PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the Board) of Lumber Liquidators Holdings, Inc. (the Company, us or we) for use at the 2010 Annual Meeting of Stockholders (the Annual Meeting) to be held on Friday, May 7, 2010, at the time and place set forth in the notice of the meeting, and at any adjournments or postponements thereof. The approximate date on which this Proxy Statement and form of proxy are first being mailed to stockholders is April 7, 2010.

If the enclosed proxy is properly executed and returned, it will be voted in the manner directed by the stockholder. If no instructions are specified, proxies will be voted in favor of the proposals set forth in this proxy statement. In addition, if other matters properly come before the meeting or any adjournments or postponements thereof, the persons named in the accompanying proxy and acting thereunder will have discretion to vote on these matters in accordance with their best judgment. Any person giving the enclosed form of proxy has the power to revoke it by voting in person at the meeting, or by giving written notice of revocation to our Corporate Secretary at any time before the proxy is exercised. Please note, however, that if your shares are held of record by a broker, bank or nominee and you wish to vote at the meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from the record holder.

A quorum is necessary for the transaction of business at the Annual Meeting. A quorum exists when a majority of the common stock entitled to vote at the Annual Meeting is present either in person or by proxy. Abstentions, broker non-votes and votes withheld for director nominees will count as shares present at the Annual Meeting for purposes of determining whether a quorum exists. With respect to the election of directors, such election will be decided by plurality vote of the votes cast at the Annual Meeting, either in person or by proxy. Brokers may not vote on the election of directors without instructions from the beneficial owners of the shares. The three nominees for director receiving the highest number of votes cast in person or by proxy at the Annual Meeting will be elected. Other than the election of directors, the affirmative vote of a majority of the votes cast at the Annual Meeting on each proposal, either in person or by proxy, is required for the approval of each proposal. Stockholders who abstain from voting on any or all proposals will be included in the number of stockholders present at the Annual Meeting for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not be included in the total of votes cast and will not affect the outcome of the vote. Our transfer agent will tabulate the votes cast by each proxy and in person at the Annual Meeting.

We will bear the cost of the solicitation. In addition to mailing this material to stockholders, we have asked banks and brokers to forward copies to persons for whom they hold our stock and request authority for execution of the proxies. We will reimburse the banks and brokers for their reasonable out-of-pocket expenses in doing so. Our officers and regular employees, without being additionally compensated, may solicit proxies by mail, telephone, telegram, facsimile or personal contact. All reasonable proxy soliciting expenses will be paid by us in connection with the solicitation of votes for the Annual Meeting.

Our principal executive offices are located at 3000 John Deere Road, Toano, Virginia 23168, telephone number (757) 259-4280.

Record Date and Voting Securities

Only stockholders of record at the close of business on April 1, 2010 are entitled to notice of and to vote at the Annual Meeting. On that date, we had outstanding and entitled to vote 27,296,968 shares of common stock, \$0.001 par value per share. Each outstanding share of our common stock entitles the record holder to one (1) vote on each matter.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Board of Directors is currently fixed at eight (8) members divided into three classes, with each class having as nearly as possible one-third of the total number of directors. The three-year terms of each class are staggered so that the term of one class expires at each annual meeting. The initial term of office of our Class I directors will end at this year's annual meeting of stockholders. Our Class II directors' terms will end at the annual meeting of stockholders in 2011. Our Class III directors' term will end at the annual meeting of stockholders in 2012. Each director serves a three year term and will continue in office until a successor has been elected and qualified, subject to earlier resignation, retirement or removal from office. CORPORATE GOVERNANCE

We are committed to having sound corporate governance principles. Our Code of Business Conduct and Ethics, which applies to our directors, officers and employees, our Corporate Governance Guidelines and the charters of the Audit, Compensation and Nominating and Corporate Governance Committees are available on our website, *www.lumberliquidators.com*, and are also available in print, free of charge, to any stockholder who requests them. Such requests should be directed to Corporate Secretary, Lumber Liquidators Holdings, Inc., 3000 John Deere Road, Toano, Virginia 23168.

Independence

The Board, in its business judgment, has determined that the following six of its eight members are independent from us, including under the independence standards contained in rules of the New York Stock Exchange: Macon F. Brock, Jr., Douglas T. Moore, John M. Presley, Peter B. Robinson, Martin F. Roper and Richard D. Tadler. In reaching this conclusion, the Board considered whether we conduct business and have other relationships with organizations of which certain members of the Board of Directors or members of their immediate families are or were directors or officers. Our non-management directors had no transactions, arrangements or relationships with us, other than as directors and stockholders and those described below in Certain Relationships and Related Transactions.

Lead Outside Director

Our Corporate Governance Guidelines provide for a lead outside director to be elected by vote of the outside directors to serve in that role either until the expiration of his or her then-current term as a director or until the outside directors otherwise choose to elect a new lead outside director. The lead outside director is responsible for coordinating the activities of the other outside directors, including the establishment of the agenda for executive sessions of the outside directors, with or without the presence of management. Currently, Mr. Presley serves as our lead outside director.

