Identive Group

Overview

Identive Group, Inc. (Identive, the Company, we and us) is an international technology company focused on building the world's signature group in secure identification-based technologies. We are comprised of a group of businesses with deep industry expertise and well-known global brands in their individual markets, which provide leading-edge products and solutions in the areas of physical and logical access control, identity management and radio frequency identification (RFID) systems to governments, commercial and industrial enterprises, healthcare and consumers. Our goal is to build a lasting business of scale and technology to both enable and capitalize on the growth of the security and RFID industries. Our growth model is based on a combination of strong technology-driven organic growth from the businesses within the Company and disciplined acquisitive expansion.

At the beginning of 2010, we acquired Bluehill ID AG (Bluehill ID), a Swiss industrial holding group focused on technologies within the high-growth RFID / contactless smart card technology and identity management markets. As a result of this business combination, we have adopted a new organizational structure, enhanced and broadened our management team, and changed the name of the Company from SCM Microsystems, Inc. to Identive Group, Inc., which reflects our focus on providing secure identification systems and solutions. Following the acquisition of Bluehill ID we also changed our stock trading symbols to reflect our new name. Our common stock is listed on the NASDAQ Global Market in the U.S. under the symbol INVE and the Frankfurt Stock Exchange in Germany under the symbol INV.

Through 2009 and prior to the business combination with Bluehill ID, we operated in two business segments, Security and Identity Solutions and Digital Media and Connectivity. Following our business combination with Bluehill ID, our Company's organizational structure has changed, and we now operate in the following two business segments: Identity Management Solutions & Services (ID Management) and Identification Products & Components (ID Products). Each business segment is comprised of two or more businesses that focus on specific markets and technologies.

The businesses in our ID Management segment provide solutions and services that enable the secure management of credentials in diverse markets. These credentials are used for the identification of people and the granting of rights and privileges based on defined security policies. The businesses in our ID Management segment specialize in the design and manufacturing of highly secured and integrated systems that can enhance security and better meet compliance and regulatory requirements while providing users the benefits and convenience of simple and secure solutions. Our ID Management customers operate in government, commercial, enterprise and consumer markets and can be found in multiple vertical market segments including healthcare, finance, industrial, retail and critical infrastructure. The businesses in our ID Management segment include Hirsch Electronics and Multicard.

The businesses in our ID Products segment design and manufacture both standard and highly specialized products and components that help identify people, animals and objects in a multitude of applications and markets. Products and components in our ID Products segment include semiconductors, cards, tags, inlays, readers and terminals that are used by original equipment manufacturers and system integrators to deliver identity-based systems and solutions. These products are used for applications such as eHealth, eGovernment, mobile banking, loyalty schemes, transportation and event ticketing, corporate identification, logical access, physical access and passport control in the government, enterprise and financial markets. Within the ID Products segment we also offer commercial digital media readers that are used in digital kiosks to transfer digital content to and from various flash media. Businesses in our ID Products segment include ACiG Technology, SCM Microsystems, Smartag, Syscan ID and TagStar Systems.

Each of the businesses within Identive conducts its own sales and marketing activities in the markets in which it competes, utilizing its own sales and marketing organization, and in most cases selling primarily through indirect sales channels that may include dealers, systems integrators, value added resellers, resellers or the Internet. Within our ID Management segment, the majority of sales in our Hirsch business are made

Edgar Filing: IDENTIVE GROUP, INC. - Form POS AM

through a dealer/systems integrator distribution channel. Businesses in our ID Products segment primarily sell to original equipment manufacturers (OEMs) that typically either bundle our products with their own solutions, or repackage our products for resale to their customers. Our OEM customers typically sell our ID Products solutions to government contractors, systems integrators, large enterprises and computer manufacturers, as well as to banks and other financial institutions. Additionally, we sell our digital media readers primarily to major brand computer and photo processing equipment manufacturers.

Our corporate headquarters are co-located with our Hirsch business headquarters in Santa Ana, California and our European operational headquarters are in Ismaning, Germany. We maintain facilities in Chennai, India for technology research and development and in Australia, Brazil, Canada, Europe, Hong Kong, Japan, Singapore and the U.S. for individual business operations and sales. The Company was founded in 1990 in Munich, Germany and incorporated in 1996 under the laws of the state of Delaware. Our principal executive offices are located at 1900 Carnegie Avenue, Building B, Santa Ana, California 92705.

- (1) The amounts in this column represent the aggregate grant date fair value of awards calculated in accordance with financial accounting standards with respect to the fiscal year in accordance with Accounting Standards Codification (ASC) Topic 718, *Compensation-Stock Compensation* (ASC 718). The grant date fair value of the options awards is calculated using the Black-Scholes-Merton valuation model based on the following assumptions: a dividend rate of zero, an interest rate for the expected life of the option at the date of grant, an expected option life of 3.92 years, and volatility based on historical averages at the date of grant. See Note 4 to the Consolidated Financial Statements appearing in our Annual Report on 10-K for the period ended December 31, 2010, which is incorporated by reference into this prospectus for more information about how Identive accounts for stock-based compensation.
- (2) Dr. Boersch received an initial stock option grant to purchase 10,000 shares of the Company's stock in January 2010 upon joining the Board of Directors, which had a grant date fair value of \$13,969. The option grant was subsequently cancelled upon Dr. Boersch's resignation from the Board on February 27, 2010. Additionally, Dr. Boersch waived his cash compensation and did not serve on any committees of the Board during the period in which he served as a director.
- (3) Reflects receipt of cash fees for the first quarter of 2010 only, as thereafter Mr. Humphreys elected to forego both cash and equity compensation for the remainder of 2010 to support the Company's cost reduction efforts. For the first quarter of 2010, Mr. Humphreys received \$5,000 for his service as a director, \$1,250 for his service on the Audit Committee, \$500 for his service on the Compensation Committee and \$1,000 for his attendance at Board meetings. For the first quarter of 2010, Dr. Liebler received \$5,000 for his service as a director, \$1,000 for his service as Chairman of the Compensation Committee and \$1,000 for his attendance at Board meetings. Dr. Liebler had 15,000 options outstanding as of December 31, 2010, all of which were exercisable.
- (5) Reflects the receipt of cash fees for the first quarter of 2010 only, as Mr. Morgan resigned from the Board on February 27, 2010. Additionally, Mr. Morgan received an initial stock option grant to purchase 10,000 shares of the Company's stock in January 2010 upon joining the Board of Directors, which had a grant date fair value of \$13,969. The option grant was subsequently cancelled upon Mr. Morgan's resignation from the Board. During the period in which Mr. Morgan was a director, he served on the Compensation and Audit Committees of the Board.
- (6) Reflects an agreement between Mr. Turner and the Board of Directors, under which he would receive an option grant to purchase 5,000 shares of the Company's stock and \$41,500 in cash payments, which was approximately the amount of fees he received the previous year, for his service on the Board during 2010 rather than foregoing such compensation. It was determined that such payments were appropriate based on Mr. Turner's previous service to the Board, his continuing involvement on all three committees of the Board and in particular his continuing leadership of the Audit Committee and his leadership of the Compensation Committee. Mr. Turner had 50,000 options outstanding as of December 31, 2010, of which 47,500 were exercisable.

