FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 18, 2012**

INTRODUCTION

This Proxy Statement is furnished to the stockholders of IntercontinentalExchange, Inc. in connection with the solicitation of proxies by our Board of Directors to be voted at the 2012 Annual Meeting of Stockholders and at any adjournments thereof (the Annual Meeting). The Annual Meeting will be held at The Ritz Carlton Buckhead, 3434 Peachtree Road, NE, Atlanta, Georgia 30326 on Friday, May 18, 2012 at 8:30 a.m., local time. When used in this Proxy Statement, the terms we, us, our, IntercontinentalExchange and ICE refer to IntercontinentalExchange, Inc.

VOTING INSTRUCTIONS AND INFORMATION

Who can vote at the Annual Meeting?

The securities that can be voted at the Annual Meeting consist of our common stock, \$0.01 par value per share (the Common Stock). Each share of Common Stock entitles its holder to one vote on each matter submitted to the stockholders for approval. The holders of Common Stock will vote together as a single class on all matters presented to the stockholders for their vote or approval. The record date for determining the holders of Common Stock who are entitled to receive notice of and to vote at the Annual Meeting is March 20, 2012. On the record date, 72,741,803 shares of Common Stock were outstanding and eligible to be voted at the Annual Meeting.

What proposals will be voted on at the Annual Meeting?

There are three proposals to be considered and voted on at the meeting:

To elect eleven directors to serve until the next annual meeting of stockholders and until their successors are duly elected and qualified;

An advisory resolution on our executive compensation; and

Edgar Filing: INTERCONTINENTALEXCHANGE INC - Form DEF 14A

To ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012.

You may also vote on any other business that properly comes before the Annual Meeting.

How does the Board of Directors recommend I vote?

Our Board of Directors unanimously recommends that you vote:

FOR each of the nominees to the Board of Directors.

Table of Contents

FOR the executive compensation advisory vote.

FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012.

Who is a stockholder of record?

During the ten days prior to the Annual Meeting, a list of the stockholders of record as of March 20, 2012 will be available for inspection as described below under *How can I view the stockholders list?*.

If you hold Common Stock that is registered in your name on the records of ICE maintained by its transfer agent, Computershare Investor Services, you are a stockholder of record; or

If you hold Common Stock indirectly through a broker, bank or similar institution, you are not a stockholder of record, but instead hold in street name.

If you are a stockholder of record, these proxy materials are being sent to you directly. If you hold shares in street name, these materials are being sent to you by the bank, broker or similar institution through which you hold your shares.

How can I view the stockholders list?

A list of the stockholders entitled to vote at the Annual Meeting will be available for inspection upon request of any stockholder for a purpose germane to the meeting at our principal executive offices, 2100 RiverEdge Parkway, Suite 500, Atlanta, GA 30328, during ten days prior to the Annual Meeting, during ordinary business hours, and at the Annual Meeting. To make arrangements to review the list prior to the Annual Meeting, stockholders should contact our Investor Relations department at (770) 857-4700 or ir@theice.com.

You may submit your proxy with voting instructions in one of three ways:

You will be required to provide your assigned control number located on the proxy card. Internet voting is available 24 hours a day. If you choose to vote by Internet, then you do not need to return the proxy card. To be valid, your vote by Internet must be received by 11:59 p.m., Eastern Time, on May 17, 2012.

By Telephone. By calling the toll-free number for telephone voting that can be found on the enclosed proxy card (800-690-6903). You will be required to provide your assigned control number located on the proxy card. Telephone voting is available 24 hours a day. If you choose to vote by telephone, then you do not need to return the proxy card. To be valid, your vote by telephone must be received by 11:59 p.m., Eastern Time, on May 17, 2012.

By Mail. Complete the enclosed proxy card, sign and date it, and return it in the postage-paid envelope we have provided. To be valid, your vote by mail must be received by 11:59 p.m., Eastern Time, on May 17, 2012.

If your shares of Common Stock are held in street name (i.e., through a bank, broker or other nominee), your proxy materials include a voting instruction form from the institution holding your shares. The availability of telephone or Internet voting will depend upon the institution's voting processes. Please contact the institution holding your shares of Common Stock for more information.

Table of Contents

What do I need to do to attend the Annual Meeting?

You may also attend the Annual Meeting and vote your shares in person by ballot. If you plan to attend the Annual Meeting in person you will need to bring proof of your ownership of Common Stock as of the close of business on March 20, 2012.

If you hold shares of Common Stock in street name and would like to vote in person at the Annual Meeting, you will need to bring an account statement or other acceptable evidence of ownership of Common Stock as of the close of business on March 20, 2012. Alternatively, you may contact the institution in whose name your shares are registered and obtain a proxy from that institution and bring it to the Annual Meeting.

How can I revoke my proxy or substitute a new proxy or change my vote?

You may revoke a proxy at any time before it is exercised by:

filing a written revocation with the Secretary of ICE,

submitting a proxy bearing a later date (by Internet, telephone or mail) that is received no later than the deadline specified on the proxy card, or

voting in person at the Annual Meeting.

Please note, however, that under the rules of the New York Stock Exchange (the NYSE), any beneficial owner of our Common Stock whose shares are held in street name by a NYSE member brokerage firm may revoke its proxy and vote its shares in person at the Annual Meeting only in accordance with applicable rules and procedures as employed by such beneficial owner's brokerage firm.

Attending the Annual Meeting will not automatically revoke a proxy that was submitted by Internet, telephone or mail.

If I submit a proxy by Internet, telephone or mail, how will my shares be voted?

If you properly submit your proxy by one of these methods, and you do not subsequently revoke your proxy, your shares will be voted in accordance with your instructions.

If you sign, date and return your proxy card but do not give voting instructions, your shares will be voted as follows: **FOR** the election of ICE's director nominees; **FOR** the advisory resolution on executive compensation; **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012; and otherwise in accordance with the judgment of the persons voting the proxy on any other matter properly brought before the Annual Meeting.

If I hold my shares in street name through a broker and do not provide voting instructions, can my broker still vote my shares?

Under the rules of the NYSE, brokers that have not received voting instructions from their customers 10 days prior to the meeting date may vote their customers' shares in the brokers' discretion on the proposal regarding the ratification of the appointment of the independent registered public accounting firm because such matter currently is deemed a routine matter under NYSE rules. In addition, certain member brokers will only vote uninstructed shares in the same proportion as the instructions received by that broker from all other stockholders.

NYSE rules provide that the election of directors and the advisory resolution on our executive compensation are non-discretionary matters, which means that member brokers that have not received instructions from the beneficial owners of shares of Common Stock do not have discretion to vote the shares held by those beneficial owners on the election of directors and the advisory resolution on our executive compensation.

Table of Contents

How many votes are required to transact business at the Annual Meeting?

A majority of all issued and outstanding shares of Common Stock entitled to vote at the Annual Meeting constitutes a quorum (*i.e.*, the minimum number of shares that must be present or represented by proxy at the Annual Meeting in order to transact business). Subject to the rules regarding the votes necessary to adopt the proposals discussed below, abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present. Broker non-votes are proxies returned by brokerage firms for which no voting instructions have been received from beneficial owners. Once a share is represented for any purpose at the Annual Meeting, it will be deemed present for quorum purposes for the remainder of the meeting (including any meeting resulting from any adjournments or postponements of the Annual Meeting, unless a new record date is set).

How are votes counted?

Election of Directors

Our Amended and Restated Bylaws provide for a majority vote standard in the election of directors in uncontested elections. This means that a majority of the votes cast by stockholders entitled to vote for or against the election of a director nominee must be voted for the director nominee in order for that director nominee to be elected. A director who fails to receive a majority of for votes will be required to tender his or her resignation. An abstention will not be treated as a vote for or against the election of any nominee and will have no effect on the outcome of the vote.

Advisory Resolution on Our Executive Compensation

Under our Amended and Restated Bylaws, the affirmative vote of a majority of votes cast by the stockholders entitled to vote at the Annual Meeting is required to approve the advisory resolution on our executive compensation. An abstention from voting on this matter will be treated as present for quorum purposes. However, since an abstention is not treated as a vote for or against the matter, it will have no effect on the outcome of the vote.

Ratification of the Appointment of Ernst & Young LLP as Our Independent Registered Public Accounting Firm

Under our Amended and Restated Bylaws, the affirmative vote of a majority of the votes cast by stockholders entitled to vote at the Annual Meeting is required to ratify the appointment of our independent registered public accounting firm. An abstention from voting on this matter will be treated as present for quorum purposes. However, since an abstention is not treated as a vote for or against the matter, it will have no effect on the outcome of the vote.

Abstentions and Broker Non-Votes

In the cases of the election of directors, the advisory resolution on our executive compensation, and the approval of the ratification of the appointment of Ernst & Young LLP, only votes cast for or against will be considered; abstentions and broker non-votes will not be treated as a vote for or against any of these proposals and therefore will have no effect on the vote.

Who pays for the expenses of this proxy solicitation?

In addition to soliciting proxies through the mail, we may solicit proxies through our directors, officers and employees in person and by telephone or facsimile. We have engaged Morrow & Co., LLC, 470 West Avenue, Stamford, CT 06902 to assist us in the solicitation of proxies and the anticipated cost of such engagement is approximately \$8,500. Brokerage firms, nominees, custodians and fiduciaries also may be requested to forward proxy materials to the beneficial owners of shares held of record by them. We will pay all expenses incurred in connection with the solicitation of proxies.

Table of Contents

ITEM 1 ELECTION OF DIRECTORS

Board of Directors

Under our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws, our Board of Directors sets the number of directors who may serve on the Board of Directors at any time. The size of our Board of Directors is currently set at 11 directors and presently consists of 11 directors. All of our current directors are nominated for re-election and all of our directors are elected annually for a one-year term expiring at the next annual meeting of stockholders. Each director will hold office until his or her successor is duly elected and qualified or until the director's earlier resignation or removal.

All of our directors are elected by majority vote in an uncontested election. A director who fails to receive a majority of for votes will be required to tender his or her resignation to our Board of Directors. Our Nominating and Corporate Governance Committee will then act on an expedited basis to determine whether to accept the director's resignation and will submit such recommendation for prompt consideration by our Board of Directors. Our Board of Directors expects the director whose resignation is under consideration to abstain from participating in any decision regarding that resignation. Our Board of Directors and our Nominating and Corporate Governance Committee may consider any factors they deem relevant in deciding whether to accept a director's resignation.

Nominees for Election as Directors at the 2012 Annual Meeting

On the recommendation of the Nominating and Corporate Governance Committee, our Board of Directors has nominated the persons named below for election as directors at the Annual Meeting, each to serve for a one-year term expiring at the next annual meeting of stockholders in 2013. All of the nominees currently are members of the Board of Directors. Our Board of Directors, upon the recommendation of our Nominating and Corporate Governance Committee, has determined that each of our non-employee directors is independent in accordance with the listing standards of NYSE and our Board of Directors Governance Principles as described below under *Corporate Governance Independent Non-Employee Directors*. In addition, for a discussion of the qualifications of the director nominees considered by our Nominating and Corporate Governance Committee, see the below information under *Biographical Information* and *Corporate Governance Nomination of Directors*. Our Board of Directors unanimously waived the mandatory retirement age in our Board of Directors Governance Principles for incumbent director Sir Robert Reid so that he could stand for re-election to the Board of Directors at the 2012 Annual Meeting. The waiver is for a period of two years. The Board of Directors approved this waiver due to Sir Robert Reid's valuable service as Chairman of the boards of directors of ICE Futures Europe and ICE Clear Europe, each a wholly-owned subsidiary, and his broad knowledge of the energy markets and business acumen.

