SALOMON BROTHERS HIGH INCOME FUND II INC.

LETTER FROM THE CHAIRMAN

[PHOTO]

R. Jay Gerken R. Jay Gerken, CFA Chairman

Dear Shareholder,

I am gratified to report that the Salomon Brothers High Income Fund II Inc. performed well during the six months ended October 31, 2003, based on both its market price return of 13.16% and its net asset value ("NAV")/i/ return of 12.81%, the fund outperformed the unmanaged Citigroup High-Yield Market Index,/ii/ which returned 8.84% for the same period. In comparison, the fund's Lipper peer group of high current yield (leveraged) closed-end funds generated an average return of 13.16% over the six months./iii/ Please note that Lipper peer group performance is based on each fund's NAV.

During the six months, the fund distributed dividends to shareholders totaling \$0.69 per share. The table below shows the six-month total return based on the fund's October 31, 2003 NAV per share and its New York Stock Exchange ("NYSE") closing price. Past performance is not indicative of future results.

FUND PERFORMANCE AS OF OCTOBER 31, 2003

Price Per Share	Six-Month Total Return
\$11.02 (NAV)	12.81%
\$12.40 (NYSE)	13.16%

Total returns are based on changes in NAV or the market price, respectively. Total return assumes the reinvestment of all dividends and/or capital gains distributions in additional shares.

The market rally in U.S. high-yield and emerging market debt securities early in the period came to a halt over the summer, as the sharp rise in U.S. Treasury bond yields exerted pressure on bond markets. However, declining default rates and an improved corporate earnings environment led the market to advance again through the end of October. The U.S. high-yield corporate bond market is typically more closely linked to the strength of corporate balance sheets than to interest rates. Performance was also driven, in part, by an improvement in fundamentals within specific emerging market countries - particularly the strong returns in Latin America - as well as by an increase in

investors' appetite for higher-yielding international investment alternatives.

SALOMON BROTHERS HIGH INCOME FUND II INC.

### Factors Influencing Fund Performance

During the six months, in terms of its U.S. bond holdings, the fund benefited from its overweighting in the aerospace, cable/media, and communications towers sectors and by its underweighting in the leisure, metals/mining, paper/forest products, and restaurant sectors. The fund was adversely affected by its underweighting in bonds rated CCC and in the airlines sector and by its overweighting in the chemicals sector. The fund increased its exposure to issues with CCC credit ratings and added to its positions in the cable/media, communications towers, and energy sectors, while reducing its holdings in the metals/mining, paper/forest products, and technology sectors during the period.

Within the fund's emerging markets debt component, the fund's performance was positively impacted by its overweighted exposure to Brazilian and Ecuadorian debt. The fund's performance was also positively impacted by the use of leverage./iv/ The fund's underweighted position in Venezuelan and Turkish debt detracted from its relative performance during the period.

Especially in this environment of four-decade-low money market yields, higher-yielding bonds in U.S. and emerging markets may seem appealing. Remember, however, that higher-yield bonds carry more credit risk than investment-grade issues, and international issues are subject to economic, political and currency risks. These additional risks are reasons why it is critical to perform a thorough analysis before carefully choosing these bonds. In our opinion, this is all the more reason why investing in high-yield bonds with a professional fund manager is a more prudent strategy than buying these bonds directly. Fund managers can provide the diversification and thorough credit analysis that is an important part of managing risk.

### Looking for Additional Information?

The fund is traded under the symbol "HIX" and its closing market price is available in most newspapers under the New York Stock Exchange listings. The daily NAV is available online under symbol XHIXX. Barron's and The Wall Street Journal's Monday editions carry closed-end fund tables that will provide additional information. In addition, the fund issues a quarterly allocation press release that can be found on most major financial web sites.

In a continuing effort to provide information concerning the fund, shareholders may call 1--888--777--0102 or 1--800--SALOMON (toll free), Monday through Friday from 8:00 a.m. to 6:00 p.m. Eastern Time (ET), for the fund's current NAV, market price and other information regarding the fund's portfolio holdings and allocations.

SALOMON BROTHERS HIGH INCOME FUND II INC.

As always, thank you for entrusting your assets to us. We look forward to helping you continue to seek to meet your financial goals.

Sincerely,

/s/ R. Jay Gerken R. Jay Gerken, CFA Chairman

The information provided is not intended to be a forecast of future events, a guarantee of future results or investment advice. Views expressed may differ from those of the firm as a whole.

