¹ The numbers of shares of Common Stock of the Company shown in the table are as of December 31, 2005, and the percentages shown in the table are based on the number of shares of Common Stock outstanding on that date, which was 17,291,213.

² The number of shares of Common Stock shown in the table includes 18,508.51 shares held for certain directors and executive officers in the 401(k) Plan as of December 31, 2005, and 210,000 shares that directors and executive officers have the right to acquire through the exercise of stock options within 60 days following December 31, 2005. The number of shares also includes 5,073 shares of the Company's Common Stock held in fiduciary capacities. Such shares held in fiduciary capacities may be deemed to be beneficially owned by the rules of the Securities and Exchange Commission, but inclusion of the shares in the table does not constitute admission of beneficial ownership.

³ The amounts reported in this column are deferred stock units held as of December 31, 2005 by (i) non-employee directors under the Company's Outside Directors Deferral Plan (see Governance of the Company Directors Compensation) and (ii) executive officers under the Company's Executive Voluntary Deferral Plan. Each deferred stock unit represents a hypothetical share of the Company's Common Stock, fluctuates in value with the market price of such stock and is payable only in shares of the Company's Common Stock.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers and persons who own more than 10% of the Company's Common Stock to file initial reports of ownership and reports of changes in ownership of Common Stock with the Securities and Exchange Commission. Such persons are required by Commission regulation to furnish the Company with copies of all Section 16(a) forms they file.

Except as noted below, to the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that applicable Section 16(a) filing requirements were satisfied for transactions that occurred in 2005. Each of Melissa A. Hill and Glyn J. Nelson inadvertently omitted 2,000 shares of restricted stock from their Form 3s filed on January 9, 2004. Corrective filings were made on January 30, 2006. Each of Michael Dinkins, John P. McCann, Thomas G. Snead, Jr., Robert T. Skunda, Julious P. Smith, Jr. and Marshall B. Wishnack inadvertently filed their Form 4s reporting a grant of deferred stock units received one day late on November 4, 2005. On a Form 4 filed on June 1, 2005, Charles H. Foster, Jr. inadvertently understated his total shares beneficially owned by 100 out of a total of 114,187 shares in connection with the exercise of a non-qualified stock option, and due to this error subsequent Form 4s filed after June 1, 2005 and prior to the date of the corrective filing did not reflect the correct number of securities beneficially owned by Mr. Foster. A corrective filing was made on January 30, 2006.

GOVERNANCE OF THE COMPANY

The business and affairs of the Company are managed under the direction of the Board of Directors in accordance with the Virginia Stock Corporation Act and the Company's Articles of Incorporation and Bylaws. Members of the Board are kept informed of the Company's business through discussions with both the Chairman and the Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees. The corporate governance practices followed by the Company are summarized below.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines that set forth the practices of the Board with respect to director qualifications, director responsibilities, director access to management and independent advisors, director compensation, director orientation and continuing education, management evaluation and succession, and evaluation of the Board's performance. The Guidelines are available on the Company's Corporate Governance web page at [www.landam.com/Corporate Governance](http://www.landam.com/Corporate%20Governance). A printed copy is available to any shareholder upon written request to the Secretary of the Company, 101 Gateway Centre Parkway, Gateway One, Richmond, Virginia 23235-5153.

The Board of Directors in its business judgment has determined that the following 9 of its 12 members are independent as defined by New York Stock Exchange listing standards: Gale K. Caruso, Michael Dinkins, John P. McCann, Robert F. Norfleet, Jr., Robert T. Skunda, Julious P. Smith, Jr., Thomas G. Snead, Jr., Eugene P. Trani and Marshall B. Wishnack. In reaching this conclusion, the Board considered that the Company and its subsidiaries conduct business and have other relationships with organizations of which certain members of the Board or members of their immediate families are or were directors or officers. Consistent with the New York Stock Exchange listing standards, the Company's Corporate Governance Guidelines establish categorical standards under which a director will not be considered to have a material relationship with the Company if:

during each of the current fiscal year and three most recent fiscal years, neither the director nor any immediate family member of the director received more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided that such compensation is not contingent on continued service);

during each of the current fiscal year and three most recent fiscal years, the director is not, and was not an executive officer or an employee, or whose immediate family member is not, or was not, an executive officer of another company that made payments to, or received payments from, the Company for property or services in an amount which, in any single fiscal year, exceeded the greater of \$1,000,000 or 2% of such other company's consolidated gross revenues; or

the director serves as an executive officer of a charitable organization to which during each of the three preceding fiscal years the Company made charitable contributions that did not exceed the greater of \$1,000,000 or 2% of such charitable organization's consolidated gross revenues.

None of the Company's non-employee directors, their immediate family members, or organizations in which they are a partner, shareholder or officer, are engaged in relationships with the Company not meeting the criteria set forth above.

Codes of Ethics

The Board of Directors has approved a Code of Business Conduct and Ethics for directors, officers and employees of the Company and each of its subsidiaries and controlled affiliates and a Code of Ethics for Senior Financial Officers for the Company's Chief Executive Officer and principal financial officers. The Codes address such topics as protection and proper use of Company assets, compliance with applicable laws and regulations, accuracy and preservation of records, accounting and financial reporting, conflicts of interest and insider trading. They are available on the Company's Corporate Governance web page at [www.landam.com/Corporate Governance](http://www.landam.com/Corporate%20Governance). Printed copies of the Codes are available to any shareholder upon written request to the Secretary of the Company at the address set forth above.

Board and Committee Meeting Attendance

In 2005, there were seven meetings of the Board of Directors. No directors attended fewer than 75% of the total aggregate number of meetings of the Board and of the committees on which he or she served.

Executive Sessions

Executive sessions where non-employee directors meet on an informal basis are scheduled either before or after each regularly scheduled Board meeting. At least once a year the Board schedules an executive session including only independent directors. Eugene P. Trani, the Chairman of the Corporate Governance Committee, serves as chairman for executive sessions.

Communications with Directors

Any director may be contacted by writing to him or her c/o the Secretary of the Company at the address set forth above. Communications to the non-management directors as a group may be sent to the Chairman of the Corporate Governance Committee c/o the Secretary of the Company at the same address. The Company promptly forwards, without screening, all such correspondence to the indicated director(s).

Committees of the Board

The standing committees of the Board of Directors are the Executive Committee, the Audit Committee, the Executive Compensation Committee, the Corporate Governance Committee, the Investment Funds Committee and the Finance Committee.

Executive Committee

The Executive Committee has the authority to act for the Board of Directors on most matters during the intervals between Board meetings. The members of the Executive Committee are Messrs. Foster (Chairman), Chandler, Dinkins, Smith, Snead and Wishnack. The Committee met one time in 2005.

Audit Committee

The Audit Committee assists the Board of Directors in fulfilling the Board's oversight responsibility to the shareholders relating to the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the qualifications, independence and performance of the Company's independent registered public accounting firm and the performance of the internal audit function. The Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the Company. The Committee operates under a written charter last amended by the Board in October 2005. The Audit Committee Charter is attached as Appendix C to this Proxy Statement and additional copies are available on the Company's Corporate Governance web page at [www.landam.com/Corporate Governance](http://www.landam.com/Corporate%20Governance). Additional printed copies are available to any shareholder upon written request to the Secretary of the Company, 101 Gateway Centre Parkway, Gateway One, Richmond, Virginia 23235-5153.

