IMPORTANT NOTICE REGARDING AVAILABILITY OF PROXY MATERIALS

Edgar Filing: ODYSSEY MARINE EXPLORATION INC - Form DEF 14A

This year, in accordance with rules promulgated by the Securities and Exchange Commission, we have again elected to use the Internet as our primary means of furnishing proxy materials to our stockholders. Therefore, most stockholders will not receive paper copies of our proxy materials. Instead we will send these stockholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials and voting by use of the Internet. The Notice of Internet Availability of Proxy Materials also informs stockholders how to get paper copies of our proxy materials if they wish to do so. We believe this method of proxy distribution will make the proxy distribution process more efficient, less costly, and will contribute to the conservation of natural resources. If you previously elected to receive our proxy materials electronically, these materials will continue to be sent via e-mail unless you change your election.

The Notice and Proxy Statement and Annual Report on Form 10-K are available at www.proxyvote.com.

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD JUNE 3, 2010

ABOUT THE MEETING

Who is entitled to vote at the meeting?

All voting rights are vested exclusively in the holders of our common stock, with each share entitled to one vote on all matters to be voted upon at the meeting. Only stockholders of record at the close of business on April 5, 2010, are entitled to notice of and to vote at the meeting or any adjournment thereof. On April 5, 2010, we had 64,870,926 shares of common stock outstanding. Cumulative voting in the election of directors is not permitted.

How many shares must be present to establish a quorum?

A majority of Odyssey's outstanding common stock represented in person or by proxy shall constitute a quorum at the meeting. Shares represented by a properly signed and returned proxy will be treated as present at the annual meeting for purposes of determining a quorum, without regard to whether the proxy is marked as casting a vote. Likewise, stock represented by broker non-votes will be treated as present for purposes of determining a quorum. Broker non-votes are proxies with respect to shares held in record name by brokers or nominees, as to which instructions have not been received from the beneficial owners or persons entitled to vote and the broker or nominee does not have discretionary voting power under applicable national securities exchange rules or the instrument under which it serves to vote such shares on that matter. On July 1, 2009, the SEC approved the New York Stock Exchange's (NYSE) proposed rule change that eliminates broker discretionary voting in uncontested director elections effective at stockholder meetings held on or after January 1, 2010. The amendments to Rule 452 will also have the effect of eliminating discretionary broker voting for NASDAQ listed companies. Therefore, if you hold your shares through a broker, your broker is permitted to vote your shares on routine matters, which includes the ratification of the Independent Registered Public Accounting Firm, even if the broker does not receive instructions from you.

The election of directors and the proposed amendment to the 2005 Stock Incentive Plan are not routine matters, so your broker may not vote your shares on this proposal without receiving instructions from you.

How do I vote?

Stockholders of Record: Shares Registered in Your Name

As an alternative to voting in person at the annual meeting, stockholders whose shares are registered in their own names may vote without attending the annual meeting by telephone, over the Internet, or by mail as described below:

VOTE BY INTERNET - www.proxyvote.com

Edgar Filing: ODYSSEY MARINE EXPLORATION INC - Form DEF 14A

Use the Internet to transmit your voting instructions and for electronic delivery of information up until 11:59 P.M. Eastern Daylight Time on June 2, 2010. Have your proxy card in hand with the 12 Digit Control Number available when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form.

Table of Contents

VOTE BY MAIL

Mark, sign and date your proxy card and return it in the postage-paid envelope we have provided or return it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, New York 11717.

VOTE BY TELEPHONE

You can transmit your voting instructions up until 11:59 P.M. Eastern Daylight Time on June 2, 2010, by telephone following the instructions on your Proxy Card.

ELECTRONIC DELIVERY OF FUTURE PROXY MATERIALS

If you would like to reduce the costs incurred by our Company in mailing proxy materials, you can consent to receiving all future proxy statements, proxy cards and annual reports electronically via e-mail or the Internet. To sign up for electronic delivery, please follow the instructions above to vote using the Internet and, when prompted, indicate that you agree to receive or access proxy materials electronically in future years.

Beneficial Owners: Shares Held in Street Name

If your shares are registered in the name of a bank or brokerage firm (your record holder), you will receive a notice regarding availability of proxy materials that will tell you how to access our proxy materials and provide voting instructions to your broker over the Internet. It will also tell you how to request a paper or e-mail copy of our proxy materials.

Note to Beneficial Owners: Under applicable laws, a bank, broker or nominee has the discretion to vote on routine matters, which includes the ratification of the appointment of an independent registered public accounting firm. SEC rule changes no longer permit a bank, broker or nominee to vote on behalf of beneficial owners with respect to nonroutine matters such as the uncontested elections of directors and the proposed amendment to the 2005 Stock Incentive Plan. As noted, if you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposals on which your broker does not have discretionary authority to vote. If you hold shares through a bank or brokerage firm and wish to be able to vote in person at the annual meeting, you must obtain a legal proxy from your brokerage firm, bank or other holder of record and present it to the inspector of elections with your ballot. Stockholders who have elected to receive the 2010 proxy materials electronically will receive an e-mail on or about April 21, 2010, and no later than April 23, 2010, with information on how to access stockholder information and instructions for voting.

TO REQUEST PAPER COPIES OF PROXY MATERIALS: If you want to receive a paper or e-mail copy of these documents, you must request one. There is no charge to you for requesting a copy. Please make your request for a copy on or before May 20, 2010, to facilitate timely delivery. Please choose one of the following methods to make your request: (1) BY INTERNET: www.proxyvote.com; (2) BY TELEPHONE: 1-800-579-1639; (3) BY E-MAIL: sendmaterial@proxyvote.com. NOTE: Include the 12 Digit Control Number located on the Notice in the subject line of your e-mail.

Can I change my vote after submitting a Proxy?

You may revoke or change a previously delivered proxy at any time before the annual meeting by delivering another proxy with a later date, by voting again via the Internet or by telephone, or by delivering written notice of revocation of your proxy to Odyssey's Secretary at our principal executive offices before the beginning of the annual meeting. You may also revoke your proxy by attending the annual meeting and voting in person, although attendance at the annual meeting will not, in and of itself, revoke a valid proxy that was previously delivered. If you hold shares through a bank or brokerage firm, you must contact that bank or brokerage firm to revoke any prior voting instructions. You may also vote in person at the annual meeting if you obtain a legal proxy as described above.

Regardless of how your shares are held and whether or not you plan to attend the annual meeting, we encourage you to vote by proxy to ensure that your vote is counted. Please note that you may still attend the annual meeting and vote in person even if you have already voted by proxy.

Table of Contents

Information about attending the Annual Meeting.

If you plan to attend the meeting, please bring the following:

1. Proper identification containing recent photograph such as a driver's license or passport. We may inspect your bags or packages, and we may require you to check them and in some cases, we may not permit you to enter the meeting with them.
2. Acceptable Proof of Ownership if your shares are held in Street Name.

Street Name means your shares are held of record by brokers, banks or other institutions.

Acceptable Proof of Ownership is (a) a letter from your broker stating that you owned Odyssey Marine Exploration, Inc. stock on the record date or (b) an account statement showing that you owned Odyssey Marine Exploration, Inc. stock on the record date.

What is the voting requirement to approve each of the proposals?

The election of directors requires the affirmative vote of a plurality of the votes cast by shares represented in person or by proxy and entitled to vote for the election of directors. This means that the nominees receiving the most votes from those eligible to vote will be elected. You may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. Accordingly, votes withheld as to the election of directors will not affect the election of the candidates receiving the plurality of votes.

An affirmative vote of the majority of the shares of common stock represented and entitled to vote at the meeting, assuming a quorum is present, is necessary for the approval of other matters. For other matters, broker non-votes are not included in the vote totals. If you grant a proxy, the persons named as proxy-holders will have the discretion to vote your shares on any additional matter properly presented for a vote at the meeting. We are not aware of any other business to be acted upon at the meeting.

Where can I find the voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the Inspector of Elections and will be subsequently published by us by the filing of a Form 8-K with the SEC within 4 business days of the annual meeting.

ELECTION OF DIRECTORS Proposal 1

The Board of Directors currently consists of six members. The Board of Directors recommends the election as directors of the six nominees listed below, to hold office until the next Annual Meeting of Stockholders and until their successors are elected and qualified or until their earlier death, resignation or removal. Each of the six current members of the present Board of Directors has been nominated for re-election. The persons named as Proxies in the form of Proxy will vote the shares represented by all valid returned proxies in accordance with the specifications of the stockholders returning such proxies. If at the time of the meeting any of the nominees named below should be unable to serve, which event is not expected to occur, the discretionary authority provided in the Proxy will be exercised to vote for such substitute nominee or nominees, if any, as shall be designated by the Board of Directors. **Please note that brokers may no longer vote on the election of directors in the absence of specific client instruction. Those who hold shares in a brokerage account are encouraged to provide voting instructions to their broker.**

CORPORATE GOVERNANCE

Board of Directors and Executive Officers

The Board of Directors held twelve scheduled meetings and four executive sessions of independent directors during the fiscal year ended December 31, 2009. Each director attended at least 90% or more of the aggregate number of meetings held by the Board of Directors and its committees during the time each such Director was a member of the Board or of any committee of the Board.

Directors standing for election are expected to attend the Annual Meeting of Stockholders. All of the six directors standing for election at the 2009 Annual Meeting of Stockholders attended the meeting.

Executive officers hold office until the next annual meeting of directors of the Company, which currently is scheduled for June 3, 2010. There are no known arrangements or understandings between any director or executive officer and any other person pursuant to which any of the above-named executive officers or directors was selected as an officer or director of the Company. No event occurred during the past ten years which is material to an evaluation of the ability or integrity of any director or person nominated to be director or executive officer of the Company.

Board Leadership Structure

Chairman/Chief Executive Officer

The Company's Governance and Nominating Committee is charged, under its *Charter and Guidelines*, with continually assessing the optimal corporate governance structure of the Company, consistent with the needs of the Company, the enhancement of stockholders value, and with best practices. Under its current structure, the Company's Board is led by an individual who serves both as Chairman of the Board and is also the Company's Chief Executive Officer. In light of its decision to have a combined Board Chair and Chief Executive Officer position, the Company has also instituted the position of Lead Independent Director, which is held by a Board member who does not also serve as an executive officer of the Company. The role and responsibilities of our Lead Independent Director are described below under the heading **Lead Independent Director**. Combining the Chairman and Chief Executive Officer positions allows that individual as Chief Executive Officer to manage the day-to-day operations and interface with the Executive Committee and management, and, while chairing the Board meetings, together with insight from the Lead Independent Director, provides a wealth of information to oversight, planning and strategic issues. Given the Board's small size and its operating practices, we believe having a single person, acting in the capacities of Chairman and Chief Executive Officer, provides unified leadership and focus, and this is the best governance structure for our Company and stockholders at this time. Our Governance and Nominating Committee has committed to review whether combining these positions continues to serve the best interests of the Company and its stockholders.

Table of Contents

Lead Independent Director

In accordance with the Company's decision to have a combined Board Chair and Chief Executive Officer position, the Company has also established a counterbalancing governance structure that includes the position of Lead Independent Director as set forth in the *Governance and Nominating Charter and Guidelines*, which was amended and modified on March 4, 2010. The Lead Independent Director is to be held by a Board member who does not also serve as an executive officer of the Company. The position of Lead Independent Director, appointed by the independent members of the Board, will be rotated periodically between the available independent directors who have served on the Board for not less than one year. Since January 2008, our Board of Directors has appointed David J. Bederman, an independent director, to serve as the Lead Independent Director.

