STOCK PLANS

2000 Employee Stock Incentive Plan

The 2000 Employee Stock Incentive Plan, or the 2000 Employee Plan, provides for the grant of options to our officers, employees and consultants and to our affiliates. The 2000 Employee Plan continues in effect until March 2010 unless terminated earlier. The 2000 Employee Plan was amended at the annual meeting of stockholders held on May 22, 2003 to increase the number of shares available for issuance under the 2000 Employee Plan from 1,000,000 to 3,000,000, as well as to increase the number of shares that may be issued to any one individual under the 2000 Employee Plan in any calendar year from 500,000 to 1,250,000. Options granted under the 2000 Employee Plan may be either "incentive stock options," or ISOs, within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended, or "nonqualified stock options," or NQSOs.

The 2000 Employee Plan is administered by the Compensation and Stock Option Committee of our Board of Directors. The Compensation and Stock Option Committee of our Board of Directors has been delegated the full authority in its discretion to determine which of our officers, key employees, consultants or affiliates will be granted stock options and to determine the terms and provisions of such stock incentive options, subject to the requirements and limitations of the 2000 Employee Plan. Subject to the provisions of the 2000 Employee Plan, the Compensation and Stock Option Committee of our Board of Directors has full and conclusive authority to interpret the 2000 Employee Plan, to prescribe, amend and rescind rules and regulations relating to the 2000 Employee Plan, to determine the terms and provisions of the respective stock incentive agreements and to make all other determinations necessary or advisable for the proper administration of the 2000 Employee Plan.

The 2000 Employee Plan is intended to: (a) provide incentive to our officers and key employees and our affiliates to stimulate their efforts toward our continued success and to operate and manage the business in a manner that will provide for our long-term growth and profitability; (b) encourage stock ownership by officers and key employees by providing them with a means to

Edgar Filing: INNOVO GROUP INC - Form 10-K/A

acquire a proprietary interest in us, acquire shares of stock, or to receive compensation which is based upon appreciation in the value of the stock; and (c) provide means of obtaining, rewarding and retaining key personnel and consultants.

The number of shares of stock as to which a stock incentive may be granted will be determined by the Compensation and Stock Option Committee of our Board of Directors, in its sole discretion, subject to the limitations of the 2000 Employee Plan. To the extent required under Section 162(m) of the Code and the regulations thereunder for compensation to be treated as qualified performance based compensation, the maximum number of shares of stock with respect to which options may be granted during any one year period to any employee may not exceed 1,250,000.

Stock option grants issued under the 2000 Employee Plan may be granted only to our officers, key employees, consultants or to any of our affiliates. The aggregate fair market value (determined as of the date an ISO is granted) of stock with respect to which stock options intended to meet the requirements of Section 422 of the Code become exercisable for the first time by an individual during any calendar year under all of our plans and our subsidiaries may not exceed \$100,000; provided further, that if the limitation is exceeded, the ISOs which cause the limitation to be exceeded will be treated as NQSOs.

The 2000 Employee Plan was adopted by our Board of Directors on March 12, 2000 and approved by our common stockholders at the 2000 annual meeting of stockholders and amended at the at the annual meeting of stockholders held on May 22, 2003. Up to 3,000,000 shares of our common stock, subject to adjustment as provided in the 2000 Employee Plan, may be issued under the 2000 Employee Plan. As of March 29, 2004, 2,030,000 shares have been issued under our 2000 Employee Plan. Awards under the 2000 Employee Plan are discretionary. Therefore, it is not possible to determine the benefits that will be received in the future by participants in the 2000 Employee Plan.

3

2000 Director Stock Incentive Plan

The purpose of the 2000 Director Stock Incentive Plan, or 2000 Director Plan, is to permit the granting of stock options to our Board of Directors who are not our employees at an exercise price less than market value at the date of grant in lieu of paying Board of Directors' fees in cash, thereby advancing our interests by encouraging and enabling the acquisition of our common stock by our Board of Directors whose judgment and ability we rely upon for the attainment of our long-term growth and development. However, beginning in fiscal 2003, we commenced paying all non-employee directors a cash fee in addition to this grant of stock options. Accordingly the 2000 Director Plan is intended to promote a close identity of interest among us, our Board of Directors, and our common stockholders, as well as to provide a means to attract and attain well-qualified members of our Board of Directors. The 2000 Director Plan was adopted by our Board of Directors on September 13, 2000 and approved by our common stockholders at the 1999 annual meeting of stockholders.

