Item 1.01. Entry into a Material Definitive Agreement.

Chesapeake Utilities Corporation (“Chesapeake” or “the Company”) announced today that it has entered into agreements with one of its commercial lenders regarding the short-term lines of credit available from that financial institution. These agreements increase the dollars available under the committed short-term loan facility, and decrease the dollars available under the uncommitted loan facility by an equal amount. The total loan capacity available from PNC Bank, Delaware remains unchanged. On October 29, 2008, the Company and PNC Bank, Delaware executed modifications to existing loan documents that increased the committed line amount from \$10 million to \$25 million, while simultaneously reducing the uncommitted line capacity from \$30 million to \$15 million. The other terms of the uncommitted line of credit remain unchanged. The spread on the committed facility was increased to 125 basis points with an unused commitment fee at the rate of 15 basis points. An advance outstanding under the committed facility will bear interest at the Bank’s Base Rate (as defined in the agreement) plus 125 basis points if requested and advanced on the same day, or LIBOR for the applicable period plus 125 basis points if requested three (3) days prior to the advance date.
