EDIETS.COM, INC

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2004

(Unaudited)

1. ORGANIZATION

eDiets.com, Inc. (the Company) was incorporated in the State of Delaware on March 18, 1996 for the purpose of developing and marketing Internet-based diet and fitness programs. The majority of the Company's revenues are derived from the sale of subscriptions to those programs. The Company markets its programs primarily through advertising and other promotional arrangements on the World Wide Web and is moving towards the use of offline advertising and other promotional efforts as well.

2. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements included herein have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to those rules and regulations. The Company believes that the disclosures made are adequate to make the information presented not misleading. All the adjustments which, in the opinion of management, are considered necessary for a fair presentation of the results of operations for the periods shown are of a normal recurring nature and have been reflected in the unaudited condensed consolidated financial statements. Results of operations for the three and nine months ended September 30, 2004 are not necessarily indicative of the results that may be expected for the year ending December 31, 2004. The information included in these unaudited condensed consolidated financial statements should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations contained in this report and the consolidated financial statements and accompanying notes included in the Company's Annual Report on Form 10-KSB, for the fiscal year ended December 31, 2003.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the condensed consolidated financial statements and accompanying notes. While the Company believes that such estimates are fair when considered in conjunction with the condensed consolidated financial position and results of operations taken as a whole, the actual amount of such estimates, when known, may vary from these estimates.

3. EARNINGS (LOSS) PER COMMON SHARE

Basic earnings (loss) per common share is computed using the weighted average number of common shares outstanding during the period. Potential common shares consist of the incremental common shares issuable upon exercise of stock options and warrants (using the treasury stock method). Potential common shares outstanding have not been included in the computation of diluted loss per share for the three months ended September 30, 2004 and the nine months ended September 30, 2003 and 2004, as their effect is anti-dilutive.

4. ACQUISITION OF EDIETS EUROPE

On July 15, 2004, eDiets BVI, Inc., a wholly-owned subsidiary of eDiets.com, Inc., acquired the 40% of eDiets Europe Ltd. (eDiets Europe) not already owned for approximately \$1,529,000 and 255,605 shares of common stock of eDiets.com, Inc. valued at approximately \$726,000. As a result, eDiets Europe became a wholly-owned subsidiary of the Company.

Table of Contents**EDIETS.COM, INC****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)**

(Unaudited)

The 40% minority interest of eDiets Europe was acquired from Ciaran McCourt, an eDiets board member. In connection with the buyout of the minority interest owned by the related party the Company utilized a third party advisor to assist in the determination of the purchase price to be paid by the Company. Accordingly, the Company believes such buyout of the minority interest was completed on an arm's length basis.

The primary reason for the acquisition of eDiets Europe was to be able to accelerate revenue growth and cash flows by consolidating the Company's operations in the US and United Kingdom. In addition, through the acquisition of eDiets Europe, the Company believes it will benefit by working with Tesco.com, a wholly-owned subsidiary of Tesco plc, under an exclusive 15-year license agreement involving eDiets' online diet service and having Tesco offer this service to a much wider audience.

The acquisition was accounted for under the purchase method of accounting in accordance with SFAS No. 141, *Business Combinations*. The results of operations of eDiets Europe have been included in the Company's financial statements for periods subsequent to July 15, 2004. The Company allocated the cost of the acquisition to the assets acquired and the liabilities assumed based on their estimated fair values. The excess of the cost over the fair value of net assets acquired of approximately \$1,822,000 has been reflected as goodwill and is not expected to be deductible for income tax purposes. The purchase accounting is tentative based on information currently available and subject to change.

A summary of the purchase price for the acquisition is as follows (in thousands):

Cash	\$ 1,529
Common stock	726
Direct acquisition costs	120
	<hr/>
Total purchase price	\$ 2,375
	<hr/>

The purchase price was allocated as follows (in thousands):

Current assets acquired	\$ 1,954
Property and equipment	7
Intangibles	737
Liabilities acquired	(2,053)
Deferred tax liability	(92)
Goodwill	1,822
	<hr/>
Total	\$ 2,375
	<hr/>

Edgar Filing: EDIETS COM INC - Form 10-Q

Intangibles acquired consist of the following (in thousands):

Technology licensing agreement	\$ 560
Subscriber base	48
Email address list	84
Developed technology	45
	<hr/>
	\$ 737
	<hr/>

Liabilities acquired include an estimated liability of approximately \$293,000 related to a dispute with the Irish tax authorities concerning the amount of value added tax (VAT) due for diet programs previously sold. The outcome of this dispute is uncertain but the Company does not believe that the impact on its financial condition or results of operations will be material.

As a result of consolidating a previously unconsolidated subsidiary which had cumulative losses, the Company recorded approximately \$137,000 of additional goodwill in connection with the transaction.

