Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

The shareholders of Harley-Davidson, Inc. (the Company) approved the Harley-Davidson, Inc. Short-Term Incentive Plan for Senior Executives (the Plan) at the 2011 Annual Meeting of Shareholders held April 30, 2011 (the Annual Meeting). The Company will generally use the Plan to reward achievement of key annual goals and to enhance the ability of the Company and its affiliates to attract, motivate, reward and retain certain key employees, to strengthen their commitment to the Company, to promote near-term objectives of the Company, and to ensure annual incentive compensation can be tax deductible. The Company's principal executive officer, principal financial officer, other officers who are named executive officers for Securities and Exchange Commission purposes and other eligible persons may receive awards under the Plan from time to time in the future, subject to limitations in the Plan.

Under the Plan, the Human Resources Committee of the Board (the Human Resources Committee) is required to fix performance pool percentages for each participant prior to the commencement of each plan year (or such later date as may be determined by the Human Resources Committee). The total of the performance pool percentages for all participants for a plan year must be less than or equal to 100%. The Human Resources Committee will fix a performance pool percentage for each participant at the same time that it selects the eligible employee participants in the Plan. A participant's target award for the year is equal to his or her performance pool percentage multiplied by 3.5% of consolidated operating income of the Company before certain excluded items set forth in the Plan (the Performance Pool).

Following the end of each plan year, the Human Resources Committee will calculate the performance award amount for each participant. The Human Resources Committee may at any time prior to payment of the performance award, in its sole discretion, reduce the amount of any participant's performance award by up to 100% based on any objective or subjective factors it deems appropriate. Such reductions need not be uniform among participants. The Human Resources Committee may, but is not required to, give one or more reasons for any such reduction. The Human Resources Committee will not have the discretionary authority to increase the amount of any performance award above the amount determined in accordance with the terms of the Plan and a participant's award. Without limitation, a reduction in the amount of the performance award for one participant may not result in an increase in the amount of the performance award for another participant. The Human Resources Committee must affirmatively determine whether or not to reduce the amount of the performance award for each participant as soon as practicable following the end of each Plan Year. Under the Plan, no participant may receive more than \$6 million in any one plan year.

The Human Resources Committee, with final approval by the Nominating and Corporate Governance Committee as to the Company's Chief Executive Officer, approved Short-Term Incentive Plans (STIPs) that the Company refers to as Financial STIPs, which enable a participant to earn a payment based on quantifiable, objective factors, and a STIP that the Company refers to as a Leadership STIP, which enables a participant to earn a payment based on individual performance relative to key strategic imperatives and expected behaviors that are not necessarily easily quantifiable or objective, under the Plan for 2011, subject to receiving shareholder approval of the Plan. The Human Resources Committee will reduce the dollar amount that the Company calculates for each participant under the Plan for 2011 so that the resulting amount of annual incentive compensation that the Company actually pays to a participant for 2011 is the desired aggregate amount that the participant earned during the same year under the relevant Financial STIP and the Leadership STIP. The dollar values reflected in the table below show the range of aggregate potential payouts under the Financial STIPs and Leadership STIP for each of the named persons for 2011 without regard to the limits of the Plan. However, each participant will not be entitled to receive an amount exceeding the calculated dollar amount for such participant based on the amount representing such participant's portion of the Performance Pool, which is based on the percentage of the Performance Pool that has been fixed for that participant. The amount of the Performance Pool and, therefore, the calculated amount for such participant are not determinable at this time.