Board Leadership Structure

The Board does not have a policy on whether or not the roles of chief executive officer and chairman of the Board should be separate and, if they are to be separate, whether the chairman of the Board should be selected from the non-employee directors or be an employee. The offices of chief executive officer and chairman of the Board have been at times combined and at times separated, and the Board considers such combination or separation in conjunction with, among other things, its succession planning processes. Our Board believes that it should be free to make a choice regarding the leadership structure from time to time in any manner that is in our and our stockholders' best interests.

We currently have separate individuals serving as chairman of the Board and as chief executive officer. Under the current structure, both the chairman and chief executive officer have responsibility for our business strategy and financial performance. Our chairman focuses on strategic matters relating to our marketing efforts, while the chief executive officer is responsible for our operations and day-to-day management direction and execution. We believe that this separation of the positions represents the appropriate structure for us at this time.

Committees of the Board

The Board has established three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee, each composed of directors the Board has determined to be independent. Each committee operates pursuant to a written charter adopted by the Board that sets forth its roles and responsibilities and provides for an annual evaluation of its performance. The charters of

Table of Contents

all three committees are available at the investor relations page of our website at *www.lumberliquidators.com* and will be provided to any stockholder without charge upon the stockholder's written request to our Corporate Secretary. Each year, committee and committee chair assignments are made at the Board of Directors meeting immediately following the annual meeting of stockholders. The current composition of each committee is as follows:

Audit	Compensation	Nominating and Corporate Governance
John M. Presley *	Martin F. Roper *	Douglas T. Moore *
Douglas T. Moore	Macon F. Brock, Jr.	Macon F. Brock, Jr.
Martin F. Roper	Richard D. Tadler	John M. Presley

* Indicates chairperson of the committee.

The Board may establish such other committees as it deems appropriate, in accordance with applicable law and regulations and our Certificate of Incorporation and Bylaws.

Audit Committee. The Audit Committee assists the Board in fulfilling the oversight responsibility of the Board to the stockholders relating to the integrity of our financial statements, compliance with legal and regulatory requirements, the qualifications, independence and performance of our independent registered public accounting firm and the performance of the internal audit function. The Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm. The Audit Committee approves procedures for the pre-approval of audit and non-audit services provided to us by any independent auditors. It is also responsible for establishing, publishing, maintaining and overseeing our whistleblower procedures and our compliance and ethics program.

The Board in its business judgment has determined that all of the members of the Audit Committee are independent, as determined in accordance with the rules of the New York Stock Exchange and any relevant federal securities laws and regulations. The Board also has determined that all of the Committee members are financially literate as defined by the rules of the New York Stock Exchange and that Mr. Presley qualifies as an audit committee financial expert as defined by regulations of the Securities and Exchange Commission (SEC).

No member of the Audit Committee served on any audit or similar committee of any other publicly held company in 2009.

Compensation Committee. The Compensation Committee has overall responsibility for evaluating and approving our executive officer incentive compensation, benefit, severance, equity-based or other compensation plans, policies and programs. The Compensation Committee also has produced an annual report on executive compensation that is included in this Proxy Statement. The Board, in its business judgment, has determined that all of the members of the Compensation Committee are independent, as determined in accordance with the rules of the New York Stock Exchange.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee assists the Board in implementing sound corporate governance principles and practices. The Nominating and Corporate Governance Committee is charged with considering and recruiting individuals qualified to become Board members, conducting inquiries into the background, independence and qualifications of any candidates and recommending to the Board the director nominees. In performing these duties, the Nominating and Corporate Governance Committee uses its network of contacts to compile potential candidates, but may also engage, if it deems appropriate, a professional search firm. It also reviews the qualifications and independence of the members of the Board and its various committees on a regular basis and makes any recommendations the committee members may deem appropriate from time to time concerning any recommended changes in the composition of the Board. The Board, in its business judgment, has determined that all of the members of the Nominating and Corporate Governance Committee are independent, as determined in accordance with the rules of the New York Stock Exchange.

Table of Contents

The Nominating and Corporate Governance Committee will consider timely stockholder recommendations for candidates to serve on the Board. Such recommendations shall be sent to our Corporate Secretary and shall include (1) all information relating to the recommended person that is required to be disclosed in solicitations of proxies for election of directors in an election contest and such other information as we may require pursuant to any policy governing the selection of directors, and (2) a written consent from the recommended individual to being named in the proxy statement as a nominee and to serving as a director if elected. If the recommendation is not timely and in proper form, the nominee will not be considered by the committee. To be timely for the 2011 annual meeting, the recommendation must be received within the time frame set forth in Deadlines for Submission of Stockholder Proposals below. Nominees for director are selected in the context of an assessment of the perceived needs of the Board at the time and on the basis of, among other things, the following:

strength of character
judgment
skill
education
business experience

specific areas of expertise
understanding of our business
principles of diversity
reputation
other personal attributes or special talents

Nominees should also be willing to spend the time necessary to discharge their responsibilities appropriately and to ensure that other existing or future commitments do not materially interfere with their responsibilities as members of the Board.