Each of the nominees has confirmed that he or she expects to be able to continue to serve as a director until the end of his or her term. If, however, at the time of the Annual Meeting, any of the nominees named below is not available to serve as a director (an event which the Board of Directors does not anticipate), all the proxies granted to vote in favor of such director's election will be voted for the election of such other person or persons, if any, recommended by the Nominating and Corporate Governance Committee and approved by the Board of Directors. Proxies cannot be voted for a greater number of directors than the 11 nominees named in this Proxy Statement. For a discussion of our policy regarding qualification and nomination of director candidates, see *Corporate Governance Nomination of Directors* below.

In addition to the information provided above, we note that Messrs. Salerno and Tese served on the Board of Directors of Bear Stearns Companies Inc. ("Bear Stearns") at the time of Bear Stearns' acquisition by JP Morgan Chase & Co. and during the period preceding such acquisition. Our Nominating and Corporate Governance Committee and Board of Directors considered Messrs. Salerno and Tese's service on the Bear Stearns Board of Directors prior to re-nominating Messrs. Salerno and Tese. The Nominating and Corporate Governance Committee considered their own experience of working with these two directors and the results of the annual oral evaluations by each member of ICE's Board of Directors. Despite the events that occurred at Bear Stearns, the Nominating and Corporate Governance Committee believes that Messrs. Salerno and Tese's service on the Bear Stearns Board of Directors and firsthand experience managing through those events enhances each of their qualifications to serve on ICE's Board of Directors.

Based on the foregoing qualifications, our Nominating and Corporate Governance Committee believes that the 11 director nominees collectively have the skills and experience to oversee and guide our business. Each nominee has the integrity, business judgment, collegiality and commitment that are among the essential characteristics for a director of our Board. They also bring highly developed skills in, among other areas, finance, investing, accounting, financial market regulation, public policy, business operations, organizational management and leadership. In addition, members of our Board have had a great diversity of experiences and bring to our Board a wide variety of views that strengthen their ability to guide ICE. They have had extensive

involvement in international business and deep professional experience across a broad range of industries and in the energy and derivatives markets in particular. Most have lengthy direct experience in the oversight of public companies through their service on our Board and those of other public companies, as well as their current and past senior executive positions.

Directors Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE NOMINEES LISTED ABOVE TO THE BOARD.

Meetings and Committees of the Board of Directors

The Board of Directors conducts its business through meetings of the full Board of Directors and through committees of the Board of Directors, consisting of an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. The current members of the committees are identified in the table below:

Director	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Charles R. Crisp	X	X

Vincent Tese		Chair	

In 2011, our Board of Directors held 18 meetings, the Audit Committee held eight meetings, the Compensation Committee held six meetings and the Nominating and Corporate Governance Committee held four meetings. Our non-management directors meet periodically in executive session without management participation, as required by NYSE listing standards. Mr. Salerno has been appointed by the Board of Directors as the non-management lead independent director presiding at these meetings.

As a matter of Board policy, it is expected that each director will be available to attend substantially all of the meetings of the Board of Directors and any committees on which the director serves. Each director attended at least 75% of the aggregate number of meetings of the Board of Directors and meetings of the committees of which he or she is a member. As a matter of policy, it is expected that each director and nominee will attend annual meetings of stockholders. We currently expect that all of our directors and nominees will attend the Annual Meeting this year. All members of our Board of Directors attended last year's Annual Meeting other than Vincent Tese.

Each year, the members of the Board of Directors and each committee conduct a confidential oral assessment of its performance with a member of our legal department. The results of the oral assessment are then summarized and communicated back to the appropriate committee chairpersons and members of the Board of Directors. As part of the evaluation process, each committee reviews its charter.

At least one member of the Audit Committee qualifies as an audit committee financial expert, as defined by the rules and regulations of the SEC. The Audit Committee has been established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to:

the quality and integrity of our financial statements;

the independence, qualification and performance of our independent auditors;

the performance of our internal audit function; and

our auditing, accounting and financial reporting processes.

The Audit Committee is governed by a written Audit Committee Charter, which has been approved by our Board of Directors. We amended our Audit Committee Charter in May 2010. reviews and approves option grants, bonus payments and stock awards to our officers;

exercises general oversight of our benefit plans and evaluates any proposed new retirement or benefit plans; and

The Compensation Committee is governed by a written Compensation Committee Charter approved by our Board of Directors. We amended our Compensation Committee Charter in May 2010. The charter is available on our website at www.theice.com. We will also provide a printed copy of the charter to stockholders upon request.

The members of the Compensation Committee are Messrs. Tese (Chairperson), Crisp and Sir Reid.

Nominating and Corporate Governance Committee

identifying and attracting highly qualified individuals to serve as directors and establishing criteria for selecting new board members;

developing and maintaining a set of corporate governance guidelines;

reviewing and approving any related-party transactions;

CORPORATE GOVERNANCE

Independent Non-Employee Directors

The IntercontinentalExchange, Inc. Board of Directors Governance Principles (the "Governance Principles") were adopted by our Board of Directors. The Governance Principles, which are described below, provide that a majority of our directors must be independent directors and specify independence standards consistent with NYSE listing standards. Following the election of the nominees to the Board of Directors, ten of our eleven directors holding office will be independent directors. Our Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, has determined that each non-management director and nominee is independent in accordance with NYSE listing standards and our Governance Principles, and does not have any relationship that would interfere with the exercise of independent judgment in carrying out their responsibilities as directors.

In making its independence determinations, our Board of Directors and the Nominating and Corporate Governance Committee considered transactions, if any, between each non-employee director and ICE and determined that there are no transactions that give rise to any independence issues.

Nomination of Directors

Our Board of Directors is responsible for approving candidates for board membership and has delegated the screening and recruitment process to the Nominating and Corporate Governance Committee. In furtherance of this process, our Board of Directors and Nominating and Corporate Governance Committee have adopted the IntercontinentalExchange, Inc. Policy Regarding Qualification and Nomination of Director Candidates (the "Nomination Policy"). The Nomination Policy does not set specific, minimum qualifications that nominees must meet, but rather specifies that each nominee should be evaluated on his or her individual merit taking into account the factors described below.

Table of Contents

The Nominating and Corporate Governance Committee seeks to create a Board of Directors that consists of a diverse group of qualified individuals that function effectively as a group. Qualified candidates for director are those who, in the judgment of the Nominating and Corporate Governance Committee, possess strong personal attributes and relevant business experience to assure effective service on our Board of Directors. Personal attributes considered by the Nominating and Corporate Governance Committee when evaluating a board candidate include: leadership, integrity, ethics, contributing nature, independence, interpersonal skills and effectiveness. Experience and qualifications considered by the Nominating and Corporate Governance Committee when evaluating a board candidate include: financial acumen, general business experience, industry knowledge, diversity of viewpoints, special business experience and expertise in an area relevant to ICE. When the Nominating and Corporate Governance Committee reviews a potential new candidate, the Nominating and Corporate Governance Committee looks specifically at the candidate's qualifications in light of the needs of our Board of Directors and ICE at that time given the then current make-up of our Board of Directors.

We believe that ICE benefits from having directors with a diversity of viewpoints, backgrounds, experiences, skill sets and other demographics. As noted above, one of the factors that the Nominating and Corporate Governance Committee considers in identifying and evaluating a potential nominee is the extent to which the nominee would add to the diversity of our Board, and the Nominating and Corporate Governance Committee assesses the composition of our Board and how a nominee would enhance that diversity.

The Nominating and Corporate Governance Committee uses a variety of methods to identify and evaluate nominees for director. The Nominating and Corporate Governance Committee periodically assesses the appropriate size of the Board of Directors and whether any vacancies on the Board of Directors are expected. In the event that vacancies are anticipated or otherwise arise, the Nominating and Corporate Governance Committee will seek to identify director candidates based on input provided by a number of sources, including: (i) Nominating and Corporate Governance Committee members, (ii) other directors, (iii) management and (iv) our stockholders. The Nominating and Corporate Governance Committee also has the authority to consult with or retain advisors or search firms to assist in the identification of qualified director candidates.

Once director candidates have been identified, the Nominating and Corporate Governance Committee will evaluate each candidate in light of his or her qualifications and credentials, and any additional factors that the Nominating and Corporate Governance Committee deems necessary or appropriate, including those set forth above. Qualified prospective candidates will be interviewed by our Chairman and Chief Executive Officer and at least one member of the Nominating and Corporate Governance Committee. The full Board of Directors will be kept informed of the candidate's progress. Using input from such interviews and other information obtained by it, the Nominating and Corporate Governance Committee will evaluate whether a prospective candidate is qualified to serve as a director and, if so qualified, will seek the approval of the full Board of Directors for the nomination of the candidate or the election of such candidate to fill a vacancy on the Board of Directors.

Existing directors who are being considered for re-nomination will be re-evaluated by the Nominating and Corporate Governance Committee based on each director's satisfaction of the qualifications described above and his or her prior performance as a director. All candidates submitted by stockholders will be evaluated in the same manner as candidates recommended from other sources, provided that the procedures set forth below under *Stockholder Recommendations for Director Candidates* have been followed.

Additionally, our Board of Directors shall nominate for election or re-election as directors only candidates who agree to tender, promptly following the annual meeting at which they are elected or re-elected as a director, irrevocable resignations that will be effective upon (i) the failure to receive the required vote at the next annual meeting at which they stand for re-election and (ii) acceptance by our Board of Directors of such resignation. Our Board of Directors shall fill director vacancies and newly created directorships only with candidates who agree to tender promptly following their appointment to the Board of Directors the same form of resignation tendered by other directors in accordance with the Governance Principles promulgated by our Board of Directors.

All of the current nominees for director recommended for election by the stockholders at the 2012 Annual Meeting are current members of the Board of Directors. Based on the Nominating and Corporate Governance Committee's evaluation of each nominee's satisfaction of the qualifications described above and their past

Table of Contents

performance as directors, the Nominating and Corporate Governance Committee has decided to recommend the nominees for re-election and the Board of Directors has approved such recommendation. For the reasons specified in the biography of each director identified above under *Nominees for Election as Directors at the 2012 Annual Meeting*, our Board has concluded that each director nominee should be re-elected to our Board of Directors. The Nominating and Corporate Governance Committee has not received any nominations from stockholders for the 2012 Annual Meeting.

