PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

JUNE 9, 2011

The accompanying proxy is solicited by the Board of Directors of SCOLR Pharma, Inc., a Delaware corporation (the "Company"), for use at its 2011 annual meeting of stockholders or any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This proxy statement and the enclosed proxy are being mailed to stockholders on or about April 28, 2011.

Date, Time and Place of Meeting. This year's annual meeting of stockholders will be held on June 9, 2011, at 3:00 p.m. local time at the Company's principal offices, 19204 North Creek Parkway, Suite 100, Bothell, WA 98011.

In this proxy statement, the words "we," "our," "ours," and "us" refer only to SCOLR Pharma, Inc. and not to any other person or entity.

This proxy statement includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. When used in this report, the words "anticipate," "believe," "estimate," "may," "intend," "expect," and similar expressions identify certain of such forward-looking statements, including statements concerning anticipated needs for capital, potential financing opportunities and the availability of alternative sources of revenue for our business. Although we believe that our plans, intentions and expectations reflected in such forward-looking statements are reasonable, we can give no assurance that such plans, intentions or expectations will be achieved. Actual results, performance or achievements could differ materially from historical results or those contemplated, expressed or implied by the forward-looking statements contained in this annual report. Important factors that could cause actual results to differ materially from our forward-looking statements are set forth in the Company's annual report, including the Risk Factors identified in Item 1A of the Company's Annual Report, as well as those discussed elsewhere in the Annual Report and others detailed from time-to-time in our periodic and current reports filed with the SEC. We undertake no obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise.

SOLICITATION AND VOTING

Voting Securities. Only stockholders of record as of the close of business on April 11, 2011 (the "Record Date"), will be entitled to vote at the meeting and any adjournment or postponement thereof. As of the Record Date, we had 49,816,073 shares of common stock outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the annual meeting. Each stockholder of record as of that date is entitled to one vote for each share of common stock held by him, her or it. Our bylaws provide that a majority of all of the shares of the stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Except as noted below, votes for and against, abstentions and "broker non-votes" will each be counted as present for purposes of determining the presence of a quorum.

Broker Non-Votes. A broker non-vote occurs when a broker submits a proxy card with respect to shares held in a fiduciary capacity (typically referred to as being held in "street name") but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. The amendment of our Certificate of Incorporation and the election of directors are considered non-routine matters and brokers may not vote shares held in street name for their customers in relation to this item of business. The ratification of the appointment of our independent auditors is considered a routine matter and brokers will be permitted to vote shares held in street name for their customers.

Any shares represented but not voted (whether by abstention, broker non-vote or otherwise) with respect to the proposal to amend the Certificate of Incorporation to increase the number of authorized shares of common

Table of Contents

stock will have the same effect as a vote against the proposal. Any shares represented but not voted (whether by abstention, broker non-vote or otherwise) will have no impact on the proposal for election of directors or the proposal to ratify the appointment of the independent registered public accountant will have the same effect as a vote against such proposal.

Solicitation of Proxies. We will bear the cost of soliciting proxies. In addition to soliciting stockholders by mail, we (through our employees) will request banks, brokers and other custodians, nominees and fiduciaries to solicit customers for whom they hold our stock and may reimburse them for their reasonable, out-of-pocket costs. We may use the services of our officers, directors and other third parties to solicit proxies, personally or by telephone, without additional compensation. We may also engage the services of a professional proxy solicitation firm to solicit proxies on our behalf. Fees and expenses of any proxy solicitation will be borne by the Company.

Voting of Proxies. All valid proxies received before the meeting will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder's choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy, the shares will be voted in favor of the proposal.

Proxy Revocation. A stockholder giving a proxy has the power to revoke his, her or its proxy at any time before it is exercised by delivering to the Corporate Secretary a written instrument revoking the proxy, a duly executed proxy with a later date, or by attending the meeting and voting in person. However, if a stockholder's shares are held of record by a bank, broker or other nominee, the stockholder must first obtain a proxy issued in the name of the stockholder from such bank, broker or other nominee before voting the shares in person at the meeting.

Principal Executive Offices. Our principal executive offices are located at 19204 North Creek Parkway, Suite 100, Bothell, Washington 98011. Our corporate website is <http://www.scolr.com>.

