FORWARD-LOOKING STATEMENTS

This prospectus supplement, the accompanying prospectus and the documents that we incorporate by reference in each contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 (set forth in Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act). Also, documents we subsequently file with the Securities and Exchange Commission and incorporate by reference will contain forward-looking statements. Such forward-looking statements include the following statements with respect to the metropolitan Washington real estate markets: (a) continued spending by the Federal Government, government contracting firms and professional services firms is expected to continue to drive regional economic growth; (b) industrial rental rates are projected to increase; (c) the Washington metro area is expected to be a strong multifamily market; and (d) office vacancy is expected to increase due to increased supply in the market. Such forward-looking statements also include the following statements with respect to WRIT: (a) our intention to invest in properties that we believe will increase in income and value; (b) our belief that external sources of capital will continue to be available and that additional sources of capital will be available from the sale of shares or notes; and (c) our belief that we have the liquidity and capital resources necessary to meet our known obligations and to make additional property acquisitions and capital improvements when appropriate to enhance long-term growth. Forward-looking statements involve numerous risks and uncertainties, and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods which may be incorrect or imprecise, and we may not be able to realize them. We do not guarantee that the transactions and events described will happen as described (or that they will happen at all). You can identify forward-looking statements by the use of forward-looking terminology such as believes, expects, may, will, should, seeks, approximately, intends, plans, estimates or negative of these words and phrases or similar words or phrases. You can also identify forward-looking statements by discussions of strategy, plans or intentions. The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements: (a) the economic health of our tenants; (b) the economic health of the greater Washington Metro region, or other markets we may enter, including the effects of changes in Federal government spending; (c) the supply of competing properties; (d) inflation; (e) consumer confidence; (f) unemployment rates; (g) consumer tastes and preferences; (h) stock price and interest rate fluctuations; (i) our future capital requirements; (j) compliance with applicable laws, including those concerning the environment and access by persons with disabilities; (k) governmental or regulatory actions and initiatives; (l) changes in general economic and business conditions; (m) changes in the capital markets; (n) terrorist attacks or actions; (o) acts of war; (p) weather conditions; (q) the effects of changes in capital available to the technology and biotechnology sectors of the economy, and (r) other factors discussed under the caption Risk Factors in our most recent Annual Report on Form 10-K as updated by our future filings.

While forward-looking statements reflect our good faith beliefs, they are not guarantees of future performance. We disclaim any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. For a further discussion of these and other factors that could impact our future results, performance or transactions, see the Risk Factors section in our most recent Annual Report on Form 10-K, as updated by our future filings.

PROSPECTUS SUPPLEMENT SUMMARY

This summary may not contain all of the information that may be important to you. You should read this prospectus supplement, the accompanying prospectus and the documents incorporated and deemed to be incorporated by reference into the prospectus, including the financial data and the related notes, in their entirety before making an investment decision. When used in this prospectus supplement, the terms we, our, us and WRIT refer to Washington Real Estate Investment Trust.

WRIT

Washington Real Estate Investment Trust is a self-administered, self-managed equity real estate investment trust. Our business consists of the ownership and development of income-producing real properties. We have a fundamental strategy of regional focus, diversification by property type and conservative capital management. We estimate that the net proceeds from the sale of the shares we are offering with this prospectus supplement, assuming no exercise of the underwriters' over-allotment option, will be approximately \$86.7 million. Net proceeds is what we expect to receive after paying expenses of the offering, which we estimate will be approximately \$200,000, and the deduction of the underwriting discount. We intend to use the net proceeds of this offering to repay borrowings outstanding under our lines of credit, which were incurred principally to fund property acquisitions. As of May 19, 2008, borrowings under our lines of credit bore interest at a weighted average rate of approximately 5.15% per annum and totaled \$174.5 million. The lines of credit have maturity dates between November 2010 and June 2011.

