitiveness established?

The Committee structures executive compensation so that targeted total cash compensation and longer-term stock based compensation opportunities are competitive with comparable positions at companies that we compete with for human capital, basically mining and construction-type companies based in Nevada. When considering what is competitive for the Company, the Committee considered the complexity of starting up a new, industrial mine, the breakthroughs required for success, the entrepreneurial and team building competencies needed, the complexities of the regulatory and political environments and the extensive interdependencies required with all stakeholders, including the people required for operating the system. The Company does not use benchmarking against a peer group or otherwise.

In setting 2012 base salaries, target total cash compensation and target total direct compensation, the Committee considered the potential value creation inherent in our stated objectives, the time period required for achieving those objectives and the inherent risks associate thereto.

How is compensation established for our named executive officers?

The Committee does not rely exclusively on existing market data in establishing target levels of compensation. The Committee also does not employ a rigid or formulaic process to set pay levels, but does utilize market data as one of many tools to assist the Committee. In setting compensation levels, the Committee considers the following factors:

- market data;
- each executive's competency;
- each executive's scope of responsibility and impact on the Company's performance;
- internal equity – an executive's compensation relative to his or her peers in the system; and
- the CEO's recommendations for his senior team.

Each of our named executive officers' performance is evaluated in light of our overall financial performance and the advancement of our strategic objectives approved by the Committee and the Board of Directors. For 2012 and 2013,

as in past years, the Committee structured a compensation package for our named executive officers comprised of base salary and benefits coupled with long-term incentives (restricted stock grants), which we believe provided an appropriate mix of financial security, wealth sharing.

Annual Compensation: Base Salaries

Base salary provides our named executive officers with a basic level of financial security and supports the Committee's objectives in attracting and retaining top talent. Base salary increases for other named executive officers (other than our CEO) are recommended by our CEO and are reviewed and approved by the Committee.

Executive Officer	2011 Year-End Base Salary	2012 Increase in Annual Base Salary	New 2012 Annual Base Salary
Corrado De Gasperis President & CEO, Director	\$ 360,000	\$	\$ 360,000
Mark A. Jewett ⁽¹⁾ Chief Accounting Officer	\$ 135,000	\$ 10,000	\$ 145,000

(1) Mr. Jewett resigned from the Company effective as of April 26, 2013.

The Committee is satisfied that each named executive officer's salary is reasonable and appropriate at the current time.

Why did the Committee choose the performance metrics for the 2011 Equity Plan?

At the time the stock awards were granted, the Committee chose to align the vesting of stock awards directly to the achievement of the established goal of the strategic plan approved by the Board in April 2010. The goal of that business plan is to deliver stockholder value by validating qualified resources (measured and indicated) and reserves (proven and probable) of at least 3,250,000 gold equivalent ounces AND achieve initial commercial mining with annual production rates of approximately 20,000 gold equivalent ounces. Accordingly, the restricted stock vests fully upon the achievement of both of these stated objectives. If the objectives are not achieved, the stock grant will not vest. The Committee chose to allow for partial vesting as the Company achieves intermediate objectives towards these goals, as stated above.

Benefits

The Company provides named executive officers with the same benefits provided to other Comstock employees namely, health and dental insurance (Company pays a portion of costs).

Post Termination Payments

We believe that we should provide reasonable severance benefits if an executive's position is eliminated in the event of a change in control or, in the absence of a change in control, in certain other circumstances. It is our belief that the interests of shareholders are best served if our senior management is focused on the performance of the Company without the distraction and uncertainty that the lack of such protection would invite. We also believe that providing these benefits helps to facilitate the recruitment of talented executives, and that, relative to the overall value of any potential transaction, these potential benefits are appropriately sized.

The Company has entered into severance compensation agreements with Mr. De Gasperis and Mr. Jewett. The Committee annually reviews these post-employment compensation arrangements, taking into consideration current

external practices. The Committee has determined that both the terms and the payout levels are currently appropriate to accomplish the stated objective of each arrangement. The Committee also considered the non-competition agreement that the Company would receive from the named executive officer in exchange for any post-employment termination benefits. The Committee believes that the payout amounts under each arrangement are appropriate to remain competitive in attracting and retaining executive talent and are reasonable compared to the benefits they provide to us.

For additional information with respect to these arrangements, please see Employment, Retirement and Severance Plans and Agreements on page 26.