Portfolio holdings and breakdowns are as of October 31, 2003 and are subject to change. Please refer to pages 4 through 16 for a list and percentage breakdown of the fund's holdings.

- /i/ NAV is a price that reflects the value of the fund's underlying portfolio plus other assets, less the fund's liabilities. However, the price at which an investor may buy or sell shares of the fund is at the fund's market price as determined by supply of and demand for the fund's shares.
- /ii/ The Citigroup High-Yield Market Index is a broad-based unmanaged index of high-yield securities. Please note that an investor cannot invest directly in an index.
- /iii/Lipper Inc. is a major independent mutual-fund tracking organization.

  Average returns are based on the six-month period ended October 31, 2003, calculated among 26 funds in the fund's Lipper peer group including the reinvestment of dividends and capital gains.
- /iv/ Leverage will magnify gains and disproportionately increase losses in the fund's portfolio.

NOTES TO FINANCIAL STATEMENTS (unaudited)

### NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

Salomon Brothers High Income Fund II Inc. ("Fund") was incorporated in Maryland and is registered as a diversified, closed-end, management investment company under the Investment Company Act of 1940, as amended. The Fund seeks to maximize current income by investing at least 80% of its net assets plus any borrowings for investment purposes in high yield debt securities (as defined in the Fund's prospectus). As a secondary objective, the Fund seeks capital appreciation to the extent consistent with its objective of seeking to maximize current income.

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual amounts could differ from those estimates.

(a) SECURITIES VALUATION. In valuing the Fund's assets, all securities for which market quotations are readily available are valued (i) at the last sale price prior to the time of determination if there were a sale on the date of determination, (ii) at the mean between the last current bid and asked prices if there were no sales on such date and bid and asked quotations are available, and (iii) at the bid price if there were no sales price on such date and only bid quotations are available. Publicly traded foreign government debt securities are typically traded internationally in the over-the-counter market, and are valued at the mean between the last current bid and asked price as of the close of business of that market. However, when the spread between bid and asked price exceeds five percent of the par value of the security, the security is valued at the bid price. Securities may also be valued by independent pricing services which use prices provided by market-makers or estimates of market values obtained from yield data relating to instruments or securities with similar characteristics. Short-term investments having a maturity of 60 days or less are valued at amortized cost which approximates market value. Securities for which reliable quotations are not readily available and all

other securities and assets are valued at fair value as determined in good faith by, or under procedures established by, the Board of Directors.

- (b) INVESTMENT TRANSACTIONS. Investment transactions are recorded on the trade date. Interest income is accrued on a daily basis. Market discount or premium on securities purchased is accreted or amortized, respectively, on an effective yield basis over the life of the security. The Fund uses the specific identification method for determining realized gain or loss on investments. Dividend income is recorded on ex-dividend date.
- (c) FEDERAL INCOME TAXES. The Fund has complied and intends to continue to comply with the requirements of the Internal Revenue Code of 1986, as amended, applicable to regulated

Page 22

SALOMON BROTHERS HIGH INCOME FUND II INC.

### NOTES TO FINANCIAL STATEMENTS (unaudited) (continued)

investment companies, and to distribute all of its income to its shareholders. Therefore, no federal income tax or excise tax provision is required.

- (d) DIVIDENDS AND DISTRIBUTIONS. The Fund declares and pays dividends to shareholders monthly from net investment income. Net realized gains, if any, in excess of loss carryovers are expected to be distributed at least annually. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized gains are determined in accordance with federal income tax regulations, which may differ from GAAP. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets.
- (e) REPURCHASE AGREEMENTS. When entering into repurchase agreements, it is the Fund's policy to take possession, through the custodian, of the underlying collateral and to monitor its value at the time the arrangement is entered into and during the term of the repurchase agreement to ensure that it equals or exceeds the repurchase price. In the event of default of the obligation to repurchase, the Fund has the right to liquidate the collateral and apply the proceeds in satisfaction of the obligation. Under certain circumstances, in the event of default or bankruptcy by the other party to the agreement, realization and/or retention of the collateral may be subject to legal proceedings.
- (f) CASH FLOW INFORMATION. The Fund invests in securities and distributes dividends from net investment income and net realized gains which are paid in cash and may be reinvested at the discretion of shareholders. These activities are reported in the statement of changes in net assets and additional information on cash receipts and cash payments is presented in the statement of cash flows.
- (g) YEAR END TAX RECLASSIFICATIONS. The character of income and gains to be distributed is determined in accordance with income tax regulations which may differ from GAAP.