There are authorized for issuance or delivery upon the exercise of options to be granted from time to time under the 2000 Director Plan an aggregate of 500,000 shares of our common stock, subject to adjustment as provided in the 2000 Director Plan. As of March 29, 2004, 204,828 shares have been issued under the 2000 Director Plan. The 2000 Director Plan is administered by the Compensation and Stock Option Committee of our Board of Directors, which will consist of not less than three members, all of whom will be deemed to be independent, and appointed by our Board of Directors.

Edgar Filing: INNOVO GROUP INC - Form 10-K/A

Pursuant to our 2000 Director Plan, each non-employee director receives annual compensation at the first annual meeting of stockholders following his or her appointment and annually thereafter a grant in the form of options to buy common stock with an aggregate fair market value of \$10,000. These options are exercisable beginning one year from the date of grant and expire ten years from the date of grant. The exercise price is set at 50% of the fair market value of the common stock on the date of grant. This discount was originally proposed in lieu of directors' fees. A member of our Board of Directors who is also an employee of ours receives no additional compensation for his or her service as member of our Board of Directors. Members of our Board of Directors who also serve on one or more committees of the Board of Directors do not receive any additional compensation for such service. In addition to this stock option compensation, at the annual meeting of stockholders on May 22, 2003, our Board of Directors voted to compensate in cash each non-employee director at an annual rate of \$12,500 for service as a member of our Board of Directors. After our annual meeting of stockholders for 2004, which we expect to hold in June of 2004, our Board of Directors will meet to discuss compensation arrangements for members of the Board of Directors for service in fiscal 2004.

Each option has an exercise price equal to one-half of the market price on the date of grant, and covers a number of shares equal to \$10,000 divided by the exercise price per share. The market price is determined as of the close of business on the day of our Board meeting immediately following our annual shareholder meeting. The 2000 Director Plan will continue in effect until September 2010, unless terminated earlier. Options granted under the 2000 Director Plan are nonqualified stock options. During 2003, each of our non-employee directors received an option to purchase up to 7,692 shares of our common stock with an exercise price of \$1.30 per share vesting on a monthly basis beginning May 22, 2003 under our 2000 Director Plan in addition to cash fees. These options have a ten year term and expire on May 22, 2013.

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, officers and persons who beneficially own more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC on a timely basis. Directors, officers and greater than ten percent beneficial owners are required by the SEC's regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of copies of such forms furnished to us and certain of our internal records, or upon written representations that no Form 5s were required, we believe that during the year ended December 31, 2003, all Section 16(a) filing requirements applicable to our directors, officers and greater than ten percent beneficial owners were satisfied on a timely basis

Employment Contracts, Termination of Employment and Change in Control

We have not entered into any employment or severance agreements with any of our Named Executive Officers. However, in connection with Mr. Crossman's option agreement, in the event of a change in control of the company, all of Mr. Crossman's options, to the extent not otherwise exercisable, will immediately become exercisable.

Stock Option Grants

The following table sets forth the stock options we granted during the fiscal year ended November 29, 2003 to each of our Named Executive Officers. We have never granted any stock appreciation rights.

Amounts shown as potential realizable values are based on compounded annual rates of share price appreciation of five and ten percent over the 10-year term of the options, as mandated by rules of the SEC, and are not indicative of expected share price performance. Actual gains, if any, on share option exercises are dependent on future performance of the overall market conditions, as well as the option holders' continued employment through the vesting period. The amounts reflected in this table may not necessarily be achieved or may be exceeded. The indicated amounts are net of the option exercise price but before taxes that may be payable upon exercise.

Option Repricing

The following table sets forth information concerning the repricing of options held by Marc Crossman, our Chief Financial Officer, with respect to options that were originally granted in connection with commencement of his employment as our Chief Financial Officer. However, on the original date of the grant of the options to Mr. Crossman, there were not enough shares authorized under the 2000 Employee Stock Incentive Plan to grant Mr. Crossman the options. As a result, Mr. Crossman's options were cancelled and reissued upon stockholder approval of an increase in shares authorized and available for grant under the 2000 Employee Stock Incentive Plan. The term of the reissued option was 10 years rather than the 20 year term of the original option.

401(k) Plan

On December 1, 2002, we established a tax qualified defined contribution 401(k) Profit Sharing Plan . All employees who have worked for us for 30 consecutive days may participate in the 401(k) Profit Sharing Plan and may contribute up to 100% of their salary to the plan. Our elective matching contributions may be made on a discretionary basis. All employees who have worked 500 hours qualify for profit sharing in the event at the end of each year we decide to do so. Costs of the plan charged to operations were \$20,000 for the year ended November 29, 2003.