The Lead Director's primary function is to serve as a liaison between the independent directors and the chairman, as well as other executive officers. In addition, the Lead Director's duties also include: (1) presides at all meetings of the Board at which the chairman is not present, including executive sessions of the independent directors; (2) assists in the preparation and approval of agendas, discussion points, and action items for Board meetings; (3) approves meeting schedules to assure that there is sufficient time for discussion of all agenda items; (4) has the authority to call meetings of the independent directors; (5) and, if requested by major shareholders, be available for consultation and direct communication.

Executive Sessions

Our independent directors on the Board of Directors meet regularly in executive session without employee-directors or other executive officers present. The Lead Independent Director presides at these meetings. In 2009, the independent directors met four times.

Annual Board Self-Assessments

To ensure that our Board of Directors and its committees are performing effectively and in the best interests of the Company and its stockholders, the Board performs an annual assessment of itself and its committees. The self-evaluation was completed last December 2009, and the assessments were very helpful in evaluating the overall effectiveness of the Board. The make-up and performance of the Board and its committees showed a high level of competence and dedication, which indicated that the Board as a whole works very well together and the members are responsive to any request for input and guidance.

Board Diversity

The Company understands and appreciates that a Board of Directors consisting of individuals with diverse profiles, experiences, skills, and attributes contributes positively to corporate governance and enhancing shareholder value. While the Company has no express diversity policy in the identification of nominees for director, this is implicit in the Charter and Guidelines of the Governance and Nominating Committee.

Service on Other Boards of Directors

Our Board of Directors believes that each director of the Company shall be allowed to sit on the board of not more than two, public for-profit companies, without the prior approval of the Board of Directors. It is the position of the Board that approval of a director to sit on more than two boards simultaneously will be limited to special circumstances, provided that the arrangement will not interfere with the director carrying out the duties to the Board of the Company.

Independence of Board Committee Members

The Company has four directors, Bradford B. Baker, David J. Bederman, David J. Saul and Jon D. Sawyer who are independent directors as defined in Section 4200 of the listing standards of the NASDAQ Stock Market. The Board of Directors affirmatively determined on March 4, 2010, that each of the four independent directors continues to meet the standards for independence established by NASDAQ. Dr. Bederman, however, does not meet the independence standards for service on the Audit Committee due to an arrangement whereby he has been compensated for legal services since January 2008.

Table of Contents**Risk Oversight**

Risk assessment and oversight is a key function of the Company's Board of Directors. In plenary meetings of the Board, risk assessment and oversight issues are a frequent issue of discussion and action. Because of its significance, the task of risk assessment and oversight is operationally shared by the Audit Committee and Governance and Nominating Committee. Because of the small size of the Company's Board and its current operating practices, there is no separate Board committee for compliance or risk oversight.

Committees of the Board

The standing committees of our Board of Directors are the Governance and Nominating Committee, the Audit Committee and the Compensation Committee. The table below provides current membership for each of these committees.

Governance and Nominating Committee

The Company initially established a Governance Committee in May 2004. The *Governance and Nominating Charter and Guidelines* was amended and restated on March 7, 2008, and was further amended by the Board on March 4, 2010, to comply with new requirements mandated by the Securities and Exchange Commission (the SEC) effective as of February 28, 2010. A copy of the *Governance and Nominating Committee Charter and Guidelines* is available on our web site at www.shipwreck.net.

The Governance and Nominating Committee presently consists of David J. Bederman, Chairman, Bradford B. Baker, David J. Saul, and Jon D. Sawyer. The purpose of the committee is to provide assistance to the Board of Directors in fulfilling its responsibility with respect to oversight of the appropriate and effective governance of the Company including (i) identification and recommendation of qualified candidates for election to its Board of Directors and its committees; (ii) development and recommendation of appropriate corporate governance guidelines for the Company; (iii) recommendation of appropriate policies and procedures to ensure the effective functioning of the Board of Directors; (iv) recommendations regarding the appointment of corporate officers and the adoption of appropriate processes to ensure management succession and development plans for the principal officers of the Company and its key subsidiaries; and (v) recommendations regarding proposals submitted by stockholders of the Company. During the fiscal year ended December 31, 2009, the committee held four meetings.

The nomination process for incumbent members of the Board consists of an annual review by the committee in which the committee reviews each member's (i) ability and willingness to continue service on the Board; (ii) past performance as a member of the Board; and (iii) continued Board eligibility and independence. In the event that a director vacancy arises, the committee shall seek and identify a qualified director nominee to be recommended to the Board for either appointment by the Board to serve the remainder of the term of the director position that is vacant or election at the stockholders' annual meeting. A director nominee shall meet the director qualifications as determined by the Board from time to time, including that the director nominee possesses personal and professional integrity, has good business judgment, relevant experience and skills and will be an effective director in conjunction with the full Board in collectively serving the long-term interests of the Company's stockholders. The committee uses a *Director Nomination Form* and *Corporate Director Questionnaire* to assess the background and qualification of prospective candidates.

Table of Contents

A candidate may be nominated for appointment or election to the Board by the committee or by a stockholder owning at the time of the recommendation not less than 1% of the Company's outstanding common stock. During the fiscal year ended December 31, 2009, the Audit Committee held four regular meetings and three private sessions with auditors. The report of the Audit Committee is included in this Proxy Statement.

Audit Committee Financial Expert

The Board of Directors has determined that Mr. Baker is an audit committee financial expert as defined in Item 407(d)(5) of Regulation S-K, by virtue of the fact that, among other things, he was past Audit Committee Chair for Dobi Medical, past Chief Executive Officer of a public company, authored a general ledger accounting software package, past Secretary of the Resolution Trust Corporation Oversight Board (RTC) and attended numerous audit related training seminars, and in that capacity has acquired the relevant experience and expertise and has the attributes set forth in the applicable rules in order to constitute him as an audit committee financial expert.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Oversight of Executive Compensation Plan

The Compensation Committee of our Board of Directors oversees our executive compensation program. This includes compensation paid to our Chief Executive Officer (CEO) and all other officers named in the Summary Compensation Table. Our Compensation Committee is made up of independent, non-management members of our Board of Directors. The Compensation Committee is responsible for reviewing, assessing and initially approving all elements of compensation for our named executive officers. Compensation recommendations from the Compensation Committee are submitted to the full Board of Directors for approval.

Throughout this proxy statement, the individuals who served as the Company's CEO and Chief Financial Officer (CFO) during 2009, as well as the other individuals included in the Summary Compensation Table, are referred to as the named executive officers or NEOs. The Company has not entered into employment agreements with any of the named executive officers.

Role of the Executive Officers in Compensation Decisions

The CEO assesses the performance of the NEOs. He then recommends to the Compensation Committee a base salary, performance-based incentives and long-term equity awards at levels for each NEO, including himself, based upon that assessment. The CFO supports the CEO in providing appropriate analyses, peer group reviews and coordination with any outside consultants which may be retained to review the executive compensation program.

Table of Contents

General Executive Compensation Philosophy

We have adopted a compensation program designed to attract, motivate and retain key executive employees, to drive business success and to create long-term stockholder value. We compensate our executive officers with base salary, annual incentive compensation and long-term equity compensation planned to be competitive in the marketplace and to align our executive officers with the financial interest of our stockholders. We have designed our compensation program to balance short-term and long-term financial objectives, to encourage building stockholder value and to reward individual and company performance. We target base salary at levels to attract and retain qualified individuals, to encourage long-term commitments and to discourage turnover of key personnel. Annual incentive compensation is paid to reward executives for company and personal achievement. The long-term equity component of compensation is designed to encourage our executives to think like stockholders by taking a long-term interest in the financial success of the Company and to encourage retention through vesting provisions of long-term incentives. We also target annual incentive awards and long-term equity awards to be a greater part of the compensation package. Since our Company is still operating at a loss, we take into account our ability to pay as a factor when determining base or incentive compensation that is to be paid in cash. The Compensation Committee considers the use of cash and the current financial conditions of the Company when approving cash-based compensation. In certain cases it may be necessary to pay annual incentive award compensation in equity depending upon the Company's current situation.

General Stock Option or Restricted Stock Award Philosophy

Stock options and/or restricted stock are awarded to strengthen the relationship between the long-term value of our stock and potential financial incentives to our executive officers. These awards only become valuable if the recipient continues to be employed by us and if the value of our common stock rises to a level above the option exercise price or grant date stock price established by the Compensation Committee on the grant date of the award. Stock options or restricted stock can vest based on time or time plus performance; however, we do not use market related targets in any stated performance criteria. While our Compensation Committee can set option prices as low as the fair market value on the date of grant, we have many times awarded options at a premium over fair market value as an incentive to our executive officers to strive for long-term improvement in the financial condition of our Company.

When stock options and/or restricted stock are awarded to officers as part of our compensation plan, the awards are to be granted as close to January 1st each year as is reasonably practical. The awards are made as early as practical in the year so that the time associated with any performance criteria is maximized. This practice avoids market timing of the grant of options around expected news releases.

Setting Executive Compensation and Market Compensation Assessment

2009 Market Assessment

For benchmarking the 2009 executive compensation program, we used the same peer group of companies that we used for 2007 and 2008. This peer group included 26 companies obtained from the Bloomberg database of AMEX and NASDAQ companies with \$125 - \$175 million in market capitalization and under \$10 million in revenue. During 2008, we also evaluated a new Bloomberg listing of 13 companies that had between \$150 - \$300 million in market capitalization for the biomedical industry and under \$10 million of revenues. Based upon our analyses of the two separate peer groups in 2008, we decided to maintain consistency by using the original peer group used for 2007, even though the results for the new peer group had higher annual base compensation. During 2009, we acquired access to the Equilar executive compensation data base. Equilar's award-winning product suite is the gold standard for benchmarking and tracking executive compensation, board compensation, equity grants and award policies and compensation practices. Equilar products and custom research services enable us to accurately compare pay packages across our own peer group as well as thousands of public companies using SEC and exclusive survey data. In 2009, we continued to utilize the original 26 peer group companies which are listed as follows:

Altair Nanotechnologies Inc.
Anadys Pharmaceuticals Inc.
Astrom Biosciences Inc.
Arrowhead Research Corp.
Artes Medical Inc.
AVI BioPharma Inc.
Cytori Therapeutics Inc.
CytRx Corp.
Depomed Inc.

Grubb & Ellis Realty Advisors Inc.
Hemisphere BioPharma Inc.
Hollis-Eden Pharmaceuticals Inc.
General Moly, Inc.
InSite Vision Inc.
Interleukin Genetics Inc.
MGT Capital Investments, Inc.
Microvision Inc.
Oxigene Inc.

Edgar Filing: ODYSSEY MARINE EXPLORATION INC - Form DEF 14A

Discovery Laboratories Inc.
Document Security Systems Inc.
Dune Energy Inc.
Emisphere Technologies Inc.

Pure Cycle Corp.
Repros Therapeutics Inc.
Telkonet Inc.
Threshold Pharmaceuticals Inc.

Table of Contents

The characteristics of the above peer group include high market capitalization (peer group average \$88 million), low revenue (peer group average \$12 million) and negative earnings per share. These characteristics are indicative of companies with long-term growth prospects and market value potential. It was our opinion this peer group could continue to be utilized to benchmark executive compensation for Odyssey. While benchmarking may not always be appropriate as a stand-alone tool for setting compensation due to the aspects of our business and objectives that may be unique to us, we generally believe that gathering this type of information and providing it to the Compensation Committee is an important part of our executive compensation decision-making process.