Table of Contents**EDIETS.COM, INC****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)**

(Unaudited)

The following presents the pro forma results of the Company for the three and nine months ended September 30, 2004 and 2003 as if the acquisition of the 40% minority interest of eDiets Europe had occurred at the beginning of each of the respective periods (in thousands, except per share amounts). Pro forma results are not necessarily indicative of actual results.

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2004	2003	2004	2003
Revenues	\$ 12,007	\$ 11,776	\$ 36,730	\$ 29,460

Diluted (loss) earnings per common share				
Basic	\$ (0.07)	\$ 0.05	\$ (0.50)	\$ (0.18)
Diluted	\$ (0.07)	\$ 0.05	\$ (0.50)	\$ (0.18)
Weighted average common shares outstanding				
Basic	20,674	16,978	19,900	16,428
Diluted	20,674	19,120	19,900	16,428

5. INTANGIBLE ASSETS

Intangible assets related to the DietSmart merger in October 2001 were being amortized using the straight-line method over periods ranging from two to three years with a weighted average life of approximately 2.5 years. The Company reviews each intangible asset type on an annual basis, or more frequently if events and circumstances warrant, to determine if any impairment exists. During the first quarter of 2004, the Company shut down the DietSmart website and commenced the process of encouraging the remaining DietSmart members to convert to the eDiets website. As a result of the shutting down of the website the Company, in accordance with Statement of Financial Accounting Standards (SFAS) No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, recorded an impairment charge in its Consolidated Statement of Operations for the nine months ended September 30, 2004 of approximately \$54,000 related to the developed technology and trademarks and trade names intangibles.

Intangible assets related to the acquisition of eDiets Europe (see Note 4) are being amortized using the straight-line method over periods ranging from 18 months to 15 years with a weighted average life of approximately 12 years. The Company reviews each intangible asset type on an annual basis, or more frequently if events and circumstances warrant, to determine if any impairment exists.

6. STOCKHOLDERS EQUITY

Edgar Filing: EDIETS COM INC - Form 10-Q

In April 2004, the Company completed a private placement of 1.6 million shares of common stock at a price of \$4.40 per share. Net proceeds to the Company were approximately \$6.5 million. The Company is using the net proceeds from the private placement for working capital and general corporate purposes.

Shortly after completion of this transaction, one of the investors advised the Company that it was considering whether it had any potential claims against the Company for allegedly false verbal statements made prior to the completion of the transaction. To date, the Company has not received a written demand from the investor. The Company does not believe that the investor has any viable claims or that there were any materially false statements made. If the investor makes a claim related to the April 2004 private placement of securities, the Company intends to defend its position vigorously.

7. STOCK-BASED COMPENSATION

The Company applies the intrinsic value method provisions of Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*, and related interpretations in accounting for grants of options to Company directors, officers and employees under the Company's stock option plan. In September 2003, the Company granted an aggregate of 201,750 options to employees under the plan with an exercise price below the market value of the underlying common

Table of Contents**EDIETS.COM, INC****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)**

(Unaudited)

stock on the date of grant, with a total intrinsic value of approximately \$129,000. Consequently, compensation expense is being recognized pro-rata on a straight-line basis over the 3-year vesting period of the options for the excess of the market value over the exercise price and totaled approximately \$11,000 and \$32,000 for the three and nine months ended September 30, 2004, respectively.

The following table illustrates the effect on net income (loss) and earnings (loss) per share as if the Company had applied the fair value recognition provisions of SFAS No. 123, *Accounting for Stock-Based Compensation*, as amended by SFAS No. 148, *Accounting for Stock-Based Compensation - Transition and Disclosure*, in accounting for employee option grants under the plan (in thousands, except per share data).

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2004	2003	2004	2003
Net (loss) income - as reported	\$ (1,363)	\$ 919	\$ (9,845)	\$ (2,824)
Stock-based compensation expense included in reported net loss	11	4	32	40
Pro forma compensation expense	(344)	(80)	(721)	(230)
Pro forma net (loss) income	\$ (1,696)	\$ 843	\$ (10,534)	\$ (3,014)
Basic (loss) earnings per share				
As reported	\$ (0.07)	\$ 0.05	\$ (0.50)	\$ (0.17)
Pro forma	\$ (0.08)	\$ 0.05	\$ (0.53)	\$ (0.19)
Diluted (loss) earnings per share				
As reported	\$ (0.07)	\$ 0.05	\$ (0.50)	\$ (0.17)
Pro forma	\$ (0.08)	\$ 0.04	\$ (0.53)	\$ (0.19)

8. INCOME TAXES

The Company recorded approximately \$3,000 and \$29,000 of income tax benefit for the three and nine months ended September 30, 2004, respectively, and \$118,000 and \$240,000 for the comparable periods in the prior year. The income tax benefit is primarily related to the amortization of intangible assets resulting from acquisitions.

9. SEGMENT INFORMATION

SFAS No. 131 (SFAS 131), *Disclosures about Segments of an Enterprise and Related Information*, designates the internal reporting that is used by management for making operating decisions and assessing performance as the source of the Company's reportable segments.

