PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

October 8, 2009

GENERAL INFORMATION

These proxy materials are provided in connection with the solicitation by the Board of Directors of proxies to be used at the Annual Meeting of Shareholders of Neogen Corporation (the Annual Meeting) to be held on Thursday, October 8, 2009 at 10:00 am, local time, at the University Club of Michigan State University, 3435 Forest Road, Lansing, Michigan 48909, and at any adjournment of the meeting. The solicitation will begin on or about September 4, 2009.

There are three proposals scheduled to be voted on at the Annual Meeting:

Election of three directors;

Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2010; and

A shareholder proposal, if presented at the meeting.

Revocation of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its exercise by the filing of a written notice of revocation with our Secretary, by delivering to our Secretary a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person.

Voting and Solicitation

All shares represented by a properly executed proxy will be voted unless the proxy is revoked. If a choice is specified, it will be voted in accordance with the specification. If no choice is specified, the proxy holders will vote the shares in accordance with the recommendations of the Board of Directors, which are set forth with the discussion of each matter later in this Proxy Statement. With respect to any matter not set forth on the proxy card that properly comes before the Annual Meeting, the proxy holders named in the proxy card will vote as the Board of Directors recommends or, if the Board makes no recommendation, in their discretion.

Under applicable laws and regulations, brokers have the discretion to vote on routine matters, such as the uncontested election of directors and the ratification of the appointment of the Company's independent registered public accounting firm, but do not have discretion to vote on non-routine matters. The Company believes that the shareholder proposal will be considered a non-routine matter. Therefore, if you do not provide voting instructions your shares will be considered "broker non-votes" with regard to the shareholder proposal because your broker will not have discretionary authority to vote on that proposal.

In summary, the Board recommends that you vote:

Edgar Filing: NEOGEN CORP - Form DEF 14A

FOR the election of the nominees for directors;

FOR ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2010; and

AGAINST the shareholder proposal.

Table of Contents

All shareholders at the close of business on August 10, 2009, the record date for the meeting, are entitled to vote at the meeting. On August 10, 2009 there were 14,784,795 shares of the Company's common stock outstanding. For each proposal, each shareholder is entitled to one vote for each share of Neogen Corporation common stock owned at that time.

If you are a shareholder of record, you may vote by mail by completing, dating and signing your proxy card and mailing it in the envelope provided. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as officer of a corporation, guardian, executor, trustee or custodian), you should indicate your name and title or capacity.

You may also vote in person at the Annual Meeting or may be represented by another person at the meeting by executing a proper proxy designating that person.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. As the beneficial owner, you will receive instructions from the street name holder that you must follow in order to have your shares voted.

If your shares are held in street name and you wish to vote in person at the meeting, you must obtain a proxy issued in your name from the street name holder.

If you are a beneficial owner of shares held in street name, you may submit new voting instructions by contacting your brokerage firm, bank or other holder of record.

Broker non-votes on a matter occur when the broker, bank or other holder of record that holds your shares in street name is not entitled to vote on a matter without instruction from you and no instruction is given. Absent instruction from you, a street name holder may vote your shares in its discretion on the election of directors and ratification of the appointment of Ernst & Young LLP.

In the election of directors, the three nominees receiving the highest number of votes will be elected. The other matters require the affirmative vote of a majority of the votes cast at the meeting. Votes that are withheld with respect to the election of directors and abstentions and broker non-votes on the other matters are not counted as votes cast.

Table of Contents**PROPOSALS FOR SHAREHOLDER ACTION****PROPOSAL 1 ELECTION OF DIRECTORS**

The Company's Bylaws provide that the Company shall have at least five and no more than nine directors, with the exact number to be determined by the Board. The Board of Directors currently is comprised of nine directors. The directors are classified into three classes to serve for the terms set forth next to their names or until their successors have been duly qualified and elected.

Dr. Guyer has elected not to pursue an additional term on the Board of Directors. Any vacancy occurring on the Board of Directors for any reason may be filled by vote of a majority of the directors then in office for a term expiring at the next Annual Meeting of shareholders.

Table of Contents**PROPOSAL 2 RATIFICATION OF APPOINTMENT OF THE COMPANY'S****INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed Ernst & Young LLP to serve as the independent registered public accounting firm for the Company for 2010. While not required, we are submitting the appointment to the shareholders for their ratification as a matter of good corporate practice. The affirmative vote of a majority of the votes cast at the Annual Meeting on the proposal is required for ratification. **The Board of Directors recommends that shareholders vote FOR ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2010.** If the appointment is not ratified, it will be considered as a recommendation that the Audit Committee consider the appointment of a different firm to serve as independent registered public accounting firm for the year 2011. Even if the appointment is ratified, the Audit Committee may select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of Neogen Corporation and its shareholders.

Relationship with Ernst & Young

Ernst & Young LLP has acted as the Company's independent registered public accounting firm for more than five years. Ernst & Young LLP has advised that neither the firm nor any of its members or associates has any direct financial interest or any material indirect financial interest in the Company or any of its affiliates other than as auditors. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The fees billed by Ernst & Young LLP with respect to the years ended May 31, 2009 and 2008 were as follows:

	2009	2008
Audit Fees	\$ 254,000	\$ 242,250
Audit-Related Fees	7,000	5,600
Tax Fees	1,899	4,800
All Other Fees		

Audit Fees include amounts billed for the annual audit of the Company's fiscal year Consolidated Financial Statements, the audit of internal controls over financial reporting, the review of the Consolidated Financial Statements included in the Forms 10-Q, and consultations concerning accounting matters associated with the annual audit. Audit-Related Fees include amounts billed for general accounting consultations and services that are unrelated to the annual audit. It is expected that Ernst & Young LLP will provide similar non-audit services during the fiscal year 2009. In connection with its review and evaluation of non-audit services, the Audit Committee is required to and does consider and conclude that the provision of non-audit services is compatible with maintaining the independence of Ernst & Young LLP.

Under its charter, the Audit Committee must pre-approve all audit and non-audit services to be performed by Ernst & Young LLP other than non-audit services that satisfy a de minimus exception. In the event management wishes to engage Ernst & Young LLP to perform non-audit services, a summary of the proposed engagement is prepared detailing the nature of the engagement, the reasons why Ernst & Young LLP is the preferred provider of the services and the estimated duration and cost of the engagement. The Audit Committee reviews and evaluates recurring non-audit services and their proposed fees as the need arises at their regularly scheduled committee meetings. At subsequent meetings, the Audit Committee receives updates regarding the services actually provided and management may present additional services for approval. The Audit Committee has delegated to the Chairman or, in his absence, any other member of the Committee, the authority to evaluate and approve projects and related fees if circumstances require approval between meetings of the Committee. Any such approval is reported to the full Committee at its next meeting.

PROPOSAL 3 SHAREHOLDER PROPOSAL

Mr. Michael P. Entis, P.O. Box 1471, Stowe, Vermont 05672, claiming ownership of Neogen Corporation common stock with a value in excess \$2,000 for longer than one year, has submitted the following resolution and supporting statement to be included in this proxy statement and has noted his intention to present such resolution for consideration at the annual meeting. The Company disclaims any responsibility for the content of this proposal and the supporting statement, which are presented as received verbatim from the shareholder.

Whereas directors, officers and other employees (Insiders) of Neogen Corporation (Company) may possess material information that is unavailable to the public (Insider Information), and

Whereas the Company s present policies are minimal regarding Insiders trading Company stock while in possession of Insider Information (Insider Trading), and

Whereas the lack of a stringent Insider Trading policy places the Company s shareholders at a disadvantage while simultaneously placing Insiders at risk of inadvertently contravening relevant laws and regulations,

BE IT THEREFORE RESOLVED that the Board of Directors is instructed to implement a Company Insider Trading Policy, which incorporates the following essential elements:

1. Insider Information should not be disclosed to anyone except Insiders and Company approved third parties;
2. Insiders may not place purchase or sell orders (or recommend that related family members or others take such action) in Company securities while in possession of Insider Information;
3. Insiders may not (a) trade options, warrants, puts and calls or similar instruments in Company securities, (b) sell Company securities short or (c) hold Company securities in margin accounts;
4. Notwithstanding the above-stated restrictions, anyone may exercise options granted to him by the Company and, subject to the restrictions of the Insider Trading Policy and other applicable Company policies, sell shares acquired through exercise of options;
5. Insiders may only transact in Company securities during the period beginning on the second trading day after the release of the Company quarterly earnings and ending three weeks later (Window). The Window may be shortened or closed at the discretion of the Company. Exceptions due to financial hardship may be permitted on a case-by-case basis;
6. Directors and executive officers of the Company must obtain prior clearance from the Company s General Counsel, or other person delegated responsibility for pre-clearance of transactions in Company securities;
7. Insiders are subject to liability for transactions made while in possession of Insider Information, except standing orders under pre-approved 10b5-1 plans.

Table of Contents

Statement In Support of Resolution

At the present time, Neogen insiders are permitted to trade in Neogen securities without restriction, except during the period between the close of financial quarters and the public disclosure of those results. Neogen insiders have been known to trade in Neogen securities beyond two months into a quarter while knowingly being in possession of Company information not then available to shareholders at large. This has given the appearance of improper insider behavior and it risks regulatory penalties at a cost to the Company and to all shareholders. Such insider behavior is a violation of good corporate ethics, judgment and modern governance, which the passage of this resolution is intended to resolve.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST PROPOSAL 3 FOR THE FOLLOWING REASONS:

The Board of Directors believes it is appropriate to advise shareholders that Mr. Entis has been highly critical of Neogen management on a regular basis for the past several years, leveling charges ranging from inadequate promotion of the Company's stock to improper national political party affiliation of officers. Nonetheless, the Board of Directors takes the views of shareholders very seriously and has given this proposal careful consideration. After a thorough review of the proposal, the Board has concluded that the proposal is not in the best interests of the Company or its shareholders for the following reasons:

The Company already has in place an effective insider trading policy. Many aspects of the proposed policy are already a part of the Company's stock trading policy, which is attached as Exhibit A to this proxy statement. That policy prohibits disclosure of nonpublic information to anyone except insiders. It further prohibits insiders (as well as family members) from purchasing or selling stock while in possession of insider information. Currently, officers and directors must obtain prior clearance from the Company's Chief Financial Officer before selling company securities, and the Company's finance department assists officers and directors to file the required Form 4 and any required Form 5 with the SEC.

The trading window contained in the Company's policy is appropriate. The principal difference between the proposed policy and the Company's policy relates to the trading window during which officers and directors may buy or sell Company stock. The statement of support of the resolution is in error in its description of the Company's trading window, as the Company's policy provides that each quarterly trading window closes seven days before the end of the fiscal quarter. Restricting insider trading to four, three-week periods each year could adversely affect the market for the Company's shares. Many knowledgeable observers believe that short trading windows are destructive of liquidity and therefore a disincentive to officers and directors to hold significant equity positions in the company. Additionally, observers believe that a concentrated window for possible sales can depress the stock price.

The Company's policy has been designed to fit Neogen's particular circumstances. The Board of Directors has examined the process of the compiling of quarterly financial results at the Company, and believes that the current trading policy, and its trading window periods, appropriately protects against the risk that material, undisclosed information with respect to a financial quarter may be in the possession of management personnel at a time when they are permitted to trade. Throughout the 20 years that Neogen has been a public company, officers and directors have regarded the issue of trading very seriously, as evidenced by the fact that there have been no violations and there have been no accusations or evidence offered of any wrongdoing. The Board of Directors believes it should remain the obligation of the Board to review the Company's circumstances and establish, monitor and, if necessary, modify trading policies, and that these functions should not be considered obligations of shareholders.

The Board of Directors believes that the Company's policy is normal and customary. The Neogen trading window is very typical of the timing and duration of window periods for companies of similar size. A Company survey of public companies with \$100 million to \$500 million in revenues located in

Table of Contents

the Midwestern geographic area, and of all companies headquartered in the Lansing, Michigan area, found that 19 of the 23 companies had trading windows similar to those employed by Neogen. Based on the practices of other, similar publicly held companies, changing Neogen's present trading window is not indicative of any modernization of governance.

The Company's policy has served the Company well for several years. The senior officer and director group of Neogen totals 17 individuals. The current version of the Company's trading policy has been in effect for six years. There have been no known violations of the existing trading policy and there is no evidence that any officer or director has ever traded Neogen stock based on inside information. The Company's existing policy has allowed officers and directors to increase their equity positions from year to year. Company records indicate the group in general has owned more shares each year as compared to the prior year. The Board of Directors believes this show of faith is in the best interests of shareholders.

The Board of Directors recommends a vote against Proposal 3 and opposes the proposed policy as not being in the best interests of the Company and its shareholders.

INFORMATION ABOUT THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE MATTERS

Neogen Corporation is managed under the direction of its Board of Directors. The Board conducts its business through meetings of the Board and its committees. The Board held five meetings, and there were a total of 7 committee meetings during fiscal 2009. Each director attended more than 75% of the total meetings of the Board and the committees on which he served in 2009, with the exception of Dr. Guyer who missed one Board meeting and two meetings of the audit committee. Directors are expected to attend the Annual Meeting of shareholders unless they have a schedule conflict or other valid reason. All the current Board members attended the 2009 Annual Meeting.

Independent Directors

A director is not considered to be independent unless the Board determines that he meets the Nasdaq independence rules and has no material relationship with Neogen Corporation, either directly or through any organization with which he is affiliated that has a relationship with Neogen Corporation. Based on a review of the responses of the directors to questions about employment history, affiliation and family and other relationships and on discussions with the directors, the Board has concluded that non-employee directors are independent. As members of management, James L. Herbert, Chairman and Chief Executive Officer and Lon M. Bohannon, President and Chief Operating Officer, are not independent.

Board Committees

The Board has four committees. The current membership, number of meetings held during 2009 and the function performed by each of these committees are described below. None of the members of any of the committees is or ever has been an employee of the Company. The Board has determined that each committee member meets the independence standards for that committee within the meaning of applicable Nasdaq and SEC regulations.

Audit Committee Mr. Reed (Chair), Mr. Book and Dr. Guyer currently are members of the Audit Committee. The Audit Committee met five times during 2009 and oversees the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee meets with management and the Company's independent registered public accounting firm throughout the year and reports the results of its activities to the Board of Directors. Further information regarding the role of the Audit Committee is contained in its charter that is available in the Investor Relations section of the Company's website at www.neogen.com. For further information, see Audit Committee Report in this Proxy Statement. The Board has determined that Mr. Reed is an audit committee financial expert for purposes of applicable SEC rules.

Compensation Committee Mr. Parnell (Chair) and Mr. Fischer currently are members of the Compensation Committee, which met once during 2009. The purpose of the Compensation Committee is to assist the Board in discharging its overall responsibilities relating to executive compensation. The Compensation Committee reviews and approves corporate goals and objectives relevant to the compensation of the Chief Executive Officer and other executive officers prior to the beginning of each year, evaluates current year performance in light of those goals and establishes compensation levels for the upcoming year, including salary and bonus targets. Except in the case of the Chief Executive Officer, management provides recommendations to the Compensation Committee concerning compensation for officers. The Compensation Committee does not have a charter.

Stock Option Committee Mr. Papesch (Chair), Mr. Book and Mr. Reed currently are members of the Stock Option Committee, which met once during 2009. The purpose of the Stock Option Committee is to assist the Board in discharging its overall responsibilities relating to the Neogen Corporation Stock Option Plan. Except in the case of the Chief Executive Officer, management provides recommendations to the Stock Option Committee concerning stock option awards for officers and employees. For further information, see Compensation Discussion and Analysis in this Proxy Statement.

Table of Contents

Nominating Committee Mr. Book (Chair) and Mr. Parnell currently serve on the Nominating Committee. The Nominating Committee, which met once during 2009 (as a part of the meeting of the whole of the Board of Directors with Mr. Herbert and Mr. Bohannon abstaining from deliberations and voting during such meetings), makes recommendations to the Board regarding individuals for nomination as director. For further information, see the charter of the Nominating Committee that is available in the Investor Relations section of the Company's website at www.neogen.com. When seeking to identify an individual to become a director to fill a new position or vacancy, the Nominating Committee will consult with incumbent directors, management and others. The Nominating Committee will consider, among other factors, the background and reputation of potential candidates in terms of character, personal and professional integrity, business and financial experience and acumen, how a person would complement the other directors in providing a diversity of expertise and experience and a person's availability and willingness to devote sufficient time to Board duties. Shareholders may recommend director candidates for consideration by the Nominating Committee by writing to the Secretary at 620 Leshar Place, Lansing, Michigan 48912, giving the candidate's name, relationship, if any, to the shareholder making the recommendation, biographical data and qualifications. The submission should also include a statement from the candidate consenting to being considered and, if nominated and elected, to serving as a director.

Management's Role in Determining Executive Compensation

The Compensation Committee makes all final decisions regarding officer compensation. Management's involvement in executive compensation is typically for the Chief Executive Officer to make recommendations on compensation for those other than himself. No member of the Compensation Committee has served as an officer or employee at any time. No executive officer serves as a member of the compensation committee of any other company that has an executive officer serving as a member of Neogen Corporation's Board of Directors. None of Neogen Corporation's executive officers serves as a member of the board of directors of any other company that has an executive officer serving as a member of the Compensation Committee.

Compensation Objectives

Neogen executive compensation programs are designed to be aligned with shareholder value creation and are structured to reward individual and organizational performance and be simple, concise and understandable. A significant percentage of each NEO's compensation consists of variable pay.

Table of Contents

The primary objectives of the compensation programs covering NEOs are to:

Attract, retain and motivate highly talented executives who will drive the success of the business;

Align incentives with the achievement of measurable corporate, business unit and individual performance objectives based on financial and non-financial measures, as appropriate;

Provide overall compensation that is considered equitable to the employee and the company; and

Ensure reasonable, affordable and appropriate compensation program costs.

Compensation Elements

The primary pay elements provided to NEOs are:

Base salary;

Annual bonus delivered through short-term bonus plans; and

Equity-based long-term incentive compensation delivered in the form of stock option grants.

Other pay elements include health and welfare benefits plans under which the NEOs receive similar benefits to those provided to all other eligible U.S.-based employees, such as medical, life insurance and disability coverage.

The Compensation Committee is provided materials by management regarding the various compensation elements of each NEO's compensation package. The Committee makes decisions about each compensation element in the context of each NEO's total pay package. Positions at higher levels at Neogen Corporation generally have a greater emphasis on variable pay elements of bonus and stock options, although no specific formula, schedule or tier is applied in establishing compensation mix.

Each of the compensation elements and its purpose is further described below.

Base Salary: Base salary is intended to compensate the executive for the basic market value of the position, time in the position and the relation of that position to other positions in the Company. Each NEO's salary and performance is reviewed annually. Factors considered in determining the level of executive pay include the role and responsibilities of position, performance against expectations and an individual's job experience or unique role responsibilities.

Base salary rate increases from 2008 to 2009 are shown in the following table. Actual earned salary for 2009 is shown in the Salary column of the Summary Compensation Table.

Base Salary

Name	2009 Salary Rate	2008 Salary Rate	Percent Increase
------	------------------------	------------------------	---------------------

Edgar Filing: NEOGEN CORP - Form DEF 14A

James L. Herbert	\$ 310,000	\$ 290,000	6.9%
Lon M. Bohannon	215,000	205,000	4.9%
Richard R. Current	156,000	150,000	4.0%
Edward L. Bradley	142,600	135,000	5.2%
Terri A. Morriscal	141,500	135,000	4.8%

Mr. Herbert's compensation is based on factors including the level of business performance in 2008, historical salary increases and time in position. Other NEOs' compensation was based on the scope of their responsibilities, the level of performance in 2008 and time in position.

