Item 11. Executive Compensation.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary of 2010 Activity Related to Our Comprehensive Recovery Plan

In 2010, we continued our efforts to execute our comprehensive recovery plan to reduce our cost structure and improve our operating results, cash flows from operations, liquidity and financial condition. At the end of 2009, we successfully completed an exchange offer converting approximately \$470 million in aggregate principal amount of debt into equity. As part of this exchange offer, eight of the Company's nine directors were required to resign and were replaced with seven individuals selected or approved by our former note holders in May 2010 and one individual nominated by the International Brotherhood of Teamsters (the Teamsters) in June 2010. Two of the individuals selected or approved by the former note holders were existing board members. As part of this Board change, the Compensation Committee (the Committee) was restructured from a four- to a three-person committee with one member who was previously a member of the Committee and two new members.

During 2010, due in large part to the efforts of our dedicated employees, including our named executive officers, we made significant advancements in the execution of our comprehensive recovery plan. Specifically,

our employees represented by the Teamsters ratified a modification to our labor agreement that, among other things, modified work rules, extended the temporary cessation of pension contributions to multi-employer pension funds until June 1, 2011 and extended the term of the labor agreement from March 31, 2013 to March 31, 2015;

we negotiated amendments to our contribution deferral agreement with certain multi-employer pension funds to, among other things, continue the deferral of contributions to these funds;

we renewed our asset-backed securitization facility (ABS facility) in October 2010 and negotiated amendments to our credit agreement and our ABS facility to, among other things, provide us greater access to the liquidity that our revolving credit facility provides, continue the deferral of interest and fees and amend certain financial covenants;

we raised an aggregate of \$70 million through the issuance of our 6% Senior Notes due 2014 in February and August of 2010, which allowed us to retire other debt that came due during 2010;

we raised \$15.4 million of net proceeds through the sale of common stock pursuant to an at-the-market offering during the second quarter of 2010;

we received net proceeds of \$34.3 million from the sale of a majority of our logistics business in August 2010;

we completed the sale of excess property and equipment and the sale and leaseback of certain core operating facilities;

we reduced the number of terminals to adjust our transportation networks to current shipping volumes;

we made changes to our overall risk management structure to reduce our letter of credit requirements in various states related to workers' compensation insurance;

Edgar Filing: YRC Worldwide Inc. - Form 10-K/A

we effected a 1-for-25 reverse stock split; and

we implemented other cost reduction measures in general, administrative and other areas.

All of these accomplishments were made despite the fact that in 2010 we, again, significantly reduced our overall workforce and implemented or continued the following cost-cutting measures related to the compensation of our employees:

we continued a 15% wage reduction for substantially all of our union employees and a 10% wage reduction for substantially all of our non-union employees, including our named executive officers, resulting in the base salaries for our named executive officers that were in most cases lower than 2008 base salaries;

we did not provide annual bonus opportunities in 2010 for our executives, including our named executive officers;

we did not provide long-term incentive opportunities in 2010 for our executives, including our named executive officers;

Table of Contents

we continued the temporary cessation of contributions to our multi-employer pension funds;

we continued the suspension of Company matching 401(k) contributions for non-union employees, including our named executives; and

we again increased the amount our non-union employees, including our named executive officers, were required to pay under our health and welfare benefit plans.

In addition, as indicated below under *Director Compensation*, in 2010 our Board continued their voluntary reduction of fees and waiver of certain special telephonic meeting fees, which was significant due to the numerous special telephonic board and committee meetings held in connection with our efforts regarding our comprehensive recovery plan.

Compensation Philosophy and Objectives; Components of Executive Compensation

Our Committee has established an executive compensation philosophy that supports our near and long-term strategic objectives to:

attract and retain high caliber executives whose leadership skills can enable us to effectively navigate the financial challenges affecting our Company and to effectively compete in our market segments; and

provide incentives that encourage executives to attain the highest level of organizational performance to maximize stakeholder recovery without encouraging excessive risk taking.

To achieve these objectives, historically our executive compensation program provided base salaries that were reflective of responsible market practices, a significant portion of total compensation that was based on the achievement of annual, long-term and individual performance goals, and almost all long-term incentive compensation in the form of equity to further align our executives' interests with our stockholders.

Due to the financial challenges facing our Company in 2010, the Committee deviated from its historical compensation practices and, similar to 2009, designed an executive compensation program to align our employees' compensation (including our named executive officers) with our financial condition and our need to retain high-caliber employees (including our named executive officers) to assist us in executing our comprehensive recovery plan. In 2010, the components of our named executive officers' compensation consisted of:

base salaries;

retention opportunities (other than Mr. Zollars), in the form of cash and increased retirement benefits, pursuant to the terms of non-competition, non-solicitation, non-disparagement and confidentiality agreements entered into in 2008 and 2009; and

perquisite and other benefit plans and programs that we sponsor.

The base salaries of our named executive officers in most instances were frozen at 2009 levels. This resulted in base salaries for most of our named executive officers being less than they were as of December 31, 2008, due to the continuation in 2010 of the 10% wage reduction for substantially all of our non-union employees implemented in 2009 and the continuation for the first two weeks of 2010 of a seasonal wage reduction of 18% implemented in the last two weeks of 2009, which effectively resulted in a 28% wage reduction for this period. An additional 5% seasonal wage reduction, which occurred from October through December 2009, caused an additional variance between 2009 and 2010 reported base salary. The Committee did not provide an annual bonus or a long-term incentive opportunity for 2010 as it had in the past due to the financial uncertainty facing the Company and the prior implementation of the non-competition agreements. The Committee believed the combination of base salary and retention opportunity appropriately balanced the Company's need to cut costs and preserve liquidity while incentivizing and retaining our named executive officers to assist with execution of our comprehensive recovery plan.

Determining Executive Compensation

The Committee has primary responsibility for determining the compensation package for the named executive officers with the assistance of the Company's chief executive officer and the Committee's independent compensation consultant, Frederic W. Cook & Co. (the Consultant). Prior to 2009, the Committee utilized information that the Consultant provided from various survey groups in determining the appropriate level and form of compensation. Generally, the Committee aimed to provide base salaries, target annual incentive and long-term incentive opportunities and total compensation for the named executive officers that were near the

Table of Contents

market median of the applicable survey group for similar positions, with the opportunity for the named executive officers to receive annual incentive and long-term incentive compensation in excess of (or less than) target if we exceed (or fail to achieve) our target performance goals. The Committee also considered experience, tenure in position, scope of an executive's responsibilities, performance and any other factors that could be relevant at the time when setting salaries and target annual incentive and long-term incentive opportunity levels.

As indicated above, due primarily to the Company's commitment to its comprehensive recovery plan, the Committee did not follow historical practices in determining that 2010 compensation would consist solely of base salary, retention opportunities where needed to retain talent, and perquisite and other benefit plans and programs we sponsored. The Committee focused on implementing responsible compensation practices that would balance the Company's need to cut costs and preserve liquidity while incenting and retaining our named executive officers to execute our comprehensive recovery plan. As part of its decision to freeze the 2010 base salaries of most of the named executive officers at 2009 levels (which resulted in base salaries for those individuals being less than they were as of December 31, 2008), the Committee considered the effect that this decision would have on its need to retain executives in order to be able to effectively execute its comprehensive recovery plan. As part of this exercise, the Consultant provided the Committee with guidance and advice derived from the Towers Perrin Compensation Data Bank (CDB) Executive Database (the Database). The Database includes more than 500 companies and presents the compensation levels and practices of companies across a broad section of industries, including aerospace/defense and automotive and transportation, chemicals, computer hardware, software and services, consumer products (excluding food and beverage), electronics and scientific equipment, food and beverages, metals and mining, oil and gas, pharmaceutical, retail and telecommunications. A list of the companies contained in the Database is attached as Exhibit 99.1 to this Form 10-K/A. The data derived from the Database assisted the Committee in concluding that while the base salaries of the named executive officers were below market, and in one instance significantly below market, that the base salaries combined with any retention opportunity should be sufficient to retain the talent needed to help the Company navigate the financial challenges facing it.

Chief Executive Officer Compensation

In January 2006, the Committee and the full Board (other than Mr. Zollars) determined it was beneficial for us to enter into an employment agreement with Mr. Zollars and established his base salary and annual incentive and long-term incentive opportunities (as set forth in his employment agreement) using a similar method as was used for the other named executive officers at the time, which was targeting each element of compensation and total compensation near the market median of an applicable survey group. See *Executive Compensation - Zollars Employment Agreement* for a discussion of the terms of Mr. Zollars' employment agreement. Mr. Zollars' January 2006 employment agreement requires the Board to annually review his base salary to determine whether it should be increased. Other than special equity opportunities (which have previously been provided and subsequently forfeited due to the Company's failure to meet the required financial targets) and the supplemental retirement benefits contained in Mr. Zollars' employment agreement, the compensation policies for Mr. Zollars are essentially the same as for our other named executive officers. The variation between Mr. Zollars' and the other named executive officers' compensation reflects the scope and increased level of responsibility of the chief executive officer position compared with our other named executive officers.

In addition, supplemental retirement benefits were provided to Mr. Zollars as part of his new hire package in 1996 and were critical to attract him as a mid-career top executive. These benefits were continued in his 2006 employment agreement and are calculated by reference to the Yellow Corporation Pension Plan (the Yellow Pension Plan). When we froze future benefit accruals under the Yellow Pension Plan in July 2008, the future benefit accruals under Mr. Zollars' employment agreement were also frozen.

Due to the Committee's decision to maintain 2010 salaries at 2009 levels and the high level of Board member interaction with Mr. Zollars in connection with our restructuring efforts, the Board did not feel it was necessary or worthwhile for Mr. Zollars to engage in a self-evaluation process as he had in prior years. Instead, the Board met in executive session without Mr. Zollars and decided to maintain Mr. Zollars' 2010 base salary at its 2009 level, which was approximately 10% lower than his base salary in 2008.

Compensation for Named Executive Officers (other than the Chief Executive Officer)

In past years, the chief executive officer set performance goals for the other named executive officers. The chief executive officer would then review the performance of each named executive officer (excluding himself) with the Committee and make recommendations as to the compensation for each executive. Taking into account the chief executive officer's performance review of the named executive officers, the Committee would then approve the compensation for each named executive officer other than the chief executive officer. Due to the Company's focus on executing its comprehensive recovery plan, this practice was not followed in determining the named executive officer's compensation in 2010. Instead, the Committee focused on balancing the Company's need to preserve liquidity against its need to retain executive talent. As discussed above, in light of these factors and market data and advice the Consultant derived from the Database, the Committee decided to provide its named executives with compensation primarily in the form of base salaries and retention opportunities (other than Mr. Zollars). The Committee did not offer any annual or

Table of Contents

long-term, cash or equity, incentive opportunities because it did not believe these incentives could be structured in a way to provide meaningful incentive to the named executive officers due, among other things, to the pending changes in the Committee and the financial uncertainty facing the Company at the beginning of 2010.