The members of the Audit Committee are Messrs. Snead (Chairman), Dinkins, Norfleet and Skunda and Ms. Caruso, all of whom the Board in its business judgment has determined are independent as defined by regulations of the Securities and Exchange Commission and the New York Stock Exchange listing standards. The Board of Directors also has determined that all of the Committee members are financially literate as defined by the New York Stock Exchange listing standards and that Mr. Dinkins qualifies as an audit committee financial expert as defined by regulations of the Securities and Exchange Commission.

The Audit Committee met four times in 2005. For additional information regarding the Committee, see "Audit Information" Report of Audit Committee on page 30 of this Proxy Statement.

Executive Compensation Committee

The Executive Compensation Committee performs the responsibilities of the Board of Directors relating to compensation of the Company's executives. The Committee's responsibilities include reviewing and approving corporate goals and objectives relevant to compensation of the Company's Chief Executive Officer, evaluating the Chief Executive Officer's performance in light of those goals and objectives, and determining and approving the Chief Executive Officer's compensation level based on this evaluation; making recommendations to the Board with respect to annual and long-term incentive compensation and equity-based plans; evaluating the performance of, and determining the salaries, incentive compensation and executive benefits for senior management; and administering the Company's equity-based, deferral and other compensation plans. The Committee operates under a written charter last amended by the Board in October 2004. The Charter of the Executive Compensation Committee is available on the Company's Corporate Governance web page at [www.landam.com/Corporate Governance](http://www.landam.com/Corporate%20Governance). A printed copy is available to any shareholder upon written request to the Secretary of the Company at the address set forth above.

The members of the Executive Compensation Committee are Messrs. Wishnack (Chairman), Snead and Trani, all of whom the Board in its business judgment has determined are independent as defined by the New York Stock Exchange listing standards. The Committee met four times in 2005. For additional information regarding the Committee, see Report of Executive Compensation Committee on page 13 of this Proxy Statement.

Corporate Governance Committee

The Corporate Governance Committee develops qualifications for director candidates, recommends to the Board of Directors persons to serve as directors of the Company and monitors developments in, and makes recommendations to the Board concerning corporate governance practices. The Committee acts as the Company's nominating committee. The Committee operates under a written charter last amended by the Board in October 2004. The Charter of the Corporate Governance Committee is available on the Company's Corporate Governance web page at [www.landam.com/Corporate Governance](http://www.landam.com/Corporate%20Governance). A printed copy is available to any shareholder upon written request to the Secretary of the Company at the address set forth above.

The members of the Corporate Governance Committee are Messrs. Trani (Chairman), Norfleet, Skunda and Wishnack, all of whom the Board in its business judgment has determined are independent as defined by the New York Stock Exchange listing standards. The Committee met five times in 2005.

Shareholders entitled to vote for the election of directors may submit candidates for consideration by the Corporate Governance Committee if the Company receives timely written notice, in proper form, for each such recommended director nominee. If the notice is not timely and in proper form, the nominee will not be considered by the Committee. To be timely for the 2007 annual meeting, the notice must be received within the time frame set forth in Proposals for 2007 Annual Meeting on page 32 of this Proxy Statement. To be in proper form, the notice must include each nominee's written consent to be named as a nominee and to serve, if elected, and information about the shareholder making the nomination and the person nominated for election. These requirements are more fully described in Section 3.4 of the Company's Bylaws, a printed copy of which is available to any shareholder upon written request to the Secretary of the Company at the address set forth above.

The Corporate Governance Committee considers, at a minimum, the following factors in recommending to the Board potential new directors, or the continued service of existing directors:

The characteristics described in the Corporate Governance Guidelines (*i.e.*, knowledge of business and financial affairs, an understanding of the Company's business and the complexities of a large publicly-traded company in today's business environment, personal qualities of integrity and judgment, educational background and business or professional experience);

Whether the member/potential member assists in achieving a mix of Board members that represent a diversity of background and experience;

Whether the member/potential member is subject to a disqualifying factor as described in the Corporate Governance Guidelines (*e.g.*, relationships with competitors or recent previous employment with the Company);

Whether an existing member has reached retirement age;

The member's/potential member's independence;

Whether the member/potential member would be considered an audit committee financial expert or financially literate under Securities and Exchange Commission regulations and New York Stock Exchange listing standards;

The extent of the member s/potential member s business experience, technical expertise, or specialized skills or experience; and

Any factors related to the ability and willingness of a new member to serve, or an existing member to continue his or her service. Under the process used by the Company for selecting new Board candidates, the Chairman, the Chief Executive Officer, the Corporate Governance Committee or other Board members identify the need to add a new Board member with specific qualifications or to fill a vacancy on the Board. The Chairman of the Corporate Governance Committee initiates a search, working with staff support and seeking input from Board members and senior management, hiring a search firm, if necessary, and considering any candidates recommended by shareholders. An initial slate of candidates that will satisfy criteria and otherwise qualify for membership on the Board is presented to the Corporate Governance Committee. A determination is made as to whether Corporate Governance Committee members or Board members have relationships with preferred candidates and can initiate contacts. The Chairman and at least one member of the Corporate Governance Committee interview prospective candidate(s). The Corporate Governance Committee meets to conduct further interviews of prospective candidates, if necessary or appropriate, and to consider and recommend final candidates for approval by the full Board of Directors.

Investment Funds Committee

The Investment Funds Committee establishes the investment policy and monitors the performance of pension and portfolio investments of the Company and its subsidiaries. The members of the Investment Funds Committee are Messrs. McCann (Chairman) and Smith and Mmes. Alpert and Caruso. The Committee met five times in 2005.

Finance Committee

The Finance Committee advises the Board of Directors with respect to financing needs, capital structure and other financial matters. The members of the Finance Committee are Messrs. Dinkins (Chairman), McCann and Smith and Ms. Alpert. The Committee met four times in 2005.

Annual Meeting Attendance

The Company encourages members of the Board of Directors to attend the annual meeting of shareholders. All of the directors attended the 2005 annual meeting of shareholders.

Directors Compensation

During 2005, each director who was not an officer of the Company received a quarterly retainer of \$6,250, a fee of \$1,500 for attendance at each Board meeting, and a fee of \$750 for attendance at each meeting of a Board committee of which he or she was a member. Also during 2005, the Chairman of the Audit Committee received an additional quarterly retainer of \$2,500, and all other Committee Chairmen received an additional quarterly retainer of \$1,250. In October 2005, the Corporate Governance Committee approved the following changes to director compensation effective January 1, 2006: each director who is not an officer of the Company shall receive a quarterly retainer of \$7,500, a fee of \$2,000 for attendance at each Board meeting and a fee of \$1,500 for attendance at each meeting of a Board committee of which he or she was a member. In addition, the

Chairman of the Audit Committee will continue to receive a quarterly retainer of \$2,500, the Chairman of the Executive Compensation Committee will receive a quarterly retainer of \$1,875 and all other Committee Chairmen will continue to receive an additional quarterly retainer of \$1,250. In addition, the equity-based compensation payable to non-employee directors for service on the Board was changed from an annual award of 1,000 shares of restricted Common Stock to an annual award equivalent of 1,000 shares of Common Stock. Specifically, the annual award will be payable in the ratio of 58% Common Stock, without vesting or forfeiture restrictions, and 42% cash, effective as of the first business day following each annual meeting of the Company's shareholders commencing in 2006. A director who is also an officer of the Company receives no compensation for his or her services as a director.