Board Leadership Structure

Our Board of Directors Governance Principles provide for the role of the Chairman of the Board and Chief Executive Officer to be combined, a lead independent director, and strong active independent directors. Under our Amended and Restated Bylaws, the Chairman of the Board presides over meetings of the Board of Directors, presides over meetings of stockholders, consults and advises the Board of Directors and its committees on our business and affairs, and performs such other duties as may be assigned by the Board. The Chairman of the Board, in consultation with the lead independent director, establishes the agenda for Board of Director meetings and facilitates constructive and useful communication between management and the Board of Directors. Our independent directors have elected Mr. Salerno as the lead independent director for 2012, a position he has held since 2008. As lead independent director, Mr. Salerno presides at all executive sessions of the non-management directors.

Our Chief Executive Officer is in general charge of our business affairs, subject to the overall direction and supervision of the Board of Directors and its Committees and subject to such powers as reserved by the Board. Mr. Sprecher serves as both Chairman of the Board and Chief Executive Officer and he is the only member of our management team that serves on the Board of Directors. Our Board believes that this leadership structure – a combined Chairman of the Board and Chief Executive Officer, a lead independent director, active and strong non-employee directors, and Committees led and comprised of independent directors – is the most effective structure for us at this time.

Our Board believes that the Chief Executive Officer is in the best position to most effectively serve as the Chairman of the Board for many reasons as he is closest to many facets of our business, including his frequent contact with our customers, regulators and stockholders. In addition, his direct involvement in the strategic and day-to-day management of our business ensures timely communication with the Board on critical business matters, which is important given the complexity and global nature of our business. Further, much of our business is conducted through our operating subsidiaries, which are overseen by their own board of directors on which Mr. Sprecher serves. The multiple roles in which Mr. Sprecher serves allows him to be a single point of contact to effectively communicate strategic goals, key issues and topics of importance to our Board of Directors. The Board of Directors believes this structure has functioned well, produced strong operating results, and effectively balances a highly capable management team with appropriate safeguards and oversight by non-employee directors.

Board Oversight of Risk

Our Board of Directors is responsible for overseeing ICE's risk management process, which includes general risk management as well as particular risks facing our business. With the assistance of our Audit Committee, the Board oversees that our assets are properly safeguarded, that appropriate financial and other controls are maintained, and that our business is conducted prudently and in compliance with applicable laws and regulations and our corporate governance principles. In this regard, our Board of Directors seeks to understand and oversee critical business risks and does not view the risks facing our business in isolation. While risks are considered in business decision-making and as part of our overall business strategy, the Board of Directors recognizes that it is neither possible nor prudent to eliminate all business risk. Our Board of Directors believes that purposeful and appropriate risk-taking is essential for our business to be competitive on a global basis, to continue to grow and diversify, and to achieve our overall business objectives.

While the Board oversees risk management, our management is charged with managing risk. We have adopted internal processes and internal controls to identify and manage operational and financial risks. The

Table of Contents

Board and the Audit Committee monitor and evaluate the effectiveness of the internal controls and the risk management program and management communicates routinely with the Audit Committee on the risks identified and how they are being managed. Directors may, and often do, communicate directly with senior management on any areas of our business for which they would like additional information.

Board of Directors Governance Principles

We have adopted Governance Principles that guide the Board of Directors on matters of corporate governance, including:

composition of the Board of Directors;

duties and responsibilities of the Board of Directors;

committees of the Board of Directors;

leadership, functioning and evaluation of the Board of Directors;

director independence, orientation, compensation, education and access to management;

access to independent advisors by our Board of Directors;

number of public company boards that our directors can serve;

mandatory retirement age limits; and

director compliance with the Code of Business Conduct and Ethics.

The Governance Principles also provide that non-management directors meet in executive session without the participation of management at all regularly scheduled meetings of the Board of Directors as deemed necessary and at any other time as necessary to fulfill the Board of Directors responsibilities. In addition, the Governance Principles also state that if all non-management directors are not independent directors, then the independent directors will meet at least once annually. Our Governance Principles require that our directors limit their other directorships of public companies to five. Further, our Governance Principles require that employee directors tender their resignation from the Board of Directors coincident with their termination, resignation or retirement as employees.

A copy of the Governance Principles is available on our website at www.theice.com. We will provide a printed copy of the Governance Principles to stockholders upon request.

Code of Business Conduct and Ethics and Insider Trading Policy

We have adopted the Code of Business Conduct and Ethics, which applies to all of our directors, officers and employees. The Code of Business Conduct and Ethics meets the requirements of a code of ethics as defined by Item 406 of Regulation S-K, and applies to our Chief Executive Officer and Chief Financial Officer (who is both our principal financial officer and principal accounting officer), as well as all other employees, as indicated above. The Code of Business Conduct and Ethics also meets the requirements of a code of conduct under NYSE listing standards. The Code of Business Conduct and Ethics is available on our website at www.theice.com. We will provide a printed copy of the Code of Business Conduct and Ethics to stockholders upon request.

In addition, we have adopted an Insider Trading Policy that applies to all employees and directors that prohibits, among other things, entering hedging transactions relating to our stock. Specifically, employees and directors are prohibited from (i) engaging in short sales and buying or selling puts or calls or any derivative securities of our stock and (ii) holding our stock in a margin account or pledging our stock as collateral for a loan.

COMPENSATION DISCUSSION & ANALYSIS

Introduction

Our Compensation Committee is responsible for designing, administering and implementing our executive compensation programs. The Compensation Committee is composed of three directors, each of whom is a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined pursuant to Section 162(m) of the Code. The Compensation Committee determines the type and level of compensation for executive officers (generally defined as Section 16 officers under the Exchange Act, but the Compensation Committee has historically included all corporate officers under this definition), reviews the performance of the Chief Executive Officer, and oversees the administration of ICE's Executive Bonus Plan, ICE's broad-based employee annual bonus plan and all of ICE's equity compensation plans. The Compensation Committee Charter, which is periodically reviewed and revised by the Compensation Committee and the Board of Directors, outlines the specific responsibilities of the Compensation Committee.

In this section, we discuss certain aspects of our compensation program as it relates to our principal executive officer (Jeffrey C. Sprecher, Chairman and Chief Executive Officer), our principal financial officer (Scott A. Hill, Senior Vice President, Chief Financial Officer), and our three other most highly-compensated executive officers in 2011 (Charles A. Vice, President and Chief Operating Officer; David S. Goone, Senior Vice President, Chief Strategic Officer; and Edwin D. Marcial, Senior Vice President, Chief Technology Officer). These individuals are collectively referred to as our Named Executive Officers or NEOs.

Executive Summary

ICE continued to deliver solid results in 2011 as evidenced by the following 2011 performance highlights compared to our 2010 results:

Record revenues, with consolidated revenue increasing 15% (from \$1,150 million to \$1,327 million), which is the eighth consecutive year of revenue growth;

Record consolidated net income attributable to ICE, which increased 28% (from \$398 million to \$510 million); and

Consolidated EBITDA increased 20% (from \$773 million to \$926 million).

We continue to maintain a well-balanced and performance-based executive compensation program, including:

More than 80% of NEO targeted compensation delivered through variable compensation programs;

More than 50% of NEO targeted compensation delivered through equity compensation programs;

Competitive stock ownership requirements;

A compensation clawback policy; and

The elimination of Internal Revenue Code Section 280G golden parachute excise tax gross-up provisions from employment contracts in early 2012. Mr. Hill's employment contract was amended to remove this provision in 2010.

Cash compensation opportunities, including base salary and target annual bonus levels, were enhanced for the NEOs in 2011 after reviewing peer information, as well as company and individual performance. The 2011 annual bonuses were paid at levels ranging from 106% to 109% of

target. Levels of equity awards granted in January 2011 remained consistent with prior annual award levels. We believe that our mix of cash/non-cash and short-term/long-term incentives provides an appropriate balance between our longer-term business objectives and shorter-term retention and competitive needs. We also believe that providing the majority of our NEOs' compensation in the form of long-term equity awards, when combined with our clawback policy and stock ownership requirements, both of which are described below, has the additional benefit of mitigating incentives to take inappropriate risks.

Table of Contents

The remainder of this Compensation Discussion and Analysis, or CD&A, provides a more detailed review of the philosophy, process, considerations, and analysis involved in the determination of executive compensation granted or paid to our NEOs in 2011.

Compensation Objectives and Components

Our executive compensation philosophy is to link compensation with individual achievement, company performance, and the creation of stockholder value. This philosophy manifests itself in the following four primary objectives:

attract, retain and reward executive officers capable of achieving our business objectives;

offer competitive compensation opportunities that reward individual contribution and corporate performance;

align the interests of executive officers and stockholders through long-term equity incentives; and

pay total compensation that is commensurate with the performance achieved and value created for stockholders.

Our compensation program offers several distinct elements that are designed to align performance with rewards, retain our executives and reward the achievement of the objectives outlined above, including:

Base salary: The foundation of our executive compensation framework is a cash base salary, which enables us to provide regular, stable compensation to our executives, to recruit and retain qualified employees and to offer a competitive compensation program. We operate in global and competitive markets, and a competitive base salary is required to develop and maintain a workforce capable of accomplishing ICE's business objectives. We offer base salaries that are competitive with our peers and commensurate with the industry, the experience of the executive and the scope of his or her role.

Annual bonus: Our cash bonus plan is designed to reward the accomplishment of our short-term (i.e., approximately one-year) performance targets. For 2011, these performance targets reflect a balance between growth targets, profitability metrics, and other key strategic objectives, with a significant portion of the bonus plan funding tied to corporate financial results and a significant degree of stretch built in to encourage outstanding corporate performance. These bonuses include primarily objective and quantitative components, but also include qualitative and subjective components for measuring both corporate and individual achievement relative to objectives.

Equity compensation: Since our inception, we have offered broad-based equity awards that are intended to align the interests of all employees, including executive officers, with those of stockholders over a long-term period (i.e., greater than one-year). We have used a variety of equity vehicles, including stock options, time-vesting restricted stock, and performance-based restricted stock to deliver long-term incentive compensation in a manner that is intended to align employee interests with the interests of our stockholders, while serving as a retention tool through multi-year vesting schedules. Equity holding requirements are also in place for all of our officers and directors. At more senior levels (e.g., executive officers), the Compensation Committee places a heavier emphasis on performance-based awards that are generally comprised of a combination of stock options that only deliver value if ICE's share price increases above the strike price on the date of grant and other forms of performance-based awards that incorporate stretch targets so that the awards pay for themselves through increased earnings.

Benefits and perquisites: As with the base salary, our benefits and perquisites are intended to attract and retain employees through a competitive and comprehensive benefits program.

Table of Contents**Role of Compensation Consultant**

The Compensation Committee has engaged a compensation consulting firm to serve as its external compensation consultant since the founding of ICE in 2000. During 2011, the Compensation Committee transitioned from Towers Watson to Compensation Advisory Partners to advise on executive compensation matters. Given the length of Towers Watson's previous service as the Compensation Committee's compensation consultant (since 2006), the Committee believed it prudent to solicit proposals from alternative firms to ensure that the Committee's compensation consultant remains independent and objective. Of the consulting firms that submitted proposals, the Committee believed Compensation Advisory Partners presented an independent team with the most relevant advisory experience. The Committee is grateful to Towers Watson for its years of service. As discussed in more detail below, Towers Watson and Compensation Advisory Partners provided competitive salary, bonus and equity data for certain positions within ICE, provided general benchmarking data against our peers, helped analyze our bonus and equity award programs, helped analyze our stock ownership guidelines, helped evaluate our clawback policy and provided advice regarding the selection of our peer group.

