PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Republic Bancorp, Inc. (the “Company” or “Republic”). The proxies will be voted at the 2012 Annual Meeting of Shareholders (“Annual Meeting”) of Republic on April 19, 2012, and at any adjournments of the meeting.

This proxy statement, notice of annual meeting and form of proxy are first being mailed or made available to shareholders on or about March 10, 2012. As used in this document, the terms “Republic,” the “Company,” “we,” and “our” refer to Republic Bancorp, Inc., a Kentucky corporation.

VOTING

Record date. You are entitled to notice of and to vote at the Annual Meeting, if you held of record, shares of our Class A Common Stock or Class B Common Stock at the close of business on February 10, 2012. On that date, 18,655,966 shares of Class A Common Stock and 2,298,803 shares of Class B Common Stock were issued and outstanding for purposes of the Annual Meeting.

Voting rights. Each share of Class A Common Stock is entitled to one (1) vote and each share of Class B Common Stock is entitled to ten (10) votes. Based on the number of shares outstanding as of the record date, the shares of Class A Common Stock are entitled to an aggregate of 18,655,966 votes, and the shares of Class B Common Stock are entitled to an aggregate of 22,988,030 votes at the Annual Meeting.

Voting by proxy. If you received the Notice of Internet Availability of Proxy Materials, you may follow the instructions on that notice to access the proxy materials and download the proxy or vote online via the Internet. If you request a paper or electronic copy of the proxy materials, the proxy will be mailed or e-mailed to you along with the other proxy materials. If you received a paper copy of this proxy statement, the proxy is enclosed. If a proxy is properly executed, returned to Republic and not revoked, the shares represented by the proxy will be voted in accordance with the instructions set forth on the proxy. If no instructions are given, the shares represented will be voted (i) “For” the Board of Director nominees named in this proxy statement, as well as (ii) “For” the ratification of Crowe Horwath LLP as the Company’s independent registered public accounting firm for 2012. The Board of Directors at present knows of no other business to be brought before the Annual Meeting. However, persons named in the proxy, or their substitutes, will have discretionary authority to vote on any other business which may properly come before the Annual Meeting and any adjournment thereof and will vote the proxies in accordance with the recommendations of the Board of Directors.

You may attend the Annual Meeting even though you have executed a proxy. You may revoke your proxy at any time before it is voted by delivering written notice of revocation to the Secretary of Republic, by delivering a subsequent dated proxy, by voting by telephone or online through the Internet on a later date, or by attending the Annual Meeting and voting in person.

Quorum and voting requirements and counting votes. The presence in person or by proxy of the holders of a majority in voting power of the combined voting power of the Class A Common Stock and the Class B Common Stock will constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted as being present or represented at the Annual Meeting for the purpose of establishing a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner is otherwise present by proxy but does not vote

on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

The affirmative vote of a plurality of the votes duly cast is required for the election of directors. All other matters presented at the meeting will be approved if the votes cast in favor of the proposal exceed the votes cast opposing the proposal. Abstentions and broker non-votes are not counted as votes cast on any matter to which they relate and will have no impact on the outcome of any matter.

SHARE OWNERSHIP

The following table sets forth certain information regarding the beneficial ownership of the outstanding shares of Republic as of February 10, 2012, based on information available to the Company. The Class B Common Stock is convertible into Class A Common Stock on a share-for-share basis. Information is included for:

Republic's directors were elected at the most recent Annual Meeting held on April 21, 2011, to a one (1) year term. The Company's executive officers are selected by the Board of Directors and hold office at the discretion of the Board of Directors.

Steven E. Trager and A. Scott Trager are cousins.

The Board of Directors recommends that shareholders vote "FOR" all of the proposed Board of Director nominees named in this proxy statement.

The Board of Directors and its Committees

The Board

Each Director is expected to devote sufficient time, energy and attention to ensure diligent performance of his or her duties and to attend all Board, committee and shareholders' meetings. The Board of Directors held six (6) regularly scheduled board meetings and three (3) additional specially scheduled Bank board meetings during 2011. Each of the directors, with the exception of Mr. Bernard Trager, attended at least 75% of the total number of meetings of the Board of Directors and the committees on which such directors served during their respective terms of service in 2011. In addition, certain directors attended and were paid for three Bank board meetings in 2011. Also, some selected directors were paid for attending certain Bank Committee meetings.

The Company believes it is both prudent and expedient and in the best interest of shareholders that the CEO and Chairman positions are combined and that such combination has no negative effect on the operation and direction of the Company. This structure allows the independent directors to concentrate on the oversight of the Company without the added burden of also addressing what are normally less material day to day managerial concerns. The Company does not have a lead independent director, but the independent directors meet privately following each Board meeting and have the authority to request to speak with any officer or employee of the Company and also have direct access to auditors, accountants and attorneys, if so requested by the independent Company directors.

While the Board is ultimately responsible for risk oversight, selected Board committees play an important role in assisting the Board in fulfilling its oversight responsibilities. The Board evaluates risk factors at its regularly scheduled board meetings and also more specifically through its Nominating Committee, Compensation Committee, Audit Committee and its Compliance and Community Reinvestment Committee, a Committee that operates at its principal subsidiary, Republic Bank & Trust Company, but which is chaired by a Bank director. The Board receives regular and timely reports from these committees. More specifically, the Audit Committee also regularly reviews risks associated with insurance, credit, debt, financial, accounting, legal, reputational, compliance, third party, information technology security and other risk management areas of the Company. In addition, the Nominating Committee considers risks related to succession planning. The Compensation Committee considers risks related to the attraction and retention of critical employees and risks relating to the Company's compensation programs and contractual employee arrangements. The Compensation Committee also reviews compensation and benefit plans affecting employees in addition to those applicable to executive officers. The Board considers strategic risks and opportunities and regularly receives detailed reports from its committees regarding risk oversight. The Company's Board also receives regular reports directly from management and the Board is responsible for setting and formally approving policies regarding risk management and compliance oversight, as well as other matters. The Company employs a high level Risk Manager who regularly attends all Company Board meetings and who reports directly to the Chairman and CEO of the Company.