Each non-employee director is eligible to participate in the Outside Directors Deferral Plan. The Outside Directors Deferral Plan permits non-employee directors to defer all or a portion of their cash compensation in deferred stock units. Each deferred stock unit represents a hypothetical share of the Company's Common Stock and fluctuates in value with the market price of such stock. A participant's deferred stock unit account is increased by dividends paid by the Company on the Common Stock. Those participants who elect to defer 100% of their total cash compensation into deferred stock units for a given year shall receive additional compensation in the form of deferred stock units equal to 20% of their total compensation. A former version of the Outside Directors Deferral Plan permitted non-employee directors to defer their cash compensation into a deferred cash account, so some non-employee directors have deferred cash accounts under the Plan. Each deferred cash account is credited with interest annually, and the interest paid is based on the rate of return set forth in the amended and restated Plan, which is currently 9%. Under the Plan, benefits in deferred stock unit accounts are paid in Common Stock, and benefits in deferred cash accounts are paid in cash. Benefits also include survivor's benefits in the event that the participant dies before receiving all of the benefits to which the participant is entitled under the Plan. A participant may also postpone receipt of benefit payments by making a timely election. Accelerated payment of deferred benefits may occur under certain conditions, including a change of control of the Company. In 2006, the Plan was amended effective January 1, 2005 to comply with the requirements of Internal Revenue Code Section 409A and to make certain other administrative changes. In addition, the definition of "Eligible Director" in the Plan was amended to enable non-employee directors to continue to make deferrals of director compensation upon attaining the age of 65 or older.

During 2005, each non-employee director received a grant of 1,000 shares of restricted Common Stock pursuant to the 2000 Stock Incentive Plan. As a result of amendments to all outstanding grants adopted in 2005 by the Board of Directors of the Company, the shares of restricted Common Stock vest on the earliest to occur of certain events including (i) the expiration of three years from the date of the award; (ii) the termination of the director's service on the Board as a result of the director's (a) retirement from the Board in accordance with the Board's retirement policy then in effect, (b) not being nominated for reelection to the Board other than at the director's request, (c) failure to be reelected by the shareholders, or (d) disability rendering the director unable to perform his duties for a period of six months or longer; (iii) the director's death; (iv) the acceptance by the Board of a director's resignation tendered by the director as a result of the director's retirement from present employment or a material change in the director's position; or (v) a change of control of the Company.

In 2005, with an effective date of January 1, 2006, the Corporate Governance Committee amended the Corporate Governance Guidelines to include a stock ownership requirement for non-employee directors that requires non-employee directors to attain certain stock ownership levels and therefore maintain a vested interest in the performance of the Company. Specifically, non-employee directors shall attain a minimum stock ownership of 2,500 shares of Company Common Stock and shall maintain such stock ownership as long as he or she continues to serve as a director of the Company. Each non-employee director is required to meet the target level of stock ownership prior to the later of December 31, 2010 or five years after joining the Board. Stock ownership for purposes of the Corporate Governance Guidelines includes (1) shares beneficially owned outright by the non-employee director or by a trust for the non-employee director's benefit, (2) the unvested portion of restricted shares, (3) shares retained upon the exercise of stock options, and (4) any deferred stock units credited to the non-employee director's account under the Outside Directors Deferral Plan. Unexercised stock options or other derivative securities do not count toward the target ownership level required.

REPORT OF EXECUTIVE COMPENSATION COMMITTEE

The Executive Compensation Committee (the Committee) of the Board of Directors administers the Company's compensation policies and programs applicable to its Named Executive Officers and other members of the Company's executive management.

Executive Compensation Policies

The Committee's compensation programs and policies are intended to provide competitive compensation to recognize individual initiative and achievements and to assist the Company in attracting and retaining highly qualified executives. The Committee also engages an independent consultant to review the Company's compensation of executive management. The review for the determination of appropriate salary and management incentive for the 2005 calendar year included an evaluation of the compensation structures of two peer groups, one consisting of other publicly held companies in the real estate related services industry and a broader group consisting of publicly held companies in certain other financial services sectors and in companies of similar size. The Committee believes that compensation comparisons are most appropriately made to executives within a designated industry and related industry peer group, with particular emphasis on comparable companies providing real estate related services.

In addition, the Committee evaluates an executive officer's integrity, leadership, individual duties and responsibilities in the Company, relative importance to the overall success of the Company's short-term and long-term goals and attainment of individual performance goals. With respect to compensation for the Company's President and Chief Executive Officer, the Committee specifically considers the following factors: executive talent improvement, regulatory crisis management, financial and operating results, corporate priorities, total shareholder return, external relations and leadership.

This review process is undertaken periodically by the Committee in order to implement the Committee's pay for performance policy. The Committee also reviews for each of the Named Executive Officers, a summary report reflecting the total dollar value of the executive's annual compensation and separately itemizing salary, annual cash incentive, long term incentive compensation consisting of restricted stock and cash units, perquisites and other compensation along with an estimate of termination of employment obligations in order to assess the executive's total compensation. Decisions on the compensation of the Company's Named Executive Officers are reported to the full Board of Directors.

Elements of Compensation

The Company's compensation structure for its executive management consists of a base salary integrated with cash and equity based incentives.

Base Salaries

The Committee determines the salaries of the Company's Named Executive Officers. The Committee believes that base salaries should normally be targeted at, or slightly below market medians and reflect over time individual performance and level of responsibility. The Committee has set the salaries of the Named Executive Officers in accordance with that philosophy.

Annual Cash Incentives

After taking into consideration base salary, the Committee awards annual cash incentives to be competitive and consistent with the performance of the executive and the Company in accordance with its compensation objectives. The Committee determines annual cash awards for the Company's Named Executive Officers pursuant to certain incentive plans that it administers including the Executive Officer Incentive Plan and the Senior Management Compensation Program Shared Resources for Named Executive Officers. Annual cash awards for the Company's executive officers other than the Named Executive Officers are determined by the President and Chief Executive Officer under other incentive programs applicable to such executives.

In 2005, the Board of Directors adopted, and the shareholders approved, the Executive Officer Incentive Plan, also referred to as a 162(m) Plan. Section 162(m) of the Internal Revenue Code limits the amount of compensation that a company can deduct with respect to an individual executive, except for compensation that can be considered performance based compensation under that section. The 162(m) Plan establishes criteria so that awards made under the plan qualify as performance based compensation. Within the first ninety days after the start of the fiscal year, the Committee identifies the participants covered under the 162(m) Plan and the award formula based on the achievement of identified performance goals for that particular fiscal year. The Committee has the discretion to reduce or eliminate, but cannot increase, any amounts otherwise payable under the 162(m) Plan. The Committee exercised its discretion for 2005 to reduce the amounts payable under the 162(m) Plan. For 2005, the Committee awarded the President and Chief Executive Officer an annual cash incentive of \$1,150,000 and the other Named Executive Officers the annual cash incentives identified in the Bonus column of the Summary Compensation Table. The annual cash incentive for Mr. Chandler was 44% of the maximum award formula under the 162(m) Plan.