Annual Cash Compensation

During 2010, each non-employee member of Identive's Board of Directors was eligible to receive the following cash compensation:

an annual retainer of \$20,000 for each member of the Board of Directors;

an additional annual retainer of \$5,000 for service on the Audit Committee of the Board of Directors, except for the committee Chairman, who is eligible to receive an annual retainer of \$10,000;

an additional annual retainer of \$2,000 for service on the Compensation or Nominating Committees of the Board of Directors, except for the Chairman of such committees, who are each eligible to receive an annual retainer of \$4,000; and

meeting fees of \$1,000 for physical attendance at each Board of Directors meeting and \$500 for attendance at telephonic board meetings lasting more than 60 minutes.

During 2010, the Company's non-employee directors were paid in the currency of the country of their residence, using a fixed exchange rate of 0.93 per U.S. dollar for our European-based directors and £0.63 per U.S. dollar for our UK-based director. Additionally, Identive reimburses its non-employee directors for all reasonable out-of-pocket expenses incurred in the performance of their duties as directors, which in practice primarily consist of travel expenses associated with Board of Directors or committee meetings or with committee assignments.

To support the cost reduction efforts of the Company, in February 2010, Mr. Wenzel elected not to accept any compensation for his service on the Board of Directors in 2010, Messrs. Boersch and Morgan resigned from the Board, and Dr. Boersch elected not to receive any cash compensation for his service on the Board in 2010. Additionally, Mr. Humphreys and Dr. Liebler elected not to accept any compensation for their service on the Board of Directors during 2010, beginning April 1, 2010. Because of his significant responsibilities as chairman of the Audit and Compensation Committees, the Board determined that Mr. Turner should continue to receive cash and equity compensation for his services during 2010.

Equity Compensation

During 2010, each of Identive's non-employee directors was eligible to receive option awards under the terms of Identive's 2007 Stock Option Plan. Under this plan, new members of the Board of Directors receive an initial option grant to purchase 10,000 shares of the Company's common stock, or such other number of shares as determined by the Board of Directors in its sole discretion. Continuing members of the Board of Directors who have served for at least six months receive an annual option grant to purchase 5,000 shares of the Company's common stock, awarded on the date of our Annual Meeting of Stockholders. Both of these option grants vest 1/12th per month over the one-year period following the date of grant.

On January 4, 2010, Messrs. Boersch, Morgan and Wenzel each received an initial option grant to purchase 10,000 shares of the Company's common stock at an exercise price of \$2.26 per share, which was the NASDAQ closing price on that day. The options awarded to Dr. Boersch and Mr. Morgan subsequently were cancelled following their resignations from the Board in February 2010.

During 2010, each of our eligible non-employee directors except Mr. Turner elected not to receive an annual option grant in order to support the Company's efforts to reduce costs. Because of his responsibilities on all three committees of the Board as detailed above, the Board determined that Mr. Turner should continue to receive equity compensation in the form of stock option grants for his service in 2010. Mr. Turner received an option grant to purchase 5,000 shares of Identive common stock on June 16, 2010, the date of the Company's 2010 Annual Meeting, at an exercise price of \$1.67 per share, which was the NASDAQ closing price on that day.

Table of Contents***Executive Bonus and Incentive Plans******2009 Executive Bonus Plan***

In February 2009, the Board of Directors approved an Executive Bonus Plan for 2009 (the "2009 Plan") as recommended by the Compensation Committee. Both quarterly and annual payments were possible under the 2009 Plan. Quarterly payments were based both on the achievement of quarterly operating profit targets and performance against strategic corporate goals. Annual payments were based on the achievement of annual operating profit targets. Under the Plan, operating profit is defined as gross margin, less research and development, sales and marketing, and general and administrative expenses, as well as various expenses determined by the Company to be extraordinary. No such extraordinary expenses were excluded from the calculation of operating profit in 2009. Strategic goals primarily related to the acquisition and integration of Hirsch Electronics.

Under the quarterly component of the 2009 Plan, executive officers of the Company (other than sales executives) were eligible to receive quarterly cash bonuses amounting to 10% of their respective annual base salaries, of which 5% was based on the Company achieving operating profit for that quarterly period and 5% was based on the achievement of corporate strategic goals for that quarterly period. As a sales executive, Dr. Mueller was eligible to receive quarterly cash bonuses amounting to 5% of his annual base salary, of which 2.5% was based on the Company achieving operating profit for that quarterly period and 2.5% was based on the achievement of corporate strategic goals for that quarterly period. Dr. Mueller also was eligible to receive an additional quarterly bonus of up to 5% of his annual base salary under the Company's Sales Commission Plan, based on the achievement of quarterly revenue targets set forth in the Company's budget and sales forecasts as approved by the Board of Directors for each quarter. Under the annual bonus component of the 2009 Plan, executive officers were eligible to receive additional variable bonuses amounting to between 20% and 40% of their respective annual base salaries, based upon the achievement by the Company of annual operating profit targets established by the Compensation Committee.

During the first quarter of 2009, the executive officers of the Company waived their eligibility under the 2009 Plan to receive bonus payments during 2009 as a result of the ongoing economic downturn. Dr. Mueller also waived his eligibility to receive bonus payments under the Company's Sales Commission Plan during 2009. Therefore no cash bonuses were awarded under either the quarterly or the annual components of the 2009 Plan.

Had the executives not waived their right to receive bonus awards in 2009, no bonuses would have been paid out under the quarterly or annual operating profit performance components of the 2009 Plan, as operating performance was not achieved in any of the measurement periods. Quarterly strategic corporate goals included a range of sales, marketing, engineering and operational items, many of which related to the acquisition and integration of the Hirsch business, as well as to the development and delivery of new reader products and to improvements in the Company's management of working capital. Executives would have received partial to full payment of bonus awards for the achievement of quarterly strategic corporate goals in each of the four quarters of 2009, as certain of the corporate goals were achieved in each quarter. However, the calculation of the percentage of performance achievement of quarterly corporate goals has not been made for any of the 2009 quarterly periods. In addition, Dr. Mueller would have received a bonus payment for the achievement of sales revenue targets in the second quarter of 2009 only, as sales target thresholds were met only in the second quarter. The calculation of the percentage of performance achievement for sales revenue in the second quarter of 2009 has not been made.

