ANNUAL MEETING OF SHAREHOLDERS

To Be Held July 11, 2006

The board of directors of AZZ incorporated is soliciting proxies for the 2006 Annual Meeting of Shareholders (the Annual Meeting). You are receiving this proxy statement because you own shares of AZZ common stock that entitle you to vote at the meeting. By use of a proxy, you can vote on the matters to be decided at the meeting without actually attending the meeting in person. Simply complete, sign, date and return the enclosed proxy card in the envelope provided, and your shares will be voted at the meeting in accordance with your instructions. If no instructions are given on your proxy card with respect to a matter to be voted on, your shares will be voted in accordance with the recommendation of the board of directors contained in this proxy statement. Submitting your proxy by mail will not affect your right to attend the meeting and vote in person.

If you submit your proxy but later decide to change or revoke the instructions you provided, you may do so at any time before the proxies are voted at the meeting by notifying our corporate secretary in writing at University Centre I, Suite 200, 1300 South University Drive, Fort Worth, Texas 76107 that you wish to revoke your proxy, by delivering a subsequent proxy relating to the same shares, or by attending the Annual Meeting and voting in person. Please note, however, that attendance at the Annual Meeting will not, in and of itself, result in your proxy being revoked.

AZZ will begin sending this proxy statement and the enclosed proxy card to our shareholders on or about June 2, 2006.

ELECTION OF DIRECTORS

Our bylaws, as amended to date, provide that the board of directors will consist of twelve members, classified into three classes, each class consisting of four directors, the members of which will serve three-year staggered terms. We currently have ten directors, and there are two vacancies which will continue after the Annual Meeting. The four directors previously elected to serve until the 2007 Annual Meeting of Shareholders and the three directors previously elected to serve until the 2008 Annual Meeting of Shareholders will continue to serve out those terms.

The board of directors has nominated the three directors who were elected at the 2003 Annual Meeting of Shareholders and whose terms expire at this year's Annual Meeting for election to another three year term expiring at the 2009 Annual Meeting. In order to be elected, a nominee for director must receive a plurality of the votes properly cast at the meeting in person or by proxy. Therefore, the three nominees who receive the most votes will be elected, provided that a quorum is present at the meeting.

Each of the nominees has consented to serve if elected. If for any unforeseen reason a nominee would be unable to serve if elected, the persons named in the accompanying proxy may exercise their discretion to vote for a substitute nominee selected by the board of directors. However, the board has no reason to anticipate that any of the nominees will not be able to serve, if elected. After the 2006 Annual Meeting, the board will continue to have one vacancy among the group of directors whose term expires at the 2008 Annual Meeting and one vacancy among the group of directors whose term expires at the 2009 Annual Meeting.

MATTERS RELATING TO CORPORATE GOVERNANCE, BOARD STRUCTURE,

DIRECTOR COMPENSATION AND STOCK OWNERSHIP

Corporate Governance

The board of directors believes very strongly that good corporate governance is a prerequisite to achieving business success. The board of directors has adopted formal, written Corporate Governance Guidelines designed to strengthen our corporate governance. In 2003, the board amended those guidelines to meet new requirements of the U.S. Securities and Exchange Commission and The New York Stock Exchange. Among other things, the enhanced guidelines contain standards for determining whether a director is independent. The board also adopted a Code of Ethics applicable to all of our directors, officers and employees, and charters for each of the board's committees. The nominating and corporate governance committee is responsible for overseeing and reviewing the Corporate Governance Guidelines and Code of Ethics at least annually, and recommending any proposed changes to the full board for its approval. The AZZ incorporated Corporate Governance Guidelines, Code of Ethics and charters for the audit, compensation and nominating and corporate governance committees are available on our web site at www.azz.com, under the heading Investor Relations Corporate Governance.