Components and Results of the 2009 Compensation Plan**Base salary**

Base salary is intended to provide our executive officers with a level of assured cash compensation that is reasonably competitive in the marketplace. It is based on the individual's qualifications and experience with the Company, past performance taking into account all relevant criteria, value to the Company, the Company's ability to pay and relevant competitive market data. Because of our history of operating losses, we believe base salary cash compensation should be below the midpoint of the range and annual performance-based incentives and long-term incentives should be at the higher end of the recommended ranges. The base salary ranges for the CEO and CFO were established based upon the competitive and benchmarking data from the peer group whereby the average peer group base salary became the midpoint of the salary range. These NEO positions were the most common throughout our peer group analysis.

Results for 2009. Compensation ranges were established to coincide with the results of the peer group review compensation analysis for the CEO and CFO. Average base salary for the peer group companies became the 50th percentile of the compensation range.

The following identifies the 2009 50th percentile of the compensation range for each named executive officer as of January 2009:

Position	Base Salary 50th Percentile 2009
Chief Executive Officer	\$ 405,000
President and Chief Operating Officer	\$ 270,000
Chief Financial Officer	\$ 270,000
Secretary/Treasurer	\$ 184,000
Controller/Principal Accounting Officer	\$ 168,000

Base salaries for our NEOs, which were near or below the recommended minimum of the salary range for 2008, were increased to better align with the results of the peer group analysis for 2009. As a result, base salaries remained well below the 50th percentile of our peer group companies ranging from 0% to 26% range penetration identified as follows:

Name	Position	Base Salary January 2009	2009 Range Penetration
Gregory P. Stemm	Chief Executive Officer	\$ 350,000	26%
Mark D. Gordon	President and Chief Operating Officer	\$ 215,000	18%
Michael J. Holmes	Chief Financial Officer	\$ 215,000	18%
David A. Morris	Secretary/Treasurer	\$ 160,000	21%
Jay A. Nudi	Controller/Principal Accounting Officer	\$ 125,000	0%

Annual Incentive Compensation and Targets

Annual incentive compensation is intended to provide a component of total cash compensation that represents an award for meeting corporate key objectives or for achievement of strategic objectives. Annual incentive compensation is expressed as target amounts that can be earned as a percentage of base salary. The amount of these targets are based on the individual's qualifications and experience with the Company, past performance of duties, value to the Company, and the Company's ability to pay. For NEOs, except the Controller/Principal Accounting Officer (PAO), the annual incentive targets are weighted 75% toward the ability to meet key performance indicators of the Company and 25% toward attainment of individual strategic objectives. The PAO is weighted 50% toward key performance indicators and 50% individual strategic objectives. An executive's individual strategic objectives are defined based upon the contribution such executive's role and expertise can bring on achieving the Company's overall strategic objectives.

Attainment of Company key performance indicators, which comprise 75% of the annual incentive awards, are based upon four separate categories that include revenue, recovered cargo, earnings per share and overall cash flow. Within each category several performance threshold targets were established whereby relative ranges of target incentives could be achieved. Relative levels of target incentive for revenue and recovered cargo key performance indicators ranged from 0% to 60% for each category. Relative levels of target incentives for earnings per share (EPS) and cash flow ranged from 0% to 40% for each category. In order to achieve the upper range percentages of target incentives, significant stretch performance levels would need to be achieved. For example, to achieve 60% of target incentive, revenue would need to be greater than \$20 million or recovered cargo would need to be greater than \$50 million; to achieve 40% of target incentive, earnings per share would need to be positive or cash flow from operations would need to be greater than budget. While the sum of the various key performance indicator categories could be over 100%, the intent was that NEOs could achieve at or near target incentives by achieving stretch performance levels in only several categories, or above average levels for all four categories.

While it is intended that the Compensation Committee will follow the incentive award guidelines, the Committee has the discretion to increase or decrease the amounts based upon extenuating or unforeseen circumstances, or to deny annual incentive awards whether or not performance targets are achieved, as it deems appropriate. The attainment of individual strategic objectives is evaluated by the Compensation Committee based upon a report by the CEO. The overall annual incentive award is determined following a review of the performance of each NEO relative to the strategic objectives and the attainment of the Company's key performance indicators. There is no maximum amount established and the incentive awards are at the discretion of the Compensation Committee.

The CEO evaluates the Company's performance with the assistance of the CFO and evaluates the individual performance for all officers other than himself. Based upon review of these factors, he provides the Compensation Committee with his recommendations. The Compensation Committee reviews the performance and assessment of the Company and each officer and then evaluates the CEO's performance.

Incentive Awards/Bonuses for 2009. The Board of Directors, as recommended by the Compensation Committee, decided that officers would receive annual incentive compensation/bonuses for 2009. Incentive

Table of Contents

awards/bonuses were not paid in 2008 because of the existing economic climate even though the NEOs qualified for approximately 30% of the target bonus. For 2009, all NEOs, except the PAO, qualified for 36% of the target bonus, which was comprised of 11% for achieving company key performance indicators and 25% for individual strategic objectives. The PAO qualified for 58% of the target bonus whereby 8% was for achieving company key performance indicators and 50% for achieving individual strategic objectives. The individual key performance criteria achieved in 2009 was EPS which was allotted a 15% performance weight because actual EPS was better than budget by 18%. The following table identifies the target award as a percentage of base salary for each NEO in accordance with the executive compensation plan, the weighting between Company and individual performance, and the actual incentive awarded based upon the recommendation of the Compensation Committee. While normally the incentive awards/bonuses are intended to be paid in cash, the Compensation Committee recommended that all awards be paid in stock based upon the net after tax award value.

Name	Position	Target Award as % Salary	Company Performance Weighting	Individual Performance Weighting	Incentive Awarded as % Salary
Gregory P. Stemm	Chief Executive Officer	70%-100%	75%	25%	54%
Mark D. Gordon	President and Chief Operating Officer	50%-70%	75%	25%	41%
Michael J. Holmes	Chief Financial Officer	50%-70%	75%	25%	41%

Long Term Incentive Targets and Awards

Long-Term Incentive Awards for 2009. Long-term incentive targets are intended to provide an equity component of total compensation in the form of stock options or restricted stock that vest based on time, performance or both. The value of these targets is set by the Compensation Committee based on the individual's qualifications and experience with the Company, past performance of duties, and value to the Company. The following table includes the target and actual long-term incentive award expressed as a percentage range of base salary that was awarded on January 2, 2009.

Name	Position	Target Long-Term Incentive Award as % of Base Salary	Actual Long-Term Incentive Award as % of Base Salary
Gregory P. Stemm	Chief Executive Officer	125% - 150%	168%
Mark D. Gordon	President and Chief Operating Officer	75% - 100%	112%
Michael J. Holmes	Chief Financial Officer	75% - 100%	112%
David A. Morris	Secretary/Treasurer	75% - 100%	112%
Jay A. Nudi	Controller/Principal Accounting Officer	50% - 75%	84%

The long-term incentive awards were stock options which were valued based upon the Black-Scholes valuation model at the date of grant. The term of the stock option awards were five years with three year vesting and had a strike price of \$3.51. These awards are summarized on the Grants of Plan-Based Awards table included herein. In addition to the above January 2009 stock option awards which were awarded as a part of the executive compensation plan, additional awards were granted to certain NEOs whereby previous five-year term stock options had expired out of the money. These awards were originally issued as part of the NEOs employment with the company. The CFO was awarded 100,000 stock options with a strike price of \$3.50 per share on March 10, 2009. The President/Chief Operating Officer and the PAO were each issued 25,000 stock options with a strike price of \$4.00 on May 27, 2009.

Table of Contents**Summary of 2010 Executive Compensation Program**

The executive compensation program for 2010 utilized a similar process and the same peer group as in 2009 to determine target ranges for executive compensation. The analysis resulted in an increase to the midpoint of the salary range of 3%. The following identifies the 2010 50th percentile of the compensation range for each NEO versus 2009:

Position	Base Salary 50th Percentile	
	2009	2010
Chief Executive Officer	\$ 405,000	\$ 417,000
President and Chief Operating Officer	\$ 270,000	\$ 278,000
Chief Financial Officer	\$ 270,000	\$ 278,000
Secretary/Treasurer	\$ 184,000	\$ 189,000
Controller/Principal Accounting Officer	\$ 168,000	\$ 150,000

The Board of Directors, as recommended by the Compensation Committee, decided to recommend salary increases for 2010 for all officer positions, as identified in the following table, taking into account that no raises were given in 2009 and the company was successful in achieving strategic objectives in 2009.

Position	Base Salary 2010
Chief Executive Officer	\$ 371,000
President and Chief Operating Officer	\$ 233,000
Chief Financial Officer	\$ 228,000
Secretary/Treasurer	\$ 169,000
Controller/Principal Accounting Officer	\$ 135,000

Annual incentive targets and long-term equity targets remained at the same percentage of base salary as in 2009. Company and individual key performance criteria did not change in 2010; however, criteria quantitative ranges were adjusted based upon the 2010 budget.

Retirement Plans and All Other Compensation

We do not have any deferred compensation or retirement plan at this time. During 2009, we did not pay perquisites exceeding \$10,000 in the aggregate to our Chief Executive Officer or other NEOs. Our officers participated in non-discriminatory life and health insurance plans as all other employees. The Company does not currently have employment agreements in effect with any of its executive officers.

- (1) The offices held by each named executive officer are as of December 31, 2009.
- (2) For 2009, the net amounts paid after tax of the bonus compensation amounts were paid in shares of common stock at the fair market value on the date of the award. The common stock was issued from the Company's 2005 Stock Incentive Plan as detailed in the 2009 Grants of Plan Based Awards Table. No annual incentive or bonus compensation was paid or accrued for our NEOs for 2008.
- (3) The amounts reported reflect the fair value of restricted stock awards, in accordance with Accounting Standards Codification topic 718 - Stock Compensation (ASC 718), awarded under the 2005 Stock Incentive Plan. For each restricted stock award, fair value is calculated using the closing price of the common stock on the date of grant. These amounts reflect the accounting expense for these awards and do not necessarily correspond to the actual value that will be recognized by the NEOs, which may be higher or lower based on a number of factors including stock price fluctuations and applicable vesting.
- (4) The amounts reported are the fair value of option awards as determined using a Black-Scholes valuation model in accordance with ASC 718, disregarding any estimates of forfeitures related to service-based vesting conditions. The assumptions used to calculate the value of option awards are detailed in Note O under the caption "Stock-Based Compensation" to the Company's Consolidated Financial Statements set forth in the Company's Annual Report on Form 10-K for fiscal year ended December 31, 2009. These amounts reflect the accounting expense for these awards and do not necessarily correspond to the actual value that will be recognized by the NEOs, which may be higher or lower based on a number of factors including stock price fluctuations and applicable vesting.
- (5) The amounts shown reflect amounts for life insurance premiums paid by the Company on behalf of each NEO for the fiscal years 2007, 2008 and 2009.