2010 Bonus and Incentive Plan

During 2010, the Board of Directors approved several changes in compensation for executive officers, designed to increase the component of at-risk, performance-based compensation relative to fixed salary. In addition to the reductions in salary for Messrs. Midland and Mueller described in the footnotes to the table above, in April 2010, Identive's Board of Directors also adopted the 2010 Bonus and Incentive Plan (the "2010 Plan"), which provides for incentive awards based on the achievement of corporate performance goals. The 2010 Plan was approved by the Company's shareholders at the 2010 Annual Meeting.

Under the 2010 Plan, executive officers and other key employees of the Company are eligible to receive cash and equity-based awards subject to the achievement of certain performance criteria determined by the

Table of Contents

Compensation Committee of the Company's Board of Directors, as measured at the end of a specified performance period of 12 months or longer. Equity awards may include shares of common stock, nonqualified stock options, restricted stock, or deferred stock awards.

The Compensation Committee approved specific performance criteria for the payment of incentive awards in 2010 and determined the composition of the potential awards. Potential awards were based on the achievement of base performance (Base Bonus) criteria and peak performance (Peak Bonus) criteria. Each set of criteria was assigned a certain percentage value of the total potential Base Bonus or Peak Bonus. The potential Base Bonus and Peak Bonus amounts for each executive were determined by multiplying the sum of the percentage values of the Base Bonus and Peak Bonus by the executive's annual base salary.

Base Bonus. Each executive officer was eligible to earn a Base Bonus of up to 100% of his annual base salary, subject to achievement of the following performance criteria:

10% to 30% growth in net sales over a base sales figure of \$71 million (the Growth in Sales Performance Target), with an award range of 2.5% to 25% of annual base salary;

Adjusted EBITDA (defined below) of breakeven to \$1,580,000 (the Growth in Adjusted EBITDA Performance Target), with an award range of 2.5% to 25% of annual base salary; and

0% to 10% growth in the volume-weighted average value of the Company's share price in the second half of 2010 compared with the first half of 2010, excluding the effect of issuance of new shares of the Company and discounted sales of the Company's shares in 2010 (the Growth in Volume Weighted Average of Share Price Performance Target), with an award range of 5% to 50% of annual base salary.

For purposes of the 2010 Bonus Plan, adjusted EBITDA, a non-GAAP financial measure, was defined as EBITDA before equity-based compensation, acquisition, transition and integration costs. Our management uses adjusted EBITDA and other non-GAAP measures internally and believes that they provide investors with a meaningful way to evaluate the Company's operating performance.

No Base Bonus awards were to be made without the achievement of positive Adjusted EBITDA in 2010. If Base Bonus performance targets were met, awards were to be paid in a combination of cash and shares of common stock. In addition, each executive officer would be entitled to receive options to acquire shares of common stock equal in number to 20% of the executive officer's annual base salary, as determined in U.S. dollars.

Peak Bonus. Each executive also was eligible to earn a Peak Bonus of up to 100% of his annual base salary. Peak performance bonuses were only possible if the Company achieved (i) net sales growth of at least 10% and Adjusted EBITDA of at least breakeven and (ii) either net sales growth of 30% or Adjusted EBITDA of \$1,580,000. If these thresholds were met, then the following additional performance targets had to be achieved in order for executive officers to receive a Peak Bonus award:

Adjusted EBITDA of \$1,580,000 to \$2,500,000, with an award range of nil to 50% of annual base salary; and

10% to 30% growth in total capitalization (calculated by comparing the Company's stockholder's equity as of December 31, 2010 against its stockholder's equity as of January 31, 2010), with an award range of nil to 50% of annual base salary.

Achievement of Base and Peak Performance Targets in 2010

The Company's 2010 financial performance relevant to incentive bonus awards in 2010 included:

Base Bonus:

Growth in Adjusted EBITDA Performance Target: Adjusted EBITDA of \$1,097,000, resulting in an award of approximately 18% of annual base salary (a detailed reconciliation is provided below outlining the differences between adjusted EBITDA and net loss, the most directly comparable GAAP measure);

Growth in Volume Weighted Average of Share Price Performance Target: 12% growth in the volume-weighted average of the Company's share price, resulting in an award of 50% of annual base salary.

As a result, Base Bonus awards equal to approximately 81% of annual base salary were made in cash and shares of common stock to each of our eligible Named Executive Officers for achievement of 2010 Base Bonus performance targets. Additionally, each eligible Named Executive Officer received options to purchase shares of the Company's common stock, equivalent in number to 20% of his respective annual base salary. These awards are reflected in the Summary Compensation Table above.

Peak Bonus: Peak Bonus performance thresholds were not met for 2010, resulting in no Peak Bonus awards to Named Executive Officers for the performance period.

As provided under the 2010 Plan, incentive bonus amounts earned for 2010 were paid in a combination of cash and shares, initially based on an equal distribution of the two forms of award. As approved by the Compensation Committee, certain of our executive officers, including our eligible Named Executive Officers, elected to convert some or all of the cash portion of their Base Bonus awards for 2010 into additional shares of the Company's stock, with an additional conversion premium of 25% for electing to receive shares instead of cash. (For example, for an award of \$10,000 and 10,000 shares, a conversion of 50% of the cash bonus to shares would result in a revised award distribution of \$5,000 in cash and 16,250 shares. The 16,250 share amount reflects the original 10,000 share amount, the 5,000 converted shares and an additional 25% premium to the converted shares, or 1,250 shares.) These share awards are reflected in the Summary Compensation Table above. All shares of common stock and options awarded under the 2010 Plan are fully vested and the shares are subject to a two-year contractual lock-up. Mr. Felix Marx, who resigned in December 2010, was not eligible for any bonuses under the 2010 Plan.

In addition, Mr. Marx was appointed as CEO of ACiG Technology.

In accordance with the terms of his termination agreement, Mr. Marx received a lump sum gross payment of \$250,000, in full and final settlement of any and all amounts due to Mr. Marx under the provisions of his Employment Agreement and relating to the previously-approved grant of 180,000 shares of the Company's common stock under the Company's 2010 Bonus and Incentive Plan in recognition of Mr. Marx's efforts in connection with the consummation of the acquisition of Bluehill ID. Such grant previously had been deferred at the request of Mr. Marx. In addition, we entered into a consultancy arrangement with Mr. Marx following for a minimum of four months at a rate of \$25,000 per month.