Director Independence

It is our policy that the board of directors will at all times consist of a majority of independent directors. In addition, all members of the audit committee, compensation committee and nominating and corporate governance committee must be independent. To be considered independent, a director must satisfy the independence requirements established by the NYSE and the SEC. The board will consider and apply all facts and circumstances relating to a director in determining whether that director is independent. The board has determined that all of the current members of the board of directors are independent except for directors David H. Dingus and Dana L. Perry.

Directors Attendance at Board and Committee Meetings and at the Annual Meeting of Shareholders

Our board of directors met five times during fiscal year 2006. Each director attended at least 75% of the total number of board meetings and meetings of the board committee or committees on which he served during fiscal year 2006. Although we have no formal policy on the matter, all directors are encouraged to attend, and typically have attended, our Annual Meeting of Shareholders. Last year, nine of our ten directors attended our annual meeting.

Fees Paid to Directors

Each director who was not an AZZ employee received the following cash compensation for services to the board during fiscal year 2006:

a fee of \$10,800;

\$1,500 for each quarterly meeting of the board of directors he attended;

\$500 for each special meeting of the board of directors he attended; and

\$1000 for each committee meeting he attended. The audit committee fees were increased to \$1,500 per meeting effective at the August 2005 meeting.

The chairman of the compensation committee and nominating committee and corporate governance committee of the board of directors each received additional cash compensation of \$1,500 during fiscal 2006, the chairman of the audit committee received additional cash compensation of \$2,375 during fiscal 2006, and Director Downey received additional cash compensation of \$60,000 for serving as independent chairman of our board of directors.

Under our 1999 Independent Director Share Ownership Plan, each independent director was granted 500 shares of common stock after each annual meeting of the shareholders after which he continued to serve as a director beginning with the 1999 Annual Meeting and continuing until the 2004 Annual Meeting, at which time the number of shares granted increased to 1,000. Under the plan, each newly elected independent director who has not previously served on the board of directors, whether elected by the board or the shareholders, is granted the number of shares the board deems appropriate, but not less than 1,000 shares of common stock, or if less, common stock having a value of \$15,000. Grants under the plan terminate as to each independent director when a total of 5,000 shares have been granted to him. During his tenure on the board, each director is to retain a number of shares of common stock equal to at least one-half the number of shares granted pursuant to the plan. Additionally, stock appreciation rights (SAR s) have been granted from time to time to our independent directors. During fiscal 2006, 2,310 SAR s were granted to each non-management director.

Board Committees

There are three standing committees of the board of directors. They are the nominating and corporate governance committee, the audit committee and the compensation committee. A brief description of each committee s function, the number of meetings held last fiscal year and the names of the directors who are members of the committees follows.

Nominating and Corporate Governance Committee. The nominating and corporate governance committee is responsible for considering and making recommendations to the board regarding nominees for election to the board and the membership of the various board committees. The committee was also responsible for establishing and is responsible for overseeing the AZZ incorporated Corporate Governance Guidelines and the AZZ incorporated Code of Ethics described earlier in this proxy statement, as well as the Director Nomination Process which is set forth below. The nominating and corporate governance committee met on three occasions during the last fiscal year. Committee members are Directors Downey (chairman), Rosen and Bowen.

Audit Committee. The audit committee provides assistance to the board in overseeing AZZ s accounting, auditing, financial reporting and systems of internal controls regarding finance and accounting. As part of its duties, the audit committee is directly responsible for the appointment, compensation, retention and oversight of our independent auditors. The committee also reviews our quarterly and year-end financial statements. The audit committee held nine meetings during the last fiscal year. Audit committee members are Directors Feehan (chairman), Schumacher, Berce and Johnson. The board of directors has determined that each member of the audit committee is an audit committee financial expert, as defined by the SEC, and has accounting or related financial management expertise within the meaning of NYSE listing standards.

Compensation Committee. The compensation committee establishes, amends and oversees AZZ s incentive-based compensation plans and sets compensation for our chief executive officer, our other executive officers and other senior management. It also oversees the administration of other compensation and benefit plans and recommends to the board compensation of our directors and changes in or the establishment of compensation and benefit plans for our employees. The committee held five meetings during the last fiscal year. Compensation committee members are Directors Downey (chairman), Berce and Joyce.