The Company operates in a single market consisting of the sale of services, information and products related to nutrition, fitness and motivation. Commencing with the acquisition of the eDiets Europe in the quarter ended September 30, 2004, the Company's revenues are derived from two geographical regions: United States and Europe. These two geographic regions constitute the Company's two reportable segments.

The Company does not engage in inter-company revenue transfers between segments. The Company's management evaluates performance based primarily on revenues in the geographic regions in which the Company operates. Accounting policies of the segments are the same as the Company's consolidated accounting policies.

Table of Contents**EDIETS.COM, INC****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)**

(Unaudited)

Net revenues and segment profit of the Company's two reportable segments are as follows (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2004	2003	2004	2003

Identifiable assets of the Company's two reportable segments are shown below (in thousands):

	September 30, 2004	December 31, 2003
Identifiable assets:		
United States	\$ 16,818	\$ 14,143
Europe	6,023	
Total identifiable assets	<u>\$ 22,841</u>	<u>\$ 14,143</u>

10. LEGAL PROCEEDINGS

In the ordinary course of business, the Company and/or its subsidiaries may be parties to legal proceedings and regulatory inquiries, the outcome of which, either singly or in the aggregate, is not expected to have a material adverse effect on our financial condition or results of operations.

In November 2003, Weight Watchers® International filed a trade complaint against the Company for false and misleading advertising before the National Advertising Division of the Better Business Bureau. The trade complaint asserted that several advertisements and claims made on the Company's web site and in banner advertisements were false, misleading or could not be substantiated. The Company's response to this complaint was submitted in January 2004. In May 2004, the National Advertising Division of the Better Business Bureau concluded that several of the Company's advertisements should be modified and the Company complied with these recommendations. Compliance with the National Advertising Division's recommendations is voluntary. However, the National Advertising Division of the Better Business Bureau could refer the matter to the Federal Trade Commission to the extent that the Company does not comply with its recommendations. In June 2004, Weight Watchers appealed the decision of the National Advertising Division and requested that the National Advertising Review Board appoint a panel to review certain aspects of the decision. Weight Watcher's request was subsequently granted by the National Advertising Review Board. As with National Advertising Division decisions, compliance with the recommendations of the National Advertising Review Board is voluntary, however, the matter could be referred to the Federal Trade Commission to the extent that the Company does not comply with its recommendations.

Table of Contents

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

The information contained in this Quarterly Report on Form 10-Q, other than historical information, may include forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995. Words such as may, will, expect, intend, anticipate, believe, estimate, plan and similar expressions in this report identify forward-looking statements. The forward-looking statements are based on current views with respect to future events and financial performance. Actual results may differ materially from those projected in the forward-looking statements. The forward-looking statements are subject to risks, uncertainties and assumptions, including, among other things those associated with:

our ability to meet our financial obligations;

the relative success of marketing and advertising;

the continued attractiveness of our diet and fitness programs;

competition, including price competition and competition with self-help weight loss and medical programs;

adverse results in litigation and regulatory matters, more aggressive enforcement of existing legislation or regulations, a change in the interpretation of existing legislation or regulations, or promulgation of new or enhanced legislation or regulations;

general economic and business conditions; and

terroristic activities and the prospect of or the actuality of war.

The factors listed in the section entitled "Certain Factors Which May Affect Future Results" in the section "Management's Discussion and Analysis of Financial Condition and Results of Operations" of our Annual Report on Form 10-KSB, for the year ended December 31, 2003, as well as any other cautionary language in this report, provide examples of risks, uncertainties and events which may cause our actual results to differ materially from the expectations we described in our forward-looking statements. All forward-looking statements are current only as of the date on which such statements are made. We do not undertake any obligation to release publicly the result of any revisions to these forward-looking statements, which may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

OUR BUSINESS

We are executing a strategy to be a leading online provider of services, information and products related to nutrition, fitness and motivation. In 2003, we derived approximately 86% of our total revenues of \$38,332,000 from the sale of approximately 406,000 personalized subscription-based online nutrition plans related to weight management, to dietary regimens such as vegetarianism and to specific medical conditions such as type 2 diabetes. Over 1.8 million consumers worldwide have become eDiets.com members since 1997. Nielsen//NetRatings has ranked eDiets.com as the Most Trafficked Health, Fitness & Nutrition Site for the week ending January 4, 2004, with over one million

Edgar Filing: EDIETS COM INC - Form 10-Q

unique visitors. As of September 30, 2004, eDiets had approximately 230,000 paying subscribers.

