Ukragro Corporation Notes to the Financial Statements (Unaudited)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying unaudited interim financial statements of Ukragro Corporation have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission, and should be read in conjunction with Ukragro's audited 2008 annual financial statements and notes thereto filed with the SEC on form S-1. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the result of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements, which would substantially duplicate the disclosure required in Ukragro's 2008 annual financial statements have been omitted.

NOTE 2 - GOING CONCERN

These financial statements have been prepared on a going concern basis, which implies Ukragro will continue to meet its obligations and continue its operations for the next fiscal year. Realization value may be substantially different from carrying values as shown and these financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should Ukragro be unable to continue as a going concern. As of January 31, 2009, Ukragro has not generated revenues and has accumulated losses of \$2,326 since inception. The continuation of Ukragro as a going concern is dependent upon the continued financial support from its shareholders, the ability of Ukragro to obtain necessary equity financing to continue operations, and the attainment of profitable operations. These factors raise substantial doubt regarding the Ukragro's ability to continue as a going concern.

NOTE 3 - RELATED PARTY TRANSACTIONS

During the quarter ended January 31, 2009, Ukragro recognized a total of \$1,500 for donated rent and services provided by the President and Director of the

Edgar Filing: Ukragro Corp - Form 10-Q

Company. These transactions are recorded as a contribution in additional paid in capital.

As of January 31, 2009, Ukragro owes a director \$405 for a loan, which is unsecured, non interest bearing, with no specific terms of repayment. Imputed interest is not recorded due to the amount being immaterial.

NOTE 4 - COMMON STOCK

On October 23, 2008, Ukragro issued 2,000,000 shares of common stock (founder's shares) at par value \$0.00001 to the President and Director of the Company.

During the quarter ended January 31, 2009, Ukragro issued 502,000 common shares at \$0.05 per share, for proceeds of \$25,100.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

This 10-Q contains forward-looking statements. Our actual results could differ materially from those set forth as a result of general economic conditions and changes in the assumptions used in making such forward-looking statements. The following discussion and analysis of our financial condition and results of operations should be read together with the audited consolidated financial statements and accompanying notes and the other financial information appearing elsewhere in this report. The analysis set forth below is provided pursuant to applicable Securities and Exchange Commission regulations and is not intended to serve as a basis for projections of future events. Refer also to "Cautionary Note Regarding Forward Looking Statements" and "Risk Factors" below.

The following discussion and analysis provides information which management of Ukragro Corporation (the "Company") believes to be relevant to an assessment and understanding of the Company's results of operations and financial condition. This discussion should be read together with the Company's financial statements and the notes to financial statements, which are included in this report.

CAUTION ABOUT FORWARD-LOOKING STATEMENTS

This management's discussion and analysis or plan of operation should be read in conjunction with the financial statements and notes thereto of the Company for the quarter ended January 31, 2009. Because of the nature of a relatively new and growing company the reported results will not necessarily reflect the future.

This section of the report includes a number of forward-looking statements that reflect our current views with respect to future events and financial performance. Forward-looking statements are often identified by words like: believe, expect, estimate, anticipate, intend, project and similar expressions, or words which, by their nature, refer to future events. You should not place undue certainty on these forward-looking statements, which apply only as of the date of this report. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical results or our predictions.

PLAN OF OPERATION

We are a start-up corporation and have not yet generated or realized any revenues from our business operations.

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an on-going business for the next twelve months unless we obtain additional capital to pay our bills. This is

Edgar Filing: Ukragro Corp - Form 10-Q

because we have not generated any revenues and no revenues are anticipated until we begin our operations. In January 2009 we raised \$25,100 in our public offering of common stock.

Our goal is to commence our operations. We intend to accomplish the foregoing through the following milestones:

8

1. We plan immediately to start marketing research of our business. We believe it will be completed within 100 days and it will cost between \$1,000 to \$2,000.
2. After completion of our marketing research, we will immediately begin to develop our website. We believe that our website can be fully operational within 100 days and it will cost between \$2,000 and \$3,000.
3. After our website is established, we intend to market our business to potential customers or investors through our website and by personal contact through Ms. Yahodka, our president.

Within 250 days after we complete our public offering, we should be in the position to establish our first spa in Zhitomir, Ukraine.

In summary, our website should be fully operational within 200 days and we should begin our operations in 250 days of completing our offering.