Meetings of Independent Directors without Management Present

To empower our independent directors to serve as a more effective check on management, our independent directors meet at regularly scheduled executive sessions without members of AZZ s management present. The independent directors met without management present four times last fiscal year. Executive Sessions ordinarily are held in conjunction with quarterly scheduled board meetings. Dr. Downey, as our independent chairman of the board, presides over these meetings.

Procedures for Communicating with Directors

The board of directors has established a process by which shareholders can send communications to board members. Shareholders can send written communications to one or more members of our board, addressed to:

Dr. H. Kirk Downey

Chairman, Nominating and Corporate Governance Committee

AZZ incorporated

University Centre 1, Suite 200

1300 South University Drive

Fort Worth, Texas 76107

Communications are distributed to the board or to the individual director or directors, as appropriate, depending on the subject matter and facts and circumstances outlined in the communication. Communications that are not related to the duties and responsibilities of the board will not be distributed, including:

spam;

junkmail and mass mailings;

product or service complaints;

product or service inquiries;

new product or service suggestions;

resumés and other forms of job inquiries;

surveys; and

business solicitations or advertisements.

In addition, we will not distribute unsuitable material to our directors, including material that is unduly hostile, threatening or illegal, although any communication that is filtered out is available to any independent director upon request.

Director Nomination Process

Board Member Qualification Criteria.

The nominating and corporate governance committee has adopted *Board Member Qualification Criteria*, which set forth the attributes and qualifications considered by the committee in evaluating nominees for director. The primary qualities and characteristics the committee looks for

Edgar Filing: AZZ INC - Form DEF 14A

in nominees for director are:

management and leadership experience;

relevant knowledge and diversity of background and experience; and

personal and professional ethics, integrity and professionalism.

The committee also believes that the board should be composed of individuals who have achieved a high level of distinction in business, law, education or public service and who possess one or more of the following specific qualities or skills:

financial expertise;

general knowledge of the galvanizing services and/or electrical and industrial products industry;

legal or accounting experience; and

CEO, CFO or other senior management experience.

Internal Process for Identifying Candidates.

Members of the nominating and corporate governance committee or other AZZ directors or executive officers may, from time to time, identify potential candidates for nomination to our board. All proposed nominees, including candidates recommended for nomination by shareholders in accordance with the procedures described below, will be evaluated in light of the *Board Member Qualification Criteria* and the projected needs of the board at the time. The committee may retain a search firm to assist in identifying potential candidates for nomination to the board of directors. The search firm's responsibilities may include identifying and evaluating candidates believed to possess the qualities and characteristics set forth in the *Board Member Qualification Criteria*, as well as providing background information on potential nominees and interviewing and screening nominees if requested to do so by the committee.

Shareholder Recommendations for Directors

The committee will consider candidates recommended by shareholders for election to our board. A shareholder who wishes to recommend a candidate for evaluation by the committee should forward the candidate's name, business or residence address, principal occupation or employment and a description of the candidate's qualifications to the Chairman of the Nominating and Corporate Governance Committee, care of the Corporate Secretary, AZZ incorporated, University Centre I, Suite 200, 1300 South University Drive, Fort Worth, Texas 76107.

In order for a candidate proposed by a shareholder to be considered by the committee for inclusion as a board nominee at the 2007 Annual Meeting, the candidate must meet the *Board Member Qualification Criteria* described above and must be expressly interested and willing to serve as an AZZ director. In addition, the corporate secretary must receive the request for consideration and all required information no later than 5:00 p.m., local time, on March 14, 2007. Proposals should be sent via registered, certified or express mail. The corporate secretary will send properly submitted shareholder recommendations to the chairman of the committee. Individuals recommended to the committee by shareholders in accordance with these procedures will be evaluated by the committee in the same manner as individuals who are recommended through other means.