Consultant

The Committee's Consultant provides guidance and advice to the Committee regarding executive officer compensation trends, reviews compensation plan design and suggests alternative ways to deliver compensation to align the executive's compensation with Company goals. Frederic W. Cook & Co. has been the Committee's independent consultant since July 2007. The Consultant provides no other services to the Company.

Summary of Compensation Components

Base Salary

Prior to 2009, base salary for each named executive officer was determined based on a number of factors including: the salary level for similar positions in applicable survey groups, the named executive officer's experience, tenure in position, scope of responsibility and performance, and internal pay equity among our executive officers. The performance of each named executive officer was also evaluated by reference to individual goals that the named executive officer, together with the chief executive officer (and in the case of the chief executive officer, together with the Board), established each year, including:

developing and executing our strategies;

developing personnel within the executive's control or management; and

participating in and contributing to programs that positively impact our operations and growth.

Consistent with 2009, the Committee departed from past practices and, as discussed above, after considering the Company's financial situation and its need to preserve liquidity and to retain its key executives to help execute its comprehensive recovery plan, the Committee decided to maintain the 2010 base salaries for the named executive officers (other than Mr. Naatz and Sheila K. Taylor) at the levels that existed at the beginning of 2009 prior to the wage reductions implemented throughout 2009. The base salary amounts for 2010 reflected in the *Summary Compensation Table* include a seasonal reduction of 18% that was implemented in the last two weeks of 2009 and was continued during the first two weeks of 2010.

Ms. Taylor was promoted to Chief Financial Officer in October 2009. At that time, the Committee increased Ms. Taylor's base salary, but not to a level that would have been required had the Company hired a Chief Financial Officer from outside the organization. In February of 2010, the Committee formally considered Ms. Taylor's salary and after examining data the Consultant derived from the Database, concluded that Ms. Taylor's base salary was significantly below market. In recognition of this fact, and Ms. Taylor's significant responsibilities in connection with our restructuring efforts and in furtherance of internal pay equity, the Committee decided to increase Ms. Taylor's 2010 base salary over her 2009 base salary by approximately 10%. The Committee acknowledged that even with this increase, Ms. Taylor's base salary was still below market and committed to reevaluate her base salary later in 2010. In July 2010, the Committee again considered Ms. Taylor's base salary. In light of the contribution Ms. Taylor had made to our restructuring efforts and her performance as our Chief Financial Officer during the previous nine months, the Committee decided to increase Ms. Taylor's base salary by an additional 16%, which, after the increases, put Ms. Taylor's compensation at the lower end of the market median range.

Mr. Naatz also received a base salary adjustment in April 2010 to reflect his increased duties and responsibilities in connection with his promotion to our President - Customer Care Division and Chief Customer Officer of the Company. In this position, Mr. Naatz assumed responsibilities for overseeing all aspects of the Company's sales and sales support function in addition to his previous responsibilities for customer care, revenue management, cargo claims, freight bill entry and technology.

Non-Competition, Non-Solicitation, Non-Disparagement and Confidentiality Agreements

Edgar Filing: YRC Worldwide Inc. - Form 10-K/A

During 2008 and 2009, we entered into certain non-competition, non-solicitation, non-disparagement and confidentiality agreements (non-competition agreements) with our named executive officers (other than Mr. Zollars). In general, each provides for payments to our named executive officers in exchange for certain non-competition, non-solicitation, non-disparagement and confidentiality agreements. The Committee decided that these non-competition agreements were important to help ensure the retention of key executives who were crucial to the execution of our comprehensive recovery plan and to protect the Company from

Table of Contents

competition if they did terminate their employment with us. A summary of these non-competition agreements and the payments made in 2010 pursuant to the terms of the agreements is set forth below.

Sheila K. Taylor, Michael J. Naatz, James G. Kissinger and Daniel J. Churay Agreements. The Company entered into a non-competition agreement with each of Sheila K. Taylor, Michael J. Naatz, James G. Kissinger and Daniel J. Churay in 2009 (the "Non-Competition Agreements"). Pursuant to the Non-Competition Agreements, each executive officer agreed to a three-month non-competition and non-solicitation period following any termination of employment and agreed to certain confidentiality and non-disparagement provisions. In exchange for these agreements and to incent the officer to remain employed with the Company, the Company agreed to pay each officer an amount equal to one times the officer's base salary (as of the date of the Agreement and prior to any reductions) in equal installments on January 2, 2010, April 1, 2010 and July 1, 2010 if the officer was employed on those dates. These payments were made to each officer. If the officer had resigned or had been terminated with Cause (as defined in the applicable Non-Competition Agreement) before March 31, 2010, the officer would have been required to return the January 2, 2010 payment. In addition, in exchange for the April 1, 2010 payment and July 1, 2010 payment, the non-competition and non-solicitation period was extended to six and nine months, respectively. If the officer had resigned or had been terminated with Cause before June 30, 2010, the officer would have been required to return the April 1, 2010 payment, and if the officer had resigned or had been terminated with Cause before September 30, 2010, the officer would have been required to return the July 1, 2010 payment.

In connection with Ms. Taylor's resignation from the Company in March 2011, we entered into a Separation Agreement and Release with her (the "Separation Agreement") pursuant to which she will continue to receive her 2011 base salary and certain health and welfare benefits, and her outstanding options will continue to vest in accordance with their terms, for a 12-month period ending March 31, 2012, subject to certain limitations and her compliance with the covenants of her Non-Competition Agreement. The Separation Agreement contains customary language in which Ms. Taylor, to the fullest extent allowed by law, releases us and our subsidiaries and affiliates from all claims she may have in any way related to or arising from her employment with the Company or the cessation of her employment. In March 2011, we also entered into an amendment of Ms. Taylor's Non-Competition Agreement to clarify the specific less-than-truckload, truckload and logistics companies that are subject to the restrictive covenants under her Non-Competition Agreement. The Non-Competition Agreement continues to have a nine-month term following termination of Ms. Taylor's employment; provided, that Ms. Taylor must comply with the terms of the Non-Competition Agreement as a condition to receiving the separation payments and health and welfare benefit continuation through March 31, 2012 under her Separation Agreement.

Michael J. Smid Agreement. The Company entered into a non-competition agreement with Michael J. Smid in June 2009 (the "Smid Agreement"). Pursuant to the Smid Agreement, Mr. Smid agreed to a six-month non-competition and non-solicitation period following any termination of his employment and agreed to certain confidentiality and non-disparagement provisions. In exchange for these agreements and to incent Mr. Smid to remain employed with the Company, the Company agreed that if Mr. Smid remained employed through April 7, 2011 or was terminated without Cause (as defined in the Smid Agreement) prior to April 7, 2011, he would be entitled to 60% of his accrued benefit under the Company's Supplemental Executive Pension Plan (the "SEPP") instead of 42%. Because Mr. Smid remained employed through April 7, 2011, he is now entitled to this increased benefit. The Smid Agreement further provides that if Mr. Smid remains employed through April 7, 2012 or is terminated without Cause on or after April 7, 2011 but prior to April 7, 2013, he will be entitled to 80% of his accrued benefit under the SEPP, instead of 60%. Further, if Mr. Smid dies or becomes disabled while employed prior to April 7, 2013, he will be entitled to 100% of his accrued benefit under the SEPP. If Mr. Smid remains employed through April 7, 2013, the Smid Agreement does not modify the SEPP benefits which he is entitled to receive. Mr. Smid will not receive the benefits under the Smid Agreement if he is terminated for Cause or if he breaches the Smid Agreement. For the purposes of the Smid Agreement, Cause means: (1) Mr. Smid's conviction of a felony involving acts of dishonesty, fraud, or moral turpitude; (2) Mr. Smid's willful or repeated failure to perform his duties; (3) willful misconduct material to his employment; (4) material breach of Company policies or rules; (5) Mr. Smid's material and demonstrable dishonesty related to his employment; or (6) gross negligence in the performance of his job duties.

Phil J. Gaines Agreements. The Company entered into a non-competition agreement with Phil J. Gaines in December 2008, which was subsequently amended (the "Gaines Agreement"). Pursuant to the Gaines Agreement, Mr. Gaines agreed to a six-month non-competition and non-solicitation period following any termination of his employment and agreed to certain confidentiality and non-disparagement provisions. In exchange for these agreements and to incent Mr. Gaines to remain employed with the Company, the Company agreed to pay Mr. Gaines an amount equal to one times Mr. Gaines's base salary (as of the date of the Gaines Agreement) in equal installments in each of January 2010, April 2010 and July 2010 if he was still employed at those times. Mr. Gaines received the payments due in 2010. If Mr. Gaines had resigned prior to July 1, 2010, Mr. Gaines would have been required to return all payments he had received under the Gaines Agreement, and the Company would not have been required to pay Mr. Gaines the July payment. On March 28, 2011, the Company entered into an additional agreement with Mr. Gaines, which, among other things, modified his executive severance agreement and the Company's executive severance policy as it applies to him. See *Potential Payments on Termination or Change of Control - Gaines Agreement*.

Perquisite Program

The named executive officers participate in our executive perquisite program. In 2010, perquisite levels were maintained at 2009 levels, which had been reduced by 10% from 2008 levels, reflecting the 10% reduction in the named executive officers' base salaries during 2009. There is no requirement that a named executive officer spend the perquisite payments on any particular item. Perquisites are limited to cash payments. Perquisite payments are subject to local, state and federal income taxation and withholding. Perquisite payments are included in the "All Other Compensation" column of the *Summary Compensation Table*.

Benefit Plans

The named executive officers are eligible to participate in our health and welfare plans, including those that provide medical, dental, life insurance and accidental death and dismemberment benefits, generally on the same basis as our other employees, but our named executive officers pay a higher amount for these benefits as the employee portion of the cost for these plans increases as an employee's salary increases. In 2010, the employee portion of the cost under these plans again increased.

The named executive officers participate in our defined contribution 401(k) plan, which is a tax-qualified retirement savings plan. The Internal Revenue Code of 1986, as amended (the "Code"), limits the contributions the named executive officers can make to the 401(k) plan. In 2009, in connection with union wage concessions, we suspended indefinitely Company-matching contributions under the 401(k) plan for our employees, including our named executive officers.