Annual Equity Incentives

The Committee awards annual equity incentives to the President and Chief Executive Officer and other Named Executive Officers to encourage significant investment in stock ownership by management and to provide long-term financial rewards linked directly to market performance of the Company's stock. The Committee believes that significant ownership of stock by senior management aligns the interests of management with the shareholders and as a person's level of responsibility increases, greater portions of his or her total compensation should be linked to the long-term performance of the Company's Common Stock and return to its shareholders. Any equity awards made by the Committee are made under the allocation of shares registered under the Company's 2000 Stock Incentive Plan. Prior to 2002, the Committee granted stock options to key executives. In December of 2002 and 2003, the Committee granted shares of restricted stock instead of stock options for those fiscal years. The Committee issued restricted stock and cash units to executive officers including the Named Executive Officers in February 2005 and February 2006 following the Company's earnings release date for the fiscal years 2004 and 2005 in order to facilitate consideration of Company performance and all elements of total compensation for such executives at one time during the year.

In general, the Committee establishes a pool of shares to be awarded to the Company's senior management in accordance with a formula adopted annually based on a percentage range of the Company's issued and outstanding shares on a fully diluted basis. The Committee determines the calculation to be used by assessing data with respect to stock and option grants to executives in the real estate transaction services peer group and considers the executive compensation structure of a broader peer group consisting of other companies of comparable size and performance characteristics. The actual percentage selected in the range is based on Company performance compared to its title peers, including an assessment of a blend of total shareholder return and return on equity. For 2005, the Committee established a goal of granting aggregate shares in an amount equal to .75% to 1.25% of fully diluted issued and outstanding shares. For the grants made in February, 2006 pertaining to 2005 performance, the aggregate percentage granted (including cash units) was 1.00%. As with

the award of annual cash incentives, under the 162(m) Plan the Committee sets an annual stock award formula for each participant based on the achievement of identified performance goals which the Committee can reduce or eliminate in its discretion. The Committee exercised its discretion for 2005 to reduce the awards payable under the 162(m) Plan consistent with its pool determination.

With respect to the restricted stock and cash units granted to the President and Chief Executive Officer, the Committee evaluated the President and Chief Executive Officer's overall compensation package relative to that of other chief executives in both peer groups. Effective February 28, 2006, the Committee awarded Mr. Chandler a combined restricted stock and cash unit award with respect to 28,500 shares of Common Stock, consisting of 16,530 restricted shares and 11,970 cash units. Mr. Chandler's grant of restricted stock and cash units for the 2005 calendar year was 57% of the maximum available under the 162(m) Plan. The Committee also granted restricted stock and cash units out of the established pool to various executive officers, including all other Named Executive Officers, based on recommendations made to the Committee by the President and Chief Executive Officer. The restricted shares and cash units vest over a four-year period following the date of the award and may, at Committee discretion, vest earlier in the event of an executive's termination, retirement, death or disability.

Executive Target Ownership Program

Effective January 1, 1999, the Company adopted the Executive Target Ownership Program that requires members of executive management to attain certain stock ownership levels and therefore maintain a vested interest in the equity performance of the Company. Over a five-year period, the executives covered by the program are expected to reach certain ownership levels based on specific share targets per executive officer level. Stock ownership for purposes of this program includes (1) shares beneficially owned outright by the executive or by a trust for the executive's benefit, (2) vested shares held in a qualified benefit plan, (3) the unvested portion of restricted shares, (4) the unvested portion of cash units (granted in tandem with restricted shares) (5) shares retained from the exercise of options and (6) deferred stock units under the Executive Voluntary Deferral Plan. Unexercised stock options do not count for purposes of this Program. Executives covered by this Program include the President and Chief Executive Officer, the Chief Financial Officer, all Executive Vice Presidents and all Senior Vice Presidents. All Named Executive Officers are covered by this Program, and the specific target ownership levels under the Program are as follows:

Officer	Ownership Requirement
President and Chief Executive Officer	65,000
Chief Financial Officer	20,000
Executive Vice President	10,000
Senior Vice President	5,000

The Company recently reduced the ownership target for Senior Vice Presidents to 5,000 shares from a previous level of 7,500 shares so that the relationship of target ownership required for a Senior Vice President as compared to an Executive Vice President is generally the same as the relationship of the amount of restricted stock and cash units granted to a Senior Vice President as compared to an Executive Vice President. The revised target should permit Senior Vice Presidents to achieve the target over a five year period based on the amounts of restricted stock and cash units previously awarded. As of December 31, 2005, the President and Chief Executive Officer and all other Named Executive Officers had met or were on target to meet these ownership levels within the required time frame.

Tax Considerations

Section 162(m) of the Internal Revenue Code provides certain criteria for the tax deductibility of annual compensation in excess of \$1 million paid to certain executives of public companies. Last year, the Board of Directors adopted and the shareholders approved the Executive Officer Incentive Plan discussed above, which permits certain compensation earned by participants to qualify under Section 162(m). Despite the adoption of the Executive Officer Incentive Plan, since deductibility will not be the sole factor used by the Committee in ascertaining appropriate levels or modes of compensation, it is conceivable that the Company may enter into compensation arrangements in the future under which payments are not deductible under Section 162(m). All compensation for the 2005 calendar year is deductible to the full extent under Section 162(m).

² The dollar value of perquisites and other personal benefits received by each of the Named Executive Officers during each of the fiscal years ended December 31, 2005, 2004 and 2003, did not exceed the lesser of \$50,000 or 10% of the total amount of salary and bonus reported for each in such years. The amounts shown in this column represent amounts reimbursed by the Company for the payment of taxes associated with the compensation attributable to life insurance premiums paid by the Company in 2005 on behalf of such individuals. See footnote 4 for information on life insurance premiums paid.

³ The aggregate number of shares of restricted Common Stock and cash units held by each of the Named Executive Officers on December 31, 2005, and the dollar value of such shares and units on such date based on a \$62.40 closing price of a share of Common Stock on December 30, 2005 (the last business day of 2005), as reported on the New York Stock Exchange, were as follows:

² The Company has two equity compensation plans – the LandAmerica Financial Group, Inc. Executive Voluntary Deferral Plan and the LandAmerica Financial Group, Inc. Outside Directors Deferral Plan – that are not presented in this table. The Executive Voluntary Deferral Plan allows key executives to defer receipt of bonus payments as a means of saving for retirement and other future purposes. The Outside Directors Deferral Plan allows non-employee directors to defer receipt of cash compensation as a means of saving for retirement and other future purposes. No options, warrants or rights are granted under either plan. Under each plan, participants may elect to defer compensation in deferred stock units that represent a hypothetical share of the Company's Common Stock. The deferred stock units are paid out in shares of Common Stock. Each plan includes a feature under which the Company may credit additional deferred stock units to participants. The maximum amounts of shares of Common Stock that the Company can issue under the Executive Voluntary Deferral Plan and the Outside Directors Deferral Plan are 800,000 and 100,000, respectively. On December 31, 2005, there were 182,786 deferred stock units under the Executive Voluntary Deferral Plan and 54,126 deferred stock units under the Outside Directors Deferral Plan credited to the participants' deferred stock unit accounts under such plans.