Shares of common stock pursuant to these awards were issued on the grant date, February 1, 2010, in lieu of cash payments to the NEOs.
- (2) Stock options granted on January 2, 2009, are exercisable with respect to one-third of the shares covered thereby on each of December 31, 2009, 2010, and 2011. Stock options granted on March 10 and May 27, 2009, were immediately exercisable with respect to all the shares granted.
- (3) The amounts reported are the fair value of stock and option awards as determined using a Black-Scholes valuation model in accordance with ASC 718, disregarding any estimates of forfeitures related to service-based vesting conditions. The assumptions used to calculate the value of option awards are detailed in Note O under the caption "Stock-Based Compensation" to the Company's Consolidated Financial Statements set forth in the Company's Annual Report on Form 10-K for fiscal year ended December 31, 2009. The Summary Compensation Table and Grants of Plan-Based Awards table provide details of cash and non-cash compensation reportable for our named executive officers. The tables include the base salaries paid to our NEOs and compensation cost calculated under ASC 718 attributed to the award or grant of the long-term component of executive compensation during the year. The below table indicates the ratios of base salary, compensation expense for fair value of stock options and awards, and all other compensation to total compensation.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

None of our named executive officers has an employment contract or agreement, whether written or unwritten, that provides for payments at, following, or in connection with a change-in-control of the Company or termination of employment. Under our Amended and Restated 2005 Stock Incentive Plan, the Compensation Committee has the discretion, but not the obligation, to accelerate the vesting or to compensate holders of otherwise unvested stock incentives in the event of a change-in-control. Only options or restricted stock awards granted during 2006 and later are subject to potential acceleration of vesting under a change-in-control and only if these incentives are not assumed by the entity taking control.

At December 31, 2009, our closing stock price was \$1.41 per share, which is below the per share option exercise price of all of the stock options issued to our named executive officers that could have become immediately exercisable due to a change-in-control if the Compensation Committee acted to accelerate the vesting. Since all of the options were out of the money, none would have been exercisable, and no expense would have been recognized from accelerating the vesting of stock options due to a change-in-control at December 31, 2009. At December 31, 2009, there were unvested restricted stock awards having a value of \$92,586 that could have been purchased by the Company in cash or in stock in the event of a change-in-control at the discretion of the Compensation Committee. The number and value of such restricted stock awards is shown in the 2009 OUTSTANDING EQUITY AWARDS AT FISCAL YEAR END table. The amounts shown are the cost that would have been recognized by the Company in the event of a change-in-control on December 31, 2009, if the Compensation Committee approved compensating each officer for the outstanding restricted stock awards shown.

DIRECTOR COMPENSATION

The following table sets forth certain information regarding the compensation paid to directors for 2009. The Compensation Committee used the same peer group as was used for executive officers to benchmark total compensation for directors.

2009 DIRECTOR COMPENSATION

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (\$ (1))	Option Awards (\$)	All Other Compensation (\$ (4))	Total (\$)
Bradford B. Baker	\$ 74,500	\$ 27,750	\$		\$ 102,250

shares of stock awarded to each was based on each director's particular duties such as Lead Director in the case of Dr. Bederman and Committee Chairpersons in the case of Mr. Baker. The stock awards were granted from the Amended and Restated 2005 Stock Incentive Plan on February 2, 2010 as follows:

Non-Employee Director	Stock Awards	Fair value
Mr. Baker	19,138	\$ 27,750
Dr. Bederman	26,034	\$ 37,750
Dr. Saul	13,966	\$ 20,250

In addition, stock awards were awarded to Dr. Bederman and Dr. Saul as detailed in notes (2) and (3) below.

- (2) Dr. Bederman elected to receive restricted stock for one fourth of his annual retainer for 2009. The number of shares awarded was determined by dividing the amount otherwise due in cash by the price of our common stock on the first day of the quarter for which he received stock in lieu of cash. He received 6,902 shares of common stock for \$11,250 worth of services. The stock was restricted until the end of the service period.
- (3) Dr. Saul elected to receive restricted stock in lieu of cash for the full amount of his annual retainer for 2009. The number of shares awarded was determined by dividing the amount otherwise due in cash on the first day of each quarter by the price of our common stock on that date. He received 17,354 shares of common stock for \$40,000 worth of services. The stock was restricted until the end of the service period.
- (4) In addition to his fees as a director, Dr. Bederman was compensated for legal services in the amount shown for 2009. At December 31, 2009, the directors had the following stock options outstanding:

Non-Employee Director	Options	Exercise Price	Termination Date
Mr. Baker	16,000	\$ 3.51	12/31/2013
Dr. Bederman	25,170	\$ 3.51	12/31/2013
Dr. Saul	13,500	\$ 3.51	12/31/2013

Compensation of Directors

For the year ended December 31, 2009, our outside directors were compensated according to the following structure:

Each outside director received \$40,000 annually as a retainer. Additional annual retainers were paid as follows for the chairmanship of committees:

Audit Committee Chairman	\$ 10,000
Compensation Committee Chairman	\$ 5,000
Governance Committee Chairman	\$ 5,000

Each director has the option to receive cash or common stock for the amount of retainers. Retainers are paid quarterly in advance unless stock is awarded. When stock is awarded, the number of shares is calculated by dividing the dollar amount otherwise due in cash by the fair market value of the stock on the first day of each quarter when cash payments are due. The stock is restricted until the service period ends.

In addition, outside directors received \$1,000 per meeting attended on behalf of the Board of Directors including full board meetings, and audit committee, governance committee and compensation committee meetings.

Meetings attended telephonically earned compensation of \$500 for attendance.

Table of Contents

Committee chairmen received an additional \$1,000 per meeting over which they presided.

A discretionary equity compensation payment was awarded to each independent director for 2009 in the form of a stock award on February 1, 2010, under the Company's Amended and Restated 2005 Stock Incentive Plan.

We do not pay amounts that would be classified as perquisites or other compensation to our directors, and there are no existing or potential change-of-control, retirement or legacy obligations.

Directors were reimbursed for out-of-pocket expenses in connection with attending meetings of the Board of Directors or committees. Directors will be compensated for 2010 under the same terms as for 2009 except that the equity award component of director compensation will be determined at the discretion of the Compensation Committee.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of April 1, 2010, the beneficial ownership of each person known by the Company to be the beneficial owner of five percent or more of our common stock, each named executive officer and director individually and all executive officers and directors of the Company as a group.

Beneficial ownership is determined in accordance with the rules of the SEC, based on factors including voting and investment power with respect to shares. Percentage of beneficial ownership is based on the number of shares of common stock outstanding as of April 1, 2010. Shares of common stock issuable upon conversion of convertible preferred stock, or the exercise of stock options or warrants currently exercisable, or exercisable within 60 days after April 1, 2010, are deemed outstanding for the purpose of computing the percentage ownership of the person holding such shares, options or warrants, but are not deemed outstanding for computing the percentage ownership for any other persons.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policy on Review, Approval or Ratification of Transactions with Related Parties

On March 6, 2007, our Board of Directors adopted the following policy governing transactions with related parties.

Transactions involving related parties present a risk to us of being improperly valued or of exposing us to conflicts of interest. To reduce the potential for these risks the Board has adopted this policy which must be followed in connection with all related party transactions involving us or our subsidiaries when the dollar amount of the transaction or a series of similar related transactions exceeds or is expected to exceed \$120,000 during a fiscal year. All completed or proposed related party transactions are to be reported to the Company's Disclosure Committee no later than the end of the current quarter and the Committee will present the transactions or proposed transactions to the Board of Directors for review, ratification or approval.

Related party transactions may be entered into or continued only if approved as follows:

If the related party transaction is in the normal course of our business and is (a) entered into on terms no less favorable to us than those generally being provided to or available for unrelated third parties, or (b) is fair to us in taking into account the totality of the relationships between the parties involved including other transactions that may be particularly favorable or advantageous to us, then the CEO or CFO may approve the transaction, provided the approving individual is not a party to the transaction. Such transactions will then be presented to the disinterested members of the Board of Directors for ratification.

Any other related party transaction may only be approved by a majority of the disinterested Board of Directors.

Prior to this, related party transactions were reviewed by the Board of Directors as these transactions were contemplated or occurred.

AMENDMENT OF OUR 2005 STOCK INCENTIVE PLAN Proposal 2

Stock Incentive Plan

Our 2005 Stock Incentive Plan was adopted by our Board of Directors in August 2005 and approved by our stockholders in May 2006. The Plan was amended and restated on May 7, 2008. The purpose of the Amended and Restated 2005 Stock Incentive Plan (the "Stock Incentive Plan") is to assist us in retaining employees, consultants, professionals, and service providers who provide services to us in connection with, among other things, our management, marine operations, corporate communications, research, archaeological services, business development and our obligations as a publicly-held reporting company.

Proposed Amendment

On March 4, 2010, our Board of Directors adopted, subject to stockholder approval, an amendment to the Stock Incentive Plan to add 3,000,000 shares of common stock to the Plan. Proposal 2 seeks stockholder approval of this amendment.

Our Board of Directors believes that it is desirable to increase the number of shares available for issuance under the Stock Incentive Plan to provide adequate equity incentives to our employees, consultants, professionals, and service providers. When the Stock Incentive Plan was adopted in 2005, there were 2,500,000 shares of common stock reserved for issuance under the Plan. An additional 2,500,000 shares were added to the Plan on May 7, 2008. As of April 1, 2010, there had been 894,953 shares issued under the Plan for the exercise of stock options and

awards, and 3,936,747 shares were subject to outstanding stock options and stock awards. As a result, 168,300 shares were available for future grants under the Plan as of April 1, 2010. We do not believe the remaining shares available in the Plan are sufficient to meet our future compensation requirements during 2010 and beyond.

Vote Required

Under our bylaws, the affirmative vote of a majority of the votes properly cast on this proposal will be required to approve the proposed amendments to the Stock Incentive Plan. Abstentions and broker non-votes will have no effect on this proposal.

Material Features of the Stock Incentive Plan

The material features of the Stock Incentive Plan, as amended (the Amended and Restated Plan), are described below. A copy of the Amended and Restated 2005 Stock Incentive Plan has been filed on the EDGAR database of the Securities and Exchange Commission (SEC) as Appendix A to the definitive proxy materials on Schedule 14A. The EDGAR filing can be accessed at www.sec.gov or on the Company's web site at <http://www.shipwreck.net/secfilings.php> where a link is provided. In addition, stockholders who wish to request a paper copy of the Amended and Restated Plan, may send correspondence to the Corporate Secretary, Odyssey Marine Exploration, Inc., 5215 West Laurel Street, Tampa, Florida 33607.

The purpose of the Stock Incentive Plan is to assist us in retaining employees, consultants, professionals, and service providers who provide services to the Company in connection with, among other things, our management, marine operations, corporate communications, research, archaeological services, business development and our obligations as a publicly-held reporting company. In addition, we expect to benefit from the added interest that the participants will have in the welfare of our Company as a result of their ownership or increased ownership of our common stock. In the past we have utilized grants of stock options and stock awards to reduce the cash expense of compensating persons we deem to be important to the ongoing success of our Company. We have also used stock awards and stock options as a tool to promote long-term retention of our officers and key personnel. This afforded us the ability to utilize more of our cash for ongoing operations. We believe this is still a valid approach and important component of our compensation planning.

The Stock Incentive Plan currently authorizes the grant of up to 5,000,000 shares of common stock (subject to adjustment for stock splits and similar capital changes) in connection with restricted stock awards, incentive stock option grants and non-qualified stock option grants. Employees and, in the case of non-qualified stock options, directors, consultants or any affiliate are eligible to receive grants under the Plan. As of April 1, 2010, there had been 894,953 shares issued under the Plan for the exercise of stock options and awards, and 3,936,747 shares were subject to outstanding stock options and stock awards. As a result, 168,300 shares were available for future grants under the Plan as of April 1, 2010.

We believe that, for the foreseeable future, it is in our best interests to be able to continue to engage and compensate such persons through the issuance of stock options or payment in shares of our common stock. For the foregoing reasons, the Board of Directors has unanimously adopted the increase in the number of authorized shares of common stock issuable pursuant to the Amended and Restated Stock Option Plan by 3,000,000 shares, from 5,000,000 to 8,000,000 shares; and directed that such proposal be submitted for the approval of the stockholders at the annual meeting.