CORPORATE GOVERNANCE

Director Independence

The board of directors has determined that Ms. Arnett, Messrs. Lucas and Pines, and Dr. Reich are independent directors within the meaning of the rules of the SEC. Mr. Johnson is not considered independent because he is Chairman of the Board and the Company's By-laws contemplate that the Chairman will perform certain functions of an executive officer of the Company. Mr. Taglich is not considered independent because he is the president and a principal shareholder of Taglich Brothers. Taglich Brothers has acted as a financial advisor for several of our stock offerings.

Board Meetings and Committees

The board of directors held nine meetings of the full board and three meetings of the independent directors during the fiscal year ended December 31, 2010. The board of directors has a standing audit committee, compensation committee and nominating and corporate governance committee. Committee assignments are re-evaluated periodically and approved by the board of directors as needed. During the last fiscal year, no director attended fewer than 75% of the total number of meetings of the board of directors and all of the committees of the board of directors on which such director served during that period.

Audit Committee. During 2010 the Company had an audit committee established in accordance with section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act), comprised of Herbert L. Lucas, Jr. (Chair), Marylou W. Arnett, Wayne L. Pines, Jeffrey B. Reich, and Carl J. Johnson (until he was named Chairman of the Board in September 2010). The board of directors has determined that each member of the audit committee satisfies all applicable independence and experience requirements of the SEC for audit

Table of Contents

committee membership. Messrs. Lucas and Reich are qualified as an audit committee financial expert as defined by the SEC.

The audit committee acts pursuant to a written charter adopted by the board of directors. The audit committee charter is available on our corporate website, www.scolr.com. The audit committee retains our independent auditors, reviews their independence, reviews and approves any fee arrangements, oversees their audit work, reviews and pre-approves any non-audit services that may be performed by them, reviews the adequacy of accounting and financial controls, reviews our critical accounting policies and reviews and approves any related party transactions. The audit committee held four meetings during 2010.

Compensation Committee. During 2010 the members of our compensation committee were Ms. Arnett (Chair), Mr. Lucas, Mr. Pines, Dr. Reich and Mr. Johnson (until he was named Chairman of the Board in September 2010). The board of directors has determined that each member of the compensation committee satisfies all applicable independence and experience requirements of the SEC for compensation committee membership and as outside directors within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended.

The compensation committee acts pursuant to a written charter adopted by the board of directors. The compensation committee determines all compensation for our chief executive officer, including incentive-based and equity-based compensation. In addition, the compensation committee reviews and approves salary and bonus levels for other executive officers and approves stock option grants to executive officers. The compensation committee held three meetings during 2010.

Agendas for the meetings of the compensation committee are determined through a collaborative process involving the committee chairs and the chief executive officer. Committee meetings are usually attended by the chief executive officer, and chief financial officer, who are excused from the meeting when the committee discusses their individual compensation or performance and during other executive sessions of the committee.

No compensation consultants were engaged during 2010.

Nominating and Corporate Governance Committee. The current members of the nominating and corporate governance committee are Mr. Pines (Chair), Mr. Lucas, Ms. Arnett, and Dr. Reich. The nominating and corporate governance committee acts pursuant to a written charter adopted by the board of directors. The nominating and corporate governance committee identifies individuals qualified to become members of the board of directors, selects or recommends to the board of directors director nominees for each election of directors, develops and recommends to the board of directors criteria for selecting qualified director candidates, considers committee member qualifications, appointment and removal, and provides oversight in the evaluation of the board of directors and each committee. The nominating and corporate governance committee held three meetings during 2010.

Independent Director Meetings

Non-management directors generally meet in executive session without management present at each regularly scheduled meeting of the board of directors. Meetings of the independent members of the Board of Directors are generally held whenever there is a necessity for such meeting. Mr. Pines has been designated by the board of directors to act as the lead director for such meetings of the independent directors.

Director Nominations

When considering the nomination of a candidate for election to the board of directors, the nominating and corporate governance committee generally reviews the results of an evaluation performed by the board of directors and each committee regarding the various skills, background, experience and expected contribution and

Table of Contents

qualifications of the candidate. In this regard, the nominating and corporate governance committee concerns itself with the composition of the board of directors with respect to depth of experience, balance of professional interests, required expertise and other factors. The nominating and corporate governance committee evaluates prospective nominees on its own initiative or as referred to it by the board of directors, management, stockholders or external sources. The nominating and corporate governance committee does not have a specific policy with regard to the consideration of diversity, but rather considers diversity to be one of the many factors to evaluate in assessing a nominee.