³ The 2000 Stock Incentive Plan permits grants of stock options and stock appreciation rights and awards of Common Stock, restricted stock and/or phantom stock. The 2000 Stock Incentive Plan currently authorizes the issuance of 3,600,000 shares of Common Stock for grants and awards. The 2000 Stock Incentive Plan does not limit, however, the amount of phantom stock (designated as cash units) the Company can award as long as it is payable only in cash.

⁴ No options, warrants or rights are granted under the LandAmerica Financial Group, Inc. Executive Officer Incentive Plan.

⁵ The Company has no equity compensation plans that have not been approved by the shareholders.

Retirement Benefits

All of the Named Executive Officers have vested accounts in the Company's Cash Balance Plan, a qualified defined benefit retirement plan. Under the plan, which was frozen effective December 31, 2004, a hypothetical cash balance account was established for each participant for record keeping purposes. Prior to December 31, 2004, a participant's cash balance account was annually credited with (i) a compensation credit based on the participant's age, service and compensation for that year and (ii) an interest credit based on the participant's account balances at the end of the prior year. The compensation credit percentage was based on the sum of the participant's age and service at the beginning of the year, and ranged from 2% for a sum of less than 35 to 5% for a sum of 80 or more. Annual interest credits were based on the average of 10-year Treasury bond rates in effect for the month of November of the prior year. At retirement, the account balance may be converted to various monthly benefit options based on actuarial factors defined in the plan or may be paid in a lump sum benefit. Benefits for participants who were eligible for early retirement on December 31, 1998, under the terms of the former Lawyers Title Retirement Plan or the former Commonwealth Pension Plan will be no less than benefits calculated under the provisions of such former plan.

The Internal Revenue Code limits (i) the annual retirement benefit that may be paid under the Cash Balance Plan and (ii) the compensation that may be used in computing a benefit. The maximum benefit limitation is adjusted each year to reflect the cost of living. For 2005, the maximum benefit limitation was \$170,000 (based on a life annuity) and the earnings limitation was \$210,000.

All of the Named Executive Officers are also covered by the Company's 1999 Benefit Restoration Plan, an unfunded plan designed to restore to selected participants the benefits that cannot be paid under the Cash Balance Plan due to the Internal Revenue Code maximum benefit limitation, the earnings limitation, or both. As of December 31, 2004, future accruals under the 1999 Benefit Restoration Plan were discontinued. The benefit payable under the 1999 Benefit Restoration Plan is fixed at the difference between the benefit that would be payable under the Cash Balance Plan, but for either or both of the Internal Revenue Code limitations, and the amount actually payable under the Cash Balance Plan. The benefits under the 1999 Benefit Restoration Plan are payable for a period of 15 years.

The estimated total annual benefit payable to certain of the Named Executive Officers under the Cash Balance Plan and 1999 Benefit Restoration Plan for the first 15 years after normal retirement is as follows: Mr. Chandler, \$14,000; Mr. Evans, \$98,000; Mr. Astheimer, \$124,000; and Ms. Hill, \$3,000. The estimated total annual benefit payable to Mr. Selby under the Cash Balance Plan and the Commonwealth Land Title Insurance Company Supplemental Executive Retirement Plan for the first 10 years after normal retirement is \$96,000. After the 15 and 10 year time periods specified above, the estimated annual benefit payable to certain of the Named Executive Officers under the Cash Balance Plan is as follows: Mr. Chandler, \$4,000; Mr. Selby, \$ 28,000; Mr. Evans, \$58,000; Mr. Astheimer, \$67,000 and Ms. Hill, \$3,000.

Contractual Obligations

Change of Control Agreements. To ensure that the Company will have the continued dedicated service of certain key employees notwithstanding the possibility, threat or occurrence of a change of control, the Company has entered into change of control employment agreements with each of the Named Executive Officers and

other designated employees. The agreements generally provide that if the employee is terminated other than for cause within three years after a change of control of the Company, or if the employee terminates his or her employment for good reason within such three-year period or voluntarily during the 30-day period following the first anniversary of the change of control, the employee is entitled to receive severance benefits. Severance benefits include a lump sum severance payment equal to up to three times the sum of the employee's base salary and highest annual bonus, together with certain other payments and benefits, including continuation of employee welfare benefits and, under most of the agreements, an additional payment to compensate the employee for certain excise taxes imposed on certain change of control payments.

Each of the Named Executive Officers other than Melissa A. Hill have entered into change of control employment agreements that provide for an initial three-year change of control period commencing on the date of execution of the agreement, with an automatic annual renewal on each anniversary date for an additional three-year period, unless earlier terminated. On October 27, 2004, the Company modified its form of change of control agreement to delete the automatic annual renewal provision, and Ms. Hill executed a change of control employment agreement on that date expiring December 31, 2006 with no annual renewal provision. All existing change of control employment agreements executed by the Company's Named Executive Officers were amended effective February 21, 2006 to address the timing rules of Section 409A of the Internal Revenue Code regarding payments to key employees and to limit the period of continued medical coverage and certain other welfare benefits. The Company expects that the change of control agreements with the Named Executive Officers, which were in existence prior to October 27, 2004, will be terminated on or about December 31, 2006. The Company currently anticipates that the Named Executive Officers of the Company will receive replacement agreements at that time.

The Board of Directors believes that both forms of the change of control employment agreements benefit the Company and its shareholders by securing the continued service of key personnel and by enabling management to perform its duties and responsibilities without the distracting uncertainty associated with a change of control.

Employment Agreements. The Company does not have any employment agreements with its Named Executive Officers.

Certain Relationships and Related Transactions

Julious P. Smith, Jr., a director of the Company, is the Chairman and Chief Executive Officer of the law firm of Williams Mullen, which serves as outside counsel to the Company.

The Company and Charles H. Foster, Jr., a director, are parties to an employment agreement effective January 1, 2005 and an addendum to that agreement dated December 9, 2005. The employment agreement, as amended by the addendum, sets forth Mr. Foster's duties as Chairman of the Board of the Company and provides for compensation and benefits during the term of the agreement and upon a change of control of the Company. The addendum added necessary provisions to comply with Section 409A of the Internal Revenue Code, made changes to the payment of Mr. Foster's 2005 bonus so that it was paid only in cash and corrected a discrepancy in the description of Mr. Foster's change of control benefit. Specifically, the employment agreement, as amended by the addendum, provides for an annual base salary of \$575,000 and annual bonuses of \$1,125,000 in cash for 2005 and \$1,125,000 in cash or stock, or a combination of both, for 2006. The employment agreement provides that Mr. Foster is entitled to participate in and receive benefits under all savings, retirement, welfare benefit, expense reimbursement, fringe benefit and other plans and arrangements made available to peer executives of the Company. The employment agreement terminates on December 22, 2006.

**PROPOSAL TWO PROPOSAL TO AMEND THE COMPANY S ARTICLES OF
INCORPORATION, AS AMENDED, TO REVISE
THE ARTICLE PERTAINING TO DIRECTORS**

The Board of Directors recommends approval of an amendment to the Company s Articles of Incorporation, as amended, to revise the Article pertaining to the directors. The Board of Directors is also proposing to amend the Articles of Incorporation, as amended, to revise the Article on indemnification as discussed more thoroughly in Proposal Three - Proposal to Amend the Company s Articles of Incorporation, As Amended, to Revise the Article Pertaining to Indemnification on page 27 of this Proxy Statement. The Board of Directors is extending these proposals to amend the Articles of Incorporation, as amended, to the shareholders separately because of the different numbers of votes required for each proposal to receive shareholder approval.