Shareholder Nominations of Directors

Section 8 of Article III of our by-laws also permits a shareholder to propose a candidate at an annual meeting of shareholders who is not otherwise nominated by the board of directors through the process described above if the shareholder complies with the advance notice, information and consent provisions contained in the by-laws. To comply with the advance notice provision of the by-laws, a shareholder who wishes to nominate a director at the 2007 Annual Meeting must provide AZZ written notice no earlier than April 27, 2007 and no later than May 22, 2007. You may contact our corporate secretary to obtain the specific information that must be provided with the advance notice.

- (1) The dollar value of perquisites and other personal benefits for each of the named executive officers was less than the established reporting thresholds.
- (2) Represents stock options granted to the named executives in fiscal year 2004. There were no options granted to the named executives during fiscal years 2005 and 2006. In lieu of stock options, the compensation committee provided long-term incentive compensation in the form of stock appreciation rights (SARs) during fiscal years 2005 and 2006.
- (3) Represents the contribution made to the named executive's account in AZZ's Employee Benefit Plan and Trust.

Employment Related Contracts, Severance and Change-in-Control Agreements.

AZZ has entered into employment agreements with our key executives, Messrs. Dingus and Perry. Each of the employment agreements is for a term of thirty-six months from March 1, 2001 and is automatically extended for additional one year periods on each anniversary of that date unless either party gives written notice to the other at least thirty days in advance of an anniversary date. Mr. Dingus's employment agreement provides an annual base salary of \$390,000, permits him to participate annually in an incentive bonus plan and originally provided long term incentive compensation in the form of annually granted options to purchase shares of our common stock having an aggregate value of \$641,667 on the date of grant. Mr. Perry's employment agreement provides an annual base salary of \$218,000, permits him to participate annually in an incentive bonus plan and originally provided long term incentive compensation in the form of annually granted options to purchase shares of our common stock having an aggregate value of \$148,333 on the date of grant. The stock options under both employment agreements vest twenty percent on the date of grant and twenty percent on each of the first four anniversaries of the date granted, and are exercisable over a term of ten years from the date of grant at the closing price of our common stock on The New York Stock Exchange on the date of grant. By agreements entered into in May of 2003, Messrs. Dingus, Perry and AZZ agreed to a revision of the stock option provisions of their employment agreements providing that in the future they may receive stock options grants under terms, if any, as our board deems appropriate. In lieu of stock options, the compensation committee provided long-term incentive compensation in the form of stock appreciation rights during fiscal year 2005 and 2006. The employment agreements of Messrs. Dingus and Perry permit termination for cause with payment of salary accrued to the date of termination. In the event of termination without cause, both employment agreements require payment of an amount equal to base salary for a period from the date of termination to the end of the term of the employment agreement, but in any event for a period of at least twenty-four months, and payment of any amounts accrued under any employee plan.

All of the executives named in the Summary Compensation Table on page 11 of this Proxy Statement have entered into agreements with AZZ providing for payments to them following a change in control of AZZ. Each agreement generally provides that any employment agreement shall terminate in the event of a change in control, no termination pay shall be due as a result of such contract termination, the executive will receive the payment called for by his change in control agreement, and his employment status after the change in control will be subject to negotiation between the executives and the board as it is constituted after the change in control.

Under the change in control agreements entered into by Messrs. Dingus and Perry, a payment equal to 2.99 times their base amount as that term is used in Section 280G(b)(3) of the Internal Revenue Code of 1986, as amended, will be made to them upon completion of a period of service by them in connection with the transition of control. That term will extend for a period of one year from the occurrence of a change in control or, if shorter, until the termination of their employment by reason of total disability, death, termination by AZZ for any reason other than for good cause or voluntary termination by the executive for good reason, as defined in the change in control agreements. Under the change in control agreements with the other named executives, those executives will receive, in the event of a change in control, a payment equal to two times their base salary if, within two years following a change in control, they are terminated by AZZ for reasons other than cause or if the executive terminates employment for good reason.