In determining the composition of the Board, the Nominating and Governance Committee seeks to include a diverse range of skills and experience among our directors. Although it does not have a formal diversity policy, the Nominating and Governance Committee believes that the presence of differing viewpoints on the Board is a benefit to us. Accordingly, the Nominating and Corporate Governance considers principles of diversity, which include, among other things, diversity in backgrounds, perspectives, expertise and qualifications, when assessing the Board as a whole, and individual director candidates.

Risk Management

We have designed and implemented processes to manage risk in our business. The Board's role in risk management is primarily one of oversight with the day-to-day responsibility for risk management implemented by our management team. The Board regularly reviews information regarding our business strategy, financial position and operations, and considers associated risks. In addition, the Board executes its oversight role through its Audit and other committees which report regularly to the Board on their activities.

With regard to those committee activities, the Audit Committee has principal responsibility for implementing the Board's risk management oversight role. The Audit Committee reviews management's assessment of the key risks that we face, including the main controls upon which we rely to mitigate those risks. In particular, the Audit Committee focuses on financial and enterprise risk, including internal controls, and assesses our risk profile with our management and internal and external auditors. The internal control risk profile drives our internal audit plan. The Audit Committee also handles violations of our Code of Ethics and related corporate policies. Our Nominating and Corporate Governance Committee assists in risk management by overseeing our compliance with legal and regulatory requirements and risks relating to our governance structure. The Compensation Committee reviews risks relating to the incentives inherent in our compensation policies.

Board and Committee Attendance and Executive Sessions

During fiscal year 2009, the Board held a total of six meetings and took additional actions by unanimous written consent; the Audit Committee held nine meetings; the Compensation Committee held six meetings; and the Nominating and Corporate Governance Committee held five meetings. It is the practice of the Board to hold

Table of Contents

an executive session without management present at each of the meetings of the Board of Directors. During fiscal year 2009, each director attended at least 80% of all of the meetings of the Board of Directors and committees on which he served.

We strongly encourage all directors to attend annual meetings of stockholders. All of our directors serving at the time attended the 2009 Annual Meeting of Stockholders, and it is expected that all current directors will attend the 2010 Annual Meeting of Stockholders.

Communications to the Board

Stockholders, employees and other interested parties may contact an individual director, the Board as a group, the Lead Outside Director or a specified Board committee or group, including the non-employee directors as a group, at the following address: Corporate Secretary, Lumber Liquidators Holdings, Inc., 3000 John Deere Road, Toano, Virginia 23168, Attn: Board of Directors. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our overall compensation philosophy is to maintain effective compensation programs that are as simple and flexible as possible, and permit us to make responsive adjustments to changing market conditions. We strive to provide our executive officers with compensation that is competitive within our industry, considering, among other things, geographic location. In doing so, we seek to attract and retain the key employees necessary to achieve the continued growth and success of our business while remaining mindful of our desire to control costs. Further, it is our intent to align executive pay with stockholders' interests, recognize individual accomplishments, and unite executive management behind common objectives.

The Compensation Committee of the Board is responsible for implementing and administering our compensation plans and programs. The Compensation Committee consults, and expects to continue to consult, with the chief executive officer, the chairman and other members of management in the exercise of its duties. Notwithstanding such consultation, the Compensation Committee retains absolute discretion over all compensation decisions with respect to the executive officers, including the chief executive officer and the chairman.

The Compensation Committee reviews our executive compensation program every year and may conduct an in-depth market analysis of executive compensation as it determines is necessary to ensure that our compensation programs meet our objectives. Decisions by the Compensation Committee relating to the compensation of our executive officers are reported to and approved by the full Board of Directors. The Compensation Committee considers recommendations of the chairman and the chief executive officer with respect to the compensation of executives but makes its own determinations in all cases. In determining the compensation of our executive officers, the Compensation Committee evaluates total overall compensation, as well as the mix of salary, cash bonus incentives and equity incentives, using a number of factors including the following:

our financial and operating performance, measured by attainment of specific strategic objectives and operating results;

the duties, responsibilities and performance of each executive officer, including the achievement of identified goals for the year as they pertain to the areas of our operations for which the executive is personally responsible and accountable;

historical cash and equity compensation levels; and

compensation competitiveness.

Compensation levels for executives are differentiated based on the principle that total compensation should increase with an executive's position and responsibilities, while at the same time, a greater percentage of total compensation should be tied to corporate and individual performance as position and responsibilities increase. In reviewing its performance-based compensation plans for executive officers, the Compensation Committee considers whether it is appropriately structured to promote the achievement of goals without encouraging the taking of unwarranted or excessive risk. In doing so, the Committee takes into account, among other things, the mitigation of the risks associated with performance-based compensation by other elements of our executive compensation programs and the overall balance among the compensation components. We believe that our employee compensation programs are designed with the appropriate balance of risk and reward in relation to our overall business strategy and do not incent executives or other employees to engage in conduct that creates unnecessary or unjustifiable risks.