The NEOs have not participated in the selection of Compensation Advisory Partners or any other compensation consultant in connection with advice regarding executive and director compensation matters. A representative from our compensation consultant attends most Compensation Committee meetings and is available between meetings as a resource for the Compensation Committee and management. The Compensation Committee determines in its sole discretion which compensation consultant to retain for various services, and the consultant reports directly to the Compensation Committee. Use of a particular consulting firm by the Compensation Committee does not preclude management from hiring the same consulting firm and in the past, as illustrated below, management has hired Towers Watson for benefits advisory services. The engagement of Towers Watson for benefits advisory services was recommended by management and was approved by the Compensation Committee. Compensation Advisory Partners does not provide any other services to ICE. During 2011, ICE paid Towers Watson fees in the amount of \$211,462, of which \$87,712 relates to executive compensation consulting services approved by the Compensation Committee, while the remainder relates to general benefits advisory services.

Towers Watson has historically prepared an annual, comprehensive benchmarking report based on ICE's peer group that is used by the Compensation Committee in making decisions regarding base salary, annual bonuses and equity compensation. Towers Watson's 2011 analysis focused on a review of competitive compensation practices for a sample of the officer positions at ICE, based on proxy statement data for the 14 companies in the peer group described below, as well as published survey data. Relevant findings from this analysis are discussed in more detail below.

Custom Compensation Peer Group

The Compensation Committee utilizes a peer group to benchmark ICE's total compensation program. ICE's peer group of 14 companies includes comparable financial exchanges, financial services providers, technology companies and related companies based on metrics such as revenue, market capitalization, and number of employees. The peer group is reviewed annually by the Compensation Committee, with assistance and recommendations from its compensation consultant and adjustments are made as necessary. The Compensation Committee reviews annually the executive pay practices of these peer companies as reported in industry surveys, public filings and reports from compensation consulting firms. This information is considered when making recommendations for each element of compensation. Due to its acquisition in 2010, Interactive Data Corporation was removed from the peer group. The 2011 peer group did not otherwise change from the 2010 peer group and consisted of the following companies:

Citrix Systems Inc.
CME Group, Inc.
FactSet Research Systems Inc.
GFI Group Inc.
Interactive Brokers Group Inc.

Investment Technology Group, Inc.
Knight Capital Group Inc.
MasterCard, Inc.
Moody's Corp.
The Nasdaq OMX Group Inc.

NYSE Euronext
optionsXpress Holdings, Inc.
Salesforce.com Inc.
TD Ameritrade Holding Corp.

Compensation Practices

For each NEO, the Compensation Committee reviews tally sheets prepared by its compensation consultant that report compensation paid to the NEO and compares base salary, total cash compensation (base salary plus annual bonus) and total direct compensation (total cash compensation plus equity compensation) against relevant market data, including peer group data. The results of the comparison prepared in 2011 are detailed below.

At our 2011 Annual Meeting of Stockholders held on May 20, 2011, approximately 94% of stockholders voted to approve the non-binding advisory vote on executive compensation. The Compensation Committee believes this level of stockholder support reflects a strong endorsement of our compensation policies and philosophy and did not materially change its approach to executive compensation in 2011. The Compensation Committee will continue to consider the outcome of our say on pay votes when making future compensation decisions for the NEOs.

For Mr. Sprecher, our Chief Executive Officer, the Compensation Committee determines individual performance and conducts an annual review of his salary, bonuses and equity awards. For other NEOs, Mr. Sprecher provides input to the Compensation Committee regarding his views on the performance of these other officers during the Compensation Committee's annual review of salary, bonuses and equity awards. In addition to examining market data on individual positions, the Compensation Committee also focuses on the total cost of management, which is an aggregation of total direct compensation for the NEOs. According to the Towers Watson analysis prepared in 2011, our total cost of management compared to the 60th percentile of the peer group.

We do not maintain formal targets for the allocation of total compensation through each compensation element outlined above. We do strive to maintain a low fixed-cost compensation structure (i.e., base salary, benefits and perquisites) and to deliver the majority of value through variable pay elements (i.e., annual bonus and equity-based performance awards). We have maintained this pay for performance orientation since our founding and believe it is an important element of our entrepreneurial culture. The average mix of targeted compensation for our NEOs in 2011 was approximately 52% long-term incentive pay (comprised of stock options and performance-based restricted stock unit awards), 30% non-equity incentive plan compensation (the targeted 2011 cash bonus awards under the Executive Bonus Plan) and 18% base salary, for a mix of approximately 48% cash and 52% non-cash compensation. The mix of cash and non-cash compensation and of base and incentive compensation is illustrated by the following chart:

Based on a review by Towers Watson, our mix of compensation emphasizes variable incentive compensation, rather than a fixed model of compensation, to a greater degree than our peer group. This focus on variable incentive compensation is consistent with the Compensation Committee's emphasis on performance-based awards for officers.

Table of Contents

We believe that our mix of cash/non-cash and short-term/long-term incentives provides an appropriate balance between our longer-term business objectives and shorter-term retention and competitive needs. We also believe that providing the majority of our NEOs' compensation in the form of long-term equity awards, when combined with our clawback policy and stock ownership requirements, each discussed below, has the additional benefit of mitigating incentives to take inappropriate risks.

Risk Assessment with Respect to Compensation

The Compensation Committee, with the assistance of its compensation consultant and management, has completed a review of compensation policies and programs, including those not applicable to NEOs, and does not believe there are circumstances where the risks arising from these policies or programs are reasonably likely to have a material adverse effect on ICE. The review examined the balance of fixed and variable elements of compensation, mix of cash and non-cash components and the focus on both short- and long-term operational and financial performance alignment with stockholder interests. Moreover, we designed into our compensation program certain structural features that align our NEOs' financial incentives with those of our stockholders and mitigate inappropriate risk-taking by our NEOs, such as a clawback policy, stock ownership requirements, and a total compensation mix weighted in favor of long-term, equity based awards. The Compensation Committee will continue to monitor the risk exposure of our compensation policies and programs and will report findings annually in our proxy statement.

Elements of Compensation

The Compensation Committee considers each officer's total compensation package when making changes to the individual elements that comprise the officer's compensation. For example, when the Compensation Committee makes a change to an officer's base salary, as discussed below, the Compensation Committee reviews the change in light of the other elements of compensation, including the annual bonus and annual equity award.

Base Salary

We have historically targeted a base salary for each officer that is between the median and 75th percentile of the market depending on the officer's experience in his or her respective position and individual performance. With the assistance of Towers Watson, the Compensation Committee reviewed officer base salary levels in May 2011 and found the following competitive positioning relative to peers:

Name and Position	Base Salary Positioning Relative to Peer Group
Jeffrey C. Sprecher	75 th Percentile
Chairman and Chief Executive Officer	
Charles A. Vice	75 th Percentile
President and Chief Operating Officer	
Scott A. Hill	75 th Percentile
Senior Vice President, Chief Financial Officer	
David S. Goone	75 th Percentile
Senior Vice President, Chief Strategic Officer	
Edwin D. Marcial	75 th Percentile
Senior Vice President, Chief Technology Officer	

Table of Contents

After reviewing the above information and in consultation with Towers Watson, the Compensation Committee determined that the base salary adjustments reflected in the table below, made effective as of March 1, 2011, were appropriate based on each individual's scope of responsibilities, the positioning relative to peers when considering each individual's experience, and each individual's continued high level of individual performance and leadership.

Name and Position	Annual Salary Effective June 1, 2010	Annual Salary Effective March 1, 2011
Jeffrey C. Sprecher	\$ 1,000,000	\$ 1,050,000
Chairman and Chief Executive Officer		
Charles A. Vice	\$ 650,000	\$ 750,000
President and Chief Operating Officer		
Scott A. Hill	\$ 575,000	\$ 625,000
Senior Vice President, Chief Financial Officer		
David S. Goone	\$ 575,000	\$ 604,000
Senior Vice President, Chief Strategic Officer		
Edwin D. Marcial	\$ 500,000	\$ 525,000
Senior Vice President, Chief Technology Officer		

The Compensation Committee considered these changes in connection with the changes to the annual bonus targets and the January 2011 equity award discussed below. Please see below for a discussion of the individual contributions and company achievements considered in making these changes.

Annual Bonus

Our approach to annual bonuses is structured to deliver total cash compensation that is competitive with our peers for commensurate performance, and we target a range between the median and 75th percentile of the market depending on the officer's experience in his or her respective position and corporate and individual performance. NEOs participate in our stockholder approved Executive Bonus Plan and target annual bonus award opportunities are established at the beginning of the fiscal year. Total cash compensation opportunities are reviewed annually. With the assistance of Towers Watson, the Compensation Committee reviewed officer total cash compensation opportunities in May 2011 and found the following competitive positioning relative to peers:

Name and Position	Target Total Cash Positioning Relative to Peer Group*
Jeffrey C. Sprecher	75 th Percentile
Chairman and Chief Executive Officer	
Charles A. Vice	60 th Percentile
President and Chief Operating Officer	
Scott A. Hill	75 th Percentile

Edwin D. Marcial

* Target Total Cash equals base salary plus target annual bonus.

Table of Contents

As a result, and in consultation with Towers Watson, the Compensation Committee determined that the target annual bonus opportunity adjustments reflected in the table below were appropriate in light of expected market movements and overall total compensation objectives. When considering these adjustments, the Compensation Committee examined the combined cash impact of the increases in base salary and target bonus percentages. The Compensation Committee also considered the overall mix of variable compensation delivered through cash and equity, each individual's scope of responsibilities, the positioning relative to peers when considering each individual's experience, and each individual's continued high level of individual performance and leadership.

Name and Position	2010 Target Bonus Opportunity	2011 Target Bonus Opportunity
Jeffrey C. Sprecher	175%	200%
Chairman and Chief Executive Officer		
Charles A. Vice	125%	175%

Actual awards paid in any year may range from no payments to bonus payments above the established target level based on company and individual performance. Historically, we have not paid bonuses to executive officers in excess of 200% of the established target level and any potential payments are limited according to the terms of the Executive Bonus Plan.

At the beginning of each year, the Compensation Committee, and as it relates to financial and strategic metrics, the Board of Directors, approves company and individual goals for the year. From these goals, Management Business Objectives (MBOs) are established that serve as the performance measures for that year's annual bonus plan. These well defined company and individual MBOs are typically made up of both financial (~90%) and non-financial (~10%) objectives and typically include performance criteria such as revenue and net income growth, earnings before interest, taxes, depreciation and amortization (EBITDA) performance, market share, product launches, integration of acquisitions and key technology initiatives. In addition to establishing officer bonus levels, these MBOs are used in determining the bonus pool for all employees in our broad-based employee annual bonus plan.