UNDERWRITING

Subject to the terms and conditions in an underwriting agreement dated May 20, 2008, the underwriters named below, for whom Raymond James & Associates, Inc. and J.P. Morgan Securities Inc. are acting as representatives, have severally agreed to purchase from us the respective number of shares set forth opposite their names:

| Underwriter | Number of Shares |
|------------------------------------|-------------------------|
| Raymond James & Associates, Inc. | 858,000 |
| J.P. Morgan Securities Inc. | 546,000 |
| Robert W. Baird & Co. Incorporated | 338,000 |
| Credit Suisse Securities (USA) LLC | 338,000 |
| Wachovia Capital Markets, LLC | 338,000 |
| RBC Capital Markets Corporation | 182,000 |
| Total | 2,600,000 |

The underwriting agreement provides that the obligations of the underwriters to purchase and accept delivery of the shares offered by this prospectus supplement are subject to approval by their counsel of legal matters and to other conditions set forth in the underwriting agreement. The underwriters are obligated to purchase and accept delivery of all shares offered by this prospectus supplement, if any of the shares are purchased, other than those covered by the over-allotment option described below.

The underwriters propose to offer our shares directly to the public at the public offering price indicated on the cover page of this prospectus supplement and to various dealers at that price less a concession not in excess of \$0.832 per share. The underwriters may allow, and the dealers may re-allow, a concession not in excess of \$0.100 per share to other dealers. If all the shares are not sold at the public offering price, the underwriters may change the public offering price and other selling terms. The shares are offered by the underwriters as stated in this prospectus supplement, subject to receipt and acceptance by them. The underwriters reserve the right to reject an order for the purchase of our shares in whole or in part.

We have granted the underwriters an option, exercisable for 30 days after the date of this prospectus supplement, to purchase from time to time up to an aggregate of 390,000 additional shares to cover over-allotments, if any, at the public offering price less the underwriting discounts set forth on the cover page of this prospectus supplement. If the underwriters exercise this option, each underwriter, subject to certain conditions, will become obligated to purchase its pro rata portion of these additional shares based on the underwriter's percentage purchase commitment in this offering as indicated in the table above. The underwriters may exercise the over-allotment option only to cover over-allotments made in connection with the sale of the shares offered in this offering.

Table of Contents

The following table shows the amount per share and total underwriting discounts we will pay to the underwriters (dollars in thousands, except per share). The amounts are shown assuming both no exercise and full exercise of the underwriters' over-allotment option.

| | Per Share | No Exercise | Total Full Exercise |
|---|-----------|---------------|------------------------|
| Public offering price | \$ 34.800 | \$ 90,480,000 | \$ 104,052,000 |
| Underwriting discounts to be paid by us | \$ 1.392 | \$ 3,619,200 | \$ 4,162,080 |
| Proceeds, before expenses, to us | \$ 33.408 | \$ 86,860,800 | \$ 99,889,920 |

In connection with the offering, we expect to incur expenses, excluding underwriting discounts and commissions, of approximately \$200,000.

We have agreed in the underwriting agreement to indemnify the underwriters against various liabilities that may arise in connection with this offering, including liabilities under the Securities Act. If we cannot indemnify the underwriters, we have agreed to contribute to payments the underwriters may be required to make in respect of those liabilities.

We have agreed that we will not offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, or file with the Securities and Exchange Commission a registration statement under the Securities Act of 1933 relating to, any of our common shares of beneficial interest or securities convertible into or exchangeable or exercisable for any of our common shares of beneficial interest, or publicly disclose the intention to make any offer, sale, pledge, disposition or filing, without the prior written consent of the underwriters for a period of 60 days after the date of this prospectus, except issuances pursuant to the exercise of employee stock options outstanding on the date hereof or pursuant to our dividend reinvestment plan. However, in the event that either (1) during the last 17 days of the lock-up period, we release earnings results or material news or a material event relating to us occurs or (2) prior to the expiration of the lock-up period, we announce that we will release earnings results during the 16-day period beginning on the last day of the lock-up period, then in either case the expiration of the lock-up will be extended until the expiration of the 18-day period beginning on the date of the release of the earnings results or the occurrence of the material news or event, as applicable, unless the underwriters waive, in writing, such an extension.