Committees of the Board

The Board has three (3) standing committees to facilitate and assist the Board in the execution of its responsibilities. The Board committees currently consist of the Audit Committee, the Compensation Committee and the Nominating Committee. In accordance with NASDAQ listing standards, all the board committees are comprised solely of non-employee, independent directors (as determined by the Board in accordance with Rule 4200(a)(15) of the NASDAQ listing standards and Rule 10A-3(b)(1) under the Securities Exchange Act of 1934). Charters for each board committee, as well as the Code of Conduct and Ethics, are available on the Company's website at www.republicbank.com. Please note, however, that the information contained on the website is not incorporated by reference in, or considered to be a part of, this Proxy Statement.

The table below details current membership for each of the standing Board committees:

Audit Committee	Compensation Committee	Nominating Committee
Michael T. Rust	Craig A. Greenberg	Craig A. Greenberg
Sandra Metts Snowden	Sandra Metts Snowden*	Sandra Metts Snowden*
R. Wayne Stratton, CPA*	Susan Stout Tamme	Susan Stout Tamme

* - Denotes Committee Chairperson

The Audit Committee held eight (8) meetings during 2011. The Board of Directors has evaluated the credentials of and designated and appointed R. Wayne Stratton, CPA, as Chairman of the Audit Committee and as the "audit committee financial expert" as required by Section 407 of the Sarbanes-Oxley Act of 2002.

Republic's Board of Directors adopted a written charter for the Audit Committee, which sets out the functions and responsibilities of the Audit Committee. As described in the charter, the Audit Committee, among other things, is directly responsible for the selection, oversight and compensation of the Company's independent registered public accounting firm. It is also responsible for the oversight of the accounting and financial reporting processes of the Company, audits of the financial statements and pre-approval of any non-audit services of the independent registered public accounting firm. The Audit Committee is responsible for making recommendations to the Board of Directors with respect to: the review and scope of audit arrangements; the independent registered public accounting firm's suggestions for strengthening internal accounting controls; matters of concern to the Audit Committee, the independent registered public accounting firm, or management relating to Republic's consolidated financial statements or other results of the annual audit; the review of internal accounting procedures and controls with Republic's financial and accounting staff; the review of the activities and recommendations of Republic's Internal Auditor and compliance auditors; and the review of the consolidated financial statements and other financial information published by Republic. Auditors for the Company are required to report directly to the Audit Committee. The Audit Committee is required to pre-approve all audit and permitted non-audit services provided by the Company's independent registered public accounting firm.

The Compensation Committee held one (1) meeting during 2011. The Compensation Committee makes recommendations to the Board of Directors as to the amount and form of NEO compensation and option awards, if any. The Compensation Committee also reviews and approves Republic's Management Succession Plan on an annual basis. Neither the Compensation Committee nor the Board, the Company, nor its management utilized the services of an independent consultant in 2011, nor do any of them have any current arrangements with any compensation advisors or consultants. The Chairman of the Executive Committee and Chairman and CEO make recommendations to the Compensation Committee with respect to NEO compensation. The Compensation Committee has recommended, and the Board of Directors has approved and adopted, a Code of Conduct and Ethics Policy that applies to all directors, officers and employees, including the principal executive and financial officers, the controller and the principal accounting officer. The Company intends to post amendments to, or waivers from, its Code of Conduct and Ethics Policy, if any, that apply to the principal executive and financial officers, the controller or the principal accounting officer on its website. There were no amendments or waivers approved, granted or posted in 2011.

The Nominating Committee held one (1) meeting in 2011. In 2012, the Nominating Committee and the Board of Directors approved the director nominees to be considered for election at the Annual Meeting. The Nominating Committee does not have a formal diversity policy. All director nominees served as directors during 2011. No candidates for director nominees for the 2012 Annual Meeting election of directors were submitted to the Nominating Committee or the Board of Directors for consideration by any non-management shareholder.

The Nominating Committee will consider candidates for director nominees at the 2013 Annual Meeting properly put forth by security holders. Security holders should submit nominations, if any, to the Company's Secretary, Michael A. Ringswald at 601 West Market Street, Louisville, Kentucky 40202 no later than November 9, 2012. The Nominating Committee will consider candidates who have a strong record of community leadership in Republic's markets. Candidates should possess a strong record of achievement in both business and civic endeavors, possess strong ethics and display leadership qualities including the ability to analyze and interpret banking financial statements and regulatory requirements, the competence to evaluate other endeavors of an entrepreneurial nature and be able to attract new Company relationships. Board diversity as a whole is also considered, although the Company does not have a formal diversity policy. Recommendations of the "Trager Family Members" (generally defined to include Jean S. Trager and her descendants, and companies, partnerships or trusts in which they are majority owners or beneficiaries), as well as prior services and performance as a director, will be strongly considered. The Company does not pay a third party fee to assist in identifying and evaluating director nominees, but the Company does not preclude the potential for utilizing such services, if needed, as may be determined at the discretion of the Nominating Committee. No candidate that was recommended by a beneficial owner of more than five percent (5%) of the Company's voting Common Stock was rejected. The "Trager Family Members" recommended all director nominees submitted to the Nominating Committee and the Company's Board of Directors; no other shareholders submitted a recommendation for a director nominee.

