Board of Directors

City Holding Company

We have audited the accompanying statements of net assets available for benefits of the City Holding Company 401(k) Plan and Trust (the Plan) as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002, and the changes in its net assets available for benefits for the year ended December 31, 2003, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental Schedule of Assets (Held at End of Year) at of December 31, 2003, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

1. Significant Accounting Policies

Basis of Accounting

The accounting records of the City Holding Company 401(k) Plan and Trust (the Plan) are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Cash and Cash Equivalents

Cash equivalents are short-term, highly liquid investments. The market value of cash equivalents approximates cost.

Investments

The Plan determines the fair value of its investment in City Holding Company common stock based on the stock's quoted trade price. Investments in mutual and commingled funds are valued at the Plan's proportionate share of the quoted fair value of net assets in each fund as of December 31, 2003 and 2002. The participant loans are valued at their outstanding balances, which approximate fair value.

Each participant may designate the percentage of his or her contributions to be invested into any of the investment options, offered by the Plan.

2. Description of Plan

The following description of the Plan provides general only information. Participants should refer to the Summary Plan Description for a complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan covering all employees of City Holding Company and its subsidiaries (the Company) who are eligible for participation in the plan the first day of the month subsequent to date of hire or attaining the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Company's contribution consists of a 50% match of the first 6% of each eligible participant's contribution as directed by the participant's investment elections. If a participant does not elect investment options, all contributions are invested in the default fund as noted by the Plan.

Participant Accounts

Participants may elect to contribute, on a salary-deferral basis, up to 15% of annual compensation, subject to federal income tax limits. Included in participant contributions are approximately \$67,000 and \$11,000 in 2003 and 2002, respectively, of participant account balances rolled-over from previous employer plans.

Vesting

Participants are immediately vested in all contributions, the employer match, and earnings thereon when they are made to the Plan.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1-5 years or for a reasonable time period if for the purchase of a primary residence. The loans are secured
