established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan is to obtain such resources for the Company by obtaining capital from management and significant shareholders sufficient to meet its minimal operating expenses and seeking equity and/or debt financing. However management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 3. RECENT ACCOUNTING PRONOUNCEMENTS

The company has evaluated the recent accounting pronouncements issued through the issuance of these financial statements, and the Company does not expect that the effectiveness of any of these changes will have a material impact on the Company's financial position, or statements.

Historically, we have been able to raise a limited amount of capital through private placements of our equity stock, but we are uncertain about our continued

Edgar Filing: iTALK Inc. - Form 10-Q

ability to raise funds privately. Further, we believe that our company may have more difficulties raising capital for our existing operations than for a new business opportunity. We have not entered into any formal written agreements for a business combination or opportunity. If any such agreement is reached, we intend to disclose such an agreement by filing a current report on Form 8-K with the Securities and Exchange Commission. If we are unable to secure adequate capital to continue our business or alternatively, complete a combination or acquisition, our shareholders will lose some or all of their investment and our business will likely fail.

GOING CONCERN

Our auditors have expressed their doubt about our ability to continue as a going concern unless we are able to generate profitable operations.