Our executive officers and trustees have agreed that they will not offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, any of our common shares of beneficial interest or securities convertible into or exchangeable or exercisable for any of our common shares of beneficial interest, enter into a transaction that would have the same effect, or enter into any swap, hedge or other arrangement that transfers, in whole or in part, any of the economic consequences of ownership of our common shares of beneficial interest, whether any of these transactions are to be settled by delivery of our common shares of beneficial interest or other securities, in cash or otherwise, or publicly disclose the intention to make any offer, sale, pledge or disposition, or to enter into any transaction, swap, hedge or other arrangement, without, in each case, the prior written consent of the underwriters for a period of 60 days after the date of this prospectus supplement. However, in the event that either (1) during the last 17 days of the lock-up period, we release earnings results or material news or a material event relating to us occurs or (2) prior to the expiration of the lock-up period, we announce that we will release earnings results during the 16-day period beginning on the last day of the lock-up period, then in either case the expiration of the lock-up will be extended until the expiration of the 18-day period beginning on the date of the release of the earnings results or the occurrence of the material news or event, as applicable, unless the underwriters waive, in writing, such an extension.

Our common shares are listed on the NYSE under the symbol WRE.

Until the offering is completed, rules of the Securities and Exchange Commission may limit the ability of the underwriters and various selling group members to bid for and purchase our common shares. As an exception

Table of Contents

to these rules, the underwriters may engage in activities that stabilize, maintain or otherwise affect the price of our common shares, including:

short sales,

syndicate covering transactions,

imposition of penalty bids, and

purchases to cover positions created by short sales.

Stabilizing transactions consist of bids or purchases made for the purpose of preventing or retarding a decline in the market price of our common shares while the offering is in progress. Stabilizing transactions may include making short sales of our common shares, which involve the sale by the underwriter of a greater number of shares than it is required to purchase in the offering, and purchasing shares from us or in the open market to cover positions created by short sales. Short sales may be covered shorts, which are short positions in an amount not greater than the underwriters over-allotment option referred to above, or may be naked shorts, which are short positions in excess of that amount.

The underwriters may close out any covered short position either by exercising their over-allotment option, in whole or in part, or by purchasing shares in the open market. In making this determination, the underwriters will consider, among other things, the price of shares available for purchase in the open market compared to the price at which the underwriters may purchase shares pursuant to the over-allotment option.

A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the common shares in the open market that could adversely affect investors who purchased in the offering. To the extent that the underwriters create a naked short position, they will purchase shares in the open market to cover the position.

The underwriters also may impose a penalty bid on selling group members. This means that if the underwriters purchase shares in the open market in stabilizing transactions or to cover short sales, the underwriters can require the selling group members that sold those shares as part of the offering to repay the selling concession received by them.

As a result of these activities, the price of our common shares may be higher than the price that otherwise might exist in the open market. If the underwriters commence these activities, they may discontinue them without notice at any time. The underwriters may carry out these transactions on the NYSE, in the over-the-counter market or otherwise.

Raymond James & Associates, Inc., J.P. Morgan Securities Inc., Robert W. Baird & Co., Incorporated, Credit Suisse Securities (USA) LLC, Wachovia Capital Markets, LLC and RBC Capital Markets Corporation and their respective affiliates have from time to time provided, and may in the future provide, various investment banking, commercial banking, financial advisory and other services for us for which they have received or will receive customary fees and expenses. An affiliate of J.P. Morgan Securities Inc. is a lender under our credit facility with Wells Fargo Bank, National Association. As described above, we intend to use the net proceeds from this offering to repay a portion of the borrowings outstanding under our lines of credit. Because an affiliate of J.P. Morgan Securities Inc. is a lender under one of our lines of credit, such affiliate will receive a portion of the net proceeds from this offering through the repayment of those borrowings.

A prospectus supplement and an accompanying prospectus in electronic format may be available on the Internet sites or through other online services maintained by one or more of the underwriters and selling group members participating in the offering, or by their affiliates. In those cases, prospective investors may view

Table of Contents

offering terms online and, depending upon the underwriter or the selling group member, prospective investors may be allowed to place orders online. The underwriters may agree with us to allocate a specific number of shares for sale to online brokerage account holders. Any such allocation for online distributions will be made by the underwriters on the same basis as other allocations.

WASHINGTON REAL ESTATE INVESTMENT TRUST

Washington Real Estate Investment Trust, which is also known as WRIT, is a self-administered and self-managed equity real estate investment trust investing in income producing properties in the Mid-Atlantic area with a principal focus in the greater Washington-Baltimore region. As of June 30, 2006, WRIT owned a diversified portfolio of 77 properties consisting of 14 retail centers, 21 office properties, 11 medical office properties, 22 industrial/flex properties, 9 multi-family properties and land for development.