Prior to 2010, we did not have a policy for recovering past compensation paid to our executives in the event that a restatement of our financial statements would have reduced compensation at the time of payment. In 2010, we modified our equity award agreements and annual cash bonus award plan to include certain repayment

provisions, or claw backs. Under the revised equity agreement, in the event the Compensation Committee determines that an executive willfully engaged in conduct harmful to us, the equity award may be forfeited and/or the executive may be required to repay any stock acquired or received as a result of the award or any sums realized as a result of the sale of stock acquired or received as a result of the award. Likewise, under the revised annual bonus plan, the Compensation Committee may require an executive to repay all or any portion of an award issued under the bonus plan if the Compensation Committee determines that the award was earned based on inaccurate financial objectives, performance data, metrics or other information or that the participant willfully engaged in conduct harmful to us.

2009 Compensation Program

In 2009, we employed a mix of base salary, annual cash bonus awards and equity incentive awards to compensate our executive officers. In setting the value and combination of the various components, we sought to align our executives' compensation with each executive's individual performance and with our performance on both a short-term and long-term basis. Our expectation remained that a significant portion of an executive's total compensation be tied both to our annual and long-term performance as well as to the creation of stockholder value.

Base Salary. Base salary levels for our executive officers are reviewed each year and adjusted based upon a variety of factors including the executive's tenure with us, scope of responsibility, individual performance, internal equity, experience and changes in the competitive marketplace. The factors impacting base salary levels are not independently assigned specific weights. In early 2009, Mr. Griffiths reviewed the base salary for each executive officer and presented the Compensation Committee with recommendations regarding changes in the base salaries for such executive officers. Mr. Griffiths proposed no salary increases for any of our named executive officers for 2009 as part of an effort to control expenses and manage our business more conservatively in a challenging economic environment.

The Compensation Committee considered Mr. Griffiths' recommendations as well as the factors noted above in determining the base salaries for the executive officers. With regard to the base salaries for our named executive officers, the Compensation Committee assessed, among other factors, their accomplishments during the year, their contributions to our performance and their responsibilities for our operations, as well as the economic environment and expense considerations.

With regard to our named executive officers, no base salary adjustments were implemented in 2009:

Executive	2008 Base Salary(1)(\$)	2009 Base Salary(2)(\$)
Mr. Griffiths	515,000	515,000
Mr. Terrell	230,000	230,000
Mr. Morrison	291,748	291,748
Mr. Shulklapper	258,125	258,125
Mr. Sullivan	309,000	309,000

Annual Cash Bonus Awards. Executives and certain salaried associates have the opportunity to earn an annual cash bonus under our Annual Bonus Plan for Executive Management (the Bonus Plan). The Bonus Plan is expressed as a percentage of annual base salary. The targeted bonus percentages vary among the Bonus Plan participants based upon, among other things, their responsibilities, ability to influence operations and performance, and position. Specifically, the following sets forth the target bonus amounts for our named executive officers and the amounts awarded and paid to each under the Bonus Plan for 2009:

Executive	2009 Base Salary(1)(\$)	Target Bonus Percentage	Target Bonus Amount(\$)	Percentage of Target Bonus Awarded in 2009	Bonus Amount Awarded in 2009(\$)
Mr. Griffiths	515,000	100%	515,000	92.75%	477,663
Mr. Terrell	230,000	50%	115,000	90.75%	104,363
Mr. Morrison	291,748	75%	218,811	94.81%	207,460
Mr. Shulklapper	258,125	75%	193,594	93.75%	181,494
Mr. Sullivan	309,000	100%	309,000	100%	309,000

(1) These figures represent the base salary for each individual after their 2009 reviews. The Bonus Plan includes two components. The first component is based upon our performance against financial goals set by the Compensation Committee. The second relates to each individual's performance against established personal goals for that individual. These personal goals are based on the areas of our operations for which the executive is personally responsible and accountable. At the executive level, the target bonus amount is weighted more heavily toward the corporate financial performance component, thereby more closely aligning executives' interests with the interests of stockholders. Specifically, in 2009, the two components were weighted for the named executive officers as follows:

75% on corporate performance against financial goals, and

25% on the achievement of personal goals established for each named executive officer.

