**Item 8.01. Other Events.**

Due to the current market capitalization of YRC Worldwide Inc. (the Company), and in light of current economic conditions, management of the Company believes that, as of September 30, 2008, the possibility of impairment exists in connection with goodwill and trade names for the National Transportation segment, trade names for the Regional Transportation segment and goodwill for the YRC Logistics segment. As a result of these indicators, the Company is now testing these assets. Once the impairment tests are complete, the Company will be able to conclude whether any impairment exists and to what extent, if any, an impairment charge should be included in the Company's third quarter 2008 financial results. Such impairment charge, if any, would be non-cash in nature and excluded from the leverage ratio calculation under the Company's credit facility and asset-backed securitization facility.

*This Current Report on Form 8-K contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The words "believes" and similar expressions are intended to identify forward-looking statements. The Company's expectations regarding whether assets are impaired are only its expectations regarding whether impairment exists. The Company, along with its third-party appraisal firm, is finalizing the valuations of the Company's assets. The results of the appraisals will determine whether impairment exists and the magnitude of any charges resulting from impairment.*
