Item 4. Purpose of Transaction

The information previously provided in response to this Item 4 is hereby amended and supplemented by adding the following paragraphs:

On May 17, 2018, representatives of Enbridge and EUSI delivered a non-binding offer (the "Offer Letter") to the Issuer to acquire all of the outstanding Class A Common Units of the Issuer not already owned by Enbridge, EUSI and their affiliates in exchange for shares of common stock of Enbridge, no par value (the "Enbridge Common Stock"), at an exchange ratio of 0.3083 shares of Enbridge Common Stock for each Class A Common Unit of the Issuer. The foregoing description of the Offer Letter does not purport to be complete and is qualified in its entirety by reference to the full text of the Offer Letter which is filed as Exhibit (c) hereto and is incorporated by reference in its entirety into this Item 4.

There can be no assurance that any discussions that may occur between Enbridge, EUSI and the Issuer with respect to the Enbridge and EUSI's offer will result in the entry into a definitive agreement concerning a transaction or, if such a definitive agreement is reached, will result in the consummation of a transaction provided for in such definitive agreement. Discussions concerning a transaction may be terminated at any time and without prior notice. Entry into a definitive agreement concerning a transaction and the consummation of any such transaction is subject to a number of contingencies, which are beyond the control of Enbridge and EUSI, including the satisfactory completion of due diligence, the approval of the board of directors of EECI, the general partner of the Issuer, the recommendation of the board of directors of Enbridge Energy Management, L.L.C., the delegate of the general partner of the Issuer (the "Issuer Board"), the recommendation of a special committee comprised of one or more of the independent directors of the Issuer Board established to evaluate the transaction, approval by holders of 66 % of the outstanding units of the Issuer, and the satisfaction of any conditions to the consummation of a transaction set forth in any such definitive agreement.

Enbridge and EUSI do not intend to disclose developments with respect to the foregoing unless and until the Issuer Board, Enbridge and EUSI have approved a specific transaction, if any, and Enbridge, EUSI and the Issuer have then entered into a definitive agreement to effect such transaction, except as may be required by law. The foregoing is not intended to limit the matters previously disclosed in Item 4 of this Schedule 13D.

Item 7. Material to Be Filed as Exhibits

The information previously provided in response to this Item 7 is hereby amended and supplemented with the following:

Attn: Members of the Board of Directors of
Enbridge Energy Management, L.L.C.

Re: Possible acquisition of all outstanding publicly-held Class A Common Units of Enbridge Energy Partners, L.P.

Gentlemen:

Enbridge Inc. ("Enbridge") and Enbridge (U.S.) Inc. ("EUS") are pleased to submit this non-binding offer (this "Non-Binding Offer") to Enbridge Energy Partners, L.P. ("EEP") regarding a possible transaction pursuant to which Enbridge, through a wholly owned subsidiary ("AcquireCo"), would acquire all of the outstanding Class A Common Units of EEP not already owned by Enbridge and its affiliates (the "Transaction"), as described in more detail below.

As you are aware, Enbridge currently indirectly owns, through various of its wholly owned subsidiaries, 110,827,018 Class A Common Units, 7,825,500 Class B Common Units, 18,114,975 Class E Units and 1,000 Class F Units of EEP. In addition, Enbridge currently indirectly owns the 2% general partner interest in EEP through its wholly owned subsidiary Enbridge Energy Company, Inc. (“EECI”), the general partner of EEP. Subject to the negotiation and execution of a definitive agreement containing terms and conditions customary for a transaction of the type set out in this letter, we are pleased to offer 0.3083 Common Shares of Enbridge in exchange for each issued and outstanding publicly-held Class A Common Unit of EEP based upon the closing price of EEP’s Class A Common Units on the NYSE on May 16, 2018, as compared to the closing price of an Enbridge Common Share on the same date.