Certain Identive Relationships and Related Transactions

Related Party Transaction Policy

The Audit Committee of Identive's Board of Directors, among its other duties and responsibilities, reviews and monitors all related party transactions and in November 2008 adopted changes to Identive's Related Party Transaction Policies and Procedures (the Policy). Under the Policy, Identive's Board of Directors is required to review and approve the material terms of all Interested Transactions involving a related party (including directors, director nominees, executive officers, greater-than-5% beneficial owners, and their respective immediate family members), subject to certain exceptions. An Interested Transaction is any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which (1) the aggregate amount involved will or may be expected to exceed \$100,000 per year or \$30,000 in any quarter, (2) the Company is a participant and (3) any related party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity). In determining whether to approve or ratify an Interested Transaction, our Board of Directors is required to take into account, among other factors it deems appropriate, whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction.

Exceptions to the Policy include Interested Transactions for which standing pre-approval has been authorized, such as the hiring of executive officers and the payment of compensation to directors, where such compensation is required to be disclosed in the Company's annual, quarterly or current filings; transactions involving competitive bids; and regulated transactions, such as for the rendering of regulated services, for example with a public utility. At least annually, a summary of new transactions covered by the standing pre-approvals described above is provided to the Audit Committee for its review.

To ensure the Policy is being followed, Identive requires each of its non-employee directors and each of its executive officers to provide and update information about related party relationships and related party transactions on a quarterly and annual basis. This information is reviewed by Identive's Corporate Accounting personnel, which

also reviews its sales and purchasing transactions on an ongoing basis to identify any transactions with known related parties.

Identive's Related Party Transaction Policy is in writing and has been communicated by management to its employees.

Related Party Transactions

Certain affiliates of the Company participated in the private placement on the same terms and conditions as the other investors in the private placement. Mr. Ashour, Chairman and Chief Executive Officer of the Company, invested \$252,500 for 100,000 shares and 100,000 warrants, Mr. Wenzel, a director of the Company, invested \$160,000 for 63,366 shares and 63,366 warrants, and Lincoln Vale European Partners Master Fund, L.P., a current stockholder of the Company with whom Dr. Hans Liebler, a director of the Company, is affiliated, invested \$100,000 for 39,604 shares and 39,604 warrants.

Loan Conversion. In May 2010, upon recommendation of the Audit Committee, the Company's Board of Directors approved a loan conversion agreement between Bluehill ID AG, a subsidiary of the Company, and Mountain Partners AG (Mountain Partners). Mountain Partners, through an affiliate, provided a loan to Bluehill in August 2008, of which approximately EUR 235,000 remained outstanding as of the date of conversion. Under the agreement, Mountain Partners agreed to accept 180,769 shares of common stock as payment in full for the outstanding balance.

Acquisition of Bluehill ID AG. In January 2010, Identive completed the acquisition of Bluehill ID, a stock corporation incorporated in Switzerland (the Acquisition). Under the terms of the Acquisition, Identive offered to acquire all the outstanding shares of Bluehill ID in exchange for shares of its common stock, so that for each share of Bluehill ID tendered, Identive issued 0.52 shares of its common stock. The Acquisition was unanimously approved by Identive's Board of Directors on September 20, 2009 and approved by Identive's stockholders on December 18, 2009. The following describes the interests in the Acquisition of certain of Identive's current directors and executive officers, and of beneficial owners of 5% or more of Identive's common stock prior to the Acquisition.

Prior to the Acquisition, Ayman S. Ashour, Identive's current Chairman of the Board and Chief Executive Officer, was deemed to be the beneficial owner of approximately 5.2% of Identive's outstanding common stock. Mr. Ashour's holdings in Identive prior to the Acquisition consisted of shares held directly by him and shares held by Bluehill ID, of which Mr. Ashour was the Chairman and Chief Executive Officer. Mr. Ashour was deemed to be the beneficial owner of approximately 24.1% of the outstanding shares of Bluehill ID prior to the Acquisition, which included shares held directly by Mr. Ashour and shares and an option held by BH Capital Management AG (BH Capital Management), a company controlled and owned by Mr. Ashour and Mountain Partners. Mr. Daniel S. Wenzel, a member of the board of directors of Mountain Partners, became a member of Identive's Board of Directors following the Acquisition. As a result of the Acquisition, Mr. Ashour increased his beneficial ownership of Identive's common stock. Based on the closing price of Identive's common stock as reported on the NASDAQ Capital Market on January 4, 2010, the date the Acquisition was completed, the approximate value of the shares of Identive's common stock received directly by Mr. Ashour (208,000 shares) and the shares and option he is deemed to indirectly beneficially own through BH Capital Management (4,039,343 shares) was \$9,598,995.

Prior to the Acquisition, Lincoln Vale European Partners Master Fund, LP (Lincoln Vale) was the beneficial owner of approximately 6.1% of Identive's outstanding common stock and a holder of approximately 9.8% of the outstanding shares of Bluehill ID. As a result of the Acquisition, Lincoln Vale tendered its shares of Bluehill ID and received an additional 1,616,547 shares of Identive's common stock, thereby increasing its beneficial ownership in Identive's common stock. The additional shares acquired by Lincoln Vale in the Acquisition had a value of approximately \$3,653,396 (based on the closing price of Identive's common stock as reported on the NASDAQ Capital Market on January 4, 2010). One of Identive's directors, Dr. Hans Liebler, is a founder and member of the investment committee of Lincoln Vale.

Joseph Tassone, Identive's current Executive Vice President of Technology and Product Management, was a shareholder of Bluehill ID prior to the Acquisition. As a result of his tender of Bluehill ID shares in the Acquisition, Mr. Tassone received 43,680 shares of Identive's common stock, valued at approximately \$98,717 (based on the closing price of our Common Stock as reported on the NASDAQ Capital Market on January 4, 2010). In March 2010 he also received 104,679 shares of common stock of Identive in exchange for 201,306 bearer shares in Bluehill ID, valued at approximately \$236,575 (based on the closing price of our common stock as reported on the NASDAQ Capital Market on March 23, 2010, the date the converted bearer shares were distributed to Mr. Tassone).