We sponsor two qualified pension plans for employees of the Company and certain participating subsidiaries that commenced employment prior to January 1, 2004. We froze benefit accruals on and after July 1, 2008 under these plans. Messrs. Zollars, Smid, Churay and Gaines and Ms. Taylor participated in the Yellow Pension Plan. See *Pension Benefits* for a discussion of this qualified pension plan.

Because the Code limits our named executive officers' benefit payments from qualified defined benefit plans and contributions to qualified defined contribution plans, we have adopted nonqualified deferred compensation plans, including a supplemental pension plan to restore benefits that these limitations would otherwise take away. We may or may not fund our obligations under these plans in advance of an executive's retirement, and the executive is considered an unsecured, general creditor of the Company with respect to our obligations to make payments under these plans. Messrs. Smid, Churay and Gaines participate in our supplemental pension plan. Mr. Zollars does not participate in the supplemental pension plan. Instead, he will receive supplemental retirement benefits pursuant to the terms of his employment agreement with us. See *Pension Benefits* for a discussion of this supplemental pension plan and Mr. Zollars' employment agreement. In July 2008, the Company froze all employees' benefit accruals under the Company's qualified and non-qualified defined benefit plans and Mr. Zollars' benefit accruals under his employment agreement.

Severance and Other Termination-of-Employment Benefits

We have entered into executive severance agreements with our named executive officers that provide for payment if an executive is terminated without cause within the two-year period after a change of control transaction or between the initiation and culmination of a change of control transaction or resigns for good reason within two years after a change of control transaction. We also maintain an executive severance policy that provides for payment if an executive is terminated without cause or as a result of the elimination of the executive's position, a restructuring of the Company or a reduction in work force or if the executive resigns for good reason. To receive payment under this policy, the executive must execute a release of the Company from liabilities and obligations and agree to certain confidentiality, non-competition and non-solicitation provisions. This severance policy does not cover Mr. Zollars, as he is entitled to severance benefits pursuant to the terms of his employment agreement. The severance policy also does not apply if the named executive officer is otherwise entitled to severance payments, including under an executive severance agreement. The Company's severance arrangements for our named executive officers are described in *Potential Payments upon Termination or Change of Control*.

We have implemented change of control arrangements and a severance policy to attract and retain executive officers that we believe will bring the greatest value to our stakeholders. The Committee believes these arrangements are crucial to incent named executive officers to remain employed with us during periods of uncertainty, including the one currently facing us, and to obtain the highest value for us when considering any potential change of control transaction. The benefits that may be received under the executive severance arrangements were based on data received from the Consultant in 2008, were consistent with market practices in 2008, and do not affect other elements of compensation for the named executive officers.

Equity Ownership Guidelines

In 2004, the Committee established equity ownership guidelines for our executive officers who actively participate in our long-term incentive plan (or any successor to that plan). These guidelines establish equity ownership targets based on an executive's base salary and salary grade level. The target levels of ownership for each executive are phased in over a six-year period beginning with the executive's first year of participation in our long-term incentive plan. If an executive does not achieve the desired target level of equity ownership by the end of the six-year period or does not achieve specified interim target levels, the Committee may award restricted share units in lieu of cash that the executive is entitled to receive under our long-term incentive plan or our annual incentive bonus program as necessary to bring the executive into or move the executive towards the target levels.

The equity ownership guidelines provide for a target number of shares measured at December 31 of each year of participation in our long-term incentive plan based upon the higher of the (i) average closing market price of a share of our common stock for all trading days during the fourth quarter of the calculation year and (ii) closing market price on the last day in the fourth quarter of the calculation year and as determined under the equity ownership guidelines. The equity ownership guidelines also include provisions prohibiting our executives from entering into transactions involving derivatives where the underlying equity is our common stock used to satisfy the ownership guidelines, or from pledging any of those shares.

The target equity ownership for each of the named executive officers that is currently employed by us is as follows: Mr. Zollars 5x base salary; Mr. Smid 4x base salary; Messrs. Naatz and Kissinger 3x base salary; and Mr. Gaines 2x base salary. Due to the severe economic recession, the Company's operating results, the issuance of almost one billion shares of common stock in connection with our debt-for-equity exchange offer completed in December 2009 and the subsequent 1-for-25 reverse split of our common stock, the price per share of our common stock has been dramatically lower than when the equity ownership guidelines were established. Therefore, as of December 31, 2010, the named executive officers subject to the ownership guidelines did not satisfy the equity ownership guidelines. The Committee exercised its discretion to temporarily suspend the equity ownership guidelines in 2009 and has not lifted the suspension in light of the Company's restructuring efforts. The Committee is committed to the continued alignment of our executive compensation practices and our stockholders interests and anticipates reviewing the equity ownership guidelines after our restructuring is complete.

Executive Compensation Recovery Policy

In December 2007, the Committee adopted an executive compensation recovery policy that allows the Committee, in its sole discretion, to recover from our executive officers annual and long-term incentive-based compensation in the event of a restatement of our financial statements as a result of errors, omissions or fraud, regardless of whether the executive officers caused the restatement. The incentive compensation subject to recovery is limited to incentive compensation granted after December 2007 that exceeds the compensation that would otherwise have been granted based on the restated financial results for the restated periods, but only to the extent of unvested or deferred equity award. The Committee will consider the impact of taxes previously paid with respect to the incentive compensation when determining whether and to what extent to recover incentive compensation.

Limitations on Deductibility of Executive Compensation

Section 162(m) of the Code, places a limit of \$1 million on the amount of compensation that we may deduct for federal income tax purposes in any year with respect to certain executive officers. Certain performance-based compensation and certain other compensation that our stockholders have approved are not subject to the deduction limit. We have qualified certain compensation paid to executive officers for deductibility under Section 162(m), including compensation expense related to incentive compensation that we grant pursuant to our 2004 Long-Term Incentive and Equity Award Plan (the Equity Plan). We may from time to time pay compensation to our executive officers that may not be deductible for federal income tax purposes.

COMPENSATION RISK ASSESSMENT

The Committee and management, along with assistance from the Consultant with respect to executive management plans, have reviewed our compensation policies and practices, including incentive programs, to ensure they do not encourage excessive risk taking. Based on this review, we believe that our compensation policies and practices are not reasonably likely to have a material adverse effect on us.

The table below sets forth compensation in the fiscal year ended December 31, 2010 for our named executive officers. The table also reflects compensation for the fiscal years ended December 31, 2008 and 2009 for those individuals who were also named executive officers in those years.

- (1) See *Compensation Discussion and Analysis Summary of Compensation Components Base Salary* for a discussion of base salary reductions affecting all named executive officers during 2010 and adjustments to the base salaries of Ms. Taylor and Mr. Naatz during 2010.
- (2) For 2009, amounts represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 of the restricted stock granted to our named executive officers (other than Ms. Taylor) under our 2009 Long-Term Incentive Plan (2009 LTIP). Under the 2009 LTIP, (i) 20% of our named executive officers' 2009 opportunity was based upon the achievement of a 2009 EBITDA target (payable one-half in cash and one-half in restricted stock) and (ii) 80% of the 2009 opportunity was based on the price appreciation of our common stock (all of which was payable in restricted stock). Based on the Monte Carlo simulation model, the grant date fair value of the restricted stock that could vest based on our three-year share price appreciation was \$3.65/share. None of the restricted stock vested based on our 2009 EBITDA and all of it was forfeited.

For 2008, the amounts represent the aggregate grant date fair value of restricted share units granted to Messrs. Zollars, Smid and Churay for the 2005-2007 performance period under our previous long-term incentive plan. No assumptions were necessary to determine the grant date fair value.

- (3) For 2010 and 2009, no cash payments were made under our annual cash incentive bonus program or under the applicable long-term incentive plan. For 2008, the amounts represent cash awards made under the applicable long-term incentive plan.
- (4) The amounts reported in this column represent the aggregate change in the actuarial present value of the accumulated benefit under our qualified and non-qualified defined benefit pension plans. Messrs. Naatz and Kissinger are not eligible to participate in our pension plans. Benefit accruals under our pension plans were frozen on and after July 1, 2008. The increase in benefits in 2010 was due to a decrease in the interest rate used to calculate the present value of the benefit. The monthly benefit payable at retirement did not increase.
- (5) All other compensation for 2010 includes the following:

Name	Flexible	Legal	Annual Physical	Total

Zollars Employment Agreement

The Company entered into an Employment Agreement with Mr. Zollars on January 25, 2006, which was subsequently amended, that contains the following key terms and conditions:

a five-year term commencing January 1, 2006, and ending on December 31, 2010. Pursuant to the Letter Agreement described below, the Company and Mr. Zollars have agreed that the Employment Agreement will remain in effect until Mr. Zollars' retirement upon successful completion of the Company's comprehensive recovery plan;

a base salary that is reviewed annually, with current base salary equal to \$936,000 due to Mr. Zollars' agreement to participate in the non-union wage reductions described in *Compensation Discussion and Analysis*;

participation in any annual pay-for-performance plan maintained by the Company at target level of 150% of base salary (the Company did not implement such a plan in 2010);

participation in the Company's long-term incentive plan with a target level of 300% of base salary (the Company did not implement such a plan in 2010);

a grant on January 26, 2006 of 1,293 restricted shares of the Company's common stock (adjusted to reflect the Company's 1-for-25 reverse stock split on September 30, 2010), with full vesting and removal of the restrictions contingent upon the Company having positive net income for the five-year period ending December 31, 2010, and Mr. Zollars not having terminated his employment without good reason on or before December 31, 2010. Mr. Zollars forfeited all of these restricted shares because the five-year net income target was not met;

an additional potential grant of shares of the Company's common stock, between January 1, 2009 and March 31, 2009, having a value of up to \$1.5 million, with the number of shares granted determined by comparing the Company's growth in net operating profit after taxes (NOPAT) and annual return on committed capital (ROC) for 2006, 2007 and 2008 against the NOPAT growth and annual ROC of the companies in the S&P MidCap 400 Index. The performance measures were weighted 30% on NOPAT growth and 70% on ROC. Mr. Zollars did not receive any of these shares because the threshold target for the three-year period was not met;

retention of a fully vested, supplemental retirement benefit, payable upon termination as a lump sum rather than in installments during retirement, and the lump sum payment equal to the difference between the net present values of the benefits that Mr. Zollars would have received under the Company's pension plan if the benefit would have commenced as of his normal retirement date (as defined under the pension plan) and would have been paid in a single life annuity over the longer of his life or his spouse's life, using his actual years of service (which effective July 1, 2008 was frozen at 11 years) plus 16 years and the benefit Mr. Zollars would have received if the Code did not limit his compensation;

ability to exercise vested options for 90 days following termination for any reason other than Good Reason (as defined in the Employment Agreement), death or disability; and

certain payments after a termination in connection with a Change of Control as described below under *Potential Payments Upon Termination or Change of Control - Zollars Employment Agreement*.