Eligibility for Participation in Plan

Persons eligible for awards under the Amended and Restated Plan include officers, employees, consultants, directors and service providers. The granting of awards is discretionary, and we cannot now determine the number or type of awards we will grant in the future to our executive officers. We expect from time to time, in our discretion, we will grant awards to our executive officers under the Amended and Restated Plan under such terms consistent with the Amended and Restated Plan as we deem appropriate at the time of those grants.

Table of Contents

Administration of Plan

The Amended and Restated Plan will be administered by the Board of Directors upon recommendations by the Compensation Committee. The Compensation Committee, subject to the provisions of the Amended and Restated Plan, has authority in its discretion to determine the employees of the Company to whom stock options shall be granted, the number of shares to be granted to each employee, and the time or times at which options should be granted. The CEO or Chief Financial Officer makes recommendations to the Compensation Committee about equity awards to the employees of the Company. The Compensation Committee makes recommendations to the Board of Directors for approval. The Board of Directors also has authority to interpret the Amended and Restated Plan and to prescribe, amend, and rescind rules and regulations relating to the Plan.

Federal Income Tax Consequences of the Amended Plan

The following discussion is a summary of the U.S. federal income tax consequences to recipients of options or stock awards and to us with respect to options or stock awards granted under the Amended and Restated Plan. While certain options allowed under the Amended and Restated Plan are intended to qualify under Section 422 of the Internal Revenue Code, no incentive stock options have been granted to date.

Options or stock awards awarded to an optionee may be subject to any number of restrictions (including deferred vesting, limitations on transfer, and forfeitability) imposed by the Board of Directors. The optionee is solely responsible for the satisfaction of all federal, state, local and foreign income and other tax arising from or applicable to an option exercise and the acquisition or sale of optioned stock.

A recipient does not recognize taxable income on the grant of a non-qualified stock option, but does recognize ordinary income on the exercise date. The income amount recognized is the amount by which the fair market value of the shares underlying the option exceeds the option exercise price. The Company will ordinarily be entitled to a deduction on the exercise date equal to the ordinary income recognized by the optionee from the exercise of a non-qualified stock option.

A recipient of a restricted stock award generally does not recognize income and the Company is not entitled to a deduction at the time of the award. Instead, the Company is entitled to a deduction and the recipient recognizes income on the date the stock award vests. The amount of compensation income recognized and the Company's deduction will be the fair market value of the vested stock on the date on which stock is issued. However, the recipient may elect to recognize compensation income at the time of grant, in which case the Company is also entitled to a deduction. The amount will be the fair market value at the date of grant.

In view of the complexity of the tax aspects of transactions involving the grant and exercise of options and stock awards, and because the impact of taxes will vary depending on individual circumstances, each optionee receiving options or awards under the Amended and Restated Plan should consult their own tax advisor to determine the tax consequences in such optionee's particular circumstances.

SECTION 3.

SHARES SUBJECT TO STOCK INCENTIVES

The total number of Shares that may be issued pursuant to Stock Incentives under this Plan shall not exceed ~~Five~~ Eight Million (~~5~~8,000,000), of which any number may be used for Restricted Stock Awards and Restricted Stock Units, each as adjusted pursuant to Section 10. Such Shares shall be reserved, to the extent that the Company deems appropriate, from authorized but unissued Shares, and from Shares which have been reacquired by the Company. To the extent permitted by applicable law or regulation, if a Stock Incentive is canceled, forfeited, exchanged or otherwise expires the Shares with respect to such Stock Incentive may become available for reissuance under this Plan.

SECTION 4.

EFFECTIVE DATE

The effective date of this Plan shall be August 3, 2005, which is the date on which the Board of Directors of the Company originally approved the Plan. Such date is subject to the Company's shareholders approving the Plan within twelve months of such date.

SECTION 5.

ADMINISTRATION

5.1 GENERAL ADMINISTRATION. This Plan shall be administered by the Committee. The Committee, acting in its absolute discretion, shall exercise such powers and take such action as expressly called for under this Plan. The Committee shall have the power to interpret this Plan and, subject to the terms and provisions of this Plan, to take such other action in the administration and operation of the Plan as it deems equitable under the circumstances. The Committee's actions shall be binding on the Company, on each affected Eligible Recipient, and on each other person directly or indirectly affected by such actions.

5.2 AUTHORITY OF THE COMMITTEE. Except as limited by law or by the Articles of Incorporation of the Company, and subject to the provisions herein, the Committee shall have full power to select Eligible Recipients who shall participate in the Plan, to determine the sizes and types of Stock Incentives in a manner consistent with the Plan, to determine the terms and conditions of Stock Incentives in a manner consistent with the Plan, to construe and interpret the Plan and any agreement or instrument entered into under the Plan, to establish, amend or waive rules and regulations for the Plan's administration, and to amend the terms and conditions of any outstanding Stock Incentives as allowed under the Plan and such Stock Incentives. Further, the Committee may make all other determinations which may be necessary or advisable for the administration of the Plan. The Committee may seek the assistance of such persons as it may see fit in carrying out its routine administrative functions concerning the Plan.

5.3 DELEGATION OF AUTHORITY. The members of the Committee and any other persons to whom authority has been delegated shall be appointed from time to time by, and shall serve at the discretion of, the Board. The Committee may appoint one or more separate committees (any such committee, a Subcommittee) composed of two or more Outside Directors of the Company (who may but need not be members of the Committee) and may delegate to any such Subcommittee the authority to grant Stock Incentives, and/or to administer

the Plan or any aspect of it. Notwithstanding any provision of this Plan to the contrary, the Board may assume the powers and responsibilities granted to the Committee or other delegate at any time, in whole or in part. Moreover, only the Committee may grant Stock Incentives that may meet the Performance Based Exception, and only the Committee may grant Stock Incentives to Insiders that may be exempt from Section 16(b) of the Exchange Act.

5.4 DECISIONS BINDING. All determinations and decisions made by the Committee pursuant to the provisions of this Plan and all related orders and resolutions of the Committee shall be final, conclusive and binding on all persons, including the Company, its shareholders, members of the Board, Eligible Recipients, Participants, and their estates and beneficiaries.

SECTION 6.

ELIGIBILITY

Eligible Recipients selected by the Committee shall be eligible for the grant of Stock Incentives under this Plan, but no Eligible Recipient shall have the right to be granted a Stock Incentive under this Plan merely as a result of his or her status as an Eligible Recipient. Only Key Employees shall be eligible to receive a grant of ISOs.

SECTION 7.

TERMS OF STOCK INCENTIVES

7.1 TERMS AND CONDITIONS OF ALL STOCK INCENTIVES.

(a) Grants of Stock Incentives. Subject to subsection (e) below, the Committee, in its absolute discretion, shall grant Stock Incentives under this Plan from time to time and shall have the right to grant new Stock Incentives in exchange for outstanding Stock Incentives; provided, however, the Committee shall not have the right to (1) lower the Exercise Price of an existing Option, (2) take any action which would be treated as a repricing under generally accepted accounting principles, or (3) cancel an existing Option at a time when its Exercise Price exceeds the fair market value of the underlying stock subject to such Option in exchange for another Option, a Restricted Stock Award, or other equity in the Company (except as provided in Sections 10 and 11). Stock Incentives shall be granted to Eligible Recipients selected by the Committee, and the Committee shall be under no obligation whatsoever to grant any Stock Incentives, or to grant Stock Incentives to all Eligible Recipients, or to grant all Stock Incentives subject to the same terms and conditions.

(b) Shares Subject to Stock Incentives. The number of Shares as to which a Stock Incentive shall be granted shall be determined by the Committee in its sole discretion, subject to the provisions of Section 3 as to the total number of Shares available for grants under the Plan, and to any other restrictions contained in this Plan.

(c) Stock Incentive Agreements. Each Stock Incentive shall be evidenced by a Stock Incentive Agreement executed by the Company or a Subsidiary, and may also be executed by the Participant or accepted by the Participant by electronic transmission, which shall be in such form and contain such terms and conditions as the Committee in its discretion may, subject to the provisions of the Plan, from time to time determine.

Table of Contents

(d) Date of Grant. The date a Stock Incentive is granted shall be the date on which the Committee (1) has approved the terms and conditions of the Stock Incentive Agreement, (2) has determined the recipient of the Stock Incentive and the number of Shares covered by the Stock Incentive and (3) has taken all such other action necessary to direct the grant of the Stock Incentive.

(e) Dividend Equivalents. The Committee may grant dividend equivalents to any Participant. The Committee shall establish the terms and conditions to which the dividend equivalents are subject. Dividend equivalents may be granted only in connection with a Stock Incentive. Under a dividend equivalent, a Participant shall be entitled to receive currently or in the future payments equivalent to the amount of dividends paid by the Company to holders of Common Stock with respect to the number of dividend equivalents held by the Participant. The dividend equivalent may provide for payment in Common Stock or in cash, or a fixed combination of Common Stock or cash, or the Committee may reserve the right to determine the manner of payment at the time the dividend equivalent is payable.

(f) Deferral Elections. The Committee may permit or require Participants to elect to defer the issuance of Common Stock or the settlement of awards in cash under this Plan pursuant to such rules, procedures, or programs as it may establish from time to time. However, notwithstanding the preceding sentence, the Committee shall not, in establishing the terms and provisions of any Stock Incentive, or in exercising its powers under this Article, create any arrangement which would constitute an employee pension benefit plan as defined in ERISA Section 3(3) unless the arrangement provides benefits solely to one or more individuals who constitute members of a select group of management or highly compensated employees.

7.2 TERMS AND CONDITIONS OF OPTIONS.

(a) Grants of Options. Each grant of an Option shall be evidenced by a Stock Incentive Agreement that shall specify whether the Option is an ISO or NQSO, and incorporate such other terms as the Committee deems consistent with the terms of this Plan and, in the case of an ISO, necessary or desirable to permit such Option to qualify as an ISO. The Committee and/or the Company may modify the terms and provisions of an Option in accordance with Section 12 of this Plan even though such modification may change the Option from an ISO to a NQSO.

(b) Determining Optionees. In determining Eligible Recipient(s) to whom an Option shall be granted and the number of Shares to be covered by such Option, the Committee may take into account the duties of the Eligible Recipient, the contributions of the Eligible Recipient to the success of the Company, and other factors deemed relevant by the Committee, in connection with accomplishing the purpose of this Plan. An Eligible Recipient who has been granted an Option to purchase Shares, whether under this Plan or otherwise, may be granted one or more additional Options. If the Committee grants an ISO and a NQSO to an Eligible Recipient on the same date, the right of the Eligible Recipient to exercise one such Option shall not be conditioned on the Eligible Recipient's failure to exercise the other such Option.

(c) Exercise Price. Subject to adjustment in accordance with Section 10 and the other provisions of this Section, the Exercise Price shall be specified in the applicable Stock Incentive Agreement. With respect to each

Table of Contents

grant of an ISO to a Participant who is not a Ten Percent Shareholder, the Exercise Price shall not be less than the Fair Market Value of a Share on the date the ISO is granted. With respect to each grant of an ISO to a Participant who is a Ten Percent Shareholder, the Exercise Price shall not be less than one hundred ten percent (110%) of the Fair Market Value of a Share on the date the ISO is granted. If a Stock Incentive is a NQSO, the Exercise Price for each Share shall be no less than (1) the minimum price required by applicable state law, or (2) the Fair Market Value of a Share on the date the NQSO is granted, whichever price is greatest. Any Stock Incentive intended to meet the Performance Based Exception must be granted with an Exercise Price not less than the Fair Market Value of a Share determined as of the date of such grant.