### NOTE 2. MANAGEMENT FEE AND OTHER TRANSACTIONS

Salomon Brothers Asset Management Inc ("Investment Manager"), an indirect

wholly-owned subsidiary of Citigroup Inc. ("Citigroup"), acts as investment manager to the Fund. The Investment Manager is responsible on a day-to-day basis for the management of the Fund's portfolio in accordance with the Fund's investment objectives and policies and for making decisions to buy, sell or hold particular securities of the Fund. The management fee for these services is payable monthly at an annual rate of 1.00% of the Fund's average weekly net assets plus the proceeds of any outstanding borrowings used for leverage.

Smith Barney Fund Management LLC ("Administrator"), another indirect wholly-owned subsidiary of Citigroup, acts as the Fund's administrator for which the Fund pays a monthly fee

Page 23

SALOMON BROTHERS HIGH INCOME FUND II INC.

NOTES TO FINANCIAL STATEMENTS (unaudited) (continued)

at an annual rate of 0.10% of the value of the Fund's average weekly net assets plus the proceeds of any outstanding borrowings used for leverage. The administrator performs certain administrative services necessary for the operation of the Fund.

During periods in which the Fund is utilizing financial leverage, the fees which are payable to the Investment Manager and Administrator as a percentage of the Fund's assets will be higher than if the Fund did not utilize leverage because the fees are calculated as a percentage of the Fund's assets, including those investments purchased with leverage.

At October 31, 2003, Citigroup Global Markets Inc. ("CGM"), another indirect wholly-owned subsidiary of Citigroup, held 11.766 shares of the Fund.

Certain officers and/or directors of the Fund are also officers and/or directors of the Investment Manager.

### NOTE 3. PORTFOLIO ACTIVITY

During the six months ended October 31, 2003, the aggregate cost of purchases and proceeds from sales of investments (including maturities of long-term investments, but excluding short-term investments) were as follows:

Sales	\$227,284,259
Purchases	\$198,162,117

At October 31, 2003, the aggregate gross unrealized appreciation and depreciation of investments for Federal income tax purposes were substantially as follows:

Gross	unrealized	appreciation	\$114,072,009
Gross	unrealized	depreciation	(59, 590, 223)

Net unrealized appreciation...... \$ 54,481,786

#### NOTE 4. LENDING OF PORTFOLIO SECURITIES

The Fund has an agreement with its custodian whereby the custodian may lend securities owned by the Fund to brokers, dealers and other financial organizations. Fees earned by the Fund on securities lending are recorded in interest income. Loans of securities by the Fund are collateralized by cash, U.S. government securities or high quality money market instruments that are maintained at all times in an amount at least equal to the current market value of the securities loaned, plus a margin which may vary depending on the type of securities loaned. The Fund maintains exposure for the risk of any losses in the investment of amounts received as collateral.

Page 24

SALOMON BROTHERS HIGH INCOME FUND II INC.

NOTES TO FINANCIAL STATEMENTS (unaudited) (continued)

At October 31, 2003, the Fund loaned securities having a market value of \$141,644,174. The Fund received cash collateral amounting to \$143,998,957 which was invested into the State Street Navigator Securities Lending Trust Prime Portfolio.

Income earned by the Fund from securities lending for the six months ended October 31, 2003 was \$121,443.

### NOTE 5. LOAN PARTICIPATIONS

The Fund invests in fixed and floating rate loans arranged through private negotiations between a foreign sovereign entity and one or more financial institutions. The Fund's investment in any such loan may be in the form of a participation in or an assignment of the loan.

In connection with purchasing participations, the Fund generally will have no right to enforce compliance by the borrower with the terms of the loan agreement relating to the loan, nor any rights of set-off against the borrower, and the Fund may not benefit directly from any collateral supporting the loan in which it has purchased the participation. As a result, the Fund will assume the credit risk of both the borrower and the lender that is selling the participation. In the event of the insolvency of the lender selling the participation, the Fund may be treated as a general creditor of the lender and may not benefit from any set-off between the lender and the borrower.

At October 31, 2003, the Fund held loan participations with a total cost of \$5,480,831.