Compensation Committee Interlocks and Insider Participation

During 2003, the Compensation and Stock Option Committee of our Board of Directors was comprised of Dr. Looney and Mr. Rizvi. The Compensation and Stock Option Committee is responsible for determining the salaries and incentive compensation of our executive officers and for providing recommendations for the salaries and incentive compensation of all other employees and consultants. The Compensation and Stock Option Committee also administers our benefit plans, including the 2000 Employee Stock Incentive Plan. Mr. Rizvi serves as Chairman of the Compensation and Stock Option Committee. Neither Mr. Rizvi nor Dr. Looney has served as an executive officer or employee of Innovo Group. However, beginning in December 2003, Messrs. Furrow and Crossman, two of our executive officers and members of our Board of Directors, became members of the Board of Directors for Northgate Innovations, Inc. (NGTE.OB), of which Mr. Savage currently serves as Chief Executive Officer. Furthermore, one additional member of our Board of Directors, Mr. Rizvi, also serves as a member of the Board of Directors for Northgate Innovations, Inc. (NGTE.OB). Neither Mr. Furrow nor Mr. Crossman is a member of the Compensation Committee of the Board of Directors for Northgate Innovations, Inc. (NGTE.OB).

14

Compensation of Directors

For fiscal 2003 and pursuant to our 2000 Director Stock Incentive Plan, each non-employee director receives annual compensation at the first annual meeting of stockholders following his or her appointment and annually thereafter a grant in the form of options to buy common stock with an aggregate fair market value of \$10,000. These options are exercisable beginning one year from the date of grant and expire ten years from the date of grant. The exercise price is set at 50% of the fair market value of the common stock on the date of grant. The discount was originally proposed to be in lieu of director fees. A member of our Board of Directors who is also our employee receives no additional compensation for his or her service as member of our Board of Directors. Members of our Board of Directors who also serve on one or more committees of our Board of Directors do not receive any additional compensation for such service. In addition to this stock option compensation, at the annual meeting of stockholders held on May 22,

Edgar Filing: INNOVO GROUP INC - Form 10-K/A

2003, our Board of Directors voted to compensate all non-employee directors in the form of a cash payment at an annual rate of \$12,500 for service as a member of our Board of Directors. After our annual meeting of stockholders for 2004, which we expect to hold in June of 2004, our Board of Directors will meet to discuss compensation arrangements for members of the Board of Directors for service in fiscal 2004.

REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEE

As our business grows, our Compensation and Stock Option Committee expects to work closely with management to design an executive compensation program to assist us in attracting and retaining needed outstanding executives and senior management personnel. The design and implementation of such program will evolve as needed, but will be based primarily on two elements: (i) providing compensation opportunities that are competitive with competing companies of similar size; and (ii) linking executives' compensation with our or a division's financial performance by rewarding the achievement of our short-term and long-term objectives.

The three principal components of the executive compensation program are annual base salary, short-term incentive compensation in the form of performance bonuses payable in cash each year, and long-term incentive compensation in the form of stock options and other equity awards. In fiscal 2003, we needed to attract additional executive management through our compensation arrangement, including our Chief Financial Officer and our Chief Operating Officer. Our executive officers are elected on an annual basis and serve at the discretion of our Board of Directors.

Mr. Jay Furrow became Chief Executive Officer in July 2002, succeeding Ms. Patricia Anderson, who currently serves as our President. Prior to December 2002, the annual base salary for Mr. Furrow and Ms. Anderson was \$150,000 and \$200,000, respectively. In December of 2002, the annual compensation for both Mr. Furrow and Ms. Anderson was increased to \$275,000 in base salary and each person received a stock option to purchase up to 100,000 shares of common stock with an exercise price of \$2.40 per share expiring in December 2007.

During fiscal 2003, the Compensation and Stock Option Committee met a total of four times. At the November 27, 2002 meeting, the compensation arrangement discussed above for Mr. Furrow and Ms. Anderson was approved. Upon the appointment of Marc Crossman as Chief Financial Officer, Mr. Crossman was hired at the same base salary as Mr. Furrow and Ms. Anderson and was granted an option to purchase up to 1,000,000 shares of our common stock, as discussed elsewhere in this Amendment No. 1. The original compensation arrangement, as well as Mr. Crossman's compensation arrangement, was recommended by the Compensation and Stock Option Committee and approved by the full Board of Directors and was based on individual performance and analysis of compensation for the positions at comparative companies.