WRIT's principal objective is to invest in high quality real estate in prime locations and proactively manage, lease and develop its properties through ongoing capital improvement programs to improve their economic performance. During the quarter ended June 30, 2006, the economic occupancy rates of our properties were:

| | |
|----------------------------|-------|
| Retail center | 96.1% |
| Office properties | 92.7% |
| Medical office properties | 98.7% |
| Industrial/flex properties | 92.5% |
| Multi-family properties | 90.4% |
| Overall portfolio | 93.5% |

WRIT's total debt on June 30, 2006 was approximately \$816.5 million.

WRIT's funds from operations (FFO) per share has increased every year for 33 consecutive years. WRIT concentrates on increasing its income from operations and funds from operations to achieve its objective of paying increasing dividends to its shareholders. Funds from operations is a supplemental measure of real estate companies' operating performance. As of January 1, 2000, the National Association of Real Estate Investment Trusts (NAREIT) defines funds from operations as income available for common shareholders before depreciation and amortization of real estate assets and before extraordinary items, less gains on sale of real estate. Prior to January 1, 2000 funds from operations also excluded significant nonrecurring events. Funds from operations does not replace net income as a measure of performance or net cash provided by operating activities as a measure of liquidity. Rather, funds from operations has been adopted by real estate investment trusts to provide a consistent measure of operating performance in the industry. WRIT has paid consecutive quarterly dividends to its shareholders for 45 years, and the annual dividend paid has increased every year for the past 36 years.

WRIT is a Maryland REIT, successor to a trust founded in 1960. Our principal offices are located at 6110 Executive Boulevard, Suite 800, Rockville, Maryland 20852, telephone (301) 984-9400 or (800) 565-9748.

Table of Contents**USE OF PROCEEDS**

Unless we state otherwise in our prospectus supplement, we intend to use the net proceeds from the sale of offered securities for general business purposes, including the acquisition, renovation, expansion or improvement of income-producing properties or the repayment of debt. We expect that properties that we purchase in the future will be of the same general character as those we presently own. We may also use the net proceeds to acquire another REIT or other company that invests in income producing properties, although we do not have a specific plan to do so. Until we use the net proceeds for the purposes described above, we may invest them in short-term income producing investments, such as commercial paper, government securities or money market funds that invest in government securities and/or commercial paper.

RATIOS OF EARNINGS TO FIXED CHARGES

The following table sets forth WRIT's ratios of earnings to fixed charges for the periods shown:

| | Six Months Ended June 30, | | | Year Ended December 31, | | | |
|---------------------------|---------------------------|-------|-------|-------------------------|-------|-------|-------|
| | 2006 | 2005 | 2005 | 2004 | 2003 | 2002 | 2001 |
| Earnings to fixed charges | 1.72x | 2.00x | 2.01x | 2.13x | 2.33x | 2.49x | 2.50x |

We computed the ratios of earnings to fixed charges by dividing earnings by fixed charges. For this purpose, earnings consist of income from continuing operations plus fixed charges. Fixed charges consist of interest expense, including interest costs capitalized, and the amortized costs of debt issuance.

DESCRIPTION OF SHARES

General

WRIT is authorized to issue 100,000,000 common shares with a par value of \$.01 per share. Under Maryland law and WRIT's declaration of trust, WRIT may increase the aggregate number of authorized common shares without shareholder approval. As of June 30, 2006, there were 44,998,159 common shares outstanding.

WRIT's board of trustees intends to propose to amend WRIT's declaration of trust to authorize WRIT to issue preferred shares with a par value of \$.01 per share. The preferred shares amendment will also include modifications to the declaration of trust to distinguish the rights of the holders of common shares and the holders of preferred shares. Adoption of the preferred shares amendment will require the approval of the holders of 70% of WRIT's outstanding common shares at a meeting of WRIT's shareholders. No preferred shares may be issued prior to the adoption of the preferred shares amendment.

We describe below some of the terms of the common shares and preferred shares. In addition, we describe selected provisions of WRIT's declaration of trust and selected provisions of Maryland law. We will describe in a prospectus supplement the specific terms of any series of preferred shares. The descriptions in this prospectus and the applicable prospectus supplement are not complete and may not contain all of the information that may be important to you. To obtain further information, you should refer to the provisions of WRIT's declaration of trust dated April 5, 1996, the amendments to the declaration of trust dated September 21, 1998, June 24, 1999 and May 31, 2006, the bylaws, the preferred shares amendment to be proposed and any applicable amendment to the declaration of trust fixing the terms of a series of preferred shares.

