Item 1.01 Entry into a Material Definitive Agreement

On September 20, 2005, the Compensation Committee (the Committee) of the Board of Directors of Alexion Pharmaceuticals, Inc. (the Company) determined incentive bonus targets, as well as individual performance goals and company-wide goals on which incentive bonuses for fiscal year 2006 will be based. Incentive bonus targets for named executive officers are based on the percentages of such officers' base salaries. The goals relate primarily to pre-clinical matters, clinical trial and regulatory milestones, as well as commercialization preparedness and will be weighed by the Committee on an individual basis for each executive officer. The Committee will determine incentive bonuses at the end of fiscal year 2006 based on the extent to which the individual performance and company-wide goals were achieved by each executive officer as well as taking into consideration market and other data to ensure that executive officer compensation remains competitive.