All Company directors which included all director nominees of record attended the 2011 Annual Meeting which was held on April 21, 2011. All Company directors with the exception of Bernard M. Trager and director nominees are requested and are expected to attend the 2012 Annual Meeting to be held on April 19, 2012.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee, which is comprised entirely of independent directors, is responsible for establishing the compensation of and compensation policies for Named Executive Officers ("NEOs") of Republic. The Company does not separately compensate its executive officers, all of whom are also executive officers of Republic Bank & Trust Company and all of whom are compensated directly by Republic Bank & Trust Company for their services.

In deciding to continue with our existing executive compensation practices, our compensation committee has considered that the holders of over 99.3% of the votes cast on an advisory basis at our 2011 annual meeting of shareholders approved the compensation of our named executive officers as disclosed in the proxy statement for that annual meeting. Also, in accordance with the affirmative votes cast at our 2011 annual meeting of shareholders, the next advisory vote on the compensation of our named executive officers will be at the 2013 annual meeting of shareholders.

Objectives of Republic's Compensation Program. The purpose of Republic's Compensation Program is to establish and maintain suitable financial compensation and financial rewards for job performance that principally focuses on profit. Other goals are assigned and attributed to the NEOs in the primary areas of loan and deposit growth, risk management and regulatory control, loan loss control, customer service and operations.

With respect to the NEOs listed in the Summary Compensation Table included in this proxy statement, the Committee also establishes goals other than profit goals in order to provide incentives for the NEOs to perform in the best interests of the Company and its shareholders and also to provide measurable components against which the NEOs' total performance and contributions can be evaluated. While these other goals are defined and reviewed, pre-tax net income for the Company and its operating subsidiaries remains the central and most important goal. Therefore, if profitability goals are met, compensation generally increases and some significant level or percentage of the NEOs' bonus potential will normally, but not necessarily, be awarded even if other goals are not fully achieved.

The NEOs are currently comprised of Steven E. Trager, Chairman and Chief Executive Officer ("CHAIR/CEO"); A. Scott Trager, President ("PRES"); Kevin Sipes, Executive Vice President, Chief Accounting Officer and Chief Financial Officer ("CFO"); and William R. Nelson, President/Tax Refunds Solutions ("PRES/TRS"). Bernard M. Trager ("FOUNDER") served as Chairman through February 10, 2012.

Compensation Elements. The Company's executive compensation program has three principal components: base salary, the NEO incentive compensation program or bonus program, and stock option awards. Base salary and the bonus program are annual programs. The award of stock options is not typically an annual program and stock options could be awarded at any time during the year to the Company's NEOs, subject to approval by the Compensation Committee and the Board of Directors. The NEOs also participate in Company-wide employee benefit plans and are rewarded, as part of their base compensation, additional selected business-related perquisites such as, by way of example, car allowances and country club memberships.

Purpose of Republic's Compensation Elements. The primary purpose of the base salary component of Republic's compensation program is to provide base compensation for ordinary living expenses. The Company wants to provide its NEOs with a base salary that supports a reasonable lifestyle that is comparable to their high and visible standing in the community, that supports the demands from the community given that standing and their community visibility and also provides reasonable compensation for the performance of their duties and responsibilities directly associated with their executive officer status. As long as the Company's financial performance is deemed acceptable, additions to base salary are typically granted annually in response to cost of living factor increases and as a reward for performance. While the Compensation Committee considers cost of living adjustments when evaluating base pay, such adjustments are not automatic, but are also dependent on satisfactory earnings. The Compensation Committee, in making this determination, used its collective judgment and the recommendations of the FOUNDER and CHAIR/CEO in 2012, and does not apply any particular formula or measurement. Going forward, the Compensation Committee will make its determinations by using its collective judgment and giving strong consideration to the recommendations of the CHAIR/CEO and will continue to not apply any particular formula or measurement.

Bonus potentials are set at the beginning of the Company's fiscal year and are used to provide the NEOs with an incentive to improve short-term and long-term Company performance. Stock options are also granted from time to time to provide the NEOs with an incentive to maximize the Company's financial performance, as well as to provide a retention incentive.

Establishment of Compensation Levels. Republic's compensation elements are designed to be generally competitive with similar employment opportunities or positions in similar sized companies in the metropolitan Louisville, Kentucky area. The Compensation Committee, however, does not rely on benchmarking to determine its compensation elements; rather, the Compensation Committee will give strong consideration to the recommendations of the CHAIR/CEO, whose recommendations are based upon his subjective judgment, along with the knowledge and general awareness of the members of the Compensation Committee as active members of the metropolitan Louisville, Kentucky business community. The Compensation Committee does annually review various benchmarking publications to determine if compensation levels are within reasonable ranges as compared to those benchmarks, but the benchmarks are not used to set compensation. The Compensation Committee has not previously engaged a third-party executive compensation consultant and has no immediate plans to do so in the future.

The CHAIR/CEO will make specific executive compensation recommendations to the Compensation Committee on all compensation elements. The CHAIR/CEO will recommend his own compensation, which, if reasonable in the subjective judgment of the Compensation Committee, is normally and historically accepted and approved by the Compensation Committee and ultimately the Board of Directors without modification. The compensation of the remaining NEOs will be principally recommended by the CHAIR/CEO. This recommendation, if reasonable in the subjective judgment of the Compensation Committee, is also normally accepted and approved by the Compensation Committee and ultimately the Board of Directors without change. All salary and bonus executive compensation is approved by the Board of Directors after recommendation by the Compensation Committee.