## NOTE 6. CREDIT RISK

The yields of emerging markets debt obligations and high-yield corporate debt obligations reflect, among other things, perceived credit risk. The Fund's investment in securities rated below investment grade typically involves risks

not associated with higher rated securities including, among others, overall greater risk of timely and ultimate payment of interest and principal, greater market price volatility and less liquid secondary market trading. The consequences of political, social, economic or diplomatic changes may have disruptive effects on the market prices of investments held by the Fund.

#### NOTE 7. LOAN

At October 31, 2003, the Fund had outstanding a \$300,000,000 loan pursuant to a revolving credit and security agreement with CXC Inc., an affiliate of Citigroup, a commercial paper conduit issuer for which Citicorp North America Inc., an affiliate of the Investment Manager, acts as administrative agent. The loans generally bear interest at a variable rate based on the weighted average interest rates of the underlying commercial paper or LIBOR, plus any applicable margin. Securities held by the Fund are subject to a lien, granted to the lenders, to the extent of the borrowing outstanding and any additional expenses. For the six months ended October 31, 2003, the Fund paid interest expense of \$2,551,488.

Page 25

NOTES TO FINANCIAL STATEMENTS (unaudited) (continued)

NOTE 8. DIVIDENDS SUBSEQUENT TO OCTOBER 31, 2003

On July 18, 2003, the Board of Directors of the Fund declared dividends in the amount of \$0.115 per share, payable on November 28, 2003 to shareholders of record on November 18, 2003.

On October 22, 2003, the Board of Directors of the Fund declared three dividends, each in the amount of \$0.115 per share, payable on December 26, 2003, January 30, 2004, and February 27, 2004 to shareholders of record on December 16, 2003, January 13, 2004 and February 18, 2004, respectively.

### NOTE 9. SUBSEQUENT EVENT

The Fund has received the following information from Citigroup Asset Management ("CAM"), the Citigroup business unit which includes the Fund's Investment Manager and other investment advisory companies, all of which are indirect, wholly-owned subsidiaries of Citigroup. CAM is reviewing its entry, through an affiliate, into the transfer agent business in the period 1997-1999. As CAM currently understands the facts, at the time CAM decided to enter the transfer agent business, CAM sub-contracted for a period of five years certain of the transfer agency services to a third party and also concluded a revenue guarantee agreement with this sub-contractor providing that the sub-contractor would guarantee certain benefits to CAM or its affiliates (the "Revenue Guarantee Agreement"). In connection with the subsequent purchase of the sub-contractor's business by an affiliate of the current sub-transfer agent (PFPC Inc.) used by CAM on many of the funds it manages, this Revenue Guarantee Agreement was amended eliminating those benefits in exchange for arrangements that included a one-time payment from the sub-contractor.

The Boards of CAM-managed funds (the "Boards") were not informed of the Revenue Guarantee Agreement with the sub-contractor at the time the Boards considered

and approved the transfer agent arrangements. Nor were the Boards informed of the subsequent amendment to the Revenue Guarantee Agreement when that occurred.

CAM has begun to take corrective actions. CAM will pay to the applicable funds \$16 million (plus interest) that CAM and its affiliates received from the Revenue Guarantee Agreement and its amendment. CAM also plans an independent review to verify that the transfer agency fees charged by CAM were fairly priced as compared to competitive alternatives. CAM is instituting new procedures and making changes designed to ensure no similar arrangements are entered into in the future.

CAM has briefed the SEC, the New York State Attorney General and other regulators with respect to this matter, as well as the U.S. Attorney who is investigating the matter. CAM is cooperating with governmental authorities on this matter, the ultimate outcome of which is not yet determinable.

The Fund's transfer agent is PFPC Inc., which is not affiliated with CAM.

### DIVIDEND REINVESTMENT PLAN (unaudited)

Pursuant to certain rules of the Securities and Exchange Commission the following additional disclosure is provided.

Each shareholder purchasing shares of common stock ("Shares") of Salomon Brothers High Income Fund II Inc. ("Fund") will be deemed to have elected to be a participant in the Dividend Reinvestment Plan ("Plan"), unless the shareholder specifically elects in writing (addressed to the Agent at the address below or to any nominee who holds Shares for the shareholder in its name) to receive all income dividends and distributions of capital gains in cash, paid by check, mailed directly to the record holder by or under the direction of PFPC Inc. as the Fund's dividend-paying agent ("Agent"). A shareholder whose Shares are held in the name of a broker or nominee who does not provide an automatic reinvestment service may be required to take such Shares out of "street name" and register such Shares in the shareholder's name in order to participate, otherwise dividends and distributions will be paid in cash to such shareholder by the broker or nominee. Each participant in the Plan is referred to herein as a "Participant." The Agent will act as Agent for each Participant, and will open accounts for each Participant under the Plan in the same name as their Shares are registered.