For the corporate performance goal in 2009, the Compensation Committee determined that fully-diluted earnings per share (EPS), exclusive of non-recurring items, represented the most comprehensive financial measure in evaluating executive performance. A scale was established which set percentages of the corporate performance component that would be paid out depending on our actual EPS for the year. The scale was designed to provide incentive bonuses for superior achievement, while being consistent with the Compensation Committee's views on the appropriate levels of total compensation. The applicable scale for 2009 is set forth below:

Actual 2009 EPS	Corporate Performance Award Percentage
Below \$0.83	Zero
\$0.83 - \$0.86	25%
\$0.87 - \$0.91	50%
\$0.92 - \$0.96	75%
\$0.97 - \$1.06	100%
\$1.07 - \$1.15	110%
Above \$1.16	120%

Table of Contents

In 2009, actual EPS was \$0.97 per share. Accordingly, each of the named executive officers received 100% of the corporate performance component of the Bonus Plan. The following table summarizes the amounts paid to our named executive officers for the corporate performance component of the Bonus Plan for 2009:

Executive	Corporate Performance Target Amount(1)(\$)	Percentage of Corporate Performance Target Awarded	Corporate Performance Amount Awarded(\$)
Mr. Griffiths	386,250	100%	386,250
Mr. Terrell	86,250	100%	86,250
Mr. Morrison	164,108	100%	164,108
Mr. Shulkapper	145,196	100%	145,196
Mr. Sullivan	231,750	100%	231,750

(1) The Corporate Performance Target Amount is 75% of the Target Bonus Amount for each named executive officer. For the personal goal portion of the Bonus Plan in 2009, we sought to establish objectives for the executives that were both specific and, when possible, measurable with the understanding that they must be compatible with the individual's position. The goals were weighted to provide greater consistency between the individual's key areas of responsibility and the determination of the individual's bonus award, if any. The specific goals, and the weighting of those goals, for the named executive officers included the following:

Jeffrey W. Griffiths	Operating Margin Expansion (25%)

With regard to the goals relating to net sales, operating margin expansion, free cash flow, gross profit and marketing and advertising efficiency, if the goal was not met, the named executive officer did not receive any bonus relating to that goal. As for the other goals, it was possible for a named executive officer to receive a partial payment based upon his performance as evaluated by the Compensation Committee.

The Compensation Committee was provided with self-assessments from each named executive officer. In addition, Mr. Griffiths provided the Compensation Committee with recommendations regarding the proposed payout for each named executive officer, including himself, under the personal goals component of the Bonus Plan. His recommendations included an assessment of each named executive officer's performance against his personal goals and general contribution to the success of our operations. The Compensation Committee considered, among other things, the self-assessments, Mr. Griffiths' recommendations and certain operational and financial information and awarded the following sums to the named executive officers under the personal goals component of the Bonus Plan for 2009:

Executive	Personal Goal Target Amount(1)(\$)	Percentage of Personal Goal Target Awarded	Personal Goal Amount Awarded(\$)
Mr. Griffiths	128,750	71%	91,413
Mr. Terrell	28,750	63%	18,113
Mr. Morrison	54,703	79%	43,352
Mr. Shulklapper	48,398	75%	36,298
Mr. Sullivan	77,250	100%	77,250

(1) The Personal Goal Target Amount is 25% of the Target Bonus Amount for each named executive officer.

Mr. Griffiths' personal goals included both financial and operational targets. The targets that were not achieved included 2009 free cash flow of at least \$16 million and strategic project development relating to product allocation and logistics initiatives. He achieved his targets of 2009 sales of at least \$540 million, operating margin expansion of at least 8.2%, as adjusted for certain items including stock-based compensation expense, and a successful implementation plan for our integrated technology solution. He partially achieved his personal goal of new small market store locations being profitable as measured by those locations achieving a four-wall contribution as a percentage of net sales of 16%. Upon review and consideration of his performance toward these targets as well as the other goals noted above, Mr. Griffiths was awarded 71% of his personal goal target amount.

Mr. Terrell's personal goals included both financial and operational targets. The target that was not achieved was 2009 free cash flow of at least \$16 million. He achieved his goals of operating margin expansion of at least 8.2%, as adjusted for certain items including stock-based compensation expense, timely and accurate financial reporting and regulatory compliance, and a successful implementation plan for our integrated technology solution. He partially achieved his personal goals for store modeling, staff development and strategic project development relating to logistic initiatives and inventory strategy. As a result, Mr. Terrell was awarded 63% of his personal goal target amount.

Mr. Morrison's personal goals included both financial and operational targets. Mr. Morrison achieved his targets of 2009 sales of at least \$540 million and operating margin expansion of at least 8.2%, as adjusted for certain items including stock-based compensation expense. Mr. Morrison partially achieved his personal goals relating to new store performance including opening 34 new stores, product allocation, staff development, cost reductions of 5% in an average store, and new small market store locations being profitable as measured by those locations achieving a four-wall contribution as a percentage of net sales of 16%. In light of his accomplishments toward his goals, Mr. Morrison was awarded 79% of his personal goal target amount.

Mr. Shulklapper's personal goals included both financial and operational targets. Mr. Shulklapper achieved his targets of 2009 sales of at least \$540 million and gross profit of at least \$190 million. In addition, he partially

achieved his personal goals relating to vendor-mill relationships, product allocation, product assortments and strategic project development of logistic initiatives. Based upon a review of his performance toward these goals, Mr. Shulklapper was awarded 75% of his personal goal target amount.