NEO Incentive Compensation Program. The NEO incentive compensation program is designed to reward those individuals who contribute through their own performance and their influence on others to achieve and exceed Republic's financial goals. All NEO incentive compensation is tied to the Company's current year budgeted pre-tax net income goal as described above except for the PRES/TRS and the PRES. The PRES/TRS has goals expressly tied to the profitability of the Company's Tax Refund Solutions business operating segment. The PRES has goals expressly tied to the profitability of the Company's banking operations only, exclusive of the Tax Refund Solutions business operating segment. NEO incentive compensation is tied principally to the annual pre-tax net income achieved as compared to the internal annual budget. The bonus potential for each NEO has two tiers, an entry level tier and a superior performance tier. If the entry level tier is achieved, the NEO would likely be awarded 40% of his respective bonus potential. If the superior level tier is achieved, the NEO would likely be awarded 100% of his respective bonus potential. The budgeted profit goals are designed to be a challenge to meet, particularly the superior performance tier, but not impractical or impossible. The NEO profit goals are designed to provide an incentive for the NEOs to achieve desired budgeted financial results. The profit goals should not be relied upon by any investor as an indication of management's prediction of its future performance.

The incentive compensation potential for the CHAIR/CEO and the CFO are tied to the total Company pre-tax net income. The total Company pre-tax net income objective at the entry level tier for 2012 is \$152.5 million, and the superior performance tier level is \$157.3 million. The incentive compensation potential of the PRES is tied principally to the profitability of the total Company pre-tax net income excluding the TRS business segment. The total Company pre-tax net income less the TRS business segment pre-tax net income objective at the entry level tier for 2012 is \$34.3 million and the superior performance tier level is \$39 million. The incentive compensation potential of the PRES/TRS is tied principally to the pre-tax net income of the TRS business segment. The total TRS pre-tax net income objective at the entry level tier for 2012 is \$98 million and the superior performance tier level is \$119 million. The PRES/TRS is eligible for an additional \$50,000 in incentive compensation if the pre-tax net income of the TRS business segment exceeds \$119 million in 2012.

In its discretion, the Company may modify its budgeted goals and the Compensation Committee may elect to exclude any extraordinary income or other items from its determination as to whether or not the financial goals were, in fact, met or substantially met. A percentage of the total bonus potential may be awarded to NEOs even if budgeted profitability goals are not fully achieved.

The Compensation Committee, on the collective recommendation of the FOUNDER and the CHAIR/CEO, set individual bonus potential at the end of 2011 fiscal year to be applied to the next fiscal year for all NEOs. The bonus potential for 2011 was \$185,000 for the CHAIR/CEO, \$175,000 for the PRES, \$425,000 for the PRES/TRS and \$125,000 for the CFO. The bonus potential for all NEOs remains unchanged for 2012 at the superior performance tier level except for the PRES/TRS, whose bonus potential for 2012 was increased to \$475,000 if the budgeted superior pre-tax net income goal of \$119 million at the TRS business segment is exceeded. By written agreement with each NEO, the incentive compensation potential is subject to amendment either upward or downward at the discretion of the Compensation Committee; however, no such amendment to established incentive compensation potential bonus awards has previously occurred.

There are potentially some occasions when an NEO other than the CHAIR/CEO may be awarded incentive bonus compensation based on factors such as competitive information about the salaries or bonuses paid for similar positions at other local companies or achievements other than profit, although no such incentive bonuses above the stated incentive bonus potential for any NEO were awarded in 2011. Bonus awards are not payable until March 15th of the following fiscal year for which the incentive bonuses, if any, were earned for all NEOs except the PRES/TRS, whose incentive bonus, if approved, is paid during the fourth quarter of the Company's fiscal year. An additional requirement for an incentive bonus payment is that the NEO receiving an incentive bonus payment must normally be an employee in good standing as of the March 15th payment date or, in the case of the PRES/TRS, at the time of the payment in the fourth quarter of the fiscal year for which the incentive bonus was awarded, or the incentive bonus may not be paid by the Company. However, under certain conditions, this requirement is subject to waiver by the Company.

Overall Company stock performance is not a component of evaluation for the purpose of NEO incentive compensation. Republic's stock is not actively traded and thus may be subject to market fluctuations beyond the reasonable control of management. Also, in the Compensation Committee's view, the significant stock holdings of the CHAIR/CEO and his related interests provide material executive management motivation to not only preserve but to grow shareholder value, particularly long-term shareholder value.

Ultimately, the Compensation Committee believes that reasonable and consistent earnings over time will translate into appropriate and favorable stock performance. The Compensation Committee's policies are not designed to encourage Republic's NEOs to manage the Company on a quarter to quarter time horizon or even solely over a one year time period. Investment in capital improvements, product development and new market expansion can act to reduce short-term profits while providing for a larger future, longer-term profit potential and/or provide for the long-term soundness and sustainability of the Company's operations and, thus, its long-term profit potential. All of these factors are taken into account by the Compensation Committee in its subjective annual evaluation process and deliberations.

Results Rewarded under Republic's Compensation Program. All NEOs, except the FOUNDER, who did not request nor receive a base salary increase for 2011, received a modest base salary increase of approximately 2% effective January 1, 2011. The CHAIR/CEO, PRES and CFO received a modest base salary increase of approximately 3% effective December 26, 2011. The FOUNDER did not request nor receive a base salary increase for 2012. The PRES/TRS is on a different evaluation cycle than the other NEOs. The PRES/TRS was evaluated and received a modest base pay salary increase of 3% in May of 2011. The PRES/TRS will be subject to evaluation and a potential compensation increase during the second quarter of 2012.