Hirsch / Secure Keyboards Settlement Agreement. As previously disclosed, on April 8, 2009, Identive entered into a settlement agreement (the 2009 Settlement Agreement) with Secure Keyboards, Ltd. (Secure Keyboards), Secure Networks, Ltd. (Secure Networks), each of the respective general partners of Secure Keyboards and Secure Networks, which included Mr. Midland, currently one of our directors and an Executive Vice President of Identive, and Hirsch Electronics Corporation (the predecessor to Hirsch Electronics LLC, a wholly owned subsidiary of Identive). Mr. Midland holds a 29.93% interest in Secure Keyboards, and a 6.59% interest in Secure Networks. Under the settlement agreement, the parties resolved the disputes that had arisen between them relating to the merger between Hirsch and Identive, and a previous settlement agreement entered into among Hirsch, Secure Keyboards and Secure Networks. The settlement agreement provides that Hirsch make an annual payment to Secure Keyboards and Secure Networks of \$986,000 for 2009, and subsequent installment payments, adjusted for changes in the consumer price index, to be made in future periods through 2020. Identive has provided a limited guarantee of Hirsch's payment obligations. Hirsch's payment obligations under the settlement agreement will continue until December 31, 2020, unless Hirsch earlier elects to satisfy its obligations by making a lump-sum payment to Secure Keyboards. If Hirsch does not elect to earlier repay its obligations to Secure Keyboards, the aggregate amount of payments to be made under the settlement agreement from 2011 through 2020 is approximately \$8.7 million.

DESCRIPTION OF OUR CAPITAL STOCK

The following summary of certain provisions of our common stock does not purport to be complete. You should refer to our fourth amended and restated certificate of incorporation, as amended, and our amended and restated by-laws, both of which are included as exhibits to the registration statement we have filed with the SEC in connection with this offering. The summary below is also qualified by provisions of applicable law.

Common Stock

We are authorized to issue up to 110,000,000 shares of common stock. On March 16, 2011, we had 48,518,901 shares of common stock outstanding, including 618,400 held in treasury, and approximately 2,000 stockholders of record. Except as otherwise provided in any resolution providing for the issue of any series of preferred stock, holders of our common stock have exclusive voting rights for the election of directors and for all other purposes. Holders of our common stock are entitled to one vote per share on all matters to be voted upon by our stockholders. Neither our fourth amended and restated certificate of incorporation, as amended, nor our amended and restated by-laws authorize cumulative voting. The holders of our common stock are entitled to receive dividends, if any, as may be declared from time to time by our board of directors out of funds legally available for the payment of dividends, subject to the rights of any series of preferred stock. In the event of a liquidation, dissolution or winding up, the holders of our common stock are entitled to share ratably in all assets remaining after payment of the preferential amounts, if any, to which the holders of our preferred stock, if any, are entitled. Our common stock has no preemptive, conversion or other subscription rights. There are no redemption or sinking fund provisions applicable to our common stock. All of our outstanding shares of common stock are fully paid and non-assessable.

Preferred Stock

We are authorized to issue 10,000,000 shares of preferred stock, 40,000 of which have been designated as Series A Participating Preferred Stock, par value \$0.001 per share. As of the date of this prospectus, no shares of our preferred stock, including the Series A Participating Preferred Stock, were outstanding. Our board of directors may, without further action by our stockholders, from time to time, direct the issuance of shares of preferred stock in series and may, at the time of issuance, determine the rights, preferences and limitations of each series, including voting rights, dividend rights and redemption and liquidation preferences. Satisfaction of any dividend preferences of outstanding shares of preferred stock would reduce the amount of funds available for the payment of dividends on shares of our common stock. Holders of shares of preferred stock may be entitled to receive a preference payment in the event of any liquidation, dissolution or winding-up of our company before any payment is made to the holders of shares of our common stock. In some circumstances, the issuance of shares of preferred stock may render more difficult or tend to discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of our securities or the removal of incumbent management as discussed below. Upon the affirmative vote of our board of directors, without stockholder approval, we may issue shares of preferred stock with voting and conversion rights which could adversely affect the holders of shares of our common stock.

The following summary of certain provisions of our Series A Participating Preferred Stock does not purport to be complete. You should refer to our fourth amended and restated certificate of incorporation, as amended, the Certificate of Designation of Rights, Preferences and Privileges of Series A Participating Preferred Stock, and our amended and restated by-laws, each of which are included as exhibits to the registration statement we have filed with the SEC in connection with this offering. The summary below is also qualified by provisions of applicable law.

General Terms of our Series A Participating Preferred Stock

On November 8, 2002, our board of directors declared a dividend of one Preferred Share Purchase Right (each, a *Right* and collectively, the *Rights*) to purchase one one-thousandth of a share of our Series A Participating Preferred Stock (*Series A Preferred*) for each outstanding share of common stock. The dividend was payable on November 25, 2002 to stockholders of record as of the close of business on that date. Certificates representing shares of common stock issued after the record date contain a notation incorporating the rights agreement by reference. The terms of the *Rights* are governed by a Preferred Stock Rights Agreement, dated as of November 8, 2002, as amended from time to time, between the Company and American Stock Transfer & Trust, LLC, as most fully discussed below under *Anti-Takeover Provisions Preferred Stock Rights Agreement*. The rights only become exercisable if a person or group of affiliated or associated persons has acquired, or obtained the right to acquire, beneficial ownership of 15% or more (or 19.99% or more for certain designated holders) of the shares of common stock then outstanding, or announces a tender or exchange offer, the consummation of which would result in ownership by a person or group of 15% or more (or 19.99% or more for certain designated holders) of the Company's common stock then outstanding.

Table of Contents

Each one one-thousandth of a share of Series A Preferred has rights and preferences substantially equivalent to those of one share of common stock. Each share of Series A Preferred is entitled to 1,000 votes on all matters submitted to a vote of our stockholders. Holders of Series A Preferred vote together with holders of our common stock as one class. The Series A Preferred are not redeemable and rank junior to all other series of the Company's Preferred Stock as to payment of dividends and distribution of assets.

Our Board of Directors

Our board of directors currently has seven (7) members. Our fourth amended and restated certificate of incorporation, as amended, and our amended and restated by-laws provide that the number of directors shall be fixed from time to time by resolution adopted by the vote of a majority of the directors then in office. Our fourth amended and restated certificate of incorporation, as amended, provides that the board of directors shall be divided into three nearly equal classes, with each class's term expiring on a staggered basis. Vacancies and newly created directorships may be filled by a majority of the directors then in office, though less than a quorum. Directors may be removed only for cause by the affirmative vote of at least a majority of the outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class, cast at a meeting of the stockholders called for that purpose.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company, LLC.

Trading Markets

Our common stock is listed on The NASDAQ Global Market under the symbol `INVE` and on the Frankfurt Stock Exchange under the symbol `INV`.

Certain Provisions of our Charter Documents and Delaware Law

Anti-Takeover Provisions of our Delaware Certificate of Incorporation and By-laws

In addition to the board of directors' ability to issue shares of preferred stock, our fourth amended and restated certificate of incorporation, as amended, and our amended and restated by-laws contain other provisions that are intended to enhance the likelihood of continuity and stability in the composition of the board of directors and which may have the effect of delaying, deferring or preventing a future takeover or change in control of our Company unless such takeover or change in control is approved by our board of directors. These provisions include a classified board of directors as discussed above, elimination of stockholder action by written consents, advance notice procedures for stockholder proposals and supermajority vote requirements for business combinations.