At the end of each year, the Compensation Committee evaluates the Executive Bonus Plan funding (which is based on EBITDA performance) and awards annual bonus payments to the NEOs, relative to the target payments for the NEOs based on the achievement of the above noted, pre-established MBOs (covering both company and individual performance). The Compensation Committee also determines the overall bonus pool available for our broad-based employee annual bonus plan, based on the same MBO achievement criteria. This performance review necessarily involves a subjective assessment of corporate and individual performance by the Compensation Committee as it relates to non-financial performance. The Compensation Committee believes that it is appropriate to use subjective assessments (within the context of the objective funding formula provided for in the stockholder approved Executive Bonus Plan) as part of the annual bonus determination in light of ICE's healthy growth, its rapidly evolving industry, the existence of few direct peer companies, and the challenges inherent in establishing objective and strictly budget-based goals in a dynamic environment. The Compensation Committee reviews ICE's performance relative to the MBOs throughout the year on a quarterly basis, and also monitors the bonus accruals throughout the fiscal year. The Compensation Committee strives to set the performance targets for the annual bonus plan at levels that are achievable but challenging, and incorporates a significant degree of stretch to encourage and reward outstanding corporate performance. The payout structure

Table of Contents

is leveraged to provide higher payments in years of exceptional performance and lower payments in years where performance is below the target level(s). While the 2011 goals were achieved, the Compensation Committee believes that these goals were sufficiently challenging given the economic and competitive conditions facing ICE.

In December 2011 and February 2012, the Compensation Committee reviewed ICE's performance against the pre-established MBOs and the funding established in the Executive Bonus Plan for 2011, and authorized payments for the NEOs noted in the table below by applying the framework discussed above. While reviewing ICE's performance, the Compensation Committee examined, among other things, financial and non-financial performance metrics to determine the annual bonus awards for 2011 and evaluated the cumulative bonus amounts of \$6,336,151 for the NEOs relative to the pool funded by the stockholder approved Executive Bonus Plan of \$27,767,550, which is equal to 3% of 2011 EBITDA. The following financial MBOs were evaluated for purposes of determining annual bonus awards:

Financial Metric	2011 Goal	2011 Actual	2011 Actual Compared to 2011 Goal	Change in 2011 Actual From 2010 Actual
Consolidated Revenues	\$1,268 Million	\$1,327 Million	+5%	+15%
	Increase of 10% from 2010			
Consolidated Net Income Attributable to ICE	\$469 Million	\$510 Million	+9%	+28%
	Increase of 18% from 2010			
Consolidated EBITDA	\$890 Million	\$926 Million	+4%	+20%
	Increase of 15% from 2010			

The above financial performance yields an achievement of approximately 106% of the 2011 goals.

In addition to financial performance, the Compensation Committee considered the 2011 non-financial performance relative to MBOs that included, but was not limited to, the execution on our global credit default swap strategy, integration of acquisitions, enhanced product offerings, regulatory compliance, trading system performance, risk management initiatives, strategic initiatives and the advancement of clearing capabilities and financial performance.

The Compensation Committee also considered the following individual contributions:

Mr. Sprecher: continued strategic foresight and market leadership; significant work with global regulators, lawmakers and investors; launch of BRIX, which is a joint venture Brazilian marketplace for electric power; strategic investment in Cetip, S.A., which is a publicly traded company in Brazil; leadership and business continuity during the attempted acquisition of NYSE Euronext with Nasdaq OMX; and progress on our global derivatives strategy, including energy and credit default swap execution, processing and clearing.

Mr. Vice: new product launches; negotiation, execution and integration work with respect to strategic opportunities, including BRIX; overall system reliability; increased capacity and improved scalability of technology systems for trading, clearing and compliance systems; enhanced system functionality; advancement of options trading strategy and capabilities; and navigating and executing opportunities created by financial reform.

Mr. Hill: leadership in the integration of prior acquisitions; financial leadership, accurate and timely production of Company's financial results and public filings; significant work with institutional investors and analysts; discipline in the management of our credit default swap business; leadership on, and coordination of, our clearing houses; and optimization of our capital and expense structure.

Edgar Filing: INTERCONTINENTALEXCHANGE INC - Form DEF 14A

Mr. Goone: leadership position in securing new strategic relationships; leadership in Brazil initiatives; increased market share attributable to new initiatives; leadership in mobile trading platform initiatives; and advancement of options trading strategy and capabilities.

Mr. Marcial: improvements in the performance, capacity, reliability resiliency and stability of our trading systems; leadership on integration of acquisitions; and advancement of options trading capabilities.

Table of Contents

The Compensation Committee also considered that Mr. Sprecher and ICE's Investor Relations department achieved top rankings in Institutional Investor magazine's 2012 All-America Executive Team for the second consecutive year. Mr. Sprecher was also voted "Best CEO" in the category of Brokers, Asset Managers and Exchanges by buy-side and sell-side analysts.

Based on these factors and accomplishments, the Compensation Committee determined that management exceeded their non-financial MBOs for 2011. Further, the Compensation Committee considered the annual bonus payments to staff as a percentage of target opportunities, noting that high performing staff members received bonuses ranging from target to over 130% of target.

Based on the performance and considerations described above, the following annual bonus awards for fiscal year 2011 were approved by the Compensation Committee:

Name and Position	2011 Annual Bonus
Jeffrey C. Sprecher	\$ 2,289,000
Chairman and Chief Executive Officer	(109% of target)
Charles A. Vice	\$ 1,391,250
President and Chief Operating Officer	(106% of target)
Scott A. Hill	\$ 993,750
Senior Vice President, Chief Financial Officer	(106% of target)
David S. Goone	\$ 959,963
Senior Vice President, Chief Strategic Officer	(106% of target)
Edwin D. Marcial	\$ 702,188
Senior Vice President, Chief Technology Officer	(107% of target)

All annual bonus awards for the NEOs were paid in cash during February 2012, and are included in the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table.

The performance targets in 2012 will be substantially similar to those utilized in 2011. That is, the Executive Bonus Plan will continue, as approved by stockholders, to fund a bonus pool at the rate of 3% of EBITDA. The Compensation Committee will evaluate this funding, as well as ICE's performance against double-digit Revenue, Net Income and EBITDA growth targets, as well as non-financial MBOs related to the enhancement of product offerings, regulatory compliance, integration of acquisitions, system performance and execution on our strategic initiatives. Please refer to the Investors & Media section of our website (www.theice.com) for publicly available information related to our financial performance.

Equity Compensation

The Compensation Committee believes that long-term incentives, primarily delivered through equity grants, are an effective vehicle to align the interests of executive officers with those of our stockholders, encourage ownership in ICE and serve as a retention tool through multi-year vesting schedules. ICE is sensitive to the concerns of its stockholders regarding the potential dilutive impact of equity awards, and also takes into account the relevant accounting and tax impact of all potential forms of equity awards in designing its grants. The Compensation Committee believes that the benefits to ICE stockholders resulting from equity award grants to our NEOs, including interest alignment and mitigation of incentives to take inappropriate business risks, however, outweigh the adverse effects of such potential dilution. The value of the equity awards granted to our NEOs is designed to target total direct compensation between the median and 75th percentile of ICE's peer group, though actual awards may vary based on individual performance, internal equity considerations (including historical equity awards) and retention objectives.

Table of Contents

In December 2009, the Compensation Committee approved an equity award to the executive officer group that included a mix of stock options (33% of the target award value) and performance-based restricted stock units (67% of the target award value). The performance-based restricted stock units were earned based on the accomplishment of 2010 EBITDA performance, subject to a market condition that reduced the number of shares that were earned above the target performance threshold by 10% based on ICE's 2010 total stockholder return, or TSR, performance as compared to the S&P 500 index. The TSR condition required a reduction of the number of shares earned above target by 10% if the TSR on ICE's Common Stock during 2010 was below the S&P 500 index by 10% or less and by 20% if the TSR on ICE's Common Stock during 2010 was below the S&P 500 index by more than 10%. The number of shares that could have been earned under the performance-based awards was zero for performance below the threshold performance target, 50% of the target award for performance at the threshold, 100% of the target award for performance at the target, and 250% of the target award for performance at the maximum performance level. Both the stock options and the performance-based restricted stock unit awards vest over a three-year vesting schedule. The Compensation Committee determined that ICE's EBITDA for the 2010 fiscal year was approximately 105% of the target for this award. ICE's 2010 TSR trailed the S&P 500 TSR by less than 10%, which resulted in a 10% reduction to award levels above target. The combined impact of the above target EBITDA performance and the TSR reduction resulted in individual awards at 131.8% of the target level. The first tranche (1/3) of shares earned pursuant to performance-based restricted stock units granted on December 10, 2009 were delivered on February 11, 2011 following the Compensation Committee certification of the achievement of the performance target and the filing of ICE's 2010 audited financial statements in its Form 10-K. Based on continued employment, the second tranche of shares earned pursuant to performance-based restricted stock units (1/3) vested in January 2012 and the final tranche of shares earned pursuant to performance-based restricted stock units (1/3) is scheduled to vest in January 2013.

As discussed in our 2011 proxy filing, we changed our annual equity award timing from December to January and, as a result, no equity award appears in the Summary Compensation Table row for the 2010 calendar year. We made this change to better align the annual equity awards with our annual performance review process. In establishing the January 2011 award levels, the Compensation Committee, with the assistance of Towers Watson, reviewed officer compensation matters at its meeting in May 2010 and found the following competitive positioning relative to peers:

Name and Position	Total Direct Compensation Positioning Relative to Peer Group
Jeffrey C. Sprecher Chairman and Chief Executive Officer	60 th Percentile
Charles A. Vice President and Chief Operating Officer	60 th Percentile
Scott A. Hill Senior Vice President, Chief Financial Officer	40 th Percentile
David S. Goone Senior Vice President, Chief Strategic Officer	50 th Percentile
Edwin D. Marcial Senior Vice President, Chief Technology Officer	50 th Percentile

As a result, and in consultation with Towers Watson, the Compensation Committee determined that the long-term incentive awards reflected in the table below were appropriate. These awards were made in January 2011 and were consistent, in terms of target value, with the prior annual awards. The Compensation Committee also considered the overall mix of variable compensation delivered through cash and equity, the positioning relative to peers when considering each individual's experience, and each individual's continued level of individual performance and leadership.

The January 2011 equity award to the executive officer group included a mix of stock options (33% of the target award value) and performance-based restricted stock units (67% of the target award value). The

performance-based restricted stock units were earned based on the accomplishment of 2011 EBITDA performance, subject to a stock market condition that could have reduced the number of shares that were earned above target based on ICE's 2011 TSR performance as compared to the S&P 500 index. In the event ICE outperformed the EBITDA target for this award, the stock market condition could have reduced the number of shares earned above target by 10% if the TSR on ICE's Common Stock during 2011 was below the S&P 500 index by 10% or less and by 20% if the TSR on ICE's Common Stock during 2011 was below the S&P 500 index by more than 10%. The number of shares that could have been earned under the performance-based awards ranged from zero for performance below the threshold performance target, 50% of the target award for performance at the threshold, 100% of the target award for performance at the target, and 250% of the target award for performance at the maximum performance level. Both the stock option and performance-based restricted stock unit awards vest over a three-year vesting schedule assuming continued employment.