Background

In light of the amendments to the Virginia Stock Corporation Act in 2005, the Board of Directors considered whether the Company s Articles of Incorporation, as amended, should be further amended to correspond to changes in such Act. A review of the Company s Article pertaining to directors revealed that paragraph A of that Article referred to the initial directors of the Company by name, many of whom are no longer associated with the Company and described the board classification system using the years 1992, 1993 and 1994 instead of generic references to such years and further indicated that the classification system would commence after the 1992 meeting. A review of paragraph C of that Article further showed that the process for filling director vacancies permitted a director appointed to fill a recently created directorship or vacancy to continue until the director s class term expired instead of continuing until the next meeting at which directors are elected. Finally, the review showed that any changes to the entire Article would require a supermajority vote of 80% of the shares outstanding in order to approve the changes. The Board therefore believes that amending this Article to eliminate personal and year specific references, to clarify the term that appointed directors serve and to permit certain future amendments not subject to a supermajority vote requirement will improve the Articles of Incorporation, as amended, for the benefit of the Company. Accordingly, the Board of Directors, upon recommendation of the Corporate Governance Committee, has determined that it is appropriate to propose to the shareholders the amendment described in this Proposal Two.

The Amendment

The amendment, as proposed, will affect three portions of the Article pertaining to directors. First, subparagraph A will be revised to delete the reference to and names of initial directors. The Virginia Stock Corporation Act does not require such persons to be identified in a company s Articles of Incorporation and many of these individuals are no longer associated with the Company. Also in subparagraph A, the placement of the directors into three classes was initially described using the years 1992, 1993 and 1994, which were the three years following the adoption of the Company s original Articles of Incorporation. The Board of Directors believes that these year specific references should be removed and that the class system should be described in a generic manner.

Second, subparagraph C will be revised to provide that when a director is appointed by the Board of Directors as a result of a newly created directorship or vacancy, the appointed director will continue in that position until the next meeting of shareholders at which directors are elected. This will typically be the next annual meeting of shareholders. Previously, the subparagraph had provided that the appointed director would continue for a term expiring at the annual meeting of shareholders at which the class to which the director was appointed would be re-elected. The Board of Directors believes that it is necessary for it to be able to appoint directors in the event of a newly created directorship or vacancy; however, the Board of Directors also believes that the shareholders should be able to vote on the director at their next meeting after the appointment is made.

Finally, subparagraph E contains supermajority shareholder voting requirements providing that the affirmative vote of at least 80% of the outstanding shares is required to amend the provisions of the Articles of Incorporation pertaining to directors. Pursuant to the amendment described in this Proposal, the Articles of Incorporation, as amended, will be amended to delete the supermajority voting requirements applicable to the Article on directors so that, if shareholders in the future wish to make changes to the Article, such changes would need the affirmative vote of a majority of the shares outstanding and entitled to vote on the matter, except where the Articles of Incorporation, as amended, contain a supermajority provision to the contrary. For example, the deletion of subparagraph E will not affect the supermajority requirement in subparagraph D for removal of a director or directors by the shareholders.

Adoption of the amendment described in this Proposal Two will not affect the directors who are nominated for re-election in this Proxy Statement.

The exact terms of the amendment described in this Proposal Two are set forth in Appendix A to this Proxy Statement, with deletions indicated by strikeouts and additions indicated by underlining.

Vote Required

To become effective, the amendment described in this Proposal Two must be approved by the affirmative vote of at least 80% of the outstanding shares of Common Stock entitled to vote at the Meeting. Shareholders do not have any appraisal rights in connection with this Proposal Two.

Procedure for Effecting Amendment

If the amendment described in this Proposal Two is approved by the shareholders, then immediately following such approval, the officers of the Company will be directed to file with the Virginia State Corporation Commission an amended and restated version of the Company's Articles of Incorporation incorporating this amendment and any other amendments approved by the shareholders and Board of Directors. The proposed amendment will become effective at the time of the filing with the Virginia State Corporation Commission.

The Board of Directors recommends that the shareholders vote FOR Proposal Two.

**PROPOSAL THREE PROPOSAL TO AMEND THE COMPANY S ARTICLES OF
INCORPORATION, AS AMENDED, TO REVISE**

THE ARTICLE PERTAINING TO INDEMNIFICATION

The Board of Directors recommends approval of an amendment to the Company s Articles of Incorporation, as amended, to revise the Article pertaining to indemnification. As indicated above, the Board of Directors is extending this Proposal Three separately from Proposal Two because of the different numbers of votes required for each proposal to receive shareholder approval.

Background

In light of the amendments to the Virginia Stock Corporation Act in 2005, the Board of Directors considered whether the Company s Articles of Incorporation, as amended, should be further amended to correspond to changes in such Act. Specifically, revisions were made to Article 10 of the Virginia Stock Corporation Act, which is the Article on Indemnification. Under Virginia law, a company may offer to cover and is sometimes required to cover the expenses of an employee, officer or director of the company who is sued in the course of performing his or her duties for the company. A person seeking such indemnification normally has to provide to the company a statement that he acted in a good faith manner and that he will repay the company if it is later determined he did not act in good faith. Before changes to the Virginia Stock Corporation Act, the company being requested to furnish the indemnification had to determine whether the person s statement about acting in good faith was true. After the changes, the company is no longer obligated to make a determination about the person s conduct prior to the conclusion of the legal matter, as long as the company obtains a written statement from the person indicating that he has a good faith belief that he is entitled to indemnification and that he will repay the company if it is later determined not to be the case. The Board therefore believes that amending this Article to conform to changes in the Virginia Stock Corporation Act will improve the Articles of Incorporation, as amended, and the Company s indemnification procedures for the benefit of the Company. Accordingly, the Board of Directors, upon recommendation of the Corporate Governance Committee, has determined that it is appropriate to propose to the shareholders the amendment described in this Proposal Three.

The Amendment

The proposed amendment will largely rewrite the Article on indemnification. The following summarizes the substantive changes. In subparagraph A, definitions of the terms expenses , liability , party and proceeding have been added to the Article on indemnification to group the definitions in one place in the Article and to provide further explanation of terms used in the Article. Subparagraphs B, C, D, E and F have been reworded to eliminate the requirement that the Company make a determination as to whether to permit indemnification prior to agreeing to advance legal expenses. Those subparagraphs now provide that upon receipt of a written undertaking from the party seeking indemnification stating that the person has a good faith belief that he is entitled to indemnification under the Article and that the person will repay the Company if it is found that his conduct was not in good faith, the Company shall advance or reimburse reasonable expenses. New subparagraph H has been added to clarify the meaning of references in the Article to directors, officers, employees and agents and to clarify that the indemnification under the Article is not exclusive. New subparagraph I provides that each provision in the Article is severable, so that if a court finds a portion of the Articles to be invalid, the court would have to consider the remaining valid portions of the Article. The amendment described in this Proposal Three will also segregate the provisions on limitation of liability of directors and officers in a separate Article.