Classified Board; Limitation on Ability of Stockholders to Remove Directors. Under the Delaware General Corporation Law, unless the certificate of incorporation otherwise provides, directors serving on a classified board can only be removed by the stockholders for cause. The provision for a classified board could prevent a party who acquires control of a majority of our outstanding common stock from obtaining control of the board until our second annual stockholders meeting following the date the acquirer obtains the controlling stock interest. The classified board provision could have the effect of discouraging a potential acquirer from making a tender offer or otherwise attempting to obtain control of us and could increase the likelihood that incumbent directors will retain their positions. In addition, our fourth amended and restated certificate of incorporation, as amended, provides that our stockholders may only remove a director from office for cause.

Elimination of Stockholder Action Through Written Consent. Our fourth amended and restated certificate of incorporation, as amended, provides that stockholder action can be taken only at an annual or special meeting of stockholders and cannot be taken by written consent in lieu of a meeting.

Advanced Notice Procedures for Stockholder Proposals. Our amended and restated by-laws establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of our stockholders, including proposed nominations of persons for election to our board. Stockholders at our annual meeting may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our board or by a stockholder who was a stockholder

Table of Contents

of record on the record date for the meeting, who is entitled to vote at the meeting and who has given to our secretary timely written notice, in proper form, of the stockholder's intention to bring that business before the meeting. Although our amended and restated by-laws do not give our board the power to approve or disapprove stockholder nominations of candidates or proposals regarding other business to be conducted at a special or annual meeting, our amended and restated by-laws may have the effect of precluding the conduct of some business at a meeting if the proper procedures are not followed or may discourage or defer a potential acquirer from conducting a solicitation of proxies to elect its own slate of directors or otherwise attempting to obtain control of us.

Business Combinations. Our fourth amended and restated certificate of incorporation, as amended, provide that the affirmative vote of holders of at least 66-2/3% of the total outstanding shares eligible to vote is required in the event of (i) a merger or combination between the company and an entity or person owning, directly or indirectly, 10% of our shares (an Interested Purchaser) or (ii) any sale of the company or a sale of all or substantially all of our assets to an Interested Purchaser (a transaction described in (i) or (ii) being a Transaction), unless: (a) the Transaction is approved by two-thirds of the members of the Board of Directors; or (b) as a result of the Transaction, all holders of then-outstanding share (other than the Interested Purchaser) receive cash in an amount at least equal to the greatest of (x) the highest price paid by the Interested Purchaser for any shares during the offer, (y) an amount reflecting the same or a greater percentage relationship to the then market price of the company's stock as the highest price per share paid by the Interested Purchaser during the tender offer bears to the market price of the stock immediately prior to the commencement of the tender offer, or (z) an amount equal to the earnings per share of the company for the four full consecutive fiscal quarters immediately preceding the proposed Transaction multiplied by the then current price/earnings ratio of the Interested Purchaser.

Preferred Stock Rights Agreement

On November 8, 2002, our board of directors declared a dividend of one Preferred Share Purchase Right (each, a Right and collectively, the Rights) to purchase one one-thousandth of a share of our Series A Participating Preferred Stock (Series A Preferred) for each outstanding share of Common Stock. The dividend was payable on November 25, 2002 (the Record Date) to stockholders of record as of the close of business on that date. Prior to the distribution date, the Rights will be evidenced by and trade with the certificates for the common stock. After the distribution date, each Right will entitle the holder to purchase for \$30.00 a fraction of a share of the Company's Preferred Stock with economic terms similar to that of one share of the Company's common stock. The terms of the Rights are governed by a Preferred Stock Rights Agreement, dated as of November 8, 2002, as amended on December 10, 2008, November 16, 2009, and November 15, 2010, between the Company and American Stock Transfer & Trust, LLC (the Rights Agreement). The Rights will expire on the earlier to occur of (i) November 25, 2012, or (ii) redemption or exchange of the Rights. The rights only become exercisable if a person or group of affiliated or associated persons has acquired, or obtained the right to acquire, beneficial ownership of 15% or more (or 19.99% or more for certain designated holders) of the shares of common stock then outstanding, or announces a tender or exchange offer, the consummation of which would result in ownership by a person or group of 15% or more (or 19.99% or more for certain designated holders) of the Company's common stock then outstanding.

The Rights approved by our board of directors are designed to protect and maximize the value of the outstanding equity interests in the Company in the event of an unsolicited attempt by an acquirer to take over the Company in a manner or on terms not approved by the board of directors. Takeover attempts frequently include coercive tactics to deprive our board of directors and our stockholders of any real opportunity to determine the destiny of the Company. The Rights have been declared by our board of directors in order to deter such tactics, including a gradual accumulation of shares in the open market of 15% or greater (or 19.99% or greater for certain designated holders) position to be followed by a merger or a partial or two-tier tender offer that does not treat all stockholders equally. We believe that these tactics unfairly pressure stockholders, squeeze them out of their investment without giving them any real choice and deprive them of the full value of their shares.

The Rights are not intended to prevent a takeover of the Company and will not do so. Subject to the restrictions described above, the Rights may be redeemed by the Company at \$0.001 per Right generally on or prior to the fifth day after public announcement that a Person has acquired beneficial ownership of 15% or more (or 19.99% or more for certain designated holders) of the Company's common stock. Accordingly, the Rights should not interfere with any merger or business combination approved by the board of directors.

However, the Rights may have the effect of rendering more difficult or discouraging an acquisition of the Company deemed undesirable by the board of directors. The Rights may cause substantial dilution to a person or group that attempts to acquire the Company on terms or in a manner not approved by the Company's board of directors, except pursuant to an offer conditioned upon the negotiation, purchase or redemption of the Rights.

Table of Contents

Issuance of the Rights does not in any way weaken the financial strength of the Company or interfere with its business plans. The issuance of the Rights themselves has no dilutive effect, will not affect reported earnings per share, should not be taxable to the Company or to its stockholders, and will not change the way in which the Company's shares are presently traded. The Company's board of directors believes that the Rights represent a sound and reasonable means of addressing the complex issues of corporate policy created by the current takeover environment.

The foregoing is a summary of certain principal terms of the Rights Agreement only and is qualified in its entirety by reference to the Rights Agreement, as amended. A copy of the Rights Agreement and the amendments thereto are attached as exhibits to this registration statement and are incorporated herein by reference.