The principal result rewarded under Republic's Compensation Program with respect to incentive based compensation is the degree of attainment of Company profit goals as determined by the budgeted income objectives. Consideration is given if profit objectives are not fully met due to factors beyond the control of the respective NEO. Such factors have historically included economic factors, regulatory changes impacting profit objectives, or management decisions that may impact current profitability in return for the potential for greater long-term profitability. These decisions may include such things as technology upgrades or other similar circumstances that were not evident when the budget was initially approved by Republic's Board of Directors. The NEO incentive compensation program is flexible and will take into account factors beyond the control of any NEO in determining the amount of compensation to be paid in any given year. If the Company's budgeted pre-tax net income goals are not achieved, then a percentage of the potential bonus payout may be awarded based on any intervening factors that may have been outside the control of the respective NEO, or due to other meaningful contributions of the respective NEO, or as a result of meaningful profitability performance even though the budgeted profitability goals may not have been fully met or even materially met. Nonetheless, Republic's compensation program does not automatically result in incentives being paid based on a percentage of any particular goal attainment. Given the Company's overall financial performance in 2011 all NEOs, except the PRES/TRS, were awarded collectively as a group approximately 69% of their full potential bonus awards, payable March 15, 2012. This decision was largely attributable to the fact that while the Bank's overall profitability in 2011 was the highest in the Company's history, the banking operations component of the Company did not meet budgeted expectations and some other goals of the NEOs, viewed as a group, did not fully meet expectations. Therefore, as a percentage of bonus potential, the FOUNDER was awarded 50%, the CHAIR/CEO was awarded 70%, the PRES was awarded 80% and the CFO was awarded 80%. Given that the PRES/TRS, whose bonus was tied largely to the profitability of the TRS business segment, substantially achieved the TRS business segment profit goals and his other goals collectively, the PRES/TRS was paid at 88% of his potential incentive bonus level during 2011.

Equity Compensation. The Company's primary form of equity-based incentive compensation is incentive stock options. This form of compensation was historically used by the Company due to previously favorable accounting and tax treatment. Incentive stock options are also granted by the Company's competitors and the Compensation Committee believes incentive stock options have been an expectation of business executives in Republic's marketplace. Despite the ramifications from the adoption of the Financial Accounting Standards Board ("FASB") ASC Topic 718, the Compensation Committee believes that incentive stock options may constitute a favorable retention factor and enhance the Company's ability to maintain the employment of its high performing executives. Additionally, Republic's standard form of incentive stock option agreement provides for a two (2) year prohibition, following the termination of employment of an incentive stock option recipient, on the solicitation of any customer or the recruitment and hiring of any Company associate. The Company's stock option agreement also has confidentiality requirements which act to protect the Company's proprietary information. A violation of those provisions allows the Company to require a forfeiture of the option stock or the profits derived from the sale of that stock if sold. All options granted have a change in control provision providing for immediate vesting of any unexercised option grants.

With the exception of new hires or promotions, incentive stock option grants recommended to the Compensation Committee by the CHAIR/CEO are normally reviewed during the last calendar quarter when NEO performance during that calendar year can also be considered. In choosing the date for the grant of an incentive stock option, the Compensation Committee gives no consideration to market events; any relationship between the option grant date and the price of the Company's stock on that date is strictly coincidental. No stock options were granted to any NEO during 2010 or 2011. This decision was not based on any failure of any NEO to meet any performance objective during 2010 or 2011.

Post-Employment Benefits. As described under the heading “Post-Employment Compensation” elsewhere in this Proxy Statement, Republic has entered into Officer Compensation Continuation Agreements with each of the NEOs, with the exception of Bernard M. Trager and William R. Nelson. As described herein, the Officer Compensation Continuation Agreements provide for the payment to an NEO terminated following a change in control equal to up to 24 months of the NEO’s base salary and benefits. The Company deems the agreements necessary for the maintenance of sound management and essential to protecting the best interests of the Company and its shareholders. The agreements are intended to encourage the NEOs to remain in the employment of the Company and to continue to perform their assigned duties without distraction in the face of potentially disruptive events that would normally surround a Company change in control. Potential payments and benefits under these arrangements have no bearing on the Compensation Committee’s deliberations regarding all other compensation elements. The Company has modified these agreements to conform them to changes in law under Section 409A of the Internal Revenue Code of 1986, as amended.

Republic Bank & Trust Company entered into a death benefit agreement with the FOUNDER, Bernard M. Trager, effective September 10, 1996. The agreement provides for payment as described in more detail elsewhere in this Proxy Statement. Bernard M. Trager was a full-time employee in good standing at the date of his death.

DIRECTOR COMPENSATION

During 2011, non-employee directors of Republic and its principal banking subsidiary received fees of \$2,000 for each board meeting attended and fees ranging from \$150 to \$750, based on the particular committee, for each committee meeting attended. OPTIONS EXERCISES AND STOCK VESTED DURING 2011

POST-EMPLOYMENT COMPENSATION

Republic Bank & Trust Company entered into a death benefit agreement with Bernard M. Trager which became effective September 10, 1996. The agreement provides, subject to certain conditions, for a payment in an amount equal to his average gross Internal Revenue Service (“IRS”) W-2 income-taxable compensation during the two (2) completed calendar years just prior to his death, multiplied by three. The payment is to be paid to the designated beneficiary in thirty-six (36) consecutive equal installments, without interest. In exchange for the promised benefit, Bernard M. Trager agreed not to solicit customers of the Bank or other institutions or divulge Company or Bank confidential information.