The exact terms of the amendment described in this Proposal Three are set forth in Appendix B to this Proxy Statement, with deletions indicated by strikeouts and additions indicated by underlining.

Vote Required

To become effective, the amendment described in this Proposal Three must be approved by the affirmative vote of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Meeting. Shareholders do not have any appraisal rights in connection with this Proposal Three.

Procedure for Effecting Amendment

If the amendment described in this Proposal Three is approved by the shareholders, then immediately following such approval, the officers of the Company will be directed to file with the Virginia State Corporation Commission an amended and restated version of the Company's Articles of Incorporation incorporating this amendment and any other amendments approved by the shareholders and Board of Directors. The proposed amendment will become effective at the time of the filing with the Virginia State Corporation Commission.

The Board of Directors recommends that the shareholders vote FOR Proposal Three.

**PROPOSAL FOUR RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS**

Ernst & Young LLP (Ernst & Young), independent registered public accountants, served as the Company s independent auditors during the fiscal year ended December 31, 2005, and have been selected by the Audit Committee to serve as the Company s independent auditors for the current fiscal year. Services provided to the Company by Ernst & Young for the 2005 fiscal year are described under Audit Information below. Representatives of Ernst & Young will be present at the Annual Meeting, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Although shareholder ratification is not required by the Company s Bylaws or otherwise, the Board is requesting that shareholders ratify the selection of Ernst & Young as the Company s independent registered public accountants to make an examination of the financial statements of the Company for the 2006 fiscal year. If shareholders do not ratify the selection of Ernst & Young at the Meeting, the Audit Committee will consider the vote in making its selection of the Company s independent auditors for the 2007 fiscal year. However, because of the expense and difficulty in changing independent auditors after the beginning of a year, the Audit Committee does not expect to make a change in the appointment of auditors for the 2006 fiscal year unless the Audit Committee finds other reasons for making a change.

A majority of the votes cast by holders of Common Stock is required for the ratification of the appointment of Ernst & Young as the Company s independent registered public accountants for the 2006 fiscal year.

The Board of Directors recommends that the shareholders vote FOR Proposal Four.

The Audit Committee's Charter, which is attached as Appendix C to this Proxy Statement, provides for pre-approval of audit, audit-related and tax services to be performed by the independent auditors. All such services, as described above, were pre-approved by the Audit Committee, which concluded that the provision by Ernst & Young of the services not related to the annual audit and quarterly review of the Company's financial statements was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

The Charter also authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services. The decisions of any Audit Committee member to whom pre-approval authority is delegated must be presented to the full Audit Committee at its next scheduled meeting.

Report of the Audit Committee

The Audit Committee is composed of five directors, each of whom meets the independence and experience requirements for Audit Committee members set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended, the rules and regulations of the New York Stock Exchange and applicable law. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is included as Appendix C to this proxy statement. The Audit Committee reviews its charter at least annually and revises it as necessary to ensure compliance with current regulatory requirements.

No member of the Committee may serve on the audit committee of more than three other public companies. Unless a Chairman is elected by the full Board of Directors, the members of the Committee may designate a Chairman by majority vote of the full Committee membership. No member of the Committee may accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries other than director and committee fees and pension or other forms of deferred compensation (provided such compensation is not contingent in any way on continued service) or be an affiliated person (other than as a director) of the Company or any of its subsidiaries. Directors' fees received by members of the Committee may be greater than the fees received by other directors.

2. Statement of Policy

The Audit Committee shall assist the Board of Directors in fulfilling the Board's oversight responsibility to the shareholders relating to (a) the integrity of the financial statements of the Company, (b) the Company's compliance with legal and regulatory requirements, (c) the qualifications, independence and performance of the Company's independent auditor and (d) the performance of the internal audit function. In connection with fulfilling these responsibilities, the Committee shall meet as necessary with management, the internal auditor (or other personnel responsible for the internal audit function) and the independent auditor, including separate meetings with each on a periodic basis. In so doing, the Committee will benefit from free and open communication between the Committee, the directors, the independent auditor, the internal auditor and management of the Company. The Committee may adopt such policies and procedures as it may deem necessary or appropriate to carry out its responsibilities under this charter.

3. Processes

The following shall be the recurring processes of the Committee in carrying out its oversight function. The Committee may supplement these processes as appropriate.

Engagement of Auditor. The Audit Committee shall be directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditor engaged (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, and the independent auditor shall report directly to the Audit Committee. With respect to any continuing engagement of an independent auditor, the Committee shall review and evaluate the lead audit partner, taking into account the opinions of management

and the Company's internal auditor, assure the regular rotation of the lead audit partner and other audit partners as required by law and consider whether there should be regular rotation of the audit firm itself. The Committee shall pre-approve all auditing and non-auditing services to be performed by the independent auditor as required by law. In no event shall such non-auditing services be prohibited by Section 10A of the Exchange Act, as amended. The Committee may delegate to one or more designated members of the Committee the authority to grant such pre-approvals and such members shall report any decision to preapprove any services to the full Audit Committee at its regularly scheduled meetings.

Auditor Independence. The Audit Committee shall discuss the independence of the Company's independent auditor from management and from the Company and shall discuss all relationships between the independent auditor and its affiliates and the Company and its affiliates that may reasonably be thought to bear on the auditor's independence. The independent auditor shall confirm that, in its view, it is independent of the Company. In this regard, the Committee shall obtain at least annually a formal written report from the independent auditor describing all relationships between the auditor and the Company. In addressing the auditor's independence, the Committee shall consider any non-audit services performed by the independent auditor and its affiliates for the Company and its affiliates and the impact such services may have on the auditor's independence. In addition, the Committee shall receive periodic reports from the auditor regarding the auditor's independence as required by the Independence Standards Board and discuss such reports with the auditor. The Committee may adopt policies regarding auditor independence including, without limitation, policies regarding the auditor's performance of non-audit services.

Audit Planning. The Audit Committee shall discuss with the internal auditor and the independent auditor the overall scope and plans for their respective audits, including the adequacy of staffing. With respect to the internal auditor, the Committee shall review the internal auditor's responsibilities, staffing, budget and scope of the internal audit and changes thereto. The Audit Committee shall review and concur in the appointment, replacement, or dismissal of the internal auditor.

Review of Internal Controls. The Audit Committee shall discuss with management, the internal auditor and the independent auditor (a) the adequacy and effectiveness of accounting and financial controls that could significantly affect the Company's financial statements, including, without limitation, all significant deficiencies, if any, in the design or operation of the Company's internal controls which could adversely affect the Company's ability to record, process, summarize and report financial data, and whether the Company's principal executive officer and principal financial officer have identified for the Company's independent auditor any material weakness in the Company's internal controls; and (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls. The Committee may elicit any recommendations for the improvement of such internal controls or particular areas where new or more detailed controls or procedures are desirable. In addition, the Committee shall review management's annual assessment of, and report on, the Company's internal control over financial reporting and management's quarterly evaluation of changes in internal control over financial reporting.

Risk Assessment and Management. The Audit Committee shall discuss with management, the independent auditor and the internal auditor the Company's policies and procedures with respect to risk assessment and risk management.

