**Basic Profit Distribution Policy**

ORIX believes that securing profits from its businesses primarily as retained earnings, and utilizing them for strengthening its base of operations and making investments for growth, assists in sustaining profit growth while maintaining financial stability, leading to increased shareholder value.

Regarding dividends, ORIX responds to shareholder expectations through increasing shareholder value through mid-to long-term profit growth and steady distribution of profit.

Regarding share buybacks, ORIX will take into account the adequate level of retained earnings and act flexibly and accordingly by considering the factors such as changes in the economic environment, trend in stock prices, and financial situation.

Given the policy outlined above and the current operating environment, the annual dividend will be 75 yen per share, up from 70 yen in the previous fiscal year. Dividend distribution is scheduled once a year as a fiscal year-end dividend.