ADDITIONAL INFORMATION

We believe this additional information may assist you in better understanding our compensation practices and principles.

Role of the Committee and the CEO

The Committee, consisting entirely of independent Directors, is responsible for executive compensation. As part of the compensation-setting process each year, the Committee meets periodically with the CEO to review the Company's progress toward its stated strategic objectives and receives comments from members of the Board of Directors. The CEO recommends to the Committee the compensation amounts for each of our named executive officers, other than himself.

While the Committee will ask for advice and recommendations from the CEO, the Committee is responsible for executive compensation and as such:

- Sets named executive officer base salaries;
- Reviews the business and financial plan and progress toward strategic goals, performance measures and action plans for our business, which are reviewed by, and subject to approval of, the entire Board of Directors;
- Reviews annual and long-term performance against goals and objectives;
- Reviews contractual agreements and benefits, including supplemental retirement and any payments which may be earned upon termination, and makes changes as appropriate;
- Reviews incentive plan designs, ensures alignment and makes changes as appropriate; and
- Reviews total compensation to ensure compensation earned by named executive officers is fair and reasonable relative to corporate and individual performance.

Deductibility of Compensation

In determining the total compensation of each named executive officer, the Committee considers the tax deductibility of compensation. The Committee believes it is generally in the interests of the Company and our shareholders to provide compensation that is tax deductible by the Company. While the Committee intends that compensation be deductible, there may be instances where potentially non-deductible compensation is justifiably provided to reward executives consistent with our compensation philosophy for each compensation element.

Advisory Vote on Executive Compensation

As required by the Dodd Frank Wall Street Reform and Consumer Protection Act of 2010 and the rules and regulations promulgated by the SEC pursuant thereto, we are including a proposal in this Proxy Statement for a non-binding advisory resolution approving the compensation of our named executive officers for 2012. The vote on this proposal will be non-binding on the Board of Directors and will not be construed as overruling a decision by the Board of Directors. This vote will not create or imply any change to our fiduciary duties or create or imply any additional fiduciary duties for us or the Board. However, the Board of Directors values the opinions that our shareholders express in their votes and will consider the outcome of the vote when making such future decisions, as it may deem appropriate with respect to executive compensation.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis section of this Proxy Statement with management and, based on such review and discussion, recommended to the Board of Directors that it be included in this Proxy Statement.

Equity Compensation

In 2011, the Company adopted the 2011 Plan. For a description of the 2011 Plan please see Compensation Discussion and Analysis Stock-Based Compensation. The 2011 Plan replaced the equity plans previously adopted by the Company, including, without limitation, those adopted in 2005 and 2006.

On December 21, 2011, the Board of Directors granted 4,710,000 shares of restricted stock to certain employees under the 2011 Plan. Of these shares, our named executive officers received the following grants: 2,750,000 were granted to Mr. De Gasperis and 100,000 were granted to Mr. Jewett.

In 2005, the Company adopted a stock option and incentive plan that was approved by our stockholders in October 2005. The plan expired in June 2011 upon the adoption of the 2011 Plan with no awards having been issued thereunder.

In 2006, the Company adopted another stock option and incentive plan (2006 Plan), that was approved by our stockholders in November 2006. The plan provided for a maximum of 4,000,000 shares of common stock to be issued (the shares reflect the adjustment due to the reverse stock split). Under the 2006 Plan, options, stock and other awards may be granted to employees and non-employee directors. Stock options granted under the 2006 Plan generally vest over three years and expire ten years from the date of the grant. Options to purchase an aggregate of 50,000 fully vested options remain outstanding under the plan. The 2006 Plan expired in June 2011 upon the adoption of the 2011 Plan.

Fully vested options to purchase 400,000 shares of our common stock were granted to Mr. Faber, outside of a plan, in January 2008. These options were exercised in 2013, resulting in the issuance of 122,848 shares to Mr. Faber.

Employment, Retirement and Severance Plans and Agreements

Corrado De Gasperis Employment Agreement

Mr. De Gasperis was hired to serve as our Chief Executive Officer and President effective April 21, 2010. In connection with his employment, the Company entered into an Employment Agreement with Mr. De Gasperis, which also provided for his election as a director upon closing of the recapitalization and the capital raise transactions in 2010.

Term. The agreement expires on April 21, 2014 and will be automatically extended for additional one-year periods unless notice of termination is provided. If a change in control of the Company (as defined in the agreement) occurs and the remaining term of the agreement is less than three years, then the term will be extended to three years beyond the date of the change in control.