Republic entered into Officer Compensation Continuation Agreements with Steven E. Trager and A. Scott Trager, which became effective January 12, 1995. Republic entered into an Officer Compensation Continuation Agreement with Kevin Sipes, which became effective June 15, 2001 (all collectively, “Agreements”). These Agreements provide for the payment of the executive officer’s base salary for up to a period of two (2) years in the event of disability or if, following the announcement of a potential change in control, or after an actual change in control, the executive officer terminates his employment for “Good Reason” or his employment is terminated other than pursuant to death or for “Cause,” as defined in the Agreements. “Good Reason” is defined to include a material diminution in duties or demotion, material change in benefit plans or fringe benefits, or a reduction in base salary. In addition, any stock options or other similar rights will become immediately exercisable upon a change in control that results in termination, and benefits provided by the Bank are to continue for the salary continuation period, to the extent possible, or alternative benefits are to be secured. For purposes of these Agreements, a change in control includes the acquisition by a person of beneficial ownership of securities representing greater voting power than held by the “Trager Family Members” as a group or a reduction to less than 25% of the combined voting power of the stock held by the “Trager Family Members.”

Republic and its wholly-owned banking subsidiary, Republic Bank & Trust Company, approved separate Modification Agreements (collectively, "Modifications") to the Agreements on February 15, 2006. Each Modification conformed the Agreement to changes in law enacted under Section 409A of the Internal Revenue Code of 1986, as amended, and generally provided that payments under an Agreement to an executive who is a "key employee" may not commence earlier than six (6) months following the executive's separation from service from Republic and Republic Bank & Trust Company. The initial payment to an executive will include any make up payments that would have been made to the executive but for the delay due to the executive's status as a "key employee." In other respects, the original Agreements continue in effect, without change. The agreement signed by Kevin Sipes called for a lump sum payment at its present value, rather than continuation of periodic compensation payments. The Modification for Kevin Sipes provided that his lump sum would not be paid earlier than six (6) months following his separation from service. All of the Agreements limited the total value of the consideration paid to three times the five-year average of the executive's prior taxable compensation, so as to avoid lost tax deductions or excise taxes under Internal Revenue Code Section 280G.

In 2008, each of these agreements was amended and restated to incorporate prior changes and to conform certain language and definitions, and clarify the timing of payment, to comply with Internal Revenue Code Section 409A final regulations.

The Agreements detailed above were renewed effective as of December 31, 2011 for a term to cover any change in control that occurs within three (3) years after that date. The Agreements are automatically extended for one (1) additional year at each December 31, to maintain a three (3) year coverage period, unless Republic gives notice to the executive(s) that it elects not to extend the Agreement(s).

Detail of executive agreements which trigger post-employment payments, trigger events and estimated payment amount/values follow:

Executive Name	Agreement Which Triggers Post-Employment Payments(1)	Trigger Event	Estimated Payment Amount/Value (2)
Bernard M. Trager	Death Benefit Agreement	Death while employed and before a Change in Control	\$2,049,749
Steven E. Trager	Officer Compensation Continuation Agreement	Termination of Employment after potential or actual Change in Control	\$790,042
A. Scott Trager	Officer Compensation Continuation Agreement	Termination of Employment after potential or actual Change in Control	\$830,044
Kevin Sipes	Officer Compensation Continuation Agreement	Termination of Employment after potential or actual Change in Control	\$667,694

(1) Each of these agreements is described in more detail in the section above.

(2) The estimated values are determined based on the Agreements' terms, and assuming a trigger event for payment occurred on December 31, 2011. In the case of the Officer Compensation Continuation Agreements, (i) the value of benefits continuing for up to 24 months was assumed to be equal to two times the Bank's cost of health, life, long term disability, 401(k) and ESOP benefits for the executive for the fiscal year ending 2011 and (ii) because vesting accelerates on stock options upon change in control, an amount equal to the closing price for the Bancorp's stock as of the last trading date in 2011 less the exercise price of each now-unvested option (if positive), is also included. While each such agreement includes a cap on the total amounts owed based on the parachute limits of Internal Revenue Code Section 280G, that cap is not expected to reduce the amounts payable for any of these executives.

(3) Bernard Trager died on February 10, 2012. In accordance with his Death Benefit Agreement, the Bank is required to pay Mr. Trager's designated beneficiary an amount equal to \$2,049,749, payable without interest in thirty-six consecutive monthly installments of approximately \$56,937, commencing no later than April 10, 2012. At any time, the Bank may elect to pay the remaining balance in a lump sum to Mr. Trager's designated beneficiary, and such payment will be discounted by an interest rate equal to the Bank's "prime rate". For example, if the Bank elects to pay the entire benefit owed under the Death Benefit Agreement on April 10, 2012, and if the Bank's prime rate in effect at such time is 3.25% (the prime rate in effect on the date of Mr. Trager's death), then the total amount payable by the Bank will be \$1,985,229.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Certain directors and executive officers, including certain members of the Compensation Committee and members of their immediate families and affiliates, were clients of and had transactions with Republic, Republic Bank & Trust Company or Republic Bank (“the Bank”) during 2011. Transactions which involved loans or commitments by the Bank were made in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than normal risk of collection or present other unfavorable features.

Susan Stout Tamme is the President, Louisville Market of Baptist Healthcare System, Inc. doing business as Baptist Hospital East, a hospital that leases space to Republic. Fees paid by Republic totaled \$13,661 for the year ended December 31, 2011.

Craig A. Greenberg is of counsel to the law firm of Frost Brown Todd, LLC, a law firm that provides general legal services to Republic. Fees paid by Republic totaled \$298,671 for the year ended December 31, 2011.

