**OAO Tatneft announces a delay in the publication of its consolidated U.S. GAAP financial statements for 2004 and in the filing of its Annual Report on Form 20-F for 2004 with the U.S. Securities and Exchange Commission, as well as a delay in the publication of its consolidated U.S. GAAP financial statements for the first six months of 2005**

Almetievsk, November 8, 2005

OAO Tatneft (the Company) today announces a delay in the publication of its consolidated U.S. GAAP financial statements for 2004 (the U.S. GAAP financial statements for 2004) and in the filing of its Annual Report on Form 20-F for 2004 (the Form 20-F) with the U.S. Securities and Exchange Commission (the SEC).

The audit of the U.S. GAAP financial statements for 2004 did not commence until September 2005 due to the delay in the completion of the audit and publication of the Company's consolidated U.S. GAAP financial statements for 2003, which were published by the Company on July 14, 2005.

The audit of the U.S. GAAP financial statements for 2004 is now underway, and the Company currently expects the audit to be completed at the beginning of 2006. Immediately upon the receipt of the auditors' report with respect to the U.S. GAAP financial statements for 2004, the Company expects to file the Form 20-F with the SEC.

Due to the delay in the publication of the U.S. GAAP financial statements for 2004, the Company is delaying the publication of its consolidated U.S. GAAP financial statements for the first six months of 2005. Consistent with past practice, however, the Company is publishing unaudited unconsolidated financial statements (balance sheet and profit and loss statement) of the Company for the first nine months of 2005 prepared in accordance with Russian accounting regulations (RAR).

For nine months of 2005, the Company's unconsolidated revenues under RAR were 129.1 billion rubles, and its unconsolidated net income under RAR was 29.5 billion rubles, an increase of 20.3% and 52.8% as compared to unconsolidated revenues and net income, respectively, under RAR for nine months of 2004. For nine months of 2005, OAO Tatneft produced 19.1 million tons of oil, an increase of 1.1% as compared to the same period in 2004.
