UGI Corporation has revised its Dividend Reinvestment Plan to include a direct stock purchase feature. The plan is administered by Computershare. As a participant in UGI's former Dividend Reinvestment Plan, you are automatically a participant in the revised plan. As under the previous plan, there are no fees for purchasing shares with cash or reinvested dividends. Additionally, you will now be able to purchase shares by authorizing a one-time bank debit or an automatic recurring withdrawal from your bank account. If you have partial reinvestment of dividends on the shares you own currently, you can deposit the dividends on the remaining shares directly into a bank account of your choice. You must complete a Direct Deposit Authorization form. Please call Computershare to receive a form in the mail. If you prefer, you may choose to authorize direct deposit by conveniently accessing your account through Investor Centre at [www.computershare.com/investor](http://www.computershare.com/investor). Enclosed is a prospectus detailing the features of the plan.

If you hold any UGI stock in certificate form, we encourage you to deposit your certificates with Computershare for safekeeping. They will hold your stock certificates as book-entry shares, at no cost to you. Safekeeping eliminates the risk and cost associated with the loss, theft or destruction of stock certificates.

If you have any questions, or need more information, please contact Computershare directly.

Sincerely,

Robert W. Krick

Vice President and Treasurer

Enclosure