During 2003, we undertook a unique strategy to obtain exclusive licenses for the intellectual property associated with a variety of third party nutrition and fitness approaches and to offer personalized versions of these approaches in addition to our own internally-developed plans. To date, eDiets has obtained licenses from Atkins Nutritionals, Inc., Dr. Phil McGraw, dermatologist Dr. Nicholas Perricone, author of *The Perricone Prescription*, Slim-Fast®, Inc., Bob Greene, fitness trainer for Oprah Winfrey, Bristol-Myers Squibb, Inc., producer of the ChoiceDM line of products for Type 2 diabetics, Bill Phillips, author of *Fit for Life*, Dr. Melinda Sothorn, author of *Trim Kids* and Dr. Peter D. Adamo, author of the *Eat Right 4 Your Type*.

Table of Contents

Our nutrition plans, along with other services such as fitness programs, member support and recipe club are fee-based programs. Programs are usually billed in advance in varying increments with refunds allowed in some cases after a minimum length of stay is completed. Substantially all of our members purchase programs via credit cards, with renewals billed automatically, until cancellation.

General information about us can be found at <http://www.eDiets.com/company/company.cfm>. We make available our annual reports on Form 10-KSB, quarterly reports on Form 10-QSB or Form 10-Q, current reports on Form 8-K and amendments to these reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act) as soon as reasonably practicable after we electronically file such materials with the Securities and Exchange Commission, free of charge on our web site.

CRITICAL ACCOUNTING POLICIES

We have identified the policies outlined below as critical to our business operations and an understanding of our results of operations. The listing is not intended to be a comprehensive list of all of our accounting policies. In many cases, the accounting treatment of a particular transaction is specifically dictated by accounting principles generally accepted in the United States, with no need for management's judgment in their application. The impact and any associated risks related to these policies on our business operations is discussed throughout Management's Discussion and Analysis of Financial Condition and Results of Operations where such policies affect our reported and expected financial results. For a detailed discussion on the application of these and other accounting policies, see the Notes to the Consolidated Financial Statements in our 2003 Form 10-KSB. Note that our preparation of the financial statements requires us to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of our financial statements, and the reported amounts of revenue and expenses during the reporting period. There can be no assurance that actual results will not differ from those estimates.

REVENUE RECOGNITION:

We offer subscriptions to the proprietary content contained in our Web sites. Revenues from customer subscriptions represent the majority of our business and are paid in advance mainly via credit cards. Subscriptions to our nutrition, fitness, support and recipe plans are paid in advance and cash receipts are deferred and recognized as revenue on a straight-line basis over the period of the subscription. When upfront registration fees are charged they are deferred and recognized as revenue over the expected term of service.

Advertising revenue is recognized in the period the advertisement is displayed, provided that no significant Company obligations remain and collection is probable. Our obligations typically include guarantees of a minimum number of impressions or times that visitors to our Web site view an advertisement. Amounts received or billed for which impressions have not yet been delivered are reflected as deferred revenue. Opt-in email revenue is derived from the sale of email addresses of visitors to our Web sites who have authorized us to allow third party solicitations. Revenues from the sale of email addresses are recognized when no significant obligation remains and collection is probable.

E-commerce revenue is currently derived from the sale of motivational audio tapes or compact discs, journals, pedometers, starter kits and other bundled products to consumers. Revenues from the sales of those products are recognized when the product is shipped.

Commission revenue is derived from third party vendors whose products are sold on our Web sites. Commission revenue is recognized when the third party vendor ships the product and collection is probable.

Edgar Filing: EDIETS COM INC - Form 10-Q

In accordance with EITF 99-19, *Reporting Revenue Gross as a Principal versus Net as an Agent*, we recognize gross subscription revenues associated with licensed diet and fitness plans based on the relevant facts of the related license agreements, while the license fee incurred to the licensor is included in cost of revenues.

We collect customer subscription amounts in advance and maintain a reserve for refunds related to cancelable plans. Under cancelable plans, customers are entitled to cancel their memberships after an initial length of stay and receive a full refund for the unused portion of the membership.

Table of Contents

GOODWILL AND INTANGIBLE ASSETS:

We recorded goodwill and intangible assets in the fourth quarter of 2001 in connection with the acquisition of DietSmart, Inc. With the assistance of an independent valuation expert, we determined the fair market values of the intangible assets acquired, which consisted of mailing lists, developed technology and trademarks and trade names.

The value of the mailing list was determined by calculating its cash flow generating capacity over the expected two year economic life of the list and was fully amortized at December 31, 2003.

The value of trademarks and trade names, which originally had an estimated life of three years, was based on management's intention to use the DietSmart website as a platform to potentially test new marketing and services, while at the same time using the DietSmart website to direct traffic to the eDiets website.

During the first quarter of 2004 the Company shutdown the DietSmart website and commenced the process of encouraging the remaining DietSmart members to convert to the eDiets.com website. As a result of the shutting down of the website the Company, in accordance with Statement of Financial Accounting Standards (SFAS) No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, recorded an impairment charge in its Consolidated Statement of Operations for the nine months ended September 30, 2004 of approximately \$54,000 related to the developed technology and trademarks and trade names intangibles.