Our stockholders may nominate candidates for election as directors if they follow the procedures and conform to the deadlines specified in our bylaws. The complete description of the requirements for stockholder nomination of director candidates is contained in the bylaws. In summary, a stockholder desiring to nominate one or more candidates for election at our next annual meeting of the stockholders must submit written notice of such nomination to our corporate secretary not less than 90 days in advance of the third Monday in May. The deadline for submission of any director nominations by our stockholders for the next annual meeting is also set forth in the proxy statement for each annual meeting.

Any stockholders nominating candidates for election to the board of directors are also required to provide the following information with respect to their nominees:

the stockholder's name and address;

a representation that the stockholder is entitled to vote at the annual meeting and a statement of the number of shares beneficially owned by the stockholder;

a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nominations are to be made by the stockholder;

any other information relating to each nominee that would be required to be disclosed in a proxy statement filed pursuant to the SEC's proxy rules; and

the consent of each nominee to serve as a director if so elected.

Under its charter, the Company's nominating and corporate governance committee is responsible for evaluating any recommendations by stockholders of director candidates. Stockholders may submit in writing recommendations for consideration by the nominating and corporate governance committee to the attention of our corporate secretary at 19204 North Creek Parkway, Suite 100, Bothell, Washington 98011. Recommendations should contain a detailed discussion of the qualifications of each recommended candidate and any other material information the stockholder wants the nominating and corporate governance committee to consider.

Communications with Directors

Any stockholder wishing to communicate with any of our directors regarding the Company may write to the director, c/o Corporate Secretary, 19204 North Creek Parkway, Suite 100, Bothell, Washington 98011. Any such correspondence should indicate that the sender is a stockholder of the Company. The Corporate Secretary will forward all communications to the director or directors to whom it is addressed as soon as practicable, although communications that are primarily commercial in nature, abusive, in bad taste or that present safety or security concerns may be handled differently. The independent directors of the board of directors review and approve the stockholder communication process periodically to ensure effective communication with stockholders.

Director Attendance at Annual Meetings

Although we do not have a formal policy regarding director attendance at annual meetings, all of our directors were encouraged to attend the annual meeting of stockholders in past years. We typically reimburse the reasonable out-of-pocket traveling expenses incurred by our directors attending the annual meeting. All of our

Table of Contents

directors then serving as members of the board of directors attended the 2010 annual meeting of stockholders in person, except for one director's participation by telephone. In order to save costs associated with reimbursement of travel expenses, we anticipate that many of our directors will not attend the 2011 annual meeting in person. Directors will be afforded the opportunity to participate in the meeting by telephone conference.

Code of Business Conduct

The board of directors has adopted a code of business conduct that applies to all of our employees, officers and directors. The code of business conduct is available on our website at www.scolr.com. Any substantive amendment or waiver of the code of business conduct for executive officers or directors may be made only by the audit committee, and we intend to disclose any such amendment or waiver on our website.

Corporate Governance Materials

The board of directors has adopted a written charter for each of the committees described above. Links to these materials are available on our website at www.scolr.com.

Board Leadership Structure

We believe that the separation of the Chairman and Chief Executive Officer positions is important to achieve a balance of oversight that is favorable to the Company. Mr. Johnson serves as the Chairman, and Mr. Turner serves as President and Chief Executive Officer of the Company. Mr. Johnson oversees the Company broadly, leads the meetings of our board of directors, and provides guidance to the Chief Executive Officer. Mr. Turner's role as our Chief Executive Officer is to oversee the day-to-day operations of the business.

Board Role in Risk Oversight

As specified by the audit committee's charter, the audit committee is tasked with implementing a code of conduct and reviewing the conduct alleged to be in violation of the code. It also reviews with senior management of the Company any report on significant deficiencies in the design or operation of the internal controls that could adversely affect the Company's ability to deal appropriately with risks as they arise. The audit committee is also tasked with reporting to the board of directors. Following the audit committee's report, the full board of directors considers areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks, and acts as necessary to manage such risks.

Compensation Committee Interlocks and Insider Participation

None of the members of the compensation committee are or have been an officer or employee of the Company. During 2010, none of our executive officers served on the compensation committee or board of directors of another entity, any of whose executive officers served on our compensation committee or board of directors.