The following equity awards were made to the NEOs on January 11, 2011:

Name	Stock Options	Performance-Based Restricted Stock Units at Target Performance
Jeffrey C. Sprecher	22,732	25,528
Charles A. Vice	10,824	12,156
Scott A. Hill	8,118	9,117
David S. Goone	8,118	9,117
Edwin D. Marcial	5,412	6,078

The January 11, 2011 stock options have a strike price of \$112.48, which was the closing price of our Common Stock on the grant date.

In February 2012, the Compensation Committee determined that ICE's EBITDA for 2011 was approximately 105% of target. Pursuant to the terms of the awards, certain costs attributable to merger and acquisition activity were excluded based on the rationale that ICE does not want to discourage future acquisition attempts when the opportunity arises. Further, ICE's 2011 TSR exceeded the S&P 500 and therefore no reduction in award level was triggered. The combined impact of the above-target EBITDA performance and the TSR performance resulted in individual awards at 139.8% of the target level. The first tranche (1/3) of shares earned pursuant to performance-based restricted stock units granted on January 11, 2011 were delivered on February 8, 2012. Based on continued employment, the second tranche (1/3) of shares earned is scheduled to vest in January 2013 and the final tranche (1/3) of shares earned is scheduled to vest in January 2014.

The following table illustrates the January 11, 2011 performance-based restricted stock units earned based on 2011 performance:

Name	Performance-Based Restricted Stock Units at Target Performance	Performance-Based Restricted Stock Units at Actual Performance (139.8% of Target)
Jeffrey C. Sprecher	25,528	35,688
Charles A. Vice	12,156	16,994
Scott A. Hill	9,117	12,745
David S. Goone	9,117	12,745
Edwin D. Marcial	6,078	8,497

Equity awards are normally approved at a regularly scheduled Compensation Committee meeting. ICE management is not authorized to approve equity awards for officer level employees, and does not have the discretion or authority to govern the timing of equity awards. In 2011, no equity awards for officers were approved outside of a Compensation Committee meeting. ICE uses the closing price of its Common Stock on the NYSE on the grant date for purposes of establishing the strike price of stock options and for accounting purposes of other equity awards. ICE has not issued stock options with an exercise price below the fair market value of its Common Stock on the date of grant.

Table of Contents***Benefits and Perquisites***

The benefits and perquisites offered to our executive officers are similar to those offered to all ICE employees. ICE provides medical insurance, life and disability insurance, and other benefits to executives that are generally available to other employees. For its U.S. executive officers, ICE provides an enhanced term life insurance benefit (calculated at five times salary less \$100,000) and a supplemental disability insurance benefit that is designed to approximate the total benefit level (60% of eligible compensation) that cannot be afforded through the limits in our group disability plans (\$10,000 per month). Our contributions to these benefits programs are included in the All Other Compensation section of the Summary Compensation table below. In January 2012, the Compensation Committee approved a Corporate Aircraft policy which, among other things, included the authorization of up to \$75,000 of incremental cost to ICE for personal use of company-owned or leased aircraft by each of Mr. Sprecher and Mr. Vice. To the extent Mr. Sprecher or Mr. Vice use the aircraft for personal use in 2012, the non-reimbursed amount associated with such perquisite will be included in the 2012 Summary Compensation Table. There was no personal use of company-owned aircraft in 2011. Additionally in January 2012, the Compensation Committee approved the payment of \$250,000 to the Federal Trade Commission on behalf of Mr. Sprecher in connection with filing fees for Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, filings required in part due to Mr. Sprecher's participation in ICE's equity compensation programs. Mr. Sprecher is responsible for taxes due as a result of ICE paying the filing fees and he was not provided a tax gross-up payment. This \$250,000 will appear in the 2012 Summary Compensation Table as the payment was made in January 2012. There are no other perquisites provided to any of our executive officers that would require disclosure in the Summary Compensation Table.

Retirement Plans

We provide retirement benefits to U.S. corporate officers through a 401(k) retirement plan on the same terms and conditions as those offered to all ICE employees. Generally, we provide an immediately vested matching contribution of 100% of the first 5% of employee deferrals of eligible compensation, subject to Internal Revenue Service limits (\$245,000 per individual in 2011). We do not offer a defined benefit pension plan or any other form of supplemental executive retirement plan.

Clawback Policy

We have adopted a compensation recoupment, or clawback policy, to permit ICE to seek recovery of performance-based incentive awards in the event of certain financial statement restatements. The clawback policy states:

Effective December 9, 2010, it is ICE's policy that if ICE's financial statements are required to be restated due to intentional misconduct and/or fraud, the Compensation Committee will, when deemed appropriate in its discretion, direct that ICE seek to recover all or a portion of any affected award made to officers who have engaged in the intentional misconduct and/or fraud that caused the need for the restatement with respect to any fiscal period of ICE. An affected award includes any cash or equity-based bonus or incentive compensation payment awarded or given to the employee after the effective date of this policy, and the net proceeds of any stock options exercised after the effective date of this policy, that were advantaged by the filing of the financial statements that were required to be restated.

The amount to be recovered from such individual shall be the estimated amount up to which the affected award exceeded the amount that would have been paid to (or received by) the employee had ICE's financial statements been properly stated. The Compensation Committee has the authority to determine an appropriate recovery amount, if any, under the circumstances, and whether to initiate or continue pursuing a recovery, based upon factors consistent with the Compensation Committee's exercise of its fiduciary duties and the Compensation Committee's good faith reliance upon information, opinions or advice from professional advisors, consultants or experts.

Table of Contents***Termination of Employment and Change of Control Payments***

We have entered into employment agreements with each of our NEOs that provide benefits upon certain employment terminations and in connection with a Change in Control of ICE. The terms of these employment agreements are discussed in more detail below. The Compensation Committee believes that employment agreements with termination and certain Change in Control protections are appropriate and necessary to attract and retain executive level talent, and to mitigate uncertainty and distraction of our management team in the event that the employment of any of our NEOs terminates. The Compensation Committee intends that the terms of NEO employment agreements are consistent with market practice, as adjusted for our business considerations, and periodically reviews the terms of our NEOs' employment agreements compared to market practice. In 2012 the Compensation Committee revised our NEOs' employment agreements to, among other things, remove the Code Section 280G golden parachute excise tax gross-up provisions (Mr. Hill's employment agreement had been amended to remove this provision in 2010) and make certain other changes determined to be appropriate to reflect market practice and the current needs of our businesses.

The Change in Control protections require a double trigger (i.e., two events must occur before any severance payment is made: there must be a Change in Control and the executive officer's employment must be terminated) before a payment is provided. The Compensation Committee opted for a double-trigger, rather than providing for payments solely on the basis of a Change in Control because the Compensation Committee believes this to be more consistent with the purpose of encouraging the continued employment of our NEOs following a Change in Control. In the exchange industry, mergers and acquisitions resulting in a Change in Control are common and the Compensation Committee believes that the Change in Control provisions allow our executives to devote their time to the duties of running the business without being distracted by a potential Change in Control. Furthermore, the Change in Control provisions provide significant retention value with respect to our NEOs.

Stock Ownership Guidelines

The Compensation Committee believes that it is in the best interest of stockholders for ICE's executives and directors to own a significant amount of ICE Common Stock. Moreover, a meaningful direct ownership stake by our executives and directors demonstrates to our other investors and stockholders a strong alignment of interests and commitment to ICE's success, and also provides a structural mechanism to discourage our executives from taking inappropriate business risks. Accordingly, ICE's Stock Ownership Policy is applicable to all ICE officers (including all of the NEOs) and directors, and requires the following level of ownership (expressed as a multiple of base salary for executives and a multiple of annual cash retainer for directors):

Position	Ownership Multiple
Chief Executive Officer	10 times base salary
President	4 times base salary
Senior Vice Presidents	2 times base salary
Vice Presidents and any other corporate officer	1 times base salary
Members of the Board of Directors of ICE	5 times annual cash retainer

In establishing the ownership multiple, the Compensation Committee considered information about ownership multiples at its peer companies and recommendations from third-party groups such as Institutional Shareholder Services (or ISS) and Towers Watson. Ownership, for purposes of this Stock Ownership Policy, includes: (i) shares of ICE Common Stock that are owned outright (including those held by a spouse or dependent children), (ii) vested in the money stock options, and (iii) unvested restricted stock, restricted stock units and any deferred vested restricted stock units that are not subject to any performance-based vesting metric. All unvested stock options, underwater stock options and unearned performance-based equity awards do not count towards the ownership targets. A newly appointed corporate officer will have five years from his or her date of hire or appointment as an officer to comply with this Stock Ownership Policy and a new director will have three years from his or her date of joining the Board of Directors to comply with this Stock Ownership Policy. The Compensation Committee will monitor the ownership levels of its executives and directors during this transition period.

Table of Contents

To facilitate meeting the minimum holding requirements as specified in this Stock Ownership Policy in a timely fashion, the Compensation Committee recommends that all corporate officers and directors retain a minimum of 50% of the net value of shares obtained pursuant to each stock option exercise and the vesting of restricted shares for all future grants of stock options or restricted stock until such corporate officer or director has satisfied the minimum stock ownership targets for his or her position. Further, the Compensation Committee recommends that for all future grants of stock options or restricted stock to the Chief Executive Officer, the Chief Executive Officer should retain a minimum of 50% of the net value of each stock option exercise and vesting of restricted shares for three years beyond the applicable exercise or vesting date.

The Compensation Committee monitors the stock ownership levels of our officers and directors on at least an annual basis. In the event of a corporate officer or director's noncompliance with ICE's stock ownership policy, the Compensation Committee will review the facts and circumstances regarding the noncompliance and will use its discretion in determining the appropriate corrective actions and/or penalties. Such corrective actions and penalties include, but are not limited to, instructing the officer or director to buy shares of our Common Stock in the open market to comply with the Stock Ownership Policy, reducing or eliminating future equity grants to the officer or director until they comply with the Stock Ownership Policy or issuing a warning to the officer or director. To date, there have been no instances of noncompliance.

As detailed in the following table, each of the current NEOs is currently in compliance with the Stock Ownership Policy:

Name and Position	Ownership Multiple of Base Salary Requirement	Actual Stock Ownership Multiple of Base Salary*
Jeffrey C. Sprecher	10 times	172 times
Chairman and Chief Executive Officer		
Charles A. Vice	4 times	8 times
President and Chief Operating Officer		
Scott A. Hill	2 times	5 times
Senior Vice President, Chief Financial Officer		
David S. Goone	2 times	7 times
Senior Vice President, Chief Strategic Officer		
Edwin D. Marcial	2 times	7 times
Senior Vice President, Chief Technology Officer		

* As defined in the Stock Ownership Policy and summarized above as of the record date.