Mr. Sullivan's personal goals were focused primarily on effectively managing our marketing and advertising strategies while increasing marketing and advertising efficiency by leveraging at least 20 basis points of the associated expenses in comparison to 2008. He was able to achieve that target in 2009, as well as his personal development goal. Upon review and consideration of his performance toward his goals, Mr. Sullivan was awarded 100% of his personal goal target amount.

Equity Incentive Awards. The long-term component of our compensation program consists of the grant of equity awards that are intended to create a mutuality of interest with stockholders by motivating our executive officers to manage our business so that our stockholders' investment will grow in value over time. The equity awards are also intended to reward longevity and increase retention, as we do not maintain a defined benefit pension plan or provide other post-retirement medical or life benefits. Because the benefit received, if any, depends upon the performance of our stock price over the term of the equity incentive award, such awards are intended to provide incentives for executive officers to enhance our long-term performance, as reflected in stock price appreciation over the long term, thereby increasing stockholder value.

We currently provide equity awards pursuant to the Lumber Liquidators Holdings, Inc. 2007 Equity Compensation Plan (the "2007 Plan"), from which we grant stock options and restricted stock awards. Equity awards to the executive officers have generally been in the form of non-qualified stock options with vesting periods of four years. We intend equity awards to be a significant portion of our executive officers' total compensation in order to align their interests with our long-term growth and success.

In 2009, non-qualified stock options were awarded to certain of our named executive officers. In determining the amounts of the awards, the Compensation Committee considered recommendations submitted by Mr. Griffiths and an evaluation of the fair value of the equity award in relation to the individual's total compensation. The following is a list of the equity awards approved by the Compensation Committee and awarded to our named executive officers in 2009:

Executive	2009 Option Awards\$(1)
Mr. Griffiths	
Mr. Terrell	160,000
Mr. Morrison	160,000
Mr. Shulklapper	119,996
Mr. Sullivan	

- (1) The amounts in this column reflect the aggregate grant date fair value of awards granted during the year computed in accordance with ASC 718, *Compensation-Stock Compensation*. For a discussion of the assumptions relating to these valuations, see Note 6 - Stock-Based Compensation to our audited financial statements included in Item 8 of the Form 10-K filed with the SEC on February 18, 2010.

With regard to Mr. Griffiths and Mr. Sullivan, the Compensation Committee believed that their existing equity interests and other compensation provide sufficient alignment with stockholder interests and focus on long-term growth. The equity awards for Mr. Terrell, Mr. Morrison and Mr. Shulklapper were based upon their respective responsibilities as well as retention considerations, compensation levels among our other executive officers, and other factors noted above.

2010 Compensation Program

Under the leadership of the Compensation Committee, we intend to continue our management of compensation with the following objectives:

to maintain a straightforward and flexible program that allows us to make adjustments in response to changes in market conditions;

to provide compensation packages necessary to attract and retain key executives to help ensure that we remain competitive;

to provide non-equity incentive compensation that depends on the executive's individual performance, and our financial performance, as compared against established goals; and

to provide an appropriate link between compensation and the creation of stockholder value through equity awards tied to our long-term performance.

To achieve these objectives, we will continue to utilize a mix of base salary, annual cash bonus awards and equity incentive awards. These components of executive compensation will be used together to strike an appropriate balance between cash and stock compensation and between short-term and long-term incentives. In addition, we will continue to manage the risks inherent with performance-based compensation by ensuring that our compensation components, when viewed as a whole, do not encourage unnecessary risk-taking. Base salary will remain a key part of our executive compensation, allowing us to attract and retain qualified executives. The annual cash bonus will be used to incentivize our executives to successfully coordinate efforts, in both the short and long terms, to enhance our business, and therefore stockholder value. The annual cash bonuses will continue to be awarded on the basis of a combination of our achievement of certain objective financial performance measures and individual attainment of personal goals relating to areas of operations that he/she can control or influence. Finally, equity awards will continue to be awarded to executives in the form of stock options, restricted stock and/or unrestricted stock in a manner that seeks to align management's interests with long-term stockholder interests and encourage retention of key performers.

Tax Deductibility Under Section 162(m)

Section 162(m) of the Internal Revenue Code imposes a limitation on the deductibility of non-performance based compensation in excess of \$1 million paid to named executive officers of public companies. We intend to qualify executive compensation for deductibility under Section 162(m) if doing so is consistent with our best interests and the interests of our stockholders. Because our corporate objectives may not always be consistent with the requirements of full deductibility, it is conceivable that we may enter into compensation arrangements in the future under which payments are not deductible under Section 162(m). We currently believe that we should be able to continue to manage our executive compensation program for the named executive officers to preserve the related federal income tax deductions, although individual exceptions may occur.