Provisions of Delaware Law Governing Business Combinations

We are subject to the business combination provisions of Section 203 of the Delaware General Corporation Law. In general, such provisions prohibit a publicly held Delaware corporation from engaging in any business combination transactions with any interested stockholder for a period of three years after the date on which the person became an interested stockholder, unless:

prior to such date, the board of directors approved either the business combination or the transaction which resulted in the interested stockholder obtaining such status;

upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the interested stockholder) those shares owned by (a) persons who are directors and also officers and (b) employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

at or subsequent to such time, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock which is not owned by the interested stockholder.

A business combination is defined to include mergers, asset sales and other transactions resulting in financial benefit to a stockholder. In general, an interested stockholder is a person who, together with affiliates and associates, owns 15% or more of a corporation's voting stock or within three years did own 15% or more of a corporation's voting stock. The statute could prohibit or delay mergers or other takeover or change in control attempts with respect to us and, accordingly, may discourage attempts to acquire us.

Limitations on Liability and Indemnification of Officers and Directors

Our fourth amended and restated certificate of incorporation, as amended, limits the liability of our directors to the fullest extent permitted by the Delaware General Corporation Law and provides that we will indemnify them to the fullest extent permitted by such law. We have entered into indemnification agreements with all of our current directors and expect to enter into a similar agreement with any new directors.

SELLING STOCKHOLDERS

On November 14, 2010, we entered into Subscription Agreements (together, the Subscription Agreement) with accredited and other qualified investors, including certain of our directors, officers, managers and affiliates, in connection with the private placement of an aggregate of 4,097,626 shares of our common stock and warrants to purchase an additional 4,097,626 shares of our common stock for aggregate gross proceeds of approximately \$10.3 million. The private placement closed on November 22-25, 2010. The warrants have an exercise price of \$2.65 per share, are immediately exercisable and expire on the fifth anniversary of the date of issuance. The number of shares issuable upon exercise of the warrants is subject to adjustment for any stock dividends, stock splits or distributions by the Company, or upon any merger or consolidation or sale of assets of the Company, tender or exchange offer for the Company's common stock, or a reclassification of the Company's common stock. In connection with the private placement, we agreed to file within 30 days of the closing a registration statement with the Securities and Exchange Commission covering the resale or other disposition of shares of common stock and the shares of common stock issuable upon exercise of the warrants issued under the Subscription Agreement. We agreed to use our best efforts to have this registration statement declared effective as soon as practicable after filing, and to keep it effective for 24 months.

The following table sets forth the name of each selling stockholder, the number of shares of common stock beneficially owned by each selling stockholder as of March 16, 2011, the number of shares of common stock that each selling stockholder may offer and sell pursuant to this prospectus, and the number of shares of common stock to be beneficially owned by each selling stockholder after completion of the offering. Beneficial ownership is determined in accordance with Rule 13d-3(d) promulgated by the SEC under the Exchange Act, and includes shares of common stock with respect to which the selling stockholders have voting and investment power. Percentage of beneficial ownership is based upon 47,900,501 shares of common stock outstanding on March 16, 2011, excluding 618,400 held in treasury. As to each person or entity named as beneficial owners, that person's or entity's percentage ownership is determined based on the assumption that any warrants or convertible securities held by such person or entity which are exercisable or convertible within 60 days of March 16, 2011 have been exercised or converted, as the case may be.

Except as may be otherwise described below, to the best of our knowledge, the each selling stockholder beneficially owns and has sole voting and investment authority as to all of the shares set forth opposite his, her or its name, none of the selling stockholders is known to us to be a registered broker-dealer or an affiliate of a registered broker-dealer, and none of the selling stockholders has not held any position or office, or has had any material relationship with us or any of our affiliates within the past three years. Each of the selling stockholders has acquired his, her or its shares solely for investment and not with a view to or for resale or distribution of such securities. The information with respect to beneficial ownership of common stock held by each selling stockholder is based upon information supplied or confirmed by such selling stockholder. For purposes of presentation, we have assumed that the selling stockholders will sell all shares offered hereby, including the shares issuable upon the exercise of warrants.

Certain Material Relationships

Except as set forth below and except for their participation in the private placement described above, none of the selling stockholders has held any position or office with, or has otherwise had a material relationship with, us or any of our subsidiaries within the past three years.

Mr. Ayman Ashour has been our Chairman of the Board and Chief Executive Officer since January 2010.

Dr. Boersch also serves as director of Mountain Partners AG which beneficially owns approximately 17.0% of Identive's outstanding stock. Mr. Wenzel also serves as a director of Mountain Partners AG which beneficially owns approximately 17.0% of Identive's outstanding stock.

As a result of the acquisition, each of these selling stockholders obtained beneficial ownership of Identive common stock.

PLAN OF DISTRIBUTION

The selling stockholders, and any of their pledgees, donees, transferees or other successors-in-interest, may sell the shares from time to time and may also decide not to sell all the shares they are allowed to sell under this prospectus. The selling stockholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. The sale of the common stock by any selling stockholder, including any donee, pledgee or other transferee who receives common stock from a selling stockholder, may be effected from time to time by selling shares directly to purchasers or to or through broker-dealers. In connection with any such sale, any such broker-dealer may act as agent for the selling stockholder or may purchase from the selling stockholder all or a portion of the common stock as principal, and sales may be made pursuant to any of the methods described below. These sales may be made on any securities exchange on which our common stock is then traded, in the over-the-counter market, in negotiated transactions or otherwise at prices and at terms then prevailing or at prices related to the then current market prices or at prices otherwise negotiated.

The common stock may also be sold in one or more of the following transactions:

block transactions (which may involve crosses) in which a broker-dealer may sell all or a portion of such securities as agent but may position and resell all or a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer, as principal, and resale by such broker-dealer for its own account;

a special offering, an exchange distribution or a secondary distribution in accordance with applicable rules promulgated by the Financial Industry Regulatory Authority Inc., or FINRA (formerly known as the National Association of Security Dealers, Inc., or the NASD) or stock exchange rules;

ordinary brokerage transactions and transaction in which a broker-dealer solicits purchasers;

sales at the market to or through a market maker or into an existing trading market, on an exchange or otherwise, for such securities; and

sales in other ways not involving market makers or established trading markets, including direct sales to purchasers.

In effecting sales, broker-dealers engaged by a selling stockholder may arrange for other broker-dealers to participate. Broker-dealers may receive commissions or other compensation from the selling stockholders in the form of commissions, discounts or concessions. Broker-dealers may also receive compensation from purchasers of the common stock for whom they act as agents or to whom they sell as principals or both. Compensation as to a particular broker-dealer will be in amounts to be negotiated. The selling stockholders do not expect these commissions and discounts to exceed what is customary in the type of transactions involved. No such broker-dealer will receive compensation in excess of that permitted by the FINRA Conduct Rules.