Review of Financial Statements. The Audit Committee shall review and discuss the annual audited financial statements and quarterly financial statements of the Company with management and the independent auditor, including the Company's disclosures under Management's Discussion and Analysis of Financial Conditions and Results of Operations. The Committee shall discuss with management and the independent auditor significant accounting principles,

financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including, without limitation, critical accounting policies and assumptions. On at least a quarterly basis, the Committee shall review with management and the independent auditor all off-balance sheet transactions, arrangements, obligations and other Company relationships with unconsolidated entities or other persons, that management has determined would have a material current or future effect on financial condition, changes in financial condition, results of operations, liquidity, capital expenditures or capital resources. The independent auditor shall provide its judgment to the Committee about the quality, not merely the acceptability, of accounting principles, the reasonableness of any significant judgments, and the clarity of disclosures in the financial statements as part of such review.

Evaluation of Audit and Audit Problems. The Audit Committee shall discuss with the independent auditor the results of the annual audit and any other matters required under generally accepted auditing standards to be communicated to the Committee by the independent auditor regarding the conduct of the audit. The Committee shall regularly review with the independent auditor any audit problems or difficulties the auditor may have encountered in the course of the audit work, including any restrictions on the scope of the auditor's activities or on access to requested information and any significant disagreements with management. In addition, the Audit Committee may review the following with the independent auditor: (a) any accounting adjustments that were noted or proposed by the auditor but were passed (as immaterial or otherwise), (b) any communications between the audit team and the audit firm's national office respecting auditing or accounting issues presented by the engagement, and (c) any management or internal control letter issued, or proposed to be issued, by the auditor to the Company. The Audit Committee shall, as it deems appropriate, resolve all disagreements between management and the independent auditor. The Committee also shall review significant changes to the Company's accounting principles and practices as suggested by the independent auditor, internal auditor or management.

Reports from Auditor. The Audit Committee shall receive all reports from the independent auditor and all reports required under Section 10A of the Exchange Act, including a report with respect to (a) all critical accounting policies and practices to be used in the preparation of the Company's financial statements, (b) all alternative treatments of financial information within generally accepted accounting principles (GAAP) that have been discussed with management of the Company, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor, and (c) other material written communications between the independent auditor and management, such as any management letter or schedule of unadjusted differences. In addition, the Committee shall obtain and review at least annually a report by the independent auditor describing the independent auditor's internal quality-control procedures, and any material issues raised by the most recent internal quality-control review or peer review of the independent auditor, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the independent auditor, and any steps taken to deal with any such issues. The Committee shall also review the independent auditor's attestation report on management's evaluation of internal control over financial reporting.

Reports from General Counsel. The Committee shall review reports from the Company's general counsel regarding any significant legal matters that may have a material effect on the financial statements or any matters that indicate or suggest the occurrence of a material violation of applicable legal requirements or the Company's ethics and compliance policies and programs.

Earnings Press Releases. The Audit Committee shall discuss generally the earnings press releases of the Company as well as financial information and earnings guidance provided to analysts and rating agencies, with management and the independent auditor.

Report to Board. The Committee shall report regularly to the Board of Directors any material issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditor or the performance of the internal audit function. In addition, the Committee shall annually report to the Board of Directors its conclusions with respect to the performance and independence of the Company's independent auditor.

Report to SEC. The Audit Committee shall prepare the report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement. In addition, the Committee shall review the disclosure in all proxy statements regarding the independence of Audit Committee members.

Complaint Procedures. The Audit Committee shall establish procedures for receiving, retaining and handling complaints regarding the Company's accounting, internal controls or auditing matters, and for the confidential, anonymous submission by Company employees of concerns regarding questionable accounting or auditing matters.

Qualified Legal Compliance Committee. The Audit Committee shall serve as the Company's Qualified Legal Compliance Committee (the "QLCC") and shall establish procedures for the confidential receipt, retention and consideration of any report, by an attorney appearing and practicing before the Securities and Exchange Commission in the representation of the Company, of evidence of a material violation of an applicable United States federal or state securities law, a material breach of fiduciary duty arising under United States federal or state law, or a similar material violation of any United States federal or state law by the Company, its officers, directors, employees or agents. In addition, the QLCC shall have the authority and responsibility to (i) inform the Company's chief legal officer and chief executive officer (or the equivalents thereof) of any report of evidence of such a material violation unless the attorney making such report reasonably believes that it would be futile to report evidence of a material violation to the Company's chief legal officer and chief executive officer (or the equivalents thereof); (ii) to determine whether an investigation is necessary regarding any report of evidence of a material violation by the Company, its officers, directors, employees or agents and, if it determines an investigation is necessary or appropriate, to (a) notify the full Board of Directors, (b) initiate an investigation, which may be conducted either by the chief legal officer (or the equivalent thereof) or by outside attorneys, and (c) retain such additional expert personnel as the committee deems necessary. At the conclusion of any such investigation, the QLCC shall have the authority and responsibility to (i) recommend, by majority vote, that the Company implement an appropriate response to evidence of a material violation; and (ii) inform the chief legal officer and the chief executive officer (or the equivalents thereof) and the Board of Directors of the results of any such investigation and the appropriate remedial measures to be adopted. The QLCC has the authority and responsibility, acting by majority vote, to take all other appropriate action, including the authority to notify the Securities and Exchange Commission in the event that the Company fails in any material respect to implement an appropriate response that the QLCC has recommended the Company to take.

Hiring Policies. The Audit Committee shall establish hiring policies for employees or former employees of the independent auditor that address conflicts of interests.

Investigations: Funding: Advisors. In discharging its role, the Audit Committee may conduct an investigation into any matter brought to its attention and shall have full access to all books, records, facilities and personnel of the Company in order to conduct such an investigation. The Company shall provide appropriate funding, as determined by the Audit Committee, for the payment of compensation to the independent auditor in connection with audit review, attest and other services to the Company and for ordinary administrative expenses of the Audit Committee that are necessary or appropriate in carrying out its duties. The Audit Committee also may retain, and shall receive appropriate funding for, special legal, accounting or other consultants to advise and assist the Committee as it deems necessary to carry out its duties, without obtaining approval of the Board of Directors.

Committee Performance Evaluation. The Audit Committee shall perform an annual performance evaluation of the Committee not less than 30 days prior to the annual meeting of shareholders, including, without limitation, an evaluation of the fulfillment of its responsibilities to review (a) any major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles; (b) any major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies; (c) analyses prepared by management and/or the internal auditor setting forth significant financial reporting issues and judgments made in the preparation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements; (d) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the Company's financial statements; and (e) the type and presentation of information to be included in earnings press releases (paying particular attention to any use of pro forma, or adjusted non-GAAP, information), as well as financial information and earnings guidance provided to analysts and rating agencies. The Chairman of the Committee shall report the results of the evaluation to the full Board prior to the appointment of members of the Committee for the ensuing year.

Charter. The Audit Committee shall review and reassess the Audit Committee charter at least annually, and any amendments thereto shall be approved by the Board of Directors. The Company shall include a copy of the charter in its proxy statement at least triennially or the year after any significant amendment to the charter.

This charter shall not be construed in a manner that imposes, upon the Audit Committee or its members, additional duties and responsibilities or a higher standard of conduct or care than that imposed upon committees of boards of directors generally, pursuant to applicable law. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete or accurate or are in accordance with GAAP. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditor is responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements.