Policy on Deductibility of Compensation

Section 162(m) of the Code generally provides that publicly held companies may not deduct compensation paid to certain of its top executive officers to the extent that such compensation exceeds \$1 million per officer in a calendar year. Compensation that is performance-based compensation within the meaning of the Code does not count toward the \$1 million limit. Performance-based compensation that has been approved by ICE's stockholders is excluded from the \$1 million limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals and the Compensation Committee of the Board of Directors that establishes such goals consists only of outside directors (as defined for purposes of Section 162(m)).

Our policy is to maximize the deductibility of executive compensation so long as the deductibility is compatible with the more important objectives of retaining executives and maintaining competitive performance-based compensation that is aligned with strategic business objectives, and accordingly retains discretion to award compensation that exceeds deductibility limitations if it deems appropriate in the

circumstances. To affect this policy, we maintain two incentive plans (each approved by stockholders in 2009) designed to be compliant with Section 162(m) in order to preserve ICE's ability to provide compensation that is performance-based within the meaning of the Code and therefore preserve ICE's ability to maximize the deductibility of executive compensation.

(1) The amounts in this column represent the aggregate grant date fair value of all restricted stock grants in the calendar year, calculated in accordance with FASB Accounting Standards Codification 718, or ASC Topic 718, and described in Note 10 to our Consolidated Financial Statements for 2011 (filed with our Annual Report on Form 10-K). Performance-based restricted stock unit awards were granted in January 2011.

The 2011 values reflect actual performance-based restricted stock unit awards earned based on our 2011 EBITDA performance, based on grant date fair value. The 2009 values reflect actual performance based restricted stock unit awards earned based on ICE's 2009 EBITDA performance, less a haircut applied for 2009 total shareholder return performance relative to a market index. Details of the awards are discussed more fully in the Equity Compensation section of the CD&A.

(2) The amounts in this column represent the aggregate grant date fair value of all stock option grants in the calendar year. Details of the 2011 stock option awards are included in the CD&A. These values were calculated in accordance with FASB ASC Topic 718.

(3) The amounts in this column represent fiscal year 2009 through 2011 bonus awards that were paid in February of the following calendar year. For 2011, during February 2012 the NEOs were paid the amounts reported in the 2011 row of the Non-Equity Incentive Plan Compensation column under the Executive Bonus Plan, or EBP. Please see further discussion of these amounts in the Annual Bonus section of the CD&A and footnote 2 of the 2011 Grants of Plan-Based Awards table.

- (4) The amounts in this column represent the items in the All Other Compensation table below.

- (5) As discussed more fully in the CD&A, as a result of granting performance-based stock and option awards in January 2011, instead of December 2010, calendar year 2010 total compensation figures do not include these awards. We plan to continue granting performance-based stock and option awards in January of each year going forward.

Table of Contents**2011 Nonqualified Defined Contribution and Other Deferred Compensation Plans**

We do not maintain any nonqualified defined contribution plans or nonqualified deferred compensation plans, such as a supplemental executive retirement plan, 401(k) excess plan, or other vehicles to defer the receipt of cash or equity compensation.

Employment Agreements and Other Factors Affecting 2011 Compensation

We have entered into employment agreements with each of the NEOs that contain provisions that govern compensation in the event of termination for cause, termination by ICE unrelated to a change in control, and termination by ICE after a change in control. The material provisions regarding the employment agreements and the provisions governing these termination scenarios are described below. ICE executed amended and restated versions of its employment agreements in December 2008, which were included on a Current Report on Form 8-K that was filed with the SEC on January 7, 2009. In addition, as reported on a Current Report on Form 8-K that was filed with the SEC on May 26, 2010, ICE entered into an amended and restated employment agreement with Scott Hill, ICE's Senior Vice President and Chief Financial Officer. The primary purpose of the amendment was to extend the term of Mr. Hill's employment agreement from two years to three years. In connection with this extension, ICE and Mr. Hill agreed to remove the Code Section 280G excise tax gross-up provision from Mr. Hill's amended and restated employment agreement. Furthermore, as reported on a Current Report on Form 8-K that was filed with the SEC on February 24, 2012, ICE entered into revised employment agreements with each of the NEOs. Among other modifications, the revisions (1) removed the Code Section 280G excise tax gross-up provision from the revised employment agreements for each executive other than Mr. Hill (whose employment agreement had previously been amended to remove this provision); (2) changed the calculation for the bonus portion of each executive's cash severance amount from a fixed percentage of base salary to a formula based on the executive's actual bonus payments; (3) clarified treatment of the executive's equity awards, in each case, as paid or provided in connection with termination of employment by ICE other than for cause or the executive's resignation for good reason (each as defined below); (4) increased the time period for eligibility for change in control severance treatment for a qualifying employment termination to 180 days (compared to 90 days as previously provided) preceding a change in control; (5) modified the good reason definition to include the failure of ICE's successor to assume the executive's employment agreement and the receipt of a notice of non-renewal of the employment agreement term during the three years following a change in control; and (6) updated the salary of each NEO (as described above).

Term of Employment

Each employment agreement with our NEOs provides for an initial employment term of three years for Messrs. Sprecher, Vice, Goone and Hill, and two years for Mr. Marcial, which will be automatically extended every six months during the term of each agreement so that the remaining term of the agreement is never more than three years or less than two and a half years, in the case of Messrs. Sprecher, Vice, Goone and Hill, and never more than two years or less than one and a half years in the case of Mr. Marcial, unless either ICE or the executive, prior to the date of extension, give written notice to the other that there will be no extension. The effect of this provision is to ensure that the term remaining under any of these agreements is never more than the initial term and never less than six months less than the initial term.

Base and Bonus Compensation

Each of our NEO's employment agreements provides for an initial annual base salary, subject to increase, and an annual bonus that is reasonable in light of his contribution for that year and contributions made by and bonuses paid to ICE's other senior executives for such year. In addition, each NEO is also to receive, from time to time, grants of awards under our equity plans, in each case as determined by the Compensation Committee or by the Board of Directors as a whole.

Table of Contents

Non-competition

Each executive agrees under his employment agreement that for the term of his employment agreement or, if less, for the one-year period which starts on the date that his employment terminates, not to assume or perform any managerial or supervisory responsibilities and duties that are substantially the same as those that he performs for ICE for any other business entity that engages in operating global commodity and financial products marketplaces for the trading of physical commodities, futures contracts, options contracts, and other derivative instruments, providing risk management tools and clearing services and providing market data relating to these services in which ICE is engaged as of the date of termination of the executive's employment or in which ICE proposes to engage under its business plan as in effect on such date, if any site of any of the offices or equipment of such competitive business is located in the United States, Canada, the United Kingdom or Singapore. The employment agreements provide that each executive may own up to five percent of the stock of a publicly traded company that engages in such competitive business so long as they are only passive investors and are not actively involved in such company in any way.

Non-solicitation

Each executive is restricted from soliciting, for the purpose of competing with ICE or its affiliates, any of its customers or customers of its affiliates with whom the executive had contact, knowledge or association (i) at any time during the executive's employment with ICE or its affiliates and (ii) at any time during the twenty-four month period immediately preceding the beginning of the restricted period. Restricted period means the remainder of the executive's term of employment without regard to the reason for the executive's termination of employment (as such initial term may have been extended under the agreement).

Each executive is restricted from soliciting, for the purpose of competing with ICE or its affiliates, any other officer, employee or independent contractor of ICE or its affiliates with whom the executive had contact, knowledge or association to terminate his employment or business relationship with ICE or its affiliates (i) at any time during the executive's employment with ICE or its affiliates and (ii) at any time during the twelve-month period immediately preceding the beginning of the restricted period.

Confidentiality Provisions

Each of the executives named above is subject to customary confidentiality provisions during the term of employment and for a five year period after termination, and each executive must not use or disclose any of ICE's trade secrets for as long as they remain trade secrets.

Termination for Cause or Executive Resignation Other than for Good Reason

If ICE terminates an executive for Cause, as such term is defined below, if any such executive resigns other than for Good Reason, as such term is defined below, or if the executive's employment terminates as a result of his death or disability, ICE must pay the executive, among other benefits, all accrued but unpaid salary, annual bonus, if any, and unreimbursed expenses. If an executive's employment terminates as a result of his death, any unvested stock options, unvested restricted stock units and unvested performance share units from awards made in 2009 or later will become immediately vested.

Termination Unrelated to a Change in Control

If the termination of an executive occurred prior to December 31, 2011 and was unrelated to a Change in Control, as such term is defined below, ICE would have been required to pay a lump sum cash payment equal to his salary and cash bonus for the remainder of the employment term, with the bonus so paid equal to the greater of the last annual bonus paid to him prior to termination and a specified percentage of base salary. The specified percentages for the bonus figure are 200% of salary for Mr. Sprecher, 175% of salary for Mr. Vice, 150% for Messrs. Goone and Mr. Hill and 125% for Mr. Marcial. In addition, any stock options or other equity awards

Table of Contents

granted after the date of the original employment agreement would have become exercisable or earned upon the executive's termination. Further, ICE would have been required to continue to make available coverage under the employee benefits plans as if an executive remained employed for the Welfare Benefit Continuation Period, which is defined as two years for Messrs. Sprecher, Vice, Goone, and Hill, and one and one-half years for Mr. Marcial. If an executive delivered written notice that there will not be an extension of the agreement to ICE, the Welfare Benefit Continuation Period is the shorter of the period defined above or the balance of the term of the Employment Agreement.

As of February 2012, the employment agreements were revised to change the bonus portion of the cash severance payment to provide that instead of payout based on a fixed percentage of base salary, the executive would instead be entitled to receive a payout equal to a multiple of the term of the executive's agreement times the greater of the average of the last three bonuses and the last bonus paid to the executive prior to termination.

Cause, as used in the employment agreements, generally means: (i) the employee is convicted of, pleads guilty to, or otherwise admits to any felony or act of fraud, misappropriation or embezzlement; (ii) the employee knowingly engages or fails to engage in any act or course of conduct that is (a) reasonably likely to adversely affect ICE's rights or qualification under applicable laws, rules or regulations to serve as an exchange or other form of a marketplace for trading the products defined in the non-competition section or (b) that violates the rules of any exchange or market on which ICE effects trades (or at such time are actively contemplating effecting trades) and is reasonably likely to lead to a denial of ICE's right or qualification to effect trades on such exchange or market; (iii) there is any act or omission by the employee involving malfeasance or gross negligence in the performance of his duties and responsibilities or the exercise of his powers to the material detriment of ICE; or (iv) the employee (a) breaches any of the covenants made under his employment agreement or (b) violates any provision of any code of conduct adopted by ICE that applies to him if the consequence to such violation ordinarily would be a termination of his employment.

Change in Control, as used in the employment agreements, generally means: (i) any person is or becomes the beneficial owner, directly or indirectly, of securities representing 30% or more of the combined voting power of any outstanding ICE securities eligible to vote in an election of directors (subject to certain exceptions, including if such person is the executive, an entity controlled by the executive or group of which the executive is a member); (ii) any dissolution or liquidation of ICE or any sale or disposition of 50% or more of ICE's assets or business; or (iii) the consummation of any reorganization, merger, consolidation or share exchange or similar form of corporate transaction involving ICE, unless (a) the persons who were the beneficial owners of outstanding ICE securities eligible to vote in an election of directors immediately before the consummation of such transaction hold more than 60% of the voting power immediately following the consummation of such transaction, and (b) each such person holds such securities in substantially the same proportion immediately following the consummation of such transaction as each such person had held immediately prior to the consummation of such transaction.

