British Energy plc

Restructuring Update
Agreed Restructuring Effective

British Energy announces that today the Court approved the Creditors' Scheme and the Members' Scheme and, following satisfaction of all the other conditions, the Company is today proceeding to complete the Agreed Restructuring. This follows meetings of shareholders and creditors held on 22 December 2004, at which the requisite majorities of creditors and shareholders approved the Creditors and Members' Scheme.

A further announcement on the expected date of admission of the New Shares and Warrants of British Energy Group plc and New Bonds of British Energy Holdings plc to the Official List of the UKLA and to trading on the London Stock Exchange will be made later today.

Adrian Montague, Chairman of British Energy, said:

"Court approval has enabled us to implement the restructuring plan agreed two years ago. The support shown by all of our stakeholders, notably shareholders, creditors and the Government has allowed us to successfully complete one of the most complicated Restructurings in UK corporate history. I am also hugely grateful to our staff who have shown extraordinary determination to safeguard British Energy's future."

Mike Alexander, Chief Executive of British Energy, said:

"The restructuring has been successfully implemented but our job is far from over. The new management team has started to address the past under-investment and unacceptable output. We must put that right but it will not be easy and it will take time. British Energy's staff have made a massive effort to deliver the restructuring and are hugely enthusiastic about the new opportunity to develop the company again. Together, we are determined to focus all of our energies on making British Energy an efficient and competitive player in the UK electricity market."

This announcement is not an offer of securities for sale in the United States, and the New Shares and Warrants may not be offered or sold in the United States absent registration or an exemption from registration. Any public offering of securities to be made in the United States will be made by means of a prospectus that may be obtained from the Company and that will contain detailed information about the Company and management, as well as financial statements.