Common shares

Holders of common shares are entitled to receive dividends and distributions when and as declared by the board of trustees after payment of, or provision for, any cumulated dividends and distributions on and any required redemptions of any preferred shares then outstanding. Holders of common shares have one vote per share. Voting rights are not cumulative. This means that in the election of trustees at a shareholders' meeting, the holders of a majority of the outstanding common shares can cast all of their votes for each trustee to be elected and elect all of the trustees then standing for election, and the votes held by the holders of the remaining common shares will not be sufficient to elect any trustee.

The declaration of trust establishes the number of trustees at not less than three nor more than eleven and divides the trustees into three classes to be elected on a staggered basis. Those trustees are elected by the holders of the common shares. If the preferred shares amendment is proposed and adopted, the board of trustees could establish a series of preferred stock having the right to elect up to two additional trustees, but less than a majority of the trustees, under specified circumstances and for specified periods, which we describe below.

Under the preferred shares amendment, the board of trustees could reclassify any unissued common shares in one or more classes and could amend the declaration of trust to decrease, as well as increase, the aggregate number of common shares authorized without shareholder approval.

Upon liquidation of WRIT, holders of common shares would receive their pro rata share of the distributable assets of WRIT remaining after the satisfaction of preferential rights of any preferred shares and the satisfaction of all debts and liabilities of WRIT. Holders of common shares do not have any preference, conversion, exchange, preemptive or redemption rights.

The common shares are listed on the New York Stock Exchange. Computershare Limited, Jersey City, New Jersey is the transfer agent for the common shares.

Preferred shares

General. The following description of preferred shares is based upon the terms of the preferred shares amendment that WRIT's board of trustees would propose to shareholders prior to offering preferred shares. Following shareholder approval of the preferred shares amendment, the board of trustees would be authorized, without further shareholder action, to issue preferred shares, in one or more series, with designations, preferences, rights and limitations as the board of trustees approves. Under the preferred shares amendment, WRIT would be authorized to issue 5,000,000 preferred shares with a par value of \$.01 per share, but the board of trustees could amend the declaration of trust to increase or decrease the aggregate number of preferred shares authorized without shareholder approval.

The preferred shares are proposed to have the dividend, liquidation, redemption, conversion and voting rights described below unless the prospectus supplement relating to a particular series of preferred shares indicates otherwise. You should refer to the prospectus supplement relating to the particular series of preferred shares offered for specific terms, including:

- (1) the title of the preferred shares;
- (2) the number of shares included in the series offered;
- (3) the offering price of the preferred shares;
- (4) the liquidation preference per share;
- (5) the dividend rate or method of calculation, the payment dates and the payment periods, including, if applicable, the dates from which dividends will accumulate;
- (6) any voting rights provisions;
- (7) any redemption provisions;
- (8) any sinking fund provisions;
- (9) any conversion provisions; and
- (10) any other terms, rights, preferences or limitations.

The prospectus supplement also may discuss the federal income tax considerations applicable to the preferred shares offered.

The preferred shares, when issued, will be fully paid and nonassessable. Unless otherwise indicated in the prospectus supplement relating to a particular series of preferred shares, each series of preferred shares will rank equally with each other series of preferred shares as to dividends and distributions in the event of a liquidation and, in all cases, will be senior to the common shares.

Dividend Rights. Holders of preferred shares of each series will be entitled to receive, when declared by the board of trustees, cash dividends at the rates and on the dates described in the prospectus supplement relating to the series of preferred shares, out of WRIT's assets legally available for that purpose. The rates may be fixed or variable or both and may be cumulative, noncumulative or partially cumulative.

Edgar Filing: WASHINGTON REAL ESTATE INVESTMENT TRUST - Form 424B5

As long as any preferred shares are outstanding, no dividends will be declared or paid and no distributions will be made on the common shares, other than a dividend payable in common shares, unless the accrued dividends on each series of preferred shares have been fully paid or declared and set apart for payment and, if the applicable prospectus supplement so indicates, WRIT has set apart any required amounts for any sinking funds for each series of preferred shares.

