Item 2.02 Results of Operations and Financial Condition.

The information in this Current Report is being furnished and shall not be deemed filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of such section. The information in this Current Report shall not be incorporated by reference into any registration statement or document pursuant to the Securities Act of 1933, as amended.

On November 12, 2007, Tri-S Security Corporation (Tri-S Security) issued a press release announcing its third quarter 2007 results. A copy of that press release is furnished as Exhibit 99.1 to this Current Report.

Exhibit 99.1 to this Current Report contains Tri-S Security's calculations regarding EBITDA, as adjusted (calculated as earnings before interest, taxes, depreciation, amortization, net income with respect to Tri-S Security's equity interest in Army Fleet Support, LLC, non-cash stock-based compensation and certain other incomes/expenses), which is a non-GAAP financial measure as defined in Item 10 of Regulation S-K. Exhibit 99.1 also contains a quantitative reconciliation of EBITDA, as adjusted, to net loss, the measure which Tri-S Security believes is the most directly comparable financial measure calculated in accordance with generally accepted accounting principles in the United States.

Tri-S Security's management believes that EBITDA, as adjusted, is useful to the investment community because it reflects a convention or standard measure of liquidity, profitability and performance commonly used in the security services industry for comparability purposes. In addition, the management of Tri-S Security uses EBITDA, as adjusted, as a measurement of the operating performance of the business.