We recorded goodwill and intangible assets in the current quarter in connection with the acquisition of eDiets Europe Ltd. With the assistance of an independent valuation expert, we determined the fair market values of the intangible assets acquired, which consisted of a technology licensing agreement, subscriber base, email address list and developed technology.

The value of the technology licensing agreement was determined by using the income approach and calculating the expected cash flows under the agreement over the expected life of 15 years.

The value of the subscriber base and email address list was determined by using the income approach and calculating the expected cash flows from existing customer relationships over the expected life of 20 and 30 months, respectively.

The value of the developed technology was determined by using the cost approach by estimating the costs to replace the existing websites less obsolescence and with an expected life of seven years.

We adopted SFAS 142, *Goodwill and Other Intangible Assets*, as of January 1, 2002. Under SFAS 142, goodwill and indefinite lived intangible assets are no longer amortized, but must be reviewed for impairment at least annually or sooner under certain circumstances. We perform our annual impairment test on October 1 of each year. We reviewed the goodwill recorded on our books as of January 1, 2002, October 1, 2002 and October 1, 2003 in accordance with SFAS 142 and have determined that no impairment exists. As of September 30, 2004, we had goodwill of \$5.2 million related to the DietSmart acquisition and \$2.0 million related to the eDiets Europe acquisition.

ACCOUNTING FOR EQUITY INVESTMENT:

In November 2000, we acquired a 60% interest in eDiets Europe in exchange for the license of our international technology rights. We used the equity method of accounting for this investment, as opposed to consolidating the results, since we did not control the operation due to the substantive participating rights of the minority investor, including approval of significant operating decisions and approval of the annual operating budget. Since we had not invested any cash nor had we made any commitments to fund the entity, we had not recorded any losses of eDiets Europe through July 14, 2004. On July 15, 2004, we acquired the remaining 40% interest in eDiets Europe for a combination of cash and common stock valued at approximately \$2.3 million. As a result, eDiets Europe became a wholly-owned subsidiary of the Company.

ACCOUNTING FOR EMPLOYEE STOCK-BASED COMPENSATION:

We account for stock-based compensation using the intrinsic value method prescribed in Accounting Principles Board (APB) Opinion No. 25, *Accounting for Stock Issued to Employees*. SFAS No.123, *Accounting for Stock-Based Compensation*, as amended by SFAS No. 148, *Accounting for Stock-Based Compensation - Transition and Disclosure*, establishes accounting and disclosure requirements using a fair-value-based method of accounting for stock-based employee compensation plans. We are generally not required under APB Opinion No. 25 to recognize compensation

Table of Contents

expense in connection with our employee stock option plans. We are required by SFAS No. 123, as amended by SFAS No. 148, to present, in the Notes to our Consolidated Financial Statements, the pro forma effects on reported net income and earnings per share as if compensation expense had been recognized based on the fair value method of accounting prescribed by SFAS No. 123.

ACCOUNTING FOR INCOME TAXES:

As part of the process of preparing our consolidated financial statements, we are required to estimate our income taxes in each of the jurisdictions in which we operate. This process involves us estimating our actual current tax exposure together with assessing temporary differences resulting from differing treatment of items for tax and accounting purposes. These differences result in deferred tax assets and liabilities, which are included within our consolidated balance sheet. We must then assess the likelihood that our deferred tax assets will be recovered from future taxable income and to the extent we believe that recovery is not likely, we must establish a valuation allowance. To the extent we establish a valuation allowance or increase this allowance in a period, we must include an expense within the tax provision in the consolidated statement of operations.

Significant management judgment is required in determining our provision for income taxes, our deferred tax assets and liabilities, and any valuation allowance recorded against our net deferred tax assets. We have recorded a full valuation allowance as of September 30, 2004, due to uncertainties related to our ability to utilize our deferred tax assets, primarily consisting of certain net operating losses carried forward, before they expire. The valuation allowance is based on our estimates of taxable income and the period over which our deferred tax assets will be recoverable. In the event that actual results differ from these estimates, or we adjust these estimates in future periods, we may need to establish an additional valuation allowance which could materially impact our financial position and results of operations.

FOREIGN CURRENCY TRANSLATION:

Foreign currency assets and liabilities are translated into United States dollars using the exchange rates in effect at the balance sheet date, and revenues and expenses are translated at average rates prevailing during the periods reported. The effects of exchange rate fluctuations on the translation of assets and liabilities are reported as other comprehensive income, which is a separate component of stockholders' equity.

RESULTS OF OPERATIONS

The following table sets forth our results of operations expressed as a percentage of total revenue:

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2004	2003	2004	2003
Revenue	100%	100%	100%	100%

Table of Contents

COMPARISON OF THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2004 TO THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2003

Revenue: Our revenue for the three and nine months ended September 30, 2004 was \$11,810,000 and \$34,271,000 as compared to \$11,120,000 and \$27,500,000 for the three and nine months ended September 30, 2003, respectively.