CERTAIN OTHER RELATIONSHIPS AND RELATED TRANSACTIONS

With respect to transactions involving the Company and its directors, officers, and 5% shareholders, the Audit Committee’s charter provides that it will conduct an appropriate review of all related party transactions for potential conflict of interest situations on an ongoing basis, and the approval by the Audit Committee is required for all such transactions (other than transactions governed by Regulation O of the Board of Governors of the Federal Reserve System, which have received the approval of the Board of Directors of the Company’s bank subsidiaries). In reviewing a related party transaction, the Audit Committee considers the material terms of the transaction, including whether the terms are generally available to an unaffiliated third party under similar circumstances. In addition, the Board of Directors is informed of such related party transactions.

Leasing Arrangements. Within the Louisville, Kentucky, metropolitan area, Republic leases space in buildings owned by a limited liability company whose managing member is Jean S. Trager, and limited liability companies whose sole managing member is Jaytee, a partnership in which they own controlling interests and a shareholder of Republic. Steven E. Trager and A. Scott Trager, each a director and executive officer of Republic, are also partners in Jaytee. See notes to the table under “Share Ownership.” The buildings include Republic Corporate Center, which serves as both the Company’s main office and administrative headquarters in Louisville, Kentucky, and is owned and leased by Teeco, LLC, which is member managed by Jean S. Trager. During 2011, additional leasing relations included Republic Bank & Trust Company’s Hurstbourne Parkway banking center which is owned and leased to Republic Bank & Trust Company by Jaytee – Hurstbourne, LLC, the Bardstown Road banking center which is owned and leased to Republic Bank & Trust Company by Jaytee – Bardstown, LLC and the Springhurst banking center which is owned and leased to Republic Bank & Trust Company by Jaytee – Springhurst, LLC. In addition, space at the Republic Plaza location is owned and leased to Republic Bank & Trust Company by Jaytee Properties II SPE, LLC, of which Steven E. Trager is manager. Under certain of these lease arrangements, Republic was responsible for the fit-up and certain build out costs associated with the leased premises at those facilities. Altogether, these affiliates currently lease 166,121 square feet to Republic Bank & Trust Company and Republic Bank & Trust Company pays \$271,139 per month in rent, with lease terms expiring between 2014 and 2018. The aggregate annual amount paid under these affiliate leasing arrangements in 2011 was \$3,158,283. In accordance with the Audit Committee charter, each of the above leasing transactions was approved by the Board of Directors and the Audit Committee and all were determined by the Board of Directors and the Audit Committee to be on terms comparable to those that could have been obtained from unaffiliated parties.

Right of First Offer Agreement. On September 19, 2007, Republic entered into a Right of First Offer Agreement (the “Agreement”) with Teebank Family Limited Partnership (“Teebank”), and Bernard M. Trager and Jean S. Trager (collectively, the “Tragers”).

The Agreement does not restrict Teebank’s sale of shares of Republic common stock up until the trigger date (the “Trigger Date”) of the second to die of the Tragers. If Teebank desires to sell to a third party up to 1,000,000 shares of Class A common stock in the nine (9) months following the Trigger Date, Teebank must first offer the shares to Republic. Republic then has twenty (20) business days after the notice of a proposed sale to exercise the option, subject to satisfaction of any required regulatory notice requirements and receipt of all required regulatory approvals within sixty (60) days of the option exercise. The option exercise price is the Fair Market Value, as defined in the Agreement, of the shares on the closing date. Teebank is not required to consummate the transaction if the Fair Market Value on the closing date is less than 95% of the Fair Market Value on the date Teebank first gave notice of the proposed sale. Republic can exercise the option only if a majority of Republic’s independent directors determine at the time of exercise that the exercise is in Republic’s best interests.

The Agreement terminates on the first to occur of the following: (i) a Change in Control, as defined in the Agreement, of Republic, (ii) Republic’s duty to file reports required under Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 is suspended, or (iii) fourteen (14) months following the Trigger Date. In addition, Teebank may terminate the Agreement following a material change in the anticipated impact of the estate tax laws and regulations upon the Tragers or their estates.

Related Officers. Steven E. Trager, A. Scott Trager and Barbara Trager are relatives. Steven E. Trager and A. Scott Trager are cousins. A. Scott Trager and Barbara Trager are siblings. Barbara Trager, Efficiency and Improvement Director, received salary of \$79,000 a bonus of \$10,500 and other standard miscellaneous employee perquisites in 2011.

Relationships with Directors. There are no additional relationships with Republic directors not described in this section or the previous section of this proxy statement titled “Compensation Committee Interlocks and Insider Participation.”

Indebtedness of Directors, Executive Officers and Principal Shareholders. There is no absolute prohibition on personal loans to directors or executive officers of insured depository institutions. However, Federal banking laws require that all loans or extensions of credit by the Bank to the Company's or the Bank's executive officers and directors be made on substantially the same terms, including interest rate and collateral requirements, as those prevailing at the time for comparable transactions with the general public and must not involve more than the normal risk of repayment or present other unfavorable features. These loans must be of a type generally made available to the Company's employees or the public at large. In addition, loans made to executive officers, Company directors and Bank directors must be approved in advance by a majority of the disinterested members of the Board of Directors.

During 2011, directors and executive officers of Republic and other persons or entities with which they are affiliated or with whom they are members of the same immediate family were customers of and had in the ordinary course of business banking transactions with Republic. All loans included in such transactions were generally available to the public, were made on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable transactions with other persons, which loans do not involve more than the normal risk of collection or present other unfavorable features. As of December 31, 2011, directors, executive officers and principal shareholders of Republic and the Bank had loans outstanding of \$24.313 million.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Republic's officers, directors and greater than 10% beneficial owners to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers and directors are required to furnish Republic with copies of all Section 16(a) forms filed. Based solely upon review of copies of such forms received, or written representations that there were no unreported holdings or transactions, Republic believes that, for the most recent fiscal year, all Section 16(a) filing requirements applicable to its officers, directors and 10% beneficial owners were complied with on a timely basis.

