**Item 1.01. Entry into a Material Definitive Agreement.**

On November 21, 2008 TPTX, Inc., a wholly-owned subsidiary of TorreyPines Therapeutics, Inc. ( TorreyPines ), and Eli Lilly & Company ( Lilly ), entered into an amendment to the Development and License Agreement between TPTX, Inc. and Lilly dated April 21, 2003 (the Original Agreement ). The material terms of the Original Agreement are described in TorreyPines Current Report on Form 8-K filed with the Securities and Exchange Commission on October 10, 2006 and are incorporated herein by reference.

The amendment reduces certain royalty amounts that may become payable to Lilly on net sales of TorreyPines clinical-stage compounds NGX426 and tezampanel, should either or both gain regulatory approval. Specifically, the top tier royalty rate will be reduced three percentage points and the middle tier royalty rate will be reduced one half percentage point. The bottom tier royalty rate will remain unchanged. In addition, certain milestone payments due to Lilly related to the clinical development of NGX426 will be delayed from what was originally agreed. In exchange for the royalty rate reduction and change in milestone payment timing, TorreyPines issued to Lilly 200,000 shares of TorreyPines Common Stock at fair market value.

**Item 3.02 Unregistered Sales of Equity Securities**

On November 21, 2008, TorreyPines entered into a Stock Purchase Agreement Lilly pursuant to which TorreyPines issued 200,000 shares of TorreyPines Common Stock in exchange for a reduction in the royalties payable to Lilly on net sales of NGX426 and tezampanel, should either or both gain regulatory approval, as well as a delay in certain milestone payments due to Lilly related to the clinical development of NGX426. The shares were issued on November 21, 2008 upon the satisfaction of certain conditions. The shares were issued to a single accredited investor in reliance on Section 4(2) of the Securities Act of 1933, as amended (the Securities Act ), and/or Regulation D, Rule 506 of the Securities Act in that the issuance did not involve a public offering. Lilly represented that it was an accredited investor as defined in Regulation D and that it was acquiring the shares for investment only and not with a view to or for sale in connection with any distribution thereof, and appropriate legends were affixed to the shares of Common Stock issued to Lilly.