Salary and Other Benefits. Under the agreement, Mr. De Gasperis is entitled to an annual base salary of \$360,000. Mr. De Gasperis is entitled to participate in each of our medical, pension or other employee benefit plans generally available to employees. Mr. De Gasperis is also entitled to participate in any of our incentive or compensation plans.

The agreement also requires us to adopt a profit sharing plan whereby 10% of net cash profits before principal payments of indebtedness and investments in fixed assets will be set aside for semi-annual payments to employees, no less than 35% of which shall be payable to Mr. De Gasperis. The profit sharing plan has not yet been established.

Equity Awards. The Company was required to adopt an equity incentive plan with certain terms. The Board adopted the 2011 Plan in June 2011 and granted an award of 2,750,000 shares of restricted stock under the 2011 Plan in December 2011, with the terms described under the caption Compensation Discussion and Analysis Stock-Based

Compensation.

Rights on Termination of Employment. If Mr. De Gasperis employment is terminated without cause, if his employment is terminated due to his disability or if he resigns for good reason (each term as defined in his agreement), subject to his executing a release in our favor, Mr. De Gasperis shall be entitled to:

a lump sum payment of all accrued amounts due to him through the date of his termination;
continued base salary for twelve months (or thirty-six months if the termination is during the three year period following a change in control); and
continuation of health and life insurance benefits for the longer of the period during which base salary is payable following termination or 18 months (unless he is entitled to participate in the health plan of a new employer).
In addition, pursuant to the terms of his restricted stock agreement with the Company dated December 21, 2011, if Mr. De Gasperis employment is terminated without cause or following his disability, and if he signs a release, he will vest, on the 30th day following termination of employment, in a pro rata portion of the restricted stock awards as if the next objective to be achieved for vesting had been achieved.

If Mr. De Gasperis' employment is terminated due to his death, his estate is entitled to the benefits (other than continued life insurance coverage) outlined above.

Upon a termination of Mr. De Gasperis' employment for cause or his resignation without good reason, he shall be entitled to a lump sum payment of all amounts due to him through the date of his termination.

Non-Compete. The agreement prohibits Mr. De Gasperis from competing with us during the term of his employment and for one year thereafter.

Director Election. The Company agreed to take and cause to be taken all such action as may be necessary to elect Mr. De Gasperis as a director of the Company under certain circumstances which circumstances were satisfied in October 2010.

Mark A. Jewett Severance Agreement

Effective April 26, 2013, Mr. Jewett and the Company entered into a severance agreement pursuant to which Mr. Jewett executed a release in favor of the Company in exchange for which Mr. Jewett is entitled to continue receiving payments equal to his base salary through August 2, 2013. Pursuant to his severance agreement, 20,000 restricted shares granted to Mr. Jewett in 2011 may vest on July 25, 2013, if he complies with the terms of his severance agreement. The remaining unvested restricted shares will be forfeited.

Restricted Stock Awards. As referenced under the caption "Compensation Discussion and Analysis - Stock-Based Compensation," if a change in control of the Company (as defined in the 2011 Plan) occurs, then the shares of restricted stock granted to the named executive would vest immediately and, following the date on which the named executive officer's employment is terminated by the Company without cause or following his disability, the portion of the award that would vest upon achieving the next objective shall vest at the time of termination. For purposes of the 2011 Plan, change in control occurs, generally, on the following:

the date on which any person or group becomes the beneficial owner of 40% or more of the then issued and outstanding common stock or voting securities of the Company (not including securities held by our employee benefit plans or related trusts or certain acquisitions by John Winfield and his affiliates);

the date on which any person or group acquires the right to vote on any matter, by proxy or otherwise, with respect to 40% or more of the then issued and outstanding common stock or voting securities of the Company (not including securities held by our employee benefit plans or related trusts or certain acquisitions by John Winfield and his affiliates);

PROPOSAL NO. 3 NON-BINDING PROPOSAL TO APPROVE THE COMPENSATION OF OUR EXECUTIVE OFFICERS

SEC rules adopted pursuant to the recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enable our shareholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the SEC's rules.

For the reasons stated below, we are requesting your approval of the following non-binding resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

The compensation of our named executive officers and our compensation philosophy policies are comprehensively described in the Compensation Discussion and Analysis and the Compensation of Executive Officers sections, and the accompanying tables (including all footnotes) and narrative, on pages 18 to 28 of this Proxy Statement.