When dividends are not paid in full upon any series of preferred shares and any other series of preferred shares ranking equally as to dividends with that series of preferred shares, all dividends declared upon that series of preferred shares and any other series of preferred shares ranking equally as to dividends will be paid ratably in proportion to the amount of accrued dividends to which they are entitled.

Each series of preferred shares will be entitled to dividends as described in the prospectus supplement relating to that series. Different series of preferred shares may be entitled to dividends at different dividend rates or based upon different methods of determination.

Rights Upon Liquidation. Upon any voluntary or involuntary liquidation, dissolution or winding up of WRIT, the holders of each series of preferred shares will be entitled to receive out of the assets of WRIT available for distribution to shareholders the amount stated or determined on the basis described in the prospectus supplement relating to that series. If, upon any voluntary or involuntary liquidation, dissolution or winding up of WRIT, the amounts payable on the preferred shares of any series and any other shares of stock of WRIT ranking as to distribution equally with that series of preferred shares are not paid in full, the holders of preferred shares of that series and of the other shares will share ratably in any distribution of assets of WRIT in proportion to the full preferential amounts to which they are entitled or on another basis as described in the applicable prospectus supplement. Any rights of the holders of any series of preferred shares to participate in the assets of WRIT remaining after the holders of other series of preferred shares have been paid their liquidation preferences upon any liquidation, dissolution or winding up of WRIT will be described in the prospectus supplement relating to that series.

Redemption. Subject to the terms of WRIT's outstanding debt, a series of preferred shares may be redeemable, in whole or in part, at the option of WRIT or the option of the holder. In each case, the applicable prospectus supplement will describe the terms of any redemption rights including the number of shares, the price, the dates and the type of consideration.

If, after giving notice of redemption to the holders of a series of preferred shares, WRIT deposits with a designated bank funds sufficient to redeem those preferred shares, then after that deposit, all preferred shares called for redemption will no longer be outstanding for any purpose, other than the right to receive the redemption price and the right to convert those preferred shares into other classes of capital stock of WRIT.

Conversion Rights. A series of preferred shares may be convertible. The prospectus supplement for any series of preferred shares will describe the terms on which shares of that series may be converted into common shares or any other security issuable by WRIT.

Voting Rights. A holder of preferred shares will not be entitled to vote except as indicated in the prospectus supplement relating to a particular series of preferred shares or except as expressly required by Maryland law. Voting rights are proposed to be limited. The board of trustees may not establish a series of preferred shares having voting rights in addition to the following:

- (1) the right to elect up to two additional trustees, constituting less than a majority of the trustees, following WRIT's failure to pay required dividends on the series of preferred shares for a specified number of quarterly periods, and the right to remove those trustees;
- (2) the right to approve any transaction resulting in WRIT's issuing any class or series of preferred shares ranking senior to the series of preferred shares as to the payment of dividends or distributions or the distribution of assets on liquidation;
- (3) the right to approve any amendment to the declaration of trust if the amendment would materially and adversely alter the rights, preferences or privileges of the series of preferred shares;
- (4) the right to approve any merger in which WRIT is not the surviving entity, unless the terms of the merger provide that:

the holders of the preferred shares will receive equity securities of the surviving entity with preferences, rights and privileges substantially equivalent to the preferences, rights and privileges of the series of preferred shares, and

upon completion of the merger there will not be outstanding equity securities of the surviving entity ranking as to distribution rights and liquidation preferences senior to the equity securities of the

surviving entity received by the holders of the preferred shares, other than securities issued for WRIT's securities outstanding before the merger which were senior as to distribution rights and liquidation preferences to the series of preferred shares.

(5) the right to vote on the termination of WRIT; and

(6) other voting rights as are expressly required by law.

Except as indicated otherwise in the prospectus supplement relating to a particular series of preferred shares, each full share will be entitled to one vote on matters on which holders of preferred shares are entitled to vote and fractional shares will not be entitled to any vote.

Transfer Agent and Registrar. WRIT will select the transfer agent, registrar and dividend disbursement agent for a series of preferred shares, which will be described in the applicable prospectus supplement. The registrar for preferred shares will send notices to shareholders of any meetings at which holders of preferred shares have the right to vote on any matter.