The distribution of the common stock also may be effected from time to time in one or more underwritten transactions at a fixed price or prices that may be changed, or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices. Any such underwritten offering may be on a best efforts or a firm commitment basis. In connection with any underwritten offering, underwriters or agents may receive compensation in the form of discounts, concessions or commissions from the selling stockholders or from purchasers of the common stock. Underwriters may sell the common stock to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents.

We are not aware of any agreements, understandings or arrangements between any of the selling stockholders and any underwriters or broker-dealers regarding the sale of their common stock, nor are we aware of any underwriter or coordinating broker-dealer acting in connection with the proposed sale of common stock by the selling stockholders pursuant to this prospectus. Upon our being notified in writing by a selling stockholder that any material arrangement has been entered into with a broker-dealer for the sale of common stock through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, we will file a supplement to this prospectus

Edgar Filing: IDENTIVE GROUP, INC. - Form POS AM

pursuant to Rule 424(b) under the Securities Act, disclosing:

the names of the selling stockholders and of participating broker-dealer(s);

the amount of common stock involved;

the price at which the common stock is to be sold;

the commissions paid or the discounts or concessions allowed to the broker-dealer(s), where applicable;

that the broker-dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in the prospectus; and

other facts material to the transaction.

The selling stockholders and any underwriters, brokers-dealers or agents that participate in the distribution of the common stock may be deemed to be underwriters within the meaning of the Securities Act, and any profit on the sale of the common stock by them and any discounts, commissions or concessions received by any such underwriters, dealers or agents may be deemed to be underwriting discounts and commissions under the Securities Act. Because the selling stockholders may be deemed to be underwriters under the Securities Act, the selling stockholders will be subject to the prospectus delivery requirements of the Securities Act. We have informed the selling stockholders that the anti-manipulative provisions of Regulation M promulgated under the Exchange Act may apply to their sales in the market.

From time to time, the selling stockholders may pledge their common stock pursuant to the margin provisions of a customer agreement with their brokers. Upon default by a selling stockholder, the broker may offer and sell such pledged common stock from time to time. Upon a sale of the common stock, the selling stockholders intend to comply with the prospectus delivery requirements under the Securities Act by delivering a prospectus to each purchaser in the transaction. We intend to file any amendments or other necessary documents in compliance with the Securities Act that may be required in the event the selling stockholders default under any customer agreement with brokers.

In order to comply with the securities laws of certain states, if applicable, the common stock may be sold only through registered or licensed broker-dealers. We have agreed to pay all expenses incident to the offering and sale of the common stock, other than commissions, discounts and fees of underwriters, broker-dealers or agents. We have agreed to indemnify the selling stockholders against certain losses, claims, damages, actions, liabilities, costs and expenses, including liabilities under the Securities Act.

We or the selling stockholders may have agreements with the participating broker-dealers to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments which the participating broker-dealers may be required to make.

In connection with an offering, any participating broker-dealer may purchase and sell common stock in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the participating broker-dealer of a greater number of shares than it owns or is required to purchase in an offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the common stock while an offering is in progress.

The participating broker-dealers also may impose a penalty bid. This occurs when a particular broker-dealer repays to the others a portion of the underwriting discount or other concession received by it because the broker-dealers have repurchased shares sold by or for the account of that broker-dealer in stabilizing or short-covering transactions.

These activities by the participating broker-dealers may stabilize, maintain or otherwise affect the market price of our common stock. As a result, the price of the common stock may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the participating broker-dealers at any time. These transactions may be effected on The NASDAQ Global Market or any other exchange or automated quotation system, if the common stock is listed on that exchange or admitted for trading on that automated quotation system, or in the over-the-counter market or otherwise.

In addition, any shares covered by this prospectus that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus.

Item 14. Indemnification of Directors and Officers.

The following summary is qualified in its entirety by reference to the complete text of any statutes referred to below and the amended and restated certificate of incorporation and the amended and restated bylaws of Identive Group, Inc., a Delaware corporation.

Pursuant to Section 145(a) of the Delaware General Corporation Law, we may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, agent or employee of our company or is or was serving at our request as a director, officer, agent, or employee of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgment, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding. Pursuant to Section 145(b) of the Delaware General Corporation Law, the power to indemnify also applies to actions brought by or in the right of the corporation as well, but only to the extent of defense expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit. Pursuant to Section 145(b), we shall not indemnify any person in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to us unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper. The power to indemnify under Sections 145(a) and (b) of the Delaware General Corporation Law applies (i) if such person is successful on the merits or otherwise in defense of any action, suit or proceeding, or (ii) if such person acted in good faith and in a manner he reasonably believed to be in the best interest, or not opposed to the best interest, of the corporation, and with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful.

Section 145(g) of the Delaware General Corporation Law provides that a corporation shall have the power to purchase and maintain insurance on behalf of its officers, directors, employees and agents, against any liability asserted against and incurred by such persons in any such capacity.

Section 174 of the Delaware General Corporation Law provides, among other things, that a director, who willfully or negligently approves of an unlawful payment of dividends or an unlawful stock purchase or redemption, may be held liable for such actions. A director who was either absent when the unlawful actions were approved or dissented at the time, may avoid liability by causing his or her dissent to such actions to be entered in the books containing the minutes of the meetings of the board of directors at the time such action occurred or immediately after such absent director receives notice of the unlawful acts.

Our amended and restated certificate of incorporation, as amended, provides that our directors shall not be liable to the Company or our stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent that the exculpation from liabilities is not permitted under the Delaware General Corporation Law as in effect at the time such liability is determined. In addition, our amended and restated certificate of incorporation, as amended, provides that we shall indemnify our directors to the fullest extent permitted by the laws of the State of Delaware.

Table of Contents

Our directors and officers are covered by insurance policies maintained by us against specified liabilities for actions taken in their capacities as such, including liabilities under the Securities Act. In addition, we have entered into indemnification agreements with each of our directors that provide for indemnification and expense advancement to the fullest extent permitted under the Delaware General Corporation Law.

The indemnification provisions contained in our amended and restated certificate of incorporation, as amended, and our amended and restated by-laws are not exclusive of any other rights to which a person may be entitled by law, agreement, vote of stockholders or disinterested directors or otherwise. In addition, we will maintain insurance on behalf of our directors and executive officers insuring them against any liability asserted against them in their capacities as directors or officers or arising out of such status.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

- (5) The undersigned registrant hereby undertakes to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report, to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or 14c-3 under the Securities Exchange Act of 1934 and where interim financial information required to be presented by Article 3 of Regulation S-X is not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

- (6) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