(d) Option Term. Each Option granted under this Plan shall be exercisable in whole or in part at such time or times as set forth in the related Stock Incentive Agreement, but no Stock Incentive Agreement shall:

(i) make an Option exercisable prior to the date such Option is granted or after it has been exercised in full; or

(ii) make an Option exercisable after the date that is (A) the tenth (10th) anniversary of the date such Option is granted, if such Option is a NQSO or an ISO granted to a non Ten Percent Shareholder, or (B) the date that is the fifth (5th) anniversary of the date such Option is granted, if such Option is an ISO granted to a Ten Percent Shareholder. Options issued under the Plan may become exercisable based on the service of a Participant, or based upon the attainment (as determined by the Committee) of performance goals established pursuant to one or more of the performance criteria listed in Section 14. Any Option which becomes exercisable based on the attainment of performance goals must have its performance goals determined by the Committee based upon one or more of the performance criteria listed in Section 14, and must have the attainment of such performance goals certified in writing by the Committee in order to meet the Performance Based Exception. A Stock Incentive Agreement may provide for the exercise of an Option after the employment of a Key Employee has terminated for any reason whatsoever, including the occurrence of a Qualifying Event. The Key Employee's rights, if any, upon termination of employment will be set forth in the applicable Stock Incentive Agreement.

(e) Payment. Options shall be exercised by the delivery of a written notice of exercise to the Company, specifying the number of Shares with respect to which the Option is to be exercised accompanied by full payment for the Shares. Payment for shares of Stock shall be made in cash or, unless the Stock Incentive Agreement provides otherwise, by delivery to the Company of a number of Shares that have been owned and completely paid for by the holder for at least six (6) months prior to the date of exercise (i.e., mature shares for accounting purposes) having an aggregate Fair Market Value equal to the amount to be tendered, or a combination thereof. In addition, unless the Stock Incentive Agreement provides otherwise, the Option may be exercised through a brokerage transaction as permitted under the provisions of Regulation T applicable to cashless exercises promulgated by the Federal Reserve Board so long as the Company's equity securities are registered under Section 12 of the Exchange Act, unless prohibited by Section 402 of the Sarbanes Oxley Act of 2002. Notwithstanding the foregoing, with respect to any Option recipient who is an Insider, a tender of shares or, if permitted by applicable law, a cashless exercise must (1) have met the requirements of an exemption under Rule 16b-3 promulgated under the Exchange

Table of Contents

Act, or (2) be a subsequent transaction the terms of which were provided for in a transaction initially meeting the requirements of an exemption under Rule 16b-3 promulgated under the Exchange Act. Unless the Stock Incentive Agreement provides otherwise, the foregoing exercise payment methods shall be subsequent transactions approved by the original grant of an Option. Except as provided in subparagraph (f) below, payment shall be made at the time that the Option or any part thereof is exercised, and no Shares shall be issued or delivered upon exercise of an Option until full payment has been made by the Participant. The holder of an Option, as such, shall have none of the rights of a shareholder.

(f) Conditions to Exercise of an Option. Each Option granted under the Plan shall vest and shall be exercisable at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee shall specify in the Stock Incentive Agreement; provided, however, that subsequent to the grant of an Option, the Committee, at any time before complete termination of such Option, may accelerate the time or times at which such Option may vest or be exercised in whole or in part. The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option as it may deem advisable. Unless otherwise provided in the applicable Stock Incentive Agreement, any vested Option must be exercised within sixty (90) days of the Qualifying Event or other termination of employment of the Participant, unless, in case of a NQSO, by action of the Committee coincident with the Qualifying Event or other termination of employment, the term of exercise is extended to no later than the original expiration date of such NQSO.

(g) Transferability of Options. Except as otherwise provided in a Participant's Stock Incentive Agreement, no Option granted under the Plan may be sold, transferred, pledged, assigned or otherwise alienated or hypothecated, except upon the death of the holder Participant by will or by the laws of descent and distribution. Except as otherwise provided in a Participant's Stock Incentive Agreement, during the Participant's lifetime, only the Participant may exercise his Option unless the Participant is incapacitated in which case the Option may be exercised by the Participant's legal guardian, legal representative, or other representative whom the Committee deems appropriate based on applicable facts and circumstances. The determination of incapacity of a Participant and the identity of appropriate representative of the Participant to exercise the Option if the Participant is incapacitated shall be determined by the Committee.

(h) ISO Tax Treatment Requirements. With respect to any Option that purports to be an ISO, to the extent that the aggregate Fair Market Value (determined as of the date of grant of such Option) of stock with respect to which such Option is exercisable for the first time by any individual during any calendar year exceeds one hundred thousand dollars (\$100,000.00), to the extent of such excess, such Option shall not be treated as an ISO in accordance with Code Section 422(d). The rule of the preceding sentence is applied as set forth in Treas. Reg. Section 1.422-4 and any additional guidance issued by the Treasury thereunder. Also, with respect to any Option that purports to be an ISO, such Option shall not be treated as an ISO if the Participant disposes of shares acquired thereunder within two (2) years from the date of the granting of the Option or within one (1) year of the exercise of the Option, or if the Participant has not met the requirements of Code Section 422(a) (2).

7.3 TERMS AND CONDITIONS OF RESTRICTED STOCK AWARDS.

(a) Grants of Restricted Stock Awards. Shares awarded pursuant to Restricted Stock Awards shall be subject to such restrictions as determined by the Committee for periods determined by the Committee. Restricted Stock Awards issued under the Plan may have restrictions which lapse based upon the service of a Participant, or based upon other criteria that the Committee may determine appropriate. The Committee may require a cash payment from the Participant in exchange for the grant of a Restricted Stock Award or may grant a Restricted Stock Award without the requirement of a cash payment. The Committee may grant Restricted Stock Awards that vest on the attainment of performance goals determined by the Committee based upon one or more of the performance criteria listed in Section 14, and must have the attainment of such performance goals certified in writing by the Committee in order to meet the Performance Based Exception.

(b) Vesting of Restricted Stock Awards. The Committee shall establish the vesting schedule applicable to Restricted Stock Awards and shall specify the times, vesting and performance goal requirements. Until the end of the period(s) of time specified in the vesting schedule and/or the satisfaction of any performance criteria, the Shares subject to such Stock Incentive Award shall remain subject to forfeiture.

(c) Termination of Employment. If the Participant's employment (or in the case of a non employee, such Participant's service) with the Company and/or a Subsidiary ends before the Restricted Stock Awards vest, the Participant shall forfeit all unvested Restricted Stock Awards, unless the termination is a result of the occurrence of a Qualifying Event or the Committee determines that the Participant's unvested Restricted Stock Awards shall vest as of the date of such event; provided, however, the Committee may grant Restricted Stock Awards precluding such accelerated vesting in order to qualify the Restricted Stock Awards for the Performance Based Exception.

(d) Death, Disability and Retirement. In the event a Qualifying Event occurs before the date or dates on which Restricted Stock Awards vest, the expiration of the applicable restrictions (other than restrictions based on performance criteria set forth in Section 14) shall be accelerated and the Participant shall be entitled to receive the Shares free of all such restrictions. In the case of Restricted Stock Awards which are based on performance criteria set forth in Section 14, then as of the date on which such Qualifying Event occurs, the Participant shall be entitled to receive a number of Shares that is determined by measuring the selected performance criteria from the Company's most recent publicly available quarterly results that are available as of the date the Qualifying Event occurs; provided, however, the Committee may grant Restricted Stock Awards precluding such partial awards when a Qualifying Event occurs in order to qualify the Restricted Stock Awards for the Performance Based Exception. All other Shares subject to such Restricted Stock Award shall be forfeited and returned to the Company as of the date on which such Qualifying Event occurs.

(e) Acceleration of Award. Notwithstanding anything to the contrary in this Plan, the Committee shall have the power to permit, in its sole discretion, an acceleration of the expiration of the applicable restrictions or the applicable period of such restrictions with respect to any part or all of the Shares awarded to a Participant; provided, however, the Committee may grant Restricted Stock Awards precluding such accelerated vesting in order to qualify the Restricted Stock Awards for the Performance Based Exception.

Table of Contents

(f) Necessity of Stock Incentive Agreement. Each grant of a Restricted Stock Award shall be evidenced by a Stock Incentive Agreement that shall specify the terms, conditions and restrictions regarding the Shares awarded to a Participant, and shall incorporate such other terms and conditions as the Committee, acting in its sole discretion, deems consistent with the terms of this Plan. The Committee shall have sole discretion to modify the terms and provisions of Restricted Stock Awards in accordance with Section 12 of this Plan.

(g) Transferability of Restricted Stock Awards. Except as otherwise provided in a Participant's Restricted Stock Award, no Restricted Stock Award granted under the Plan may be sold, transferred, pledged, assigned or otherwise alienated or hypothecated, except upon the death of the holder Participant by will or by the laws of descent and distribution.

(h) Voting, Dividend & Other Rights. Unless the applicable Stock Incentive Agreement provides otherwise, holders of Restricted Stock Awards shall be entitled to vote and to receive dividends during the periods of restriction of their Shares to the same extent as such holders would have been entitled if the Shares were unrestricted Shares.

7.4 TERMS AND CONDITIONS OF RESTRICTED STOCK UNITS.

(a) Grants of Restricted Stock Units. A Restricted Stock Unit shall entitle the Participant to receive one Share at such future time and upon such terms as specified by the Committee in the Stock Incentive Agreement evidencing such award. Restricted Stock Units issued under the Plan may have restrictions which lapse based upon the service of a Participant, or based upon other criteria that the Committee may determine appropriate. The Committee may require a cash payment from the Participant in exchange for the grant of Restricted Stock Units or may grant Restricted Stock Units without the requirement of a cash payment. The Committee may grant Restricted Stock Units that vest on the attainment of performance goals determined by the Committee based upon one or more of the performance criteria listed in Section 14, and must have the attainment of such performance goals certified in writing by the Committee in order to meet the Performance Based Exception.

(b) Vesting of Restricted Stock Units. The Committee shall establish the vesting schedule applicable to Restricted Stock Units and shall specify the times, vesting and performance goal requirements. Until the end of the period(s) of time specified in the vesting schedule and/or the satisfaction of any performance criteria, the Restricted Stock Units subject to such Stock Incentive Award shall remain subject to forfeiture.

(c) Termination of Employment. If the Participant's employment with the Company and/or a Subsidiary ends before the Restricted Stock Units vest, the Participant shall forfeit all unvested Restricted Stock Units, unless the termination is a result of the occurrence of a Qualifying Event or the Committee determines that the Participant's unvested Restricted Stock Units shall vest as of the date of such event; provided, however, the Committee may grant Restricted Stock Units precluding such accelerated vesting in order to qualify the Restricted Stock Units for the Performance Based Exception.

Table of Contents

(d) Death, Disability and Retirement. In the event a Qualifying Event occurs before the date or dates on which Restricted Stock Units vest, the expiration of the applicable restrictions (other than restrictions based on performance criteria set forth in Section 14) shall be accelerated and the Participant shall be entitled to receive the Shares free of all such restrictions. In the case of Restricted Stock Units which are based on performance criteria set forth in Section 14, then as of the date on which such Qualifying Event occurs, the Participant shall be entitled to receive a number of Shares that is determined by measuring the selected performance criteria from the Company's most recent publicly available quarterly results that are available as of the date the Qualifying Event occurs; provided, however, the Committee may grant Restricted Stock Units precluding such partial awards when a Qualifying Event occurs in order to qualify the Restricted Stock Units for the Performance Based Exception. All other Shares subject to such Restricted Stock Units shall be forfeited and returned to the Company as of the date on which such Qualifying Event occurs.