AZZ also has a cash incentive compensation program that is designed to encourage the named executives to contribute their best efforts and management skills in an effort to help us achieve our goals for the current fiscal year. Each participant in the plan is assigned one or more objective goals taken from AZZ's budget for the current year. Our success in reaching those goals determines the size of the cash incentive bonus received by each participant. For Messrs. Dingus and Perry, whose responsibilities are company-wide, the primary factor in calculating the bonus is diluted earnings per share, but approximately 30% of the bonus is based on a subjective evaluation by the compensation committee of their individual performance during the year. The determining factors for Messrs. Wright, Petro, and Watson, whose responsibilities relate, in the case of Mr. Wright, to AZZ's Galvanizing Service Segment and, in the case of Mr. Petro, to the Electrical and Industrial Products Segment, and

in the case of Mr. Watson to the Electrical Products Group of our Electrical and Industrial Products Segment, include not only diluted earnings per share but also revenue, operating income or return on assets for their respective segments. Bonuses under the management incentive compensation plan may not exceed 100% of base salary for Mr. Dingus, 80% of base salary for Messrs. Perry, Wright and Petro, and 60% of base salary for Mr. Watson. The maximum bonus is reached by the named executives by achieving an average performance level of 125% of their performance goals. The compensation committee has authority to increase or decrease the amount of the cash incentive bonus determined by the plan formula in order to recognize the effects on performance targets resulting from efforts to enhance either short term or long term shareholder value.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Our compensation committee is composed of Directors Downey (chairman), Berce and Joyce. Under the compensation committee charter, the compensation committee is delegated broad authority to determine the compensation and benefits paid to AZZ's key management personnel, including the executives named in the Summary Compensation Table on page 10 of this proxy statement, and is directed to take into account during its deliberations the following goals:

provision of incentives and rewards that will attract and retain highly qualified and productive people;

motivation of employees to high levels of performance;

differentiation of individual pay based on performance;

consideration of external competition for management talent and internal equity among employees; and

alignment of company, employee and shareholder interests.

In order to meet these goals, the compensation committee strives to develop compensation packages for our executives made up of a balanced combination of base salary, annual incentive bonus and long term compensation. The compensation of our executive officers, including the employment agreements with our chief executive officer and chief financial officer, each address these forms of compensation. In setting executives' compensation, our committee reviews the total remuneration that each respective officer potentially could receive over the next several years, under scenarios contemplating the executive's continued employment or retirement during the period. Under its charter, the committee has the authority to engage an outside consulting firm to assist the committee in its evaluation of executives' compensation, although it did not do so during fiscal year 2006.

Edgar Filing: AZZ INC - Form DEF 14A

Base Salary. Base salary is based primarily upon AZZ's competitiveness in our industry segments, our profitability and the individual performance of the executive during that year. Our committee believes that the base salaries paid to the chief executive officer and other executives during fiscal year 2006 were both fair and reasonable.

Annual Incentive Compensation. The purpose of the annual cash incentive compensation plan for our executive officers is to encourage the executives to achieve predetermined objectives. While the incentive compensation payable to other executives was determined for fiscal 2006 based on attainment of quantitative goals within their business units, the incentive compensation of the chief executive officer and the chief financial officer was determined based in part on diluted earnings per share but also in part on a qualitative evaluation by the compensation committee of their individual performance. Target incentives are expressed as a percentage of the base salary of our executives and are competitive when compared to our peer group.