The effects of consolidating eDiets Europe (as described in Note 4) had a minimal impact on the results of operations for the three and nine months ended September 30, 2004. Revenues for eDiets Europe represented approximately 2% and 1% of consolidated revenues for the three and nine months ended September 30, 2004, respectively while net loss represented approximately 1% for the same corresponding periods.

Membership revenue totaled approximately \$10,316,000 and \$29,434,000 for the three and nine months ended September 30, 2004, respectively, an increase of 7% and 27%, respectively, over membership revenue of approximately \$9,621,000 and \$23,262,000 in the corresponding periods in the prior year. The dollar increase in membership revenue for the three months ended September 30, 2004 as compared to the corresponding period in the prior year was mainly due to a higher average paying subscriber base. The increase in membership revenue for the nine months ended September 30, 2004 as compared to the corresponding period in the prior year was due to a combination of a higher average paying subscriber base combined with higher average weekly fees. Paying members as of September 30, 2004 were approximately 230,000 compared to approximately 210,000 as of September 30, 2003. The increase in paying members was primarily due to increased advertising expenditures and also the introduction of personalized versions of a variety of third party nutrition and fitness approaches in addition to our own internally-developed plans.

Other revenues, consisting of advertising revenue, commission revenue and e-commerce revenue, totaled approximately \$1,494,000 and \$4,837,000 for the three and nine months ended September 30, 2004, comparable to other revenues of approximately \$1,499,000 and \$4,238,000 in the three and nine month periods in the prior year, respectively.

As of September 30, 2004, deferred revenue, which relates to payments for which services have not yet been provided, totaled \$5,958,000 compared to \$4,777,000 in the corresponding period in the prior year. Deferred revenue includes \$2,200,000 of non-refundable fees received in July 2004 under a 15-year exclusive technology licensing agreement related to the Company's operations in the United Kingdom and Ireland. The remaining \$3,800,000 of deferred revenue is related to subscription fees prepaid by members.

Cost of Revenue: Cost of revenue consists primarily of credit card fees and revenue sharing or royalty costs. Other costs include Internet access fees, compensation for nutritional and consulting professionals and product costs for e-commerce sales. Cost of revenue increased to \$1,513,000 and \$4,602,000 for the three and nine months ended September 30, 2004, respectively, as compared to \$1,295,000 and \$3,229,000 for the comparable periods in the prior year. The dollar increase for the three and nine months ended September 30, 2004 as compared to the corresponding periods in the prior year was primarily due to an increase of royalty payments under the exclusive license agreements with third party nutritional and fitness companies as mentioned above.

Product Development: Product development costs consist primarily of salary payments to our development staff and related expenditures for technology and software development. Product development expenses increased to \$614,000 and \$1,618,000 for the three and nine months ended September 30, 2004, respectively, from \$361,000 and \$1,065,000 for the comparable periods in the prior year. The dollar increase for the three and nine months ended September 30, 2004 as compared to the corresponding periods in the prior year was primarily due to additional personnel costs related to creating and testing new design concepts and tools to be used throughout our website.

Sales and Marketing Expense: Sales and marketing expenses consist primarily of Internet advertising expenses and compensation for employees in the sales and marketing group. Due to seasonality involved in the diet services business the Company traditionally has a higher sales and marketing expense in the first half of the year versus the second half of the year. These expenses increased to \$9,304,000 and \$32,367,000 for the three and nine months ended September 30, 2004, respectively from \$7,123,000 and \$21,610,000 for the comparable periods in the prior year. The dollar increase in sales and marketing expense for the three months ended September 30, 2004 as compared to the corresponding period in the prior year was due to the use of television advertising which commenced in 2004. The dollar increase in sales and marketing expense for the nine months ended September 30, 2004 as compared to the corresponding period in the prior year was due to both an overall increase in online spending for the period in addition to the launch of television advertising in the first quarter of 2004 which continued throughout the year. Advertising expense totaled approximately

Table of Contents

\$7,617,000 and \$27,045,000 for the three and nine months ended September 30, 2004, respectively, an increase of 34% and 54% over advertising expense of \$5,671,000 and \$17,608,000 for the corresponding periods in the prior year primarily related to the increase in offline advertising in the current year.

For the remainder of 2004, we expect the online advertising market to continue to be subject to higher costs per impression than in 2003. This trend could significantly impact our ability to place the amount of advertising required to aggressively grow our member base. We are in the process of developing alternative channels of customer acquisition. It is not yet known if these channels will yield members at low enough acquisition costs to become meaningful sources of members.

General and Administrative Expenses: General and administrative expenses consist primarily of salaries, overhead and related costs for general corporate functions, including professional fees. General and administrative expenses increased to \$1,555,000 and \$4,935,000 for the three and nine months ended September 30, 2004, respectively, from \$1,256,000 and \$3,509,000 for the corresponding periods in the prior year. The increase for the three and nine months ended September 30, 2004 as compared to the corresponding periods in the prior year was primarily due to increases in headcount, professional fees and general overhead.