Business Combination Provisions

WRIT's declaration of trust provides that any merger, consolidation or liquidation of WRIT, or any sale of all or substantially all of its assets, must be approved by a majority of WRIT's trustees. In addition, if any of those transactions involves a related shareholder, the transaction must be approved by a majority of trustees not appointed or nominated by or acting on behalf of the related shareholder or an affiliate or associate of the related shareholder. A related shareholder is a person or entity beneficially owning, directly or indirectly, 5% or more of the outstanding shares, including among his or its shares those owned by an affiliate or associate.

As permitted by Maryland law, WRIT has expressly elected to be governed by the special voting requirements of Title 3, Subtitle 6, of the Maryland Corporations and Associations Article, which we refer to as the Special Voting Article. The Special Voting Article establishes special requirements with respect to a business combination between an interested stockholder and a Maryland corporation unless exemptions are applicable. The Special Voting Article prohibits a merger and other specified or similar transactions between a Maryland corporation and an interested stockholder for a five-year period and requires a super majority vote for those transactions after the end of the five-year period. For the purposes of the Special Voting Article and the Control Share Article, which we describe below, a Maryland corporation includes a Maryland real estate investment trust. We refer to them collectively in this section as a Maryland company.

An interested stockholder is a person owning beneficially, directly or indirectly, 10% or more of the outstanding voting stock of a Maryland company. Business combinations include any merger or similar transaction subject to a statutory vote and additional transactions involving transfers of assets or securities in specified amounts to interested stockholders or their affiliates.

Unless an exemption is available, a business combination may not be consummated between a Maryland company and an interested stockholder for a period of five years after the date on which the shareholder became an interested stockholder. After that five-year period, a business combination may not be consummated unless recommended by the board of the Maryland company and approved by the affirmative vote of at least 80% of the votes entitled to be cast by all holders of outstanding shares of voting stock and 66²/₃% of the votes entitled to be cast by all holders of outstanding shares of voting stock other than the interested stockholder. These provisions do not apply if the company's stockholders receive a minimum price, as defined in the Special Voting Article, for their shares and they receive the consideration in cash or in the same form as previously paid by the interested stockholder for its shares and if other conditions are met.

A business combination with an interested stockholder that is approved by the board of a Maryland company at any time before an interested stockholder first becomes an interested stockholder is not subject to the

special voting requirements or fair price provisions of the Special Voting Article. An amendment to a Maryland company's charter electing not to be subject to the foregoing requirements must be approved by the affirmative vote of at least 80% of the votes entitled to be cast by all holders of outstanding shares of voting stock and 66 ²/₃% of the votes entitled to be cast by holders of outstanding shares of voting stock who are not interested stockholders. The amendment will not be effective until 18 months after the vote of stockholders and does not apply to any business combination of a company with a stockholder who was an interested stockholder on the date of the stockholder vote.

As permitted by Maryland law, WRIT has also expressly elected to be governed by the control share provisions of Title 3, Subtitle 7, of the Maryland Corporations and Associations Article, which we refer to as the Control Share Article. Under the Control Share Article, control shares of a Maryland company acquired in a control share acquisition have no voting rights except to the extent approved by a vote of two-thirds of the votes entitled to be cast on the matter, excluding shares of stock owned by the acquiror or by officers or directors who are employees of the company. Control shares are voting shares of stock that, if aggregated with all other shares of stock previously acquired by the acquiror, would entitle the acquiror to exercise voting power in electing directors or trustees within one of the following ranges of voting power: (1) 20% or more but less than 33 ¹/₃%, (2) 33 ¹/₃% or more but less than a majority or (3) a majority of all voting power. Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained shareholder approval. A control share acquisition is, subject to specified exceptions, the acquisition of, ownership of or the power to direct the exercise of voting power with respect to control shares.

A person who has made or proposes to make a control share acquisition upon satisfaction of specified conditions, including an undertaking to pay expenses, may compel the board of directors to call a special meeting of shareholders to be held within 50 days of demand to consider the voting rights of the shares. If no request for a meeting is made, the Maryland company may itself present the question at any shareholders meeting.