(e) Acceleration of Award. Notwithstanding anything to the contrary in this Plan, the Committee shall have the power to permit, in its sole discretion, an acceleration of the applicable restrictions or the applicable period of such restrictions with respect to any part or all of the Restricted Stock Units awarded to a Participant; provided, however, the Committee may grant Restricted Stock Units precluding such accelerated vesting on order to qualify the Restricted Stock Units for the Performance Based Exception.

(f) Necessity of Stock Incentive Agreement. Each grant of Restricted Stock Unit(s) shall be evidenced by a Stock Incentive Agreement that shall specify the terms, conditions and restrictions regarding the Participant's right to receive Share(s) in the future, and shall incorporate such other terms and conditions as the Committee, acting in its sole discretion, deems consistent with the terms of this Plan. The Committee shall have sole discretion to modify the terms and provisions of Restricted Stock Unit(s) in accordance with Section 12 of this Plan.

(g) Transferability of Restricted Stock Units. Except as otherwise provided in a Participant's Restricted Stock Unit Award, no Restricted Stock Unit granted under the Plan may be sold, transferred, pledged, assigned or otherwise alienated or hypothecated by the holder Participant, except upon the death of the holder Participant by will or by the laws of descent and distribution.

(h) Voting, Dividend & Other Rights. Unless the applicable Stock Incentive Agreement provides otherwise, holders of Restricted Stock Units shall not be entitled to vote or to receive dividends until they become owners of the Shares pursuant to their Restricted Stock Units, and, unless the applicable Stock Incentive Agreement provides otherwise, the holder of a Restricted Stock Unit shall not be entitled to any dividend equivalents (as described in Section 7.1(e)).

7.5 TERMS AND CONDITIONS OF STOCK APPRECIATION RIGHTS.

(a) Grants of Stock Appreciation Rights. A Stock Appreciation Right shall entitle the Participant to receive upon exercise or payment the excess of the Fair Market Value of a specified number of Shares at the time of exercise, over a specified price. The specified price for a Stock Appreciation Right granted in connection with a previously or contemporaneously granted Option, shall not be less than the Exercise Price

Table of Contents

for Shares that are the subject of the Option. In the case of any other Stock Appreciation Right, the specified price shall not be less than one hundred percent (100%) of the Fair Market Value of the Shares at the time the Stock Appreciation Right was granted. If related to an Option, the exercise of a Stock Appreciation Right shall result in a pro rata surrender of the related Option to the extent the Stock Appreciation Right has been exercised.

(b) Payment. Upon exercise or payment of a Stock Appreciation Right, the Company shall pay to the Participant the appreciation with Shares (computed using the aggregate Fair Market Value of Shares on the date of payment or exercise) as specified in the Stock Incentive Agreement or, if not specified, as the Committee determines. To the extent that a Stock Appreciation Right is paid with consideration other than Shares, it shall be treated as paid in Shares for purposes of Section 3.

(c) Vesting of Stock Appreciation Rights. The Committee shall establish the vesting schedule applicable to Stock Appreciation Rights and shall specify the times, vesting and performance goal requirements. Until the end of the period(s) of time specified in the vesting schedule and/or the satisfaction of any performance criteria, the Stock Appreciation Rights subject to such Stock Incentive Award shall remain subject to forfeiture.

(d) Death, Disability and Retirement. In the event a Qualifying Event occurs before the date or dates on which Stock Appreciation Rights vest, the expiration of the applicable restrictions (other than restrictions based on performance criteria set forth in Section 14) shall be accelerated and the Participant shall be entitled to receive the full value of the Stock Appreciation Right free of all such restrictions. In the case of Stock Appreciation Rights which are based on performance criteria set forth in Section 14, then as of the date on which such Qualifying Event occurs, the Participant shall be entitled to receive a value determined by measuring the selected performance criteria from the Company's most recent publicly available quarterly results that are available as of the date the Qualifying Event occurs. All other benefits under the Stock Appreciation Rights shall thereupon be forfeited and returned to the Company as of the date on which such Qualifying Event occurs.

(e) Transferability of Stock Appreciation Rights. Except as otherwise provided in a Participant's Stock Incentive Agreement, no Stock Appreciation Right granted under the Plan may be sold, transferred, pledged, assigned or otherwise alienated or hypothecated, except upon the death of the holder Participant by will or by the laws of descent and distribution.

(f) Special Provisions for Tandem Stock Appreciation Rights. A Stock Appreciation Right granted in connection with an Option may only be exercised to the extent that the related Option has not been exercised. A Stock Appreciation Right granted in connection with an ISO (1) will expire no later than the expiration of the underlying ISO, (2) may be for no more than the difference between the exercise price of the underlying ISO and the Fair Market Value of the Shares subject to the underlying ISO at the time the Stock Appreciation Right is exercised, (3) may be transferable only when, and under the same conditions as, the underlying ISO is transferable, and (4) may be exercised only (i) when the underlying ISO could be exercised and (ii) when the Fair Market Value of the Shares subject to the ISO exceeds the exercise price of the ISO.

7.6 STOCK OPTIONS FOR OUTSIDE DIRECTORS.

This Section 7.6 shall apply only to grants of Stock Options to Outside Directors.

(a) Each Outside Director shall be granted, upon first becoming a director of the Company Non-Qualified Stock Options, Restricted Stock, Stock Appreciation Rights or such other stock-based award allowable under the Plan in an amount as determined by the Board, provided that no Outside Director may receive more than one such grant for serving as a director of the Company and one or more Subsidiaries.

(b) Each Outside Director shall be eligible to receive Non-Qualified Stock Options, Restricted Stock, Stock Appreciation Rights or such other stock-based award allowable under the Plan in accordance with the Company's policy for director compensation as determined by the Compensation Committee of the Company from time to time as approved by the Board of directors.

(c) The price per share of Stock for grants under 7.6(a) or (b) above shall be not less than 100% of the Fair Market Value on the date of grant. Each grant to an Outside Director shall vest as the Board may determine. To the extent not exercised, installments shall accumulate and be exercisable in whole or in part at any time after becoming exercisable but not later than the date the Stock Option expires. Exercise shall be pursuant to any method described in Section 7.2(e).

SECTION 8.

SECURITIES REGULATION

8.1 LEGALITY OF ISSUANCE. No Share shall be issued under this Plan unless and until the Committee has determined that all required actions have been taken to register such Share under the Securities Act of 1933 or the Company has determined that an exemption therefrom is available, any applicable listing requirement of any stock exchange on which the Share is listed has been satisfied, and any other applicable provision of state, federal or foreign law, including foreign securities laws where applicable, has been satisfied.

8.2 RESTRICTIONS ON TRANSFER; REPRESENTATIONS; LEGENDS. Regardless of whether the offering and sale of Shares under the Plan have been registered under the Securities Act of 1933 or have been registered or qualified under the securities laws of any state, the Company may impose restrictions upon the sale, pledge, or other transfer of such Shares (including the placement of appropriate legends on stock certificates) if, in the judgment of the Company and its counsel, such restrictions are necessary or desirable to achieve compliance with the provisions of the Securities Act of 1933, the securities laws of any state, the United States or any other applicable foreign law. If the offering and/or sale of Shares under the Plan is not registered under the Securities Act of 1933 and the Company determines that the registration requirements of the Securities Act of 1933 apply but an exemption is available which requires an investment representation or other representation, the participant shall be required, as a condition to acquiring such Shares, to represent that such Shares are being acquired for investment, and not with a view to the sale or distribution thereof, except in compliance with the Securities Act of 1933, and to make such other representations as are deemed necessary or appropriate by the Company and its counsel. All Stock Incentive Agreements shall contain a provision stating that any restrictions under any applicable securities laws will apply.

Table of Contents

8.3 REGISTRATION OF SHARES. The Company may, and intends to, but is not obligated to, register or qualify the offering or sale of Shares under the Securities Act of 1933 or any other applicable state, federal or foreign law.

SECTION 9.

LIFE OF PLAN

No Stock Incentive shall be granted under this Plan on or after the earlier of:

(a) the tenth (10th) anniversary of the effective date of this Plan (as determined under Section 4 of this Plan), or

(b) the date on which all of the Shares reserved under Section 3 of this Plan have (as a result of the exercise of Stock Incentives granted under this Plan or lapse of all restrictions under a Restricted Stock Award or Restricted Stock Unit) been issued or are no longer available for use under this Plan.

This Plan shall continue in effect until all outstanding Stock Incentives have been exercised in full or are no longer exercisable and all Restricted Stock Awards or Restricted Stock Units have vested or been forfeited.

SECTION 10.

ADJUSTMENT

Notwithstanding anything in Section 12 to the contrary, (i) the number of Shares reserved under Section 3 of this Plan, (ii) the limit on the number of Shares that may be granted subject to Stock Incentives during a calendar year to any individual under Section 3 of this Plan, (iii) the number of Shares subject to Stock Incentives granted under this Plan, and (iv) the Exercise Price of any Options and the specified exercise price of any Stock Appreciation Rights, shall be adjusted by the Committee in an equitable manner to reflect any change in the capitalization of the Company, including, but not limited to, such changes as stock dividends or stock splits. Furthermore, the Committee shall have the right to adjust (in a manner that satisfies the requirements of Code Section 424(a)) (x) the number of Shares reserved under Section 3, (y) the number of Shares subject to Stock Incentives granted under this Plan, and (z) the Exercise Price of any Options and the specified exercise price of any Stock Appreciation Rights in the event of any corporate transaction described in Code Section 424(a) that provides for the substitution or assumption of such Stock Incentives. If any adjustment under this Section creates a fractional Share or a right to acquire a fractional Share, such fractional Share shall be disregarded, and the number of Shares reserved under this Plan and the number subject to any Stock Incentives granted under this Plan shall be the next lower number of Shares, rounding all fractions downward. An adjustment made under this Section by the Committee shall be conclusive and binding on all affected persons and, further, shall not constitute an increase in the number of Shares reserved under Section 3 or an increase in any limitation imposed by the Plan.

SECTION 11.

CHANGE OF CONTROL OF THE COMPANY

11.1 GENERAL RULE FOR CHANGE OF CONTROL. Except as otherwise provided in a Stock Incentive Agreement, if a Change of Control occurs, and if the agreements effectuating the Change of Control do not provide for the assumption or substitution of all Stock Incentives granted under this Plan, with respect to any Stock Incentive granted under this Plan that is not so assumed or substituted (a Non Assumed Stock Incentive), the Committee, in its sole and absolute discretion, may, with respect to any or all of such Non Assumed Stock Incentives, take any or all of the following actions to be effective as of the date of the Change of Control (or as of any other date fixed by the Committee occurring within the thirty (30) day period immediately preceding the date of the Change of Control, but only if such action remains contingent upon the effectuation of the Change of Control) (such date referred to as the Action Effective Date):

(a) Accelerate the vesting and/or exercisability of such Non Assumed Stock Incentive; and/or

(b) Unilaterally cancel such Non Assumed Stock Incentive in exchange for:

(i) whole and/or fractional Shares (or for whole Shares and cash in lieu of any fractional Share) or whole and/or fractional shares of a successor (or for whole shares of a successor and cash in lieu of any fractional share) that, in the aggregate, are equal in value to the excess of the Fair Market Value of:

(I) in the case of Options, the Shares that could be purchased subject to such Non Assumed Stock Incentive less the aggregate Exercise Price for the Options with respect to such Shares;

(II) in the case of Restricted Stock Units or Stock Appreciation Rights, Shares subject to such Stock Incentive determined as of the Action Effective Date (taking into account vesting), less the value of any consideration payable on exercise.