Depreciation and Amortization: Depreciation and amortization expenses decreased to \$223,000 and \$640,000 for the three and nine months ended September 30, 2004, respectively, from \$310,000 and \$981,000 for the corresponding periods in the prior year. The decrease was mainly due to a lower base of intangible assets subject to amortization in 2004.

Impairment of Intangible Assets: During the second quarter of 2003, the Company recorded an impairment loss related to certain assets acquired as a result of the October 2001 acquisition of DietSmart. The loss was calculated in accordance with SFAS 142 and totaled approximately \$183,000. During the first quarter of 2004, the Company shut down the DietSmart website and commenced the process of encouraging the remaining DietSmart members to convert to eDiets memberships. As a result of shutting down the website, the Company recorded an impairment charge in its Consolidated Statement of Operations for the nine months ended September 30, 2004 of approximately \$54,000 related to the developed technology and trademarks and trade names intangibles.

Other Income, net: Other income, net, was approximately \$33,000 and \$71,000 for the three and nine months ended September 30, 2004, respectively, and consisted mainly of interest income. For the comparable periods in the prior year, other income, net, was \$26,000 and \$13,000, respectively. The increase was primarily due to a higher average cash balance in the current year compared to the prior year.

Income Tax Benefit: Income tax benefit of \$3,000 and \$29,000 for the three and nine months ended September 30, 2004, respectively, relates to the tax benefit from the amortization of intangible assets resulting from the DietSmart and eDiets Europe acquisitions. In the prior year we recorded approximately \$118,000 and \$240,000 of income tax benefit for the three and nine months ended September 30, 2003, respectively, related to the amortization of the intangible assets related to the DietSmart acquisition. Since those intangibles were fully written-off in the first quarter of 2004 no income tax benefit was recorded in the current quarter and the only income tax benefit relates to the amortization of intangibles related to the eDiets Europe acquisition.

Net (Loss) Income: As a result of the factors discussed above, we recorded a net loss of \$1,363,000 and \$9,845,000 for the three and nine months ended September 30, 2004, respectively, compared to a net income of \$919,000 and a net loss of \$2,824,000 in the corresponding periods in the prior year.

LIQUIDITY AND CAPITAL RESOURCES

Cash Flows from Operating Activities: We reported \$4,465,000 of net cash used in operations for the nine months ended September 30, 2004 and \$3,150,000 of net cash provided by operations for the corresponding period in the prior year. The \$4,465,000 net cash used in the first nine months of 2004 was primarily attributable to our net loss and increases in accounts receivable offset by an increase in accounts payable and accrued expenses. The \$3,150,000 of net cash provided by operations in the nine months ended September 30, 2003 was primarily attributable to decreases in prepaid advertising and restricted cash and increases in accounts payable, accrued expenses, and deferred revenue, offset by our net loss.

Table of Contents

Cash Flows from Investing Activities: Our investing activities provided for \$2,604,000 of net cash in the first nine months of 2004 and used \$477,000 in the first nine months of 2003. The \$2,604,000 of net cash provided in the nine months ended September 30, 2004 was primarily attributable to the acquisition of the minority interest of eDiets Europe and the effect of consolidation of this previously unconsolidated subsidiary, offset by the purchases of computer equipment and software development costs. The \$477,000 of net cash used in the nine months ended September 30, 2003 was primarily for purchases of computer equipment and software development costs.

Cash Flows from Financing Activities: Our financing activities provided \$7,601,000 and \$1,181,000 in the nine months ended September 30, 2004 and 2003, respectively. The cash provided in 2004 was primarily attributable to \$6.5 million in net proceeds from the issuance of common stock in April 2004 and proceeds from the exercise of stock options. The cash provided in 2003 was primarily attributable to proceeds from the exercise of stock options offset by the repayment of capital lease obligations, common stock registration costs, and repayment of notes payable. As of September 30, 2004, the Company's debt totaled \$154,000 and consists primarily of capital lease obligations.

Available Cash: At September 30, 2004, we had \$11,803,000 of unrestricted cash and cash equivalents and \$209,000 in restricted cash compared to \$6,063,000 of unrestricted cash and cash equivalents and \$202,000 in restricted cash at December 31, 2003. The increase in unrestricted cash relates primarily to the consolidation of eDiets Europe. Management believes that cash on hand and cash flows from operations will be sufficient to fund its working capital and capital expenditures for at least the next twelve months. To the extent we require additional funds to support our operations or the expansion of our business, we may seek to undertake additional equity financing. There can be no assurance that additional financing, if required, will be available to us in amounts or on terms acceptable to us or at all.