If voting rights for control shares are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as permitted by the statute, then subject to specified conditions and limitations, the Maryland company may redeem any or all of the control shares, except those for which voting rights have previously been approved, for fair value, without regard to the absence of voting rights for the control shares. Fair value will be determined as of the date of the meeting of the shareholders at which the voting rights of the control shares are considered but not approved. If no meeting is held, fair value will be determined as of the date of the last acquisition of control shares by the acquiring person. If voting rights for control shares are approved at a shareholders' meeting and the acquiror becomes entitled to a majority of the shares entitled to vote, all other shareholders may exercise appraisal rights. The fair value of the shares as determined for purposes of the appraisal rights may not be less than the highest price per share paid in the control share acquisition. Some limitations and restrictions otherwise applicable to the exercise of dissenters' rights do not apply in the context of a control share acquisition.

The Control Share Article does not apply to

shares acquired in a merger, consolidation or share exchange if the Maryland company is a party to the transaction,

acquisitions approved or exempted by the charter or bylaws of the Maryland company or

shares acquired before November 4, 1988 or under a contract entered into before November 4, 1988.

The Special Voting Article and the Control Share Article may have the effect of discouraging unilateral tender offers or other takeover proposals, which some shareholders might consider in their interests or that might provide a substantial premium for their shares. The Control Share Article in particular has the effect of making a unilateral tender offer or other takeover of WRIT more difficult. The provisions could also have the effect of insulating current management against the possibility of removal and could, by possibly reducing temporary fluctuations in market price caused by accumulations of shares, deprive shareholders of opportunities to sell their shares at a temporarily higher market price.

Restrictions on Ownership

For WRIT to qualify as a REIT under the Internal Revenue Code, in any taxable year, not more than 50% in value of WRIT's outstanding shares may be owned, directly or indirectly, by five or fewer individuals during the last six months of the year, and the shares must be owned by 100 or more persons during at least 335 days of a taxable year or a proportionate part of a taxable year less than 12 months. To meet these and other requirements, the trustees have the power to redeem or prohibit the transfer of a sufficient number of shares to maintain or bring the ownership of the shares into conformity with the requirements. In that regard, the declaration of trust provides that if any person is or becomes at any time the beneficial owner, directly or indirectly, of more than 10% of WRIT's outstanding shares or if WRIT's tax status is or can be endangered by the purchase or retention of shares by any person, the trustees may in their sole discretion (1) repurchase any or all shares held by that person or (2) refuse to sell, transfer or deliver shares to that person. The preferred shares amendment if adopted would amend this provision in the declaration of trust to clarify that the 10% threshold applies to all of the outstanding shares computed on the basis of the value of the shares.

The purchase price for any shares repurchased will be (1) the cost or the last sale price of the shares as of the date immediately preceding the day on which the demand for repurchase is mailed, whichever price is higher, or (2) the amount provided in the terms of that class or series of shares called for repurchase, if the preferred shares amendment is adopted. From the date fixed for repurchase by the trustees, and so long as payment of the purchase price for the shares to be repurchased has been made or provided for, the holder of any shares called for repurchase will cease to be entitled to distributions, voting rights and other benefits with respect to those shares, except the right to payment of the purchase price for the shares.

The declaration of trust includes provisions to ensure that any rent paid to WRIT by a sister corporation not become disqualified as rent from real property by virtue of Section 856(d)(2)(B) of the Internal Revenue Code. For purposes of these provisions, a sister corporation is a corporation the shares of which are owned by exactly or substantially the same persons and in exactly or substantially the same numbers as are the shares of WRIT. Under these provisions, if the trustees, at any time and in good faith, are of the opinion that direct or indirect ownership of shares has or may become concentrated to an extent that would cause any rent to be paid to WRIT by a sister corporation, if one existed, to fail to qualify or be disqualified as rent from real property by virtue of Section 856(d)(2)(B) of the Internal Revenue Code, the trustees have the power

by lot or other means they believe equitable to call for purchase from any shareholder the number of shares that will be sufficient in the opinion of the trustees to maintain or bring the direct or indirect ownership of shares in conformity with the requirements of Section 856(d)(2)(B), and

to refuse to register the transfer of shares to any person whose acquisition of shares would, in the opinion of the trustees, result in WRIT's being unable to comply with Section 856(d)(2)(B).

These provisions will apply even if a sister corporation does not exist (1) at the time the trustees determine that the ownership of shares has or may become so concentrated, or (2) at the time the trustees call shares for purchase or refuse to register the transfer of shares. The purchase price for the shares purchased under these provisions will be equal to