PROPOSAL NO. 2

To Approve an Amendment to Our Certificate of Incorporation to Increase the Number of Authorized Shares of Our Common Stock from 100,000,000 to 150,000,000 shares.

Background

Our Certificate of Incorporation presently authorizes the issuance by the Company of up to 105,000,000 shares of capital stock, consisting of 100,000,000 shares of common stock, par value \$.001 per share (the "Common Stock") and 5,000,000 shares of preferred stock, par value \$.01 per share (the "Preferred Stock"). As

Table of Contents

of the Record Date there were 49,816,073 shares of Common Stock issued and outstanding. Additionally, we have reserved 11,481,750 shares in respect of Common Stock issuable upon the exercise of outstanding warrants and stock options, or options which have been reserved for future issuance to employees, directors or service providers under our 2004 Equity Incentive Plan, as amended. As of the Record Date, 30,000 shares of Preferred Stock, designated as Series A Junior Participating Preferred Share Purchase Rights, were issued in connection with our Rights Agreement, dated as of November 1, 2002.

The Board of Directors recommends that the Company's stockholders approve the amendment to the Certificate of Incorporation. The Company will require additional capital to continue its operations and, based on its current operating plan, the Company expects that it will be required to sell and issue Common Stock and/or securities convertible into Common Stock in one or more private or public financing transactions in order to obtain the needed capital. The Company's Common Stock is trading at historical lows. As a result, in order to obtain capital of an amount sufficient to sustain the Company's operations to the point where anticipated revenue from the direct sales of its nutritional products is expected to mitigate the Company's reliance on equity financings to fund its operations, the Company anticipates that it will be required to issue a number of shares Common Stock (or reserve shares of Common Stock for issuance upon conversion of convertible securities) in excess of the number of unreserved shares of Common Stock currently authorized for issuance.

Although the Company does not have any current plan, arrangement or understanding, written or oral, to issue any of the shares that will be newly authorized as a result of approval of the amendment, the Board of Directors believes that the availability of a number of authorized shares of Common Stock sufficient to meet the Company's foreseeable capital needs will enable the Company to complete critical financing transactions in a wider range of transaction structures without the expense and delay of a special meeting of stockholders. A lack of sufficient authorized shares, or a delay in securing the availability of such authorized shares, may adversely affect the Company's liquidity and ability to continue its operations. Moreover, the Board of Directors believes that in addition to issuances for capital raising purposes, the increase in the authorized Common Stock will provide the Company with needed flexibility to issue Common Stock or securities convertible into Common Stock in connection with stock dividends, the establishment of strategic partnerships, the acquisition of any business, assets or technology, employee benefit plans and other proper corporate purposes. Except as otherwise required by applicable law, authorized but unissued shares of Common Stock may be issued at such time, for such purpose and for such consideration as the Board of Directors may determine to be appropriate, without further authorization by stockholders.

Accordingly, the Board of Directors has unanimously approved, and voted to recommend that the stockholders approve, an amendment to our Certificate of Incorporation pursuant to which the number of shares of Common Stock which the Company would be authorized to issue would be increased from 100,000,000 to 150,000,000 shares. If the amendment is approved by the stockholders, the Company intends to file an amendment to its Certificate of Incorporation substantially in the form attached hereto as Annex A (the Amendment) with the Delaware Secretary of State, as soon as reasonably practicable. The Amendment will become effective upon filing.

The additional shares of Common Stock, when issued, would have the same rights and privileges as the shares of Common Stock now issued. There are no pre-emptive rights relating to the Common Stock. Any issuance of additional shares of Common Stock would increase the number of outstanding shares of Common Stock and (unless such issuance was pro-rata among existing stockholders) the percentage ownership of existing stockholders would be diluted accordingly.

Once the Amendment is filed, the Board of Directors would be able to issue additional shares of Common Stock in its discretion from time to time, subject to the reservation requirements noted above and any applicable rules and regulations in the case of any particular issuance or reservation for issuance that might require the stockholders to approve such transaction. The newly authorized shares of Common Stock would be issuable for any proper corporate purpose, including, without limitation, those described above.

