**Item 2.02. Results of Operations and Financial Condition**

On July 11, 2005, as disclosed in Item 4.02(a) below, the Company announced its decision to correct its method of accounting for property lease transactions, and to restate its financial statements for the years ended December 31, 2002, 2003 and 2004, included in the Company's 2004 Annual Report on Form 10-K. The interim financial statements included in the Company's Form 10-Q for the quarterly period ended March 31, 2005 will also be restated.

Overall, the cumulative adjustment to correct these lease accounting errors will be a reduction of retained earnings of approximately \$3.4 million as of March 31, 2005. For the period from January 1, 2002 to March 31, 2005, cumulative net income will be reduced by approximately \$900,000. For all periods prior to January 1, 2002, cumulative net income will be reduced by approximately \$2.5 million. As income statements prior to January 1, 2002 are not presented in the 2004 Annual Report on Form 10-K, the cumulative net income adjustment for all periods prior to January 1, 2002 will be recorded as a reduction in the Company's beginning retained earnings in the restated financial statements for the year ended December 31, 2002. The lease accounting adjustments do not affect the Company's historical reported net cash flows or revenues.

This information is furnished pursuant to Item 2.02 of Form 8-K. The information furnished under this Item 2.02 shall not be treated as filed for purposes of the Securities Exchange Act of 1934 (the Exchange Act), as amended, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, unless and except as specifically incorporated therein.

**Item 4.02(a). Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Report**

In connection with the preparation of its June 30, 2005 interim financial statements, the Company determined that there were errors in how it accounted for certain property leases that included fixed rent escalations, lease incentives and free rent periods over the lease term. Management concluded that the restatement of prior financial statements was required to correct these errors. Overall, the cumulative adjustment to correct these lease accounting errors will be a reduction of retained earnings of approximately \$3.4 million as of March 31, 2005. For the period from January 1, 2002 to March 31, 2005, cumulative net income will be reduced by approximately \$900,000. For all periods prior to January 1, 2002, cumulative net income will be reduced by approximately \$2.5 million. The lease accounting adjustments do not affect the Company's historical reported net cash flows or revenues. The majority of the required adjustments relates to the lease on the Company's new facility at 545 Washington Boulevard in Jersey City, NJ, for periods prior to January 1, 2002.

The Finance and Audit Committee of the Board of Directors of the Company, which met on July 11, 2005, has concurred with Management's recommendation that the Company should restate its financial statements for the years ended December 31, 2002, 2003 and 2004, included in the Company's 2004 Annual Report on Form 10-K. As income statements prior to January 1, 2002 are not presented in the 2004 Annual Report on Form 10-K, the cumulative net income adjustment for all periods prior to January 1, 2002 will be recorded in the Company's beginning retained earnings in the restated financial statements for the year ended December 31, 2002. The interim financial statements included in the Company's Form 10-Q for the quarterly period ended March 31, 2005 will also be restated. Management and the Finance and Audit Committee discussed these matters with the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP.

Edgar Filing: KNIGHT CAPITAL GROUP, INC. - Form 8-K

The Company expects to file in August 2005 an amended Annual Report on Form 10-K/A for the year ended December 31, 2004 and an amended Form 10-Q/A for the quarterly period ended March 31, 2005. In addition, the Company will be restating its interim financial statements for the quarters ended June 30, 2004 and September 30, 2004 in conjunction with the filing of its Form 10-Qs for the quarters ending June 30, 2005 and September 30, 2005, respectively.

The estimated historical effect on certain financial measures is as follows:

	<u>For the years ended December 31,</u>			<u>For the three</u>
	<u>2002</u>	<u>2003</u>	<u>2004</u>	<u>months ended</u>
				<u>March 31,</u>
				<u>2005</u>
<b>Net (Loss) Income (in millions)</b>				
As Reported	\$ (43.2)	\$ 38.5	\$ 91.4	\$ 5.9
Less Estimated Lease Accounting Adjustments, net of tax		(0.5)	(0.3)	(0.1)
<b>As Restated</b>	<b>\$ (43.2)</b>	<b>\$ 38.0</b>	<b>\$ 91.1</b>	<b>\$ 5.8</b>
	<u>December 31,</u>			<u>March 31,</u>
	<u>2002 *</u>	<u>2003</u>	<u>2004</u>	<u>2005</u>
<b>Stockholders' Equity (in millions)</b>				
As Reported	\$ 756.4	\$ 790.1	\$ 854.5	\$ 833.8
Less Estimated Cumulative Lease Accounting Adjustments, net of tax	(2.5)	(3.0)	(3.3)	(3.4)
<b>As Restated</b>	<b>\$ 753.9</b>	<b>\$ 787.1</b>	<b>\$ 851.2</b>	<b>\$ 830.4</b>

\* The estimated cumulative lease accounting adjustments, net of tax, in 2002 includes a reduction of \$2.5 million relating to periods prior to January 1, 2002

In accordance with Statement of Financial Accounting Standards No. 13, *Accounting for Leases*, as clarified by the Emerging Issues Task Force and Financial Accounting Standards Board Technical Bulletins, rent expense under operating leases with fixed rent escalations and lease incentives should be recognized on a straight-line basis over the lease term, and straight-line rent expense should begin to be recorded when the lessee takes possession of or controls the use of the space, including during free rent periods.

The Company incorrectly accounted for certain leases by recognizing rent expense only when the rental payments were due to be paid. The primary impact of the restatement to the Company's previously issued financial statements is an increase in occupancy and equipment rentals expense and accrued expenses and other liabilities. For the relevant leases, the adjustments will result in decreased occupancy and equipment rentals expense in future periods.

## Edgar Filing: KNIGHT CAPITAL GROUP, INC. - Form 8-K

The Company does not consider the impact of restating the previously issued financial statements to be material in any one period. However, the cumulative effect, if recorded in 2005, would be material to reported net income, and therefore, the Company concluded that a restatement of prior year financial statements was required. Given Management's decision to restate, previously issued financial statements for the annual and quarterly periods during the years ended December 31, 2002, 2003 and 2004, and for the quarterly period ended March 31, 2005, should no longer be relied upon.

Management is in the process of evaluating the impact of these lease accounting errors and the resulting restatement of previously issued financial statements on its assessment of the effectiveness of internal control over financial reporting as of December 31, 2004. Management's determination will be included in the amended Annual Report on Form 10-K/A for the year ended December 31, 2004.