Retirement, Deferred Compensation and Pension Plans

Our executive officers who are eligible may participate at their election in our 401(k) retirement savings plan that provides employees with an opportunity to contribute a portion of their cash compensation to the plan on a tax-deferred basis to be invested in specified investment options and distributed upon their retirement. Consistent with the 401(k) plan, we match 50% of each employee's contributions to the 401(k) plan up to a maximum of 3% of the employee's base salary. The employer matching contribution vests based on the employee's years of service.

The Board has not adopted any plans for the deferral of executive compensation or for the payment of defined benefits or pensions based on an executive officer's salary and/or years of service. In addition, we have not adopted a supplemental executive retirement plan or other excess plan that pays benefits to highly compensated executives whose salaries exceed the Internal Revenue Service's maximum allowable salary for qualified plans.

Discussion of the Summary Compensation Table and Grants of Plan-Based Awards Table

Employment Agreement with Jeffrey W. Griffiths. In September 2006, we entered into an agreement with Jeffrey W. Griffiths whereby Mr. Griffiths agreed to serve as our president and chief executive officer for a four-year term commencing September 18, 2006. The agreement provides for an annual base salary of \$500,000, which may be increased based on an annual performance review. In addition, the Board in its discretion may award Mr. Griffiths an annual performance bonus, based on our financial performance and Mr. Griffiths' job performance. Under the agreement, Mr. Griffiths was granted options to purchase 745,000 shares of our common stock (approximately 3% of our outstanding shares at that time) at the fair market value as of October 18, 2006 (determined based on a valuation of the stock as of October 1, 2006). The options vest 25% on each of the first four anniversaries of the grant, provided that the options will become fully vested upon the occurrence of a Griffiths Agreement Sale Event (defined as (i) our dissolution or liquidation, (ii) a sale of all or substantially all of our assets or (iii) a merger, reorganization or consolidation in which our stock is converted into or exchanged for securities of a successor entity and the holders of a majority of voting power prior to the transaction do not hold a majority of voting power of the successor entity following the transaction).

Pursuant to an amendment entered by the parties in December 2009, the term of the agreement was extended by an additional eighteen (18) months. Further, in accordance with the amendment, Mr. Griffiths was granted options to purchase a whole number of shares of our common stock with a cumulative fair value of \$750,000. Based on the fair market value of an option on January 1, 2010, Mr. Griffiths was granted options to purchase 80,299 shares of our stock. The exercise price for the options was equal to the fair market value of our stock as of January 1, 2010. The options vest, and will be exercisable, on March 17, 2012, subject to Mr. Griffiths' continued employment with us through that date.

Potential Payments Upon Termination or Change of Control

Under his employment agreement, in the event of his disability or death, Mr. Griffiths is entitled to receive a prorated portion of his annual performance bonus. If (a) we terminate Mr. Griffiths' employment without Cause (as defined in his agreement), (b) Mr. Griffiths terminates his employment within 60 days following a Griffiths Agreement Sale Event (as defined above under the description of Mr. Griffiths' employment agreement) that results in a material reduction in his compensation or responsibilities or (c) Mr. Griffiths terminates his employment for Good Reason (as defined in his agreement), Mr. Griffiths is entitled to receive two times his base salary in a lump sum and a prorated portion of his annual performance bonus. Upon the occurrence of a Griffiths Agreement Sale Event, Mr. Griffiths' options will become fully vested, as disclosed in the table below. If his employment had been terminated without cause or he had terminated his employment for Good Reason on December 31, 2009, we would have paid Mr. Griffiths \$3,533,000.

We do not have any agreements with any of the other named executive officers that provide for severance payments upon termination of their employment or in connection with a change in control of us. The agreements pursuant to which equity awards have been granted to the other named executive officers, however, contain provisions for accelerated vesting upon a change in control of us.

Outside Directors Deferral Plan

On November 21, 2008, the Board of Directors adopted the Lumber Liquidators Holdings, Inc. Outside Directors Deferral Plan (the "Deferral Plan") under which each of our non-employee directors has the opportunity to defer receipt of all or a portion of his fees until his departure from the Board. In so doing, the

Table of Contents

Board intended to provide an incentive to the non-employee directors to own shares of our common stock, thereby aligning their interests more closely with the interests of our stockholders. Deferral elections must be made by December 31 for the deferral of fees in the next calendar year.

Under the Deferral Plan, a non-employee director may elect to defer up to 100% of his compensation in 25% increments and have such compensation invested in deferred stock units. Deferred stock units attributable to the deferral of cash compensation are credited as of the day on which such compensation is otherwise payable in accordance with our then applicable director compensation policies (the Payment Date), and the number of deferred stock units is determined by dividing the deferred compensation payable on the Payment Date by the closing price of our common stock as of the Payment Date. Deferred stock units credited with respect to restricted common stock awards are determined using the closing price as of the grant date of the award of such shares of common stock. Deferred stock units must be settled in common stock upon the director's departure from the Board. Although certain non-employee directors elected to defer their 2009 compensation, there were no deferred stock units outstanding in 2009, in that the restricted stock awarded in 2009 does not vest until May 21, 2010.