SOLICITATION OF PROXIES

The cost of solicitation of proxies, if any, by the Board of Directors will be borne by Republic. Republic does not anticipate it will incur any cost. Some of Republic's directors and officers who will receive no additional compensation may solicit proxies in person and by telephone, electronic media, facsimile, and mail from brokerage houses and other institutions, nominees, fiduciaries and custodians, who will be requested to forward the proxy materials to beneficial owners of the Class A Common Stock and Class B Common Stock. Republic will, upon request, reimburse such intermediaries for their reasonable expenses in forwarding proxy materials but will not pay fees, commissions, or other compensation.

PROPOSAL TWO: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On March 6, 2012, the Audit Committee selected Crowe Horwath LLP to serve as Republic's independent registered public accounting firm and auditors for the fiscal year ending December 31, 2012. On behalf of Republic's Board of Directors, the Audit Committee of the Board retained Crowe Horwath LLP to audit the Company's consolidated financial statements and the effectiveness of the Company's internal control over financial reporting for 2012. Crowe Horwath LLP was chosen based on its performance in prior years, its responsiveness, technical expertise and the appropriateness of fees charged.

Crowe Horwath LLP has served as Republic's independent registered public accounting firm since the 1996 fiscal year. The Company's independent registered public accounting firm leases space from Jaytee-Springhurst, LLC, a limited liability company whose sole managing member is Jaytee, a Kentucky limited partnership of which the Chairman & CEO and President of Republic are partners. The Company and Crowe Horwath LLP have determined that such leases constitute arm's length transactions and comply with all applicable independence standards. Crowe Horwath LLP representatives are expected to attend the 2012 Annual Meeting and will be available to respond to appropriate shareholder questions and will have the opportunity to make a statement if they desire to do so.

We are asking our shareholders to ratify the selection of Crowe Horwath LLP as our independent registered public accounting firm for 2012. Although ratification is not required by the Company's bylaws or otherwise, the Board is submitting the selection of Crowe Horwath LLP to our shareholders as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether or not it is appropriate to select another independent registered public accounting firm. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of Republic and its shareholders.

The Board of Directors recommends a vote "FOR" the proposal to ratify the selection of Crowe Horwath LLP as the Company's independent registered public accounting firm for 2012.

2010	\$ 289,000	\$ 0	\$ 0	\$ 47,250

The Audit Committee has approved all services provided by Crowe Horwath LLP during 2011. Additional details describing the services provided in the categories in the above table are as follows:

Audit Related Fees

Fees for audit related services provided by Crowe Horwath LLP in 2011, as disclosed in the above "Audit Fee Table," primarily include assistance with the review of various accounting standards.

All Other Fees

Fees for all other services provided by Crowe Horwath LLP, as disclosed in the above "Audit Fee Table," relate to a 401(k) benefit plan audit, a mandated U.S. Department of Housing and Urban Development (HUD) Federal Housing Administration (FHA) compliance audit, and, for 2010 only, additional audit testing for the Company's expanded loan review program.

The Audit Committee of the Board of Directors has determined that the provision of the services covered under the caption "Audit Related Fees" above is compatible with maintaining the independent registered public accounting firm's independence.

Pre-Approval Policies and Procedures

The Audit Committee's charter provides that the committee will pre-approve all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent registered public accounting firm, subject to the de minimis exceptions for non-audit services described in Section 10A(i)(1)(B) of the Securities Exchange Act of 1934 which are approved by the Audit Committee before the completion of the audit. The Audit Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of such subcommittee to grant pre-approvals are presented to the full Audit Committee at its next scheduled meeting.

SHAREHOLDERS' COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Shareholders who want to communicate in writing with the Board of Directors, or specified directors individually, may send proposed communications to Republic's Corporate Secretary, Michael A. Ringswald at 601 West Market Street, Louisville, Kentucky 40202. The proposed communication will be reviewed by the Audit Committee and the General Counsel. If the communication is appropriate and serves to advance or improve the Company or its performance, contains no objectionable material or language, is not unreasonable in length and is directly applicable to the business of Republic, it is expected that the communication will receive favorable consideration for presentation to the Board of Directors or appropriate director(s).

OTHER MATTERS

The Board of Directors does not know of any matters to be presented at the Annual Meeting other than as specified in this proxy statement. If, however, any other matters should properly come before the 2012 Annual Meeting, it is intended that the persons named in the enclosed proxy, or their substitutes, will vote such proxy in accordance with their best judgment on such matters.

Shareholders who desire to present proposals at the 2013 Annual Meeting must forward them in writing to the Secretary of Republic so that they are received no later than November 9, 2012, in order to be considered for inclusion in Republic's proxy statement for such meeting. Shareholder proposals submitted after January 23, 2013, will be considered untimely, and the proxy solicited by Republic for next year's Annual Meeting may confer discretionary authority to vote on any such matters without a description of them in the proxy statement for that meeting.

Republic's 2011 Annual Report on Form 10-K, with certain exhibits, is enclosed with this proxy statement. The 2011 Annual Report on Form 10-K does not form any part of the material for the solicitation of proxies.

Any shareholder who wishes to obtain a copy, without charge, of Republic's Annual Report on Form 10-K for its fiscal year ended December 31, 2011, which includes financial statements and financial statement schedules, and is required to be filed with the Securities and Exchange Commission, may contact Michael A.