Unless the Fund declares a dividend or distribution payable only in the form of cash, the Agent will apply all dividends and distributions in the manner set forth below.

If, on the determination date (as defined below), the market price per Share equals or exceeds the net asset value per Share on that date (such condition, a "market premium"), the Agent will receive the dividend or distribution in newly issued Shares of the Fund on behalf of Participants. If, on the determination date, the net asset value per Share exceeds the market price per Share (such condition, a "market discount"), the Agent will purchase Shares in the open market. The determination date will be the fourth New York Stock Exchange trading day (a New York Stock Exchange trading day being referred to herein as

a "Trading Day") preceding the payment date for the dividend or distribution. For purposes herein, "market price" will mean the average of the highest and lowest prices at which the Shares sell on the New York Stock Exchange on the particular date, or if there is no sale on that date, the average of the closing bid and asked quotations.

Purchases made by the Agent will be made as soon as practicable commencing on the Trading Day following the determination date and terminating no later than 30 days after the dividend or distribution payment date except where temporary curtailment or suspension of purchase is necessary to comply with applicable provisions of federal securities law; provided, however, that such purchases will, in any event, terminate on the Trading Day prior to the "ex-dividend" date next succeeding the dividend or distribution payment date.

If (i) the Agent has not invested the full dividend amount in open market purchases by the date specified at the bottom of the prior page as the date on which such purchases must terminate or (ii) a market discount shifts to a market premium during the purchase period, then the

Page 29

SALOMON BROTHERS HIGH INCOME FUND II INC.

### DIVIDEND REINVESTMENT PLAN (unaudited) (continued)

Agent will cease making open market purchases and will receive the uninvested portion of the dividend amount in newly issued Shares (x) in the case of (i) above, at the close of business on the date the Agent is required to terminate making open market purchases as specified at the bottom of the prior page or (y) in the case of (ii) above, at the close of business on the date such shift occurs; but in no event prior to the payment date for the dividend or distribution.

In the event that all or part of a dividend or distribution amount is to be paid in newly issued Shares, such Shares will be issued to Participants in accordance with the following formula: (i) if, on the valuation date, the net asset value per share is less than or equal to the market price per Share, then the newly issued Shares will be valued at net asset value per Share on the valuation date provided, however, that if the net asset value is less than 95% of the market price on the valuation date, then such Shares will be issued at 95% of the market price and (ii) if, on the valuation date, the net asset value per share is greater than the market price per Share, then the newly issued Shares will be issued at the market price on the valuation date. The valuation date will be the dividend or distribution payment date, except that with respect to Shares issued pursuant to the paragraph above, the valuation date will be the date such Shares are issued. If a date that would otherwise be a valuation date is not a Trading Day, the valuation date will be the next preceding Trading Day.

The open market purchases provided for above may be made on any securities exchange on which the Shares of the Fund are traded, in the over-the-counter market or in negotiated transactions, and may be on such terms as to price, delivery and otherwise as the Agent shall determine. Funds held by the Agent uninvested will not bear interest, and it is understood that, in any event, the Agent shall have no liability in connection with any inability to purchase Shares within the time periods herein provided, or with the timing of any purchases effected. The Agent shall have no responsibility as to the value of

the Shares acquired for the Participant's account. The Agent may commingle amounts of all Participants to be used for open market purchases of Shares and the price per Share allocable to each Participant in connection with such purchases shall be the average price (including brokerage commissions) of all Shares purchased by the Agent.

The Agent will maintain all Participant accounts in the Plan and will furnish written confirmations of all transactions in each account, including information needed by Participants for personal and tax records. The Agent will hold Shares acquired pursuant to the Plan in noncertificated form in the Participant's name or that of its nominee, and each Participant's proxy will include those Shares purchased pursuant to the Plan. The Agent will forward to Participants any proxy solicitation material and will vote any Shares so held for Participants only in accordance with the proxy returned by Participants to the Fund. Upon written request, the Agent will deliver to Participants, without charge, a certificate or certificates for the full Shares.

