The Benefits Administrative Committee

Sensient Technologies Corporation

Savings Plan

Milwaukee, Wisconsin

We have audited the accompanying statements of net assets available for benefits of the Sensient Technologies Corporation Savings Plan (the Plan) as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

SENSIENT TECHNOLOGIES CORPORATION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2002 AND 2001

Note A Accounting Policies:

The financial statements of the Sensient Technologies Corporation Savings Plan (the Plan) are prepared on an accrual basis. Assets of the Plan are stated at fair value.

Benefits are recorded when paid.

Certain administrative expenses incurred by the Plan are paid by Sensient Technologies Corporation (the Company) on behalf of the Plan or from Plan assets as determined by the Benefits Administrative Committee.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets during the reporting period. Actual results could differ from those estimates.

Note B Description of the Plan:

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

The Plan is a defined contribution plan. Substantially all domestic employees of the Company, except for employees covered by collective bargaining agreements that do not expressly provide for participation in the Plan, are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Employees can contribute up to \$11,000 of their eligible compensation. The Company makes matching contributions up to 4% of eligible compensation to those employees who are still employed with the Company at the end of the Plan year. All Company contributions are invested in common stock of the Company. Company contributions vest at 20% per year of credited service with the Company or upon termination due to death or disability. Amounts which have been forfeited in accordance with provisions of the Plan serve to reduce Company contributions. Forfeitures were approximately \$145,854 and \$64,732 for the years ended December 31, 2002 and 2001, respectively.

Plan assets may be invested in any type of investment that is legally permitted for employee retirement plans.

Edgar Filing: SENSIENT TECHNOLOGIES CORP - Form 11-K

Participants direct the investment of their account balance into various investment options offered by the Plan. The Plan currently offers eight mutual funds and the Sensient Technologies Common Stock Fund as investment options for participants. Participants may revise their investment allocations daily.

The Plan allows participants to borrow funds from their account through the loan fund. All loans require approval by the Benefits Administrative Committee. Monthly payroll deductions are required to repay the loan over five years, or longer if the loan is used to acquire a principal residence. Loans bear interest at a rate of prime plus 1.5%. Unless loans are repaid in full at the time of retirement or termination, the amount of the loan becomes taxable income. Interest rates on outstanding loans range from 6.25% to 11.0% at December 31, 2002 and 7.0% to 11.0% at December 31, 2001.

The Plan may be terminated by the Company at any time. In the event of termination, participant accounts become fully vested.

Note C Sensient Technologies Corporation Master Defined Contribution Trust:

The Plan's investments are held by the Sensient Technologies Corporation Master Defined Contribution Trust (the Master Trust), along with the investments of the Sensient Technologies Corporation Employee Stock Ownership Plan and the Sensient Technologies Corporation Transition Plan. Use of the Master Trust permits the commingling of assets of various employee benefit plans for investment and administrative purposes. Although plan assets are commingled, supporting records are maintained for the purpose of determining changes in each plan's undivided and specifically allocated interest in the Master Trust.

Quoted market prices are used to determine the fair value of marketable securities. Shares of registered investment companies or collective trusts are stated at quoted market prices or withdrawal value. Investment income, realized gains and losses, and unrealized appreciation and depreciation of investments in the Master Trust are allocated to each plan participating in the Master Trust based upon the relationship of the individual interest of each plan to the total of the individual interests of all plans participating in the Master Trust.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

The Master Trust invests in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The fair value of the net assets of the Master Trust as of December 31, 2002 and 2001 is as follows:

	<u>2002</u>	<u>2001</u>
Sensient Technologies Corporation common stock*	\$ 60,598,009	\$ 62,403,348

SENSIENT TECHNOLOGIES CORPORATION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEARS ENDED DECEMBER 31, 2002 AND 2001

Note F Income Tax Status:

The Plan obtained its latest determination letter on August 14, 1996, in which the Internal Revenue Service stated that the Plan, as then designed, qualifies under Section 401 of the Internal Revenue Code, as amended. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administration believes that the Plan was qualified and the related trust was tax-exempt as of December 31, 2002.

Note G Benefits Payable:

As of December 31, 2002 and 2001, the Plan had benefits payable to persons who have elected to withdraw from participation in the earnings and operations of the Plan but have not yet been paid of \$20,963 and \$293,298, respectively.