Long Term Incentive Compensation. The compensation packages of our executive officers include long term compensation in the form of stock appreciation rights. During fiscal year 2006, rights were granted under our Fiscal Year 2006 Stock Appreciation Rights Plan for Key Employees, which are all settled in cash. Subject to accelerated vesting under certain limited circumstances described in the plan, rights granted under the plan during last fiscal year will vest upon the public release of AZZ's financial results for fiscal year 2008. Each right has a base value equal to the average closing price of our common stock on The New York Stock Exchange for the 90 day period following the end of fiscal year 2008. The provisions of the employment agreements for our chief executive officer and our chief financial officer relating to long term compensation have been amended through the mutual agreement of Messrs. Dingus and Perry and AZZ, and give AZZ broad discretion to determine the type and magnitude of long-term compensation payable to those executives. Awards of stock appreciation rights under the plan are designed with the intention of both promoting AZZ's success and retaining the executive or employee by giving value to the executive or employee only when there is a corresponding increase in value to all shareholders. Our committee believes that the stock appreciation rights awarded to our executives during fiscal year 2006 were both fair and reasonable.

Change in Control Agreements. All of the executives named in the summary compensation table have change in control agreements with AZZ providing for payments to them in the event of a change in the control of our company.

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a \$1 million limit on the amount of compensation that will be deductible by AZZ for federal income tax purposes with respect to compensation paid to the chief executive officer and the four other most highly compensated executive officers. Performance based compensation that meets certain requirements is not subject to the deduction limit. The compensation committee monitors the impact of the Section 162(m) limit to assess alternatives for avoiding any loss of tax deductions. There was no such loss during fiscal 2006.

The committee believes that the relative amounts of CEO compensation and compensation paid to our other executives demonstrates internal pay equity and is reasonable and consistent with internal compensation differences in our peer group and reference labor market.

The compensation committee and the full board believe that attracting, retaining and motivating our employees, and particularly our senior management, are essential to the company's performance. We will continue to administer and develop our compensation programs in a manner that we expect to advance shareholders' interests and that engender shareholder support.

No member of the committee served on the board of directors of any other company that either employs an executive who is a director of our company or includes on its board of directors another member of our board.

AUDIT COMMITTEE REPORT

The audit committee is composed of Directors Feehan (chairman), Schumacher, Berce and Johnson. The board has determined that all members are independent as that term is defined in The New York Stock Exchange listing standards and Section 10A(m)(3) of the Securities Exchange Act of 1934 and that all members qualify as an audit committee financial expert as defined in the SEC rules adopted under the Sarbanes-Oxley Act of 2002.

The audit committee has sole authority for the appointment and replacement of the independent auditor and is directly responsible for the compensation and oversight of the work of the independent auditor. The independent auditor reports directly to the audit committee. The audit committee reviews with the auditors the plan and scope of the annual audit. It reviews with management and the independent auditor the annual audited financial statements and recommends to the board whether they should be included in AZZ's annual report. It similarly reviews quarterly financial reports and all earnings press releases. The audit committee also has general oversight of AZZ's accounting, financial reporting and internal audit function. Management is responsible for the preparation, presentation and integrity of AZZ's financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Ernst & Young LLP, our independent registered public accounting firm, is responsible for performing an independent audit of the consolidated financial statements in accordance with auditing standards generally accepted in the United States of America, commonly referred to as GAAS.

The audit committee members are not professional auditors, and their functions are not intended to duplicate or to certify the activities of management and Ernst & Young. The audit committee serves an oversight role, providing advice, counsel and direction to management and Ernst & Young on the basis of information it receives, discussions with management and Ernst & Young, and the experience of the audit committee's members in business, financial and accounting matters.

The audit committee operates under a written charter, which was adopted in revised form by the board of directors on April 2, 2003. A copy of the full text of the charter is available on AZZ's website at www.azz.com. The audit committee reviews and assesses the adequacy of its charter on an annual basis.

The audit committee has:

reviewed and discussed the audited consolidated financial statements with management;

discussed with Ernst & Young the matters, if any, required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, ALU § 380), as amended; and

received the written disclosures from Ernst & Young required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), as amended.

Based on the review and discussions referred to in the preceding paragraph, the audit committee recommended to the board of directors that the audited consolidated financial statements be included in AZZ's Annual Report on Form 10-K for its fiscal year ended February 28, 2006.