We believe this proposal is attractive to public holders of EEP’s Class A Common Units. In light of recent regulatory developments that have affected both EEP and the master limited partnership (“MLP”) market in the U.S. more broadly, we are of the view that a combination transaction is the best strategic alternative currently available to EEP to maximize value to all of its unitholders. We believe the proposed exchange ratio for EEP Class A Common Units reflects a fair value relative to the stand-alone value of EEP’s Class A Common Units today. In particular, the value offered for all of EEP’s outstanding publicly-traded Class A Common Units takes into account the difficulty of supporting EEP’s existing distribution levels from 2019 on, given the combined impact of the announcement of the Federal Energy Regulatory Commission’s income tax allowance policy change and U.S. tax reform on MLP market valuations and the resulting impact on MLPs’ access to capital at reasonable rates.

Enbridge Energy Partners, L.P.

May 17, 2018

Page 2

Enbridge's proposal offers unitholders a security with enhanced trading liquidity and provides direct ownership in North America's largest energy infrastructure company with diverse, safe and reliable cash flow generation supporting attractive dividend growth. In addition, the Transaction would permit current EEP public unitholders the opportunity to participate in the future success of Enbridge as new Enbridge shareholders.

1. Principal Terms; Key Assumptions.

The Transaction would be structured as a merger between EEP and AcquireCo, with EEP surviving the merger. The consideration payable in the Transaction will be a share-for-unit exchange of 0.3083 Common Shares of Enbridge for each issued and outstanding publicly-held Class A Common Unit of EEP, as described above.

Key Assumptions:

The principal terms set out above are based on the following key assumptions:

- (a) Enbridge, AcquireCo and EEP would enter into a definitive merger agreement (the "Definitive Agreement") that would set out all of the terms and conditions relevant to the Transaction.

- (b) The Transaction would be subject to customary closing conditions, including the expiration or earlier termination of the waiting period applicable to consummation of the Transactions under the Hart-Scott-Rodino Antitrust Improvement Act of 1976.

- (c) Enbridge and EUS intend to simultaneously make a non-binding offer to acquire all of the outstanding interests in Enbridge Energy Management, L.L.C. ("EEQ") not currently owned by Enbridge and its affiliates (the "EEQ Transaction"). The Transaction will not be conditioned on the consummation of the EEQ Transaction, but the EEQ transaction will be conditioned on the consummation of the Transaction.

- (d) The Transaction would be approved by a special committee to be established by the board of directors of EEQ, the delegate of the general partner of EEP.

- (e) The closing of the Transaction would be subject to (i) the consent of EEQ and Enbridge Energy Company, Inc., the general partner of EEP, and (ii) approval by holders of 66 % of the outstanding units of EEP.

-2-

2. Internal Approvals.

This Transaction has been reviewed by, and the delivery of this Non-Binding Offer to EEP has been approved by, the board of directors of Enbridge and EUS. Before Enbridge, EUS and AcquireCo would be in a position to enter into the Definitive Agreement with EEP, the Transaction would need to be reviewed and approved by the boards of directors of Enbridge, EUS and AcquireCo. No approval or consent of Enbridge's holders of Common Shares would be required for Enbridge to enter into or consummate the Transaction, including the issuance of Enbridge Common Shares in connection with the Transaction.

3. Disclosure.

This morning prior to the opening of the NYSE, Enbridge intends to (i) publicly announce that it has made an offer to EEP with respect to the Transaction, including disclosing the proposed share-for-unit exchange ratio and other key commercial terms of this Non-Binding Offer, (ii) provide its views on the sustainability of the MLP structure, (iii) provide its views with respect to EEP, and (iv) make related filings with various governmental authorities as required under applicable securities laws or regulations.

4. Legal Effect.

This Non-Binding Offer is not intended to, and does not, constitute or create any legally binding obligations or liabilities on the part of Enbridge or any of its affiliates. A binding obligation of Enbridge (or any of its affiliates) to effect the Transaction shall be created only upon the execution and delivery by Enbridge, AcquireCo and EEP of a Definitive Agreement. Enbridge and its affiliates reserve their right to withdraw this Non-Binding Offer at any time, for any reason, at their sole discretion.

After receipt of this offer and the convening of the special committee process with your advisors, if this Non-Binding Offer is acceptable to EEP, Enbridge and its affiliates are prepared to begin negotiating the Definitive Agreement and

any related agreements with EEP in respect to the Transaction.

We look forward to receiving EEP's response to this Non-Binding Offer and stand prepared to discuss our analysis of the potential Transaction at EEP's convenience.