Under the Employment Agreement, Mr. Zollars agreed not to divulge any Confidential Information (as defined in the Employment Agreement), not to engage in Competition (as defined in the Employment Agreement) for 24 months following termination, not to solicit any customer or

Edgar Filing: YRC Worldwide Inc. - Form 10-K/A

certain potential customers of the Company, and not to solicit employment of certain employees of the Company or otherwise knowingly interfere in any material respect with the business accounts of the Company for 24 months following termination. Mr. Zollars must execute a full release of any liabilities or obligations (excluding indemnification obligations) prior to receiving any payments upon termination, other than unpaid salary and bonus, if any, and the supplemental retirement benefits described above and benefits under other employee benefit plans.

The Company also has a severance agreement with Mr. Zollars which is described below in *Potential Payments Upon Termination or Change of Control Executive Severance Agreements*.

Table of Contents

On September 28, 2010, the Company and Mr. Zollars entered into a letter agreement (the Letter Agreement) which amended the Employment Agreement and memorialized Mr. Zollars' intent to retire from the Company upon the successful completion of the Company's comprehensive recovery plan and the naming of Mr. Zollars' successor. Until Mr. Zollars' retirement, all agreements he has with the Company, including the Employment Agreement described above and in *Potential Payments upon Termination or Change of Control*, and the executive severance agreement described in *Potential Payments upon Termination or Change of Control*, will remain in effect. In addition, Mr. Zollars waived his right to receive all severance benefits upon his retirement (except as applicable upon a Change of Control), other than payments of vested supplemental retirement benefits. The Company and Mr. Zollars agreed that his supplemental retirement benefit will be calculated based on a discount rate equal to the Moody's Corporate Bond Rate, as in effect on the date the supplemental retirement benefit is paid, and all outstanding equity grants will be governed in accordance with the applicable grant agreements, his Employment Agreement and his severance agreement. The Company agreed to pay Mr. Zollars' attorney fees incurred in connection with the negotiation and documentation of the Letter Agreement.

Table of Contents**OUTSTANDING EQUITY AWARDS AT FISCAL YEAR END**

The following table sets forth the outstanding stock options and stock awards for each of our named executive officers as of December 31, 2010. No information is provided in this table for Mr. Churay because he resigned prior to December 31, 2010, and forfeited all of his unvested and unexercised equity awards. On September 30, 2010, we effected a 1-for-25 reverse stock split of our common stock. All share amounts and exercise prices have been adjusted to reflect the reverse stock split.

- (1) Except as otherwise indicated, all amounts represent unvested restricted share units granted pursuant to the Company's previous long-term incentive plans. Restricted share units granted in 2008 vest on the third anniversary of the grant date. Restricted share units granted prior to 2007 vest as follows: fifty percent on the third anniversary of the grant date and fifty percent on the sixth anniversary of the grant date.
- (2) The calculation of the market value of unvested stock awards is based on the per share closing price of the Company's common stock of \$3.72 on December 31, 2010.
- (3) All amounts represent unvested restricted stock awarded under our 2009 LTIP and assumes that the threshold performance goal is met. If the relevant performance goals are met, these restricted shares vest on the third anniversary of the grant date. The EBITDA performance goal was not met for 2009. Therefore, all shares that could vest based on this goal were forfeited in 2010.
- (4) Represent options granted pursuant to the Company's Equity Plan that vest in one-third increments on January 1, 2009, 2010 and 2011.
- (5) Subsequent to December 31, 2010, these shares were forfeited because the five-year net income target was not met. See *Zollars Employment Agreement*.
- (6) Represent options granted pursuant to the Company's Non-Union Employee Option Plan that vest in one-fourth increments on January 2, 2010, 2011, 2012 and 2013. Pursuant to the Separation Agreement we entered into with Ms. Taylor, these options will continue to vest in accordance with their terms through March 31, 2012, subject to certain limitations, at which time all unvested options will be forfeited. See *Compensation Discussion and Analysis Summary of Compensation Components Non-Competition, Non-Solicitation, Non-Disparagement and Confidentiality Agreements Sheila K. Taylor, Michael J. Naatz, James G. Kissinger and Daniel J. Churay Agreements* for a discussion of the Separation Agreement.

Table of Contents**PENSION BENEFITS**

The following table sets forth information regarding pension benefits for our named executive officers (other than Messrs. Naatz and Kissinger who are not entitled to pension benefits) with respect to the fiscal year ended December 31, 2010:

Name	Plan Name	No. of Years Credited Service (#) (1)	Present Value of Accumulated Benefit (\$)(2)	Payments During Last Fiscal Year (\$)
William D. Zollars	Yellow Pension	11	314,000	0
	Contractual Supplemental Retirement	27(3)	10,138,000	0
Michael J. Smid	Yellow Pension	22	708,000	0
	Supplemental Pension	22	1,273,000	0
Phil J. Gaines	Yellow Pension	17	374,000	0
	Supplemental Pension	17	188,000	0
Sheila K. Taylor	Yellow Pension	5	41,000	0
Daniel J. Churay	Yellow Pension	5	79,000	0
	Supplemental Pension	5	72,000	0

(1) Effective July 1, 2008, benefit accruals under all plans and agreements were frozen.

(2) In calculating the present value of the accumulated pension benefit, the following assumptions were used:

- a) a FASB ASC Topic 715 discount rate of 5.79%,
- b) an expected retirement age of 65 was used for Mr. Zollars which is the normal retirement age in the Yellow Pension Plan, and an expected retirement age of 58, 56, 57 and 63 for Mr. Smid, Mr. Gaines, Ms. Taylor and Mr. Churay, respectively, was used because those are the earliest ages at which each may retire under the applicable plan without benefit reduction,
- c) the RP-2000 was used as the post-retirement mortality table and no table was used for pre-retirement mortality, and
- d) a discount percentage of 5.79% was used to calculate the lump sum distribution, except for Mr. Zollars for whom the Moody's corporate bond rate of 5.15% was used pursuant to the terms of his contractual arrangement.

(3) Under a separate contractual supplemental retirement agreement described in the narrative below, Mr. Zollars is credited with an additional 16 years of credited service. The value of the enhanced benefit is proportional to the additional years of service.

Table of Contents

Yellow Pension Plan

The Company and certain of its subsidiaries officers participate in the Yellow Pension Plan, a noncontributory, defined benefit pension plan. This plan covers all regular full-time and regular part-time office, clerical, sales, supervisory and executive personnel of the Company and certain participating subsidiaries (excluding directors who are not salaried employees) who are at least age 21, are employed in the United States, who are not otherwise covered by a pension plan under a collective bargaining agreement and who commenced employment with the Company or one of the participating subsidiaries prior to January 1, 2004. The Yellow Pension Plan benefits are calculated based solely on salaries and cash annual incentive compensation. Benefit accruals under the Yellow Pension Plan were frozen on and after July 1, 2008. Compensation reported in the *Summary Compensation Table* includes amounts that are not covered compensation under the Yellow Pension Plan. Participants are vested after five years of service.

A participant retiring at age 65 will receive an annual pension benefit (single life basis) amounting to 1 - 2/3% of his or her final average annual compensation paid in the five highest consecutive years of the participant's last ten consecutive years of participation, multiplied by his or her total years of participation, the product of which is reduced by 50% of the amount of his or her primary social security entitlement at retirement (prorated if participation is less than 30 years). The pension of the highest-paid executive officers will likely be reduced from the above formula because of limitations under the Employment Retirement Income Security Act of 1974, as amended (ERISA).

If a participant is age 55 to 65 and has ten or more years of credited service, the participant is eligible for early retirement, subject to a reduction in his accrued benefit. For example, the accrued benefit is reduced to 40% of the full benefit at age 55, 60% at age 60 and 90% at age 64. Mr. Zollars, who is age 63, is the only named executive officer currently eligible for early retirement under the Yellow Pension Plan. Mr. Smid, who is age 56, will be eligible for early retirement under the Yellow Pension Plan as of May 1, 2011.

Company Supplemental Retirement Plans

ERISA and the Code limit covered compensation under the Yellow Pension Plan to \$245,000 in 2010 and impose maximum annual benefit limitations, which may cause a reduction in the pension payable under the pension plan. In the future, regulations issued under the Code may adjust these limitations. The Company has adopted supplemental retirement plans to provide for the payment of the benefits that plan participants would lose as a result of present or future Code provisions limiting the benefits payable or the compensation taken into account.

Supplemental Executive Pension Plan. The Company maintains a Supplemental Executive Pension Plan (the SEPP) for certain executives who participated in the Yellow Pension Plan, except for Mr. Zollars who has contractual supplemental retirement benefits. The SEPP is intended to be a benefit restoration plan that provides nonqualified deferred benefits to executives whose qualified benefits the Code has limited. The Compensation Committee designates members of management as eligible participants in the SEPP.

Benefits under the SEPP are paid in a lump sum payment or in the form of an annuity following the earliest to occur of the following:

the executive's death; or

the later of:

(A) the executive attaining the executive's Earliest Retirement Date (as defined in the Yellow Pension Plan); and

(B) the earlier of:

(1) the executive's termination of employment; and

(2) a specified payment date elected by the executive.

Table of Contents

Notwithstanding the above, if the present value of the executive's SEPP benefit amount is less than or equal to \$10,000, the benefit is payable only as a single lump sum. In addition, if a Change of Control (described below) occurs, the present value of the executive's SEPP benefit amount will be actuarially reduced and paid in a lump sum within 30 days following the Change of Control.

Benefits are payable under the SEPP if an executive's benefit under the Yellow Pension Plan has been limited under Sections 401(a)(17) (with respect to annual compensation) and 415 (with respect to benefits) of the Code. To determine the amount of a SEPP benefit, if any, the benefit under the Yellow Pension Plan is calculated without regard to the Code Sections 401(a)(17) or 415 limits, less the amount of the benefit actually payable under the Yellow Pension Plan. The compensation used to determine the benefit is the compensation used in determining the benefit under the Yellow Pension Plan and is essentially the compensation reported for federal income tax purposes (i.e., includes salary and annual incentive compensation and excludes fringe benefits). Effective July 1, 2008, benefit accruals under the SEPP were frozen.