Table of Contents

Principal Effects on Outstanding Common Stock

The proposed increase in authorized Common Stock will not have any immediate effect on the rights of existing stockholders. However, to the extent that additional authorized shares are issued in the future, the issuances would have the normal consequences associated with increasing the number of shares of our Common Stock outstanding, including diluting existing stockholder net tangible book value and voting power. Our Common Stock does not have any preemptive right to purchase or subscribe for any part of any new or additional issuance of our securities.

Votes Required Procedure for Amendment

The affirmative vote of a majority of the shares of our Common Stock outstanding and entitled to vote at the meeting is required to approve the Amendment. If the proposal is approved, we intend to file the Amendment shortly after the meeting. However, the Board of Directors may abandon the Amendment without any further action by the stockholders at any time prior to the filing Amendment. The Amendment will be effective immediately upon acceptance of filing by the Delaware Secretary of State.

The Board of Directors recommends that you vote FOR approval of the amendment to our Certificate of Incorporation to increase the number of authorized shares of our common stock from 100,000,000 to 150,000,000.

PROPOSAL NO. 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The audit committee has selected Grant Thornton LLP as independent auditors to audit our financial statements for the fiscal year ending December 31, 2011. Grant Thornton LLP has served as our independent auditors since 1996. A representative of Grant Thornton LLP is expected to be present at the annual meeting, with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

Stockholder ratification of the selection of Grant Thornton LLP as our independent auditors is not required by our bylaws or otherwise. However, we are submitting the selection of Grant Thornton LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in our best interests.

The following table sets forth the aggregate fees billed to us for the fiscal years ended December 31, 2010 and 2009, by Grant Thornton LLP.

Table of Contents

- (3) Tax fees represent amounts the Company was billed in each of the years presented for professional services rendered in connection with tax compliance, tax advice, and tax planning.
- (4) All other fees represent amounts the Company was billed in each of the years presented for services not classifiable under the other categories listed in the table above.

The audit committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent auditors. These services may include audit services, audit-related services, tax services, and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services. The independent auditor and management are required to periodically report to the audit committee regarding the extent of services provided by the independent auditor in accordance with this pre-approval.

Vote Required and Board of Directors Recommendation

Approval of this proposal requires the affirmative vote of a majority of the votes cast affirmatively or negatively on the proposal at the annual meeting of stockholders, as well as the presence of a quorum representing a majority of all our outstanding shares of common stock, either in person or by proxy. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF GRANT THORNTON LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2011.

The grant date fair values were developed solely for the purpose of comparative disclosure in accordance with SEC rules using the same valuation model and assumptions as applied for purposes of our financial statements for the year ended December 31, 2009 and are not intended to predict future performance or future prices of our stock. Employment Contracts

We entered into employment agreements with Richard M. Levy, our current Executive Vice President and Chief Financial Officer, and Stephen J. Turner, our current President and Chief Executive Officer, on April 14, 2008, which replaced prior agreements for each of them. The agreements provided that Messrs. Levy and Turner will continue serving as senior executives on an at will basis at a base salary of \$226,800 and \$252,800, respectively. Effective November 1, 2009, Mr. Turner and Mr. Levy each voluntarily reduced their salaries to \$175,000 annually. For certain other purposes of the respective employment agreements, such as bonus

compensation, the amount of Base Salary continues at the rate originally stated in the agreements. Under the agreements, Mr. Levy and Mr. Turner are each eligible to receive an annual bonus up to 35% of their respective unadjusted base salaries based on the achievement of certain objectives approved by the Board of Directors in its discretion. Performance objectives for 2010 included the development of a nutritional business and advancement of our pseudoephedrine and ibuprophen drug candidates towards FDA approval and commercialization. No bonuses were paid for 2010. Additionally, Messrs. Turner and Levy are each entitled to four weeks per year of paid vacation, as well as other customary health and insurance benefits. We may terminate the employment of either or both Mr. Turner or Mr. Levy for cause without notice or compensation to the executive, except for unpaid base salary and other benefits already earned.

Effective April 19, 2011 Mr. Turner and Mr. Levy each agreed to reduce the severance benefits to which they are entitled under their employment agreements such that the executive will receive a lump sum payment of \$75,000 if we terminate the agreement without cause, or a lump sum payment of \$150,000 if the executive resigns for good reason in connection with or within 12 months after a change of control (as such term is defined in the agreements). Under either circumstance the vesting of any unvested stock options will be accelerated.