Letter of Credit: We have an irrevocable standby letter of credit from a bank in the amount of \$200,000 that expires in January 2005. The letter of credit is collateralized by certain cash equivalents and is being used to guarantee our obligations under our capital leases for computer servers. As of September 30, 2004, we had approximately \$154,000 in leased equipment against the letter of credit.

Table of Contents

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company's consolidated balance sheet contains financial instruments in the form of held-to-maturity securities with an original maturity of three months or less. Due to the short-term nature of these financial instruments the interest rate risk is deemed to be low. The Company estimates that the cost of these financial instruments approximates fair value at September 30, 2004.

ITEM 4. CONTROLS AND PROCEDURES

Our Chief Executive Officer and Chief Financial Officer (collectively, the Certifying Officers) are responsible for establishing and maintaining disclosure controls and procedures for us. They have concluded (based upon their evaluation of these controls and procedures as of the end of the period covered by this report) that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in this report is accumulated and communicated to management, including our principal executive officers as appropriate, to allow timely decisions regarding required disclosure.

The Certifying Officers also have indicated that there were no significant changes in our internal controls or other factors that could significantly affect such controls subsequent to the date of their evaluation, and there were no corrective actions with regard to significant deficiencies and material weaknesses.

Our management, including each of the Certifying Officers, does not expect that our disclosure controls or our internal controls will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. In addition, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people or by management override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Because of these inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

Table of Contents

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

In the ordinary course of business, our company and/or its subsidiaries may be parties to legal proceedings and regulatory inquiries, the outcome of which, either singly or in the aggregate, is not expected to have a material adverse effect on our financial condition or results of operations.

In November 2003, Weight Watchers® International filed a trade complaint against eDiets for false and misleading advertising before the National Advertising Division of the Better Business Bureau. The trade complaint asserted that several advertisements and claims made on our web site and in banner advertisements were false, misleading or could not be substantiated. Our response to this complaint was submitted in January 2004. The National Advertising Division of the Better Business Bureau concluded that several of our advertisements should be modified and we complied with these recommendations. Compliance with the National Advertising Division's recommendations is voluntary. However, the National Advertising Division of the Better Business Bureau could refer the matter to the Federal Trade Commission to the extent that eDiets does not comply with its recommendations. In June 2004, Weight Watchers appealed the decision of the National Advertising Division and requested that the National Advertising Review Board appoint a panel to review certain aspects of the decision. Weight Watcher's request was subsequently granted by the National Advertising Review Board. As with National Advertising Division decisions, compliance with the recommendations of the National Advertising Review Board is voluntary, however, the matter could be referred to the Federal Trade Commission to the extent that eDiets does not comply with its recommendations.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On July 15, 2004, eDiets BVI, Inc., a wholly-owned subsidiary of the Company, acquired the remaining 40% minority interest of eDiets Europe for approximately \$1,529,000 in cash and 255,605 shares of restricted common stock (the "shares") of the Company valued at approximately \$726,000. The shares were issued to Ciaran McCourt and the Company is claiming an exemption to registration pursuant to Regulation S promulgated under the Securities Act of 1933 (as amended). Mr. McCourt is a board member who owned the 40% minority interest of eDiets Europe. The Company utilized an outside advisor to assist in determining the purchase price of the 40% minority interest in eDiets Europe. Accordingly, the Company believes this purchase was completed on an arm's length basis.

Item 3. None

Item 4. Submission of Matters to a Vote of Security Holders

On November 4, 2004, the Company conducted its Annual Meeting of Shareholders (the "Meeting"). At the Meeting, David R. Humble, Lee S. Isgur, Ciaran G. McCourt, Pedro N. Ortega-Dardet, Andrea M. Weiss, Robert L. Doretti and Ronald Luks were elected to the Board of Directors to serve one year terms; the accounting firm of Ernst & Young LLP was ratified as the Company's independent auditor for the fiscal year ending December 31, 2004; and the 2004 Equity Incentive Plan (the "Plan"), and the issuance of 1.5 million shares of the Company's common stock pursuant to the Plan, was approved.

Edgar Filing: EDIETS COM INC - Form 10-Q

For Ronald Luks, Robert Doretti and Andrea Weiss, there were 17,897,659 votes in favor and 176,345 votes withheld. For Pedro Ortega-Dardet, there were 17,897,559 votes in favor and 176,445 votes withheld. For Lee Isgur there were 16,253,429 votes in favor and 1,820,575 votes withheld. For David Humble, there were 17,858,491 votes in favor and 215,513 votes withheld. For Ciaran G. McCourt, there were 17,896,791 votes in favor and 177,213 votes withheld.

With respect to the proposal to ratify the firm of Ernst & Young LLP as the Company's independent auditor, there were 17,891,497 votes in favor, 168,240 votes against, 14,267 abstentions. With respect to the approval of the 2004 Equity Incentive Plan, there were 11,149,634 votes in favor, 1,006,513 votes against, and 15,466 abstentions. There were 5,902,391 broker non-votes.