Michael Smid Supplemental Retirement Agreement. The Company entered into a non-competition agreement with Mr. Smid pursuant to which Mr. Smid agreed to certain non-competition, non-solicitation, confidentiality and non-disparagement provisions in exchange for certain increases in his accrued benefit under the SEPP. See *Compensation Discussion and Analysis - Summary of Compensation Components - Non-Competition, Non-Solicitation, Non-Disparagement and Confidentiality Agreements - Michael J. Smid Agreement*.

William Zollars Supplemental Retirement Arrangement. Mr. Zollars' employment agreement provides a non-qualified, supplemental retirement benefit. As with the Company's other executives, this benefit supplements Mr. Zollars' qualified pension plan benefit above the statutory limitation on Company contributions to the Company's qualified defined pension plan, and the Company may or may not fund its obligations with respect to Mr. Zollars' non-qualified, supplemental retirement benefit in advance of his retirement. Mr. Zollars is considered an unsecured, general creditor of the Company with respect to the Company's obligations for the payment of his non-qualified, supplemental retirement benefit. Mr. Zollars' supplemental retirement benefit is determined by calculating the net present value of his benefit under the Yellow Pension Plan, assuming no Code limitations, normal retirement age, a single life annuity payment over the life of Mr. Zollars or his spouse, his actual years of credited service plus 16 additional years credited service, and his compensation as defined in the Yellow Pension Plan (i.e., including salary and bonus and excluding fringe benefits), less the net present value of the actual benefit payable to Mr. Zollars under the Yellow Pension Plan. Effective July 1, 2008, the supplemental retirement benefit accruals to which Mr. Zollars is entitled were frozen. Under the terms of Mr. Zollars' Employment Agreement (as amended by the Letter Agreement), the Company will pay the present value of his non-qualified contractual benefit, actuarially reduced, in a lump sum to Mr. Zollars upon (1) a Change of Control (as defined in his executive severance agreement), (2) his retirement pursuant to the Letter Agreement, (3) his death or disability or (4) his termination for Cause (as defined in his Employment Agreement) or his resignation without Good Reason (as defined in his Employment Agreement). The Moody's corporate bond rate is the rate that the Company uses for calculating the lump sum non-qualified retirement benefit of other designated executives.

Payments based on a termination of employment under any of the foregoing plans are paid six months following the termination of employment. For the definition of "Change of Control" used in the Company's plans and severance arrangements described above, see *Potential Payments upon Termination or Change of Control*.

Table of Contents

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

The following narrative and table, together with the other information in this Form 10-K/A, describe the potential payments and benefits under our written agreements and compensation and benefit plans and arrangements to which our named executive officers (other than Ms. Taylor and Mr. Churay) would be entitled upon termination of employment or a change of control. No information is provided in the narrative or table for Ms. Taylor because she resigned as of March 31, 2011. See *Compensation Discussion and Analysis Summary of Compensation Components Non-Competition, Non-Solicitation, Non-Disparagement and Confidentiality Agreements Sheila K. Taylor, Michael J. Naatz, James G. Kissinger and Daniel J. Churay Agreements* for a description of the compensation and benefits payable to Ms. Taylor in connection with her resignation. She is not entitled to any additional payments or benefits. No information is provided in the narrative or table for Mr. Churay because he resigned prior to December 31, 2010, and he did not receive any severance payments or other benefits and forfeited all of his unvested equity awards.

The amounts discussed in the narratives and shown in the table below also do not include payments and benefits to the extent they are provided on a non-discriminatory basis to eligible salaried employees upon termination of employment, including accrued salary and vacation pay and distribution of balances under our 401(k) plan. The amounts also exclude payment of accrued amounts pursuant to the terms of our pension plans, and contractual supplemental retirement benefits, which are described under *Pension Benefits* above.

Executive Severance Agreements

The Company has entered into executive severance agreements with each of our named executive officers currently employed by the Company. As described below, certain provisions of Mr. Zollars' agreement are different than the other named executive officers.

Under the executive severance agreements, payments may be due to an executive if, after or in connection with a Change of Control transaction:

the executive's employment is terminated for any reason other than death, permanent disability, retirement at or after the executive's normal retirement age or cause, either within the two-year period after the Change of Control or within the period between the initiation and culmination of the Change of Control transaction; or

the executive resigns within two years after a Change of Control due to an adverse change in title, authority or duties, a transfer to a new location, a substantial increase in travel time, a reduction in salary, or a reduction in fringe benefits or annual bonus below a level consistent with the Company's practice prior to the Change of Control.

If one of the foregoing events occurs, the executive severance agreements provide that the executive shall be entitled to:

the executive's normal compensation and benefits through the date of termination and the executive's annual incentive earned for the year of termination based on the actual achievement of predetermined criteria and paid at the same time annual incentives are paid to similarly situated employees;

a lump sum cash amount equal to two times the executive's current base salary and target annual incentive for the year of termination (or, if no target annual incentive has been established, a specified percentage of base salary, which percentage at December 31, 2010 was as follows: 150% Mr. Zollars; 75% Mr. Smid; 55% Mr. Naatz; and 50% Messrs. Kissinger and Gaines), or such other percentage as the Compensation Committee determines in its sole discretion); and

benefits substantially similar to the benefits the executive would have received had he or she remained employed (including health and welfare plan benefits, disability benefits, and perquisite plans and programs, but not contributions to defined contribution or defined benefit plans) for a period of two years.

Severance benefits are also subject to a gross-up provision if it is determined that the benefits the executive severance agreements provide are subject to the excise tax that Section 4999 of the Code imposes. Further, in the event of a Change of Control, all options to acquire Company shares, all shares of restricted Company stock, all performance or restricted share units and any other equity or phantom grants and awards

would become immediately vested, exercisable and non-forfeitable and all conditions of any

Table of Contents

grant or award would be deemed to be satisfied. The executive severance agreements also require the named executive officers to keep information relating to the business of the Company that comes into his or her possession during employment confidential, not to use such information for his or her benefit and not to aid any other person in the use of such information in competition with the Company.

In addition, in the event of a Change of Control, regardless of whether Mr. Zollars' employment is terminated, Mr. Zollars is entitled to receive his supplemental retirement benefit provided in his Employment Agreement within 30 days of the Change of Control, subject to actuarial reductions for early payment.

A termination is for cause if it is:

the result of a conviction of a felony involving moral turpitude by a court of competent jurisdiction, which is no longer subject to direct appeal;

conduct that is materially and demonstrably injurious to the Company; or

the executive's willful engagement in one or more acts of dishonesty resulting in material personal gain to the executive at the Company's expense.

Change of Control for the purpose of these executive severance agreements shall be deemed to have taken place if:

a third person, including a group as defined in Section 13(d)(3) of the Exchange Act, purchases or otherwise acquires shares of the Company after the date of the agreement that, together with stock held by such person or group, constitutes more than 50% of the total fair market value or total voting power of the stock of the Company;

a third person, including a group as defined in Section 13(d)(3) of the Exchange Act purchases or otherwise acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or group) shares of the Company after the date of the agreement and as a result thereof becomes the beneficial owner of shares of the Company having 35% or more of the total number of votes that may be cast for election of directors of the Company; or

as the result of, or in connection with any cash tender or exchange offer, merger or other Business Combination, or contested election, or any combination of the foregoing transactions, the Continuing Directors shall cease to constitute a majority of the Board of the Company or any successor to the Company during any 12-month period.

Business Combination means a Business Combination as that term is referred to in the Certificate of Incorporation of the Company, as amended.

Continuing Director means a director of the Company who meets the definition of Continuing Director contained in the Certificate of Incorporation of the Company, as amended.

In calculating the payments to be made and the benefits to be provided to each named executive officer under the executive severance agreement in the table below, we made the following assumptions:

the change of control transaction qualifies as a change of control under Section 280G of the Code;

Edgar Filing: YRC Worldwide Inc. - Form 10-K/A

under Section 280G of the Code, only Mr. Naatz has been determined to be a disqualified individual, and as such is entitled to the gross-up and excise tax payments;

Mr. Zollars would receive payout under his Employment Agreement rather than his executive severance agreement in the event of a Change of Control; and

a stock price of \$3.72, the per share closing price of the Company's common stock on December 31, 2010.

Zollars Employment Agreement

As described above under *Zollars Employment Agreement*, the Company and Mr. Zollars have entered into an Employment Agreement that provides him with benefits in connection with certain termination scenarios that are not addressed in his executive severance agreement. Under his Employment Agreement, if the Company terminates Mr. Zollars' employment other than for cause or Mr. Zollars resigns for good reason after or in connection with a Change of Control (as defined in the executive severance agreements) or if Mr. Zollars terminates his employment at any time within the three-month period beginning six months after a Change of Control (as defined in the executive severance agreements) he shall be entitled to the following:

a separation payment in an amount equal to three times his current base salary and target annual incentive for the year of termination;

benefits substantially similar to the benefits he would have received had he remained employed (including health and welfare benefits, but not pension, perquisite or long- or short-term disability benefits) for two years;

immediate vesting of all outstanding options and equity based awards; and

payment of his supplemental retirement benefits provided for in his Employment Agreement within 30 days of the Change of Control subject to actuarial reductions for early payment.

Mr. Zollars' severance benefits are also subject to a gross-up provision if it is determined that the benefits described above are subject to the excise tax that Section 4999 of the Code imposes. If Mr. Zollars is entitled to benefits under the scenarios described above, he is required to elect to receive payments under his Employment Agreement or his executive severance agreement. He is not entitled to receive payments under both. Further, if Mr. Zollars is otherwise eligible to receive benefits under his executive severance agreement, he is not entitled to benefits under the Employment Agreement.

Mr. Zollars' Employment Agreement also provides that if he dies, becomes permanently disabled, is terminated for cause or resigns without good reason, in addition to the payment of normal compensation and benefits through the date of termination and, in the case of death or disability, the payment of his annual incentive for the year of termination based on the actual achievement of pre-determined criteria, he is entitled to payment of his supplemental retirement benefit, subject to actuarial reduction, provided for in his Employment Agreement within 30 days of the date of termination in the event of death or disability or 30 days following the six-month anniversary of the date of his termination in the event of a termination for cause or resignation without good reason. In addition, in the event Mr. Zollars terminates his employment for any reason other than good reason, death or disability, his vested options are exercisable for 90 days after his termination. For the purposes of his Employment Agreement, cause means

Mr. Zollars willfully engaging in conduct that is materially and demonstrably injurious to the Company, or

Mr. Zollars willfully engaging in an act(s) of dishonesty resulting in material personal gain to Mr. Zollars at the expense of the Company.