The Compensation Committee designs our compensation policies for our named executive officers to create executive compensation arrangements that are linked both to the creation of long-term growth, shareholder value and companywide performance, and are competitive with peer companies of similar complexity and encourage stock ownership by our senior management. Based on its review of the total compensation of our named executive officers for fiscal year 2012, the Compensation Committee believes that the total compensation for each of the named executive officers is reasonable and effectively achieves the designed objectives of driving superior business and financial performance, attracting, retaining and motivating our people, aligning our executives with shareholders long-term interests, focusing on the long-term and creating balanced program elements that encourage aligned, systemic, sustainable performance.

Neither the approval nor the disapproval of this resolution will be binding on us or the Board of Directors or will be construed as overruling a decision by us or the Board of Directors. Neither the approval nor the disapproval of this resolution will create or imply any change to our fiduciary duties or create or imply any additional fiduciary duties for us or the Board of Directors. However, the Compensation Committee values the opinions that our shareholders express in their votes and will consider the outcome of the vote when making future executive compensation decisions, as it deems appropriate.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE TO APPROVE THE NON-BINDING ADVISORY RESOLUTION RELATING TO THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 4

NON-BINDING ADVISORY PROPOSAL ON THE FREQUENCY OF SHAREHOLDER VOTES RELATING TO THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

SEC rules adopted pursuant to the Dodd-Frank Act require that, not less frequently than once every three years, we will include in the proxy materials for a meeting of shareholders where executive compensation disclosure is required by the SEC rules, an advisory resolution subject to a non-binding shareholder vote to approve the compensation of our named executive officers. The approval of this resolution is included as Proposal 3 in this Proxy Statement. The Dodd-Frank Act also requires that, not less frequently than once every six years, we enable our shareholders to vote to approve, on an advisory (non-binding) basis, the frequency (one, two or three years) with which the non-binding shareholder vote to approve the compensation of our named executive officers should be conducted. In accordance with such rules, we are requesting your vote to advise us of whether you believe this non-binding shareholder vote to approve the compensation of our named executive officers should occur every one, two or three years, or abstain.

We believe that a non-binding shareholder vote on executive compensation should occur every three years. Our executive compensation program is designed to create executive compensation arrangements that are linked both to the creation of long-term growth, sustained shareholder value and individual and corporate performance, and are competitive with peer companies of similar size, value and complexity and encourage stock ownership by our senior management. As described in the Compensation Discussion and Analysis section above, one of the core principles of our executive compensation program is to ensure management's interests are aligned with our long-term business strategy and therefore shareholders' long-term interests, focusing on the long-term and creating balanced program elements that pay for performance. Thus, we grant awards with long-term strategic targets to encourage our named executive officers to focus on long-term performance.

We carefully review changes to the program to maintain the consistency and credibility of the program. This is important for motivating and retaining our employees. We therefore believe that a triennial vote is an appropriate frequency to provide our people and our Compensation Committee sufficient time to thoughtfully consider shareholders' input and to implement any appropriate changes to our executive compensation program, in light of the timing that would be appropriate to implement any decisions related to such changes.

Engagement with our shareholders is a key component of our corporate governance. We seek and are open to input from our shareholders regarding board and governance matters, as well as our executive compensation program, and believe we have been appropriately responsive to our shareholders. We believe this outreach to shareholders, and our shareholders' ability to contact us at any time to express specific views on executive compensation, hold us accountable to shareholders and reduce the need for and value of more frequent advisory votes on executive compensation.

For the reasons stated above, the Board of Directors is recommending a vote **FOR** a three-year frequency for the non-binding shareholder vote to approve the compensation of our named executive officers. Note that shareholders are not voting to approve or disapprove the recommendation of the Board with respect to this proposal. Instead, each proxy card provides for four choices with respect to this proposal: a one, two or three year frequency, or shareholders may abstain from voting on the proposal and you are being asked only to express your preference for a one, two or three year frequency or to abstain from voting.