Stock Option Modifications

On October 28, 2009, in connection with the agreement by Messrs. Levy and Turner to voluntarily reduce their cash compensation, we agreed to modify the post-termination exercise period of previously issued and outstanding stock options granted to each such officer under our 2004 Equity Incentive Plan and 1995 Stock Option Plan. Under the terms of the modification, the post-termination exercise period was extended from ninety-days after termination of employment, to two years after termination of employment, regardless of the reason for termination, provided however, that no such stock option is exercisable beyond its scheduled contractual expiration date. The modification also applies to subsequently granted options. The modification for Mr. Levy's previously issued and outstanding awards affected 298,000 options and resulted in incremental compensation of \$39,040. The modification for Mr. Turner's previously issued and outstanding awards affected 561,498 options and resulted in incremental compensation of \$69,146.

Pension Benefits

None of our named executive officers participate in or have account balances in qualified or non-qualified defined benefit plans sponsored by us.

Nonqualified Deferred Compensation

None of our named executive officers participate in or have account balances in non-qualified defined contribution plans or other deferred compensation plans maintained by us. The compensation committee, which is comprised solely of outside directors as defined for purposes of Section 162(m) of the Internal Revenue Code, may elect to provide our officers and other employees with non-qualified defined contribution or

deferred compensation benefits if the compensation committee determines that doing so is in our best interests.

Table of Contents**Potential Payments upon Termination or Change in Control**

We have entered into employment agreements with each of our named executive officers that set forth such officers' initial base salary and additional benefits in connection with certain employment termination events or upon a change in control of SCOLR Pharma. Each officer is an at will employee and may terminate employment with us at any time. Similarly, we can terminate any such officer's employment at any time, with or without cause. In the event that, prior to a change in control, we terminate such officer's employment other than for cause or if such officer resigns for good reason in connection with or within 12 months following a change of control, as such terms are defined in the employment agreements, the officer is entitled to receive certain benefits.

Effective April 19, 2011, Mr. Turner and Mr. Levy agreed to reduce the severance benefits to which they are eligible under their employment agreements. Prior to such amendment, upon termination of their employment by the Company without cause, or upon their resignation for good reason in connection with or within 12 months following a change of control (as such terms are defined in the agreements), Mr. Turner and Mr. Levy were entitled to: (1) a cash payment equal to 87.5% of the executive's base salary (as originally stated in the applicable employment agreement); (2) a bonus payment equal to 35% of such base salary, (3) continuation of medical coverage for up to 12 months following termination; and (4) acceleration of vesting of the unvested portion of stock options outstanding as of the date of termination. Under the amended employment agreements, Mr. Turner and Mr. Levy are separately entitled to receive cash severance of \$75,000 upon the termination of their employment by the Company without cause, or \$150,000 upon their resignation for good reason in connection with or within 12 months following a change of control. Messrs. Turner and Levy continue to be eligible for acceleration of vesting on any unvested options outstanding upon termination in either circumstance. The Company will no longer be obligated to provide continued medical coverage benefits upon termination of their employment.

Assuming the employment of our named executive officers was to have been terminated on December 31, 2011 by the Company without cause, or terminated by the executive for good reason in connection with or within twelve months of a change in control, they would have been entitled, under the employment agreements then in effect, to payments in the amounts set forth opposite their name in the following table:

Executive Officer	Lump Sum Payment	Health Benefits	Acceleration of Stock Options Vesting
Stephen J. Turner	\$316,665	\$18,000	\$0
Richard M. Levy	282,830	18,000	0

Termination for Cause

We are not obligated to make any cash payment to these executives if their employment is terminated by us for cause or voluntarily by the executive (absent good reason in the context of a change of control, as such terms are defined in the employment agreements).

Equity Acceleration

Our 2004 Equity Incentive Plan and the award agreements under the plan provide for accelerated vesting of unvested awards in connection with certain involuntary terminations. The plan also provides that, in the event of a change in control, any options which are neither assumed or substituted for by the acquirer in connection with the change in control, nor exercised as of the date of the change in control, shall terminate and cease to be outstanding effective as of the date of the change in control. However, our board of directors may, in its discretion, provide in any option award agreement that, in the event of a change in control, the vesting of the option will accelerate upon such circumstances and to such extent as specified in such award agreement.