A person is also deemed to be a beneficial owner of any securities if that person has the right to acquire beneficial ownership within 60 days of the relevant date. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have a formal written policy concerning related party transactions. Under that policy, a related party transaction is a transaction, arrangement or relationship involving us, on the one hand, and (i) our director, executive officer or employee, his or her immediate family members or any entity that any of them controls or in which any of them has a substantial beneficial ownership interest; or (ii) any person who is the beneficial owner of more than 5% of our voting securities or a member of the immediate family of such person. The Audit Committee evaluates each related party transaction for the purpose of recommending to the disinterested members of the Board whether the transaction is fair, reasonable and within our policy, and should be ratified and approved by the Board. At least annually, management will provide the Audit Committee with information pertaining to related party transactions. Related party transactions entered into, but not approved or ratified as required by the policy concerning related party transactions, will be subject to termination by us or the relevant subsidiary, if so directed by the Audit Committee, taking into account factors as it deems appropriate and relevant.

Currently, the only related person transactions are the transactions with Tom Sullivan, our founder and chairman, and with TA Associates, all as described in more detail below. With the exception of the renewals in 2009 of certain leases involving Mr. Sullivan, all of these arrangements were entered into prior to the establishment of our related party transaction policy. The renewals were handled in accordance with the policy.

Relationship with TA Associates

In 2004, we entered into a registration rights agreement covering shares of our common stock held by certain funds affiliated with TA Associates, Inc. Our director, Mr. Tadler is a managing director of TA Associates, Inc. The registration rights agreement provides for demand and piggyback registration rights under certain circumstances. With exceptions, registration expenses are our responsibility, but the registration rights agreement does not provide for liquidated damages. As of November 25, 2009, the funds no longer held any of our common stock.

Leases Involving Mr. Sullivan

As of March 31, 2010, we lease our Toano finishing, distribution and headquarters facility, which includes a store location, and 24 of our other store locations from ANO LLC (ANO), a company that is wholly owned by Mr. Sullivan. The operating lease for our Toano facility has a base period that runs through December 31, 2019. Our store leases generally have five-year base periods and one or more five-year renewal periods. Our rent expense attributable to ANO was \$2.4 million in 2009 and we expect a similar rent expense attributable to ANO in 2010. The future minimum payments under our leases with ANO as of December 31, 2009 total approximately \$15.3 million.

We lease one store location each from Wood on Wood Road, Inc. (Wood on Wood) and BMT Holdings, LLC (BMT). Wood on Wood is wholly owned by Mr. Sullivan, and he has a 50% membership interest in BMT. Each lease is for a five-year base period and has a five-year renewal period. Our rent expense attributable to Wood on Wood was \$0.08 million in 2009. Our rent expense attributable to BMT was \$0.05 million in 2009. We expect to incur similar rent expenses attributable to Wood on Wood and BMT in 2010. The future minimum payments under our leases with Wood on Wood and BMT as of December 31, 2009 total \$0.3 million and \$0.1 million, respectively.

We believe that the leases that we have signed to date with ANO, Wood on Wood and BMT, which are described in more detail in Note 5 to our audited financial statements included in Item 8 of the Form 10-K filed with the SEC on February 18, 2010, are on fair market terms.

The Audit Committee has oversight responsibilities only and it is not acting as an expert in accounting or auditing. The Audit Committee relies without independent verification on the information provided to its members and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that our consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States or that the audit of our consolidated financial statements by the independent auditors has been carried out in accordance with auditing standards generally accepted in the United States.

Management has the primary responsibility for the preparation of our 2009 consolidated financial statements and the overall reporting process, including the systems of internal control over financial reporting, and has represented to the Audit Committee that our 2009 consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee reviewed and discussed the audited consolidated financial statements with management and the independent auditors. In accordance with the requirements established by the Statement on Auditing Standards No. 61, as amended, *Communications with Audit Committees*, these discussions included, among other things, a review of significant accounting policies, their application and estimates, and the independent auditors' judgment about our accounting controls and the quality of our accounting practices.

The Audit Committee has received from the independent auditors written disclosures and a letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent accountant the independent accountant's independence.

Relying on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, for filing with the SEC.

PROPOSAL TWO

RATIFICATION OF THE SELECTION OF

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2010. We are asking the stockholders to ratify this selection. If our stockholders fail to ratify the selection of Ernst & Young, the Audit Committee and our Board will consider whether to retain Ernst & Young and may retain that firm or another firm without resubmitting the matter to our stockholders. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered accounting firm at any time during the year if it determines that such a change would be in our and our stockholders' best interest.

The affirmative vote of the holders of shares representing a majority of the votes cast at the Annual Meeting, in person or by proxy, is required to ratify the selection of the independent registered public accounting firm.