(ii) cash or other property equal in value to the excess of the Fair Market Value of

(I) in the case of Options, the Shares that could be purchased subject to such Non Assumed Stock Incentive less the aggregate Exercise Price for the Options with respect to such Shares or

(II) in the case of Restricted Stock Units or Stock Appreciation Rights, Shares subject to such Stock Incentive determined as of the Action Effective Date (taking into account vesting) less the value of any consideration payable on exercise.

(c) In the case of Options, unilaterally cancel such Non Assumed Option after providing the holder of such Option with (1) an opportunity to exercise such Non Assumed Option to the extent vested within a specified period prior to the date of the Change of Control, and (2) notice of such opportunity to exercise prior to the commencement of such specified period. However, notwithstanding the foregoing, to the extent that the recipient of a Non Assumed Stock Incentive is an Insider, payment of cash in lieu of whole or fractional Shares or shares of a successor may only be made to the extent that such payment (1) has met the requirements of an exemption under Rule 16b 3 promulgated under the Exchange Act, or (2) is a subsequent transaction the

terms of which were provided for in a transaction initially meeting the requirements of an exemption under Rule 16b 3 promulgated under the Exchange Act. Unless a Stock Incentive Agreement provides otherwise, the payment of cash in lieu of whole or fractional Shares or in lieu of whole or fractional shares of a successor shall be considered a subsequent transaction approved by the original grant of an Option.

11.2 GENERAL RULE FOR OTHER STOCK INCENTIVE AGREEMENTS. If a Change of Control occurs, then, except to the extent otherwise provided in the Stock Incentive Agreement pertaining to a particular Stock Incentive or as otherwise provided in this Plan, each Stock Incentive shall be governed by applicable law and the documents effectuating the Change of Control.

SECTION 12.

AMENDMENT OR TERMINATION

This Plan may be amended by the Committee from time to time to the extent that the Committee deems necessary or appropriate; provided, however, no such amendment shall be made absent the approval of the shareholders of the Company if such amendment (a) increases the number of Shares reserved under Section 3, except as set forth in Section 10, (b) extends the maximum life of the Plan under Section 9 or the maximum exercise period under Section 7, (c) decreases the minimum Exercise Price under Section 7, or (d) changes the designation of Eligible Recipients eligible for Stock Incentives under Section 6. Shareholder approval of other material amendments (such as an expansion of the types of awards available under the Plan, an extension of the term of the Plan, or a change to the method of determining the Exercise Price of Options issued under the Plan) may also be required pursuant to rules promulgated by an established stock exchange or a national market system. An exchange of a later granted Option for an earlier granted Option for any purpose, including, but not limited to, the purpose of lowering the Exercise Price of such Option, and an exchange of a later granted Stock Incentive for an earlier granted Stock Incentive for any purpose, shall not be deemed to be an amendment to this Plan. The Board also may suspend the granting of Stock Incentives under this Plan at any time and may terminate this Plan at any time. The Company shall have the right to modify, amend or cancel any Stock Incentive after it has been granted if (I) the modification, amendment or cancellation does not diminish the rights or benefits of the Stock Incentive recipient under the Stock Incentive (provided, however, that a modification, amendment or cancellation that results solely in a change in the tax consequences with respect to a Stock Incentive shall not be deemed as a diminishment of rights or benefits of such Stock Incentive), (II) the Participant consents in writing to such modification, amendment or cancellation, (III) there is a dissolution or liquidation of the Company, (IV) this Plan and/or the Stock Incentive Agreement expressly provides for such modification, amendment or cancellation, or (V) the Company would otherwise have the right to make such modification, amendment or cancellation by applicable law.

SECTION 13.

MISCELLANEOUS

13.1 SHAREHOLDER RIGHTS. Except as provided in Section 7.3 with respect to Restricted Stock Awards, or in a Stock Incentive Agreement, no Participant shall have any rights as a shareholder of the Company as a result of the grant of a Stock Incentive pending the actual delivery of Shares subject to such Stock Incentive to such Participant.

Table of Contents

13.2 NO GUARANTEE OF CONTINUED RELATIONSHIP. The grant of a Stock Incentive to a Participant under this Plan shall not constitute a contract of employment or other relationship with the Company and shall not confer on a Participant any rights upon his or her termination of employment or relationship with the Company in addition to those rights, if any, expressly set forth in the Stock Incentive Agreement that evidences his or her Stock Incentive.

13.3 WITHHOLDING. The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company as a condition precedent for the grant or fulfillment of any Stock Incentive, an amount in Shares or cash sufficient to satisfy federal, state and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan and/or any action taken by a Participant with respect to a Stock Incentive. Whenever Shares are to be issued to a Participant upon exercise of an Option or Stock Appreciation Right, or satisfaction of conditions under a Restricted Stock Unit, the Company shall have the right to require the Participant to remit to the Company, as a condition of exercise of the Option or Stock Appreciation Right, or as a condition to the fulfillment of the Restricted Stock Unit, an amount in cash (or, unless the Stock Incentive Agreement provides otherwise, in Shares) sufficient to satisfy federal, state and local withholding tax requirements at the time of exercise. However, notwithstanding the foregoing, to the extent that a Participant is an Insider, satisfaction of withholding requirements by having the Company withhold Shares may only be made to the extent that such withholding of Shares (1) has met the requirements of an exemption under Rule 16b-3 promulgated under the Exchange Act, or (2) is a subsequent transaction the terms of which were provided for in a transaction initially meeting the requirements of an exemption under Rule 16b-3 promulgated under the Exchange Act. Unless the Stock Incentive Agreement provides otherwise, the withholding of shares to satisfy federal, state and local withholding tax requirements shall be a subsequent transaction approved by the original grant of a Stock Incentive. Notwithstanding the foregoing, in no event shall payment of withholding taxes be made by a retention of Shares by the Company unless the Company retains only Shares with a Fair Market Value equal to the minimum amount of taxes required to be withheld.

13.4 NOTIFICATION OF DISQUALIFYING DISPOSITIONS OF ISO OPTIONS. If a Participant sells or otherwise disposes of any of the Shares acquired pursuant to an Option that is an ISO on or before the later of (1) the date two (2) years after the date of grant of such Option, or (2) the date one (1) year after the exercise of such Option, then the Participant shall immediately notify the Company in writing of such sale or disposition and shall cooperate with the Company in providing sufficient information to the Company for the Company to properly report such sale or disposition to the Internal Revenue Service. The Participant acknowledges and agrees that he or she may be subject to federal, state and/or local tax withholding by the Company on the compensation income recognized by Participant from any such early disposition, and agrees that he or she shall include the compensation from such early disposition in his gross income for federal tax purposes. Participant also acknowledges that the Company may condition the exercise of any Option that is an ISO on the Participant's express written agreement with these provisions of this Plan.

13.5 TRANSFERS & RESTRUCTURINGS. The transfer of a Participant's employment between or among the Company or a Subsidiary (including the merger of a

Table of Contents

Subsidiary into the Company) shall not be treated as a termination of his or her employment under this Plan. Likewise, the continuation of employment by a Participant with a corporation which is a Subsidiary shall be deemed to be a termination of employment when such corporation ceases to be a Subsidiary.

13.6 GOVERNING LAW/CONSENT TO JURISDICTION. This Plan shall be construed under the laws of the State of Florida without regard to principles of conflicts of law. Each Participant consents to the exclusive jurisdiction in the United States District Court for the Middle District of Florida, Tampa Division, or the state courts in Tampa, Florida for the determination of all disputes arising from this Plan and waives any rights to remove or transfer the case to another court.

13.7 ESCROW OF SHARES. To facilitate the Company's rights and obligations under this Plan, the Company reserves the right to appoint an escrow agent, who shall hold the Shares owned by a Participant pursuant to this Plan.

SECTION 14.

PERFORMANCE CRITERIA

14.1 PERFORMANCE GOAL BUSINESS CRITERIA. Unless and until the Board proposes for shareholder vote and shareholders approve a change in the general performance measures set forth in this Section, the attainment of which may determine the degree of payout and/or vesting with respect to Stock Incentives to Key Employees and Key Persons pursuant to this Plan which are designed to qualify for the Performance Based Exception, the performance measure(s) to be used by the Committee for purposes of such grants shall be determined by the Committee in its discretion. These performance measure may include but are not limited to the following: (a) earnings per share; (b) net income (before or after taxes); (c) return measures (including, but not limited to, return on assets, equity or sales); (d) cash flow return on investments which equals net cash flows divided by owners equity; (e) earnings before or after taxes, depreciation and/or amortization; (f) gross revenues; (g) operating income (before or after taxes); (h) total shareholder return; (i) corporate performance indicators (indices based on the level of certain services provided to customers); (j) cash generation, profit and/or revenue targets; (k) growth measures, including revenue growth, as compared with a peer group or other benchmark; (l) share price (including, but not limited to, growth measures and total shareholder return), and/or (m) any other measures deemed appropriate by the Committee. In setting performance goals using these performance measures, the Committee may exclude the effect of changes in accounting standards and non recurring unusual events specified by the Committee, such as write offs, capital gains and losses and acquisitions and dispositions of businesses.

14.2 DISCRETION IN FORMULATION OF PERFORMANCE GOALS. The Committee shall have the discretion to adjust the determinations of the degree of attainment of the pre established performance goals; provided, however, that Stock Incentives which are to qualify for the Performance Based Exception may not be adjusted upward (although the Committee shall retain the discretion to adjust such Stock Incentives downward).

14.3 PERFORMANCE PERIODS. The Committee shall have the discretion to determine the period during which any performance goal must be attained with respect to a Stock Incentive. Such period may be of any length, and must be established prior to the start of such period or within the first ninety (90) days of such period (provided that the performance criteria are not in any event set after 25% or more of such period has elapsed).

Table of Contents

14.4 MODIFICATIONS TO PERFORMANCE GOAL CRITERIA. In the event that the applicable tax and/or securities laws and regulatory rules and regulations change to permit Committee discretion to alter the governing performance measures noted above without obtaining shareholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining shareholder approval. In addition, in the event that the Committee determines that it is advisable to grant Stock Incentives which shall not qualify for the Performance Based Exception, the Committee may make such grants without satisfying the requirements under Code Section 162(m) to qualify for the Performance Based Exception.

14.5 ACHIEVEMENT OF PERFORMANCE GOALS. The Committee shall have the discretion to determine whether or not a certain performance goal has been attained and the Committee may delegate this authority to management in those cases where it elects to do so.

SECTION 15.

OTHER NON US PROVISIONS

15.1 The Committee shall have the authority to require that any Stock Incentive Agreement relating to a Stock Incentive in a jurisdiction outside of the United States contain such terms as are required by local law in order to constitute a valid grant under the laws of such jurisdiction. Such authority shall be notwithstanding the fact that the requirements of the local jurisdiction may be different from or more restrictive than the terms set forth in this Plan. No purchase or delivery of Shares pursuant to a Stock Incentive shall occur until applicable restrictions imposed pursuant to this Plan or the applicable Stock Incentive have terminated.

To record the adoption of this Plan, as amended , by the Board , the Company has caused its authorized officer to execute the same.