Good reason for the purposes of the Employment Agreement means the occurrence, without Mr. Zollars' prior written consent, of any of the following:

he is assigned any duties inconsistent with his position, authorities, duties or other responsibilities set forth in the Employment Agreement;

Edgar Filing: YRC Worldwide Inc. - Form 10-K/A

his principal place of employment is relocated to a location more than 35 miles from Overland Park, Kansas;

his annual compensation opportunity, including annual and long -term incentive opportunity is significantly reduced; or

the Company materially breaches the Employment Agreement.

Mr. Zollars is also required to execute a release of any liabilities or obligations (excluding indemnification obligations) prior to receiving any payments upon termination, other than unpaid salary and bonus, if any, supplemental retirement benefits and benefits under other employee benefit plans, and is bound by the confidentiality, non-competition and non-solicitation provisions, described above under *Zollars Employment Agreement*.

In addition, upon Mr. Zollars' retirement as contemplated by the Letter Agreement, Mr. Zollars is entitled only to his supplemental retirement benefit provided in his Employment Agreement within 30 days following the six-month anniversary of his

retirement. No other termination or severance benefits under his Employment Agreement or his executive severance agreement are payable.

Executive Severance Policy

In addition to the executive severance agreements, we have implemented an executive severance policy for certain senior executives if (i) the executive's employment is terminated as a result of the elimination of the executive's position, a restructuring of the Company or a reduction in work force, (ii) the executive is terminated without cause or (iii) the executive terminates his or her employment for good reason. This policy applies to each of the named executive officers currently employed by the Company, except Mr. Zollars who has a written employment contract that provides for severance benefits. If any of the foregoing events occurs, the severance policy provides that the executive shall be entitled to:

a severance payment equivalent to two times the executive's current annual salary, payable in semi-monthly installments for 24 months;

outplacement services consisting of an 18-month program with a value of up to \$10,000;

provision of COBRA continuation benefits at the Company's expense for up to two years, with an earlier termination if the executive becomes eligible for health plan coverage following new employment; and

payment of the executive's annual incentive if the executive is terminated after the end of the calendar year but before the annual incentive payments are distributed, with the assumption made that all personal performance targets or goals were met.

After termination of employment, the executive will not be entitled to participate in any of the Company's other benefits, including pension, 401(k), disability, perquisite, employee assistance, equity participation and other plans. If the executive is terminated before the end of the calendar year, no partial annual incentive payments will be made for the partial year.

The applicable stock option agreement and plan will govern any outstanding stock options at the time of termination of employment, and options will continue to vest until severance payment installments end, except that if the executive engages in a prohibited activity during the two-year period after termination of employment, then the executive will forfeit the right to any further vesting of the executive's options and the executive will not receive any undelivered shares upon the exercise of any vested options. The applicable restricted share unit or stock award agreement and equity plan will govern any restricted share units and stock awards at the time of termination of employment and awards will continue to vest until severance payment installments end, except that if the executive engages in a prohibited activity during the two-year period after termination of employment, the executive shall forfeit the right to any further vesting of the awards and the executive will not receive any undelivered shares of Company common stock upon the lapse of any applicable restrictions.

For purposes of determining whether an executive is entitled to receive severance benefits under this policy:

cause means the executive's willful engagement in conduct materially and demonstrably injurious to the property or business of the Company, including fraud, misappropriation of funds or other property of the Company, other willful misconduct, gross negligence or conviction of a felony; and

good reason means:

the relocation of the executive's principal place of performance of the executive's duties and responsibilities (employment domicile) to a location more than 50 miles from the executive's current employment domicile;

Edgar Filing: YRC Worldwide Inc. - Form 10-K/A

requiring the executive to travel 15% more than the executive traveled for the business of the Company in the preceding 12 months (counting each day or partial day of travel outside of the 100 mile radius of the executive's current employment domicile as a travel day); or

a reduction in the executive's base salary, bonus opportunity or long-term incentive opportunity other than reductions that are applicable to all similarly situated executives.

For purposes of the foregoing, a prohibited activity is deemed to have occurred if the executive:

divulges any non-public, confidential or proprietary information of the Company, but excluding any information that becomes generally available to the public other than as a result of the executive's disclosure and information that becomes available to the executive on a non-confidential basis after the executive's termination of employment;

directly or indirectly consults or becomes affiliated with, engages in business or becomes employed by a competitor of the Company or any of the Company's subsidiaries or affiliates (the Company Group), but excluding (i) ownership of up to 5% of the stock of a business registered under the Exchange Act so long as the executive does not actively participate in the business during the two-year period after termination and (ii) employment with a professional firm that provides advice to competitors of the Company so long as the executive does not personally provide this advice; or

directly or indirectly, does any of the following without the written consent of the Company:

solicits, from any customer doing business with the Company Group that is known to the executive, business of the same or of a similar nature to the business of the Company Group with the customer;

solicits, from any potential customer of the Company Group that is known to the executive, business of the same or of a similar nature to that which has been the subject of a known written or oral bid, offer or proposal by the Company Group, to the potential customer, or of substantial preparation with a view to making such a bid, proposal or offer to such potential customer;

solicits the employment or services of any person who the executive knew was employed by the Company Group; or

otherwise knowingly interferes in any material respect with the business or accounts of the Company Group.

An executive shall be disqualified from receiving severance benefits under this policy if he or she:

is terminated for cause;

dies, retires prior to termination, resigns prior to termination, or suffers a permanent disability prior to termination;

receives severance benefits under the executive severance agreement; or

revokes the separation agreement and general release (discussed below).

In exchange for the severance benefits, each executive must execute a separation agreement that includes (i) a full release of the Company from any liabilities or obligations (excluding accrued and vested pension and compensation obligations, the obligations under the executive severance policy and any indemnification to which the executive is entitled), (ii) an agreement to cooperate with the Company in legal proceedings and investigations, (iii) a confidentiality agreement with respect to the Company's confidential information, (iv) an agreement not to engage in a prohibited activity during the two-year period after termination, and (v) an agreement to settle issues with respect to the separation agreement through arbitration.

The separation agreement provides that if the executive engages in a prohibited activity in the first six months after termination, the Company may sue the executive for return of severance payments and seek an injunction against such activities during the first six months after termination. Thereafter, the Company may discontinue severance benefits (other than those required by applicable law such as COBRA).

Edgar Filing: YRC Worldwide Inc. - Form 10-K/A

The Compensation Committee of the Board may amend or terminate this policy; provided, that any amendment that is detrimental to the interests of an executive at the time of the amendment or any termination with respect to an executive shall only be effective 24 months from the date of the Compensation Committee's action to amend or terminate.

Smid Agreement

Pursuant to the Smid Agreement, in exchange for certain non-competition, non-solicitation, confidentiality and non-disparagement provisions, Mr. Smid is entitled to certain increases in his accrued benefit under the SEPP if he is terminated without Cause (as defined in the Smid Agreement) prior to April 7, 2013, or if he dies or becomes disabled while employed prior to April 7,

Gaines Agreement

On March 28, 2011, the Company and Phil J. Gaines entered into an agreement (the "Gaines Amendment") regarding Mr. Gaines' new role as Senior Vice President and Chief Financial Officer of YRC Inc. The Gaines Amendment sets forth modifications to the executive severance agreement with Mr. Gaines and the Company's executive severance policy as it applies to Mr. Gaines. Mr. Gaines received a cash payment equal to \$229,500 on April 1, 2011, in connection with his assumption of this new role (the "April Payment"). In the event Mr. Gaines voluntarily leaves the Company prior to December 31, 2011, he will forfeit any severance benefits normally available under the executive severance policy, but will retain the April Payment. If (A) Mr. Gaines is involuntarily terminated prior to March 31, 2012 as a result of elimination of his position, a restructuring of the Company or a reduction in force, or he is involuntarily terminated without cause (as defined in the executive severance policy) or (B) Mr. Gaines voluntarily leaves the Company after December 31, 2011 but prior to March 31, 2012, then, in each case, Mr. Gaines will be eligible to receive severance benefits under the executive severance policy, except that Mr. Gaines' cash severance payments would be limited to \$382,500 (payable over 15 months from his termination date). If a Change of Control (as defined in the executive severance agreement) occurs prior to March 31, 2012 and Mr. Gaines voluntarily leaves the Company within 90 days of the close of such transaction, then Mr. Gaines will be eligible to receive severance benefits under his executive severance agreement, except that Mr. Gaines' cash severance payments would be reduced by the April Payment. If Mr. Gaines remains employed by the Company after March 31, 2012, he will be eligible for benefits under his executive severance agreement and the Company's executive severance policy then in effect without any of the modifications set forth in the Gaines Amendment.

Restricted Stock and Restricted Share Unit Award Agreements

Our named executive officers currently employed by the Company are parties to restricted stock award agreements and/or restricted share unit award agreements. These agreements provide that if a named executive officer's employment terminates prior to the vesting of the restricted stock or restricted share unit, as applicable, due to the executive's death, disability or retirement at or after age 65, all of the unvested equity will immediately vest. If an executive retires at or after age 55 and the executive's age plus his years of service equals at least 75, then the restricted stock and restricted share units will continue to vest in accordance with their terms as if the executive had remained employed by the Company until he reaches age 65, at which time the stock will become fully vested. If, however, the executive divulges confidential information about the Company, solicits employees of the Company, or competes with the Company after retirement but prior to the time his equity is vested, all unvested equity will be forfeited. If the executive is terminated and is entitled to benefits under the executive severance policy described above, then the restricted share units and restricted stock awards will vest in accordance with such policy. If the executive's employment is terminated for any reason other than death, disability or retirement and if the executive severance policy does not apply, all unvested stock awards will be forfeited, but the Company in its sole discretion may immediately vest any stock award or permit the continued vesting after termination. In addition, upon a change of control (as defined in the executive severance agreements described above), all unvested restricted stock and restricted share units will immediately vest.