Good Reason generally means: (i) there is a material reduction in the executive's base salary or opportunity to receive any annual bonus and equity grants without the executive's express written consent; (ii) there is a material reduction in the scope, importance or prestige of the executive's duties; (iii) ICE transfers the executive's primary work site to a site that is more than thirty miles from his then current work site; (iv) ICE, after a Change in Control, changes the executive's job title or fails to continue to make available to the executive the same or equivalent plans, programs and policies; (v) there is a material breach of his employment agreement; or (vi) in the case of Mr. Sprecher, ICE fails to nominate Mr. Sprecher for re-election to the Board of Directors.

As of February 2012, the definition of Good Reason was revised to also include the executive's receipt of a notice of non-renewal during the three years following a Change in Control or the failure of ICE's successor to assume the executive's employment agreement. The revised employment agreements also amended clause (iv) of the above definition to require changes in job title to be material.

Table of Contents

Termination Following a Change in Control

If the termination occurred during 2011 and after the effective date of a Change in Control of ICE, ICE would have been required to pay the executive a lump sum amount of cash equal to a multiple of his salary and bonus. This multiple is three for Messrs. Sprecher, Vice, Goone and Hill, and two for Mr. Marcial. In these circumstances, the applicable bonus amount would have been the greater of the executive's last annual bonus and a specified percentage of base salary. The specified percentages for the bonus figure are 200% of salary for Mr. Sprecher, 175% of salary for Mr. Vice, 150% for Messrs. Goone and Mr. Hill and 125% for Mr. Marcial. ICE must continue to make available coverage under the employee benefits plans as if an executive remained employed for the Welfare Benefit Continuation Period. If an executive delivers written notice to ICE, the Welfare Benefit Continuation Period is the shorter of the period defined above or the balance of the term of the Employment Agreement. All gross-up provisions for tax consequences have been removed from the employment agreements; therefore no officers are eligible for gross-up payments.

An executive terminated following, or as a result of, a Change in Control will be entitled to exercise his stock options that had been granted after entering into the employment agreement for the same period as if the executive had continued in employment through the remainder of his term. All of the executive's stock options or other forms of equity awards granted after the date of the employment agreement will become exercisable or vest upon the executive's termination.

As of February 2012, the employment agreements were revised to change the bonus portion of the cash severance payment to provide that instead of payout based on a fixed percentage of base salary, the executive would instead be entitled to receive a payout equal to a multiple of the term of the executive's agreement times the greater of the average of the last three bonuses paid to executive prior to termination, the last bonus paid to executive prior to the effective date of a Change in Control and the last bonus paid to executive prior to termination.

Notes

- (1) These amounts represent the lump sum cash severance payments in accordance with employment agreements (as discussed in the preceding narrative) under certain termination scenarios as described in the table. These calculations assume all earned base salary and annual incentive payments have been paid. For a

Table of Contents

termination unrelated to a change in control, the duration of the remaining employment term has been assumed to equal three years for Messrs. Sprecher, Vice, Goone and Hill, and two years for Mr. Marcial. Also, in light of the assumed termination date of December 31, 2011, the fiscal year 2010 bonus that was paid in February 2011 is the last bonus paid for purposes of the severance calculation under the employment agreements.

- (2) The welfare benefit continuation costs include medical, dental, basic life insurance, and executive life insurance premiums. No additional costs are assumed at the end of the welfare benefit continuation period, as described above.
- (3) The market value of stock awards is calculated based on the closing price of our Common Stock on the New York Stock Exchange on December 31, 2011: \$120.55. These costs include the repurchase of unvested restricted stock granted under the 2005 Equity Incentive Plan at the price of \$.01 per share under certain termination scenarios, and the acceleration of vesting of unvested equity awards under other termination scenarios as described above. These amounts do not include the value of vested equity awards as of December 31, 2011.
- (4) These amounts include the payment of golden parachute excise taxes and income tax gross-up payments, if applicable, under Internal Revenue Code Section 280G. In light of the assumed termination date of December 31, 2011, the Base Amount for these calculations uses the five-year W-2 compensation from 2006 through 2010. Mr. Hill's contract does not include a Section 280G tax gross-up provision. Section 280G tax gross-up provisions were removed from the contracts for Messrs. Sprecher, Vice, Goone and Marcial in February 2012.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of our executive officers or directors serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors or Compensation Committee.

NON-EMPLOYEE DIRECTOR COMPENSATION

Directors who are also ICE employees do not receive additional compensation for serving as directors. For 2011, non-employee director compensation consisted of:

An annual retainer of \$60,000;

An annual retainer of \$10,000 for committee members of the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee;

An annual retainer for committee chairpersons (in lieu of the committee member retainers described above) of: \$25,000 for the Audit Committee; \$20,000 for the Compensation Committee; and \$20,000 for the Nominating and Corporate Governance Committee;

A lead director fee of \$50,000 (Mr. Salerno has been chosen to serve as the lead director in 2012); and

A grant of \$175,000 in the form of restricted stock units that vest one year from the date of grant (with the number of units calculated at the time of grant by dividing the annual grant value by the closing price per share on the grant date).

Due to an internal reorganization that moved ICE's over the counter energy trading business into an operating subsidiary, the Regulatory Oversight Committee ceased to be a parent level committee in 2011 and is now a subsidiary level committee. Directors do not receive fees for individual Board of Directors or committee meetings in addition to the annual retainers referenced above. Non-employee directors are permitted to elect a restricted share deferral mechanism for cash fees through the 2003 Restricted Stock Deferral Plan for Outside

Table of Contents

Directors, which are made through annual elections prior to the year of service, with a 10% discount on the value of Common Stock for any fees deferred through this method. In addition to the above fees, upon the initial appointment or election to the board, a director will receive a one-time grant of \$100,000 in the form of restricted stock units that vest over three years from the date of grant (with the number of units calculated at the time of grant by dividing the annual grant value by the closing price per share on the date of grant).

As with its executive compensation program, the Compensation Committee utilizes the services of an independent compensation consultant to benchmark the competitiveness of its director compensation program. The Compensation Committee reviewed a director compensation benchmarking report in May 2011 from Towers Watson that analyzed each aspect of director compensation against the same peer companies that were utilized for the executive compensation benchmarking report. Based on the results of this report and consultation with its compensation consultant, the Compensation Committee did not make any changes to the ICE director equity compensation framework above during 2011, but did increase the annual cash retainer from \$45,000 to \$60,000.

In addition, some non-management directors who also serve as directors on the boards of our subsidiaries receive additional compensation for such services. In 2011, nine of our non-management directors served as members of the boards of directors of our regulated subsidiaries: ICE Futures Europe, ICE Clear Europe Limited, ICE Clear Credit, LLC, ICE Futures U.S., Inc., ICE Clear U.S., Inc., ICE U.S. OTC Commodity Markets, LLC and Chicago Climate Futures Exchange, LLC. We also provide office space for certain of our directors that serve as chairperson of the board of directors of an operating subsidiary.

As this is an advisory vote, the result will not be binding, although our Compensation Committee will consider the outcome of the vote when evaluating the effectiveness of our compensation principles and practices.

We urge stockholders to read the Compensation Discussion and Analysis above, which describes how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and related compensation tables and narrative above which provide detailed information on the compensation of our NEOs. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board of Directors has delegated to the Nominating and Corporate Governance Committee the authority to review and approve all transactions between us and one or more of our directors, or between us and any corporation, partnership, association or other organization in which one or more of our directors or officers serve as a director or officer or have a financial interest. In addition, our Code of Business Conduct and Ethics, which applies to all employees, officers and directors, generally prohibits conflicts of interests and that such conflicts in all cases should be discussed with management (or the Chief Executive Officer, in the case of conflicts related to outside employment or board membership). The Nominating and Corporate Governance Committee reports the findings of any review and its determinations regarding transactions with related persons to the full Board of Directors.

Our Board of Directors has also adopted a formal, written related-party transactions approval policy that provides that the Nominating and Corporate Governance Committee or the Board of Directors will review and approve transactions in excess of \$120,000 of value in which we participate and in which a director, executive officer or 5% stockholder (or immediate family member of any of the foregoing) has or will have a direct or indirect material interest. Under this policy, the Nominating and Corporate Governance Committee or the Board of Directors, as applicable, will be provided with the significant details of each related-party transaction, including the material terms of the transaction and the benefits to ICE and to the relevant related party, as well as any other information it believes to be relevant to review and approve these transactions. In determining whether to approve a related-party transaction, the Nominating and Corporate Governance Committee or the Board of Directors, as applicable, will consider, among other factors:

whether the terms of the transaction are fair to ICE;

whether there are business reasons for ICE to enter into the transaction;

whether the transaction would impair the independence of a non-employee director; and

whether the transaction presents an impermissible conflict of interest, taking into account the size of the transaction, the financial position of the director, officer or related party, the nature of his or her interest in the transaction, and the ongoing nature of the transaction.

After consideration of the relevant information, the Board of Directors may approve only those related-party transactions that they determine are not inconsistent with the best interests of ICE. This policy also includes categorical standards providing that specified types of transactions will be deemed not to be inconsistent with the best interests of ICE.

Relationships with Our Stockholders

Registration Rights

As a part of the transactions surrounding our formation, we entered into an agreement with our predecessor company, CPEX, on May 11, 2000. Our Chief Executive Officer, Mr. Sprecher, owns all the equity interests in CPEX. Pursuant to the agreement, CPEX conveyed all of its assets and liabilities to us. These assets included intellectual property that we used to develop our electronic platform. In return, we issued to CPEX an equity interest in our business and we agreed to give CPEX a put option, by which CPEX could require us to buy its equity interest in our business at the purchase price equal to the greater of our fair market value or \$5 million.

In connection with our initial public offering, in October 2005 we entered an agreement with CPEX and Mr. Sprecher to terminate the put option upon the closing of our initial public offering. In connection with the termination of the put option, we amended certain registration rights previously granted to CPEX, which as of March 20, 2012 owns 1,177,341 shares of our Common Stock. Under this agreement, CPEX is entitled to require us to register for resale into the public market its Common Stock if Mr. Sprecher's employment with us has been terminated. In addition, we may be obligated to pay the expenses of registration of such shares, including underwriters' discounts up to a maximum of \$4.5 million.

SECTION 16(A) OF THE SECURITIES EXCHANGE ACT

BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act and regulations of the SEC require our directors, officers and persons who own more than 10% of a registered class of our equity securities, as well as certain affiliates of such persons, to file initial reports of their ownership of our equity securities and subsequent reports of changes in such ownership with the SEC. Directors, officers and persons owning more than 10% of a registered class of our equity securities are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based solely on our review of the copies of such reports and on information provided by the reporting persons or their respective brokers, we believe that during the fiscal year ended December 31, 2011, our directors, officers and owners of more than 10% of a registered class of our equity securities complied with all applicable filing requirements.