Your vote on this proposal will be non-binding on us and the Board of Directors and will not be construed as overruling a decision by us or the Board of Directors. Your vote will not create or imply any change to our fiduciary duties or create or imply any additional fiduciary duties for us or the Board of Directors. However, the Board of Directors values the opinions that our shareholders express in their votes and will consider the outcome of the vote when making such future compensation decisions, as it deems appropriate.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR A THREE-YEAR FREQUENCY FOR THE NON-BINDING ADVISORY PROPOSAL ON THE FREQUENCY OF THE SHAREHOLDER VOTES ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

SHAREHOLDER PROPOSALS

Under applicable regulations of the SEC, any shareholder desiring to make a proposal to be acted upon at the 2014 annual meeting of shareholders must present such proposal to our Secretary at P.O. Box 1118, Virginia City, Nevada 89440, not later than February 27, 2014, in order for the proposal to be considered for inclusion in our Proxy Statement. We anticipate holding the 2014 annual meeting on Thursday, June 19, 2014.

Our bylaws provide that a shareholder entitled to vote for the election of directors may nominate persons for election to the Board of Directors by delivering written notice to our Secretary. Such notice generally must be delivered not later than the close of business on the tenth business day prior to the annual meeting.

The shareholder's notice must include:

the shareholder's name and mailing address;
the date, time and place of the meeting (and type) to which the notice applies;
the nature of the matter (and for an election of director(s), the identity and qualifications of said director(s); and any other information required to ensure that shareholders entitled to vote on such matter have a clear understanding of the ramifications thereof.

CERTAIN MATTERS RELATING TO PROXY MATERIALS AND ANNUAL REPORTS

Electronic Access of Proxy Materials and Annual Reports

This Proxy Statement and our Annual Report on Form 10-K are available on our Internet website at <http://www.comstockmining.com/investors/regulatory-filings>. Shareholders can elect to access future proxy statements and annual reports over the Internet instead of receiving paper copies in the mail. Providing these documents over the Internet will reduce our printing and postage costs and the number of paper documents shareholders would otherwise receive. We will notify shareholders who consent to accessing these documents over the Internet when such documents will be available. Once given, a shareholder's consent will remain in effect until such shareholder revokes it by notifying us otherwise at Secretary, Comstock Mining Inc., P.O. Box 1118, Virginia City, Nevada 89440.

Shareholders of record voting by mail can choose this option by marking the appropriate box on the proxy card included with this Proxy Statement and shareholders of record voting by telephone or over the Internet can choose this option by following the instructions provided by telephone or over the Internet, as applicable. Beneficial owners whose shares are held in street name should refer to the information provided by the institution that holds such beneficial owner's shares and follow the instructions on how to elect to access future proxy statements and annual reports over the Internet, if this option is provided by such institution. Paper copies of these documents may be requested by writing us at Investor Relations, Comstock Mining Inc., P.O. Box 1118, Virginia City, Nevada 89440 or by telephoning (775) 847-0545, Attn: Kimberly Shipley.

Householding of Proxy Materials and Annual Reports for Record Owners

The SEC rules permit us, with your permission, to deliver a single proxy statement and annual report to any household at which two or more shareholders of record reside at the same address. Each shareholder will continue to receive a separate proxy card. This procedure, known as householding, reduces the volume of duplicate information you receive and helps to reduce our expenses. Shareholders of record voting by mail can choose this option by marking the appropriate box on the proxy card included with this Proxy Statement and shareholders of record voting by telephone or over the Internet can choose this option by following the instructions provided by telephone or over the Internet, as applicable. Once given, a shareholder's consent will remain in effect until such shareholder revokes it by notifying our Secretary as described above. If you revoke your consent, we will begin sending you individual copies of future mailings of these documents within 30 days after we receive your revocation notice. Shareholders of record who elect to participate in householding may also request a separate copy of future proxy statements and annual reports by contacting our investor relations department as described above.

Separate Copies for Beneficial Owners

Institutions that hold shares in street name for two or more beneficial owners with the same address are permitted to deliver a single proxy statement and annual report to that address. Any such beneficial owner can request a separate copy of this Proxy Statement or the Annual Report on Form 10-K by contacting our investor relations department as described above. Beneficial owners with the same address who receive more than one proxy statement and Annual Report on Form 10-K may request delivery of a single proxy statement and Annual Report on Form 10-K by contacting our investor relations department as described above.

OTHER MATTERS

The Board of Directors is not aware of any matters to be presented for action at the Meeting other than as set forth in this Proxy Statement. However, if any other matters properly come before the Meeting, or any adjournment or postponement thereof, the person or persons voting the proxies will vote them in accordance with their best judgment.

By Order of the Board of Directors