Option Award Agreements

Each of our named executive officers received an option grant in May 2008. The award agreement for these grants provides that if a named executive officer's employment terminates due to death or disability, all unvested options become fully vested and exercisable for one year after the executive's death or permanent disability. If the executive retires at or after age 65, the option becomes fully vested and exercisable until the option expires. If the executive retires at or after age 55 and the executive's age plus years of service equals at least 75, then the option will continue to vest and become exercisable as if the executive had remained employed by the Company and will become fully vested at age 65 and will remain exercisable until the option expires. If, however, the executive divulges confidential information about the Company, solicits employees of the Company, or competes with the Company after retirement but before the option is exercised, then all unvested options will be forfeited and the right to exercise any vested option shall terminate. If the executive is terminated and is entitled to benefits under the executive severance policy described above, then the options will vest and become exercisable in accordance with such policy. If the employment of any executive (other than Mr. Zollars whose option vesting is governed by the terms of his Employment Agreement described above) is terminated for any reason other than death, disability or retirement and if the executive severance policy does not apply, all unvested options will be forfeited and all vested options must be exercised within 90 days of termination, but the Company in its sole discretion may immediately vest, or permit the continued vesting of, any option and may permit the exercise of any option prior to its expiration. In addition, upon a change of control (as defined in the executive severance agreements described above), all unvested options become fully vested and all options are exercisable until the expiration of the option.

Table of Contents**POTENTIAL PAYMENTS UPON CERTAIN TRIGGERING EVENTS**

The following table provides estimates of the value of payments and benefits that would become payable or accrue to our named executive officers as of December 31, 2010 under the scenarios described below, in each case based on the assumptions described in the footnotes to the tables. No information is provided in this table for Ms. Taylor because she resigned as of March 31, 2011. See *Compensation Discussion and Analysis Summary of Compensation Components Non-Competition, Non-Solicitation, Non-Disparagement and Confidentiality Agreements Sheila K. Taylor, Michael J. Naatz, James G. Kissinger and Daniel J. Churay Agreements* for a description of the compensation and benefits payable to Ms. Taylor in connection with her resignation. She is not entitled to any additional payments or benefits. No information is provided in this table for Mr. Churay because he resigned prior to December 31, 2010, and he did not receive any severance payments or other benefits and forfeited all of his unvested equity awards.

The amounts also exclude payment of accrued amounts pursuant to our pension plans and contractual supplemental retirement benefits, which are described under *Pension Benefits*.
- (2) If a named executive officer (other than Mr. Zollars) is terminated for any reason other than death, disability or retirement and if he or she is not entitled to benefits under an executive severance agreement or the executive severance policy, absent special determination from the Company with respect to equity awards, he or she will not be entitled to any special or accelerated benefits, but will be entitled to receive various payouts and benefits that vested prior to the termination date.

- share units will vest upon a change of control or death or disability of the holder of the award. On December 31, 2010, the closing price of the Company's common stock was \$3.72.
- (4) Under the executive severance agreements, these payments are only made if the executive is terminated without cause either within the two-year period after a Change of Control (as defined in the executive severance agreements) or within the period between the initiation and culmination of a Change of Control or the executive resigns within two years after a Change of Control for certain specified reasons. See *Executive Severance Agreements* above.
- (5) In accordance with the executive severance agreements, amounts represent a one-time lump sum payment equal to two times the sum of (a) the named executive officer's base salary at December 31, 2010, and (b) a specified percentage of the named executive officer's base salary, which percentage at December 31, 2010 was as follows: (150% Mr. Zollars; 75% Mr. Smid; 55% Mr. Naatz; and 50% Messrs. Kissinger and Gaines).
- (6) Amounts represent the value of benefits and perquisites continuation for 24 months (assuming no executive obtains a physical).

- (7) If, as a result of his resignation or termination after a Change of Control, Mr. Zollars is entitled to benefits under both his Employment Agreement and his executive severance agreement, he must elect to receive payment pursuant to one of the agreements; he is not entitled to payments under both. Further, if Mr. Zollars is otherwise eligible to receive benefits under his executive severance agreement, he is not entitled to benefits under his Employment Agreement.
- (8) In accordance with Mr. Zollars' Employment Agreement, this amount represents the value of continuation of benefits (other than long- and short-term disability and perquisites) for 24 months.
- (9) In accordance with the terms of applicable restricted stock and restricted share unit award agreements, restricted stock and restricted share units will continue to vest until normal retirement age is reached. This amount reflects the value as of December 31, 2010 of all unvested shares of restricted stock and restricted share units that would vest upon retirement.
- (10) Under the executive severance policy, these payments are only made if (i) the executive's employment is terminated as a result of the elimination of the executive's position, a restructure of the Company or a reduction in work force; (ii) the executive is terminated without cause or (iii) the executive terminates his or her employment for good reason. See *Executive Severance Policy* above.

- (12) In accordance with the executive severance policy, restricted stock and restricted share units will continue to vest for 24 months. This amount reflects value as of December 31, 2010 of all unvested shares of restricted stock and restricted share units that could vest within 24 months of December 31, 2010.
- (13) In accordance with the executive severance policy, this amount represents the value of COBRA continuation benefits for up to two years and outplacement services consisting of an 18-month program with a value of up to \$10,000.
- (14) Pursuant to the Smid Agreement, if Mr. Smid had died or become disabled on December 31, 2010, he would have been entitled to an additional \$374,000 over the amounts shown in the Pension Benefits table. Table of Contents**DIRECTOR COMPENSATION**

The table below sets forth compensation information for our outside directors for the fiscal year ended December 31, 2010. On December 31, 2009, we completed an exchange offer converting approximately \$470 million in aggregate principal amount of debt into equity. As part of this exchange offer, eight of our nine directors were required to resign and were replaced with seven individuals selected or approved by representatives of the former note holders in May 2010, and one individual nominated by the Teamsters in June 2010. Two individuals selected or approved by the former note holders, Messrs. Foster and Trubeck, were existing board members. All current Board members, other than Ms. Ghilarducci, were elected at our 2010 Annual Meeting of Stockholders. Ms. Ghilarducci was appointed to our Board on June 29, 2010 as a nominee of the Teamsters in connection with the resignation of Mr. Vogt. As required by applicable SEC rules, the disclosure provided by this section covers all persons who at any time served as an outside director of the Company during 2010.

Table of Contents

Our Director Compensation Plan sets forth the compensation our outside directors are eligible to receive for their service on the Board for the period of time between each annual stockholders meeting (the annual cycle). An outside director is a director that is not an employee of the Company.

Pursuant to our Director Compensation Plan, our outside directors are eligible to receive the following annual compensation:

a retainer for Board services of \$50,000 and a retainer for service as a chairperson of a committee (committee members do not receive retainers) as follows: Governance Committee - \$5,000; Finance Committee - \$5,000; Pension and Benefits Strategy Committee - \$5,000; Compensation Committee - \$7,500; and Audit/Ethics Committee - \$10,000. A minimum of 50% of the retainer fees are typically paid in Company common stock, with the stock award determined annually on the date of the Board meeting immediately following our annual meeting of stockholders based on the closing price of our common stock on that date. Directors have the option of receiving up to 100% of the retainer fees in Company common stock and may elect to defer receipt of all of their retainer fees received in common stock. Directors that are elected during the year receive all of their pro-rated retainer fees for the year of election in cash;

an attendance fee of \$1,500 for each Board meeting and \$1,500 for each committee meeting attended. Directors may elect to defer all of their meeting fees;

reimbursement of costs or expenses incurred in relation to Board and committee meetings; and

a grant of restricted share units equivalent in value to \$77,500 based on the reported closing price of our common stock on the date of grant. These restricted share units vest in one-third increments on the anniversary of the grant date, which is the date of the Board meeting immediately following our annual meeting of stockholders, and are issued the restricted share units from our Equity Plan.

In conjunction with the continuation of the reduction in employee wages and salaries in 2010 (described in more detail above in *Compensation Discussion and Analysis*), for the 2010-2011 annual cycle, our Board voluntarily continued the fee reduction implemented in 2009 and reduced by 10% all fees for regular Board and committee meetings attended and all cash retainer fees, including annual retainers and retainers for service as chairperson of Board committees. The Board also continued to waive all fees for telephonic special meetings of the Board and the Audit/Ethics, Compensation and Governance Committees in 2010. As noted below, in April 2011, fees for telephonic special meetings of the Board and these committees were reinstated.

At a Board meeting on June 29, 2010, for the 2010-2011 annual cycle, the Board decided to pay the annual and committee chairperson retainer fees 100% in cash instead of 50% in cash and 50% in shares of Company common stock. In addition, given the Company's ongoing restructuring efforts, the Board initially delayed until December the annual restricted share unit grant for the 2010-2011 annual cycle, and then gave it further consideration in April 2011, as noted below.

In April 2011, the Compensation Committee with the assistance of the Consultant, reviewed the directors' compensation. The Consultant advised that the following modifications to the amount and structure of the Board's compensation were reasonable and that, as modified, the Board's compensation would still be below the competitive market median. Based on the recommendation of the Compensation Committee and the Consultant's advice, the Board approved the following modifications to Board compensation:

the 2011-2012 annual cycle will begin on May 11, 2011, which is the one-year anniversary of the appointment of a majority of the members of the Board;

continuation of the 10% reduction implemented in 2009 of all fees for Board and committee meetings and all cash retainer fees for the 2011-2012 annual cycle;

Edgar Filing: YRC Worldwide Inc. - Form 10-K/A

for the 2011-2012 annual cycle, continuing to pay the annual and committee chairperson retainer fees 100% in cash;

reinstatement of meeting fees for telephonic special meetings of the Board and the Audit/Ethics, Compensation and Governance committees of the Board, consistent with the Director Compensation Plan;

payment of compensation in the amount of \$80,000 in cash for the 2010-2011 annual cycle (paid in April 2011), and \$80,000 in cash for the 2011-2012 annual cycle to be paid at the beginning of the 2011-2012 annual cycle; and

Table of Contents

no annual restricted share unit grant for the 2010-2011 or the 2011-2012 annual cycle. The Board anticipates reviewing Board compensation upon completion of the Company's restructuring and in all events prior to the 2012-2013 annual cycle.

Prior to 2009, our outside directors were subject to the equity ownership requirement set forth in our Director Compensation Plan, which required our outside directors to own shares of Company common stock or restricted share units equal in value to three times the annual board retainer. Due to the severe economic recession, the Company's operating results, the issuance of almost one billion shares of common stock in connection with our debt-for-equity exchange offer completed in 2009 and the subsequent 1-for-25 reverse split of our common stock, the price per share of our common stock has been dramatically lower than when the equity ownership requirement was established. Therefore, the Board has suspended the equity ownership requirement. The Board is committed to the continued alignment of our director compensation practices and our stockholders interests and anticipates reviewing the equity ownership requirement upon completion of the Company's restructuring and in all events prior to the 2012-2013 annual cycle.