15

Neither Ms. Anderson, Mr. Furrow nor Mr. Crossman has an employment agreement with us, but Mr. Crossman does have a change in control provision in his stock option grant which provides for immediate vesting of all options to the extent not otherwise exercisable will immediately become exercisable in the event of a change in control of the company, as discussed elsewhere in this Amendment No. 1.

The SEC requires that this report of the Compensation and Stock Option Committee comment on our policy with respect to Section 162(m) of the Code which limits the deductibility of our tax return of nonperformance-based compensation

Edgar Filing: INNOVO GROUP INC - Form 10-K/A

in excess of \$1 million dollars paid to any of our Named Executive Officers. The Compensation and Stock Option Committee is monitoring the effects of our compensation program with respect to Section 162(m) of the Code. To date, we have not suffered a loss of compensation as a result of the \$1 million dollar limitation. The Compensation and Stock Option Committee reserves the right to design programs that recognize a full range of performance criteria critical to our success, even where the compensation paid under such programs may not be deductible.

REPORT ON CEO COMPENSATION

Mr. Furrow's 2003 annual base salary and grant of stock options were based on the overall principles of executive compensation described above. The Compensation and Stock Option Committee reviewed Mr. Furrow's compensation and overall assessment of his performance during its November 2002 meeting. As discussed above, we made adjustments to Mr. Furrow's base salary to be effective in December 2002 at the beginning of our first fiscal 2003 quarter and granted him additional stock options in order to realign his compensation with market and organizational considerations. Upon the hiring of Mr. Crossman in March 2003, the Compensation and Stock Option Committee again reviewed Mr. Furrow's 2003 annual base salary and grant of stock options and concluded that his annual base salary and grant of stock options were consistent with the overall performance of the company and industry standards for executives with similar responsibilities in similar companies.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have adopted a policy requiring that any material transaction between us and persons or entities affiliated with officers, directors or principal common stockholders of our company be on terms no less favorable to us than reasonably could have been obtained in arms' length transactions with independent third parties and all transactions between us and related parties must be approved by our Audit Committee.

Anderson Stock Purchase Agreement

Pursuant to a Stock Purchase Right Award granted in February 1997, our President, Pat Anderson, purchased 250,000 shares of common stock, or the Award Shares, with payment made by the execution of a non-recourse note, or the Anderson Note, for the exercise price of \$2.81 per share, or \$703,125 in the aggregate. The Anderson Note was due, without interest, on April 30, 2002, and was collateralized by the 1997 Award Shares. The Anderson Note may be paid or prepaid (without penalty) by (i) cash, or (ii) the delivery of our common stock (other than the Award Shares) held for a period of at least six months, which shares would be credited against the Anderson Note on the basis of the closing bid price for the common stock on the date of delivery.

On July 18, 2002, our Board of Directors voted in favor of extending the term of the Anderson Note until April 30, 2005. The remaining provisions of the

Edgar Filing: INNOVO GROUP INC - Form 10-K/A

Anderson Note remained the same. As of November 29, 2003, \$703,125 remains outstanding under the Anderson Note.

Crossman Loan

On February 7, 2003 and on February 13, 2003, we entered into two promissory note loan agreements with Marc Crossman, then a member of our Board of Directors and now also our Chief Financial Officer, whereby Mr. Crossman loaned to us an aggregate of \$500,000. The loan was funded in two phases of \$250,000 each on February 7, 2003 and February 13, 2003. In the event of default, each loan is collateralized by 125,000 shares of our common stock as well as a general unsecured claim on our assets, subordinate to existing lenders. Each loan matures six months and one day from the date of its respective funding, at which point the principal amount loaned and any unpaid accrued interest is due and payable in full without demand. The loan carries an 8% annualized interest rate with interest payable in equal monthly installments. The loan may be repaid by us at any time during the term of the loan without penalty. Further, prior to the maturity of the loan and the original due dates, we elected, at our sole option, to extend the term of the loan for an additional period of six months and one day. A majority of our disinterested directors approved the loan from Mr. Crossman. Subsequent to the year ended November 29, 2003 and prior to the maturity of the loans in February 2004, the parties agreed to extend the term of the loan for an additional period of ninety days. Further, pursuant to the extension of the loan, the loan was amended to provide Mr. Crossman with the sole and exclusive option to continue to extend the term of the loan for three additional ninety day periods by giving notice of such extension on or before the due date of the loan.

Azteca Production International, Inc.