The Agent will confirm to Participants each acquisition made for their respective accounts as soon as practicable but not later than 60 days after the date thereof. Although Participants may from time to time have an undivided fractional interest (computed to three decimal places) in a Share of the Fund, no certificates for fractional shares will be issued. Dividends and distributions on fractional shares will be credited to each Participant's account. In the event of termination of a Participant's account under the Plan, the Agent will adjust for any such undivided fractional interest in cash at the market value of the Fund's Shares at the time of termination less the pro rata expense of any sale required to make such an adjustment.

Any share dividends or split shares distributed by the Fund on Shares held by the Agent for Participants will be credited to their respective accounts. In the event that the Fund makes available to Participants rights to purchase additional Shares or other securities, the Shares held for Participants under the Plan will be added to other Shares held by the Participants in calculating the number of rights to be issued to Participants.

The Agent's service fee for handling capital gains distributions or income dividends will be paid by the Fund. Participants will be charged a pro rata share of brokerage commissions on all open market purchases.

Participants may terminate their accounts under the Plan by notifying the Agent in writing or by calling 1-800-331-1710. Such termination will be effective immediately if notice is received by the Agent not less than ten days prior to any dividend or distribution record date; otherwise such termination will be effective on the first Trading Day after the payment due for such dividend or distribution with respect to any subsequent dividend or distribution. The Plan may be amended or terminated by the Fund as applied to any dividend or capital gains distribution paid subsequent to written notice of the change or termination sent to Participants at least 30 days prior to the record date for the dividend or capital gains distribution. The Plan may be amended or terminated by the Agent, with the Fund's prior written consent, on at least 30

days' written notice to Plan Participants. Notwithstanding the preceding two sentences, the Agent or the Fund may amend or supplement the Plan at any time or times when necessary or appropriate to comply with applicable law or rules or policies of the Securities and Exchange Commission or any other regulatory authority. Upon any termination, the Agent will cause a certificate or certificates for the full Shares held by each Participant under the Plan and cash adjustment for any fraction to be delivered to each Participant without charge. If the Participant elects by notice to the Agent in writing in advance of such termination to have the Agent sell part or all of a Participant's Shares and remit the proceeds to Participant, the Agent is authorized to deduct a \$2.50 fee plus brokerage commission for this transaction from the proceeds.

Any amendment or supplement shall be deemed to be accepted by each Participant unless, prior to the effective date thereof, the Agent receives written notice of the termination of the Participant's account under the Plan. Any such amendment may include an appointment by the

Agent in its place and stead of a successor Agent under these terms and conditions, with full power and authority to perform all or any of the acts to be performed by the Agent under these terms and conditions. Upon any such appointment of an Agent for the purpose of receiving dividends and distributions, the Fund will be authorized to pay to such successor Agent, for each Participant's account, all dividends and distributions payable on Shares of the Fund held in each Participant's name or under the Plan for retention or application by such successor Agent as provided in these terms and conditions.

In the case of Participants, such as banks, broker-dealers or other nominees, which hold Shares for others who are beneficial owners ("Nominee Holders"), the Agent will administer the Plan on the basis of the number of Shares certified from time to time by each Nominee Holder as representing the total amount registered in the Nominee Holder's name and held for the account of beneficial owners who are to participate in the Plan.

The Agent shall at all times act in good faith and use its best efforts within reasonable limits to insure the accuracy of all services performed under this Agreement and to comply with applicable law, but assumes no responsibility and shall not be liable for loss or damage due to errors unless such error is caused by its negligence, bad faith, or willful misconduct or that of its employees.

All correspondence concerning the Plan should be directed to the Agent at P.O. Box 8030, Boston, Massachusetts 02266-8030.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Board of Directors of the Fund has delegated the authority to develop policies and procedures relating to proxy voting to the Manager. The Manager is part of Citigroup Asset Management ("CAM"), a group of investment adviser affiliates of Citigroup, Inc. ("Citigroup"). Along with the other investment advisers that comprise CAM, the Manager has adopted a set of proxy voting policies and procedures (the "Policies") to ensure that the Manager votes proxies relating to equity securities in the best interest of clients.