Table of Contents

280G Tax Adjustment

If any payment or benefit received or to be received by Messrs. Levy or Turner under their respective employment agreements would constitute an excess parachute payment within the meaning of Section 280G of the Internal Revenue Code, then he may elect to reduce the amounts payable to him in order to avoid any payment which would be nondeductible by us under Section 280G.

Release of Claims

As a condition to each executive's entitlement to receive the cash severance payments referenced in the tables above, the executive is required to execute a release of claims against the Company.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code, as amended, generally disallows a tax deduction to public companies for compensation over \$1 million paid to its chief executive officer and its other highly compensated executive officers. The compensation committee established a Section 162 subcommittee which is comprised solely of outside directors (Ms. Arnett, Mr. Lucas, Mr. Pines and Dr. Reich for 2010) for purposes of Section 162(m) of the Internal Revenue Code as amended. The subcommittee was authorized to approve compensation arrangements for our highly compensated officers, as well as approve stock option grants to executive officers and directors. However, qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. The Section 162(m) subcommittee reviews the potential effect of Section 162(m) periodically and generally seeks to structure the long-term incentive compensation granted to our executive officers in a manner that is intended to avoid disallowance under Section 162(m).

DIRECTOR COMPENSATION

Our board of directors, based on competitive data, determined the cash and equity compensation structure for 2010 as set forth below to be paid to members of the board of directors and committees of the board of directors who are not employees:

each non-employee director (who does not serve as chairman of the board) receives an annual retainer of \$20,000 and an annual stock option grant for 17,500 shares of our common stock;

the chairman of the board receives an annual retainer of \$35,000 and an annual stock option grant for 250,000 shares of our common stock; and

each non-employee director is reimbursed for reasonable out-of-pocket expenses incurred in connection with attendance at board of directors and committee meetings.

Each new non-employee director receives a pro-rated annual cash retainer and annual stock option grant upon commencement of service on the board of directors. The cash retainers to board members are paid on a quarterly basis in arrears. In the case of continuing directors, the stock option awards are automatically granted on the date of the annual stockholder meeting each year, with all such stock option grants having an exercise price equal to the last reported sales price of our common stock on the over-the-counter bulletin board on the last trading day prior to the date of grant. The stock options shall become exercisable in twelve equal monthly installments following the date of grant if such person is still serving as a director at such time. In the event of a change in control, each outstanding non-employee director option will become immediately vested and exercisable in full.

Our board of directors has determined to defer receipt of cash compensation for service during 2011, subject to review of the Company's financial condition at the last regularly scheduled meeting of the board of directors for 2011.

Table of Contents

The following table illustrates the total compensation for board service received by our directors for service during 2010:

Director	Fees Earned or Paid in Cash (\$)	Stock Option Awards (#)	Value of Option Awards (\$) (1)	Total Compensation for Board Service (\$)
Non-employee director	\$ 20,000	17,500	\$ 6,820	\$ 24,320
Chairman of the Board(2)	13,654	300,000	156,744	170,398

(1) Based on grant date fair value as of June 11, 2009 computed in accordance with FASB ASC Topic 718.

New non-employee directors receive an initial grant of stock options exercisable for 32,500 shares of our common stock upon commencement of service on the board of directors. These stock options become exercisable in 36 equal monthly installments following the date of grant if such person is still serving as a director at such time. Each new non-employee director continues to receive an annual stock option grant for 17,500 shares of our common stock upon commencement of service on the board of directors, pro-rated and exercisable in equal monthly installments for the number of months remaining until our next annual meeting if such person is still serving as a director at that time. The stock options have an exercise price equal to the last reported sales price of our common stock on the over-the-counter bulletin board on the last trading day prior to the date of grant.

(2) Mr. Johnson was appointed as Chairman of the Board on September 24, 2010. In connection with his appointment, Mr. Johnson became entitled to receive an annual fee of \$30,000, prorated so that he will receive \$22,500 in the period from October 1, 2010, through June 30, 2011. Mr. Johnson was awarded an additional stock option exercisable for 250,000 shares of the Company's common stock. The option will vest in equal installments over 12 months, has a term of 10 years, and will be exercisable until the earlier of ten years from the date of grant and two years after Mr. Johnson is no longer serving as a member of the Company's Board of Directors.