If we cannot generate sufficient revenues to continue operations, we will suspend or cease operations. If we cease operations, we do not know what we will do and we do not have any plans to do anything else.

LIMITED OPERATING HISTORY; NEED FOR ADDITIONAL CAPITAL

There is no historical financial information about us upon which to base an evaluation of our performance. We are in development stage operations and have not yet generated any revenues. We cannot guarantee we will be successful in our business operations. Our business is subject to risks inherent in the establishment of a new business enterprise, including limited capital resources and possible cost overruns.

In addition to this offering, we are seeking equity financing in order to obtain the capital required to implement our business plan.

We have no assurance that future financing will be available to us on acceptable terms. If financing is not available to us on satisfactory terms, we may be unable to continue, develop or expand our operations. Equity financing could result in additional dilution to our existing shareholders.

RESULTS OF OPERATIONS

FROM INCEPTION ON OCTOBER 23, 2008 TO JANUARY 31, 2009

During this period we incorporated the company, hired an attorney and an auditor for the preparation of this registration statement. We also prepared an internal business plan. Our loss since inception is \$2,326 of which \$275 is for legal and

9

accounting fees, \$1,000 is for rent, \$1,000 is for consulting services, and \$50 is for filing fees and general office expenses.

Edgar Filing: Ukragro Corp - Form 10-Q

Since inception, we have issued 2,000,000 shares of common stock to our sole officer and director. During the quarter ended January 31, 2009, the company sold 502,000 shares of common stock at a price of \$0.05 per share for cash proceeds of \$25,100.

LIQUIDITY AND CAPITAL RESOURCES

Money that we raised in our public offering will be applied to the items set forth in the Use of Proceeds section of our prospectus. If we are unable to successfully attract customers to utilize our spa services, we may use up the proceeds from this offering and will need to find alternative sources, like a second public offering, a private placement of securities, or loans from our officers or others in order for us to continue our operations.

At present, we have not made any arrangements to raise additional capital, other than through this offering.

Since inception, we have issued 2,502,000 shares of our common stock and received \$25,100.

We issued 2,000,000 shares of common stock to our sole officer and director pursuant to the exemption from registration contained in Regulation S of the Securities Act of 1993. The purchase price of the shares was \$20. This was accounted for as an acquisition of shares. Ms. Protskiv covered our initial expenses of \$405 for incorporation, accounting and legal fees. The amount owed to Ms. Protskiv is non-interest bearing, unsecured and due on demand. Further the agreement with Ms. Protskiv is oral and there is no written document evidencing the agreement.

Since inception, the company sold 502,000 shares of common stock at a price of \$0.05 per share for cash proceeds of \$25,100.

As of January 31, 2009, our total assets were \$25,180 and our total liabilities were \$405.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and are not required to provide the information under this item.

ITEM 4. CONTROLS AND PROCEDURES.

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

We carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act (defined below)). Based upon that evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the period covered in this report, our disclosure controls and procedures were not

10

effective to ensure that information required to be disclosed in reports filed under the Securities Exchange Act of 1934, as amended (the "Exchange Act") is recorded, processed, summarized and reported within the required time periods and is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Our management, including our principal executive officer and principal

Edgar Filing: Ukragro Corp - Form 10-Q

financial officer, does not expect that our disclosure controls and procedures or our internal controls will prevent all error or fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Due to the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected. Accordingly, management believes that the financial statements included in this report fairly present in all material respects our financial condition, results of operations and cash flows for the periods presented.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

In addition, our management with the participation of our Principal Executive Officer and Principal Financial Officer have determined that no change in our internal control over financial reporting occurred during or subsequent to the quarter ended January 31, 2009 that has materially affected, or is (as that term is defined in Rules 13(a)-15(f) and 15(d)-15(f) of the Securities Exchange Act of 1934) reasonably likely to materially affect, our internal control over financial reporting.

11

PART II. OTHER INFORMATION

ITEM 1A. RISK FACTORS.

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and are not required to provide the information under this item.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

On January 14, 2009, the Securities and Exchange Commission declared our Form S-1 Registration Statement effective, file number 333-156594, permitting us to offer up to 2,000,000 shares of common stock at \$0.05 per share. There is no underwriter involved in our public offering.

On January 21, 2009 we completed our public offering and raised \$25,100 by selling 502,000 shares of common stock. Since then we have used the proceeds as follows:
