CRESUD S.A.C.I.F. and A

(THE COMPANY)

REPORT ON FORM 6-K

Attached is an English translation of the summary of the letter dated March 12, 2010 filed by the Company with the *Bolsa de Comercio de Buenos Aires* and the *Comisión Nacional de Valores*.

By letter dated on March 12, 2010, the Company reported its Board of Directors approved the execution of an Addendum to the Master Agreement for Exchange of Corporate Services (the Addendum) as resolved upon by the 2004 shareholders meeting, at which IRSA, the Company and Alto Palermo (the Parties) set forth the characteristics and administrative and economic guidelines for the provision of the Corporate Services, in order to reduce the fixed costs of the Parties activities, and their effect on their operating results, taking advantage of the individual efficiencies of each Company in the different areas composing the operating management, with Deloitte & Co. S.R.L. being in charge of the semi-annual review and assessment of the criteria used in the settlement process of the Corporate Services and the Cost Distribution Bases.

In this opportunity, the purpose of the referred Addendum is to facilitate and simplify practical issues originated in the consolidation of financial statements as a result of the increase in the Company s equity interest in IRSA, which in turn consolidates its financial information with that of Alto Palermo, and which places the Company as ultimate recipient of the flow of financial information.

Therefore, considering the foregoing, the Board of Directors has deemed it convenient and advisable for the referred simplification, under the form provided in the Master Agreement, to unify in the Company and to transfer to it the employment agreements of Alto Palermo S.A. s corporate employees.

All that in the understanding that the operation shall imply: A) a reduction in the administrative costs of the companies with a resulting advantage for their shareholders as a result of the optimization of the processes that will favorably impact on operating costs; B) a significant reduction in the amount of cost centers, optimizing the management of information and available resources; C) the strengthening of the corporate identity of IRSA s and Alto Palermo s employees that already provided services to CRESUD.

The labor costs of those employees who will be transferred to the Company s payroll will render services in Alto Palermo S.A. s, and will continue to be distributed in accordance with the terms of the Corporate Services Agreement, as amended, effective from January 1, 2010, maintaining as well the semi-annual review conducted by Deloitte & Co. S.R.L.