Table of Contents

Annual Bonus: Annual bonuses are intended to motivate and reward executives based on total Company performance in the case of Mr. Herbert, Mr. Bohannon and Mr. Current, and the performance of the businesses for which the other NEOs are responsible and performing at a satisfactory level on a subjective basis. The bonus potential is established in the same general manner as salaries, with the view that, if the full potential is attained, each NEO's total cash compensation should be reasonable, taking into account the scope of the individual's responsibility, time in the position and overall level of performance in the role. Bonuses are generally paid in November of the fiscal year following the fiscal year in which they are earned. Bonuses related to the 2008 fiscal year that were paid between November of 2008 and March 2009 were as follows:

Annual Bonus

Name	Target Value	Actual Payments	Payment as Percentage of Target
James L. Herbert	\$ 150,000	\$ 150,000	100%
Lon M. Bohannon	80,000	80,000	100%
Richard R. Current	30,000	33,000	110%
Edward L. Bradley	40,000	40,000	100%
Terri A. Morriscal	28,000	28,000	100%

The final determination of the actual bonuses paid included a subjective evaluation of each individual's performance in light of the competitive environment in the businesses for which he or she had responsibility, other challenges faced by him or her and other significant achievements during the year.

The Chief Executive Officer made recommendations and provided rationale to the Compensation Committee regarding the bonus payout for each other officer. The Compensation Committee reviewed these recommendations and then acted to approve the bonuses paid in the 2009 fiscal year. The Compensation Committee reviewed and acted to approve the bonus payment for the Chief Executive Officer in the 2009 year.

Long-term Incentive Compensation: The objectives of the long-term incentive portion of the compensation package are to:

Align the personal and financial interests of management and other employees with shareholder interests;

Balance short-term decision-making with a focus on improving shareholder value over the long term;

Provide a means to attract, reward and retain a skilled management team; and

Provide the opportunity to build a further ownership position in Neogen Corporation stock.

The long-term incentive mechanism at Neogen Corporation has been and continues to be stock option awards, the ultimate value of which is dependent on increases in the Company's stock price. Stock options are granted to provide employees with a personal financial interest in the Company's long-term success, encourage retention and enable Neogen Corporation to compete for the services of new employees in a competitive market. Neogen Corporation continues to believe that stock options are the most appropriate means to accomplish long-term incentive objectives.

The stock option program is designed to deliver competitive long-term awards while incurring a minimal level of expense and shareholder dilution relative to other long-term incentive programs. Neogen Corporation's compound growth rate in stock price has been 14% over the past 5 years. It is the Company's view that stock options represent the optimal use of the corporate resources and the best way to achieve the objectives of the long-term compensation element.

Table of Contents

Neogen Corporation maintains one equity-based long-term incentive plan that has been previously approved by shareholders the Neogen Corporation 2007 Stock Option Plan, as amended.

In general, options granted by Neogen Corporation are incentive options with five-year lives that vest 20% per year following the year of grant. Certain incentive options are converted to non-qualified options when IRS limitations for incentive options are exceeded. Prior to 2006 these re-characterized options carried three year vesting provisions and ten-year terms. For 2006 and subsequent, the nonqualified options retain the same vesting life provisions as qualified options. A small number of nonqualified stock options, with up to ten-year terms and vesting 33% per year for the three years following the year of grant are granted to Directors. In all cases grant prices are equal to the closing price on the day of the grant. Neogen Corporation does not reprice options and does not reload which means the recipient is only able to exercise the number of shares in the original stock option grant. Neogen Corporation's practice has been to make an annual award to the majority of recipients as well as rare hire-on awards to select new hires.