Lamar Agreement

On November 8, 2010, we entered into a one-year letter agreement with John A. Lamar pursuant to which he is acting as our chief restructuring officer. As chief restructuring officer, Mr. Lamar reports directly to the Board and is responsible for, among other things, overseeing strategy, operations and restructuring efforts in our effort to achieve short- and long-term viability and business recovery. In exchange for these services and in addition to fees received as a director, Mr. Lamar receives \$80,000 per month, plus reimbursement of travel and other business expenses and is eligible for a \$500,000 success fee payable at the end of the one-year term based on the achievement of specific objectives and business results determined by the Board.

Relationship with Trubeck

On March 7, 2011, we announced the appointment of William L. Trubeck as our Interim Executive Vice President and Chief Financial Officer effective as of March 31, 2011. From March 7, 2011 through March 31, 2011, Mr. Trubeck provided certain consulting services in his role as a director to provide for an orderly transition of the chief financial officer role at the Company. In exchange for these services and in addition to fees received as a director, Mr. Trubeck receives \$50,000 per month, plus reimbursement of travel and other business expenses.

Byrnes Agreement

On May 11, 2010, we entered into a consulting agreement with Michael T. Byrnes pursuant to which he is advising us regarding our operations in China and other Asian countries and is serving as a director of our China joint ventures, JHJ International Transportation Co., Ltd. and Shanghai Jiayu Logistics Co, Ltd. In exchange for these services, Mr. Byrnes receives \$6,700 per month, plus reimbursement of travel and other business expenses. The consulting agreement can be terminated by either party upon 30 days prior written notice. The consulting agreement also imposes certain confidentiality, non-disparagement obligations on Mr. Byrnes and requires the Company to indemnify Mr. Byrnes to the maximum extent permitted by Delaware law from certain litigation damages and costs. In addition, so long as Mr. Byrnes is a director of JHJ International Transportation Co., Ltd. or Shanghai Jiayu Logistics Co., Ltd., the Company is required to cover Mr. Byrnes under any directors and officers' liability insurance maintained by the Company to the maximum extent of the coverage available for any director or officer of the Company.

Item 13. Certain Relationships and Related Transactions, and Directors Independence.**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

Agreements with Alvarez & Marsal. On August 20, 2009, the Company entered into a letter agreement (the Initial Letter Agreement) with Alvarez & Marsal North America, LLC (A&M) that replaced a December 2008 letter agreement between the Company and A&M. Pursuant to the Initial Letter Agreement, Richard Williamson, a Managing Director of A&M, served as our Chief Strategy Officer, and additional A&M personnel provided services as set forth in the Initial Letter Agreement. Mr. Williamson and the additional personnel agreed to, among other things, assist our CEO in the development of restructuring plans and strategic alternatives, generate plans to improve liquidity, and identify and drive accountability for possible cost reduction and operations improvement opportunities. Mr. Williamson reported directly to the Finance Committee of the Board of Directors. The Company agreed to pay A&M \$690.00 per hour for Mr. Williamson's services and to pay A&M \$225.00 to \$775.00 per hour with respect to the services provided by the additional personnel. In addition, the Company agreed to pay A&M for reasonable out of pocket expenses. During 2010, the Company paid A&M approximately \$6.4 million for the services of Mr. Williamson and the additional personnel. Pursuant to an amendment to the Initial Letter Agreement, the Company also agreed to pay A&M an incentive fee equal to \$3.0 million related to the Company's completion of the debt-for-equity exchange in December 2009, \$1.0 million of which was paid in 2009 and \$2.0 million of which was paid on April 1, 2010. As of December 31, 2010, Mr. Williamson no longer serves as our Chief Strategy Officer.

On February 15, 2011, the Company entered into another letter agreement with A&M, effective as of December 31, 2010 (the Second Letter Agreement) that terminated the Initial Letter Agreement other than provisions dealing primarily with confidentiality and indemnification obligations. Pursuant to the Second Letter Agreement, A&M agreed to provide the Company with services in connection with our efforts to restructure our existing credit agreements. Representatives of A&M report directly to the Board of Directors and the Chief Executive Officer. The Company agreed to pay A&M \$225.00 to \$775.00 per hour for the services of its personnel provided under the Second Letter Agreement plus reimbursement for reasonable out of pocket expenses. Since December 31, 2010, the Company has paid A&M approximately \$2.0 million. In addition, the Second Letter Agreement provided for A&M to retain the \$300,000 retainer paid under the Initial Letter Agreement, which will be credited against any amounts due at the termination of the Second Letter Agreement and returned upon the satisfaction of all obligations under the Second Letter Agreement. The Second Letter Agreement may be terminated by either party by giving 30 days written notice.

Under the Initial Letter Agreement, the Company is required to indemnify Mr. Williamson to the same extent as the most favorable indemnification it extends to its officers and directors. The Company is also required to cover Mr. Williamson as an officer under its existing director and officer insurance policy and maintain such insurance for at least two years after the termination of the Initial Letter Agreement. The Company has also agreed to indemnify A&M from all liabilities related to A&M's services under the Initial Letter Agreement and Second Letter Agreement, unless such liabilities resulted primarily from A&M's gross negligence or willful misconduct. In connection with both the Initial Letter Agreement and the Second Letter Agreement Mr. Williamson and the additional personnel are independently compensated pursuant to arrangements with A&M, over which the Company has no control, and they will not receive any compensation directly from the Company or

Edgar Filing: YRC Worldwide Inc. - Form 10-K/A

participate in any of the Company's employee benefits.

Other Related Party Agreements. The Company has entered into agreements with John A. Lamar, a current director, William L. Trubeck, a current director, and Michael T. Byrnes, a former director, pursuant to which each is providing services to the Company. A description of those agreements is set forth under the headings *Director Compensation - Lamar Agreement*, *Director Compensation - Relationship with Trubeck*, and *Director Compensation - Byrnes Agreement*, respectively, which descriptions are incorporated into this Item 13 by reference. Mr. Zollars son-in-law is employed in the marketing area, with no direct reporting relationship to him, and his total compensation for 2010 was less than \$135,000.

Code of Conduct. The Company's Code of Conduct (available on the Company's website at www.yrcw.com) contains conflict of interest procedures that require referral of any potential conflict to the Company's General Counsel. The General Counsel will then report his findings and recommendations to the appropriate senior officer or supervisor, who will then determine, in conjunction with the General Counsel, the appropriate action to be taken. The Code of Conduct strongly recommends that Company officers and employees disclose the potential conflict prior to taking any action. Pursuant to the Company's Code of Conduct, the Audit/Ethics Committee reviews and approves any related party transactions involving any of the Company's executive officers and any member of the Board based on the facts and circumstances of the individual situation. The Code of Conduct did not require Audit/Ethics Committee approval of the transactions with A&M because Mr. Williamson was not an executive officer at the time the Company entered into the agreements. In addition, the entire Board approved the agreements with each of Messrs. Lamar, Trubeck and Byrnes due to the nature of the agreements, with each director abstaining on the vote with respect to his agreement. The Audit/Ethics Committee recently formally ratified the employment relationship with Mr. Zollars' son-in-law. For any conflicts of interest that do not involve a related party transaction, the Chief Executive Officer of the Company may seek approval of the potential conflict from the Chairman of the Audit/Ethics Committee. Any director seeking approval or waiver of a potential conflict of interest should recuse himself or herself from any decision on whether to approve an activity or waive the potential conflict. A related party transaction is defined in the Company's Code of Conduct as any transaction that would be required to be disclosed in the Company's Annual Report on Form 10-K pursuant to Item 404 of SEC Regulation S-K. Since the adoption of the Company's Code of Conduct in 2003, the Audit/Ethics Committee has not waived any potential conflict of interest.

Conflicts of interest are described generally in the Code of Conduct as situations in which either a director's, officer's or employee's personal involvement or financial affairs are, or may appear to be, in conflict with their responsibility to act in the best interest of the Company. A conflict of interest is considered to exist when an individual's personal involvement or financial affairs may adversely influence his or her judgment in the performance of his or her duty to the Company. Examples of potential conflicts of interest provided in the Code of Conduct are:

a director, officer or employee, directly or indirectly, or one of his or her immediate family members, owns or has a financial interest in another organization that is a competitor, customer, contractor or supplier of the Company;

a director, officer or employee, directly or indirectly, or one of his or her immediate family members, serves as a director, officer, employee, consultant or agent of an organization that is a competitor of the Company, or which does business with the Company as a supplier, customer, or contractor; and

a director, officer or employee, or one of his or her immediate family members, is a principal party to a transaction with the Company involving the rental or purchase of real estate, goods or services.

DIRECTOR INDEPENDENCE

The Board has affirmatively determined the independence of each current director and each person who served as a director at any time during 2010 (other than Messrs. Zollars, Lamar and Trubeck), in accordance with applicable law and the NASDAQ Stock Market rules. None of the independent directors had transactions, relationships or arrangements with the Company that the Board needed to consider in determining independence. Messrs. Lamar and Trubeck were affirmatively determined to be independent in 2010, but were subsequently determined to be non-independent when each became an executive officer of the Company. See *Director Compensation - Lamar Agreement* and *Director Compensation - Relationship with Trubeck*.

Table of Contents**Item 14. Principal Accounting Fees and Services.**

The Audit/Ethics Committee presents the following summary of all fees paid to KPMG LLP during 2010 and 2009:

	KPMG 2010	KPMG 2009
Audit fees (1)	\$ 2,900,413	\$ 3,811,230
Audit related fees (2)	0	36,263
Tax fees	0	0
All other fees	0	0
Total	\$ 2,900,413	\$ 3,847,493

(1) Audit fees represent fees for professional services provided in connection with the audit of our financial statements and the effectiveness of internal control over financial reporting, the review of our quarterly financial statements and audit services provided in connection with other statutory or regulatory filings.

(2) Audit-related fees consist primarily of consultations regarding accounting matters.

Pursuant to the Audit/Ethics Committee Charter, the Audit/Ethics Committee approves all audit and non-audit services provided by the Company's auditors. In addition, the chairman of the Audit/Ethics Committee is expressly authorized to approve the provision of non-audit services to the Company, provided that any approval by the chairman must be reported to the Audit/Ethics Committee at its next meeting. The latter express authority was established to handle approval of non-audit services prior to the engagement of the auditor or accountant before the next scheduled Audit/Ethics Committee meeting. The Audit/Ethics Committee approved all audit and audit-related fees incurred in 2010. None of the services provided by the Company's auditor were approved by the Audit/Ethics Committee pursuant to the exception set forth in paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X.

The Audit/Ethics Committee has considered and determined that the level of KPMG's fees for provision of services other than the audit and the quarterly review services is compatible with maintaining KPMG's independence.