In the third quarter of fiscal 2001, we acquired Azteca Production International, Inc.'s Knit Division and formed our IAA subsidiary. Pursuant to equity transactions completed in fiscal 2000, the principals of Azteca Production International, Inc., or Azteca, became our affiliates. We purchased the Knit Division's customer list, the right to manufacture and market all of the Knit Division's current products and entered into certain non-compete and nonsolicitation agreements and other intangible assets associated with the Knit Division. As consideration, we issued to Azteca, 700,000 shares of our common stock valued at \$1.27 per share based upon the closing price of the common stock on August 24, 2001, and promissory notes in the amount of \$3.6 million.

Blue Concept Division Acquisition

On July 17, 2003, IAA entered into an asset purchase agreement, or APA, with Azteca, Hubert Guez and Paul Guez, whereby IAA acquired the division known as the Blue Concept division, or the Blue Concept Division, of Azteca. The Blue Concept Division primarily sells denim jeans to American Eagle Outfitters, Inc, or AEO, a national retailer. Hubert Guez and Paul Guez, two of our substantial common stockholders and parties to the APA, together have a controlling interest in Azteca. Based upon the Schedule 13D/A filed with the SEC on March 9, 2004, Hubert Guez, Paul Guez and their affiliates beneficially owned in the aggregate approximately 26.47% of our common stock on a fully diluted basis.

Pursuant to the terms of the APA, IAA paid \$21.8 million for the Blue Concept Division, subject to adjustment as noted below. IAA issued a seven-year convertible promissory note for \$21.8 million, or the Blue Concept Note. The

Blue Concept Note bears interest at a rate of 6% per annum and requires payment of interest only during the first 24 months and then is fully amortized over the remaining five-year period. On March 5, 2004, upon shareholder approval and pursuant to the terms of the APA, we converted a portion of the Blue Concept Note into equity through the issuance of 3,125,000 shares of our common stock valued at \$4.00 per share, or the Conversion Price. As a result, on March 5, 2004, the Blue Concept Note was reduced by \$12.5 million to \$9.3 million. The reduction in price was determined by the product of the Conversion Price and 3,125,000, and the shares issued pursuant to the conversion are subject to certain lock-up periods. Up to 1,041,667 additional shares may be issued upon the occurrence of certain future contingencies relating to our stock price for the 30 day period ending March 6, 2005, however, the Blue Concept Note will not be reduced any further. Pursuant to the APA, IAA employed all of the existing employees of the Blue Concept Division but did not assume any of the Blue Concept Division's or Azteca's existing liabilities.

In the event that sales of the Blue Concept Division fall below \$70 million during the first 17-month period, or Period I, following the closing of the acquisition, or \$65 million during the 12-month period, or Period II following Period I, certain terms of the APA allow for a reduction in the purchase price through a decrease in the principal balance of the Blue Concept Note and/or the return of certain locked-up shares of our common stock. In the event the Blue Concept Note is reduced during Period I and the sales of the Blue Concept Division in Period II are greater than \$65 million, the Blue Concept Note will be increased by half of the amount greater than \$65 million, but in no event will the Blue Concept Note be increased by an amount greater than the decrease in Period I.

In the event the principal amount of the Blue Concept Note needs to be reduced beyond the outstanding principal balance of such Blue Concept Note, then an amount of the locked-up shares equal to the balance of the required reduction will be returned to us. For these purposes, the locked-up shares will be valued at \$4.00 per share. Additionally, if during the 12-month period following the closing, AEO is no longer a customer of IAA, the locked-up shares will be returned to us, and any amount remaining on the balance of the Blue Concept Note will be forgiven.

23

In the event the revenues of the Blue Concept Division decrease to \$35 million or less during Period I or Period II, IAA will have the right to sell the purchased assets back to Azteca, and Azteca will have the right to buy back the purchased assets for the remaining balance of the Blue Concept Note and any and all locked -up shares will be returned to us.

As part of the transaction, IAA and AZT International SA de CV, a Mexico corporation and wholly-owned subsidiary of Azteca, or AZT, entered into a two-year, renewable, non-exclusive Supply Agreement for products to be sold by the Blue Concept Division. In addition to customary obligations, the Supply Agreement requires that AZT will receive payment immediately upon receipt of invoices for our purchase orders and that AZT will charge a per unit price such that IAA will have a guaranteed profit margin of 15 percent on a "per unit" basis. In addition, AZT is responsible for all quality defects in merchandise manufactured.

IAA also utilizes AZT to distribute goods manufactured under the Supply Agreement and until such time that we can establish a Mexican subsidiary to invoice and collect payments from AEO, temporarily has AZT invoice and collect payments from AEO for goods manufactured in Mexico.