Annual stock option grants are made at the discretion of the Stock Option Committee, with the exception of non-employee director awards that are granted under the terms of the Stock Option Plan. Management makes recommendations to the Stock Option Committee as to the stock option award levels and terms. The determination with respect to the number of options to be granted to any particular participant is ultimately subjective in nature. While no specific performance measures are applied, factors considered in determining the number of options to be awarded to an individual include his or her level of responsibility and position within the Company, demonstrated performance over time, value to Neogen Corporation's future success, historic grants, retention concerns and, in the aggregate, share availability under the plan and overall Company expense and shareholder dilution from awards. Management provides the Stock Option Committee information on grants made in the past three years and the accumulated value of all stock option awards outstanding to each NEO.

The table below shows the size of the 2009 stock option grants to each of the NEOs.

Name	Number of Options	Compensation cost Recognized for 2009 Grants (1) (2)
James L. Herbert	45,000	\$ 178,119

(2) The stock option FAS 123R values throughout this Proxy Statement have been calculated using the Black-Scholes option pricing model and the assumptions in the following table:

Risk-free interest rate	2.3%	4.6%	4.7%	4.9%	3.3%

Table of Contents

Retirement Plans: A defined contribution plan, the Neogen Corporation 401(k) Retirement Savings Plan (401(k) Plan) is available to all eligible U.S. employees including all NEOs. Under the 401(k) Plan, Neogen Corporation matches dollar per dollar of the first 3%, and fifty cents per dollar of the next 2% of pay contributed by the employee up to the Internal Revenue Code limits. Matching contributions to the 401(k) Plan are vested immediately upon payment.

Health and Welfare Benefits Plans: Benefits such as medical, life insurance and disability coverage are provided to each NEO under benefits plans that are provided to all eligible U.S.-based employees. The benefits plans are part of the overall total compensation offering to be competitive and provide health care coverage for employees and their families. The NEOs have no additional Company-paid health benefits. Similar to all other employees, NEOs have the ability to purchase supplemental life, dependent life, long-term care insurance, dental and accidental death and dismemberment coverage through the Company. The value of these benefits is not included in the Summary Compensation Table since they are purchased by each NEO and are made available to all U.S. employees. No form of post-retirement health care benefits is provided to any employee.

Perquisites: The values of perquisites and other personal benefits for 2009 are included in the All Other Compensation column of the Summary Compensation Table. In general the value of perquisites granted to NEOs is considered to be de minimis.

2002 Employee Stock Purchase Plan: Employees in the U.S. are permitted to voluntarily purchase Neogen Corporation stock at a 5% discount through after-tax payroll deductions under the Employee Stock Purchase Plan (ESPP) as a way to facilitate employees becoming shareholders of Neogen Corporation. The ESPP purchases stock bi-annually for participants through a third-party plan administrator. With the exception of Mr. Herbert, all NEOs are eligible to participate in the plan.

Executive and Non-Employee Director Stock Ownership Policy

Neogen Corporation has a stock ownership policy in place for all corporate officers, including the NEOs, and Directors. This reflects the Company's conviction that all senior executives should have meaningful actual share ownership positions in the Company in order to reinforce the alignment of management and shareholder interests. The ownership policy was adopted by the Board of Directors at its meeting in July 2007. It is expected that the Compensation Committee will periodically review the policy requirements to ensure they continue to be reasonable and competitive.

The ownership requirements are:

Position	Market Value of Stock Owned	Expected Time Period to Comply
Non-Employee Directors	2 times annual cash fees paid	5 years
Chief Executive Officer	2 times annual salary, including bonus	3 years
Corporate Officers	2 times annual salary, including bonus	5 years

Stock owned includes shares owned outright, including 401(k) Plan shares, but does not include stock options. As of May 31, 2009, all non-employee directors and all NEOs are at or above the applicable stock ownership requirement or within the expected time period to comply.

Employment Agreements and Severance Policy

Neogen Corporation does not provide employment or severance agreements. The Company maintains a discretionary severance practice for all eligible employees, which could potentially include the NEOs. The discretionary practice provides for payments as determined by the Company as circumstances warrant.