In voting proxies, the Manager is guided by general fiduciary principles and seeks to act prudently and solely in the best interest of clients. The Manager attempts to consider all factors that could affect the value of the investment and will vote proxies in the manner that it believes will be consistent with efforts to maximize shareholder values. The Manager may utilize an external service provider to provide it with information and/or a recommendation with regard to proxy votes. However, such recommendations do not relieve the Manager of its responsibility for the proxy vote.

In the case of a proxy issue for which there is a stated position in the Policies, CAM generally votes in accordance with such stated position. In the case of a proxy issue for which there is a list of factors set forth in the Policies that CAM considers in voting on such issue, CAM votes on a case-by-case basis in accordance with the general principles set forth above and considering such enumerated factors. In the case of a proxy issue for which there is no stated position or list of factors that CAM considers in voting on such issue, CAM votes on a case-by-case basis in accordance with the general principles set forth above. Issues for which there is a stated position set forth in the Policies or for which there is a list of factors set forth in the Policies that CAM considers in voting on such issues fall into a variety of categories, including election of directors, ratification of auditors, proxy and tender offer defenses, capital structure issues, executive and director

compensation, mergers and corporate restructurings, and social and environmental issues. The stated position on an issue set forth in the Policies can always be superseded, subject to the duty to act solely in the best interest of the beneficial owners of accounts, by the investment management professionals responsible for the account whose shares are being voted. Issues applicable to a particular industry may cause CAM to abandon a policy that would have otherwise applied to issuers generally. As a result of the independent investment advisory services provided by distinct CAM business units, there may be occasions when different business units or different portfolio managers within the same business unit vote differently on the same issue.

In furtherance of the Manager's goal to vote proxies in the best interest of clients, the Manager follows procedures designed to identify and address material conflicts that may arise between the Manager's interests and those of its clients before voting proxies on behalf of such clients. To seek to identify conflicts of interest, CAM periodically notifies CAM employees (including employees of the Manager) in writing that they are under an obligation (i) to be aware of the potential for conflicts of interest with respect to voting proxies on behalf of client accounts both as a result of their personal relationships and due to special circumstances that may arise during the conduct of CAM's and the Manager's business, and (ii) to bring conflicts of interest of which they become aware to the attention of

compliance personnel. The Manager also maintains and considers a list of significant relationships that could present a conflict of interest for the Manager in voting proxies. The Manager is also sensitive to the fact that a significant, publicized relationship between an issuer and a non-CAM affiliate might appear to the public to influence the manner in which the Manager decides to vote a proxy with respect to such issuer. Absent special circumstances or a significant, publicized non-CAM affiliate relationship that CAM or the Manager for prudential reasons treats as a potential conflict of interest because such relationship might appear to the public to influence the manner in which the Manager decides to vote a proxy, the Manager generally takes the position that non-CAM relationships between Citigroup and an issuer (e.g. investment banking or banking) do not present a conflict of interest for the Manager in voting proxies with respect to such issuer. Such position is based on the fact that the Manager is operated as an independent business unit from other Citigroup business units as well as on the existence of information barriers between the Manager and certain other Citigroup business units.

CAM maintains a Proxy Voting Committee, of which the Manager personnel are members, to review and address conflicts of interest brought to its attention by compliance personnel. A proxy issue that will be voted in accordance with a stated position on an issue or in accordance with the recommendation of an independent third party is not brought to the attention of the Proxy Voting Committee for a conflict of interest review because the Manager's position is that to the extent a conflict of interest issue exists, it is resolved by voting in accordance with a pre-determined policy or in accordance with the recommendation of an independent third party. With respect to a conflict of interest brought to its attention, the

Proxy Voting Committee first determines whether such conflict of interest is material. A conflict of interest is considered material to the extent that it is determined that such conflict is likely to influence, or appear to influence, the Manager's decision-making in voting proxies. If it is determined by the Proxy Voting Committee that a conflict of interest is not material, the Manager may vote proxies notwithstanding the existence of the conflict.

If it is determined by the Proxy Voting Committee that a conflict of interest is material, the Proxy Voting Committee is responsible for determining an appropriate method to resolve such conflict of interest before the proxy affected by the conflict of interest is voted. Such determination is based on the particular facts and circumstances, including the importance of the proxy issue and the nature of the conflict of interest. Methods of resolving a material conflict of interest may include, but are not limited to, disclosing the conflict to clients and obtaining their consent before voting, or suggesting to clients that they engage another party to vote the proxy on their behalf.
